Background:

The mission of the Clackamas County Juvenile Department is to provide prevention, intervention and juvenile justice services to youth and families so they can experience positive change, repair harm to victims, and become contributing members of our community.

CCJD supports a system of early intervention and intervention that addresses a youth's risk factors and supports success for that youth by identifying and building upon their

strengths, competencies, and natural supports to prevent further system involvement. Youth will be assisted in creating greater connections within their community. Youth are to be served in the most developmentally appropriate, least restrictive, and most cost-effective level of intervention. Key strategies used are validated risk assessment screening tools, accurate service matching, and restorative justice practices.

The overall goal of Emergency Shelter Care is to divert youth from detention beds when they can be safely placed in this temporary residential setting while safety planning and communication transpires with family members and providers.

County Counsel has reviewed this contract.

Procurement Process:

This project was advertised in accordance with ORS and LCRB Rules on May 19, 2020. Proposals were opened on June 17, 2020. Recommendation:

Staff respectfully recommends that the Board approve and execute the contract with Boys and Girls Aid Society of Oregon, for the Emergency Shelter Care Services Project.

Sincerely,
