REQUEST FOR QUOTES #2018-98  
Hebb Park RV Site Prep  
RESPONSE TO CLARIFYING QUESTIONS #4  
October 30, 2018

Note that these are questions submitted by interested firms to the above referenced solicitation. The below answers are for clarification purposes only and in no way alter or amend the RFQ as published.

- 1. In response to Clarifying Questions #3, question 2 “Is there currently any plumbing into the outbuildings?” issued on October 23, 2018, it was further discovered that the outbuilding/shed currently has no water service, and the sewer line from the house is plumbed to a septic tank that is partially under the shed, but is not actually connected to the shed itself, so technically there is not currently any plumbing to the outbuilding. The scope of work does call for plumbing to be added. There is currently electrical service (including a sub-panel) to the outbuilding.*
