Budget Message for FY 21-22

North Clackamas Parks and Recreation District Board of Directors, Budget Committee Members and Residents,

I am pleased to present the North Clackamas Parks and Recreation District (NCPRD) Proposed Budget in the amount of \$38,352,943 for fiscal year (FY) 21-22, from July 1, 2021 through June 30, 2022. This budget represents the District's comprehensive financial plan for achieving the organization's mission to enrich community vitality and promote healthy living through parks and recreation.

For the FY 21-22 budget, the District embraced a new outcomes-based budgeting process. The goals of outcomes-based budgeting include:

- Better align resources with results
- Reward innovative thinking to improve outcomes for NCPRD residents
- Identify new opportunities to improve program performance
- Make the budget process more inclusive of county employees and community members
- Better communicate with the public about how the NCPRD budget connects to measurable results they care about

Outcomes-based budgeting helps decision-makers prioritize the use of limited resources to achieve goals. It spotlights opportunities to improve by better aligning them with priority areas, addresses performance problems, evaluates their impact more vigorously, finds new partnerships or funding sources, and drives efficiency.

The FY 21-22 NCPRD Budget reflects the Performance Clackamas/Managing for Results process model, presenting five distinct programs:

- NCPRD Administration, which includes the Office of the Director and Marketing
- Recreation, which includes the Recreation, Aquatic Park, Milwaukie Center, and Sports divisions
- Older Adult Services, which includes the Milwaukie Center Older Adult and Social Services, Nutrition, and Transportation programs
- Parks, Trails, and Natural Areas, which includes the Park and Facility Maintenance and Natural Resources
- Asset Development, which includes the Planning department, System Development Charges,
 Capital Improvement Projects, and Capital Repair and Replacement

District Profile

Voters approved the formation of the District in 1990, addressing the need for greater parks and recreation services in the urbanized northern portion of the county. Now the second largest parks district in Oregon by population, the District serves more than 100,000 residents in a large area encompassing the City of Milwaukie as well as the unincorporated areas of Jennings Lodge, Oak Grove, Sunnyside and more.

NCPRD is a service district of Clackamas County and is a division of the Business and Community Services Department. As of July 1, 2021, NCPRD will become a stand-alone County department, reporting directly to the District Administrator/County Administrator. As a county service district, the five-member Board of County Commissioners serves as the NCPRD Board of Directors. As a service district with taxing authority, NCPRD levies a permanent rate of \$0.5382 per \$1,000 of assessed value. This rate is projected to generate approximately \$6.35 million in the coming fiscal year.

All District personnel are contracted through Clackamas County, and expenditures to pay personnel costs are budgeted in the Materials and Services category. NCPRD contracts with the county for 35.59 full-time equivalent (FTE) regular status employees, and employs hundreds of seasonal and temporary positions annually. FTE are recognized in the Clackamas County Budget; FTE counts in the NCPRD budget are provided for informational purposes.

NCPRD protects, maintains and promotes 32 parks, 9.5 miles of trails, including the 6-mile Trolley Trail, North Clackamas Aquatic Park, Hood View Park, Milwaukie Center, and acres of natural areas.

NCPRD also offers a wide range of recreational opportunities for residents of all ages. Programs and activities range from swimming lessons to sports leagues, health and fitness, and educational and cultural offerings. The District serves all populations, including older adults and those with disabilities, offering vital social and health services, including nutrition support and transportation services to home bound individuals.

The District sponsors several community events annually at no cost to participants such as Movies in the Park, RecMobile, seasonal celebrations, and more. In addition, NCPRD sponsors special events including park groundbreakings and grand openings, and public open houses for gathering community input on new capital projects.

Performance Clackamas

NCPRD developed goals using a strategic plan and process model known as Managing for Results (MFR) through Clackamas County's Performance Clackamas initiative. MFR is a comprehensive and integrated management system focused on achieving results for the customer. This process helps identify clear outcome measures and quantifiable performance targets, while ensuring a deliberate and transparent budget plan.

There are five basic components of NCPRD Performance Clackamas/MFR:

- 1. Identify the priorities for NCPRD residents
- 2. Develop an overall plan for addressing those priorities
- 3. Develop policies, programs, activities and services that align to those priority areas
- 4. Organize and implement budgeting, accounting and management systems to support the strategies, goals and objectives specified in the plan
- 5. Develop and track costs and performance data to allow NCPRD and its residents to gauge the progress toward reaching its goals and objectives

This process aligns well with the implementation of NCPRD's Cost Recovery Program, where every program and service is assigned a cost-recovery goal based on defined measures, such as level of community benefit.

Cost Recovery Plan

The District sets program and service fees according to the Cost Recovery Plan. This model is based on the degree to which the operational and maintenance costs of service provision are financially supported by user fees and/or other applicable funding mechanisms. (See Figure 1)

Within the plan, programs and services are grouped based on the users who benefit. For instance, a free Movies in the Park event is categorized as a *Mostly Community Benefit*, whereas a private swimming lesson leads to a *Mostly Individual Benefit*. These categorizations help staff set target cost recovery goals for each program.

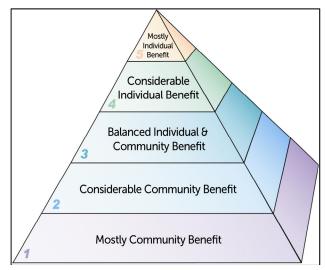

Figure 1. Cost Recovery Pyramid with Tier Labels

Costs for programs and services with greater community benefit are not recovered by user fees or alternative funding. They are offered to participants for free or at subsidized rates. In contrast, programs with greater individual benefit have higher cost recovery targets. These programs typically have higher participation fees that help offset the cost of providing the free and subsidized services with greater community benefit.

Fiscal Planning

The budget for FY 21-22 represents the District's financial plan to achieve the following goals and priorities:

- Ensure the long-term financial stability of the District
- Ensure District resources are aligned with current community needs and expectations for parks and recreation programs, services and facilities
- Provide exceptional recreation, fitness, education and older adult programs to District residents
 that are appropriately priced through the cost recovery methodology, reach the greatest number
 of residents utilizing resources available and align with the needs and desires of the District's
 population
- Execute the District's Adopted Capital Improvement Plan, adding needed facilities that can be sustainably operated and maintained
- Operate and maintain existing District parks and facilities in a cost-effective and efficient manner, focusing on projects that will maintain the safety, security and longevity of all District assets
- Maintain Performance Clackamas and the Cost Recovery Plan to inform management and enable better decision making

Funding

The District faces ongoing financial challenges in the areas of both operations and capital maintenance (repair and replacement). Ongoing expenditures for personnel, health care and other operating expenditures continue to outpace annual revenue increases. In FY 19-20, NCPRD paid off its remaining debt, allowing the District to be debt-free for the first time in its history. This will save \$500,000 annually in debt service, paid from the NCPRD General Fund. In addition, NCPRD is not budgeting a transfer from the General Fund to the capital repair and replacement funds in FY 21-22.

NCPRD's tax base of \$0.5382 per \$1,000 of assessed value continues to be among the lowest rates for comparable districts in the state, which makes it challenging to meet the expectations and service needs of District residents. For example, Tualatin Hills Parks & Recreation District has a rate of \$1.31 per \$1,000 of assessed value, Bend Parks & Recreation District is at \$1.46 and Willamalane Parks & Recreation in Springfield is at \$2.01. (See Figure 2)

Furthermore, while the Master Plan calls for two \$25 million general obligation bonds, or a total of \$50 million to fund capital expenditures, the District has never presented a ballot measure for any such bonds to District voters. This lack of a dedicated source of capital funding is unusual for a parks district, and has led NCPRD to budget both operational and capital expenditures from the permanent tax base revenue, typically reserved for operational purposes. Nearly one million dollars has been transferred annually from the NCPRD General Fund to the Capital Repair and Replacement Fund. As noted previously, we have not budgeted for this transfer in FY 21-22, and we will continue to have a more focused approach to capital repair and replacement spending; concentrating on projects that will maintain the safety, security, and longevity of all District facilities.

Significant Issues

The COVID-19 pandemic continues to have an effect on NCPRD programming and facilities. In March 2020, in accordance with Governor Kate Brown, the Oregon Health Authority and Clackamas County's orders and advisement, and in an effort to help slow the spread of COVID-19 and protect the health of patrons, visitors, staff and all persons, NCRPD closed all facilities and canceled all programs. Throughout the months that followed, NCPRD was able to offer limited in-person and virtual programming with expanded safety protocols and sanitization. NCPRD staff will continue to monitor the situation and, following OHA and County guidelines, offer expanded programming. The closure of facilities and cancelation of programming had a significant impact on NCPRD's FY 20-21 revenues; however, staff was able to find ways to reduce expenditures, including reducing part-time personnel, to mitigate the loss of revenue.

General Budget Guidelines – Operating Funds

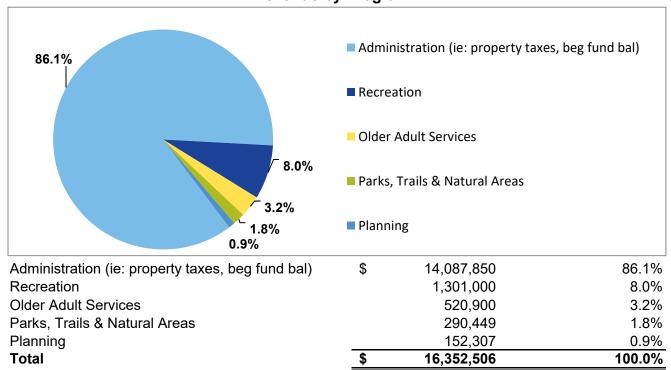

- The District shall maintain an *emergency contingency* funded at a minimum of 5 percent of general fund operating expenditures. This contingency is for unexpected expenditures that staff could not have known about at the time the budget was prepared.
- The District shall maintain an operating fund balance funded at a minimum of 10 percent of
 operating expenditures or the minimum cash flow necessary to cover operating expenditures
 in amounts sufficient to bridge months in each year during which inflows of revenues and
 outflows of expenditures fluctuate, whichever is greater. This will help maintain the minimum
 cash flow necessary to ensure the District will not need to issue Tax Anticipation Notes (shortterm borrowing).
- The District shall recognize that the beginning fund balance is a one-time, non-recurring resource. To the extent feasible, one-time resources will be applied toward one-time expenditures. This application will ensure a balance between current, recurring revenues and expenditures. It also should help to ensure a stable ending fund balance.
- The District shall, to the extent feasible, balance current (recurring) revenues and current (recurring) expenditures. Fund balance shall not be used to pay for ongoing revenues and expenditures.
- The District shall maintain a policy of aggressively collecting accounts receivable whereby after District staff has exhausted all in-house collection alternatives, accounts are assigned to a private collection agency.
- The District's general fund shall not pick up any expenditure that can be attributed or charged to another fund. This is achieved through an administrative allocation to the various funds. This policy will help to maintain the long-term stability of the general fund.
- The District shall maintain its infrastructure at a level adequate to protect the District's capital
 investment and to minimize future maintenance and replacement costs. It shall be the goal of
 the District not to defer maintenance of infrastructure.
- The District shall continue to transfer sufficient funds to the Capital Asset Replacement Fund to meet short-term capital asset needs while saving for future repair and replacement of assets.
- The District shall proactively increase revenues and decrease expenses where possible through lean processes allowing for increased efficiency and more cost-effective operations.

North Clackamas Parks & Recreation District NCPRD Administration

Purpose Statement

The purpose of the NCPRD Administration program is to provide leadership, community engagement, strategic planning, financial and operational support services to the Board of Directors and District staff so they can make informed decisions and effectively provide services to District residents.

Performance Narrative

The key performance measures for the NCPRD Administration program focus on marketing and fiscal responsibility. All NCPRD social media pages, including the Aquatic Park, Milwaukie Center, and Sports pages increased a cumulative during the first three quarters of FY 20-21. The slow growth is the result of the lack of programs and services being offered due to the effects of the COVID-19 pandemic. The Finance Office, a resource within the Office of the Director, completed budget to actual reports within four weeks of the end of the quarter.

Key Performance Measures						
		FY 18-19 Actual	FY 19-20 Actual	FY 20-21 Target	Actual as of (3/30/21)	FY 21-22 Target
Result	10% increase in NCPRD social media followers	9% growth	7%	10% growth	2.2%	10% growth
Result	% budget to actual reports published within 4 weeks after the end of the quarter	New	100%	100%	100%	100%
Result	Percentage of budget documents prepared in accordance with Oregon Budget Law	100%	100%	N/A	N/A	N/A

Leveraging social media is a key part of NCPRD's outreach strategy. Having a presence on social media helps to humanize the NCPRD brand and provides an open line of communication with residents and partners, resulting in increased transparency and engagement. Additionally, social media is an important tool for increasing awareness around NCPRD programs, activities, and events; driving more website traffic and registrations.

By comparing the quarterly information to the previous year's information for the same quarter, quarterly reports give the Board of Directors, District staff, and District residents insight to the District's performance and growth.

Oregon Budget Law (ORS 294.338) states that a municipal corporation may not expend money or certify to the assessor an ad valorem tax rate or estimated amount of ad valorem taxes to be imposed in any year unless the municipal corporation has complied with ORS 294.305 to ORS 294.565. As a government agency, NCPRD is required to follow Oregon budget law and has prepared their budget documents in accordance with Oregon Budget Law since their inception. This measure was removed in FY 19-20.

Explain all "Yes" boxes below

For help with shared services, see AOC Shared State-County Services page on intranet If grant funding, include length of grant and any match requirement (w/funding source)

Explanation:

NCPRD is a **state-mandated service** with a dedicated tax base funding for specific District costs. In 1990, District voters approved a Parks & Recreation District for North Clackamas County with a permanent rate of .5382 per thousand of assessed value. All funds are accounted for specifically in NCPRD. NCPRD receives no general fund support. NCPRD is listed on the Association of Counties' list as a **shared state-county service**.

Significant Issues and Changes

For FY 21-22, we have not budgeted a transfer to the Capital Repair and Replacement fund and no transfer is needed for debt, as we paid the debt in full in FY 19-20. We will continue to monitor the ongoing effects of the withdrawal of the City of Happy Valley and the COVID-19 pandemic on revenues and expenses.

Recreation

Purpose Statement

The purpose of the Recreation program is to provide aquatics, sports, programming, and enrichment services to NCPRD residents and visitors so they can pursue a healthy lifestyle and build community through play, socialization, learning, health and fitness activities.

Performance Narrative

The NCPRD Recreation Program offers hundreds of community education classes for both youth and adults throughout the year. Programs like art, drama, dance, exercise and fitness, outdoor adventures, camps and sports are offered to district residents of all ages. Classes are available online and at various locations throughout the District. The Recreation Program increases program offerings in response to the needs of District residents and evaluates the satisfaction of the current offering with participants.

Key Performance Measures

		FY 18-19 Actual	FY 19-20 Actual	FY 20-21 Target	Actual as of (3/30/21)	FY 21-22 Target

Result	80% of surveyed respondents will report that they are satisfied or better with the program offering in which they participated		93%	80%	95%	80%

Due to the COVID-19 pandemic, facilities were closed and most in-person programs were cancelled during FY 20-21. This resulted in a reduction of 86% total program offerings during the first three quarters of FY 20-21.

Despite the limited offerings due to the COVID-19 pandemic, 95% of the participants who responded to surveys during the first three quarters of FY 20-21 rated the NCPRD programs as "satisfactory" or better. The Recreation Program reviews these results to determine the most popular courses and develops additional classes to meet the needs of the community.

Significant Issues and Changes

The Recreation Program relies heavily on part-time, temporary employees for Sports, Aquatics, and Recreational programming. As such, expenditures have increased due to the increase in minimum wage and the Affordable Care Act. Revenue decreased significantly in FY 20-21 due to the COVID-19 pandemic, but we continue to offer virtual and limited in-person programming. We will continue to increase our program offerings as the level of risk from COVID-19 decreases.

Older Adult Services

Purpose Statement

The purpose of the Older Adult Services program is to provide social engagement and essential life services to older adults and those with disabilities so they can stay healthy, connected, and active in their community.

Performance Narrative

The NCPRD Older Adult Services Program offers many different opportunities for volunteering. Opportunities include data entry, tax preparation, fundraising, respite program aides, arts and crafts, and delivery drivers. The Milwaukie Center is a popular choice for volunteering, and often has more volunteer applications than can be placed. The Nutrition Program is a provider of Meals on Wheels, a fresh, well-balanced meal delivered by volunteers to home-bound older adults and their caregivers, to improve nutrition for folks who cannot shop or cook for themselves.

Key Performance Measures					ce Measures	
		FY 18-19 Actual	FY 19-20 Actual	FY 20-21 Target	Actual as of (3/30/21)	FY 21-22 Target

Result	Percentage of Meals on Wheels clients served	100%	100%	N/A	N/A	N/A

Due to the COVID-19 pandemic, there were limited options for volunteers. Despite this, during the first half of FY 20-21, the NCPRD Older Adult Services Program had 7 volunteer applications. Of those applications, 6 volunteers were placed in positions. Applicants must complete an application and emergency contact form, and must also pass a criminal background check. Each year, the volunteer program is so popular at the Center, there are often more applicants than positions to fill.

The Nutrition Program has a goal of being self-sufficient and covering its total operating budget without utilizing general tax funding. Currently we receive federal reimbursements and rely on fundraising events including March for Meals, client donations, and gifts from the community at large in addition to support from the NCPRD general fund. We take pride in providing a healthy meal to anyone within the District that requests Meals on Wheels.

Each year, the Nutrition Program receives hundreds of requests from District residents for Meals on Wheels services. This measure was removed in FY 19-20.

Significant Issues and Changes

Older Adult Services receives funding from the State of Oregon Medicaid program, Clackamas County grants, and community donations. The opportunity for program expansion continues as the demand for Meals on Wheels, educational, and social services needs increase for older adults within the District. Parks, Trails & Natural Areas

Purpose Statement

The purpose of the Parks, Trails and Natural Areas program is to provide management, maintenance, and ongoing stewardship services to NCPRD residents and visitors so they can access safe, clean, and well-maintained Parks, Trails, and Natural Areas both now and into the future.

Performance Narrative

During the first three quarters of FY 20-21, the Parks Maintenance department completed over half of the three capital repair and replace projects scheduled, including replacement of the dog run fencing and replacement of the foul ball safety netting at North Clackamas Park. In addition, during the first three quarters of FY 20-21, the department completed 93% of the work orders within 7 days of receipt.

The NCPRD capital repair and replacement program ensures that District assets are repaired and replaced in a systematic and cost-effective manner. The performance and continued use of these capital assets is essential to the health, safety, and quality of life for the citizens of North Clackamas Parks and Recreation District and surrounding communities. The District inventories all assets and annually budgets dollars in a repair and replacement reserve to fund identified assets in need of repair and replacement. We have not budgeted for a transfer from the NCPRD General Fund for Capital Repair and Replacement for the past two years. We have a more focused approach to capital repair and replacement spending, concentrating on projects that will maintain the safety, security, and longevity of District facilities. This approach to funding capital asset repair and replacement is not a sustainable model and will need to be addressed in the future.

A number of capital asset projects were scheduled to be repaired or replaced in FY 20-21, including replacement of the dog run fencing at North Clackamas Park, replacement of the foul ball safety netting at North Clackamas Park, and replacement of the fire alarm panel at the Aquatic Park.

As of the writing of this report, 52% of the capital repair and replace projects have been completed for FY 20-21, as follows:

Dog Run fencing replacement 100%

Foul ball safety netting replacement 56%

Fire Alarm panel replacement 0%

Explanation:

NCPRD is a **state-mandated service** with a dedicated tax base funding for specific District costs. In 1990, District voters approved a Parks & Recreation District for North Clackamas County with a permanent rate of .5382 per thousand of assessed value. All funds are accounted for specifically in NCPRD. NCPRD receives no general fund support. NCPRD is listed on the Association of Counties' list as a **shared state-county service**. NCPRD Parks, Trails, and Natural Areas has budgeted \$119,900 for local **grant funding** for planting and maintenance at several natural areas within the District

Significant Issues and Changes

In addition to the ongoing maintenance for the District's parks and trails, NCPRD has scheduled projects at the Aquatic Park, as well as various other parks and natural areas during FY 21-22. State and local grants help subsidize the revenue for parks and trails maintenance. The utilities and building maintenance for all facilities is budgeted within the Parks, Trails, and Natural Areas program and is reflected in the increased materials & services expenditures for FY 21-22.

Asset Development

Purpose Statement

The purpose of the NCPRD Asset Development program is to provide planning, acquisition and development services to NCPRD residents so they can experience additional parks, facilities, trails and natural areas that meet identified needs.

Performance Narrative

The NCPRD Asset Development Program coordinates acquisition of park land and organizes development of parks, trails, and recreation facilities within the district. This includes conceptual planning, submitting land-use applications, applying for and managing grants, and supervising capital project construction. NCPRD partners in many regional park projects and is committed to engaging residents in the planning and development process. The Master Plan guides long-term planning efforts. The Clackamas County Board of Commissioners approved the NCPRD Parks and Recreation Master Plan in 2004.

Capital projects have multiple phases, including planning, acquisition, design, and construction, and may take several years to complete. In FY 21-22, we will continue to measure the completion percentage of each phase of the planned capital improvement projects.

In FY 20-21, nine capital improvement projects were planned, totaling over \$2.3 million dollars. These projects are funded by System Development Charges, grants, and the NCPRD General Fund. Included in these budgeted projects are design and construction documents for Milwaukie Bay Park and Concord Property design and engineering plans. At the writing of this report, both Milwaukie Bay Park and the Concord Property are 100% completed for the planning phase.

PURPOSE AND JUSTIFICATION

The goal of this project is to determine goals and objectives of District residents and provide a roadmap for the future. The work includes completion of both a Master Plan and Capital Improvement Plan (CIP). These documents will focus on current financial circumstances of the District and will align goals, projects and recommendations with financial projections, taking into account new SDC rates currently being developed. The project will also create a prioritized CIP projects list. The budget for this project includes a statistically valid survey, public outreach and publication costs. This work will be completed in coordination with a Trails Master Plan and an updated SDC Methodology.

IMPACT ON OPERATING BUDGET

This project further identifies funding and priorities for capital projects for the District over the next ten to fifteen years. This will impact the Capital Assets Replacement/Repair Fund and Capital Projects Fund.

NON-FINANCIAL IMPACT

Project provides for planning for future capital projects.

NCPRD Project No.: 82429 Scheduled Completion: 2022

NCPRD Trails Master Plan

PURPOSE AND JUSTIFICATION

The NCPRD 2004 District Master Plan identifies trails as a significant recreational asset that NCPRD will be developing and managing for our citizens. The Oregon Statewide Comprehensive Outdoor Recreation Plan and Statewide Trails Plan show that developing and maintaining trails is one of the highest needs in the state and within our region. NCPRD proposes to develop a District-wide Trail Master Plan that would explain the need for trails within the District and prioritize trail planning and development. This plan would incorporate current trails and it would identify gaps or updates needed in the system. The planning process would review local and regional trail plans and propose updates. This plan will review trail funding sources and make recommendations for project implementation. This work will be completed in coordination with an updated Master Plan and an updated SDC Methodology.

IMPACT ON OPERATING BUDGET

This project identifies priorities and funding for trail project throughout the District for the next ten years.

NON-FINANCIAL IMPACT

Project provides guidelines for trail planning and development throughout the district.
