### POLICY QUESTION

Not applicable

### BACKGROUND

The McLoughlin Area Plan (MAP) Committee, a group of citizens representing the unincorporated portion of the County between Milwaukie and Gladstone, has been working with the community for nearly three years to develop a plan that describes a long-term vision for this area. The committee completed their first phase of work in May 2010, which identified the vision, values and guiding principles that were used as a guide to identify future improvements to the area.

The second phase of work began soon after and is now complete. The final McLoughlin Area Plan is a result of significant community input over the last 12 months and identifies 22 specific near-term projects and programs. If implemented, the projects and programs will assist the community in realizing its vision. Potential funding mechanisms for the near-term projects are also identified in the Plan.

The presenters will discuss the process used to develop the Plan and describe various elements included in the Plan.

### QUESTION(S) PRESENTED FOR CONSIDERATION

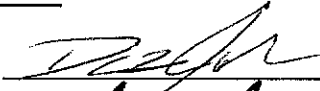

Does the Board accept the McLoughlin Area Plan as presented?

### RECOMMENDATIONS

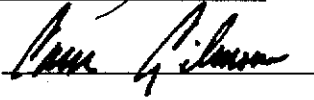

Staff respectfully recommends the Board accept the McLoughlin Area Plan and recognize MAP Committee members for their excellent work and commitment at a future Board Business Meeting.
