BACKGROUND:

Oregon is earthquake country and Clackamas County knows this first hand. In March 1993, the "Spring Break" quake roused many residents from sleep, damaging numerous homes and business, including severely damaging Molalla High School. State-wide, increasing attention is being given to the Cascadia Subduction Zone off of the Oregon coast and the potential for a magnitude 9.0 great earthquake.

Clackamas County requires all employees to participate in this annual earthquake drill to practice drop, cover and hold on. Some County facilities will also practice evacuating after the drill. Residents and businesses are encouraged to take part in practicing this personal protective measure to make taking immediate action more intuitive, since earthquakes strike with no warning. We encourage residents and businesses to take time afterwards and conduct a safety inspection to identify and mitigate potential falling hazards at home or work.

RECOMMENDATION:

Presentation only, recommendation is for all County employees to participate in the October 18th Shake Out drill.

Respectfully submitted,

Nancy Bush, Director
Department of Emergency Management
