Procurement and Technical Specification Questions: Patricia Bride, Procurement & Contract Analyst Sr., 503-742-5447, [pbride@clackamas.us](mailto:pbride@clackamas.us)

The Board of County Commissioners reserves the right to reject any and all Proposals not in compliance with all prescribed public bidding procedures and requirements, and may reject for good cause any and all Proposals upon the finding that it is in the public interest to do so and to waive any and all informalities in the public interest. In the award of the contract, the Board of County Commissioners will consider the element of time, will accept the Proposal or Proposals which in their estimation will best serve the interests of Clackamas County and will reserve the right to award the contract to the contractor whose Proposal shall be best for the public good.

## **SECTION 2 INSTRUCTIONS TO PROPOSERS**

Clackamas County Department of Public and Government Affairs (“County”) reserves the right to reject any and all Proposals received as a result of this RFP. County Local Contract Review Board Rules (“LCRB”) govern the procurement process for the County.

**2.1 Modification or Withdrawal of Proposal:** Any Proposal may be modified or withdrawn at any time prior to the Closing deadline, provided that a written request is received by the County Procurement Division Director, prior to the Closing. The withdrawal of a Proposal will not prejudice the right of a Proposer to submit a new Proposal.

**2.2 Requests for Clarification and Requests for Change:** Proposers may submit questions regarding the specifications of the RFP. Questions must be received in writing on or before 5:00 p.m. (Pacific Time), on the date indicated in the Schedule, at the Procurement Division address as listed in Section 1 of this RFP. Requests for changes must include the reason for the change and any proposed changes to the requirements. The purpose of this requirement is to permit County to correct, prior to the opening of Proposals, RFP terms or technical requirements that may be unlawful, improvident or which unjustifiably restrict competition. County will consider all requested changes and, if appropriate, amend the RFP. County will provide reasonable notice of its decision to all Proposers that have provided an address to the Procurement Division for this procurement. No oral or written instructions or information concerning this RFP from County managers, employees or agents to prospective Proposers shall bind County unless included in an Addendum to the RFP.

**2.3 Protests of the RFP/Specifications:** Protests must be in accordance with LCRB C-047-0730. Protests of Specifications must be received in writing on or before 5:00 p.m. (Pacific Time), on the date indicated in the Schedule, or within three (3) business days of issuance of any addendum, at the Procurement Division address listed in Section 1 of this RFP. Protests may NOT be faxed. Protests of the RFP specifications must include the reason for the protest and any proposed changes to the requirements.

**2.4 Addenda:** If any part of this RFP is changed, an addendum will be provided to Proposers that have provided an address to the Procurement Division for this procurement. It shall be Proposers responsibility to regularly check the Bids and Contract Information page at <http://www.clackamas.us/bids/> for any published Addenda or response to clarifying questions.

**2.5 Submission of Proposals:** All Proposals must be submitted in a sealed envelope bearing on the outside, the name and address of the Proposer, the project title, and Closing date/time. Proposals must be submitted in accordance with Section 5.

All Proposals shall be legibly written in ink or typed, and comply in all regards with the requirements of this RFP. Proposals that include orders or qualifications may be rejected as irregular. All Proposals shall be signed in ink in the blank spaces provided herein (Section 5). If a Proposal is submitted by a firm or partnership, the name and address of the firm or partnership shall be shown, together with the names and addresses of the members. If the Proposal is submitted by a corporation, it shall be signed in the name of such corporation by an official who is authorized to bind the contractor. The Proposals will be considered by the County to be submitted in confidence and are not subject to public disclosure until the notice of intent to award has been issued.

No late Proposals will be accepted. Proposals submitted after the Closing will be considered late and will be returned unopened. Proposals may NOT be submitted by telephone or fax.

**2.6 Post-Selection Review and Protest of Award:** County will name the apparent successful Proposer in a “Notice of Intent to Award” letter. Identification of the apparent successful Proposer is procedural only and creates no right of the named Proposer to award of the contract. Competing Proposers will be notified in writing of the selection of the apparent successful Proposer(s) and shall be given seven (7) calendar days from the date on the “Notice of Intent to Award” letter to review the file at the Procurement Division office and file a written protest of award, pursuant to LCRB C-047-0740. Any award protest must be in writing and must be delivered by hand-delivery or mail to the address for the Procurement Division as listed in Section 1 of this RFP.

Only actual Proposers may protest if they believe they have been adversely affected because the Proposer would be eligible to be awarded the contract in the event the protest is successful. The basis of the written protest must be in accordance with ORS 279B.410 and shall specify the grounds upon which the protest is based. In order to be an adversely affected Proposer with a right to submit a written protest, a Proposer must be next in line for award, i.e. the protester must claim that all higher rated Proposers are ineligible for award because they are non-responsive or non-responsible.

County will consider any protests received and:

- a. reject all protests and proceed with final evaluation of, and any allowed contract language negotiation with, the apparent successful Proposer and, pending the satisfactory outcome of this final evaluation and negotiation, enter into a contract with the named Proposer; OR
- b. sustain a meritorious protest(s) and reject the apparent successful Proposer as nonresponsive, if such Proposer is unable to demonstrate that its Proposal complied with all material requirements of the solicitation and Oregon public procurement law; thereafter, County may name a new apparent successful Proposer; OR
- c. reject all Proposals and cancel the procurement.

**2.7 Acceptance of Contractual Requirements:** Failure of the selected Proposer to execute a contract and deliver required insurance certificates within ten (10) calendar days after notification of an award may result in cancellation of the award. This time period may be extended at the option of County.

**2.8 Public Records:** Proposals are deemed confidential until the “Notice of Intent to Award” letter is issued. This RFP and one copy of each original Proposal received in response to it, together with copies of all documents pertaining to the award of a contract, will be kept and made a part of a file or record which will be open to public inspection. If a Proposal contains any information that is considered a **TRADE SECRET** under ORS 192.501(2), **SUCH INFORMATION MUST BE LISTED ON A SEPARATE SHEET CAPABLE OF SEPARATION FROM THE REMAINING PROPOSAL AND MUST BE CLEARLY MARKED WITH THE FOLLOWING LEGEND:**

**“This information constitutes a trade secret under ORS 192.501(2), and shall not be disclosed except in accordance with the Oregon Public Records Law, ORS Chapter 192.”**

The Oregon Public Records Law exempts from disclosure only bona fide trade secrets, and the exemption from disclosure applies only “unless the public interest requires disclosure in the particular instance” ORS 192.500(1). Therefore, non-disclosure of documents, or any portion of a document submitted as part of a Proposal, may depend upon official or judicial determinations made pursuant to the Public Records Law.

**2.9 Investigation of References:** County reserves the right to investigate all references in addition to those supplied references and investigate past performance of any Proposer with respect to its successful performance of similar services, its compliance with specifications and contractual obligations, its completion or delivery of a project on schedule, its lawful payment of subcontractors and workers, and any other factor relevant to this RFP. County may postpone the award or the execution of the contract after the announcement of the apparent successful Proposer in order to complete its investigation.

**2.10 RFP Proposal Preparation Costs and Other Costs:** Proposer costs of developing the Proposal, cost of attendance at an interview (if requested by County), or any other costs are entirely the responsibility of the Proposer, and will not be reimbursed in any manner by County.

**2.11 Clarification and Clarity:** County reserves the right to seek clarification of each Proposal, or to make an award without further discussion of Proposals received. Therefore, it is important that each Proposal be submitted initially in the most complete, clear, and favorable manner possible.

**2.12 Right to Reject Proposals:** County reserves the right to reject any or all Proposals or to withdraw any item from the award, if such rejection or withdrawal would be in the public interest, as determined by County.

**2.13 Cancellation:** County reserves the right to cancel or postpone this RFP at any time or to award no contract.

**2.14 Proposal Terms:** All Proposals, including any price quotations, will be valid and firm through a period of ninety (90) calendar days following the Closing date. County may require an extension of this firm offer period. Proposers will be required to agree to the longer time frame in order to be further considered in the procurement process.

**2.15 Oral Presentations:** At County's sole option, Proposers may be required to give an oral presentation of their Proposals to County, a process which would provide an opportunity for the Proposer to clarify or elaborate on the Proposal but will in no material way change Proposer's original Proposal. If the evaluating committee requests presentations, the Procurement Division will schedule the time and location for said presentation. Any costs of participating in such presentations will be borne solely by Proposer and will not be reimbursed by County. **Note:** Oral presentations are at the discretion of the evaluating committee and may not be conducted; therefore, **written Proposals should be complete.**

**2.16 Usage:** It is the intention of County to utilize the services of the successful Proposer(s) to provide services as outlined in the below Scope of Work.

**2.17 Sample Contract:** Submission of a Proposal in response to this RFP indicates Proposer's willingness to enter into a contract containing substantially the same terms (including insurance requirements) listed in Section 6 – Sample Contract, attached hereto and made a part hereof. No action or response to the sample contract is required under this RFP. Any objections to the sample contract terms should be raised in accordance with Paragraphs 2.2 or 2.3 of the Instructions to Proposers Section of this RFP, pertaining to requests for clarification or change or protest of the RFP/specifications, and as otherwise provided for in this RFP. This RFP and all supplemental information in response to this RFP will be a binding part of the final contract.

**2.18 Review for Responsiveness:** Upon receipt of all Proposals, the Procurement Division or designee will determine the responsiveness of all Proposals before submitting them to the evaluation committee. If a Proposal is incomplete or non-responsive in significant part or in whole, it will be rejected and will not be submitted to the evaluation committee. County reserves the right to determine if an inadvertent error is solely clerical or is a minor informality which may be waived, and then to determine if an error is grounds for disqualifying a Proposal. The Proposer's contact person identified on the Proposal will be notified, identifying the reason(s) the Proposal is non-responsive. One copy of the Proposal will be archived and all others discarded.

**2.19 RFP Incorporated into Contract:** This RFP will become part of the Contract between County and the selected contractor(s). The contractor(s) will be bound to perform according to the terms of this RFP, their Proposal(s), and the terms of the Sample Contract located in Section 6 of the RFP.

**2.20 Communication Blackout Period:** Except as called for in this RFP, Proposers may not communicate with members of the Evaluation Committee about the RFP until the apparent successful Proposer is selected, and all protests, if any, have been resolved.

**2.21 Prohibition on Commissions and Subcontractors:** County will contract directly with persons/entities capable of performing the requirements of this RFP. Contractors must be represented directly. Participation by brokers or commissioned agents will not be allowed during the Proposal process. Contractor shall not use subcontractors to perform the Work unless specifically pre-authorized in writing to do so by the County. Contractor represents that any employees assigned to perform the Work, and any authorized subcontractors performing the Work, are fully qualified to perform the tasks assigned to them, and shall perform the Work in a competent and professional manner. Contractor shall not be permitted to add on any fee or charge for subcontractor Work. Contractor shall provide, if requested, any documents relating to subcontractor's qualifications to perform required Work.

**2.22 Ownership of Proposals:** All Proposals in response to this RFP are the sole property of County, and subject to the provisions of ORS 192.410-192.505 (Public Records Act).

**2.23 Clerical Errors in Awards:** County reserves the right to correct inaccurate awards resulting from its clerical errors.

**2.24 Rejection of Qualified Proposals:** Proposals may be rejected in whole or in part if they attempt to limit or modify any of the terms, conditions, or specifications of the RFP or the Sample Contract.

**2.25 Collusion:** By responding, the Proposer states that the Proposal is not made in connection with any competing Proposer submitting a separate response to the RFP, and is in all aspects fair and without collusion or fraud. Proposer also certifies that no officer, agent, elected official, or employee of County has a pecuniary interest in this Proposal.

**2.26 Evaluation Committee:** Proposals will be evaluated by a screening selected by the Willamette Falls Locks Working Group (WFLWG) consisting of representatives from County and potentially external representatives. County reserves the right to modify the Evaluation Committee make-up in its sole discretion.

**2.27 Commencement of Work:** The contractor shall commence no work until all insurance requirements have been met, the Protest of Awards deadline has passed, any protest have been decided, a contract has been fully executed, and a Notice to Proceed has been issued by County.

**2.28 Best and Final Offer:** County may request best and final offers from those Proposers determined by County to be reasonably viable for contract award. However, County reserves the right to award a contract on the basis of initial Proposal received. Therefore, each Proposal should contain the Proposer's best terms from a price and technical standpoint. Following evaluation of the best and final offers, County may select for final contract negotiations/execution the offers that are most advantageous to County, considering cost and the evaluation criteria in this RFP.

**2.29 Nondiscrimination:** The successful Proposer agrees that, in performing the work called for by this RFP and in securing and supplying materials, contractor will not discriminate against any person on the basis of race, color, religious creed, political ideas, sex, age, marital status, sexual orientation, gender identity, veteran status, physical or mental handicap, national origin or ancestry, or any other class protected by applicable law.

**2.30 Intergovernmental Cooperative Procurement Statement:** Pursuant to ORS 279A and LCRB, other public agencies shall have the ability to purchase the awarded goods and services from the awarded contractor(s) under terms and conditions of the resultant contract. Any such purchases shall be between the contractor and the

participating public agency and shall not impact the contactor's obligation to County. Any estimated purchase volumes listed herein do not include other public agencies and County makes no guarantee as to their participation. Any Proposer, by written notification included with their Proposal, may decline to extend the prices and terms of this solicitation to any and/or all other public agencies. County grants to any and all public serving governmental agencies, authorization to purchase equivalent services or products described herein at the same submitted unit bid price, but only with the consent of the contractor awarded the contract by the County.

## **SECTION 3 SCOPE OF WORK**

### **3.1. INTRODUCTION**

Clackamas County is seeking proposals for a vendor to provide an evaluation of potential economic benefits of repairing and reopening the Willamette Falls Locks (WFL).

**Please direct all Technical/Specifications or Procurement Process Questions to the indicated representative referenced in Section 1, the Notice of Request for Proposals.**

### **3.2 BACKGROUND**

Public and Government Affairs is the department heading Clackamas County's involvement with the Willamette Falls Locks Working Group.

The mission of the Department of Public and Government Affairs is to provide public engagement, intergovernmental and legislative relations, and consultation and communication services to the public, the Board of County Commissioners and all departments, so they can build connections and trust between people and their government.

The intention of the Willamette Falls Locks Economic Potential Report is to parallel the Final Disposition Study performed by the US Army Corps of Engineers ("USACE") which will look at the economic potential of the Locks as it relates to national interests of commercial tonnage shipping. The Willamette Falls Locks Economic Potential Report would focus primarily on state and local interests.

### **3.3 SCOPE OF WORK**

#### **3.3.1. Scope: The WFL Economic Potential Study should, overall, try to answer the questions:**

What is the benefit provided by the Willamette Falls Locks to the State of Oregon and to local communities if the Locks are:

- Fully repaired and reopened;
- Fully repaired and reopened on a partial operation basis.

The Study should seek to define "partial operations" and provide scenarios in which "partial operations" produce net positive benefits to state and local economies. Examples of "partial operations" could include:

- 3-month, 7 days a week, 8 hours per day summer recreation season;
- 6-month, 5 days a week, 12 hours per day recreation and pleasure boat season;
- Regularly scheduled periodic service for freight, such as every other Wednesday for 8 hours;
- Service for freight on an appointment basis.

**3.3.2 Categories of Study:** As it relates to economic potential, the study should address the following categories and agencies, and identify likely economic impact to state and local stakeholders for each considered category.

### **A. *Cultural & Historic Asset***

Historic interests, especially related to historic and cultural tourism proposals developed by the Willamette Falls Heritage Area and a potential National Heritage Area designation (including use of economic benefit studies done for the National Park Service of the National Heritage Area program). Examples of historic and cultural benefits include:

- Promotion of the industrial history of the National Heritage Area, including the Locks as one featured asset;
- Promotion of cruise activities through the Locks to the redeveloped Legacy Project (such as to a hotel and/or brewpubs);
- Promotion of cruise activities to Newberg for winetasting and bicycling around wine country;
- Public access to the Locks Museum;
- Sponsorship of events, such as Lockfest;
- Access to Native American Tribes for traditional cultural activities.

### **B. *Economic and Infrastructure Asset***

Study should assess the potential of Willamette Falls Locks as an economic asset to the Portland-Metro area and the Willamette Valley, including ideas related to evolving economies in former timber counties needing to transport goods to market/port.

The study should assess the potential of the Willamette Falls Locks as a freight transportation corridor. Identify current and potential commodities moving along the I-5 corridor that would benefit from a mode shift from trucks on the highway to barges on the Willamette River. Consider source, destination, and handling costs in the analysis as well as any infrastructure investment required for handling facilities south of the Willamette Falls Locks. Quantify the economic and environmental benefits, if any, due to the mode shift from truck to barge including the reduction of traffic at key highway “bottlenecks” designated by ODOT.

Study should review Wilsonville Concrete River Operations Proposal, which includes transitioning freight movement from the highway to the Willamette River of aggregate from Wilsonville Concrete and CalPortland Concrete in Newberg and paper products from West Linn Paper Company.

Study should review impact of facility to Portland General Electric and West Linn Paper Company.

Study should include value of a repaired and reopened Locks to Marine Industrial Construction based in Wilsonville enabling them to maintain in-water construction capabilities in the upper Willamette River.

Study should consider value to maintenance and inspection needs of the Willamette Queen, and the Canby and Wheatland ferries.

### **C. *Tourism and Recreation Asset***

Study should consider recreational potential of the facility, including use of motorized and non-motorized recreation use of the river.

Study should consider the tourism value of the facility, including potential lockage by The Portland Spirit, the rowing regatta, water trail connections, and other tour operations (potential or existing).

Study should consider other tourism and recreational values with a repaired and reopened locks system.

#### **D.     *Development of Place and Public Access***

Study should review the potential of Willamette Falls Locks as an infrastructure asset to Clackamas County, West Linn, Oregon City, Wilsonville, and Milwaukie, Canby, river cities and counties south of Wilsonville (including Lane, Marion, Washington, and Yamhill Counties, and cities including but not limited to Salem and Eugene).

Study should assess the value of the Locks toward the potential redevelopment of the broader Bolton area above the Locks.

Study should assess the nexus of Willamette Falls Locks to the Willamette Falls Legacy Project and the Willamette Falls Heritage Area.

Study should coordinate with State agencies such as Oregon Department of Transportation, Oregon State Parks, and the Oregon Marine Board to define the nexus of state involvement and propose opportunities for state agencies to engage in use of the facility.

#### **E.     *Parallel Economic Studies***

This study should parallel and compliment economic potential studies being performed by the Willamette Falls Legacy Project and the Willamette Falls Heritage Area Coalition. In addition, it should closely coordinate with the USACE economic study (part of the Final Disposition Study) to ensure consistent economic assumptions (i.e. data sources, discount rates, present value assumptions, wage assumptions, etc.). The study should use to the greatest extent possible past economic studies produced for the Locks and the Legacy Project (including the March 2005 Willamette Falls Locks Economic Impact Analysis and the September 2014 Willamette Locks Economic Potential Report.)

#### **F.     *Consequences Asset***

Study should assess the potential economic loss if the facility were to close indefinitely.

### **3.4.    Expectations for Final Report:**

The goal of the Economic Potential Report is to create a net understanding of the economic value of a functioning Locks system at Willamette Falls to state and local stakeholders. Understanding that predicting actual dollar amount impacts is complex, the project sponsors are looking to the expertise of the consultant(s) to develop appropriate methodologies to quantitatively and qualitatively define benefits. A framework for these methodological recommendations is the “Good, Better, Best” model.

Identified areas of benefit should be categorized based upon availability of methods to qualitatively describe or quantitatively measure the magnitude of impact, as follows:

**Good:** Summary should categorize impacted clusters and define the economic potential of clusters related to the state of Oregon. Summary may not have full dollar descriptions, but it should strive to produce examples of “comparable” economies using examples from other projects of similar scale.

**Better:** A “Better” summary will build on the “Good” summary. At a minimum, it will also provide a “minimum”, “expected”, and “maximum” potential dollar impact as part of its final analysis for economic potential.

**Best:** A “Best” summary will build on the “Good” and “Better” summaries and provide an empirically reliable value assessment, using dollar figures identifying the economic impact of Locks to specific clusters, agencies, and stakeholders.

### **3.5 Work Schedule and Milestones:**

Monthly email detailing updates on the following:

- Summary of work performed for the previous month, including interviews and high level discoveries
- Status of findings within categories of study
- Progress towards reaching a conclusion for the study

Status Meetings:

- Launch meeting: shortly after the award of contract for study to clarify direction and create mutual understanding of goals and expectations.
- Mid-point meeting: early/mid-August 2017 with key Willamette Falls Locks Working Group staff to review work-to-date, evaluate progress, and identify possible gaps.
- Draft Review meeting: following initial Draft report mentioned below. Should occur in early November 2017

#### **Due Dates:**

Initial Draft report due – Due October 16, 2017

Final Draft Review report – Due by November 14, 2017

Final Report – Due by December 01, 2017

### **3.6 Term of Contract:**

The term of the contract shall commence on approximately June 12, 2017 and end on December 1, 2017. The study will be finalized by **December 1, 2017** and submitted to Clackamas County on behalf of Willamette Falls Locks Working Group or the State Commission on Willamette Falls Locks.

### **3.7 Other Details of the Request for Proposal:**

#### ***Anticipated Cost of Contract:***

This Willamette Falls Locks Economic Potential Study shall have a maximum budget of Ninety Thousand Dollars (\$90,000). By providing the maximum budget amount, it is not intended that Proposers propose at the budgeted amount, but instead, provide a professional and competitive proposal.

## **SECTION 4 EVALUATION PROCEDURE**

**4.1** An evaluation committee will review all Proposals that are initial deemed responsive and they shall rank the Proposals in accordance with the below criteria. The evaluation committee may recommend an award based solely on the written responses or may request Proposal interviews/presentations. Interviews/presentations, if deemed beneficial by the evaluation committee, will consist of the highest scoring Proposers. The invited Proposers will be notified of the time, place, and format of the interview/presentation. Based on the interview/presentation, the evaluation committee may revise their scoring.

Written Proposals must be complete and no additions, deletions, or substitutions will be permitted during the interview/presentation (if any). The evaluation committee will recommend award of a contract to the final County decision maker based on the highest scoring Proposal. The County decision maker reserves the right to accept the recommendation, award to a different Proposer, or reject all Proposals and cancel the RFP.

Proposers are not permitted to directly communicate with any member of the evaluation committee during the evaluation process. All communication will be facilitated through the Procurement representative.

### **4.2 Evaluation Criteria**

<u>Category</u>	<u>Points available:</u>
Proposer's General Background and Qualifications	0-40
Scope of Work	0-40
Fees	0-20
<b>Available points</b>	<b>0- 100</b>

**4.3** Once a selection has been made, the County will enter into contract negotiations. During negotiation, the County may require any additional information it deems necessary to clarify the approach and understanding of the requested services. Any changes agreed upon during contract negotiations will become part of the final contract. The negotiations will identify a level of work and associated fee that best represents the efforts required. If the County is unable to come to terms with the highest scoring Proposer, discussions shall be terminated and negotiations will begin with the next highest scoring Proposer. If the resulting contract contemplates multiple phases and the County deems it is in its interest to not authorize any particular phase, it reserves the right to return to this solicitation and commence negotiations with the next highest ranked Proposer to complete the remaining phases.

**21. REMEDIES.** (A) In the event of termination pursuant to Article II Section 20(A), (B)(i), or (D), Contractor's sole remedy shall be a claim for the sum designated for accomplishing the Work multiplied by the percentage of Work completed and accepted by the County, less previous amounts paid and any claim(s) which the County has against Contractor.
