RE: Petition ID 3-2020-1

Dear Ms. Sagdal:

Pursuant to ORS 250.168 and following a thorough review of the Prospective Petition (SEL 370) and text of the prospective initiative that was submitted on February 24, 2020, our office has determined the initiative measure does not comply with constitutional requirements.

The proposed initiative petition does not comply with the requirement of Article VI, Section 10 and ORS 203.035, which limit enactments of the County to matters of "county concern."

The proposed initiative petition does comply with the requirements of Article IV, Section 1, Clause (2)(d) which requires that an initiative embrace only a single subject and matters properly connected therewith.

The proposed initiative petition does not comply with the requirement that the full text of the statute or ordinance being proposed be included. ORS 203.045(2)(b) requires a particular enacting clause that is absent from the language proposed.

The matter concerning which the petitioner seeks to legislate is administrative in nature and not legislative and therefore does not comply with constitutional requirements.

ORS 250.168 provides that any elector that is dissatisfied with a determination of compliance with constitutional requirements may petition the circuit court of the judicial district seeking to overturn the determination of the Clerk. The petition must be filed not later than the 7th business day after this determination.

Don't hesitate to contact our office if you have any questions or concerns.

Sincerely,

Signature Redacted
