Subject: FW: SHS Local Implementation Plan Steering Committee

Good afternoon, HACC Board,
Please see the information below from Jill Smith regarding the Supportive Housing Services Local Implementation Plan Steering Committee.

The appointment of a HACC Board designee to this committee will be discussed at Issues next Tuesday. The Issues session begins at 10 a.m.

Ms. Leenstra, if you plan to attend, the link to join the meeting is below.

Subject: SHS Local Implementation Plan Steering Committee

Hi Drenda,

Will you please share this e-mail with the Housing Authority Board.

As we've discussed, the SHS Measure requires that we create a local committee to assist staff in preparing the Local Implementation Plan that will guide Clackamas County funding priorities. Due to our limited time frame, staff made the decision to recruit and form a short-term Housing Authority steering committee with the sole purpose of preparing the

plan to ensure we are eligible to receive funding and implement programs effective July 2021. Goals for the membership of this steering committee include a ratio of 50% people of color, and the rest people with lived experience of homelessness and/or extreme poverty.

This committee will also include a member of the Housing Authority Board, or their representative, as a non-voting member to ensure the Board is aware of and deeply engaged in this planning effort. The steering committee will meet through February at the latest and be dissolved when this task is complete. We do intend to create a longer term advisory body that will go through the regular recruitment and board approval process to provide housing and housing service funding oversight following the completion of the plan.

HACC has contracted with the Corporation for Supportive Housing, (CSH) to assist with the technical writing of the plan and facilitation of the steering committee. Meetings will be focused on the requirements of the Implementation Plan including gaps analysis and community engagement findings and we hope to have a DRAFT plan to present to the Housing Authority Board for approval by February 2021.

We are working to identify committee members and get these meetings calendared right away; **please confirm which Housing Authority Board member, and/or their designee would like to be engaged in this planning work to ensure we align meetings with busy calendars.**

I truly appreciate your support as we enter into this critical planning and community engagement process. I will be providing an update to the Board on the Measure November 3rd but am happy to address your questions or concerns at any time.

Sincerely,

Jill

Jill C. Smith
