BACKGROUND:

At the Policy Session on October 6, 2020, the Board of County Commissioners approved the 2021 benefit plan renewals. Due to 2021 legislative and out-of-area provider network changes, the 2021 Providence Administrative Services Agreement (ASA) and Summary Plan Descriptions (SPDs) were not presented to Clackamas County for review until July 2021. After undergoing review, changes and final approval by all contractual parties, the ASA and SPDs were presented to the Board of County Commissioners at the November 9, 2021 Issues Session. The 2021 Providence ASA and SPDs require the board's approval and signature.

County Counsel has reviewed and approved the plan agreement and descriptions.

RECOMMENDATION:

Staff recommends the Board approve the 2021 Administrative Services Agreement and Summary Plan Descriptions from Providence Health Plan.

Sincerely,

Kristi Durham, Benefits Manager
Department of Human Resources

WHEREAS, Plan Sponsor has entered or may enter into agreement(s) with Providence (“Service Agreement”) pursuant to which Providence will render services to, for or on behalf of Covered Entity which may involve Providence’s use, disclosure or creation of PHI, or receipt, storage, processing or accessing of SUD records on behalf of Covered Entity in order to perform such services; and

WHEREAS, both Covered Entity and Providence may qualify as a lawful holder of “records” from a substance use disorder (“SUD”) “program,” as defined in 42 CFR 2.11 and further described in 42 CFR 2.12 (b), and, as such, may be subject to the federal regulations governing Confidentiality of Substance Use Disorder Patient Records, 42 CFR Part 2, including disclosure requirements in 42 CFR 2.33, with respect to such SUD records disclosed by a SUD program to Covered Entity or to Providence to carry out payment and/or health care operations services on behalf of the Covered Entity.

NOW THEREFORE, in consideration of the mutual covenants, promises and agreements contained herein, the Parties hereto agree as follows:

I. DEFINITIONS

For the purposes of this Agreement, certain terms and concepts used herein shall have the definition given in HIPAA/HITECH or ARRA, or the respective implementing regulation, as applicable unless otherwise defined herein. Unless the context provides otherwise, references to “PHI” shall also include SUD records.

II. OBLIGATIONS OF PROVIDENCE

1. Use and Disclosure of Health Information

a) Providence shall comply with all applicable federal and state laws and regulations relating to maintaining and safeguarding the confidentiality of PHI and implement administrative, physical and technical safeguards, consistent with the size and complexity of Providence’s operations that reasonably and

appropriately protect the confidentiality, integrity and availability of the PHI that it creates, receives, maintains or transmits on behalf of Covered Entity. Providence shall comply with such safeguards as of the applicable dates pursuant to HIPAA/HITECH and ARRA and their respective implementing regulations. Such safeguards shall include, without limitation, implementing written policies and procedures in compliance with HIPAA/HITECH and ARRA, conducting a security risk assessment, and training Providence workforce members who will have access to PHI with respect to the policies and procedures required by HIPAA/HITECH and ARRA.

b) Providence warrants that Providence, its directors, officers, subcontractors, workforce members, affiliates, agents, and representatives: (1) shall use or disclose PHI only in connection with fulfilling its duties and obligations under this Agreement and the Service Agreement; (2) shall not use or disclose PHI other than as permitted or required by this Agreement, the Service Agreement, or required by law; and (3) shall not use or disclose PHI in any manner that violates applicable federal and state laws or would violate such laws if used or disclosed in such manner by Covered Entity; and (4) shall otherwise comply with the terms of this Agreement.

c) Subject to the restrictions set forth in the previous paragraph and throughout this Agreement, Providence may use the PHI received from Covered Entity if necessary for (1) the proper management and administration of Providence; or (2) to carry out the legal responsibilities of Providence pursuant to the Service Agreement.

d) Providence acknowledges that all PHI created, received, maintained, accessed or transmitted between Providence and Covered Entity shall be and remain the sole property of Covered Entity, including any and all forms thereof developed by Providence in the course of its fulfillment of its obligations pursuant to the Agreement and Service Agreement.

e) Providence further represents that, to the extent Providence requests that Covered Entity disclose PHI to Providence, such request is only for the minimum necessary PHI for the accomplishment of the Providence's authorized purpose under the Service Agreement.

f) Providence shall also comply with any additional security requirements contained in ARRA or subsequent rules promulgated by HHS that are applicable to Business Associates.

g) Subject to the requirements of HIPAA, and excluding SUD records, the Parties acknowledge and agree that Providence shall have the right to de-identify PHI and other identifiable health data ("De-Identified Data") relating to Covered Entity and that Providence shall be the sole and exclusive owner of any aggregated De-Identified Data and any compilations or derivatives thereof. Providence may use De-Identified Data to provide, or arrange for the provision of, additional services to Plan Sponsor and other customers, or for other population health initiatives with its own delivery system affiliates. Plan Sponsor shall retain ownership of its own Plan data.

2. Access to Books and Records

a) Providence shall permit the Secretary and others required by law to audit Providence's internal practices, books and records at reasonable times as they pertain to the use and disclosure of PHI received from, or created or received by Providence on behalf of, Covered Entity in order to ensure that Covered Entity and Providence are in compliance with the requirements of the Privacy Rule and Security Rule. Notwithstanding this provision, no attorney-client, accountant-client or other legal privilege will be deemed waived by Providence or Covered Entity as a result of this subsection.

b) Providence shall provide Covered Entity with a written attestation, from an authorized representative, of compliance with HIPAA/HITECH privacy and security rules, and the terms of this Agreement, upon reasonable request of Covered Entity, and in a form mutually acceptable to Providence and Covered Entity.

3. Access of Individuals to Information

a) Providence shall within fifteen (15) days of a request by Covered Entity for access to PHI about an individual, make available to Covered Entity such PHI for so long as such information is maintained. In the event any individual requests access to PHI directly from Providence, Providence shall within five (5) business days forward such requests to Covered Entity. Any denial of access to the PHI requested shall be the responsibility of Covered Entity.

b) Providence and Covered Entity agree to work cooperatively to meet applicable requirements under 45 CFR Section 164.524.

4. Amendment of Information

Within five business days of receiving a request from Covered Entity to amend PHI about an individual contained in a Designated Record Set, Providence will provide such information to Covered Entity for amendment. If a request from Covered Entity includes specific information to be modified in a member's Designated Record Set as an amendment and, if Providence is the originator of said records, Providence will incorporate such amendment within fifteen (15) business days of receipt of the request. Providence will forward to Covered Entity within five (5) business days any requests by individuals to Providence to amend PHI within a Designated Record Set. Covered Entity will be responsible for making all determinations regarding amendments to PHI and Providence will make no such determinations.

5. Accounting for Disclosures of PHI

a) Upon Covered Entity's request, Providence shall provide to Covered Entity an accounting of each Disclosure of PHI made by Providence or its workforce members, agents, representatives, or subcontractors.

b) Providence shall implement a process that allows for an accounting to be collected and maintained for any Disclosure of PHI that HIPAA/HITECH requires Providence to maintain. Providence shall include in the accounting: (a) the date of the disclosure; (b) the name, and address if known, of the entity or person who received the PHI; (c) a brief description of the PHI disclosed; and (d) a brief statement of the purpose of the disclosure. For each disclosure that requires an accounting under this section, Providence shall document the information specified in (a) through (d), above, and shall securely retain this documentation for six years from the date of the disclosure.

c) If an individual requests an accounting of Disclosures directly from Providence, Providence will forward the request to Covered Entity within five (5) business days of Providence's receipt of the request, and will make its records of disclosures available to Covered Entity as otherwise provided in this Section. Covered Entity will be responsible to prepare and deliver the records of disclosure to the individual. Providence will not provide an accounting of its disclosure directly to the individual.

d) The provisions of this Section shall survive the termination of this Agreement.

6. Disclosures to Third Parties

a) Providence shall require each director, officer, subcontractor, workforce member, affiliate, agent, and representative that has or will have access to PHI, which is received from, or created or received by, Providence on behalf of Covered Entity, to be bound by substantially similar restrictions, terms, and conditions that apply to Providence pursuant to the Agreement with respect to such PHI. Providence shall incorporate this requirement in writing into any agreement between Providence and any of its subcontractors.

b) Providence shall also (i) obtain reasonable assurances from the person to whom the PHI is disclosed that it will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed and (ii) obligate such person to notify Providence of any instances of which it is aware in which the confidentiality of the PHI has been Breached.

c) If Providence receives SUD records in order to provide services to Covered Entity, Providence shall implement safeguards to prevent unauthorized use and disclosure, other than as permitted by law, in accordance with 42 CFR Part 2.

7. Breaches

a) Unless state law requires otherwise, in the event of a Breach, a security incident, or any unauthorized or improper use or disclosure of any unsecured PHI or SUD record that Providence accesses, maintains, retains, modifies, records, stores, destroys, or otherwise holds or uses on behalf of Covered Entity, Providence shall report such Breach to Covered Entity without unreasonable delay, but in no event more than 15 business days after discovering the Breach. The parties acknowledge and agree that this Section 7(a) constitutes notice by Providence to Covered Entity of the ongoing existence and occurrence or attempts of unsuccessful security incidents for which no additional notice to Covered Entity shall be required. "Unsuccessful security incidents" means, without limitation, pings and other broadcast attacks on Providence's firewall, port scans, unsuccessful log-on attempts, denial of service attacks, and any combination of the above, so long as no such incident results in unauthorized access, use or disclosure of PHI.

b) Notice to Covered Entity of a Breach or suspected Breach shall include, at a minimum: (i) the identification of each individual whose PHI has been, or is reasonably believed to have been, accessed, acquired, or disclosed during the Breach, (ii) the date of the Breach, if known, (iii) the scope of the Breach, and (iv) a description of the Providence's response to the Breach. Providence agrees that notice to Covered Entity shall not be delayed due to lack of all these elements.

c) In the event of a Breach, Providence shall, in consultation with Covered Entity, mitigate, to the extent practicable, any harmful effect of such Breach that is known to Providence.

8. Return/Destruction of Protected Health Information Upon Termination

Upon termination of Agreement for any reason, Providence shall not maintain any copies of the PHI and shall return or destroy all PHI that it maintains in any form. This provision applies to PHI that is in the possession of subcontractors or agents of Providence. In the event that Providence determines that returning or destroying the PHI is infeasible, Providence shall notify Covered Entity of such a determination and shall extend the protections of this Agreement to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Providence maintains such PHI. This section shall survive the termination of this Agreement.

III. OBLIGATIONS OF COVERED ENTITY

1. Use and Disclosure of PHI.

Covered Entity warrants that Covered Entity, its directors, officers, subcontractors, workforce members, affiliates, agents, and representatives: (1) shall comply with the HIPAA/HITECH in its use or disclosure of PHI; (2) shall not use or disclose PHI in any manner that violates applicable federal and state laws; (3) shall not request Providence to use or disclose PHI in any manner that violates applicable federal and state laws if such use or disclosure were done by Covered Entity; and (4) may request Providence to disclose PHI directly to another Party only for the purposes allowed by the HIPAA/HITECH. The provisions of this subsection shall survive the termination of this Agreement.

2. Covered Entity's Notice of Privacy Practices

Plan Sponsor shall be responsible for the preparation, distribution, and all expenses associated with Covered Entity's Notice of Privacy Practices ("NOPP"). To facilitate this preparation, upon Covered Entity's request, Business Associate will provide Covered Entity with Business Associate's NOPP, which Covered Entity may use in coordination with and/or the development of its own NOPP. Covered Entity will be solely responsible for the review and approval of the content of its NOPP, including whether its content accurately reflects Covered Entity's privacy policies and practices, as well as its compliance with the requirements of 45 C.F.R. § 164.520. Unless advance written approval is obtained from Business Associate, Covered Entity shall not create any NOPP that imposes obligations on Business Associate that are in addition to or that are inconsistent with the NOPP prepared by Business Associate or with the obligations assumed by Business Associate hereunder.

3. Notification of Privacy Practices and Restrictions.

Covered Entity shall notify Providence of any change to or limitations in its NOPP, either generally or with regard to an individual, in accordance with 45 CFR section 164.520, to the extent that such limitation may affect Providence's use or disclosure of PHI.

IV. TERM AND TERMINATION

1. General Term and Termination

This Agreement shall become effective on the Effective Date set forth above and shall terminate upon the termination or expiration of the Service Agreement and when all PHI provided by either Party to the other, or created or received by Providence on behalf of Covered Entity is, in accordance with subsection II.8, destroyed or returned to Covered Entity or, if it is not feasible to return or destroy PHI, protections are extended to such information, in accordance with the terms of this Agreement.

2. Material Breach

a. Where Covered Entity has knowledge of a material breach of this Agreement by Providence, Covered Entity shall have the right to terminate the Service Agreement and this Agreement immediately, provided that such termination is in accordance with and subject to any rights to cure and payment obligations specified in the Service Agreement.

b. At the discretion of Covered Entity, Providence will have the opportunity to cure any breach of Providence's obligations under this Agreement. Such breach shall be cured within 30 days.

c. In the event that either Party has knowledge of a material breach of this Agreement by the other Party and cure is not possible, the non-breaching Party shall terminate the portion of the Service

Agreement that is affected by the breach. When neither cure nor termination is feasible, the non-breaching Party shall report the problem to the Secretary.

3. Equitable Remedies

The parties agree that damages are inadequate to compensate for the unique losses to be suffered in the event of a breach of this Agreement, and that the damaged party will be entitled, in addition to any other remedy it may have under this Agreement or at law, to seek and obtain injunctive and other equitable relief, including specific performance of the terms of this Agreement without the necessity of posting bond or other security and without having to prove the inadequacy of available remedies at law, it being acknowledged and agreed that any such violation shall cause irreparable injury to the Disclosing Party and that monetary damages shall not provide an adequate remedy.

V. AMENDMENT

If any of the regulations promulgated under HIPAA/HITECH or ARRA are amended or interpreted in a manner that renders this Agreement inconsistent therewith, Covered Entity may, on 30 business days' written notice to Providence, amend this Agreement to the extent necessary to comply with such amendments or interpretations. Providence agrees that it will fully comply with all such regulations promulgated under HIPAA/HITECH or ARRA, and that it will agree to amend this Agreement to incorporate any provisions required by such regulations. This Agreement modifies and supplements the terms and conditions of the Service Agreement, and the provisions set forth herein shall be deemed a part of the Service Agreement.

VI. INDEMNIFICATION

Each of the Parties agrees to be liable for its own conduct in connection with this Business Associate Agreement and to indemnify the other Party against any and all losses therefore. In the event that loss or damage results from the conduct of more than one Party, each Party agrees to be responsible for its own proportionate share of the claimant's total damages under the laws of the State of Oregon. Each of the Parties agrees to indemnify, defend and hold harmless the other Party and its directors, officers, subcontractors, workforce members, affiliates, agents, and representatives from and against any and all third party liabilities, costs, claims, suits, actions, proceedings, demands, losses and liabilities of any kind (including court costs and reasonable attorneys' fees) brought by a third party, arising from or relating to the acts or omissions of that Party or any of its directors, officers, subcontractors, workforce members, affiliates, agents, and representatives in connection with that Party's performance under this Agreement or Service Agreement, without regard to any limitation or exclusion of damages provision otherwise set forth in the Agreement. This Section shall survive the termination of this Agreement.

VII. COUNTERPARTS

This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original thereof.

VIII. CONFLICTING TERMS

In the event any terms of this Agreement conflict with any terms of the Service Agreement, the terms of this Agreement shall govern and control.

IX. GOVERNING LAW

This Agreement shall be governed by and construed in accordance with the laws of the State of Oregon.

IN WITNESS WHEREOF, each of the undersigned has duly executed this Agreement on behalf of the Party and as of the Effective Date.

EXHIBIT E-2: THIRD PARTY DISCLOSURE AGREEMENT

This THIRD PARTY DISCLOSURE AGREEMENT (“Agreement”) is entered into by and between Clackamas County (“Plan Sponsor”), **Mercer Health & Benefits LLC** (“Third Party”), and Providence Health Plan for itself and its affiliated companies (“Providence Health Plan”), effective retroactively to January 1, 2015. These parties acknowledge and agree as follows:

Plan Sponsor and Providence Health Plan entered into an agreement (“Services Agreement”) under which Providence Health Plan provides claims administration and other services for Plan Sponsor’s employee welfare benefit plan (“Plan”). Plan Sponsor has retained Third Party to perform certain consulting services or an examination related to the Plan (“Services” or “Examination”), which requires access to and/or evaluation of the files, books, and records of Providence Health Plan pertaining to the Plan.

Plan Sponsor has requested that solely for purposes of the Services or Examination, Providence Health Plan disclose to Third Party certain documents, statistical information and other information which is commercially valuable, confidential, proprietary, or trade secret (“Proprietary Information”) and also materials which may contain medical or other individually identifiable information (“Confidential Medical Information”). Proprietary Information and Confidential Medical Information shall collectively be referred to in this Agreement as ‘Confidential Information.’ Providence Health Plan has agreed to disclose this Confidential Information subject to the terms of this Agreement.

Such disclosure of Confidential Information shall occur at a time and place and in a manner mutually agreed upon by the parties. Confidential Information disclosed by Providence Health Plan, its agents, subsidiaries and affiliates, to Third Party in connection with the Services or Examination, including all copies thereof, shall be used by Third Party only as permitted by this Agreement. Confidential Information shall not include information: (i) generally available to the public or generally known in the insurance industry or employee benefit consulting community prior to or during the time of the Services or Examination through authorized disclosure; (ii) obtained from a third party who is under no obligation to Providence Health Plan not to disclose such information; or (iii) required to be disclosed by subpoena, or other legal process.

Use: Third Party: (a) shall not use (deemed to include, but not be limited to, using, exploiting, duplicating, recreating, modifying, decompiling, disassembling, reverse engineering, translating, creating derivative works or disclosing Confidential Information to another person or permitting any other person to do so) or disclose Confidential Information except for purposes of the Services or Examination and as permitted by law; (b) shall limit use of Confidential Information only to its authorized employees (deemed to include employees as well as individuals who are agents or independent contractors of Third Party) who have a need to know for purposes of the Services or Examination and only the minimum necessary information to perform the Services or Examination; and (c) may release Confidential Information as permitted by law in response to a subpoena or other legal process to disclose Confidential Information, after giving Providence Health Plan reasonable prior notice of such disclosure.

At the termination of the relationship between Plan Sponsor and Third Party or at the conclusion of the Services or Examination (as applicable), Third Party shall either relinquish to Providence Health Plan, or destroy (with such destruction to be certified to Providence Health Plan), all Confidential Information. Notwithstanding anything to the contrary in the foregoing, Third Party, subject to the terms and conditions of this Agreement, may (i) retain copies of Confidential Information that it is required to retain by law or regulation, (ii) retain copies of its work product that contain Confidential Information for archival purposes or to defend its work product and (iii) in accordance with legal, disaster recovery and records retention requirements, store such copies and derivative works in an archival format (e.g., tape backups), which may not be returned or destroyed. If during the course of performance of the Services or Examination, it is discovered that this Agreement has been breached by Third Party, then all Confidential Information shall be relinquished to Providence Health Plan upon demand.

This Agreement binds the parties and their respective successors, assigns, agents, employers, subsidiaries and affiliates.

Unauthorized use or disclosure of Confidential Information by Third Party is a material breach of this Agreement, which may result in irreparable harm to Providence Health Plan for which the payment of money damages is inadequate. It is agreed that Providence Health Plan, upon adequate proof of unauthorized use, and in addition to any other remedies at law or in equity that it may have, may immediately seek injunctive relief in any court of competent jurisdiction enjoining any continuing or further breaches and may obtain entry of judgment for injunctive relief. Plan Sponsor and Third Party agree to indemnify and hold harmless Providence Health Plan with respect to any claims and any damages to the extent directly caused by Third Party's breach of this Agreement.

The requirement to treat all Confidential Medical Information as Confidential Information shall survive the termination of this Agreement. The requirement to treat all Proprietary Information as Confidential Information under this Agreement shall remain in full force and effect so long as any Proprietary Information remains commercially valuable, confidential, proprietary and/ or a trade secret, but in no event less than a period of three (3) years from the date of last performance of the Services or Examination.

Neither this Agreement nor Third Party's rights or obligations hereunder may be assigned without Providence Health Plan's prior written approval.

General: (a) This Agreement is the entire understanding between the parties as to the subject matter hereof. (b) No modification to this Agreement will be binding upon the parties unless evidenced in writing signed by the party against whom enforcement is sought. (c) Headings in this Agreement will not be used to interpret or construe its provisions. (d) The alleged invalidity of any term will not affect the validity of any other terms. (e) This Agreement may be executed in counterparts.

Confidential Information will not include information: (i) generally available to the public or generally known in the insurance industry or employee benefit consulting community prior to or during the time of the Services through authorized disclosure; (ii) obtained from a third party who is under no obligation to Providence Health Plan not to disclose such information; or (iii) required to be disclosed by subpoena, or other legal process.

Use: Third Party: (a) shall not use (deemed to include, but not be limited to, using, exploiting, duplicating, recreating, modifying, decompiling, disassembling, reverse engineering, translating, creating derivative works or disclosing Confidential Information to another person or permitting any other person to do so) or disclose Confidential Information except for purposes of the Services and as permitted by law including, without limitation, HIPAA; (b) shall limit use of Confidential Information only to its authorized employees (deemed to include employees as well as individuals who are agents or independent contractors of Third Party) who have a need to know for purposes of the Services and only the minimum necessary to perform the Services; and (c) may release Confidential Information as permitted by law in response to a subpoena or other legal process to disclose Confidential Information, after giving Providence Health Plan reasonable prior notice of such disclosure. Notwithstanding anything to the contrary, Third Party is authorized to disclose Confidential Information in support of Third Party's legal and regulatory compliance activities in the ordinary course, including in response to requests by auditors, examiners, and regulators, without notifying Providence Health Plan or affording Providence Health Plan an opportunity to object to such disclosure.

At the termination of the relationship between Plan Sponsor and Third Party or at the conclusion of the Services (as applicable), Third Party shall either relinquish to Providence Health Plan or destroy (with such destruction to be certified to Providence Health Plan) all Confidential Information. If during the course of performance of said Services, it is discovered that this Agreement has been breached by Third Party, all Confidential Information shall be relinquished to Providence Health Plan immediately upon demand. Notwithstanding any provision of this Agreement to the contrary and only to the extent permitted by applicable law, Third Party may retain one archival copy of the Confidential Information solely for use in any dispute arising from this Agreement and for compliance purposes, provided, for the avoidance of doubt, that

any such archival copy shall remain subject to the terms and conditions set forth herein, and Third Party shall not be required to erase any computer records and/or electronic files containing Confidential Information that have been created pursuant to automatic archiving and back-up procedures in accordance with its ordinary electronic archiving or document retention policies or applicable law.

This Agreement binds the parties and their respective successors, assigns, agents, employers, subsidiaries and affiliates.

Unauthorized use or disclosure of Confidential Information by Third Party is a material breach of this Agreement resulting in irreparable harm to Providence Health Plan for which the payment of money damages is inadequate. It is agreed that Providence Health Plan, upon adequate proof of unauthorized use, and in addition to any other remedies at law or in equity that it may have, may immediately seek to obtain injunctive relief in any court of competent jurisdiction enjoining any continuing or further breaches and may obtain entry of judgment for injunctive relief. Third Party consents to Providence Health Plan seeking to obtain such injunctive relief and judgment. Plan Sponsor and Third Party agree to indemnify and hold harmless Providence Health Plan with respect to any claims and any damages caused by Third Party's breach of this Agreement.

The requirement to treat all Confidential Medical Information as Confidential Information shall survive the termination of this Agreement. The requirement to treat all Proprietary Information as Confidential Information under this Agreement shall remain in full force and effect so long as any Proprietary Information remains commercially valuable, confidential, proprietary and/or a trade secret, but in no event less than a period of three (3) years from the last date of any performance of the Services, as applicable.

Neither this Agreement nor Third Party's rights or obligations hereunder may be assigned without Providence Health Plan's prior written approval.

General: (a) This Agreement is the entire understanding between the parties as to the subject matter hereof. (b) No modification to this Agreement will be binding upon the parties unless evidenced in writing signed by the party against whom enforcement is sought. (c) Headings in this Agreement will not be used to interpret or construe its provisions. (d) The alleged invalidity of any term will not affect the validity of any other terms. 1.1 KEY FEATURES OF YOUR CLACKAMAS COUNTY EARLY RETIREE-COBRA-TEMPORARY EMPLOYEES OPEN OPTION PLAN

- Some capitalized terms have special meanings. Please see section 15, Definitions.
- In this Summary Plan Description, Providence Health Plan and Clackamas County are referred to as “we,” “us,” or “our.” Members enrolled under this Plan are referred to as “you” or “your.”
- Coverage under this Plan is provided through:
 - Our Providence Signature Network of In-Network Providers;
 - Providence Health Plan’s national network of In-Network Providers; and
 - Out-of-Network Providers.
- With this Plan, Members will generally have lower out-of-pocket expenses when obtaining Covered Services from In-Network Providers. Members may, however, obtain most Covered Services from Out-of-Network Providers, but that option will result in higher out-of-pocket expenses. Please see section 3 and your Plan Benefit Summary for additional information.
- Some Services are covered only under your In-Network benefits:
 - Web-direct Visits, as specified in section 4.3.2;
 - E-mail Visit Services, as specified in section 4.3.3;
 - Temporomandibular Joint (TMJ) Services, as specified in section 4.12.7;
 - Tobacco Use Cessation Services, as specified in section 4.1.8;
 - Water births, as specified in section 4.8;
 - Human Organ/Tissue Transplant Services, as specified in section 4.13; and
 - Any item listed in your Benefit Summary as “Not Covered” Out-of-Network.
- Coverage is provided in full for most preventive Services when those Services are received from specified In-Network Providers. See your Benefit Summary for additional information.
- All Members are encouraged to choose a Primary Care Provider who will provide preventive and primary care Services and coordinate other care in a convenient and cost-effective manner.
- A printable directory of In-Network Providers is available at ProvidenceHealthPlan.com/findaprovider. Members without Internet access or who would like a hard copy of our Provider Directory may contact Customer Service for assistance.
- **Certain Covered Services require an approved Prior Authorization, as specified in section 3.5.**
- Coverage limitations and exclusions apply to certain Services, as stated in sections 3, 4, and 5 and the Benefit Summary.
- Coverage under this Plan is available 24 hours a day, seven days a week and during periods of domestic or foreign travel.
- All Covered Services are subject to the provisions, limitations and exclusions that are specified in Plan documents. You should read the provisions, limitation and exclusions before seeking Covered Services because not all health care services are covered by this Plan.

- This Plan consists of this Summary Plan Description plus the Benefit Summary(ies), any Endorsements or amendments that accompany these documents, the agreement between Providence Health Plan and the Plan Sponsor (if any), and those policies maintained by Providence Health Plan which clarify any of these documents. In the event of any conflict between these documents, they are to be interpreted in the following order of priority: (1) Endorsements and amendments, (2) Providence Health Plan/ Plan Sponsor agreement, (3) Summary Plan Description, (4) Benefit Summary(ies), and (5) applicable Providence Health Plan policies.

2. WELCOME TO PROVIDENCE HEALTH PLAN

Thank you for choosing Providence Health Plan. We look forward to meeting your health care needs. Providence Health Plan is an Oregon licensed Health Care Services Contractor whose parent company is Providence Health & Services. Our goal is to help improve the health status of individuals in the communities in which we serve. This booklet contains important information about the health plan coverage offered to Clackamas County Employees and their Dependents.

2.1 CLACKAMAS COUNTY EARLY RETIREE-COBRA-TEMPORARY EMPLOYEES OPEN OPTION PLAN

Your Clackamas County Early Retiree-COBRA-Temporary Employees Open Option Plan allows you to receive Covered Services from In-Network Providers through what is called your In-Network benefit. You also have the option to receive most Covered Services from Out-of-Network Providers through what is called your Out-of-Network benefit. Generally, your out-of-pocket costs will be less when you receive Covered Services from In-Network Providers. Also, In-Network Providers will work with us to Prior Authorize treatment. If you receive Covered Services from Out-of-Network Providers, it is your responsibility to make sure the Services listed in section 3.5 are Prior Authorized by Providence Health Plan before treatment is received.

It is your responsibility to verify whether or not a physician/provider, Hospital or other facility is participating with Providence Health Plan, and whether or not the health care is a Covered Service even if you have been directed or referred for care by an In-Network Provider.

If you are unsure about a physician/provider's, Hospital's or other facility's participation with Providence Health Plan, visit our Provider Directory, available online at ProvidenceHealthPlan.com/findaprovider, before you make an appointment. You can also call Customer Service to get information about a provider's participation with Providence Health Plan and your benefits.

Whenever you visit a Provider:

- Bring your Providence Health Plan Member ID Card with you.
- Be prepared to make a Copayment at the time of visit if the office visit is subject to a Copayment.
- If your office visit is subject to a Coinsurance (a percentage of the amount billed for Services), you will most likely not be able to pay for what you owe at the time of your visit. Your provider's office will send you a bill for what you owe later. Some providers, however, may ask you to pay an estimate of what you may owe at the time you receive services, and bill or credit you for the balance later.

2.2 SUMMARY PLAN DESCRIPTION

At Providence Health Plan, we respect the privacy and confidentiality of your protected health information (PHI). We are required by law to maintain the privacy of your protected health information, (commonly called PHI or your personal information) including in electronic format. When we use the term “personal information,” we mean information that identifies you as an individual (such as your name and Social Security Number, as well as financial, health and other information about you that is nonpublic), which we obtain so we can provide you with the benefits and coverage under your Employer's plan. Providence Health Plan maintains policies that protect the confidentiality of personal information, including Social Security numbers, obtained from its Members in the course of its regular business functions.

Members may request to see or obtain their medical records from their provider. Call your physician's or provider's office to ask how to receive a copy.

For more information about uses and disclosures of Member information, including uses and disclosures required by law, please refer to our Notice of Privacy Practices. A copy is available at <https://healthplans.providence.org/members/rights-notice> or by calling Customer Service.

Appointment of Authorized Representative

You are entitled to appoint an individual to act as your authorized representative to pursue any claim you have for benefits. To ensure privacy and to address other issues, Providence's policy on Appointment of Authorized Member Representatives, and the form for doing so, may be accessed through our website at <https://healthplans.providence.org/members/understanding-plans-benefits/benefit-basics/forms/>. The policy does not apply to an attorney at law retained by you directly to represent your interests with respect to your benefits, but does apply to attorneys who represent a medical service provider whose services are a part of the claim in issue.

Confidentiality and your Employer

In accordance with the federal privacy requirements of the Health Insurance Portability and Accountability Act (HIPAA), Providence Health Plan will not disclose a Member's protected health information (PHI) to the Employer or any agent of the Employer unless requested for the HIPAA allowed purpose of the Employer's obtaining bids from other health plans for further health coverage or for the Employer's modifying, amending, or terminating any benefit under the health plan.

Providence Health Plan may disclose a Member's PHI to an employer or any agent of the Employer if the disclosure is:

1. In compliance with the applicable provisions of HIPAA; and
2. Due to a HIPAA compliant authorization, the Member has completed to allow the Employer access to the Member's PHI; or
3. Consistent with the HIPAA privacy protections that are contained in the Employer's group health plan documents, as certified in writing to Providence Health Plan by the Employer. The details of this required certification can be reviewed at <https://healthplans.providence.org/about-us/privacy-notice-policies/protected-health-information-and-your-employer/>.

Providence Health Plan will disclose a Member's PHI with whom and in ways permitted by HIPAA. These uses are covered in detail in Providence Health Plan's Notice of Privacy Practices available online, or by mail if you request it.

3. HOW TO USE YOUR PLAN

Our goal is maintaining your health by promoting wellness and preventive care. We encourage you to work closely with one provider, your Primary Care Provider, who can provide most of your care, suggest specialist care and arrange for Hospital care or diagnostic testing.

This section describes how to use this Plan and how benefits are applied. The level of benefits for Covered Services is shown in the Benefit Summary and described in section 4 of this Summary Plan Description.

3.1 IN-NETWORK PROVIDERS

Providence Health Plan has contractual arrangements with certain physicians/providers, hospitals and facilities. Our agreements with these “In-Network Providers” enable you to receive quality health care for a reasonable cost.

For Services to be covered using your In-Network benefit, you must receive Services from In-Network Providers. It is your responsibility to verify whether or not a physician/provider, hospital or other facility is an In-Network Provider even if you have been directed or referred for care by an In-Network Provider.

3.1.1 Nationwide Network of In-Network Providers

Providence Health Plan also has contractual arrangements with certain Qualified Practitioners, Hospitals and facilities nationwide. These arrangements allow you to receive Services when using In-Network Providers, even when you are outside of Oregon and southwest Washington.

3.1.2 Choosing an In-Network Provider

To choose an In-Network Provider, or to verify if a provider is an In-Network Provider, please refer to the Provider Directory, available online at ProvidenceHealthPlan.com/findaprovider. If you do not have access to our website, please call Customer Service to request In-Network Provider Information.

Advantages of Using an In-Network Provider

- Your In-Network Provider will work with Providence Health Plan to arrange for any Prior Authorization requirements that may be necessary for certain Covered Services. For more information on Prior Authorization, see section 3.5.
- In most cases when you use In-Network Providers, higher benefit levels will apply and your out-of-pocket expenses will be reduced.
- You will have a wide variety of high quality In-Network Providers to help you with your health care needs.

So remember, it is to your advantage to meet your health care needs by using an In-Network Provider, including an In-Network Primary Care Provider, whenever possible.

3.1.3 Indian Health Services Providers

Native American Indian and Alaskan Native Members may also access Covered Services from Indian Health Services (IHS) facilities at no greater cost than if the Services were accessed from an In-Network Provider. For a list of IHS facilities, please visit the IHS website at www.ihs.gov, or contact the regional IHS office at:

Portland Area Indian Health Service
1414 NW Northrup St., Ste. 800
Portland, OR 97209
Telephone: 503-414-5555

3.2 THE ROLE OF A PRIMARY CARE PROVIDER

To encourage optimum health, we promote wellness and preventive care. We also believe wellness and overall health is enhanced by working closely with one physician or provider – your Primary Care Provider. Your Primary Care Provider can provide most of your care and, when necessary, coordinate care with other providers in a convenient and cost-effective manner. We recommend that upon joining Providence Health Plan you and each of your Family Members choose an In-Network Primary Care Provider as soon as possible.

3.2.1 Primary Care Providers

A Primary Care Provider is a Qualified Practitioner who specializes in family practice, general practice, internal medicine or pediatrics; a nurse practitioner; or a physician assistant, when providing services under the supervision of a physician, who agrees to be responsible for the continuing medical care by serving as case manager. Members may also choose a physician specializing in obstetrics or gynecology; a nurse practitioner; a certified nurse midwife; or a physician assistant specializing in women’s health care as their Primary Care Provider. Child Members may choose a physician specializing in pediatrics as their Primary Care Provider.

Primary Care Providers provide preventive care and health screenings, medical management of many chronic conditions, allergy shots, treatment of some breaks and sprains, and care for many major illnesses and nearly all minor illnesses and conditions. Many Primary Care Providers offer maternity care and minor outpatient surgery as well.

IMPORTANT NOTE: In-Network Primary Care Providers have a special agreement with us to serve as a case manager for your care. This means not all of our In-Network Providers with the specialties listed above are In-Network Primary Care Providers. Please refer to the Provider Directory, available online, for a listing of designated In-Network Primary Care Providers or call your Customer Service team to request a hard copy.

3.2.2 Established Patients with Primary Care Providers

If you and your family already see a provider, you may want to check the provider directory to see if your provider is an In-Network Primary Care Provider for Providence Health Plan. If your provider is participating with us, let their office know you are now a Providence Health Plan Member.

3.2.3 Selecting a New Primary Care Provider

We recommend that you choose a Primary Care Provider from our Provider Directory, available online, for each covered Family Member. Call the provider's office to make sure they are accepting new patients. It is a good idea to have your previous physician or provider transfer your medical records to your new Primary Care Provider as soon as possible. The first time you make an appointment with your Primary Care Provider, let him or her know you are now a Providence Health Plan Member. On your first visit, make a list of questions or information you would like to discuss with your new Primary Care Provider, including the following:

- What are the office hours?
- How can I get medical advice after hours?
- What do I do in an emergency?

Let your Primary Care Provider know if you are under a specialist's care as well as if you are currently taking any ongoing prescription medications.

3.2.4 Changing Your Primary Care Provider

You are encouraged to establish an ongoing relationship with your Primary Care Provider. If you decide to change your Primary Care Provider, please remember to have your medical records transferred to your new Primary Care Provider.

3.2.5 Office Visits

Primary Care Providers

We recommend you see your Primary Care Provider for all routine care and call your Primary Care Provider first for urgent or specialty care. If you need medical care when your Primary Care Provider is not available, the physician/provider on call may treat you and/or recommend that you see another provider for treatment.

Specialists

Your Primary Care Provider will discuss with you the need for diagnostic tests or other specialist services; and may also recommend you see a specialist for treatment.

You also may decide to see a specialist without consulting your Primary Care Provider. Visit the Provider Directory, available online at ProvidenceHealthPlan.com/findaprovider, or call Customer Service to choose a specialist who is an In-Network Provider with Providence Health Plan.

If you decide to see a specialist on your own, we recommend you let your Primary Care Provider know about your decision. Your Primary Care Provider will then be able to coordinate your care and share important medical information with your specialist. In addition, we recommend you let your specialist know the name and contact information of your Primary Care Provider.

Whenever you visit a specialist:

- Bring your Providence Health Plan Member ID Card.
- Understand that in most cases, your out-of-pocket costs will be a percent of the charges for services. Your provider's office will send you a bill for the amount you owe. Some providers, however, may ask you to pay an estimate of what you may owe at the time you receive services, and will bill or credit you the balance later. (For certain Plans, there is a Member Copayment for specialist visits instead of a Coinsurance. If you are on one of these Plans, you will need to pay your Member Copayment at the time of your visit. Please check your Benefit Summary for your specific coverage information.)

Alternative Care Providers

This Plan includes coverage for office visits to alternative care providers, as listed in your Benefit Summary. See section 15 for the definition of Alternative Care Provider. For coverage of chiropractic manipulation and acupuncture, see sections 4.12.9, 4.12.10 and your Benefit Summary.

3.3 SERVICES PROVIDED BY OUT-OF-NETWORK PROVIDERS

As a Member of this Plan, you may choose to receive Covered Services from Out-of-Network Qualified Practitioners and facilities using your Out-of-Network benefit.

Benefits for Covered Services by an Out-of-Network Provider will be provided as shown in the Benefit Summary. See section 3.5 Prior Authorization requirements.

Generally, when you receive Services from Out-of-Network Providers, your Copayments and Coinsurance will be higher than when you see In-Network Providers.

IMPORTANT NOTE: Your Plan only pays for Covered Services received from Out-of-Network Providers at Usual, Customary, and Reasonable rates (UCR) (see Section 15, Definitions). If an Out-of-Network Provider charges more than the UCR rates allowed under your Plan, that provider may bill you directly for the additional amount that is not covered by your Plan. That amount is in addition to any Deductible, Copayment, or Coinsurance for which you may be responsible, and does not accrue to your Out-of-Pocket Maximum.

If you choose to receive Covered Services from an Out-of-Network Provider, those Services are still subject to the terms of this Summary Plan Description. Your Plan will only pay for Medically Necessary Covered Services. No matter what type of provider you see, the treatments, supplies, and medications excluded by this Plan are not covered.

If the provider you choose is Out-of-Network, it is important for you to understand that Providence Health Plan has not assessed the provider's credentials or quality; nor has Providence Health Plan reviewed and verified the Out-of-Network Provider's qualifications and history for information such as: relevant training, licensure, certification, and/or registration to practice in a health care field, and academic background. Additionally, the Out-of-Network Provider will not have been assessed by Providence Health Plan to verify that the provider meets certain criteria relating to professional competence and conduct and as such is not guaranteed to follow your benefit plan, rules, regulations, or guidelines with regard to standards of care nor standards of documentation and billing.

Some Services are only covered under your In-Network benefit:

- Web-direct Visits (see section 4.3.2).
- E-mail Visits (see section 4.3.3).
- Temporomandibular Joint (TMJ) Services (see section 4.12.7).
- Tobacco Use Cessation Services (see section 4.1.8).
- Retail Health Clinic visits (see section 4.3.8).
- Human Organ/Tissue Transplants (see section 4.13).
- Any item listed in your Benefit Summary as “Not Covered” under Out-of-Network.

Payment for Out-of-Network Physician/Provider Services (UCR)

After you meet your Deductible, if applicable, and if the Services provided are Medically Necessary Covered Services, we will provide payment to Out-of-Network Providers according to Usual, Customary and Reasonable (UCR) charges. UCR charges do not include sales taxes, handling fees and similar surcharges; such taxes, fees and surcharges are not covered expenses. Charges which exceed UCR are the Member’s responsibility and are not applied to the Out-of-Pocket Maximum. See section 15 for the definition of UCR.

You will be responsible for costs that are not covered or allowed by your Out-of-Network benefits as shown in the following example (amounts shown are only estimates of what may apply).

<u>Item</u>	<u>Provider’s Status</u>	
	<u>In-Network</u>	<u>Out-of-Network</u>
Provider’s standard charges	\$100	\$100
Allowable charges under this Plan	\$80 (contracted)	\$80 (if that is UCR)
Plan benefits (for this example only)	\$64 (if 80% benefit)	\$56 (if 70% benefit)
Balance you owe	\$16	\$24
Additional amount that the provider may bill to you	\$-0-	\$20 (\$100 minus \$80)
Total amount you would pay	\$16	\$44 (\$24 plus \$20)

Thus, you may incur significantly larger out-of-pocket costs, perhaps a multiple of what would have applied, if you use Out-of-Network Physicians or Providers.

Payment for Covered Services Provided Before Disposition of Criminal Charges

If you are in the custody of an Oregon state or local corrections agency pending the disposition of criminal charges brought by an Oregon county, we will reimburse the custodial county for the costs of Covered Services or supplies rendered before the disposition of charges, in an amount that is no less than 115 percent of the Medicare rate for the service or supply, except for renal dialysis which will be reimbursed in accordance with the terms of the Plan for Out-of-Network dialysis providers.

The following Services and Supplies are excluded from coverage under this section:

- Diagnostic tests or health evaluations required by the corrections agency, as a matter of course, for all individuals who are in the custody of the county pending the disposition of charges;
- Hospital and ambulatory surgical center services, except as rendered by an In-Network provider.

3.4 NOTICE OF PROVIDER TERMINATION

When an In-Network Provider whose contract of participation with us terminates, we will notify those Members who we know are under the care of the terminated provider within 10 days of the termination date or of our knowledge of the termination date.

3.5 PRIOR AUTHORIZATION

While Prior Authorization is a requirement for coverage of certain Services under this Plan, Prior Authorization is not a treatment directive. The actual course of medical treatment that a Member chooses remains strictly a matter between the Member and the provider and is separate from the Prior Authorization requirements of this Plan. Prior Authorization is not a guarantee of benefit payment under this Plan and a Prior Authorization determination does not supersede other specific provisions of this Plan regarding coverage, limitations, exclusions and Medical Necessity.

Services received from In-Network Providers:

When Services are received from an In-Network Provider, the In-Network Provider is responsible for obtaining Prior Authorization.

Services received from Out-of-Network Providers:

When Services are received from an Out-of-Network Provider, the Member is responsible for obtaining Prior Authorization. You or your Out-of-Network provider must contact us to obtain Prior Authorization. See section 3.3 for additional information about Out-of-Network Providers.

Services requiring Prior Authorization:

Providence Health Plan will provide a Prior Authorization form upon oral or written request. If you need information on how to obtain Prior Authorization, please call Customer Service at the number listed on your Member ID Card.

If an Emergency Medical Condition exists which prevents you from obtaining Prior Authorization, Providence Health Plan must be notified within 48 hours following the onset of treatment, or as soon as reasonably possible, to continue coverage of these Services.

Prior Authorization Requests for Out-of-Network Services:

The Member or the Out-of-Network Provider must call us at 1-800-638-0449 to obtain Prior Authorization. Please have the following information ready when calling to request a Prior Authorization:

- The Member's name and date of birth.
- The Member's Providence Health Plan Member number and Group number (these are listed on your Member ID card).
- The Provider's name, address and telephone number.
- The name of the Hospital or treatment facility.
- The scheduled date of admission or date Services are to begin.
- The Service(s) to be performed.

Failure to Obtain Prior Authorization:

If you do not obtain Prior Authorization for Services received from an Out-of-Network Provider, as specified in section 3.3, a 50% **penalty**, not to exceed \$2,500 for each Covered Service, will be applied to the claim.

Should Providence Health Plan determine that we would have covered the Service had Prior Authorization been obtained, benefits will be applied to the remaining claim balance after the Prior Authorization Penalty is assessed. The **penalty** does **NOT** apply to the Deductible, if any, or to the Out-of-Pocket Maximum shown in the Benefit Summary.

3.6 TRAVEL EXPENSE REIMBURSEMENT

Subject to Prior Authorization, if you are unable to locate an In-Network Provider to provide Medically Necessary Covered Services for your specific condition within 50 miles of your home, the Plan will reimburse your travel expense to the nearest In-Network Provider within 300 miles of your home. Reimbursement will be based on the federal medical mileage reimbursement rate in effect on the date of service. Travel expense reimbursement is limited to \$1,500 per calendar year. If an overnight stay is required, food and lodging are reimbursable up to \$150 per diem (per day). Per diem expenses apply to the \$1,500 travel expenses reimbursement maximum. (Note: Transplant Covered Services include a separate travel expense benefit; see section 4.13.1).

3.7 MEDICAL COST MANAGEMENT

Coverage under this Plan is subject to the medical cost management protocols established by us to ensure the quality and cost effectiveness of Covered Services. Such protocols may include Prior Authorization, concurrent review, case management and disease management.

The Plan reserves the right to deny payment for Services that are not Medically Necessary in accordance with the criteria maintained by Providence Health Plan. When more than one medically appropriate alternative is available, Providence Health Plan will approve the least costly alternative.

In accordance with Providence Health Plan's medical cost management protocols and criteria specified in this paragraph, Providence Health Plan may approve substitutions for Covered Services under this Plan.

A Substituted Services must:

1. Be Medically Necessary;
2. Have your knowledge and agreement while receiving the Service;
3. Be prescribed and approved by your Qualified Practitioner; and
4. Offer a medically therapeutic value at least equal to the Covered Service that would otherwise be performed or given.

The Plan's coverage of a Substituted Service for any Member does not obligate the Plan to:

- Cover a Substituted Service for any other Member;
- Continue to cover a Substituted Service beyond the term of the agreement between the Plan and the Member; or
- Cover any Substituted Service for the Member, other than as specified in the agreement between the Plan and the member.

Substituted Services that satisfy the requirements of this section are Covered Services for all purposes under this Plan.

A Substituted Service may be disallowed at any time by sending a 30-day advance written notice to you and your Qualified Practitioner.

3.7.1 Coverage of New Technology and New Application of Existing Technology

New technologies and new applications of existing technologies are evaluated and approved for coverage when they provide a demonstrable benefit for a particular illness or disease, are scientifically proven to be safe and most effective, and there is no equally effective or less costly alternative.

Emerging and innovative technologies are monitored by Providence Health Plan through review of trend reports from technology assessment bodies, government publications, medical journals, and information provided by providers and professional societies.

A systematic process for evaluating a new technology or new application of an existing technology is proactively initiated when sufficient scientific information is available.

Providence Health Plan has developed standards to guide the evaluation process and to ensure appropriate coverage determinations. New technology must minimally meet the following guidelines to be approved for coverage:

- Technology must improve health outcomes. The beneficial effects must outweigh any harmful effects on health outcomes. It must improve the length of life, ability to function or quality of life.
- Technology must be as beneficial as any established alternative. It should improve the net health outcome as much, or more, than established alternatives.
- Application of technology must be appropriate, in keeping with good medical standards, and useful outside of investigational settings.
- Technology must meet government approval to market by appropriate regulatory agency as applicable.
- Criteria must be supported with information provided by well-conducted investigations published in peer-reviewed journals. The scientific evidence must document conclusions that are based on established medical facts.
- Opinions and evaluations of professional organizations, panels, or technology assessment bodies are evaluated based on the scientific quality of the supporting evidence.

Technology Evaluation Process

A committee of medical directors with physician specialist advisors evaluates all new technology and determines coverage based on evidence for safety and efficacy. The committee relies upon a thorough review of pertinent medical literature and utilizes national technology review services that provide independent analysis of a new technology.

Expedited Review

Requests for coverage of new technology may occur before formal policy has been developed. In these cases, an expedited review is implemented and a decision made on a case-by-case basis. This is separate and distinct from the problem resolution procedure set forth in section 7.

3.8 MEDICALLY NECESSARY SERVICES

We believe our Members are entitled to comprehensive medical care within the standards of good medical practice. Providence Health Plan's medical directors and special committees of In-Network Providers determine which Services are Medically Necessary, as defined in section 15. Services that do not meet Medically Necessary criteria will not be covered.

- **Example:** *Your provider suggests a treatment using a machine that has not been approved for use in the United States. We probably would not pay for that treatment.*
- **Example:** *You go to a hospital emergency room to have stitches removed, rather than wait for an appointment in your doctor's office. The Plan would not pay for that visit.*
- **Example:** *You stay an extra day in the hospital only because the relative who will help you during recovery cannot pick you up until the next morning. We may not pay for the extra day.*

Although a treatment was prescribed or performed by a Qualified Practitioner, it does not necessarily mean that it is Medically Necessary under our guidelines. Obtaining confirmation of coverage from Providence Health Plan beforehand is always recommended.

3.9 APPROVED CLINICAL TRIALS

Benefits are provided for Covered Services directly related to a Member's participation in an Approved Clinical Trial. If your Approved Clinical Trial is available through both Network and Out-of-Network providers, the Plan will require you to participate through an In-Network Provider.

Covered Services include the routine patient costs for items and services received in connection with the Approved Clinical Trial, to the extent that the items and services are otherwise Covered Services under the Plan.

The following costs are excluded:

- The cost of the investigational item, device or service;
- The cost of items and services provided solely to satisfy data collection and analysis needs and that are not used in direct clinical management; and
- The cost for a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

The Plan does not discriminate against a Member who participates in a clinical trial, whether or not the trial is an Approved Clinical Trial. The Plan provides benefits for services unrelated to a clinical trial to the extent that the services are otherwise Covered Services under the Plan.

3.10 HOW BENEFITS ARE APPLIED

Benefits are subject to the following provisions, if applicable, as specified in the Benefit Summary:

1. The Deductible;
2. The Copayment or Coinsurance amount; and
3. The benefit limits and/or maximums.

3.11 DEDUCTIBLES AND OUT-OF-POCKET MAXIMUMS

Your Plan has a Deductible and an Out-of-Pocket Maximum, as stated in your Benefit Summary.

Deductible amounts apply to Out-of-Pocket Maximums.

3.11.1 Understanding Deductibles

Your Deductible is the dollar amount shown in the Benefit Summary that you are responsible to pay every Calendar Year when receiving most Covered Services before benefits are provided by us. Deductible amounts are payable to your Qualified Practitioner after we have processed your claim.

Certain Covered Services, such as most In-Network preventive care, are covered without a Deductible. Please see your Benefit Summary for information about these Services.

Common In-Network and Out-of-Network Deductible: Your Plan has a **Common Deductible**, as listed in your Benefit Summary. **A Common Deductible applies to both In-Network and Out-of-Network benefits.** The Common Deductible can be met by using In-Network or Out-of-Network benefits, or a combination of both.

Individual Deductible: An Individual Deductible is the amount shown in the Benefit Summary that must be paid by a Member before the Plan provides benefits for Covered Services for that Member.

Family Deductible: The Family Deductible is the amount shown in the Benefit Summary that applies when two or more Members are enrolled in this Plan, and is the maximum Deductible that enrolled Family Members must pay. All amounts paid by Family Members toward their Individual Deductibles apply toward the Family Deductible. When the Family Deductible is met, no further Individual Deductibles will need to be met by any enrolled Family Members.

Note: No Member will ever pay more than an Individual Deductible before the Plan begins paying for Covered Services for that Member.

Your Costs that Do Not Apply to Deductibles: The following out-of-pocket costs do not apply towards Your Individual and Family Deductibles:

- Services not covered by this Plan.
- Services in excess of any maximum benefit limit.
- Fees in excess of the Usual, Customary and Reasonable (UCR) charges.
- Any penalties you must pay if you do not follow Providence Health Plan's Prior Authorization requirements.
- Copayments or Coinsurance specified as not applicable toward the Deductible in any Benefit Summary issued with this Plan.

3.11.2 Understanding Out-of-Pocket Maximums

Out-of-Pocket Maximums are the total amount you will pay out-of-pocket in any Calendar Year for Covered Services received under this Plan. See your Benefit Summary.

Common In-Network and Out-of-Network Out-of-Pocket Maximums: Your Plan has a Common In-Network and Out-of-Network Out-of-Pocket Maximum, as listed in your Benefit Summary. The Common Out-of-Pocket Maximum can be met by payments you make for Covered Services using In-Network and Out-of-Network benefits.

Individual Out-of-Pocket Maximum: Individual Out-of-Pocket Maximum means the total amount of Copayments, Coinsurance and Deductible that a Member must pay in a Calendar Year, as shown in the Benefit Summary, before the Plan begins to pay 100%* for Covered Services for that Member within that Calendar Year.

When the combined Copayment, Coinsurance and Deductible expenses of enrolled Family Members meet the family Out-of-Pocket Maximum, all remaining individual Out-of-Pocket Maximums will be waived for the family for that Calendar Year.

This includes, but is not limited to, minor sprains, minor cuts and burns, and ear, nose, and throat infections. Routine care, like periodic health exams and well-baby care, should be delayed until you can be seen by your Primary Care Provider.

Whenever you need immediate care, call your Primary Care Provider first. Your Primary Care Provider or the provider-on-call is always available, day or night. They may either suggest that you be seen at your Primary Care Provider's office, or direct you to an immediate care center, Urgent Care, or emergency care facility. See section 4.5 for coverage of Emergency Care and Urgent Care Services.

Please be prepared to pay the Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. 4.5.1 Emergency Care

- Heart attack
- Stroke

Coverage is provided without Prior Authorization for Emergency Medical Screening Exams and stabilization of an Emergency Medical Condition. Hospitalization for an Emergency

Medical Condition requires notification to Providence Health Plan within 48 hours, or as soon as reasonably possible following the onset of treatment, in order for coverage to continue.

Definitions:

“Emergency Medical Condition” is a medical condition that manifests itself by acute symptoms of sufficient severity that a prudent layperson, possessing an average knowledge of health and medicine, would reasonably expect that failure to receive immediate medical attention would:

- Result in serious impairment to bodily functions;
- Result in serious dysfunction of any bodily organ or part;
- Place the health of a person, or an unborn child in the case of a pregnant woman, in serious jeopardy;
- With respect to a pregnant woman who is having contractions, for which there is inadequate time to effect a safe transfer to another hospital before delivery or for which transfer may pose a threat to the health or safety of the woman or the unborn child; or
- That is a behavioral health crisis.

“Emergency Services” means, with respect to an Emergency Medical Condition:

- An Emergency Medical Screening Exam or a behavioral health assessment that is within the capability of the emergency department of a hospital, including ancillary services routinely available to the emergency department to evaluate such Emergency Medical Condition; and
- Such further medical examination and treatment as are required under the Emergency Medical Treatment and Active Labor Act (42 U.S.C. 1395dd) to stabilize a patient, to the extent the examination and treatment are within the capability of the staff and facilities available at the Hospital.

“Emergency Medical Screening Exams” include medical history, examination, ancillary tests and medical determinations required to ascertain the nature and extent of an Emergency Medical Condition.

Your Plan covers Emergency Services in the emergency room of any Hospital. **Emergency room Services are covered when your medical condition meets the guidelines for emergency care as stated above. Coverage includes Services to stabilize an Emergency Medical Condition and Emergency Medical Screening Exams.**

If you or a Family Member believes that immediate assistance is needed for an Emergency Medical Condition, **call 911 or go to the nearest emergency room.** Tell the emergency personnel the name of your Primary Care Provider and show them your Member ID Card.

Call your Primary Care Provider any time, any day of the week. Your Primary Care Provider or the provider-on-call will tell you what to do and where to go for the most appropriate care.

Please be prepared to pay your Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are responsible for the Copayment/Coinsurance for each Hospital emergency room visit.

If you are admitted to the Hospital from the emergency room, your emergency Services Copayment/Coinsurance does not apply and all Services are subject to the Inpatient Services benefit shown in your Benefit Summary.

When you are admitted to an Out-of-Network Hospital from the emergency room, your Inpatient Services are covered under your In-Network benefit until your condition becomes stable. Once your condition is stabilized, Providence Health Plan will work with you to arrange transfer to an In-Network facility. This process is called “repatriation.”

Costs for non-emergency medical transport to facilitate repatriation to an In-Network facility are covered in full.

If you decline transfer to an In-Network facility once we have determined that repatriation is medically appropriate, the additional days spent at the Out-of-Network Hospital will be subject to your Out-of-Network benefits.

Note: While Emergency Services received from Out-of-Network Providers at Out-of-Network Facilities are covered under your In-Patient benefit until the time that your condition becomes stable, the Out-of-Network Providers and Out-of-Network Facilities are not contracted with Providence Health Plan. Therefore, the claims are priced using Usual, Reasonable and Customary (UCR) pricing, as described in section 3.3. Unless otherwise prohibited by state or federal law, you may be billed by the Out-of-Network Providers and Out-of-Network Facilities for amounts above the Allowed Amount of the claim, as determined by UCR.

The Plan does not pay for emergency room treatment for medical conditions that are not medical emergencies. Do not go to the emergency room for care that should take place in your provider’s office. Routine care for sore throats, common colds, follow-up care, and prescription drug requests are not considered to be emergencies.

4.5.2 Emergency Medical Transportation

Benefits include Services for emergency medical transportation by state certified ambulance and certified air ambulance transportation. Ambulance Services are provided for transportation to the nearest facility capable of providing the necessary emergency care or to a facility specified by Providence Health Plan. Ambulance transportation solely for personal comfort or convenience is not covered.

Prior Authorization is not required for emergency treatment; however, Providence Health Plan must be notified within 48 hours following the

onset of treatment, or as soon as reasonably possible, in order for coverage to continue. If a Member is to be transferred to an In-Network Provider for continued inpatient care, the cost of Medically Necessary transportation will be covered. Continuing or follow-up care is not a Covered Service unless Prior Authorized by Providence Health Plan.

4.5.5 Urgent Care

Urgent Care is treatment you need right away for an illness or injury that is not life threatening. This includes, but is not limited to, minor sprains, minor cuts and burns, and ear, nose, and throat infections. Routine care that can be delayed until you can be seen by a physician or provider in their office is not Urgent Care.

Whenever you need urgent care, call your Primary Care Provider first. Your Primary Care Provider or the provider-on-call is always available, day or night. They may either suggest that you come to the office or go to an emergency room or Urgent Care center. If you can be treated in your provider's office or at an In-Network Urgent Care center, your out-of-pocket expense will usually be lower.

Please be prepared to pay the Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are also responsible for the applicable Copayment/Coinsurance shown in the Benefit Summary for any ancillary Services received, such as lab tests and X-rays, billed by the Qualified Provider.

If you are admitted to an Out-of-Network Hospital, you, or a relative, should call Providence Health Plan within 48 hours or as soon as reasonably possible.

When you are admitted to an Out-of-Network Hospital from an Urgent Care facility, your Inpatient Services are covered under your In-Network benefit until your condition becomes stable. Once your condition is stabilized, Providence Health Plan will work with you to arrange transfer to an In-Network facility. This process is called "repatriation."

Costs for non-emergency medical transport to facilitate repatriation to an In-Network facility are covered in full.

If you decline transfer to an In-Network facility once we have determined that repatriation is medically appropriate, the additional days spent at the Out-of-Network Hospital will be subject to your Out-of-Network benefits.

Not all Out-of-Network facilities will file a claim on a Member's behalf. If you receive urgent care Services from an Out-of-Network facility, you must submit a claim if the facility or provider does not submit it for you. See section 6.1.1.

You have access to Providence Health Plan's nationwide broad pharmacy network as published in our pharmacy directory.

Providence Health Plan Participating Pharmacies are those pharmacies that maintain all applicable certifications and licenses necessary under state and federal law of the United States and have a contractual agreement with us to provide Prescription Drug Benefits.

Participating Pharmacies are designated as retail, preferred retail, specialty and mail-order Pharmacies. To view a list of Participating Pharmacies, visit our website at www.ProvidenceHealthPlan.com. You also may contact Customer Service at the telephone number listed on your Member ID Card.

- Please present your Member ID Card to the Participating Pharmacy at the time you request Services. If you have misplaced or do not have your Member ID Card with you, please ask your pharmacist to call us.
- All covered Services are subject to the Copayments or Coinsurance listed in your Benefit Summary.
- If you choose a brand-name drug when a generic-equivalent is available, any difference in cost for Prescription Drug Covered Services will not apply to your Calendar Year Deductibles and Out-of-Pocket Maximums.
- The amount paid by a manufacturer discount and/or copay assistance programs for a brand-name drug when a generic equivalent is available may not apply towards your Calendar Year Deductibles and Out-of-Pocket Maximums.
- Participating Pharmacies may not charge you more than your Copayment or Coinsurance. Please contact Customer Service if you are asked to pay more or if you, or the pharmacy, have questions about your Prescription Drug Benefit or need assistance processing your prescription.

- Copayments or Coinsurance are due at the time of purchase. If the cost of your Prescription Drug is less than your Copayment, you will only be charged the cost of the Prescription Drug.
- You may be assessed multiple Copayments for a multi-use or unit-of-use container or package depending on the medication and the number of days supplied.
- You may purchase up to a 90-day supply of each maintenance drugs at one time using a Participating mail service or preferred retail Pharmacy. Not all drugs are covered for more than a 30-day supply, including compounded medications, drugs obtained from specialty pharmacies, and limited distribution pharmaceuticals. To obtain prescriptions by mail, your physician or provider can call in the prescription or you can mail your prescription along with your Providence Health Plan Member ID number to one of our Participating mail-order Pharmacies. To find our Participating mail-order Pharmacies, please visit our website at www.ProvidenceHealthPlan.com. (Not all prescription drugs are available through our mail-order pharmacies.)
- Diabetes supplies and inhalation extender devices may be obtained at your Participating Pharmacy. However, these items are considered medical supplies and devices and are subject to your Medical Supplies benefits, limitations and Copayments and/or Coinsurances. See section 4.9.1 and your Benefit Summary. Diabetes supplies do not include insulin pump devices, which are covered under your Durable Medical Equipment benefit, section 4.9.4.
- Self-administered chemotherapy drugs are covered under section 4.12.8 unless the benefits under this Prescription Drug Benefit allow for a lower out-of-pocket cost to you.
- Injectable medications received in your Provider's office are covered under section 4.3.5.
- Infusions, including infused medications, received at Outpatient Facilities are covered under section 4.7.1.
- Some prescription drugs require Prior Authorization or an exception to the Formulary in order to be covered. These may include select formulary agents, non-formulary agents, step therapy, and/or quantity limits as listed in the Providence Health Plan Prescription Drug Formulary available on our website at www.ProvidenceHealthPlan.com or by contacting Customer Service.
- Providence Health Plan will provide Members prescription synchronization services for maintenance medications. Upon Member or provider request, the Plan will coordinate with Members, providers, and the dispensing pharmacy to synchronize maintenance medication refills so Members can pick up maintenance medications on the same date. Members will be responsible for applicable Copayments, Coinsurances and Deductibles.

4.14.2 Use of Out-of-Network Pharmacies

On rare occasions, such as urgent or emergency situations, you may need to use an Out-of-Network Pharmacy. If this happens, you will need to pay full price for your prescription at the time of purchase.

To request reimbursement, you will need to fill out and submit to Providence Health Plan a Prescription Drug Reimbursement form. This form is available on our website or by contacting Customer Service. When you submit the completed Prescription Drug

Reimbursement form, include any itemized pharmacy receipts, along with an explanation as to why you used an Out-of-. Submission of a claim does not guarantee payment.

If your claim is approved, the Plan will reimburse you the cost of your prescription up to our Participating Pharmacy contracted rates, less your Copayment or Coinsurance if applicable. Reimbursement is subject to your Plan's limitations and exclusions. You are responsible for any amounts above our contracted rates.

International prescription drug claims will only be covered when prescribed for emergent conditions and will be subject to your medical Emergency Services benefit and any applicable Plan limitations and exclusions.

4.14.3 Prescription Drug Formulary

The Formulary is a list of Food and Drug Administration (FDA)-approved prescription drugs. It is designed to offer drug treatment choices for covered medical conditions. Formulary status is given to drugs which meet evidence-based assessment of therapeutic effectiveness, safety, pharmacoeconomic value and offer an important advantage to existing Formulary alternatives.

The Formulary can help you and your Qualified Practitioner choose effective medications that are less costly and minimize your out-of-pocket expense. There are effective generic drug choices that treat most medical conditions.

Not all FDA-approved drugs are covered by Providence Health Plan. Non-formulary drug requests require a formulary exception, and must be FDA-approved, Medically Necessary, and require by law a prescription to dispense. See Section 6.1 under Claims Involving Prior Authorization and Formulary Exception.

Newly approved FDA drugs will be reviewed by the Oregon Region Pharmacy and Therapeutics Committee for safety and Medical Necessity within 12 months after the drug becomes available on the market. In the case of an urgent situation, Providence Health Plan will authorize the use of a newly approved FDA drug during our review period so a Member does not go without Medically Necessary treatment.

To access the Formulary for your Plan, visit <https://healthplans.providence.org/members/pharmacy-resources/>.

4.14.4 Prescription Drugs

Generic and Brand-Name Prescription Drugs

Both generic and brand-name drugs are covered benefits subject to the terms of your Benefit Summary. In general, generic drugs are subject to lower Copayments or Coinsurances than brand-name drugs. Please refer to your Benefit Summary for your Copayment or Coinsurance information.

If you request a brand-name drug, regardless of the reason or Medical Necessity, you will be responsible for the difference in cost between the brand-name and generic drug, in addition to the brand-name drug Copayment or Coinsurance indicated on the Benefit Summary. Your total cost, however, will never exceed the actual cost of the drug. The difference in cost between the brand-name and generic drug will not be applied toward your Out-of-Pocket

Maximum, and you will continue to be responsible for the difference in cost after your Out-of-Pocket Maximum is met.

Affordable Care Act Preventive Drugs

Affordable Care Act (ACA) preventive drugs are medications, including contraceptives, which are listed in our Formulary and are covered at no cost when received from Participating Pharmacies as required by the ACA. Over-the-counter ACA preventive drugs received from Participating Pharmacies will not be covered in full under the ACA preventive benefit without a written prescription from your Qualified Practitioner. However, over-the-counter contraceptives do not require a written prescription pursuant to Oregon state law.

4.14.5 Prescription Drug Quantity

Prescription dispensing limits, including refills, are as follows:

1. Topicals, up to 60 grams;
2. Liquids, up to eight ounces;
3. Tablets or capsules, up to 100 dosage units;
4. Multi-use or unit-of-use, up to one container or package; as prescribed, not to exceed a 30-consecutive-day supply, whichever is less;
5. FDA-approved women's prescription contraceptives: up to 3-months initial dispensing, then up to 12-months subsequent dispensing at any of our Participating Pharmacies; and
6. Opioids up to 7 days initial dispensing.

Other dispensing limits may apply to certain medications requiring limited use, as determined by our Oregon Region Pharmacy and Therapeutics Committee. Prior Authorization is required for amounts exceeding any applicable medication dispensing limits.

4.14.6 Participating Mail-Order and Preferred Retail Pharmacies

Up to a 90-day supply of prescribed maintenance drugs (drugs you have been on for at least 30 days and that you anticipate continuing on in the future) purchased from a Participating mail-order or preferred retail Pharmacy will be covered subject to the following specific provisions:

1. Qualified drugs under this program will be determined by us. Not all prescription drugs are available through mail-order pharmacy.
2. Not all maintenance prescription drugs are available in 90-day allotments.
3. Copayment(s) will be applied to the quantity stated on your Benefit Summary. (Some quantity limitations and Copayments for unit of use packaging may apply).

When using a mail-order pharmacy, payment is required prior to processing your order. If Providence Health Plan removes a pharmacy from its network, we will notify you of this change at least 30 days in advance. Notification may be done via the online directory or letter depending on the circumstance.

4.14.7 Prescription Drug Limitations

Prescription drug limitations are as follows:

1. All drugs must be Food and Drug Administration (FDA) approved, Medically Necessary and require by law a prescription to dispense. Not all FDA-approved drugs are covered by Providence Health Plan. Newly approved drugs will be reviewed for safety

and Medical Necessity within 12 months after the drug becomes available on the market for Formulary consideration.

2. Certain drugs require Prior Authorization for Medical Necessity, place of therapy, length of therapy, step therapy, number of doses or dispensing limits. Step therapy uses our pharmacy claims history to confirm if certain drugs have been tried first by a Member. If a drug has not been tried first, cannot be tried first, or if the drug history is not available, Prior Authorization is required. For some drugs, Providence Health Plan limit the amount of the drug the Plan will cover. You or your Qualified Practitioner can contact Providence Health Plan directly to request Prior Authorization. If you have questions regarding a specific drug, please call Customer Service.
3. Specialty drugs are injectable, infused, oral, topical, or inhaled therapies that often require specialized delivery, handling, monitoring and administration and are generally high cost. These drugs must be purchased through a Providence Health Plan designated specialty pharmacy. Due to the nature of these medications, specialty drugs are limited to a 30-day supply. Specialty drugs are listed in the Formulary. In rare circumstances specialty medications may be filled for greater than a 30-day supply; in these cases, additional specialty cost share(s) may apply.
4. Self-injectable medications are only covered when they are being self-administered and labeled by the FDA for self-administration; in some cases, a Prior Authorization may be required for the drug. Documentation of self-administration may also be required. Drugs labeled for self-administration that are being administered by a provider will fall to the Member's medical benefit.
5. Medications, drugs or hormones prescribed to stimulate growth are not covered, except when there is a laboratory-confirmed diagnosis of growth hormone deficiency for children through 18 years of age and when prescribed for the treatment of documented pituitary destruction in adults.
6. Compound prescription drugs must contain at least one ingredient that is an FDA-approved prescription drug in a therapeutic amount, must meet our Medical Necessity criteria and must be purchased at a Participating Pharmacy. Compounded drugs from bulk powders that are not a component of an FDA-approved drug are not covered. Claims are subject to clinical review for Medical Necessity and are not guaranteed for payment.
7. In accordance with the ACA, your Plan provides coverage in full of certain medications, including contraceptives, when these medications are purchased from Participating Pharmacies. Not all preventive medications are required to be covered in full by the ACA. Medications in this category may be subject to medical management techniques to determine frequency, method, treatment, or setting. Brand medications for which a generic is available will not be covered in full unless the Member has received Prior Authorization from Providence Health Plan.
8. Vacation supply medication refill overrides are limited to a 30-day supply once per Calendar Year, unless otherwise provided under your Plan. Additional exceptions may be granted on a case-by-case basis.
9. A 30 day supply medication refill override will be granted if you are out of medication and have not yet received your drugs from a participating mail order pharmacy.

4.14.8 Prescription Drug Exclusions

In addition to the Exclusions listed in section 5, Prescription Drug Exclusions are as follows:

6. CLAIMS ADMINISTRATION

This section explains how the Plan treats various matters having to do with administering your benefits and/or claims, including situations that may arise in which your health care expenses are the responsibility of a source other than this Plan.

6.1 CLAIMS PAYMENT

The Plan's payments for most Services are made directly to the providers of Services. Except as otherwise specifically provided in this Plan, if you are billed directly and pay for benefits which are covered by this Plan, reimbursement from the Plan will be made only upon your written notice to the Plan of the payment. Payment will be made to the Subscriber, subject to written notice of claim, or, if deceased, to the Subscriber's estate, unless payment to other parties is authorized in writing by you.

Explanation of Benefits (EOB)

You will receive an EOB from Providence Health Plan after your claim has been processed. An EOB is not a bill. An EOB explains how Providence Health Plan processed your claim, and will assist you in paying the appropriate Member responsibility to your provider. Copayment or Coinsurance amounts, Deductible amounts, services or amounts not covered and general information about our processing of your claim are explained on an EOB.

Time Frames for Processing Claims

If your claim is denied under the Plan, Providence Health Plan will send an EOB to you with an explanation of the denial within 30 days after your claim is received. If additional time is needed to process your claim for reasons beyond Providence Health Plan's control, you will be sent a notice of delay explaining those reasons within 30 days after your claim is received. The processing will then be completed and you will be sent an EOB within 45 days after your claim is received. If additional information is needed from you to complete the processing of your claim, you will be sent a separate request for the information and you will have 45 days to submit the additional information. Once the additional information from you is received, Providence Health Plan will complete the processing of the claim within 30 days.

Claims Involving Prior Authorization and Formulary Exception (Pre-Service Claims)

- **For Prior Authorization of services that do not involve urgent medical conditions:** You and your provider will be notified of Providence Health Plan's decision within two business days after the Prior Authorization request is received. If additional information is needed to process the request, Providence Health Plan will provide written notice to the Member and the provider within two business days of receiving the Prior Authorization request. The Member and the provider will have 15 days to submit the additional information. Within two business days of receipt of the additional information, Providence Health Plan will complete their review and provide written notice of its decision to the Member and the provider. If the information is not received within 15 days, the request will be denied.

- **For Prior Authorization of services that involve urgent medical conditions:** You and your provider will be notified of Providence Health Plan's decision within 24 hours after the Prior Authorization request is received. If additional information is needed to complete the review, the requesting provider or you will be notified within 24 hours after the request is received. The requesting provider or you will then have 48 hours to submit the additional information. The review will then be completed and the requesting provider or you will be notified of Providence Health Plan's decision by the earlier of, (a) 48 hours after the additional information is received or, (b) if no additional information is provided, 48 hours after the additional information was due.
- **For Formulary exceptions:** For standard requests, Providence Health Plan will notify your provider or you of its decision within 72 hours after receipt of the request. For expedited requests, Providence Health Plan will notify your provider or you of its decision within 24 hours after receipt of the request. To qualify for expedited review, the request must be based upon exigent circumstances.

Claims Involving Concurrent Care Decisions. If an ongoing course of treatment for you has been approved under the Plan and it is determined through Concurrent Review procedures to reduce or terminate that course of treatment, Providence Health Plan will provide advance notice to you of that decision. You may request a reconsideration of the decision by submitting an oral or written request at least 24 hours before the course of treatment is scheduled to end. You will then be notified of Providence Health Plan's reconsideration decision within 24 hours after your request is received.

6.1.1 Timely Submission of Claims

The Plan will make no payments for claims received more than 365 days after the date of Service. Exceptions will be made if Providence Health Plan receives documentation that you lacked legal capacity during that period. Payment of claims submitted by the Oregon state Medicaid agency or a prepaid managed care health services organization described in ORS 414.651 (i.e., a Coordinated Care Organization) will be made in accordance with ORS 743B.470, which establishes payment requirements for claims submitted by the Oregon state Medicaid agency.

Payment of all claims will be made within the time limits required by OAR 836-080-0235, the Oregon insurance Division's administrative rule setting standards for prompt payment. Please send all claims to:

Providence Health Plan

P.O. Box 3125

6.1.2 Right of Recovery

The Plan has the right, upon demand, to recover from a recipient the value of any benefit or claim payment that exceeded the benefits available under this Plan. This right of recovery applies to any excess benefit, including (but not limited to) benefits obtained through fraud, error, or duplicate coverage relating to any Member. If timely repayment is not made, the Plan has the right, in addition to any other lawful means of recovery, to deduct the value of the excess benefit from any future benefit that otherwise would have been available to the affected Member(s) from the Plan under any contract.

6.2 COORDINATION OF BENEFITS

This Coordination of Benefits (COB) section applies when a Member has health care coverage under more than one Plan. The term “Plan” is defined below for the purposes of this COB section. The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary plan. The Primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary plan is the Secondary plan. The Secondary plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable expense.

6.2.1 Definitions Relating to Coordination of Benefits

Plan

Plan means any of the following that provides benefits or Services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for Members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.

1. Plan includes: group and individual health insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of group long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental plan, as permitted by law and group and individual insurance contracts and Subscriber contracts that pay or reimburse for the cost of dental care.
2. Plan does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; school accident type coverage; benefits for non-medical components of group long-term care policies; Medicare Supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage listed under (1) or (2) above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

This Plan

This Plan means, as used in this COB section, the part of this contract providing health care benefits to which this COB section applies and which may be reduced because of the benefits of other plans. Any other part of this contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

The order of benefit determination rules listed in section 6.2.2 determine whether This Plan is a Primary plan or Secondary plan when a Member has health care coverage under more than one Plan.

When This Plan is primary, Providence Health Plan determines payment for benefits first before those of any other Plan without considering any other Plan’s benefits. When This Plan is secondary, Providence Health Plan determines benefits after those of another Plan and

may reduce the benefits payable so that all Plan benefits do not exceed 100% of the total Allowable expense.

Allowable expense

Allowable expense means a health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any Plan covering a Member. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering a Member is not an Allowable expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Member is not an Allowable expense.

The following are examples of expenses that are NOT Allowable expenses:

1. The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable expense, unless one of the Plans provides coverage for private hospital room expenses.
2. If the Member is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
3. If the Member is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
4. If the Member is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable expense used by the Secondary plan to determine its benefits.
5. The amount of any benefit reduction by the Primary plan because the Member has failed to comply with the Plan provisions is not an Allowable expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

Closed panel plan

A Closed panel plan is a Plan that provides health care benefits to Members primarily in the form of services through a panel of providers that has contracted with or is employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

Custodial parent

A Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the Dependent child resides more than one half of the Calendar Year excluding any temporary visitation.

6.2.2 Order of Benefit Determination Rules

When a Member is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of any other Plan.
 1. Except as provided in Paragraph (2) below, a Plan that does not contain a COB provision that is consistent with the State of Oregon's COB regulations is always primary unless the provisions of both Plans state that the complying Plan is primary.
 2. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed panel plan to provide out-of-network benefits.
- B. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.
- C. Each Plan determines its order of benefits using the first of the following rules that apply:
 1. Non-Dependent or Dependent. The Plan that covers a Member other than as a Dependent, for example, as an employee, Subscriber or retiree is the Primary plan and the Plan that covers the Member as a Dependent is the Secondary plan. However, if the Member is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the Member as a Dependent; and primary to the Plan covering the Member as other than a Dependent (e.g., a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the Member as an employee, subscriber or retiree is the Secondary plan and the other Plan is the Primary plan.
 2. Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a Member is a Dependent child covered by more than one Plan the order of benefits is determined as follows:
 - a) For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
 - i. The Plan of the parent whose birthday falls earlier in the Calendar Year is the Primary plan; or
 - ii. If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary plan.
 - b) For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - i. If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;
 - ii. If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care

- coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;
- iii. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or
 - iv. If there is no court decree allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the Dependent child are as follows:
 - The Plan covering the Custodial parent, first;
 - The Plan covering the spouse of the Custodial parent, second;
 - The Plan covering the non-custodial parent, third; and then
 - The Plan covering the Dependent spouse of the non-custodial parent, last.
- c) For a Dependent child covered under more than one Plan of individuals who are not the parents of the Dependent child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the Dependent child.
 - d) For a Dependent child:
 - i. Who has coverage under either or both parents' plans and also has coverage as a Dependent under a spouse's plan, the rule in paragraph (5) applies.
 - ii. In the event the Dependent child's coverage under the spouse's plan began on the same date as the Dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in Subparagraph (a) to the Dependent child's parent(s) and the Dependent's spouse.
3. Active Employee or Retired or Laid-off Employee. The Plan that covers a Member as an active employee, that is, an employee who is neither laid off nor retired, is the Primary plan. The Plan covering that same Member as a retired or laid-off employee is the Secondary plan. The same would hold true if a Member is a Dependent of an active employee and that same Member is a Dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
 4. COBRA or State Continuation Coverage. If a Member whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the Member as an employee, subscriber or retiree or covering the Member as a Dependent of an employee, Subscriber or retiree is the Primary plan and the COBRA or state or other federal continuation coverage is the Secondary plan. If the other Plan does not have this rule, and as a result, the Plans do not

agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

5. Longer or Shorter Length of Coverage. The Plan that covered the Member the longer period of time is the Primary plan and the Plan that covered the Member the shorter period of time is the Secondary plan.
6. If the preceding rules do not determine the order of benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than would have paid had This Plan been the Primary plan.

6.2.3 Effect on the Benefits of This Plan

When This Plan is secondary, benefits may be reduced so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable expenses. In determining the amount to be paid for any claim, the Secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable expense under its Plan that is unpaid by the Primary plan. The Secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable expense for that claim. In addition, the Secondary plan shall credit to its plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

If a Member is enrolled in two or more Closed panel plans and if, for any reason, including the provision of services by a non-panel provider, benefits are not payable by one Closed panel plan, COB shall not apply between that Plan and other Closed panel plans.

6.2.4 Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply this COB section and to determine benefits payable under This Plan and other Plans. Providence Health Plan may get the facts needed from, or give them to, other organizations or persons for the purpose of applying this section and determining benefits payable under This Plan and other Plans covering a Member claiming benefits. Providence Health Plan need not tell, or get the consent of, any person to do this. Each Member claiming benefits under This Plan must give us any facts Providence Health Plan needs to apply this section and determine benefits payable.

6.2.5 Facility of Payment

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, This Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. This Plan will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means the reasonable cash value of the benefits provided in the form of services.

6.2.6 Right of Recovery

If the amount of the payments made by This Plan is more than what should have paid under this COB section, This Plan may recover the excess from one or more of the persons This Plan paid or for whom This Plan have paid; or any other person or organization that may be

responsible for the benefits or services provided for the Member. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

6.2.7 Coordination with Medicare

In all cases, coordination of benefits with Medicare will conform with federal statutes and regulations. Medicare means Title XVIII of the Social Security Act, as enacted or amended. Medicare eligibility and how This Plan determines benefit limits are affected by disability and employment status. Please contact Customer Service if you have questions.

In accordance with the “working aged” provisions of the Medicare Secondary Payer Manual, when the Employer Group’s size is less than 20 employees, for Members who are entitled to and enrolled in Medicare Part A, enrollment in Medicare Part B will be assumed and Medicare will be the primary payer and This Plan will coordinate benefits as the secondary payer even if the Medicare-eligible Member has not elected Medicare Part B.

When the Employer Group’s size is 20 individuals or more, Medicare will be considered the secondary payer if the Member is enrolled in Medicare.

Counting individuals for the Employer size:

- Employees counted in the Employer size include the total number of nationwide full-time employees, part-time employees, seasonal employees, and partners who work or who are expected to report for work on a particular day.
- Those not counted in the Employer size include retirees, COBRA-qualified beneficiaries and individuals on other continuation options, and self-employed individuals who participate in the Employer’s group health plan.

6.3 THIRD-PARTY LIABILITY/SUBROGATION

The following provisions will apply when you or any other Member has received Services for a condition for which one or more third parties may be responsible. “Third party” means any person other than the Member (the first party to the provisions of this Plan), and Providence Health Plan (the second party), and includes any insurance carrier providing liability or other coverage potentially available to the Member. For example, uninsured or underinsured motorist coverage, no-fault medical payments (auto, homeowners or otherwise), or other group insurance (including student plans) whether under the Member’s policy or not, are subject to recovery by us as a third-party recovery. Failure by the Member to comply with the terms of this section will be a basis for the Plan to deny any claims for benefits arising from the condition or to terminate the Member’s coverage under this Plan as specified in section 9.4. In addition, you or the Member must execute and deliver to the Plan and to other parties any document requested by us which may be appropriate to confirm or secure the rights and obligations of the Member and the Plan under these provisions.

6.3.1 Third-Party Liability/Subrogation and How It Affects You

Third-party liability refers to claims that are in whole or part the responsibility of someone besides the Plan or the Member. Examples of third-party liability are motor vehicle accidents, workplace injury or illness, and any other situation involving injury or illness, including wrongful death, in which the Member or the Member’s heirs, beneficiaries or relatives have a basis to bring a lawsuit or to make a claim for compensation against any

person or for which the Member or the Member's heirs, beneficiaries or relatives may receive a settlement. Once it has been established that the third party is responsible to pay and is capable of paying for the expenses for the Services caused by that third party, the Plan will not provide benefits for the Services arising from the condition caused by that third party. Such benefits are specifically excluded from coverage under this Plan.

If the Plan makes claim payments on any Member's behalf for any condition for which a third party is responsible, the Plan is entitled to be repaid promptly for those payments, directly out of any recovery from the third party, including any settlement, award, verdict, payment or other monetary recovery.

"Subrogation" means that the Plan may collect directly from the third party to the extent the Plan has paid for third-party liabilities. Because the Plan has paid for the Member's injuries, the Plan, rather than the Member, is entitled to recover those expenses. Prior to accepting any settlement of the Member's claim against a third party, the Member must notify the Plan in writing of any terms or conditions offered in settlement and must notify the third party of the Plan's interest in the settlement established by this provision.

To the maximum extent permitted by law, the Plan is subrogated to the Member's rights against any third party who is responsible for the condition, have the right to sue any such third party in the Member's name, and has a security interest in and lien upon any recovery to the extent of the amount of benefits paid by the Plan and for the Plan's expenses in obtaining a recovery. If the Member should either decline to pursue a claim against a third party that the Plan believes is warranted or refuse to cooperate with the Plan in any third party claim that the Member does pursue, the Plan has the right to pursue such claim directly, including commencing a legal action against such third party or intervening in any action that the Member may have commenced.

To accomplish this process, the Plan needs detailed information from you or from the Member. A questionnaire will be sent to the Member for this information. It should be completed and returned to Providence Health Plan as soon as possible to minimize any claim review delay. If you or the Member has any questions or concerns regarding the questionnaire, please contact Providence Health Plan office. A Providence Health Plan employee who specializes in third-party liability/subrogation can discuss these procedures and what you or the Member needs to do.

6.3.2 Proceeds of Settlement or Recovery

Subject to paragraph 6.3.4 below, if for any reason the Plan is not paid directly by the third party, the Plan is entitled to reimbursement from the Member or the Member's heirs, legal representatives, beneficiaries or relatives, and the Plan may request refunds from the medical providers who treated the Member, in which case those providers will bill the Member for their Services. To the fullest extent permitted by law, the Plan is entitled to the proceeds of any settlement, award, verdict, or other payment that results in a monetary recovery from a third party, whether or not responsibility is accepted or denied by the third party for the condition, whether or not such monetary recovery is described by any person as something other than a recovery of medical expenses incurred by the Plan, and whether or not the Member is alleged to have any fault, under principles of comparative negligence or otherwise. With respect to any workers' compensation recovery, the Plan is entitled to the proceeds whether or not the loss is deemed to be compensable under the workers'

compensation laws. The Plan is entitled to recover up to the full value of the benefits provided by the Plan for the condition, calculated using the Plan's UCR charges for such Services, less the Plan's pro-rata share of the Member's out-of-pocket expenses and attorney fees incurred in making the recovery. The Plan is entitled to such recovery regardless of whether the Member has been fully compensated or "made whole" for the loss caused by the third party, and regardless of whether the Member has been partially compensated for such loss. The Plan is entitled to first priority in repayment, over the Member and over any other person, for such charges.

By accepting benefits under this Plan, the Member acknowledges the Plan's first priority to this repayment and assigns to us any benefits the Member may have from other sources. The Member must cooperate fully with the Plan and Providence Health Plan in recovering amounts paid by the Plan. If any Member seeks damages against the third party for the condition and retains an attorney or other agent for representation in the matter, that Member agrees to require the Member's attorney or agent to reimburse the Plan directly from the settlement or recovery in the amount provided by this section.

The Member must complete the Plan's trust agreement, by which the Member and any Member's attorney (or other agent) must confirm the obligation to reimburse the Plan directly from any settlement or recovery. The Plan may withhold benefits for the Member's condition until a signed copy of this agreement is delivered to the Plan. The agreement must remain in effect and the Plan may withhold payment of benefits if, at any time, the Member's confirmation of the obligations under this section should be revoked. While this document is not necessary for the Plan to exercise the Plan's rights under this section, it serves as a reminder to the Member and directly obligates any Member's attorney to act in accord with the Plan's rights.

6.3.3 Suspension of Benefits and Reimbursement

Subject to paragraph 6.3.4 below, after the Member has received proceeds of a settlement or recovery from the third party, the Member is responsible for payment of all medical expenses for the continuing treatment of the illness or injury that the Plan would otherwise be required to pay under this Plan until all proceeds from the settlement or recovery have been exhausted. If the Member has failed to reimburse the Plan as required by this section, the Plan is entitled to offset future benefits otherwise payable under this Plan, or under any future contract or plan with Clackamas County, to the extent of the value of the benefits advanced under this section.

If the Member continues to receive medical treatment for the condition after obtaining a settlement or recovery from one or more third parties, the Plan is not required to provide coverage for continuing treatment until the Member proves to the Plan's satisfaction that the total cost of the treatment is more than the amount received in settlement or recovered from the third party, after deducting the cost of obtaining the settlement or recovery. The Plan will only cover the amount by which the total cost of benefits that would otherwise be covered under this Plan, calculated using the Plan's UCR charges for such Services, exceeds the amount received in settlement or recovery from the third party. The Plan is entitled to suspend such benefits even if the total amount of such settlement or recovery does not fully compensate the Member for other damages, particularly including lost wages or pain and suffering.

Any settlement arising out of an injury or illness covered by this Plan will be deemed first to compensate you for your medical expenses, regardless of any allocation of proceeds in any settlement document that the Plan has not approved in advance. In no event shall the amount reimbursed to the Plan be less than the maximum permitted by law.

6.3.4 Special Rules for Motor Vehicle Accident Cases

If the third party recovery is payable to you or any enrolled Family Member as the result of a motor vehicle accident or by a motor vehicle liability or underinsured insurer, the rules in paragraphs 6.3.2 and 6.3.3 above are modified as provided below.

Before the Plan will be entitled to recover from under a settlement or recovery, you or your enrolled Family Member must first have received full compensation for your injuries. The Plan's entitlement to recover will be payable only from the total amount of the recovery in excess of the amount that fully compensates for the injured person's injuries.

The Plan will not deny or refuse to provide benefits otherwise available to you or your enrolled Family Member because of the possibility that a third party recovery may potentially be available against the person who caused the accident or out of motor vehicle liability or underinsurance coverage.

Authorized Representative

An individual who by law or by the authorization of a Member may act on behalf of the Member.

Concurrent Care

An approved ongoing course of treatment to be provided over a period of time or for a specified number of treatments.

Grievance

- In writing, for an internal Appeal or an external review; or in writing or orally, for an expedited response or an expedited external review; or
- A written complaint submitted by a Member or an Authorized Representative of a Member regarding the:
 - Availability, delivery or quality of a health care service;

- Claims payment, handling or reimbursement for health care services and, unless the Member has not submitted a request for an internal Appeal, the complaint is not disputing an Adverse Benefit Determination; or
- Matters pertaining to the contractual relationship between a Member and Providence Health Plan.

7.2.1 Your Grievance and Appeal Rights

If you disagree with Providence Health Plan's decision about your medical bills or health care services, you have the right to an internal review. You may request review if you have received an Adverse Benefit Determination. You may also file a quality of care or general complaint or grievance with Providence Health Plan. You may appoint an Authorized Representative to act on your behalf during your Grievance or Appeal. Please include as much information as possible including the date of the incident, the names of individuals involved, and the specific circumstances. In filing a Grievance or Appeal:

- You can submit written comments, documents, records and other information relating to your Grievance or Appeal and Providence Health Plan will consider that information in the review process.
- You can be represented by anyone of your choice at all levels of Appeal.

Request for Claim/Appeal File and Additional Information:

This includes the specific internal rule, guidelines, protocol, or other similar criterion relied upon to make the Adverse Benefit Determination, as well as a copy of your claim or appeal file as applicable.
- You also have the right to request free of charge, at any time, the diagnostic and treatment codes and their meanings that are the subject of your claim or appeal.

Filing a Grievance or Appeal does not affect your right to receive benefits for Covered Services as otherwise provided under this Plan.

If you receive the services that were denied in the Adverse Benefit Determination, and if the Adverse Benefit Determination is upheld by internal or external review, you will be financially responsible for any benefits paid by the Plan for such services.

To the extent possible, Customer Service will resolve complaints filed by telephone at the point of service by. We will acknowledge all non-urgent pre-service and post-service Grievances and Appeals within seven days of receipt and resolve within 30 days or sooner depending on the clinical urgency. Once a final determination is made you will be sent a written explanation of the decision.

7.2.3 External Review

If you are not satisfied with the internal Grievance or Appeal and your Appeal involves (a) Medically Necessary treatment, (b) Experimental/Investigational treatment, (c) an active course of treatment for purposes of continuity of care, (d) whether a course of treatment is delivered in an appropriate setting at an appropriate level of care or (e) an exception to the Plan's prescription drug formulary, you may request an external review by an IRO. Your request must be made in writing within 180 days of receipt of the internal Grievance or Appeal decision or that internal decision will become final. If you agree, Providence Health Plan may waive the requirement that you exhaust the internal review process before beginning the External Review process. Providence Health Plan will notify the Oregon Insurance Division within two business days of receiving your request for external review, at which point an IRO will be assigned to the case by the Oregon Insurance Division and Providence Health Plan will forward complete documentation regarding the case to the IRO.

The IRO will notify you and Providence Health Plan of its decision within three days for expedited reviews and within 30 days when not expedited. **The Plan and Providence Health Plan agree to be bound by and to comply with the IRO decision when the decision involves, (a) Medically Necessary treatment, (b) Experimental/Investigational treatment, (c) an active course of treatment for purposes of continuity of care, (d) whether a course of treatment is delivered in an appropriate setting at an appropriate level of care or (e) an exception to the Plan's prescription drug formulary.**

The Plan pays for all costs for the handling of external review cases and Providence Health Plan administers these provisions in accordance with the insurance laws and regulations of

the State of Oregon. **If we do not comply with the IRO decision, you have the right to sue us under applicable Oregon law.**

8.1.1 Employee Eligibility Date

An employee is eligible for coverage as specified in the Eligible Employee definition.

8.1.2 Employee Effective Date

Coverage begins for an Eligible Employee as specified in the Effective Date of Coverage definition.

8.1.3 Employee Enrollment

The Eligible Employee must enroll on forms (paper or electronic) provided and/or accepted by Clackamas County. To obtain coverage, an Eligible Employee must enroll within 30 days to enroll after becoming eligible. An enrolled Eligible Employee is referred to as the Subscriber.

If you decline coverage or fail to enroll when you first become eligible, the next earliest time you may enroll is the next occurring Open Enrollment Period.

In certain situations, you and/or your Eligible Family Dependents may qualify to enroll during a special enrollment period. See section 8.3 for additional information.

8.2 DEPENDENT ELIGIBILITY AND ENROLLMENT

8.2.1 Eligibility Date

Coverage begins for each Eligible Family Dependent on:

1. The Effective Date of Coverage for the Subscriber if the individual is an Eligible Family Dependent on that date;
2. For any Eligible Family Dependents acquired on the date of the Subscriber's marriage, on the first day of the calendar month following receipt of the enrollment request, within 60 days of the Subscriber's marriage;
3. The date of birth of the biological child of the Subscriber or Spouse;
4. The date a child is placed with the Subscriber or Spouse for the purpose of adoption by the Subscriber or Spouse;
5. The date the Subscriber or Spouse is required to provide health coverage to a child under a qualified medical child support court or administrative order; or
6. The date on which legal guardianship status begins.

8.2.2 Additional Requirements for Eligible Family Dependent Coverage

An Eligible Employee may cover Eligible Family Dependents ONLY if the Eligible Employee is also covered, and Clackamas County receives the completed enrollment form requesting Dependent coverage.

8.2.3 Eligible Family Dependent Enrollment

You must enroll Eligible Family Dependents on forms provided and/or accepted by Clackamas County. No Eligible Family Dependent will become a Member until Clackamas County approves that Eligible Family Dependent for coverage. To obtain coverage, the Eligible Family Dependent must enroll within 30 after becoming eligible as indicated in section 8.2.1 (see section 8.2.4 regarding newborn and adopted children). The next earliest time your Eligible Family Dependent may enroll is the next occurring Open Enrollment Period. In addition, an Eligible Employee and/or Eligible Family Dependent may qualify to enroll during a special enrollment period as described in section 8.3.

8.2.4 Newborn Eligibility and Enrollment

A newborn or adopted child of a Member who meets the definition of an Eligible Family Dependent is eligible for coverage from the date of birth or placement for the purpose of adoption as long as enrollment occurs within 60 days from birth or placement and additional Premium, if any, is paid to Clackamas County. If the enrollment and payment of additional Premium, if any, are not accomplished within this time period, no Services will be covered for the child. Enrollment after this time period may be accomplished as outlined in sections 8.2.3 and 8.3.

8.2.5 Open Enrollment Period

Clackamas County will provide an Open Enrollment Period each Plan Year. The Effective Date of Coverage for new Members who enroll during the Open Enrollment Period is the first day of the Plan Year for which they enroll.

8.2.6 Changes in Eligibility

When an eligibility change occurs, you need to make sure Clackamas County is notified of the change. Address changes can be made by contacting Clackamas County Benefits & Wellness.

For the following changes, you, as the Subscriber, must obtain an enrollment form from Clackamas County's benefit office. You need to submit this form to your Employer for you and all your Eligible Family Dependents when:

- You marry and wish to enroll your new Spouse;
- A Dependent's limiting age occurs; or
- You or one of your Dependents has a legal name change.

If you have questions regarding eligibility changes, please contact Clackamas County Benefits & Wellness.

8.2.7 Members No Longer Eligible for Coverage

If you divorce or are legally separated, your Spouse is no longer eligible for coverage as a Dependent. You must disenroll your Spouse as a Dependent from your Plan at the time the divorce or legal separation is final. Your Spouse's children will be able to continue coverage under the Plan so long as the children continue to qualify as your Eligible Family Dependents.

You must inform Clackamas County of these changes by completing a new enrollment form. Check with Clackamas County's benefits office or contact Customer Service to determine the effective date of any enrollment or disenrollment.

Those who no longer qualify as your Eligible Family Dependents may be eligible to continue coverage as described under section 10. Ask Clackamas County or call Customer Service for continuation coverage eligibility information.

8.3 SPECIAL ENROLLMENT PERIODS

If you declined enrollment for yourself as a Subscriber or for an Eligible Family Dependent (including your Spouse) during a previous enrollment period (as stated in sections 8.1 and 8.2), you may be eligible to enroll yourself or the Eligible Family Dependent during a "special enrollment period" provided that you request enrollment within 60 days of the qualifying event and meet the applicable requirements stated in this section.

In instances where an Eligible Family Dependent of a Subscriber qualifies for a "special enrollment period," the Subscriber and the Eligible Family Dependent may:

- Enroll in the coverage currently elected by the Subscriber; or
- Enroll in any benefit option offered by the Employer for which the Subscriber and Eligible Family Dependent is eligible.

8.3.1 Loss of Other Coverage

If you declined enrollment for yourself as a Subscriber or for an Eligible Family Dependent (including your Spouse) because of other health coverage and you lose that other coverage, the Plan will provide a "special enrollment period" for you and/or your Eligible Family Dependent if:

- a) The person was covered under a group health plan or had other health coverage (includes benefits consisting of medical care under any hospital or medical services policy or certificate, or HMO) at the time coverage under this policy was first offered to the person; and
- b) The person stated in writing that coverage under such group health plan or health coverage was the reason for declining enrollment; but only if the Plan required such a statement and provided the person with notice of such requirement (and the consequences of such requirement) at such time; and
- c) Such coverage:
 - was under a COBRA Continuation provision and the coverage under such a provision was exhausted, except when the person failed to pay timely premium, or if coverage terminated for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact); or
 - was not under a COBRA Continuation provision and the coverage was terminated as a result of:
 1. The individual's loss of eligibility for the coverage; including as a result of legal separation, divorce, death, termination of employment, or a reduction in the number of hours of employment; except when the person failed to pay timely premium or if coverage terminated for cause (such as making a fraudulent claim or an intentional misrepresentation of material fact); or

2. The individual's loss of eligibility for coverage under the Children's Health Insurance Program (CHIP), Medicaid, Medicare, TRICARE, Indian Health Service or domestic or foreign publicly sponsored or subsidized health plan; including but not limited to the Oregon Health Plan (OHP); and the individual applies for coverage under this Plan within 63 days of the termination of such coverage; or
3. The termination of contributions toward such coverage by the current or former Employer; or
4. The individual incurring a claim that exceeds the lifetime limit on benefits; and the individual applies for coverage under this Plan within 60 days after the claim is denied.

Effective Date: Coverage under this Plan will take effect on the first day after the other coverage ended.

8.3.2 New Dependents

If you were eligible to enroll as a Subscriber under this Plan, but did not enroll during a previous enrollment period, and a person becomes your Eligible Family Dependent through marriage, birth, adoption or placement for adoption; the Plan will provide a "special enrollment period" during which you and your Eligible Family Dependent(s) may enroll under this Plan.

The "special enrollment period" shall be a period of 60 days and begins on the later of:

- the date Dependent coverage is made available under this Plan; or
- the date of the marriage, birth, or adoption or placement for adoption.

Effective Date:

- in the case of marriage, on the first day of the calendar month following Clackamas County's receipt of the enrollment request, or on an earlier date as agreed to by Clackamas County; or
- in the case of a Dependent's birth, on the date of such birth; or
- in the case of a Dependent's adoption or placement for adoption, the date of such adoption or placement for adoption; or
- in the case of legal guardianship of a Dependent, the date such legal guardianship status begins.

8.3.3 Court Orders

If you were eligible to enroll as a Subscriber under this Plan, but did not enroll during a previous enrollment period, and a court orders you to provide coverage for a Spouse or minor child under your Health Benefit Plan, the Plan will provide a "special enrollment period" for you and the Spouse or minor child you are ordered to provide coverage for if you request enrollment within 60 days after the issuance of the court order.

Effective Date: The date specified in the court order.

8.3.4 Premium Assistance

If you or your Eligible Family Dependent were eligible to enroll under this Plan but did not enroll during a previous enrollment period, and you or your Eligible Family Dependent

becomes entitled to group health plan premium assistance under a Medicaid-sponsored or Children's Health Insurance Program (CHIP)-sponsored arrangement, the Plan will provide a "special enrollment period" for you and your Family Member(s) if you request enrollment within 60 days after the date of entitlement.

8.4 LEAVE OF ABSENCE AND LAYOFFS

A Subscriber on leave of absence or layoff status may continue to be covered under this Plan as though actively at work for a period of time, if any, as stated in the Eligible Employee definition. An Employee who returns to work as an Eligible Employee after coverage has lapsed must re-enroll for coverage as specified in section 8.1.3.

For the Subscriber, a leave of absence granted under the federal Family and Medical Leave Act (FMLA), the Uniformed Services Employment and Reemployment Rights Act (USERRA), is administered in accordance with those Acts and this Summary Plan Description.

9. TERMINATION OF MEMBER COVERAGE

9.1 TERMINATION DATES

Termination of Member coverage under this Plan will occur on the earliest of the following dates:

1. The date this Plan terminates;
2. The last day of the coverage period in which a Subscriber terminates employment with Clackamas County;
3. The last day of the coverage period in which a Subscriber no longer qualifies as a Subscriber, as stated in the Summary Plan Description;
4. The date a Member enters full-time military, naval or air service, except as provided under federal USERRA requirements;
5. The last day of the coverage period in which a Subscriber retires;
6. The last day of the month in which the Subscriber makes a written request for termination of coverage to be effective for the Subscriber or Member;
7. For a Family Member, the date the Subscriber's coverage terminates;
8. For a Family Member, the last day of the month in which the individual no longer qualifies as an Eligible Family Dependent;
9. For any benefit, the date the benefit is deleted from this Plan;
10. For a Member, the date of disenrollment from this Plan as described in section 9.4;
11. For a Member, the date any fraudulent information is provided; or
12. For a Member, the date we discover any breach of contractual duties, conditions or warranties, as determined by us.
13. For a Subscriber that is a Non-Medicare Eligible Early Retiree, the last day of the month in which the Retiree becomes eligible for Medicare.

You and the Employer are responsible for advising Clackamas County of any changes in eligibility including the lack of eligibility of a Family Member. Coverage will not continue beyond the last date of eligibility, regardless of the lack of notice to Clackamas County.

See section 7, Problem Resolution, for your Grievance and Appeal rights.

9.2 TERMINATION AND RESCISSION OF COVERAGE DUE TO FRAUD OR ABUSE

Coverage under this Plan, either for you or for your covered Dependent(s), may be rescinded (meaning your coverage is retroactively canceled) or terminated in case of a fraud or intentional misrepresentation of material fact by you or by your covered Dependent in obtaining, or attempting to obtain, benefits under this Plan.

If coverage is rescinded, the Plan will retain any money you paid for coverage as liquidated damages and will have the right to recover from you or from your covered Dependents the benefits paid as a result of such wrongful activity. Providence Health Plan will provide all affected Plan participants with 30 days' notice before rescinding your coverage.

9.3 NON-LIABILITY AFTER TERMINATION

Upon termination of this Plan, Clackamas County shall have no further liability beyond the effective date of the termination unless the Member continues, without lapse of membership, under another Clackamas County plan.

9.4 DISENROLLMENT FROM THIS PLAN

“Disenrollment” means that your coverage under this Plan is terminated because you have engaged in fraudulent, dishonest or threatening behavior, such as:

1. You have filed a false claim with the Plan;
2. You willfully fail to provide information or documentation required to be provided under this Plan or knowingly provide incorrect or incomplete information;
3. You have committed an act of physical or verbal abuse that poses a threat to providers, to other Members, or to Clackamas County or Providence Health Plan employees; or
4. You have allowed a non-Member to use your Member ID Card to obtain Services.

9.5 NOTICE OF CREDITABLE COVERAGE

Providence Health Plan will provide upon request written certification of the Member’s period of Creditable Coverage when:

- A Member ceases to be covered under this Plan;
- A Member on COBRA coverage ceases that coverage; and
- A Member requests a Notice of Creditable Coverage within 24 months of the termination of coverage.

9.6 CLACKAMAS COUNTY’S RIGHT TO TERMINATE OR AMEND PLAN

Clackamas County reserves the right at any time to terminate or amend in whole or part any of the provisions of the Plan or any of the benefits provided under the Plan. Any such termination or amendment may take effect retroactively or otherwise. In the event of a termination or reduction of benefits under the Plan, the Plan will be liable only for benefit payments due and owing as of the effective date of such termination or reduction and no payments scheduled to be made on or after such effective date will result in any liability to the Plan or Clackamas County.

10. CONTINUATION OF GROUP MEDICAL BENEFITS

If you become ineligible for coverage under this Plan you may, under certain circumstances, continue group coverage. There are specific requirements, time frames and conditions that must be followed in order to be eligible for continuation of group coverage and which are generally outlined below. Please contact Clackamas County as soon as possible for details if you think you may qualify for group COBRA or state continuation coverage.

10.1 COBRA CONTINUATION COVERAGE

The Consolidated Omnibus Budget Reconciliation Act (COBRA) is a federal law that applies to most Employers with 20 or more employees. Some Employers, such as church groups and state agencies, may be exempt from COBRA. The law requires that Employers subject to COBRA offer Employees and/or their Dependents continuation of medical and dental coverage in certain instances where there is a loss of group coverage.

10.1.1 Subscriber's Continuation Coverage

A Subscriber who is covered under this Plan may elect continuation coverage under COBRA if coverage is lost due to termination of employment (other than for gross misconduct) or a reduction in work hours.

10.1.2 Spouse's or Domestic Partner's Continuation Coverage

A Spouse or Domestic Partner who is covered under this Plan has the right to elect continuation coverage under COBRA if coverage is lost for any of the following qualifying events:

- The death of the Subscriber;
- The termination of the Subscriber's employment (for reasons other than gross misconduct) or reduction in hours;
- The divorce or legal separation of the Subscriber and the Spouse;
- Termination of the domestic partnership; or
- The Subscriber becomes covered under Medicare.

10.1.3 Dependent's Continuation Coverage

A Dependent child who is covered under this Plan has the right to continuation under COBRA if coverage is lost for any of the following qualifying events:

- The death of the Subscriber;
- The termination of the Subscriber's employment (other than for gross misconduct) or reduction in a Subscriber's hours;
- The Subscriber's divorce or legal separation;
- Termination of the domestic partnership;
- The Subscriber becomes covered under Medicare; or
- The child ceases to qualify as an Eligible Family Member under this Plan.

A newborn child or a child placed for adoption who is properly enrolled under the terms of this Plan during the COBRA continuation period will be a qualified beneficiary.

10.1.4 Notice Requirements

A Family Member's coverage ends on the last day of the month in which a divorce, legal separation or termination of domestic partnership occurs or a child loses Dependent status under this Plan. **Under COBRA, you or your Family Member has the responsibility to notify Clackamas County if one of these events occurs.** Written notice must be given no later than 60 days after the loss of coverage has occurred, or the qualifying event, whichever is later. Oral notice is not binding until confirmed in writing. If notice is not timely given, continuation coverage will not be available.

When Clackamas County receives notification of one of the above "qualifying" events, you will be notified that you or your Family Member, as applicable, have 60 days from the date coverage is lost or the date you receive the notice, whichever is later, to elect continuation coverage. If this election is not made within this 60-day period, your right to elect continuation coverage under this Plan will be lost.

10.1.5 Type of COBRA Continuation Coverage

A qualified beneficiary will be provided the same coverage that was in effect immediately prior to the qualifying event.

10.1.6 COBRA Election Rights

A Subscriber or their Spouse or Domestic Partner may elect continuation coverage for all covered Family Members. In addition, each Family Member has an independent right to elect COBRA. Thus, a Family Member may elect continuation coverage even if the Subscriber does not.

10.1.7 COBRA Premiums

If you are eligible for COBRA continuation coverage, you do not have to show that you are insurable (that you do not have any serious health conditions). However, you must pay the full premium for your continuation coverage, including the portion of the premium Clackamas County was previously paying. After you elect COBRA, you will have 45 days from the date of election to pay the first premium. You must pay the premium back to the point you would otherwise have lost coverage under this Plan. After that, you must pay the premium for each month as of the first of the month, and in all events within 30 days. If you fail to pay your monthly premium, you will be notified that your coverage is being terminated.

10.1.8 Length of COBRA Continuation Coverage

18-Month Continuation Period

When coverage ends due to a Subscriber's termination of employment (other than for gross misconduct) or a reduction in hours, the continuation period for the Subscriber and all covered Family Members will be 18 months from the date of the qualifying event, or the date coverage is lost, whichever is later.

29-Month Continuation Period

If a qualified beneficiary is disabled, continuation coverage for that qualified beneficiary and their covered Family Members may continue for up to 29 months from the date of the original qualifying event, or loss of coverage, whichever is later. The 29-month period applies only if the following conditions are met:

- The Social Security Administration (SSA) determines that the qualified beneficiary is disabled at any time prior to the qualifying event or during the first 60 days of COBRA continuation coverage; and
- The qualified beneficiary provides Clackamas County with a copy of the SSA determination within the initial 18-month continuation period and not later than 60 days after the SSA determination was issued.

The premium for COBRA continuation coverage may increase after the 18th month to 150% of the otherwise applicable amount.

If the SSA makes a final determination of non-disability, the qualified beneficiary must notify the COBRA Administrator within 30 days.

36-Month Continuation Period

If a Spouse, Domestic Partner or Dependent child loses coverage because of any of the following reasons, COBRA provides for up to 36 months of continuation of coverage:

- The Subscriber's death;
- The Subscriber's eligibility for Medicare;
- Divorce or legal separation;
- Termination of the domestic partnership; or
- A child becomes ineligible for Dependent coverage.

10.1.9 Extension of Continuation Period

If a second qualifying event occurs during the initial 18- or 29-month continuation period (for example, the death of the employee, divorce, or child loses status as an Eligible Family Member under the Plan), coverage for a qualified beneficiary may be extended up to 36 months. However, in no case will the continuation coverage exceed 36 months from the date of the original qualifying event.

If a Spouse or Dependent child has continuation coverage due to the employee's termination or reduction in hours and if the qualifying event occurred within 18 months after the employee became entitled to Medicare, the coverage period is extended to 36 months from the employee's Medicare entitlement date.

10.1.10 Trade Act of 2002

The Trade Act of 2002 created a new tax credit for certain individuals who become eligible for trade adjustment assistance (TAA). TAA allows workers displaced by the impact of foreign trade, and individuals age 55 or older who are receiving pension benefits paid by the Pension Benefit Guaranty Corporation (PBGC), to elect COBRA coverage during the 60-day period that begins on the first day of the month in which the individual first becomes eligible for TAA benefits. Eligible individuals can either take a tax credit or get advance payment of sixty-five percent of premiums paid for qualified health insurance, including continuation coverage. If you have questions about these tax provisions, you may call the Health Care Tax

Credit Customer Contact Center toll-free at 866-628-4282. TTD/TTY caller may call toll-free at 866-626-4282. More information about the Trade Act is also available at <http://www.doleta.gov/tradeact/>.

10.1.11 When COBRA Continuation Coverage Ends

COBRA Continuation coverage will end automatically for you and your Family Members when any of the following events occurs:

- Clackamas County no longer provides health coverage to any employees;
- The premium for the continuation coverage is not paid on time;
- The qualified beneficiary (employee, spouse or dependent child) later becomes covered under another health plan;
- The qualified beneficiary (employee, spouse, or dependent child) later becomes entitled to Medicare;
- The earliest date that the qualified beneficiary no longer qualifies for such coverage in accordance with the federal COBRA regulations; or
- The applicable maximum period of continuation coverage occurs.

As a participant in Clackamas County's Group Plan, you are entitled to certain rights and protections under Oregon law, which provides that all Plan participants are entitled to:

- 1. Receive from Providence Health Plan information maintained about you by your Employer's group plan**
 - You are entitled within 30 days to access to recorded personal information, provided you request it in writing and reasonably describe the information.

2. Continue group health coverage

3. Enforce your rights

If your claim for a plan benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to Appeal any denial, all within certain time schedules.

As more fully described in section 7, the Plan offers a Grievance process that attempts to resolve the concerns Members may have about claims decisions. No civil action may be brought to recover benefits from this Plan until receipt of a final decision under the Member Grievance and Appeal process specified in section 7.2 of this Summary Plan Description. If the Member elects to seek external review under section 7.2.4, both the Plan and the Member will be bound by the Independent Review Organization (IRO) decision. No civil action may be brought later than three years after the date of the last decision rendered under the Member Grievance and Appeal process specified in section 7.2.

Member's sole right of Appeal from a final Grievance determination, other than a determination referred for binding determination by an independent review organization, shall be to an Oregon state court, either in the Member's county of residence or such other county as mutually agreed upon between the Member and the Plan. In the alternative, Member may request that the Plan agree to submit the dispute to binding arbitration before a single arbitrator appointed by the United States Arbitration & Mediation Service (USA&M) under Oregon law in the Member's county (unless otherwise mutually agreed) in accordance with USA&M's Rules for Arbitration. If arbitration is mutually agreed upon the arbitrator's decision shall be final and legally binding and judgment may be entered thereon. Irrespective of whether the Grievance is appealed to a court or an arbitrator, neither party shall under any circumstance be liable to the other for any special, incidental, or consequential damages, or for any tort liability (including any punitive or exemplary damages), in any way related to this Plan.

12. QUALIFIED MEDICAL CHILD SUPPORT ORDERS (QMCSO)

A child of an Eligible Employee will be enrolled in the Plan as required by a qualified medical child support order. The procedures and rules regarding this enrollment are described in this section.

12.1 DEFINITIONS

For purposes of this section, the following definitions shall apply:

“Alternate Recipient” means any child of an employee who is recognized under an Order as having a right to enrollment under the Plan with respect to such employee.

An “Order” means any judgment, decree, or order (including approval of a settlement agreement) issued by a court of competent jurisdiction (or through an administrative process established under a state law which has the effect of a court order) which:

- Provides for child support with respect to a child of an employee under the Plan or provides for health benefit coverage to such a child, is made pursuant to a state domestic relations law (including a community property law), and relates to benefits under the Plan; or
- Enforces a state law relating to medical child support with respect to the Plan.

A “Qualified Medical Child Support Order” or “QMCSO” means an Order:

- Which creates or recognizes the existence of an Alternate Recipient’s right to receive, or assigns to an Alternate Recipient the right to receive, benefits for which an employee or beneficiary is eligible under the Plan; and
- With respect to which Clackamas County has determined satisfies the QMSCO standards set forth below.

“Procedures” means the Qualified Medical Child Support Order procedures as prescribed in this section.

“Designated Representative” means a representative designated by an Alternate Recipient to receive copies of notices that are sent to the Alternate Recipient with respect to an Order.

12.2 NOTICE UPON RECEIPT OF ORDER

Upon the receipt of any Order, Clackamas County will promptly notify the employee and each Alternate Recipient identified in such Order of the receipt of such Order, and will further furnish them each with a copy of these Procedures. If the Order or any accompanying correspondence identifies a Designated Representative, then copies of the acknowledgment of receipt notice and these Procedures will also then be provided to such Designated Representative.

12.3 NOTICE OF DETERMINATION

Within a reasonable period after its receipt of the Order, Clackamas County will determine whether the Order satisfies the QMCSO standards described below so as to constitute a QMCSO, and shall thereupon notify the employee, each Alternate Recipient, and any Designated Representative of such determination.

An Order will not be deemed to be a QMCSO unless the Order:

(a) Clearly specifies:

1. The name and last known mailing address (if any) of the employee and of each Alternate Recipient covered by the Order (or the name and mailing address of a State or agency official acting on behalf of the Alternate Recipient);
2. Either a reasonable description of the type of coverage to be provided under the Plan to each Alternate Recipient, or the manner in which such type of coverage is to be determined; and
3. The period to which the Order applies.

(b) Does not require the Plan to provide any type or form of benefit, or any option, not otherwise provided under the Plan, except to the extent that the Order pertains to the enforcement of a state law relating to a medical child support.

If an Order contains inconsistencies or ambiguities that might pose a risk of future controversy or liability to the Plan, the Order will not be considered to be a QMCSO.

12.4 ENROLLMENT OF ALTERNATE RECIPIENT

An Alternate Recipient with respect to an Order determined to be a QMCSO who properly submits the applicable enrollment forms to Clackamas County will become covered under the Plan to which such Order applies as soon as practicable after the applicable enrollment forms are received. An Alternate Recipient will be eligible to become covered under the Plan as of a particular date without regard to any open enrollment period restrictions otherwise applicable under the Plan.

12.5 COST OF COVERAGE

An Alternate Recipient will be treated as having been voluntary enrolled in the Plan by the employee as a dependent of such employee, including in regard to the payment by the employee for dependent coverage under the Plan. The amount of any required contributions to be made by the Employee for coverage under the Plan will be determined on the basis of the Alternate Recipient being treated as the employee's covered dependent. Any additional required contribution attributable to the coverage of the Alternate Recipient will not be separately charged. Rather, the full amount of the required contribution shall be paid by the employee in accordance with the payroll deduction or other procedures of the Plan as pertaining to the employee.

12.6 REIMBURSEMENT OF PLAN EXPENSES

Unless the terms of the Order provide otherwise, any payments to be from the Plan as reimbursement for group health expenses paid either by the Alternate Recipient, or by the custodial parent or legal guardian of the Alternate Recipient, will not be paid to the employee. Rather, such reimbursement will be paid either to the Alternate Recipient, or to the custodial parent or legal guardian of such Alternate Recipient. However, if the name and address of a State or agency official has been substituted in the Order for that of the Alternate Recipient, then the reimbursement will be paid to such named official.

12.7 STATUS OF ALTERNATE RECIPIENT

An Alternate Recipient under a QMCSO generally will be considered a beneficiary of the Employee under the Plan to which the Order pertains.

12.8 TREATMENT OF NATIONAL MEDICAL SUPPORT NOTICE

If Clackamas County receives an appropriately completed National Medical Support Notice (a "National Notice") issued pursuant to the Child Support Performance and Incentive Act of 1998 in regard to an employee who is a non-custodial parent of a child, and if the National Notice is determined by Clackamas County to satisfy the QMCSO standards prescribed above, then the National Notice shall be deemed to be a QMCSO respect to such child.

Clackamas County, upon determining that the National Notice is a QMCSO, shall within forty (40) business days after the date of the National Notice notify the State agency issuing the National Notice of the following:

- (a) Whether coverage of the child at issue is available under the terms of the Plan, and if so, as to whether such child is covered under the Plan; and
- (b) Either the effective date of the coverage or, if necessary, any steps to be taken by the custodial parent (or by the State or agency official acting on behalf of the child) to effectuate the coverage under the Plan.

Clackamas County shall within such time period also provide to the custodial parent (or such substituted official) a description of the coverage available and any forms or documents necessary to effectuate such coverage.

Nothing in this section shall be construed as requiring the Plan, upon receipt of a National Notice, to provide benefits under the Plan (or eligibility for such benefits) in addition to benefits (or eligibility for benefits) provided under the terms of the Plan as in effect immediately before receipt of such National Notice.

13. GENERAL PROVISIONS

Members warrant that all information contained in applications, questionnaires, forms, or statements submitted to Clackamas County and to Providence Health Plan to be true, correct, and complete. An appeal from a final Grievance decision may lie with an Independent Review Organization (IRO). In the event a right to IRO review exists and the Member elects to seek such review, the IRO decision will be binding and final, as indicated in section 7.2.4. No civil action under ERISA or otherwise may be brought later than three years after the date of the last decision rendered under the Member Grievance and Appeal process specified in section 7.2. 13.13 NO RECOURSE FOR ACTS OF PROVIDERS

The Hospitals, Skilled Nursing Facilities, physicians and other persons or organizations providing Services to you do so as independent contractors. Neither Clackamas County nor Providence Health Plan is liable for any claim or demand due to damages arising out of, or in any manner connected with, any injuries suffered by you while receiving such Services.

13.14 NON-WAIVER

No delay or failure when exercising or enforcing any right under this Plan shall constitute a waiver or relinquishment of that right, and no waiver or any default under this Plan shall constitute or operate as a waiver of any subsequent default. 13.16 NOTICE REQUIRED FOR REIMBURSEMENT AND PAYMENT OF CLAIM

Plan payments for most Services are made directly to the providers of Services. Except as otherwise specifically provided in this Plan, if you are billed directly by an Out-of-Network Provider and you pay for benefits which are covered by this Plan, reimbursement from the Plan will be made only upon your written notice to Providence Health Plan of the payment. Payment will be made to the Member, subject to written notice of claim, or, if deceased, to the Member's estate, unless payment to other parties is authorized in writing by you. See section 6.1.1 regarding timely submission of claims.

13.17 PAYMENT OF BENEFITS TO PERSONS UNDER LEGAL DISABILITY

Whenever any person entitled to payments under the Plan is determined to be a minor or under other legal disability or otherwise incapacitated in any way so as to be unable to manage such person's financial affairs, or otherwise incapable of giving a valid receipt and discharge for any payment, the following provision shall apply. Providence Health Plan, in their discretion, may direct that all or any portion of such payments be made (i) to such person, (ii) to such person's legal guardian or conservator, or (iii) to such person's spouse or to any other person, in any manner considered advisable, to be expended for the person's benefit. PHP's decision will, in each case, be final and binding upon all persons. Providence Health Plan may transfer this information between providers or other organizations who are treating you or performing a Service on our behalf. If you do not consent to the release of records or to discussions with providers, Providence Health Plan will be unable to determine the proper payment of any benefits and will deny the claims accordingly. Consent to the release of records and discussion with providers is a condition of payment of any benefits. Neither the consent to, nor the actual examination of the records or discussion with providers will constitute a guarantee of payment.

13.20 REQUIRED INFORMATION TO BE FURNISHED

Each Member must furnish to Providence Health Plan such information as they consider necessary or desirable for purposes of administering the Plan, and the provisions of the Plan respecting any payments hereunder are conditional upon the prompt submission by the Member of such true, full and complete information as may be requested.

13.21 RIGHT OF RECOVERY

Providence Health Plan, on behalf of the Plan, has the right, upon demand, to recover payments in excess of the maximum benefits specified in this Plan or payments obtained through fraud, error, or duplicate coverage. If reimbursement is not made to the Plan, Providence Health Plan is authorized by Clackamas County to deduct the overpayment from future benefit payments under this Plan.

The Employer shall be responsible for all fiduciary functions under the Plan except insofar as any such authority or responsibility is assigned by or pursuant to the Plan to another named fiduciary, or is delegated to another fiduciary by the Employer. The Employer has the discretionary authority to determine eligibility for benefits under the Plan and to interpret the terms of the Plan, unless it has delegated that authority as permitted by the Plan. In the event of such delegation, Providence Health Plan's determinations on the meaning of Plan terms may not be overturned unless found by a court to have been arbitrary and capricious. The allocation of administrative duties and the delegation of discretionary authority for the Plan is specified in the Administrative Services Agreement that has been executed by the Employer and Providence Health Plan.

14.7.1 Complete Allocation of Fiduciary Responsibilities

This section is intended to allocate to each named fiduciary the individual responsibility for the prudent execution of the functions assigned to each. None of such responsibilities nor any other responsibility is intended to be shared by two or more of them unless such sharing will be provided by a specific provision of the Plan. Whenever one named fiduciary is required by the Plan to follow the directions of another, the two will not be deemed to have been assigned a shared responsibility, but the responsibility of the one giving the direction will be deemed to be its sole responsibility, and the responsibility of the one receiving such direction will be to follow it insofar as such direction is on its face proper under the Plan and applicable law.

14.8 ENGAGEMENT OF ADVISORS

14.9 INDEMNIFICATION

The Employer will indemnify its employees for any liability or expenses, including attorneys' fees, incurred in the defense of any threatened or pending action, suit or proceeding by reason of their status as a fiduciary with respect to the Plan, to the full extent permitted by law.

14.10 AMENDMENT OR TERMINATION OF PLAN

14.10.1 Right to Amend or Terminate

The Employer reserves the right at any time and from time to time to amend or terminate in whole or in part any of the provisions of the Plan, or any document forming part of the Plan.

14.10.2 Manner of Action

Any amendment or termination of the Plan or any part of the Plan shall be made by an instrument in writing reflecting that such change has been authorized by the Employer. Any such amendment or termination shall be effective as of the date specified in said instrument, or, if no date is so specified, as of the date of execution or adoption of said instrument. An amendment may be effected by establishment, modification, or termination of the Plan by appropriate action of the Employer. Any such amendment or termination may take effect retroactively or otherwise. An instrument regarding the establishment, modification or termination of the Plan which is executed by the Chair of the Board of County Commissioners or their designee shall be conclusive evidence of the adoption and effectiveness of the instrument.

14.10.3 Effect on Benefits

Claims incurred before the effective date of a Plan change or termination will not be affected. Claims incurred after Plan changes will be covered according to the provisions in effect at the time the claim is incurred. Claims incurred after the Plan is terminated will not be covered. You will not be vested in any Plan benefits or have any further rights, subject to applicable law.

In accordance with the security standards of the Health Insurance Portability and Accountability Act (HIPAA), the Employer shall:

- (a) Implement administrative, physical, and technical safeguards that protect the confidentiality, integrity and availability of the electronic PHI that it creates, receives, maintains or transmits on behalf of the Plan;
- (b) Ensure that the separation of access to PHI that is specified in section 14.11.1(j) above is supported by appropriate security measures;

Experimental/Investigational

Experimental/Investigational means Services for which current, prevailing, evidence-based, peer-reviewed medical literature does not demonstrate the safety and effectiveness of the Service for treating or diagnosing the condition or illness for which its use is proposed. In determining whether Services are Experimental/Investigational the Plan considers a variety of criteria, which include, but are not limited to, whether the Services are :

- Approved by the appropriate governmental regulatory body;
- Subject to review and approval of an institutional review board (IRB) or are currently offered through an approved clinical trial;
- Offered through an accredited and proficient provider in the United States;
- Reviewed and supported by national professional medical societies;
- Address the condition, injury, or complaint of the Member and show a demonstrable benefit for a particular illness or disease;

- Proven to be safe and efficacious; and
- Pose a significant risk to the health and safety of the Member.

The experimental/investigational status of a Service may be determined on a case-by-case basis. Providence Health Plan will retain documentation of the criteria used to define a Service as Experimental/Investigational and will make this available for review upon request.

 - a. In accordance with generally accepted standards of medical practice;
 - i. Generally accepted standards of medical practice are standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, Qualified Practitioner specialty society recommendations, the views of Qualified Practitioners practicing in relevant clinical areas, and any other relevant factors;

1.1 KEY FEATURES OF YOUR CLACKAMAS COUNTY GENERAL COUNTY EMPLOYEES OPEN OPTION PLAN

- Some capitalized terms have special meanings. Please see section 15, Definitions.
- In this Summary Plan Description, Providence Health Plan and Clackamas County are referred to as “we,” “us,” or “our.” Members enrolled under this Plan are referred to as “you” or “your.”

 - Out-of-Network Providers.
- With this Plan, Members will generally have lower out-of-pocket expenses when obtaining Covered Services from In-Network Providers. Members may, however, obtain most Covered Services from Out-of-Network Providers, but that option will result in higher out-of-pocket expenses. Please see section 3 and your Plan Benefit Summary for additional information.
- Some Services are covered only under your In-Network benefits:
 - Web-direct Visits, as specified in section 4.3.2;
 - E-mail Visit Services, as specified in section 4.3.3;

- All Members are encouraged to choose a Primary Care Provider who will provide preventive and primary care Services and coordinate other care in a convenient and cost-effective manner.
- A printable directory of In-Network Providers is available at ProvidenceHealthPlan.com/findaprovider. Members without Internet access or who would like a hard copy of our Provider Directory may contact Customer Service for assistance.
- **Certain Covered Services require an approved Prior Authorization, as specified in section 3.5.**
- Coverage limitations and exclusions apply to certain Services, as stated in sections 3, 4, and 5 and the Benefit Summary.
- Coverage under this Plan is available 24 hours a day, seven days a week and during periods of domestic or foreign travel.
- All Covered Services are subject to the provisions, limitations, and exclusions that are specified in Plan documents. You should read the provisions, limitation, and exclusions before seeking Covered Services because not all health care services are covered by this Plan.

- This Plan consists of this Summary Plan Description plus the Benefit Summary(ies), any Endorsements or amendments that accompany these documents, the agreement between Providence Health Plan and the Plan Sponsor (if any), and those policies maintained by Providence Health Plan which clarify any of these documents. In the event of any conflict between these documents, they are to be interpreted in the following order of priority: (1) Endorsements and amendments, (2) Providence Health Plan/ Plan Sponsor agreement, (3) Summary Plan Description, (4) Benefit Summary(ies), and (5) applicable Providence Health Plan policies.

2. WELCOME TO PROVIDENCE HEALTH PLAN

Thank you for choosing Providence Health Plan. We look forward to meeting your health care needs. Providence Health Plan is an Oregon licensed Health Care Services Contractor whose parent company is Providence Health & Services. Our goal is to help improve the health status of individuals in the communities in which we serve. This booklet contains important information about the health plan coverage offered to Clackamas County General County Employees and their Dependents.

2.1 CLACKAMAS COUNTY GENERAL COUNTY EMPLOYEES OPEN OPTION PLAN

Your Plan allows you to receive Covered Services from In-Network Providers through what is called your In-Network benefit. You also have the option to receive most Covered Services from Out-of-Network Providers through what is called your Out-of-Network benefit. Generally, your out-of-pocket costs will be less when you receive Covered Services from In-Network Providers. Also, In-Network Providers will work with us to Prior Authorize treatment. If you receive Covered Services from Out-of-In-Network Providers, it is your responsibility to make sure the Services listed in section 3.5 are Prior Authorized by Providence Health Plan before treatment is received.

It is your responsibility to verify whether or not a physician/provider, Hospital or other facility is participating with Providence Health Plan, and whether or not the health care is a Covered Service even if you have been directed or referred for care by an In-Network Provider.

If you are unsure about a physician/provider's, Hospital's or other facility's participation with Providence Health Plan, visit our Provider Directory, available online at ProvidenceHealthPlan.com/findaprovider, before you make an appointment. You can also call Customer Service to get information about a provider's participation with Providence Health Plan and your benefits.

Whenever you visit a Provider:

- Bring your Providence Health Plan Member ID Card with you.
- Be prepared to make a Copayment at the time of visit if the office visit is subject to a Copayment.
- If your office visit is subject to a Coinsurance (a percentage of the amount billed for Services), you will most likely not be able to pay for what you owe at the time of your visit. Your provider's office will send you a bill for what you owe later. Some providers, however, may ask you to pay an estimate of what you may owe at the time you receive services, and bill or credit you for the balance later.

When we use the term “personal information,” we mean information that identifies you as an individual (such as your name and Social Security Number, as well as financial, health and other information about you that is nonpublic), which we obtain so we can provide you with the benefits and coverage under your Employer's plan. Providence Health Plan maintains policies that protect the confidentiality of personal information, including Social Security numbers, obtained from its Members in the course of its regular business functions.

Members may request to see or obtain their medical records from their provider. Call your physician's or provider's office to ask how to receive a copy.

Appointment of Authorized Representative

You are entitled to appoint an individual to act as your authorized representative to pursue any claim you have for benefits. To ensure privacy and to address other issues, Providence's policy on Appointment of Authorized Member Representatives, and the form for doing so, may be accessed through our website at

The policy does not apply to an attorney at law retained by you directly to represent your interests with respect to your benefits, but does apply to attorneys who represent a medical service provider whose services are a part of the claim in issue.

Confidentiality and your Employer

In accordance with the federal privacy requirements of the Health Insurance Portability and Accountability Act (HIPAA), Providence Health Plan will not disclose a Member's protected health information (PHI) to the Employer or any agent of the Employer unless requested for the HIPAA allowed purpose of the Employer's obtaining bids from other health plans for further health coverage or for the Employer's modifying, amending, or terminating any benefit under the health plan.

Providence Health Plan may disclose a Member's PHI to an employer or any agent of the Employer if the disclosure is:

Providence Health Plan will disclose a Member's PHI with whom and in ways permitted by HIPAA. These uses are covered in detail in Providence Health Plan's Notice of Privacy Practices available online, or by mail if you request it.

3. HOW TO USE YOUR PLAN

Our goal is maintaining your health by promoting wellness and preventive care. We encourage you to work closely with one provider, your Primary Care Provider, who can provide most of your care, suggest specialist care, and arrange for Hospital care or diagnostic testing.

This section describes how to use this Plan and how benefits are applied. The level of benefits for Covered Services is shown in the Benefit Summary and described in section 4 of this Summary Plan Description.

3.1 IN-NETWORK PROVIDERS

Providence Health Plan has contractual arrangements with certain physicians/providers, hospitals and facilities. Our agreements with these “In-Network Providers” enable you to receive quality health care for a reasonable cost.

For Services to be covered using your In-Network benefit, you must receive Services from In-Network Providers. It is your responsibility to verify whether or not a physician/provider, hospital or other facility is an In-Network Provider even if you have been directed or referred for care by an In-Network Provider.

3.1.1 Nationwide Network of In-Network Providers

Providence Health Plan also has contractual arrangements with certain Qualified Practitioners, Hospitals and facilities nationwide. These arrangements allow you to receive Services when using In-Network Providers, even when you are outside of Oregon and southwest Washington.

3.1.2 Choosing an In-Network Provider

To choose an In-Network Provider, or to verify if a provider is an In-Network Provider, please refer to the Provider Directory, available online at ProvidenceHealthPlan.com/findaprovider. If you do not have access to our website, please call Customer Service to request In-Network Provider Information.

Advantages of Using an In-Network Provider

- Your In-Network Provider will work with Providence Health Plan to arrange for any Prior Authorization requirements that may be necessary for certain Covered Services. For more information on Prior Authorization, see section 3.5.
- In most cases when you use In-Network Providers, higher benefit levels will apply and your out-of-pocket expenses will be reduced.
- You will have a wide variety of high quality In-Network Providers to help you with your health care needs.

So remember, it is to your advantage to meet your health care needs by using an In-Network Provider, including an In-Network Primary Care Provider, whenever possible.

3.1.3 Indian Health Services Providers

Native American Indian and Alaskan Native Members may also access Covered Services from Indian Health Services (IHS) facilities at no greater cost than if the Services were accessed from an In-Network Provider. For a list of IHS facilities, please visit the IHS website at www.ihs.gov, or contact the regional IHS office at:

Portland Area Indian Health Service
1414 NW Northrup St., Ste. 800
Portland, OR 97209
Telephone: 503-414-5555

3.2 THE ROLE OF A PRIMARY CARE PROVIDER

To encourage optimum health, we promote wellness and preventive care. We also believe wellness and overall health is enhanced by working closely with one physician or provider – your Primary Care Provider. Your Primary Care Provider can provide most of your care and, when necessary, coordinate care with other providers in a convenient and cost-effective manner. We recommend that upon joining Providence Health Plan you and each of your Family Members choose an In-Network Primary Care Provider as soon as possible.

3.2.1 Primary Care Providers

A Primary Care Provider is a Qualified Practitioner who specializes in family practice, general practice, internal medicine or pediatrics; a nurse practitioner; or a physician assistant, when providing services under the supervision of a physician, who agrees to be responsible for the continuing medical care by serving as case manager. Members may also choose a physician specializing in obstetrics or gynecology; a nurse practitioner; a certified nurse midwife; or a physician assistant specializing in women’s health care as their Primary Care Provider. Child Members may choose a physician specializing in pediatrics as their Primary Care Provider.

Primary Care Providers provide preventive care and health screenings, medical management of many chronic conditions, allergy shots, treatment of some breaks and sprains, and care for many major illnesses and nearly all minor illnesses and conditions. Many Primary Care Providers offer maternity care and minor outpatient surgery as well.

IMPORTANT NOTE: In-Network Primary Care Providers have a special agreement with us to serve as a case manager for your care. This means not all of our In-Network Providers with the specialties listed above are In-Network Primary Care Providers. Please refer to the Provider Directory, available online, for a listing of designated In-Network Primary Care Providers or call your Customer Service team to request a hard copy.

3.2.2 Established Patients with Primary Care Providers

If you and your family already see a provider, you may want to check the provider directory to see if your provider is an In-Network Primary Care Provider for Providence Health Plan. If your provider is participating with us, let their office know you are now a Providence Health Plan Member.

3.2.3 Selecting a New Primary Care Provider

We recommend that you choose a Primary Care Provider from our Provider Directory, available online, for each covered Family Member. Call the provider's office to make sure they are accepting new patients. It is a good idea to have your previous physician or provider transfer your medical records to your new Primary Care Provider as soon as possible. The first time you make an appointment with your Primary Care Provider, let him or her know you are now a Providence Health Plan Member. On your first visit, make a list of questions or information you would like to discuss with your new Primary Care Provider, including the following:

- What are the office hours?
- How can I get medical advice after hours?
- What do I do in an emergency?

Let your Primary Care Provider know if you are under a specialist's care as well as if you are currently taking any ongoing prescription medications.

3.2.4 Changing Your Primary Care Provider

You are encouraged to establish an ongoing relationship with your Primary Care Provider. If you decide to change your Primary Care Provider, please remember to have your medical records transferred to your new Primary Care Provider.

3.2.5 Office Visits

Primary Care Providers

We recommend you see your Primary Care Provider for all routine care and call your Primary Care Provider first for urgent or specialty care. If you need medical care when your Primary Care Provider is not available, the physician/provider on call may treat you and/or recommend that you see another provider for treatment.

Specialists

Your Primary Care Provider will discuss with you the need for diagnostic tests or other specialist services; and may also recommend you see a specialist for treatment.

You also may decide to see a specialist without consulting your Primary Care Provider. Visit the Provider Directory, available online at ProvidenceHealthPlan.com/findaprovider, or call Customer Service to choose a specialist who is an In-Network Provider with Providence Health Plan.

If you decide to see a specialist on your own, we recommend you let your Primary Care Provider know about your decision. Your Primary Care Provider will then be able to coordinate your care and share important medical information with your specialist. In addition, we recommend you let your specialist know the name and contact information of your Primary Care Provider.

Whenever you visit a specialist:

- Bring your Providence Health Plan Member ID Card.
- Understand that in most cases, your out-of-pocket costs will be a percent of the charges for services. Your provider's office will send you a bill for the amount you owe. Some providers, however, may ask you to pay an estimate of what you may owe at the time you receive services, and will bill or credit you the balance later. (For certain Plans, there is a Member Copayment for specialist visits instead of a Coinsurance. If you are on one of these Plans, you will need to pay your Member Copayment at the time of your visit. Please check your Benefit Summary for your specific coverage information.)

Alternative Care Providers

This Plan includes coverage for office visits to alternative care providers as listed in your Benefit Summary. See section 15 for the definition of Alternative Care Provider. For coverage of chiropractic manipulation and acupuncture, see sections 4.12.9, 4.12.10 and your Benefit Summary.

3.3 SERVICES PROVIDED BY OUT-OF-NETWORK PROVIDERS

As a Member of this Plan, you may choose to receive Covered Services from Out-of-Network Qualified Practitioners and facilities using your Out-of-Network benefit.

Benefits for Covered Services by an Out-of-Network Provider will be provided as shown in the Benefit Summary. (See section 3.5 for Prior Authorization requirements.)

Generally, when you receive Services from Out-of-Network Providers, your Copayments and Coinsurance will be higher than when you see In-Network Providers.

IMPORTANT NOTE: Your Plan only pays for Covered Services received from Out-of-Network Providers at Usual, Customary, and Reasonable rates (UCR) (see Section 15, Definitions). If an Out-of-Network Provider charges more than the UCR rates allowed under your Plan, that provider may bill you directly for the additional amount that is not covered by your Plan. That amount is in addition to any Deductible, Copayment, or Coinsurance for which you may be responsible, and does not accrue to your Out-of-Pocket Maximum.

If you choose to receive Covered Services from an Out-of-Network Provider, those Services are still subject to the terms of this Summary Plan Description. Your Plan will only pay for Medically Necessary Covered Services. No matter what type of provider you see, the treatments, supplies, and medications excluded by this Plan are not covered.

If the provider you choose is Out-of-Network, it is important for you to understand that Providence Health Plan has not assessed the provider's credentials or quality; nor has Providence Health Plan reviewed and verified the Out-of-Network Provider's qualifications and history for information such as: relevant training, licensure, certification, and/or registration to practice in a health care field, and academic background. Additionally, the Out-of-Network Provider will not have been assessed by Providence Health Plan to verify that the provider meets certain criteria relating to professional competence and conduct and as such is not guaranteed to follow your benefit plan, rules, regulations, or guidelines with regard to standards of care nor standards of documentation and billing.

Some Services are only covered under your In-Network benefit:

- Web-direct Visits (see section 4.3.2).
- E-mail Visits (see section 4.3.3).
- Temporomandibular Joint (TMJ) Services (see section 4.12.7).
- Tobacco Use Cessation Services (see section 4.1.8).
- Retail Health Clinic Visits (see section 4.3.8).
- Human Organ/Tissue Transplants (see section 4.13).
- Any item listed in your Benefit Summary as “Not Covered” under Out-of-Network.

Payment for Out-of-Network Physician/Provider Services (UCR)

After you meet your Deductible, if applicable, and if the Services provided are Medically Necessary Covered Services, we will provide payment to Out-of-Network Providers according to Usual, Customary and Reasonable (UCR) charges. UCR charges do not include sales taxes, handling fees and similar surcharges; such taxes, fees and surcharges are not covered expenses. Charges which exceed UCR are the Member’s responsibility and are not applied to the Out-of-Pocket Maximum. See section 15 for the definition of UCR.

You will be responsible for costs that are not covered or allowed by your Out-of-Network benefits as shown in the following example (amounts shown are only estimates of what may apply).

<u>Item</u>	<u>Provider’s Status</u>	
	<u>In-Network</u>	<u>Out-of-Network</u>
Provider’s standard charges	\$100	\$100
Allowable charges under this Plan	\$80 (contracted)	\$80 (if that is UCR)
Plan benefits (for this example only)	\$64 (if 80% benefit)	\$56 (if 70% benefit)
Balance you owe	\$16	\$24
Additional amount that the provider may bill to you	\$-0-	\$20 (\$100 minus \$80)
Total amount you would pay	\$16	\$44 (\$24 plus \$20)

Thus, you may incur significantly larger out-of-pocket costs, perhaps a multiple of what would have applied, if you use Out-of-Network Physicians or Providers.

Payment for Covered Services Provided Before Disposition of Criminal Charges

If you are in the custody of an Oregon state or local corrections agency pending the disposition of criminal charges brought by an Oregon county, we will reimburse the custodial county for the costs of Covered Services or supplies rendered before the disposition of charges, in an amount that is no less than 115 percent of the Medicare rate for the service or supply, except for renal dialysis which will be reimbursed in accordance with the terms of the Plan for Out-of-Network dialysis providers.

The following Services and Supplies are excluded from coverage under this section:

- Diagnostic tests or health evaluations required by the corrections agency, as a matter of course, for all individuals who are in the custody of the county pending the disposition of charges;
- Hospital and ambulatory surgical center services, except as rendered by an In-Network provider.

3.4 NOTICE OF PROVIDER TERMINATION

When an In-Network Provider whose contract of participation with us terminates, we will notify those Members who we know are under the care of the terminated provider within 10 days of the termination date or of our knowledge of the termination date.

3.5 PRIOR AUTHORIZATION

While Prior Authorization is a requirement for coverage of certain Services under this Plan, Prior Authorization is not a treatment directive. The actual course of medical treatment that a Member chooses remains strictly a matter between the Member and the provider and is separate from the Prior Authorization requirements of this Plan. Prior Authorization is not a guarantee of benefit payment under this Plan and a Prior Authorization determination does not supersede other specific provisions of this Plan regarding coverage, limitations, exclusions and Medical Necessity.

Services received from In-Network Providers:

When Services are received from an In-Network Provider, the In-Network Provider is responsible for obtaining Prior Authorization.

Services received from Out-of-Network Providers:

When Services are received from an Out-of-Network Provider, the Member is responsible for obtaining Prior Authorization. You or your Out-of-Network provider must contact us to obtain Prior Authorization. See section 3.3 for additional information about Out-of-Network Providers.

Services requiring Prior Authorization:

- Certain infused Prescription Drugs administered in a hospital-based infusion center, as provided in section 4.7.1.

Providence Health Plan will provide a Prior Authorization form upon oral or written request. If you need information on how to obtain Prior Authorization, please call Customer Service at the number listed on your Member ID Card.

If an Emergency Medical Condition exists which prevents you from obtaining Prior Authorization, Providence Health Plan must be notified within 48 hours following the onset of treatment, or as soon as reasonably possible, to continue coverage of these Services.

Prior Authorization Requests for Out-of-Network Services:

The Member or the Out-of-Network Provider must call us at 1-800-638-0449 to obtain Prior Authorization. Please have the following information ready when calling to request a Prior Authorization:

- The Member's name and date of birth.
- The Member's Providence Health Plan Member number and Group number (these are listed on your Member ID card).
- The Provider's name, address, and telephone number.
- The name of the Hospital or treatment facility.
- The scheduled date of admission or date Services are to begin.
- The Service(s) to be performed.

Failure to Obtain Prior Authorization:

If you do not obtain Prior Authorization for Services received from an Out-of-Network Provider, as specified in section 3.3, a 50% **penalty**, not to exceed \$2,500 for each Covered Service, will be applied to the claim.

Should Providence Health Plan determine that we would have covered the Service had Prior Authorization been obtained, benefits will be applied to the remaining claim balance after the Prior Authorization Penalty is assessed. The **penalty** does **NOT** apply to the Deductible, if any, or to the Out-of-Pocket Maximum shown in the Benefit Summary.

3.6 TRAVEL EXPENSE REIMBURSEMENT

Subject to Prior Authorization, if you are unable to locate an In-Network Provider to provide Medically Necessary Covered Services for your specific condition within 50 miles of your home, the Plan will reimburse your travel expense to the nearest In-Network Provider within 300 miles of your home. Reimbursement will be based on the federal medical mileage reimbursement rate in effect on the date of service. Travel expense reimbursement is limited to \$1,500 per calendar year. If an overnight stay is required, food and lodging are reimbursable up to \$150 per diem (per day). Per diem expenses apply to the \$1,500 travel expenses reimbursement maximum. (Note: Transplant Covered Services include a separate travel expense benefit; see section 4.13.1).

3.7 MEDICAL COST MANAGEMENT

Coverage under this Plan is subject to the medical cost management protocols established by us to ensure the quality and cost effectiveness of Covered Services. Such protocols may include Prior Authorization, concurrent review, case management and disease management.

The Plan reserves the right to deny payment for Services that are not Medically Necessary in accordance with the criteria maintained by Providence Health Plan. When more than one medically appropriate alternative is available, Providence Health Plan will approve the least costly alternative.

In accordance with Providence Health Plan's medical cost management protocols and criteria specified in this paragraph, Providence Health Plan may approve substitutions for Covered Services under this Plan.

A Substituted Services must:

1. Be Medically Necessary;
2. Have your knowledge and agreement while receiving the Service;
3. Be prescribed and approved by your Qualified Practitioner; and
4. Offer a medically therapeutic value at least equal to the Covered Service that would otherwise be performed or given.

The Plan's coverage of a Substituted Service for any Member does not obligate the Plan to:

- Cover a Substituted Service for any other Member;
- Continue to cover a Substituted Service beyond the term of the agreement between the Plan and the Member; or
- Cover any Substituted Service for the Member, other than as specified in the agreement between the Plan and the member.

Substituted Services that satisfy the requirements of this section are Covered Services for all purposes under this Plan.

A Substituted Service may be disallowed at any time by sending a 30-day advance written notice to you and your Qualified Practitioner.

3.7.1 Coverage of New Technology and New Application of Existing Technology

New technologies and new applications of existing technologies are evaluated and approved for coverage when they provide a demonstrable benefit for a particular illness or disease, are scientifically proven to be safe and most effective, and there is no equally effective or less costly alternative.

Emerging and innovative technologies are monitored by Providence Health Plan through review of trend reports from technology assessment bodies, government publications, medical journals, and information provided by providers and professional societies.

A systematic process for evaluating a new technology or new application of an existing technology is proactively initiated when sufficient scientific information is available.

Providence Health Plan has developed standards to guide the evaluation process and to ensure appropriate coverage determinations. New technology must minimally meet the following guidelines to be approved for coverage:

- Technology must improve health outcomes. The beneficial effects must outweigh any harmful effects on health outcomes. It must improve the length of life, ability to function or quality of life.
- Technology must be as beneficial as any established alternative. It should improve the net health outcome as much, or more, than established alternatives.
- Application of technology must be appropriate, in keeping with good medical standards, and useful outside of investigational settings.
- Technology must meet government approval to market by appropriate regulatory agency as applicable.
- Criteria must be supported with information provided by well-conducted investigations published in peer-reviewed journals. The scientific evidence must document conclusions that are based on established medical facts.
- Opinions and evaluations of professional organizations, panels, or technology assessment bodies are evaluated based on the scientific quality of the supporting evidence.

Technology Evaluation Process

A committee of medical directors with physician specialist advisors evaluates all new technology and determines coverage based on evidence for safety and efficacy. The committee relies upon a thorough review of pertinent medical literature and utilizes national technology review services that provide independent analysis of a new technology.

Expedited Review

Requests for coverage of new technology may occur before formal policy has been developed. In these cases, an expedited review is implemented and a decision made on a case-by-case basis. This is separate and distinct from the problem resolution procedure set forth in section 7.

3.8 MEDICALLY NECESSARY SERVICES

We believe our Members are entitled to comprehensive medical care within the standards of good medical practice. Providence Health Plan's medical directors and special committees

of In-Network Providers determine which Services are Medically Necessary, as defined in section 15. Services that do not meet Medically Necessary criteria will not be covered.

- **Example:** Your provider suggests a treatment using a machine that has not been approved for use in the United States. We probably would not pay for that treatment.
- **Example:** You go to a hospital emergency room to have stitches removed, rather than wait for an appointment in your doctor's office. The Plan would not pay for that visit.
- **Example:** You stay an extra day in the hospital only because the relative who will help you during recovery cannot pick you up until the next morning. We may not pay for the extra day.

Although a treatment was prescribed or performed by a Qualified Practitioner, it does not necessarily mean that it is Medically Necessary under our guidelines. Obtaining confirmation of coverage from Providence Health Plan beforehand is always recommended.

3.9 APPROVED CLINICAL TRIALS

Benefits are provided for Covered Services directly related to a Member's participation in an Approved Clinical Trial. If your Approved Clinical Trial is available through both Network and Out-of-Network providers, the Plan will require you to participate through an In-Network Provider.

Covered Services include the routine patient costs for items and services received in connection with the Approved Clinical Trial, to the extent that the items and services are otherwise Covered Services under the Plan.

The following costs are excluded:

- The cost of the investigational item, device or service;
- The cost of items and services provided solely to satisfy data collection and analysis needs and that are not used in direct clinical management; and
- The cost for a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

The Plan does not discriminate against a Member who participates in a clinical trial, whether or not the trial is an Approved Clinical Trial. The Plan provides benefits for services unrelated to a clinical trial to the extent that the services are otherwise Covered Services under the Plan.

3.10 HOW BENEFITS ARE APPLIED

Benefits are subject to the following provisions, if applicable, as specified in the Benefit Summary:

1. The Deductible;
2. The Copayment or Coinsurance amount; and
3. The benefit limits and/or maximums.

3.11 DEDUCTIBLES AND OUT-OF-POCKET MAXIMUMS

Your Plan has a Deductible and an Out-of-Pocket Maximum, as stated in your Benefit Summary.

Deductible amounts apply to Out-of-Pocket Maximums.

3.11.1 Understanding Deductibles

Your Deductible is the dollar amount shown in the Benefit Summary that you are responsible to pay every Calendar Year when receiving most Covered Services before benefits are provided by us. Deductible amounts are payable to your Qualified Practitioner after we have processed your claim.

Certain Covered Services, such as most In-Network preventive care, are covered without a Deductible. Please see your Benefit Summary for information about these Services.

Common In-Network and Out-of-Network Deductible: Your Plan has a **Common Deductible**, as listed in your Benefit Summary. **A Common Deductible applies to both In-Network and Out-of-Network benefits.** The Common Deductible can be met by using In-Network or Out-of-Network benefits, or a combination of both.

Individual Deductible: An Individual Deductible is the amount shown in the Benefit Summary that must be paid by a Member before the Plan provides benefits for Covered Services for that Member.

Family Deductible: The Family Deductible is the amount shown in the Benefit Summary that applies when two or more Family Members are enrolled in this Plan, and is the maximum Deductible that enrolled Family Members must pay. All amounts paid by Family Members toward their Individual Deductibles apply toward the Family Deductible. When the Family Deductible is met, no further Individual Deductibles will need to be met by any enrolled Family Members.

Note: No Member will ever pay more than an Individual Deductible before the Plan begins paying for Covered Services for that Member.

Your Costs that Do Not Apply to Deductibles: The following out-of-pocket costs do not apply towards Your Individual and Family Deductibles:

- Services not covered by this Plan.
- Services in excess of any maximum benefit limit.
- Fees in excess of the Usual, Customary and Reasonable (UCR) charges.
- Any penalties you must pay if you do not follow Providence Health Plan's Prior Authorization requirements.
- Copayments or Coinsurance specified as not applicable toward the Deductible in any Benefit Summary issued with this Plan.

3.11.2 Understanding Out-of-Pocket Maximums

Out-of-Pocket Maximums are the total amount you will pay out-of-pocket in any Calendar Year for Covered Services received under this Plan. See your Benefit Summary.

Common In-Network and Out-of-Network Out-of-Pocket Maximums: Your Plan has a Common In-Network and Out-of-Network Out-of-Pocket Maximum, as listed in your Benefit Summary. The Common Out-of-Pocket Maximum can be met by payments you make for Covered Services using In-Network and Out-of-Network benefits.

Individual Out-of-Pocket Maximum: Individual Out-of-Pocket Maximum means the total amount of Copayments, Coinsurance and Deductible that a Member must pay in a Calendar Year, as shown in the Benefit Summary, before the Plan begins to pay 100% for Covered Services for that Member within that Calendar Year.

Family Out-of-Pocket Maximum: Family Out-of-Pocket Maximum means the total amount of Copayments, Coinsurance and Deductible that a family of two or more must pay in a Calendar Year, as shown in the Benefit Summary, before the Plan begins to pay 100% for Covered Services for enrolled Family Members. When the combined Copayment, Coinsurance and Deductible expenses of enrolled Family Members meet the family Out-of-Pocket Maximum, all remaining individual Out-of-Pocket Maximums will be waived for the family for that Calendar Year.

Note: Once any Member meets the Individual Out-of-Pocket Maximum, the Plan will begin to pay 100% for Covered Services for that Member.

Your Costs that Do Not Apply to Out-of-Pocket Maximums: The following out-of-pocket costs do not apply toward your Individual and Family Out-of-Pocket Maximums:

- Services not covered by this Plan;
- Services not covered because Prior Authorization was not obtained, as required in section 3.5;
- Services in excess of any maximum benefit limit;
- Fees in excess of the Usual, Customary and Reasonable (UCR) charges;
- Deductibles, Copayments or Coinsurance for a Covered Service if indicated in any Benefit Summary as not applicable to the Out-of-Pocket Maximum; and
- Any penalties you must pay if you do not follow Providence Health Plan's Prior Authorization requirements.

IMPORTANT NOTE: Some Benefits are NOT eligible for 100% benefit coverage. The Copayment or Coinsurance for these Services, as shown in the Benefit Summary, remains in effect throughout the Calendar Year.

If you need assistance understanding coverage for preventive Services under your Plan, please contact Customer Service at 503-574-7500.

Periodic health exams and well-baby care Services are covered in full only when received In-Network. These services are covered as stated in your Benefit Summary. More frequent exams will be covered if your provider determines that they are necessary. Vision and hearing screening services are covered when performed during a periodic health examination or well-baby care examination, and as indicated in section 4.1.9. In order for a child to be eligible for benefits for routine newborn baby care, the child must be properly enrolled as outlined in section 8. Ancillary Services, such as immunizations, are covered at the specified benefit level when billed by the provider.

4.3 PROVIDER SERVICES

4.3.1 Office Visits, Inpatient and Outpatient Hospital Visits, and Home Visits

Office visits, inpatient and outpatient Hospital visits and home visits with a Qualified Practitioner are covered as shown in your Benefit Summary. Copayments and Coinsurances, as shown in your Benefit Summary, apply to all provider visits except those that: (a) are part of a course of maternity care; (b) are for conditions for which this Plan contains a separate and specific Copayment or Coinsurance amount; or (c) are ancillary to the visit and are billed by the Qualified Practitioner. Some services provided by your Qualified Practitioner during your visit may result in additional Member financial responsibility.

For example – You see your Primary Care Provider for an office visit and during your visit your provider swabs your throat for a throat culture. You would pay your office visit Copayment or Coinsurance and would also need to pay the Laboratory Services Copayment or Coinsurance for the throat culture. See your Benefit Summary for details.

Your Benefit Summary also lists different Copayments or Coinsurance that may apply for other specific services, such as allergy shots, maternity care, and diagnostic services. See your Benefit Summary for details.

If you are unable to keep a scheduled office appointment with your provider, please try to notify that office in advance. If not, you may be charged for the missed appointment. Providence Health Plan will not cover this expense.

4.3.2 Virtual Visits

The Plan provides coverage for Virtual Visits using secure internet technology:

- **Phone and Video Visits:** Phone and Video Visits are covered as shown in your Benefit Summary. All Phone and Video Visits must be Medically Necessary and may be received from authorized In-Network or Out-of-Network Providers. Not all Providers are contracted with us to provide Phone and Video Visits. Providers who are authorized to provide Phone and Video Visits have agreed to use secure internet technology approved by us to protect your information from unauthorized access or release.
- **Web-direct Visits:** Web-direct Visits for common conditions such as cold, flu, sore throat, allergy, ear ache, sinus pain, or UTI are covered as shown in your Benefit Summary. The Member completes a questionnaire to describe the common condition. The questionnaire is reviewed by an In-Network Provider who makes a diagnosis and sends a treatment plan back to the Member. If needed, a prescription is sent to the Member's pharmacy. All Web-direct Visits must be Medically Necessary and received from authorized In-Network Providers.

4.3.3 E-mail Visits

E-mail Visits are covered in full and must be received from In-Network Providers. Not all In-Network Providers offer E-mail Visits. Medical doctors (M.D.), doctors of osteopathy (D.O.), nurse practitioners (N.P.) and physician assistants (P.A.) are the only categories of providers who may be approved for E-mail Visits. In-Network Providers who are authorized to provide E-mail Visits have agreed to use Internet security technology approved by us to protect your information from unauthorized access or release. To be eligible for the E-mail Visit benefit, you must have had at least one prior office visit with your In-Network Provider within the last 12 months.

Covered E-mail Visits include, but are not limited to:

- Communications of a new or existing diagnosis or treatment when the equivalent service received through an office visit would have led to a claims submission to be covered by the Plan;
- Communications by the In-Network Provider about the management of complex chronic conditions that require extensive education and ongoing monitoring;
- Communications of treatment for relapses of a previous condition that involve extended dialogue and significant physician time and judgment;
- Discussion of lab results that require significant changes in medication or further testing; and
- Extended counseling when person-to-person contact would involve an unwise delay.

Examples of e-mail communications that do not qualify as E-mail Visits include, but are not limited to:

- Renewing prescriptions;
- Scheduling tests;
- Scheduling appointments;
- Reporting normal test results;
- Recommending a referral to another physician;
- A consultative message exchange from a patient who is seen in-person immediately afterward as a result of the consultative message;

This includes, but is not limited to, video, audio, Voice over Internet Protocol, or transmission of telemetry, that allows a health professional to interact with the Member, a parent or guardian of a Member, or another health professional on a Member's behalf, who is at an originating site.

4.3.6 Administration of Anesthesia and Surgical Procedures

Benefits include the administration of anesthesia and surgical procedures, including assistant surgeon and post-operative care.

4.3.7 Immediate Care

Immediate Care is an extension of your Primary Care Provider's office, and provides additional access to treatment you need right away for an illness or injury that is not life threatening. This includes, but is not limited to, minor sprains, minor cuts and burns, and ear, nose, and throat infections. Routine care, like periodic health exams and well-baby care, should be delayed until you can be seen by your Primary Care Provider.

Whenever you need immediate care, call your Primary Care Provider first. Your Primary Care Provider or the provider-on-call is always available, day or night. They may either suggest that you be seen at your Primary Care Provider's office, or direct you to an immediate care center, Urgent Care, or emergency care facility. See section 4.5 for coverage of Emergency Care and Urgent Care Services.

Please be prepared to pay the Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are also responsible for the applicable Copayment/Coinsurance shown in the Benefit Summary for any ancillary Services received, such as lab tests and X-rays, billed by the Immediate Care Provider.

4.3.8 Retail Health Clinics

Coverage is provided as shown in the Benefit Summary for Covered Services obtained at Retail Health Clinics. Retail Health Clinics can provide diagnosis and treatment services for uncomplicated minor illnesses and injuries, like sore throats, ear aches, and sprains. The test is used to confirm a sleep disorder and to determine the appropriate treatment. Services must be Prior Authorized.

If an emergency situation should occur, you should take immediate action and seek prompt medical care. You should call 911, or the emergency number listed in the local telephone directory or go to the nearest Hospital emergency department.

4.5.1 Emergency Care

A medical emergency is a sudden unexpected illness or injury that you believe would place your life in danger or cause serious damage to your health if you do not seek immediate medical treatment. Medical emergencies include, but are not limited to:

- Heart attack
- Stroke
- Poisoning
- Loss of consciousness
- Medically necessary detoxification
- Acute abdominal pain
- Severe chest pain
- Serious burn
- Bleeding that does not stop
- Unexpected premature childbirth

Coverage is provided without Prior Authorization for Emergency Medical Screening Exams and stabilization of an Emergency Medical Condition. Hospitalization for an Emergency

Medical Condition requires notification to Providence Health Plan within 48 hours, or as soon as reasonably possible following the onset of treatment, in order for coverage to continue.

Definitions:

“Emergency Medical Condition” is a medical condition that manifests itself by acute symptoms of sufficient severity that a prudent layperson, possessing an average knowledge of health and medicine, would reasonably expect that failure to receive immediate medical attention would:

- Result in serious impairment to bodily functions;
- Result in serious dysfunction of any bodily organ or part;
- Place the health of a person, or an unborn child in the case of a pregnant woman, in serious jeopardy;
- With respect to a pregnant woman who is having contractions, for which there is inadequate time to effect a safe transfer to another hospital before delivery or for which transfer may pose a threat to the health or safety of the woman or the unborn child; or
- That is a behavioral health crisis.

“Emergency Services” means, with respect to an Emergency Medical Condition:

- An Emergency Medical Screening Exam or behavioral health assessment that is within the capability of the emergency department of a hospital, including ancillary services routinely available to the emergency department to evaluate such Emergency Medical Condition; and
- Such further medical examination and treatment as are required under the Emergency Medical Treatment and Active Labor Act (42 U.S.C. 1395dd) to stabilize a patient, to the extent the examination and treatment are within the capability of the staff and facilities available at the Hospital.

“Emergency Medical Screening Exams” include medical history, examination, ancillary tests and medical determinations required to ascertain the nature and extent of an Emergency Medical Condition.

Your Plan covers Emergency Services in the emergency room of any Hospital. **Emergency room Services are covered when your medical condition meets the guidelines for emergency care as stated above. Coverage includes Services to stabilize an Emergency Medical Condition and Emergency Medical Screening Exams.**

If you or a Family Member believes that immediate assistance is needed for an Emergency Medical Condition, **call 911 or go to the nearest emergency room.** Tell the emergency personnel the name of your Primary Care Provider and show them your Member ID Card.

Call your Primary Care Provider any time, any day of the week. Your Primary Care Provider or the provider-on-call will tell you what to do and where to go for the most appropriate care.

Please be prepared to pay your Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are responsible for the Copayment/Coinsurance for each Hospital emergency room visit.

If you are admitted to the Hospital from the emergency room, your emergency Services Copayment/Coinsurance does not apply and all Services are subject to the Inpatient Services benefit shown in your Benefit Summary.

When you are admitted to an Out-of-Network Hospital from the emergency room, your Inpatient Services are covered under your In-Network benefit until your condition becomes stable. Once your condition is stabilized, Providence Health Plan will work with you to arrange transfer to an In-Network facility. This process is called “repatriation.”

Costs for non-emergency medical transport to facilitate repatriation to an In-Network facility are covered in full.

If you decline transfer to an In-Network facility once we have determined that repatriation is medically appropriate, the additional days spent at the Out-of-Network Hospital will be subject to your Out-of-Network benefits.

Note: While Emergency Services received from Out-of-Network Providers at Out-of-Network Facilities are covered under your In-Patient benefit until the time that your condition becomes stable, the Out-of-Network Providers and Out-of-Network Facilities are not contracted with Providence Health Plan. Therefore, the claims are priced using Usual, Reasonable and Customary (UCR) pricing, as described in section 3.3. Unless otherwise prohibited by state or federal law, you may be billed by the Out-of-Network Providers and Out-of-Network Facilities for amounts above the Allowed Amount of the claim, as determined by UCR.

The Plan does not pay for emergency room treatment for medical conditions that are not medical emergencies. Do not go to the emergency room for care that should take place in your provider’s office. Routine care for sore throats, common colds, follow-up care, and prescription drug requests are not considered to be emergencies.

4.5.2 Emergency Medical Transportation

Benefits include Services for emergency medical transportation by state certified ambulance and certified air ambulance transportation. Ambulance Services are provided for transportation to the nearest facility capable of providing the necessary emergency care or to a facility specified by Providence Health Plan. Air ambulance transportation is only covered for a life-threatening medical emergency, or when ground ambulance is either not available or would cause an unreasonable risk of harm because of increased travel time. Ambulance transportation solely for personal comfort or convenience is not covered.

4.5.3 Emergency Eye Care Services

Covered Services include the initial care for Emergency Medical Conditions resulting from an injury to or illness of the eye(s). Members may receive Services directly from an optometrist or ophthalmologist or from a Hospital emergency room.

4.5.4 Emergency Detoxification Services

Medically Necessary detoxification will be treated as an Emergency Medical Condition when the Member is not enrolled in a Substance Abuse treatment program, as stated in section 4.10.3, at the time Services are received. Prior Authorization is not required for emergency treatment; however, Providence Health Plan must be notified within 48 hours following the

onset of treatment, or as soon as reasonably possible, in order for coverage to continue. If a Member is to be transferred to an In-Network Provider for continued inpatient care, the cost of Medically Necessary transportation will be covered. Continuing or follow-up care is not a Covered Service unless Prior Authorized by Providence Health Plan.

4.5.5 Urgent Care

Urgent Care is treatment you need right away for an illness or injury that is not life threatening. This includes, but is not limited to, minor sprains, minor cuts and burns, and ear, nose, and throat infections. Routine care that can be delayed until you can be seen by a physician or provider in their office is not Urgent Care.

Whenever you need urgent care, call your Primary Care Provider first. Your Primary Care Provider or the provider-on-call is always available, day or night. They may either suggest that you come to the office or go to an emergency room or Urgent Care center. If you can be treated in your provider's office or at an In-Network Urgent Care center your out-of-pocket expense will usually be lower.

Please be prepared to pay the Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are also responsible for the applicable Copayment/Coinsurance shown in the Benefit Summary for any ancillary Services received, such as lab tests and X-rays, billed by the Qualified Provider.

If you are admitted to an Out-of-Network Hospital, you, or a relative, should call Providence Health Plan within 48 hours or as soon as reasonably possible.

When you are admitted to an Out-of-Network Hospital from an Urgent Care facility, your Inpatient Services are covered under your In-Network benefit until your condition becomes stable. Once your condition is stabilized, Providence Health Plan will work with you to arrange transfer to an In-Network facility. This process is called "repatriation."

Costs for non-emergency medical transport to facilitate repatriation to an In-Network facility are covered in full.

If you decline transfer to an In-Network facility once we have determined that repatriation is medically appropriate, the additional days spent at the Out-of-Network Hospital will be subject to your Out-of-Network benefits.

Not all Out-of-Network facilities will file a claim on a Member's behalf. If you receive urgent care Services from an Out-of-Network facility, you must submit a claim if the facility or provider does not submit it for you. See section 6.1.1.

Providence Health Plan employs professional clinical staff who may review services you receive in the Hospital. They may review your care to determine Medical Necessity, to make sure that you had quality care, and to ensure that you will have proper follow-up care.

Your provider will determine your medically appropriate length of stay. If you choose to stay in the Hospital longer than your physician advises, you will be responsible for the cost of additional days in the Hospital.

4.6.2 Skilled Nursing Facility

Benefits are provided as shown in the Benefit Summary for Covered Services from a Skilled Nursing Facility. In general, the duration of observation care does not exceed 24 - 48 hours. Some injectable and infused medications may be required to be supplied by a contracted Specialty Pharmacy. The Plan may require that you obtain a second opinion for some procedures. A visit is considered treatment with one provider (e.g., if you see a physical therapist and a speech therapist the same day at the same facility, it counts as two visits as you have received treatment from two providers). All Services are subject to review for Medical Necessity. Limits do not apply to Mental Health Covered Services. (See section 4.6.3 for coverage of Inpatient Rehabilitative Services.)

4.11 HOME HEALTH CARE AND HOSPICE CARE

4.11.1 Home Health Care

Benefits for home health care Covered Services are shown in the Benefit Summary and are described below. The Plan will provide benefits for home health care as an alternative to hospitalization with consent of the Member. A Home Health Provider must provide Services at your home under a home health care plan. Nothing in this provision will increase benefits to cover home health care Services that are not otherwise covered under this Plan.

Any visit by a person providing Services under a home health care plan, or evaluating the need for or developing a plan is considered one home health care visit. Up to four consecutive hours in a 24-hour period of home health care Service is considered one home health care visit. A home health care visit of more than four hours is considered one visit for every four hours or part thereof.

Home health care will not be reimbursed unless your Qualified Practitioner certifies that the home health care Services will be provided or coordinated by a state-licensed or Medicare-certified Home Health Agency or certified rehabilitation agency. If you were hospitalized immediately prior to the commencement of home health care, the home health care plan

must be initially approved by the Qualified Practitioner who was the primary provider of Services during the hospitalization.

If the above criteria are not met, **NO** benefits will be provided under this Plan for home health care.

Rehabilitation services provided under an authorized home health care plan will be covered as home health care Services.

Home health care benefits do **NOT** include:

1. Charges for mileage or travel time to and from your home;
2. Wage or shift differentials for Home Health Providers;
3. Charges for supervision of Home Health Providers; or
4. Services that consist principally of Custodial Care including, but not limited to, care for senile deterioration, mental deficiency, mental illness, developmental disability or care of a chronic or congenital condition on a long-term basis.

4.11.2 Hospice Care

Benefits are included for hospice care as shown in the Benefit Summary and as stated in this section. In addition, the following criteria must be met:

1. Your Qualified Practitioner certifies that you have a terminal illness with a life expectancy not exceeding six months; and
2. The Covered Services provided are reasonable and necessary for the condition and symptoms being treated.

When the above criteria are met, the Plan will provide benefits for a full range of Covered Services which a certified hospice care program is required to include. Covered Services include the following:

- Nursing care provided by or under the supervision of a registered nurse;

The Prescription Drug Benefit provides coverage for prescription drugs which are Medically Necessary for the treatment of a covered illness or injury and which are dispensed by a Participating Pharmacy pursuant to a prescription ordered by a Qualified Practitioner for use on an outpatient basis, subject to your Plan's benefits, limitations and exclusions.

Prescription Drug Definition

The following are considered "Prescription Drugs":

1. Any medicinal substance which bears the legend, "RX ONLY" or "Caution: federal law prohibits dispensing without a prescription";
2. Insulin;
3. Any medicinal substance of which at least one ingredient is a federal legend drug in a therapeutic amount; and
4. Any medicinal substance which has been approved by the Oregon Health Evidence Review Commission as effective for the treatment of a particular indication.

4.14.1 Using Your Prescription Drug Benefit

Your Prescription Drug Benefit requires that you fill your prescriptions at a Participating Pharmacy.

You have access to Providence Health Plan's nationwide broad pharmacy network as published in our pharmacy directory.

Providence Health Plan Participating Pharmacies are those pharmacies that maintain all applicable certifications and licenses necessary under state and federal law of the United States and have a contractual agreement with us to provide Prescription Drug Benefits.

Participating Pharmacies are designated as retail, preferred retail, specialty and mail-order Pharmacies. To view a list of Participating Pharmacies, visit our website at www.ProvidenceHealthPlan.com. You also may contact Customer Service at the telephone number listed on your Member ID Card.

- Please present your Member ID Card to the Participating Pharmacy at the time you request Services. If you have misplaced or do not have your Member ID Card with you, please ask your pharmacist to call us.
- All covered Services are subject to the Copayments or Coinsurance listed in your Benefit Summary.
- If you choose a brand-name drug when a generic-equivalent is available, any difference in cost for Prescription Drug Covered Services will not apply to your Calendar Year Deductibles and Out-of-Pocket Maximums.

- The amount paid by a manufacturer discount and/or copay assistance programs for a brand-name drug when a generic equivalent is available may not apply towards your Calendar Year Deductibles and Out-of-Pocket Maximums.
- Participating Pharmacies may not charge you more than your Copayment or Coinsurance. Please contact Customer Service if you are asked to pay more or if you, or the pharmacy, have questions about your Prescription Drug Benefit or need assistance processing your prescription.
- Copayments or Coinsurance are due at the time of purchase. If the cost of your Prescription Drug is less than your Copayment, you will only be charged the cost of the Prescription Drug.
- You may be assessed multiple Copayments for a multi-use or unit-of-use container or package depending on the medication and the number of days supplied.
- You may purchase up to a 90-day supply of each maintenance drug at one time using a Participating mail service or preferred retail Pharmacy. Not all drugs are covered for more than a 30-day supply, including compounded medications, drugs obtained from specialty pharmacies, and limited distribution pharmaceuticals. To obtain prescriptions by mail, your physician or provider can call in the prescription or you can mail your prescription along with your Providence Health Plan Member ID number to one of our Participating mail-order Pharmacies. To find our Participating mail-order Pharmacies, please visit our website at www.ProvidenceHealthPlan.com. (Not all prescription drugs are available through our mail-order pharmacies.)
- Diabetes supplies and inhalation extender devices may be obtained at your Participating Pharmacy. However, these items are considered medical supplies and devices and are subject to your Medical Supplies benefits, limitations and Copayments and/or Coinsurances. See section 4.9.1 and your Benefit Summary. Diabetes supplies do not include insulin pump devices, which are covered under your Durable Medical Equipment benefit, section 4.7.4.
- Self-administered chemotherapy drugs are covered under section 4.12.8 unless the benefits under this Prescription Drug Benefit allow for a lower out-of-pocket cost to you.
- Injectable medications received in your Provider's office are covered under section 4.3.5.
- Infusions, including infused medications, received at Outpatient Facilities are covered under section 4.7.1.
- Some prescription drugs require Prior Authorization or an exception to the Formulary in order to be covered. These may include select formulary agents, non-formulary agents, step therapy, and/or quantity limits as listed in the Providence Health Plan Prescription Drug Formulary available on our website at www.ProvidenceHealthPlan.com or by contacting Customer Service.
- Providence Health Plan will provide Members prescription synchronization services for maintenance medications. Upon Member or provider request, the Plan will coordinate with Members, providers, and the dispensing pharmacy to synchronize maintenance medication refills so Members can pick up maintenance medications on the same date. Members will be responsible for applicable Copayments, Coinsurances, and Deductibles.

4.14.2 Use of Out-of-Network Pharmacies

On rare occasions, such as urgent or emergency situations, you may need to use an Out-of-Network Pharmacy. If this happens, you will need to pay full price for your prescription at the time of purchase.

To request reimbursement, you will need to fill out and submit to Providence Health Plan a Prescription Drug Reimbursement form. This form is available on our website or by contacting Customer Service. When you submit the completed Prescription Drug Reimbursement form, include any itemized pharmacy receipts, along with an explanation as to why you used an Out-of-Network Pharmacy. Submission of a claim does not guarantee payment.

If your claim is approved, the Plan will reimburse you the cost of your prescription up to our Participating Pharmacy contracted rates, less your Copayment or Coinsurance if applicable. Reimbursement is subject to your Plan's limitations and exclusions. You are responsible for any amounts above our contracted rates.

International prescription drug claims will only be covered when prescribed for emergent conditions and will be subject to your medical Emergency Services benefit and any applicable Plan limitations and exclusions.

4.14.3 Prescription Drug Formulary

The Formulary is a list of Food and Drug Administration (FDA)-approved prescription drugs. It is designed to offer drug treatment choices for covered medical conditions. Formulary status is given to drugs which meet evidence-based assessment of therapeutic effectiveness, safety, pharmacoeconomic value and offer an important advantage to existing Formulary alternatives.

The Formulary can help you and your Qualified Practitioner choose effective medications that are less costly and minimize your out-of-pocket expense. There are effective generic drug choices that treat most medical conditions.

Not all FDA-approved drugs are covered by Providence Health Plan. Non-formulary drug requests require a formulary exception, must be FDA-approved, Medically Necessary, and require by law a prescription to dispense. See Section 6.1 under Claims Involving Prior Authorization and Formulary Exception.

Newly approved FDA drugs will be reviewed by the Oregon Region Pharmacy and Therapeutics Committee for safety and Medical Necessity within 12 months after the drug becomes available on the market. In the case of an urgent situation, Providence Health Plan will authorize the use of a newly approved FDA drug during our review period so a Member does not go without Medically Necessary treatment.

To access the Formulary for your Plan, visit <https://healthplans.providence.org/members/pharmacy-resources/>.

4.14.4 Prescription Drugs

Generic and Brand-Name Prescription Drugs

Both generic and brand-name drugs are covered benefits subject to the terms of your Benefit Summary. In general, generic drugs are subject to lower Copayments or Coinsurances than brand-name drugs. Please refer to your Benefit Summary for your Copayment or Coinsurance information.

If you request a brand-name drug, regardless of the reason or Medical Necessity, you will be responsible for the difference in cost between the brand-name and generic drug, in addition to the brand-name drug Copayment or Coinsurance indicated on the Benefit Summary. Your total cost, however, will never exceed the actual cost of the drug. The difference in cost between the brand-name and generic drug will not be applied toward your Out-of-Pocket Maximum, and you will continue to be responsible for the difference in cost after your Out-of-Pocket Maximum is met.

Affordable Care Act Preventive Drugs

Affordable Care Act (ACA) preventive drugs are medications, including contraceptives, which are listed in our Formulary and are covered at no cost when received from Participating Pharmacies as required by ACA. Over-the-counter ACA preventive drugs received from Participating Pharmacies will not be covered in full under the ACA preventive benefit without a written prescription from your Qualified Practitioner. However, over-the-counter contraceptives do not require a written prescription pursuant to Oregon state law.

4.14.5 Prescription Drug Quantity

Prescription dispensing limits, including refills, are as follows:

1. Topicals, up to 60 grams;
2. Liquids, up to eight ounces;
3. Tablets or capsules, up to 100 dosage units;
4. Multi-use or unit-of-use, up to one container or package; as prescribed, not to exceed a 30-consecutive-day supply, whichever is less;
5. FDA-approved women's prescription contraceptives: up to 3-months initial dispensing, then up to 12-months subsequent dispensing at any of our Participating Pharmacies; and
6. Opioids up to 7 days initial dispensing.

Other dispensing limits may apply to certain medications requiring limited use, as determined by our Oregon Region Pharmacy and Therapeutics Committee. Prior Authorization is required for amounts exceeding any applicable medication dispensing limits.

4.14.6 Participating Mail-Order and Preferred Retail Pharmacies

Up to a 90-day supply of prescribed maintenance drugs (drugs you have been on for at least 30 days and that you anticipate continuing on in the future) purchased from a Participating mail-order or preferred retail Pharmacy will be covered subject to the following specific provisions:

1. Qualified drugs under this program will be determined by us. Not all prescription drugs are available through mail-order pharmacy.
2. Not all maintenance prescription drugs are available in 90-day allotments.

3. Copayment(s) will be applied to the quantity stated on your Benefit Summary. (Some quantity limitations and Copayments for unit of use packaging may apply).

When using a mail-order pharmacy, payment is required prior to processing your order. If Providence Health Plan removes a pharmacy from its network, we will notify you of this change at least 30 days in advance. Notification may be done via the online directory or letter depending on the circumstance.

4.14.7 Prescription Drug Limitations

Prescription drug limitations are as follows:

1. All drugs must be Food and Drug Administration (FDA) approved, Medically Necessary and require by law a prescription to dispense. Not all FDA-approved drugs are covered by Providence Health Plan. Newly approved drugs will be reviewed for safety and Medical Necessity within 12 months after the drug becomes available on the market for Formulary consideration.
2. Certain drugs require Prior Authorization for Medical Necessity, place of therapy, length of therapy, step therapy, number of doses or dispensing limits. Step therapy uses our pharmacy claims history to confirm if certain drugs have been tried first by a Member. If a drug has not been tried first, cannot be tried first, or if the drug history is not available, Prior Authorization is required. For some drugs, Providence Health Plan limit the amount of the drug the Plan will cover. You or your Qualified Practitioner can contact Providence Health Plan directly to request Prior Authorization. If you have questions regarding a specific drug, please call Customer Service.
3. Specialty drugs are injectable, infused, oral, topical, or inhaled therapies that often require specialized delivery, handling, monitoring and administration and are generally high cost. These drugs must be purchased through a Providence Health Plan designated specialty pharmacy. Due to the nature of these medications, specialty drugs are limited to a 30-day supply. Specialty drugs are listed in the Formulary. In rare circumstances specialty medications may be filled for greater than a 30-day supply; in these cases, additional specialty cost share(s) may apply.
4. Self-injectable medications are only covered when they are being self-administered and labeled by the FDA for self-administration; in some cases, a Prior Authorization may be required for the drug. Documentation of self-administration may also be required. Drugs labeled for self-administration that are being administered by a provider will fall to the Member's medical benefit.
5. Medications, drugs or hormones prescribed to stimulate growth are not covered, except when there is a laboratory-confirmed diagnosis of growth hormone deficiency for children through 18 years of age and when prescribed for the treatment of documented pituitary destruction in adults.
6. Compound prescription drugs must contain at least one ingredient that is an FDA-approved prescription drug in a therapeutic amount, must meet our Medical Necessity criteria and must be purchased at a Participating Pharmacy. Compounded drugs from bulk powders that are not a component of an FDA-approved drug are not covered. Claims are subject to clinical review for Medical Necessity and are not guaranteed for payment.
7. In accordance with the ACA, your Plan provides coverage in full of certain medications, including contraceptives, when these medications are purchased from Participating Pharmacies. Not all preventive medications are required to be covered

in full by the ACA. Medications in this category may be subject to medical management techniques to determine frequency, method, treatment, or setting. Brand medications for which a generic is available will not be covered in full unless the Member has received Prior Authorization from Providence Health Plan.

8. Vacation supply medication refill overrides are limited to a 30-day supply once per Calendar Year, unless otherwise provided under your Plan. Additional exceptions may be granted on a case-by-case basis.
9. A 30 day supply medication refill override will be granted if you are out of medication and have not yet received your drugs from a participating mail order pharmacy.

4.14.8 Prescription Drug Exclusions

In addition to the Exclusions listed in section 5, Prescription Drug Exclusions are as follows:

1. Drugs or medicines delivered, injected or administered to you by a physician or other provider or another trained person (see section 4.3.5);
2. Amphetamines and amphetamine derivatives except when used in the treatment of narcolepsy or attention deficit and/or hyperactivity disorder in children and adults;

If such coverage is required by law and you unlawfully fail to obtain it, benefits will be deemed to have been payable to the extent of that requirement. This exclusion also applies to charges applied to the deductible of such contract or insurance. Any benefits or Services provided under this Plan that are subject to this exclusion are provided solely to assist you and such assistance does not waive our right to reimbursement or subrogation as specified in section 6.3. For purposes of this exclusion, “illegal” means any engagement or act that would constitute a felony or misdemeanor punishable by up to a year’s imprisonment under applicable law if such Member is convicted for the conduct. 6. CLAIMS ADMINISTRATION

This section explains how the Plan treats various matters having to do with administering your benefits and/or claims, including situations that may arise in which your health care expenses are the responsibility of a source other than this Plan.

6.1 CLAIMS PAYMENT

The Plan's payments for most Services are made directly to the providers of Services. Except as otherwise specifically provided in this Plan, if you are billed directly and pay for benefits which are covered by this Plan, reimbursement from the Plan will be made only upon your written notice to the Plan of the payment. Payment will be made to the Subscriber, subject to written notice of claim, or, if deceased, to the Subscriber's estate, unless payment to other parties is authorized in writing by you.

Explanation of Benefits (EOB)

You will receive an EOB from Providence Health Plan after your claim has been processed. An EOB is not a bill. An EOB explains how Providence Health Plan processed your claim, and will assist you in paying the appropriate Member responsibility to your provider. Copayment or Coinsurance amounts, Deductible amounts, services or amounts not covered and general information about our processing of your claim are explained on an EOB.

Time Frames for Processing Claims

If your claim is denied under the Plan, Providence Health Plan will send an EOB to you with an explanation of the denial within 30 days after your claim is received. If additional time is needed to process your claim for reasons beyond Providence Health Plan's control, you will be sent a notice of delay explaining those reasons within 30 days after your claim is received. The processing will then be completed and you will be sent an EOB within 45 days after your claim is received. If additional information is needed from you to complete the processing of your claim, you will be sent a separate request for the information and you will have 45 days to submit the additional information. Once the additional information from you is received, Providence Health Plan will complete the processing of the claim within 30 days.

Claims Involving Prior Authorization and Formulary Exception (Pre-Service Claims)

- **For Prior Authorization services that do not involve urgent medical conditions:** You and your provider will be notified of Providence Health Plan's decision within two business days after the Prior Authorization request is received. If additional information is needed to process the request, Providence Health Plan will provide written notice to the Member and the provider within two business days of receiving the Prior Authorization request. The Member and the provider will have 15 days to submit the additional information. Within two business days of receipt of the additional information, Providence Health Plan will complete their review and provide written notice of its decision to the Member and the provider. If the information is not received within 15 days, the request will be denied.

- **For Prior Authorization of services that involve urgent medical conditions:** You and your provider will be notified of Providence Health Plan's decision within 24 hours after the Prior Authorization request is received. If additional information is needed to complete the review, the requesting provider or you will be notified within 24 hours after the request is received. The requesting provider or you will then have 48 hours to submit the additional information. The review will then be completed and the requesting provider or you will be notified of Providence Health Plan's decision by the earlier of, (a) 48 hours after the additional information is received or, (b) if no additional information is provided, 48 hours after the additional information was due.
- **For Formulary exceptions:** For standard requests, Providence Health Plan will notify your provider or you of its decision within 72 hours after receipt of the request. For expedited requests, Providence Health Plan will notify your provider or you of its decision within 24 hours after receipt of the request. To qualify for expedited review, the request must be based upon exigent circumstances.

Claims Involving Concurrent Care Decisions. If an ongoing course of treatment for you has been approved under the Plan and it is determined through Concurrent Review procedures to reduce or terminate that course of treatment, Providence Health Plan will provide advance notice to you of that decision. You may request a reconsideration of the decision by submitting an oral or written request at least 24 hours before the course of treatment is scheduled to end. You will then be notified of Providence Health Plan's reconsideration decision within 24 hours after your request is received.

6.1.1 Timely Submission of Claims

The Plan will make no payments for claims received more than 365 days after the date of Service. Exceptions will be made if Providence Health Plan receives documentation that you lacked legal capacity during that period. Payment of claims submitted by the Oregon state Medicaid agency or a prepaid managed care health services organization described in ORS 414.651 (i.e., a Coordinated Care Organization) will be made in accordance with ORS 743B.470, which establishes payment requirements for claims submitted by the Oregon state Medicaid agency.

Payment of all claims will be made within the time limits required by OAR 836-080-0235, the Oregon insurance Division's administrative rule setting standards for prompt payment. Please send all claims to:

Providence Health Plan

 P.O. Box 3125
 Portland, OR 97208-3125

6.1.2 Right of Recovery

The Plan has the right, upon demand, to recover from a recipient the value of any benefit or claim payment that exceeded the benefits available under this Plan. This right of recovery applies to any excess benefit, including (but not limited to) benefits obtained through fraud, error, or duplicate coverage relating to any Member. If timely repayment is not made, the Plan has the right, in addition to any other lawful means of recovery, to deduct the value of the excess benefit from any future benefit that otherwise would have been available to the affected Member(s) from the Plan under any contract.

6.2 COORDINATION OF BENEFITS

This Coordination of Benefits (COB) section applies when a Member has health care coverage under more than one Plan. The term “Plan” is defined below for the purposes of this COB section. The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary plan. The Primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary plan is the Secondary plan. The Secondary plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable expense.

6.2.1 Definitions Relating to Coordination of Benefits

Plan

Plan means any of the following that provides benefits or Services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for Members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.

1. Plan includes: group and individual health insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of group long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental plan, as permitted by law and group and individual insurance contracts and Subscriber contracts that pay or reimburse for the cost of dental care.
2. Plan does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; school accident type coverage; benefits for non-medical components of group long-term care policies; Medicare Supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage listed under (1) or (2) above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

This Plan

This Plan means, as used in this COB section, the part of this contract providing health care benefits to which this COB section applies and which may be reduced because of the benefits of other plans. Any other part of this contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

The order of benefit determination rules listed in section 6.2.2 determine whether This Plan is a Primary plan or Secondary plan when a Member has health care coverage under more than one Plan.

When This Plan is primary, Providence Health Plan determines payment for benefits first before those of any other Plan without considering any other Plan’s benefits. When This Plan is secondary, Providence Health Plan determines benefits after those of another Plan and

may reduce the benefits payable so that all Plan benefits do not exceed 100% of the total Allowable expense.

Allowable expense

Allowable expense means a health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any Plan covering a Member. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering a Member is not an Allowable expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Member is not an Allowable expense.

The following are examples of expenses that are NOT Allowable expenses:

1. The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable expense, unless one of the Plans provides coverage for private hospital room expenses.
2. If the Member is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
3. If the Member is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
4. If the Member is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable expense used by the Secondary plan to determine its benefits.
5. The amount of any benefit reduction by the Primary plan because the Member has failed to comply with the Plan provisions is not an Allowable expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

Closed panel plan

A Closed panel plan is a Plan that provides health care benefits to Members primarily in the form of services through a panel of providers that has contracted with or is employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

Custodial parent

A Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the Dependent child resides more than one half of the Calendar Year excluding any temporary visitation.

6.2.2 Order of Benefit Determination Rules

When a Member is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of any other Plan.
 1. Except as provided in Paragraph (2) below, a Plan that does not contain a COB provision that is consistent with the State of Oregon's COB regulations is always primary unless the provisions of both Plans state that the complying Plan is primary.
 2. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed panel plan to provide out-of-network benefits.
- B. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.
- C. Each Plan determines its order of benefits using the first of the following rules that apply:
 1. Non-Dependent or Dependent. The Plan that covers a Member other than as a Dependent, for example, as an employee, Subscriber or retiree is the Primary plan and the Plan that covers the Member as a Dependent is the Secondary plan. However, if the Member is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the Member as a Dependent; and primary to the Plan covering the Member as other than a Dependent (e.g., a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the Member as an employee, subscriber or retiree is the Secondary plan and the other Plan is the Primary plan.
 2. Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a Member is a Dependent child covered by more than one Plan the order of benefits is determined as follows:
 - a) For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
 - i. The Plan of the parent whose birthday falls earlier in the Calendar Year is the Primary plan; or
 - ii. If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary plan.
 - b) For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - i. If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;
 - ii. If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care

- coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;
- iii. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or
 - iv. If there is no court decree allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the Dependent child are as follows:
 - The Plan covering the Custodial parent, first;
 - The Plan covering the spouse of the Custodial parent, second;
 - The Plan covering the non-custodial parent, third; and then
 - The Plan covering the Dependent spouse of the non-custodial parent, last.
- c) For a Dependent child covered under more than one Plan of individuals who are not the parents of the Dependent child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the Dependent child.
 - d) For a Dependent child:
 - i. Who has coverage under either or both parents' plans and also has coverage as a Dependent under a spouse's plan, the rule in paragraph (5) applies.
 - ii. In the event the Dependent child's coverage under the spouse's plan began on the same date as the Dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in Subparagraph (a) to the Dependent child's parent(s) and the Dependent's spouse.
3. Active Employee or Retired or Laid-off Employee. The Plan that covers a Member as an active employee, that is, an employee who is neither laid off nor retired, is the Primary plan. The Plan covering that same Member as a retired or laid-off employee is the Secondary plan. The same would hold true if a Member is a Dependent of an active employee and that same Member is a Dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
 4. COBRA or State Continuation Coverage. If a Member whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the Member as an employee, subscriber or retiree or covering the Member as a Dependent of an employee, Subscriber or retiree is the Primary plan and the COBRA or state or other federal continuation coverage is the Secondary plan. If the other Plan does not have this rule, and as a result, the Plans do not

agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

5. Longer or Shorter Length of Coverage. The Plan that covered the Member the longer period of time is the Primary plan and the Plan that covered the Member the shorter period of time is the Secondary plan.
6. If the preceding rules do not determine the order of benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than would have paid had This Plan been the Primary plan.

6.2.3 Effect on the Benefits of This Plan

When This Plan is secondary, benefits may be reduced so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable expenses. In determining the amount to be paid for any claim, the Secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable expense under its Plan that is unpaid by the Primary plan. The Secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable expense for that claim. In addition, the Secondary plan shall credit to its plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

If a Member is enrolled in two or more Closed panel plans and if, for any reason, including the provision of services by a non-panel provider, benefits are not payable by one Closed panel plan, COB shall not apply between that Plan and other Closed panel plans.

6.2.4 Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply this COB section and to determine benefits payable under This Plan and other Plans. Providence Health Plan may get the facts needed from, or give them to, other organizations or persons for the purpose of applying this section and determining benefits payable under This Plan and other Plans covering a Member claiming benefits. Providence Health Plan need not tell, or get the consent of, any person to do this. Each Member claiming benefits under This Plan must give us any facts Providence Health Plan needs to apply this section and determine benefits payable.

6.2.5 Facility of Payment

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, This Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. This Plan will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means the reasonable cash value of the benefits provided in the form of services.

6.2.6 Right of Recovery

If the amount of the payments made by This Plan is more than what should have paid under this COB section, This Plan may recover the excess from one or more of the persons This Plan paid or for whom This Plan have paid; or any other person or organization that may be

responsible for the benefits or services provided for the Member. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

6.2.7 Coordination with Medicare

In all cases, coordination of benefits with Medicare will conform with federal statutes and regulations. Medicare means Title XVIII of the Social Security Act, as enacted or amended. Medicare eligibility and how This Plan determines benefit limits are affected by disability and employment status. Please contact Customer Service if you have questions.

In accordance with the “working aged” provisions of the Medicare Secondary Payer Manual, when the Employer Group’s size is less than 20 employees, for Members who are entitled to and enrolled in Medicare Part A, enrollment in Medicare Part B will be assumed and Medicare will be the primary payer and This Plan will coordinate benefits as the secondary payer even if the Medicare-eligible Member has not elected Medicare Part B.

When the Employer Group’s size is 20 individuals or more, Medicare will be considered the secondary payer if the Member is enrolled in Medicare.

Counting individuals for the Employer size:

- Employees counted in the Employer size include the total number of nationwide full-time employees, part-time employees, seasonal employees, and partners who work or who are expected to report for work on a particular day.
- Those not counted in the Employer size include retirees, COBRA-qualified beneficiaries and individuals on other continuation options, and self-employed individuals who participate in the Employer’s group health plan.

6.3 THIRD-PARTY LIABILITY/SUBROGATION

The following provisions will apply when you or any other Member has received Services for a condition for which one or more third parties may be responsible. “Third party” means any person other than the Member (the first party to the provisions of this Plan), and Providence Health Plan (the second party), and includes any insurance carrier providing liability or other coverage potentially available to the Member. For example, uninsured or underinsured motorist coverage, no-fault medical payments (auto, homeowners or otherwise), or other group insurance (including student plans) whether under the Member’s policy or not, are subject to recovery by us as a third-party recovery. Failure by the Member to comply with the terms of this section will be a basis for the Plan to deny any claims for benefits arising from the condition or to terminate the Member’s coverage under this Plan as specified in section 9.4. In addition, you or the Member must execute and deliver to the Plan and to other parties any document requested by us which may be appropriate to confirm or secure the rights and obligations of the Member and the Plan under these provisions.

6.3.1 Third-Party Liability/Subrogation and How It Affects You

Third-party liability refers to claims that are in whole or part the responsibility of someone besides the Plan or the Member. Examples of third-party liability are motor vehicle accidents, workplace injury or illness, and any other situation involving injury or illness, including wrongful death, in which the Member or the Member’s heirs, beneficiaries or relatives have a basis to bring a lawsuit or to make a claim for compensation against any

person or for which the Member or the Member's heirs, beneficiaries or relatives may receive a settlement. Once it has been established that the third party is responsible to pay and is capable of paying for the expenses for the Services caused by that third party, the Plan will not provide benefits for the Services arising from the condition caused by that third party. Such benefits are specifically excluded from coverage under this Plan.

If the Plan makes claim payments on any Member's behalf for any condition for which a third party is responsible, the Plan is entitled to be repaid promptly for those payments, directly out of any recovery from the third party, including any settlement, award, verdict, payment or other monetary recovery.

"Subrogation" means that the Plan may collect directly from the third party to the extent the Plan has paid for third-party liabilities. Because the Plan has paid for the Member's injuries, the Plan, rather than the Member, is entitled to recover those expenses. Prior to accepting any settlement of the Member's claim against a third party, the Member must notify the Plan in writing of any terms or conditions offered in settlement and must notify the third party of the Plan's interest in the settlement established by this provision.

To the maximum extent permitted by law, the Plan is subrogated to the Member's rights against any third party who is responsible for the condition, have the right to sue any such third party in the Member's name, and has a security interest in and lien upon any recovery to the extent of the amount of benefits paid by the Plan and for the Plan's expenses in obtaining a recovery. If the Member should either decline to pursue a claim against a third party that the Plan believes is warranted or refuse to cooperate with the Plan in any third party claim that the Member does pursue, the Plan has the right to pursue such claim directly, including commencing a legal action against such third party or intervening in any action that the Member may have commenced.

To accomplish this process, the Plan needs detailed information from you or from the Member. A questionnaire will be sent to the Member for this information. It should be completed and returned to Providence Health Plan as soon as possible to minimize any claim review delay. If you or the Member has any questions or concerns regarding the questionnaire, please contact Providence Health Plan office. A Providence Health Plan employee who specializes in third-party liability/subrogation can discuss these procedures and what you or the Member needs to do.

6.3.2 Proceeds of Settlement or Recovery

Subject to paragraph 6.3.4 below, if for any reason the Plan is not paid directly by the third party, the Plan is entitled to reimbursement from the Member or the Member's heirs, legal representatives, beneficiaries or relatives, and the Plan may request refunds from the medical providers who treated the Member, in which case those providers will bill the Member for their Services. To the fullest extent permitted by law, the Plan is entitled to the proceeds of any settlement, award, verdict, or other payment that results in a monetary recovery from a third party, whether or not responsibility is accepted or denied by the third party for the condition, whether or not such monetary recovery is described by any person as something other than a recovery of medical expenses incurred by the Plan, and whether or not the Member is alleged to have any fault, under principles of comparative negligence or otherwise. With respect to any workers' compensation recovery, the Plan is entitled to the proceeds whether or not the loss is deemed to be compensable under the workers'

compensation laws. The Plan is entitled to recover up to the full value of the benefits provided by the Plan for the condition, calculated using the Plan's UCR charges for such Services, less the Plan's pro-rata share of the Member's out-of-pocket expenses and attorney fees incurred in making the recovery. The Plan is entitled to such recovery regardless of whether the Member has been fully compensated or "made whole" for the loss caused by the third party, and regardless of whether the Member has been partially compensated for such loss. The Plan is entitled to first priority in repayment, over the Member and over any other person, for such charges.

By accepting benefits under this Plan, the Member acknowledges the Plan's first priority to this repayment and assigns to us any benefits the Member may have from other sources. The Member must cooperate fully with the Plan and Providence Health Plan in recovering amounts paid by the Plan. If any Member seeks damages against the third party for the condition and retains an attorney or other agent for representation in the matter, that Member agrees to require the Member's attorney or agent to reimburse the Plan directly from the settlement or recovery in the amount provided by this section.

The Member must complete the Plan's trust agreement, by which the Member and any Member's attorney (or other agent) must confirm the obligation to reimburse the Plan directly from any settlement or recovery. The Plan may withhold benefits for the Member's condition until a signed copy of this agreement is delivered to the Plan. The agreement must remain in effect and the Plan may withhold payment of benefits if, at any time, the Member's confirmation of the obligations under this section should be revoked. While this document is not necessary for the Plan to exercise the Plan's rights under this section, it serves as a reminder to the Member and directly obligates any Member's attorney to act in accord with the Plan's rights.

6.3.3 Suspension of Benefits and Reimbursement

Subject to paragraph 6.3.4 below, after the Member has received proceeds of a settlement or recovery from the third party, the Member is responsible for payment of all medical expenses for the continuing treatment of the illness or injury that the Plan would otherwise be required to pay under this Plan until all proceeds from the settlement or recovery have been exhausted. If the Member has failed to reimburse the Plan as required by this section, the Plan is entitled to offset future benefits otherwise payable under this Plan, or under any future contract or plan with Clackamas County, to the extent of the value of the benefits advanced under this section.

If the Member continues to receive medical treatment for the condition after obtaining a settlement or recovery from one or more third parties, the Plan is not required to provide coverage for continuing treatment until the Member proves to the Plan's satisfaction that the total cost of the treatment is more than the amount received in settlement or recovered from the third party, after deducting the cost of obtaining the settlement or recovery. The Plan will only cover the amount by which the total cost of benefits that would otherwise be covered under this Plan, calculated using the Plan's UCR charges for such Services, exceeds the amount received in settlement or recovery from the third party. The Plan is entitled to suspend such benefits even if the total amount of such settlement or recovery does not fully compensate the Member for other damages, particularly including lost wages or pain and suffering.

Any settlement arising out of an injury or illness covered by this Plan will be deemed first to compensate you for your medical expenses, regardless of any allocation of proceeds in any settlement document that the Plan has not approved in advance. In no event shall the amount reimbursed to the Plan be less than the maximum permitted by law.

6.3.4 Special Rules for Motor Vehicle Accident Cases

If the third party recovery is payable to you or any enrolled Family Member as the result of a motor vehicle accident or by a motor vehicle liability or underinsured insurer, the rules in paragraphs 6.3.2 and 6.3.3 above are modified as provided below.

Before the Plan will be entitled to recover from under a settlement or recovery, you or your enrolled Family Member must first have received full compensation for your injuries. The Plan's entitlement to recover will be payable only from the total amount of the recovery in excess of the amount that fully compensates for the injured person's injuries.

The Plan will not deny or refuse to provide benefits otherwise available to you or your enrolled Family Member because of the possibility that a third party recovery may potentially be available against the person who caused the accident or out of motor vehicle liability or underinsurance coverage.

7.2 MEMBER GRIEVANCE AND APPEAL

Definitions:

Adverse Benefit Determination

An Adverse Benefit Determination means a:

- Denial of eligibility for or termination of enrollment in this Plan;
- Rescission or cancellation of coverage under this Plan;
- Source-of injury exclusion, network exclusion, Annual benefit limit or other limitation on otherwise Covered Services;
- Determination that a health care item or service is Experimental/Investigational or not Medically Necessary; or
- Determination that a course or plan of treatment that a Member is undergoing is an active course of treatment for purposes of continuity of care.

Appeal

A type of Grievance that is a written request from a Member or an Authorized Representative of the Member requesting further consideration of an Adverse Benefit Determination.

Authorized Representative

An individual who by law or by the authorization of a Member may act on behalf of the Member.

Concurrent Care

An approved ongoing course of treatment to be provided over a period of time or for a specified number of treatments.

Grievance

A communication from a Member or an Authorized Representative of a Member expressing dissatisfaction with an Adverse Benefit Determination, without specifically declining any right to Appeal or review, that is:

- In writing, for an internal Appeal or an external review; or in writing or orally, for an expedited response or an expedited external review; or
- A written complaint submitted by a Member or an Authorized Representative of a Member regarding the:

- Availability, delivery or quality of a health care service;
- Claims payment, handling or reimbursement for health care services and, unless the Member has not submitted a request for an internal Appeal, the complaint is not disputing an Adverse Benefit Determination; or
- Matters pertaining to the contractual relationship between a Member and Providence Health Plan.

7.2.1 Your Grievance and Appeal Rights

If you disagree with Providence Health Plan's decision about your medical bills or health care services, you have the right to an internal review. You may request review if you have received an Adverse Benefit Determination. You may also file a quality of care or general complaint or grievance with Providence Health Plan. You may appoint an Authorized Representative to act on your behalf during your Grievance or Appeal. Please include as much information as possible including the date of the incident, the names of individuals involved, and the specific circumstances. In filing a Grievance or Appeal:

- You can submit written comments, documents, records and other information relating to your Grievance or Appeal and Providence Health Plan will consider that information in the review process.
- You can be represented by anyone of your choice at all levels of Appeal.

Request for Claim/Appeal File and Additional Information:

- You can, upon request and free of charge, have reasonable access to and copies of all documents, records, and other information relevant to our decision at any time before, during, or after the appeal process. This includes the specific internal rule, guidelines, protocol, or other similar criterion relied upon to make the Adverse Benefit Determination, as well as a copy of your claim or appeal file as applicable.
- You also have the right to request free of charge, at any time, the diagnostic and treatment codes and their meanings that are the subject of your claim or appeal.

Filing a Grievance or Appeal does not affect your right to receive benefits for Covered Services as otherwise provided under this Plan.

If you received the services that were denied in the Adverse Benefit Determination, and if the Adverse Benefit Determination is upheld by internal or external review, you will be financially responsible for any benefits paid by the Plan for such services.

To the extent possible, Customer Service will resolve complaints filed by telephone at the point of service. We will acknowledge all non-urgent pre-service and post-service Grievances and Appeals within seven days of receipt and resolve within 30 days or sooner depending on the clinical urgency. Urgent medical conditions and concurrent care have different resolution timelines as noted below.

Urgent Medical Conditions: If you believe your health would be seriously harmed by waiting for Providence Health Plan's decision on your Grievance or Appeal of a denied Prior Authorization or Concurrent Care request, you may request an expedited review by calling a Customer Service representative at 503-574-7500 or 800-878-4445 outside the Portland area. If your Appeal is urgent and qualifies for external review, you may request to have both your internal and external Appeal expedited at the same time. Providence Health Plan will let

you know by phone and letter if your case qualifies for an expedited review. If it does, you will be notified of the decision within 72 hours of receiving your request.

Grievances and Appeals Involving Concurrent Care Decisions: If Providence Health Plan has approved an ongoing course of treatment for you and determines through medical management procedures to reduce or terminate that course of treatment, Providence Health Plan will provide advance notice to you of that decision. You may request reconsideration of the decision by submitting an oral or written request at least 24 hours before the course of treatment is scheduled to end. Providence Health Plan will then notify you of the reconsideration decision within 24 hours of receiving your request.

7.2.2 Internal Grievance or Appeal

You must file your internal Grievance or Appeal within 180 days of the date on the notice of the initial Adverse Benefit Determination, or that initial determination will become final. Please advise Providence Health Plan of any additional information that you want considered in the review process. If you are seeing an Out-of-Network Provider, you should contact the provider's office and arrange for the necessary records to be forwarded to Providence Health Plan for the review process. Your Grievance or Appeal will be reviewed by Providence Health Plan staff not involved in the initial determination. You may present your case in writing. Once a final determination is made you will be sent a written explanation of the decision.

7.2.3 External Review

If you are not satisfied with the internal Grievance or Appeal decision and your Appeal involves (a) Medically Necessary treatment, (b) Experimental/Investigational treatment, (c) an active course of treatment for purposes of continuity of care, (d) whether a course of treatment is delivered in an appropriate setting at an appropriate level of care or (e) an exception to the Plan's prescription drug formulary, you may request an external review by an IRO. Your request must be made in writing within 180 days of receipt of the internal Grievance or Appeal decision, or that internal decision will become final. If you agree, Providence Health Plan may waive the requirement that you exhaust the internal review process before beginning the External Review process. Providence Health Plan will notify the Oregon Insurance Division within two business days of receiving your request for external review, at which point an IRO will be assigned to the case by the Oregon Insurance Division and Providence Health Plan will forward complete documentation regarding the case to the IRO.

If you request an external review you must agree to authorize release of medical records needed by the IRO and submit any additional information to the IRO no later than five days after the appointment of the IRO, or 24 hours in cases of expedited review. The IRO is entirely independent of the Plan and Providence Health Plan and performs its review under a contract with the Oregon Insurance Division. The IRO will notify you and Providence Health Plan of its decision within three days for expedited reviews and within 30 days when not expedited. **The Plan and Providence Health Plan agree to be bound by and to comply with the IRO decision when the decision involves, (a) Medically Necessary treatment, (b) Experimental/Investigational treatment, (c) an active course of treatment for purposes of continuity of care, (d) whether a course of treatment is delivered in an appropriate setting at an appropriate level of care or (e) an exception to the Plan's prescription drug formulary.**

The Plan pays for all costs for the handling of external review cases and Providence Health Plan administers these provisions in accordance with the insurance laws and regulations of the State of Oregon. **If we do not comply with the IRO decision, you have the right to sue us under applicable Oregon law.**

8. ELIGIBILITY AND ENROLLMENT

This section outlines who is eligible for coverage, and how and when to enroll yourself and your Eligible Family Dependents. No benefits shall be available to anyone not enrolled under this Plan. You and your Employer must provide Providence Health Plan with evidence of eligibility as requested.

8.1 EMPLOYEE ELIGIBILITY AND ENROLLMENT

8.1.1 Employee Eligibility Date

An employee is eligible for coverage as specified in the Eligible Employee definition.

8.1.2 Employee Effective Date

Coverage begins for an Eligible Employee as specified in the Effective Date of Coverage definition.

8.1.3 Employee Enrollment

The Eligible Employee must enroll on forms (paper or electronic) provided and/or accepted by Clackamas County. To obtain coverage, an Eligible Employee must enroll within 30 days to enroll after becoming eligible. An enrolled Eligible Employee is referred to as the Subscriber.

If you decline coverage or fail to enroll when you first become eligible, the next earliest time you may enroll is the next occurring Open Enrollment Period.

In certain situations, you and/or your Eligible Family Dependents may qualify to enroll during a special enrollment period. See section 8.3 for additional information.

8.2 DEPENDENT ELIGIBILITY AND ENROLLMENT

8.2.1 Eligibility Date

Coverage begins for each Eligible Family Dependent on:

1. The Effective Date of Coverage for the Subscriber if the individual is an Eligible Family Dependent on that date;
2. For any Eligible Family Dependents acquired on the date of the Subscriber's marriage, on the first day of the calendar month following receipt of the enrollment request, within 60 days of the Subscriber's marriage;
3. The date of birth of the biological child of the Subscriber or Spouse;
4. The date a child is placed with the Subscriber or Spouse for the purpose of adoption by the Subscriber or Spouse;
5. The date the Subscriber or Spouse is required to provide health coverage to a child under a qualified medical child support court or administrative order; or
6. The date on which legal guardianship status begins.

8.2.2 Additional Requirements for Eligible Family Dependent Coverage

An Eligible Employee may cover Eligible Family Dependents ONLY if the Eligible Employee is also covered, and Clackamas County receives the completed enrollment form requesting Dependent coverage.

8.2.3 Eligible Family Dependent Enrollment

You must enroll Eligible Family Dependents on forms provided and/or accepted by Clackamas County. No Eligible Family Dependent will become a Member until Clackamas County approves that Eligible Family Dependent for coverage. To obtain coverage, the Eligible Family Dependent must enroll within 30 after becoming eligible as indicated in section 8.2.1 (see section 8.2.4 regarding newborn and adopted children). The next earliest time your Eligible Family Dependent may enroll is the next occurring Open Enrollment Period. In addition, an Eligible Employee and/or Eligible Family Dependent may qualify to enroll during a special enrollment period as described in section 8.3.

8.2.4 Newborn Eligibility and Enrollment

A newborn or adopted child of a Member who meets the definition of an Eligible Family Dependent is eligible for coverage from the date of birth or placement for the purpose of adoption as long as enrollment occurs within 60 days from birth or placement and additional Premium, if any, is paid to Clackamas County. If the enrollment and payment of additional Premium, if any, are not accomplished within this time period, no Services will be covered for the child. Enrollment after this time period may be accomplished as outlined in sections 8.2.3 and 8.3.

8.2.5 Open Enrollment Period

Clackamas County will provide an Open Enrollment Period each Plan Year. The Effective Date of Coverage for new Members who enroll during the Open Enrollment Period is the first day of the Plan Year for which they enroll.

8.2.6 Changes in Eligibility

When an eligibility change occurs, you need to make sure Clackamas County is notified of the change. Address changes can be made by contacting Clackamas County Benefits & Wellness.

For the following changes, you, as the Subscriber, must obtain an enrollment form from Clackamas County's benefit office. You need to submit this form to your Employer for you and all your Eligible Family Dependents when:

- You marry and wish to enroll your new Spouse;
- A Dependent's limiting age occurs; or
- You or one of your Dependents has a legal name change.

If you have questions regarding eligibility changes, please contact Clackamas County Benefits & Wellness.

8.2.7 Members No Longer Eligible for Coverage

If you divorce or are legally separated, your Spouse is no longer eligible for coverage as a Dependent. You must disenroll your Spouse as a Dependent from your Plan at the time the divorce or legal separation is final. Your Spouse's children will be able to continue coverage under the Plan so long as the children continue to qualify as your Eligible Family Dependents.

You must inform Clackamas County of these changes by completing a new enrollment form. Check with Clackamas County's benefits office or contact Customer Service to determine the effective date of any enrollment or disenrollment.

Those who no longer qualify as your Eligible Family Dependents may be eligible to continue coverage as described under section 10. Ask Clackamas County or call Customer Service for continuation coverage eligibility information.

8.3 SPECIAL ENROLLMENT PERIODS

If you declined enrollment for yourself as a Subscriber or for an Eligible Family Dependent (including your Spouse) during a previous enrollment period (as stated in sections 8.1 and 8.2), you may be eligible to enroll yourself or the Eligible Family Dependent during a "special enrollment period" provided that you request enrollment within 60 days of the qualifying event and meet the applicable requirements stated in this section.

In instances where an Eligible Family Dependent of a Subscriber qualifies for a "special enrollment period," the Subscriber and the Eligible Family Dependent may:

- Enroll in the coverage currently elected by the Subscriber; or
- Enroll in any benefit option offered by the Employer for which the Subscriber and Eligible Family Dependent is eligible.

8.3.1 Loss of Other Coverage

If you declined enrollment for yourself as a Subscriber or for an Eligible Family Dependent (including your Spouse) because of other health coverage and you lose that other coverage, the Plan will provide a "special enrollment period" for you and/or your Eligible Family Dependent if:

- a) The person was covered under a group health plan or had other health coverage (includes benefits consisting of medical care under any hospital or medical services policy or certificate, or HMO) at the time coverage under this policy was first offered to the person; and
- b) The person stated in writing that coverage under such group health plan or health coverage was the reason for declining enrollment; but only if the Plan required such a statement and provided the person with notice of such requirement (and the consequences of such requirement) at such time; and
- c) Such coverage:
 - was under a COBRA Continuation provision and the coverage under such a provision was exhausted, except when the person failed to pay timely premium, or if coverage terminated for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact); or
 - was not under a COBRA Continuation provision and the coverage was terminated as a result of:
 1. The individual's loss of eligibility for the coverage; including as a result of legal separation, divorce, death, termination of employment, or a reduction in the number of hours of employment; except when the person failed to pay timely premium or if coverage terminated for cause (such as making a fraudulent claim or an intentional misrepresentation of material fact); or

2. The individual's loss of eligibility for coverage under the Children's Health Insurance Program (CHIP), Medicaid, Medicare, TRICARE, Indian Health Service or domestic or foreign publicly sponsored or subsidized health plan; including but not limited to the Oregon Health Plan (OHP); and the individual applies for coverage under this Plan within 63 days of the termination of such coverage; or
3. The termination of contributions toward such coverage by the current or former Employer; or
4. The individual incurring a claim that exceeds the lifetime limit on benefits; and the individual applies for coverage under this Plan within 60 days after the claim is denied.

Effective Date: Coverage under this Plan will take effect on the first day after the other coverage ended.

8.3.2 New Dependents

If you were eligible to enroll as a Subscriber under this Plan, but did not enroll during a previous enrollment period, and a person becomes your Eligible Family Dependent through marriage, birth, adoption or placement for adoption; the Plan will provide a "special enrollment period" during which you and your Eligible Family Dependent(s) may enroll under this Plan.

The "special enrollment period" shall be a period of 60 days and begins on the later of:

- the date Dependent coverage is made available under this Plan; or
- the date of the marriage, birth, or adoption or placement for adoption.

Effective Date:

- in the case of marriage, on the first day of the calendar month following Clackamas County's receipt of the enrollment request, or on an earlier date as agreed to by Clackamas County; or
- in the case of a Dependent's birth, on the date of such birth; or
- in the case of a Dependent's adoption or placement for adoption, the date of such adoption or placement for adoption; or
- in the case of legal guardianship of a Dependent, the date such legal guardianship status begins.

8.3.3 Court Orders

If you were eligible to enroll as a Subscriber under this Plan, but did not enroll during a previous enrollment period, and a court orders you to provide coverage for a Spouse or minor child under your Health Benefit Plan, the Plan will provide a "special enrollment period" for you and the Spouse or minor child you are ordered to provide coverage for if you request enrollment within 60 days after the issuance of the court order.

Effective Date: The date specified in the court order.

8.3.4 Premium Assistance

If you or your Eligible Family Dependent were eligible to enroll under this Plan but did not enroll during a previous enrollment period, and you or your Eligible Family Dependent

becomes entitled to group health plan premium assistance under a Medicaid-sponsored or Children's Health Insurance Program (CHIP)-sponsored arrangement, the Plan will provide a "special enrollment period" for you and your Family Member(s) if you request enrollment within 60 days after the date of entitlement.

8.4 LEAVE OF ABSENCE AND LAYOFFS

A Subscriber on leave of absence or layoff status may continue to be covered under this Plan as though actively at work for a period of time, if any, as stated in the Eligible Employee definition. An Employee who returns to work as an Eligible Employee after coverage has lapsed must re-enroll for coverage as specified in section 8.1.3.

For the Subscriber, a leave of absence granted under the federal Family and Medical Leave Act (FMLA), the Uniformed Services Employment and Reemployment Rights Act (USERRA), is administered in accordance with those Acts and this Summary Plan Description.

9. TERMINATION OF MEMBER COVERAGE

9.1 TERMINATION DATES

Termination of Member coverage under this Plan will occur on the earliest of the following dates:

1. The date this Plan terminates;
2. The last day of the coverage period in which a Subscriber terminates employment with Clackamas County;
3. The last day of the coverage period in which a Subscriber no longer qualifies as a Subscriber, as stated in the Summary Plan Description;
4. The date a Member enters full-time military, naval or air service, except as provided under federal USERRA requirements;
5. The last day of the coverage period in which a Subscriber retires;
6. The last day of the month in which the Subscriber makes a written request for termination of coverage to be effective for the Subscriber or Member;
7. For a Family Member, the date the Subscriber's coverage terminates;
8. For a Family Member, the last day of the month in which the individual no longer qualifies as an Eligible Family Dependent;
9. For any benefit, the date the benefit is deleted from this Plan;
10. For a Member, the date of disenrollment from this Plan as described in section 9.4;
11. For a Member, the date any fraudulent information is provided; or
12. For a Member, the date we discover any breach of contractual duties, conditions or warranties, as determined by us.
13. For a Subscriber that is a Non-Medicare Eligible Early Retiree, the last day of the month in which the Retiree becomes eligible for Medicare.

You and the Employer are responsible for advising Clackamas County of any changes in eligibility including the lack of eligibility of a Family Member. Coverage will not continue beyond the last date of eligibility, regardless of the lack of notice to Clackamas County.

See section 7, Problem Resolution, for your Grievance and Appeal rights.

9.2 TERMINATION AND RESCISSION OF COVERAGE DUE TO FRAUD OR ABUSE

Coverage under this Plan, either for you or for your covered Dependent(s), may be rescinded (meaning your coverage is retroactively canceled) or terminated in case of a fraud or intentional misrepresentation of material fact by you or by your covered Dependent in obtaining, or attempting to obtain, benefits under this Plan.

If coverage is rescinded, the Plan will retain any money you paid for coverage as liquidated damages and will have the right to recover from you or from your covered Dependents the benefits paid as a result of such wrongful activity. Providence Health Plan will provide all affected Plan participants with 30 days' notice before rescinding coverage.

9.3 NON-LIABILITY AFTER TERMINATION

Upon termination of this Plan, Clackamas County shall have no further liability beyond the effective date of the termination unless the Member continues, without lapse of membership, under another Clackamas County plan.

9.4 DISENROLLMENT FROM THIS PLAN

“Disenrollment” means that your coverage under this Plan is terminated because you have engaged in fraudulent, dishonest or threatening behavior, such as:

1. You have filed a false claim with the Plan;
2. You willfully fail to provide information or documentation required to be provided under this Plan or knowingly provide incorrect or incomplete information;
3. You have committed an act of physical or verbal abuse that poses a threat to providers, to other Members, or to Clackamas County or Providence Health Plan employees; or
4. You have allowed a non-Member to use your Member ID Card to obtain Services.

9.5 NOTICE OF CREDITABLE COVERAGE

Providence Health Plan will provide upon request written certification of the Member’s period of Creditable Coverage when:

- A Member ceases to be covered under this Plan;
- A Member on COBRA coverage ceases that coverage; and
- A Member requests a Notice of Creditable Coverage within 24 months of the termination of coverage.

9.6 CLACKAMAS COUNTY’S RIGHT TO TERMINATE OR AMEND PLAN

Clackamas County reserves the right at any time to terminate or amend in whole or part any of the provisions of the Plan or any of the benefits provided under the Plan. Any such termination or amendment may take effect retroactively or otherwise. In the event of a termination or reduction of benefits under the Plan, the Plan will be liable only for benefit payments due and owing as of the effective date of such termination or reduction and no payments scheduled to be made on or after such effective date will result in any liability to the Plan or Clackamas County.

10. CONTINUATION OF GROUP MEDICAL BENEFITS

If you become ineligible for coverage under this Plan you may, under certain circumstances, continue group coverage. There are specific requirements, time frames and conditions that must be followed in order to be eligible for continuation of group coverage and which are generally outlined below. Please contact Clackamas County as soon as possible for details if you think you may qualify for group COBRA or state continuation coverage.

10.1 COBRA CONTINUATION COVERAGE

The Consolidated Omnibus Budget Reconciliation Act (COBRA) is a federal law that applies to most Employers with 20 or more employees. Some Employers, such as church groups and state agencies, may be exempt from COBRA. The law requires that Employers subject to COBRA offer Employees and/or their Dependents continuation of medical and dental coverage in certain instances where there is a loss of group coverage.

10.1.1 Subscriber's Continuation Coverage

A Subscriber who is covered under this Plan may elect continuation coverage under COBRA if coverage is lost due to termination of employment (other than for gross misconduct) or a reduction in work hours.

10.1.2 Spouse's or Domestic Partner's Continuation Coverage

A Spouse or Domestic Partner who is covered under this Plan has the right to elect continuation coverage under COBRA if coverage is lost for any of the following qualifying events:

- The death of the Subscriber;
- The termination of the Subscriber's employment (for reasons other than gross misconduct) or reduction in hours;
- The divorce or legal separation of the Subscriber and the Spouse;
- Termination of the domestic partnership; or
- The Subscriber becomes covered under Medicare.

10.1.3 Dependent's Continuation Coverage

A Dependent child who is covered under this Plan has the right to continuation under COBRA if coverage is lost for any of the following qualifying events:

- The death of the Subscriber;
- The termination of the Subscriber's employment (other than for gross misconduct) or reduction in a Subscriber's hours;
- The Subscriber's divorce or legal separation;
- Termination of the domestic partnership;
- The Subscriber becomes covered under Medicare; or
- The child ceases to qualify as an Eligible Family Member under this Plan.

A newborn child or a child placed for adoption who is properly enrolled under the terms of this Plan during the COBRA continuation period will be a qualified beneficiary.

10.1.4 Notice Requirements

A Family Member's coverage ends on the last day of the month in which a divorce, legal separation or termination of domestic partnership occurs or a child loses Dependent status under this Plan. **Under COBRA, you or your Family Member has the responsibility to notify Clackamas County if one of these events occurs.** Written notice must be given no later than 60 days after the loss of coverage has occurred, or the qualifying event, whichever is later. Oral notice is not binding until confirmed in writing. If notice is not timely given, continuation coverage will not be available.

When Clackamas County receives notification of one of the above "qualifying" events, you will be notified that you or your Family Member, as applicable, have 60 days from the date coverage is lost or the date you receive the notice, whichever is later, to elect continuation coverage. If this election is not made within this 60-day period, your right to elect continuation coverage under this Plan will be lost.

10.1.5 Type of COBRA Continuation Coverage

A qualified beneficiary will be provided the same coverage that was in effect immediately prior to the qualifying event.

10.1.6 COBRA Election Rights

A Subscriber or their Spouse or Domestic Partner may elect continuation coverage for all covered Family Members. In addition, each Family Member has an independent right to elect COBRA. Thus, a Family Member may elect continuation coverage even if the Subscriber does not.

10.1.7 COBRA Premiums

If you are eligible for COBRA continuation coverage, you do not have to show that you are insurable (that you do not have any serious health conditions). However, you must pay the full premium for your continuation coverage, including the portion of the premium Clackamas County was previously paying. After you elect COBRA, you will have 45 days from the date of election to pay the first premium. You must pay the premium back to the point you would otherwise have lost coverage under this Plan. After that, you must pay the premium for each month as of the first of the month, and in all events within 30 days. If you fail to pay your monthly premium, you will be notified that your coverage is being terminated.

10.1.8 Length of COBRA Continuation Coverage

18-Month Continuation Period

When coverage ends due to a Subscriber's termination of employment (other than for gross misconduct) or a reduction in hours, the continuation period for the Subscriber and all covered Family Members will be 18 months from the date of the qualifying event, or the date coverage is lost, whichever is later.

29-Month Continuation Period

If a qualified beneficiary is disabled, continuation coverage for that qualified beneficiary and their covered Family Members may continue for up to 29 months from the date of the original qualifying event, or loss of coverage, whichever is later. The 29-month period applies only if the following conditions are met:

- The Social Security Administration (SSA) determines that the qualified beneficiary is disabled at any time prior to the qualifying event or during the first 60 days of COBRA continuation coverage; and
- The qualified beneficiary provides Clackamas County with a copy of the SSA determination within the initial 18-month continuation period and not later than 60 days after the SSA determination was issued.

The premium for COBRA continuation coverage may increase after the 18th month to 150% of the otherwise applicable amount.

If the SSA makes a final determination of non-disability, the qualified beneficiary must notify the COBRA Administrator within 30 days.

36-Month Continuation Period

If a Spouse, Domestic Partner or Dependent child loses coverage because of any of the following reasons, COBRA provides for up to 36 months of continuation of coverage:

- The Subscriber's death;
- The Subscriber's eligibility for Medicare;
- Divorce or legal separation;
- Termination of the domestic partnership; or
- A child becomes ineligible for Dependent coverage.

10.1.9 Extension of Continuation Period

If a second qualifying event occurs during the initial 18- or 29-month continuation period (for example, the death of the employee, divorce, or child loses status as an Eligible Family Member under the Plan), coverage for a qualified beneficiary may be extended up to 36 months. However, in no case will the continuation coverage exceed 36 months from the date of the original qualifying event.

If a Spouse or Dependent child has continuation coverage due to the employee's termination or reduction in hours and if the qualifying event occurred within 18 months after the employee became entitled to Medicare, the coverage period is extended to 36 months from the employee's Medicare entitlement date.

10.1.10 Trade Act of 2002

The Trade Act of 2002 created a new tax credit for certain individuals who become eligible for trade adjustment assistance (TAA). TAA allows workers displaced by the impact of foreign trade, and individuals age 55 or older who are receiving pension benefits paid by the Pension Benefit Guaranty Corporation (PBGC), to elect COBRA coverage during the 60-day period that begins on the first day of the month in which the individual first becomes eligible for TAA benefits. Eligible individuals can either take a tax credit or get advance payment of sixty-five percent of premiums paid for qualified health insurance, including continuation coverage. If you have questions about these tax provisions, you may call the Health Care Tax Credit Customer Contact Center toll-free at 866-628-4282. TTD/TTY caller may call toll-free at 866-626-4282. More information about the Trade Act is also available at <http://www.doleta.gov/tradeact/>.

10.1.11 When COBRA Continuation Coverage Ends

COBRA Continuation coverage will end automatically for you and your Family Members when any of the following events occurs:

- Clackamas County no longer provides health coverage to any employees;
- The premium for the continuation coverage is not paid on time;
- The qualified beneficiary (employee, spouse or dependent child) later becomes covered under another health plan;
- The qualified beneficiary (employee, spouse, or dependent child) later becomes entitled to Medicare;
- The earliest date that the qualified beneficiary no longer qualifies for such coverage in accordance with the federal COBRA regulations; or
- The applicable maximum period of continuation coverage occurs.

11.2 INFORMATION FOR NON-ERISA MEMBERS (PARTICIPANTS)

The following information applies to Members (participants) who are covered by a plan that is not subject to ERISA.

As a participant in Clackamas County's Group Plan, you are entitled to certain rights and protections under Oregon law, which provides that all Plan participants are entitled to:

- 1. Receive from Providence Health Plan information maintained about you by your Employer's group plan**
 - You are entitled within 30 days to access to recorded personal information, provided you request it in writing and reasonably describe the information.
 - You may obtain copies, subject to paying a reasonable copying charge.
 - You are entitled to know to whom we may have disclosed any such information.
 - You are entitled to correct any errors in the information.

2. Continue group health coverage

- Continue health care coverage for yourself, Spouse or Dependents under the circumstances described in section 10.1.

3. Enforce your rights

If your claim for a plan benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to Appeal any denial, all within certain time schedules.

As more fully described in section 7, the Plan offers a Grievance process that attempts to resolve the concerns Members may have about claims decisions. No civil action may be brought to recover benefits from this Plan until receipt of a final decision under the Member Grievance and Appeal process specified in section 7.2 of this Summary Plan Description. If the Member elects to seek external review under section 7.2.4, both the Plan and the Member will be bound by the Independent Review Organization (IRO) decision. No civil action may be brought later than three years after the date of the last decision rendered under the Member Grievance and Appeal process specified in section 7.2.

Member's sole right of Appeal from a final Grievance determination, other than a determination referred for binding determination by an independent review organization, shall be to an Oregon state court, either in the Member's county of residence or such other county as mutually agreed upon between the Member and the Plan. In the alternative, Member may request that the Plan agree to submit the dispute to binding arbitration before a single arbitrator appointed by the United States Arbitration & Mediation Service (USA&M) under Oregon law in the Member's county (unless otherwise mutually agreed) in accordance with USA&M's Rules for Arbitration. If arbitration is mutually agreed upon the arbitrator's decision shall be final and legally binding and judgment may be entered thereon. Irrespective of whether the Grievance is appealed to a court or an arbitrator, neither party shall under any circumstance be liable to the other for any special, incidental, or consequential damages, or for any tort liability (including any punitive or exemplary damages), in any way related to this Plan.

12. QUALIFIED MEDICAL CHILD SUPPORT ORDERS (QMCSO)

A child of an Eligible Employee will be enrolled in the Plan as required by a qualified medical child support order. The procedures and rules regarding this enrollment are described in this section.

12.1 DEFINITIONS

For purposes of this section, the following definitions shall apply:

“Alternate Recipient” means any child of an employee who is recognized under an Order as having a right to enrollment under the Plan with respect to such employee.

An “Order” means any judgment, decree, or order (including approval of a settlement agreement) issued by a court of competent jurisdiction (or through an administrative process established under a state law which has the effect of a court order) which:

- Provides for child support with respect to a child of an employee under the Plan or provides for health benefit coverage to such a child, is made pursuant to a state domestic relations law (including a community property law), and relates to benefits under the Plan; or
- Enforces a state law relating to medical child support with respect to the Plan.

A “Qualified Medical Child Support Order” or “QMCSO” means an Order:

- Which creates or recognizes the existence of an Alternate Recipient’s right to receive, or assigns to an Alternate Recipient the right to receive, benefits for which an employee or beneficiary is eligible under the Plan; and
- With respect to which Clackamas County has determined satisfies the QMSCO standards set forth below.

“Procedures” means the Qualified Medical Child Support Order procedures as prescribed in this section.

“Designated Representative” means a representative designated by an Alternate Recipient to receive copies of notices that are sent to the Alternate Recipient with respect to an Order.

12.2 NOTICE UPON RECEIPT OF ORDER

Upon the receipt of any Order, Clackamas County will promptly notify the employee and each Alternate Recipient identified in such Order of the receipt of such Order, and will further furnish them each with a copy of these Procedures. If the Order or any accompanying correspondence identifies a Designated Representative, then copies of the acknowledgment of receipt notice and these Procedures will also then be provided to such Designated Representative.

12.3 NOTICE OF DETERMINATION

Within a reasonable period after its receipt of the Order, Clackamas County will determine whether the Order satisfies the QMCSO standards described below so as to constitute a QMCSO, and shall thereupon notify the employee, each Alternate Recipient, and any Designated Representative of such determination.

An Order will not be deemed to be a QMCSO unless the Order:

(a) Clearly specifies:

1. The name and last known mailing address (if any) of the employee and of each Alternate Recipient covered by the Order (or the name and mailing address of a State or agency official acting on behalf of the Alternate Recipient);
2. Either a reasonable description of the type of coverage to be provided under the Plan to each Alternate Recipient, or the manner in which such type of coverage is to be determined; and
3. The period to which the Order applies.

(b) Does not require the Plan to provide any type or form of benefit, or any option, not otherwise provided under the Plan, except to the extent that the Order pertains to the enforcement of a state law relating to a medical child support.

If an Order contains inconsistencies or ambiguities that might pose a risk of future controversy or liability to the Plan, the Order will not be considered to be a QMCSO.

12.4 ENROLLMENT OF ALTERNATE RECIPIENT

An Alternate Recipient with respect to an Order determined to be a QMCSO who properly submits the applicable enrollment forms to Clackamas County will become covered under the Plan to which such Order applies as soon as practicable after the applicable enrollment forms are received. An Alternate Recipient will be eligible to become covered under the Plan as of a particular date without regard to any open enrollment period restrictions otherwise applicable under the Plan.

12.5 COST OF COVERAGE

An Alternate Recipient will be treated as having been voluntary enrolled in the Plan by the employee as a dependent of such employee, including in regard to the payment by the employee for dependent coverage under the Plan. The amount of any required contributions to be made by the Employee for coverage under the Plan will be determined on the basis of the Alternate Recipient being treated as the employee's covered dependent. Any additional required contribution attributable to the coverage of the Alternate Recipient will not be separately charged. Rather, the full amount of the required contribution shall be paid by the employee in accordance with the payroll deduction or other procedures of the Plan as pertaining to the employee.

12.6 REIMBURSEMENT OF PLAN EXPENSES

Unless the terms of the Order provide otherwise, any payments to be from the Plan as reimbursement for group health expenses paid either by the Alternate Recipient, or by the custodial parent or legal guardian of the Alternate Recipient, will not be paid to the employee. Rather, such reimbursement will be paid either to the Alternate Recipient, or to the custodial parent or legal guardian of such Alternate Recipient. However, if the name and address of a State or agency official has been substituted in the Order for that of the Alternate Recipient, then the reimbursement will be paid to such named official.

12.7 STATUS OF ALTERNATE RECIPIENT

An Alternate Recipient under a QMCSO generally will be considered a beneficiary of the Employee under the Plan to which the Order pertains.

12.8 TREATMENT OF NATIONAL MEDICAL SUPPORT NOTICE

If Clackamas County receives an appropriately completed National Medical Support Notice (a “National Notice”) issued pursuant to the Child Support Performance and Incentive Act of 1998 in regard to an employee who is a non-custodial parent of a child, and if the National Notice is determined by Clackamas County to satisfy the QMCSO standards prescribed above, then the National Notice shall be deemed to be a QMCSO respect to such child.

Clackamas County, upon determining that the National Notice is a QMCSO, shall within forty (40) business days after the date of the National Notice notify the State agency issuing the National Notice of the following:

- (a) Whether coverage of the child at issue is available under the terms of the Plan, and if so, as to whether such child is covered under the Plan; and
- (b) Either the effective date of the coverage or, if necessary, any steps to be taken by the custodial parent (or by the State or agency official acting on behalf of the child) to effectuate the coverage under the Plan.

Clackamas County shall within such time period also provide to the custodial parent (or such substituted official) a description of the coverage available and any forms or documents necessary to effectuate such coverage.

Nothing in this section shall be construed as requiring the Plan, upon receipt of a National Notice, to provide benefits under the Plan (or eligibility for such benefits) in addition to benefits (or eligibility for benefits) provided under the terms of the Plan as in effect immediately before receipt of such National Notice.

13. GENERAL PROVISIONS

13.1 CONFLICTS OF PROVISIONS

In the event that one or more provisions of this document conflict with one or more provisions of any other plan document, the provisions of this document, as from time to time amended, shall control.

13.2 CONTROLLING STATE LAW

To the extent not preempted by federal laws, the laws of the State of Oregon shall apply and shall be the controlling state law in all matters relating to the Plan.

13.3 DUPLICATING PROVISIONS

If any charge is described as covered under two or more benefit provisions, the Plan will pay only under the provision allowing the greater benefit. This may require a recalculation based upon both the amounts already paid and the amounts due to be paid. The Plan has NO liability for benefits other than those this Plan provides.

13.4 FAILURE TO PROVIDE INFORMATION OR PROVIDING INCORRECT OR INCOMPLETE INFORMATION

Members warrant that all information contained in applications, questionnaires, forms, or statements submitted to Clackamas County and to Providence Health Plan to be true, correct, and complete. If a Member willfully fails to provide information required to be provided under this Plan or knowingly provides incorrect or incomplete information, then the Member's rights may be terminated. See section 9.4.

13.5 GENDER AND NUMBER

Masculine gender shall include the feminine and neuter, the singular shall include the plural, and the plural shall include the singular, unless the context clearly indicates otherwise.

13.6 HEADINGS

All article and section headings in the Plan are intended merely for convenience and shall in no way be deemed to modify or supplement the actual terms and provisions set forth there under.

13.7 LEGAL ACTION

No civil action may be brought under state or federal law to recover benefits from the Plan until receipt of a final decision under the Member Grievance and Appeal process specified in section 7.2 of the Summary Plan Description, unless the Member's benefits under the Plan are subject to the Employee Retirement Income Security Act (ERISA), in which case the Member is permitted either to bring a civil action under ERISA in federal court after receiving a decision from the First Level of Appeal or to bring such an action after receipt of a final grievance decision. An appeal from a final Grievance decision may lie with an Independent Review Organization (IRO). In the event a right to IRO review exists and the Member elects to seek such review, the IRO decision will be binding and final, as indicated in section 7.2.4. No civil action under ERISA or otherwise may be brought later than three years after the date of the last decision rendered under the Member Grievance and Appeal process specified in section 7.2. If ERISA does not apply (see section 11.2) the action must be brought in Oregon state court, either in the Member's county of residence or such other county as mutually agreed upon between Member and the Plan. In general, ERISA applies if this is an employer-sponsored plan, other than a government plan or church plan.

13.8 LIMITATIONS AND PROVISIONS

The provisions of the Plan and any benefits provided by the Plan shall be limited as described herein. Any benefit payable under any other employee benefits plan maintained by Clackamas County shall be paid solely in accordance with the terms and provisions of such plan, and nothing in this Plan shall operate or be construed in any way to modify, amend, or affect the terms and provisions of such other plan.

13.9 MEMBER RESPONSIBILITY

It is your responsibility to read and to understand the terms of this Plan. Neither Clackamas County nor Providence Health Plan will have any liability whatsoever for your misunderstanding, misinterpretation or ignorance of the terms, provisions and benefits of this Plan. If you have any questions or are unclear about any provision concerning this Plan, please contact Providence Health Plan. They will assist you in understanding and complying with the terms of the Plan.

13.10 MEMBERSHIP ID CARD

The membership ID card is issued by Providence Health Plan for Member identification purposes only. It does not confer any right to Services or other benefits under this Plan.

13.11 NON-TRANSFERABILITY OF BENEFITS

No person other than a Member is entitled to receive benefits under this Plan. Such right to benefits is nontransferable.

13.12 NO GUARANTEE OF EMPLOYMENT

Neither the maintenance of the Plan nor any part thereof shall be construed as giving any employee covered hereunder any right to remain in the employ of Clackamas County. No shareholder, director, officer, or employee of Clackamas County in any way guarantees to any Member or beneficiary the payment of any benefit or amount which may become due in accordance with the terms of the Plan.

13.13 NO RECOURSE FOR ACTS OF PROVIDERS

The Hospitals, Skilled Nursing Facilities, physicians and other persons or organizations providing Services to you do so as independent contractors. Neither Clackamas County nor Providence Health Plan is liable for any claim or demand due to damages arising out of, or in any manner connected with, any injuries suffered by you while receiving such Services.

13.14 NON-WAIVER

No delay or failure when exercising or enforcing any right under this Plan shall constitute a waiver or relinquishment of that right, and no waiver or any default under this Plan shall constitute or operate as a waiver of any subsequent default. No waiver of any provision of this Plan shall be deemed to have been made unless and until such waiver has been reduced to writing and signed by the party waiving the provision.

13.15 NOTICE

Any notice required of Clackamas County or Providence Health Plan under this Plan shall be deemed to be sufficient if mailed to the Subscriber at the address appearing in the records of Providence Health Plan. Any notice required of you shall be deemed sufficient if mailed to the principal office of Providence Health Plan, P.O. Box 3125, Portland, OR 97208.

13.16 NOTICE REQUIRED FOR REIMBURSEMENT AND PAYMENT OF CLAIM

Plan payments for most Services are made directly to the providers of Services. Except as otherwise specifically provided in this Plan, if you are billed directly by an Out-of-Network Provider and you pay for benefits which are covered by this Plan, reimbursement from the Plan will be made only upon your written notice to Providence Health Plan of the payment. Payment will be made to the Member, subject to written notice of claim, or, if deceased, to the Member's estate, unless payment to other parties is authorized in writing by you. (See section 6.1.1 regarding timely submission of claims.)

13.17 PAYMENT OF BENEFITS TO PERSONS UNDER LEGAL DISABILITY

Whenever any person entitled to payments under the Plan is determined to be a minor or under other legal disability or otherwise incapacitated in any way so as to be unable to manage such person's financial affairs, or otherwise incapable of giving a valid receipt and discharge for any payment, the following provision shall apply. Providence Health Plan, in their discretion, may direct that all or any portion of such payments be made (i) to such person, (ii) to such person's legal guardian or conservator, or (iii) to such person's spouse or to any other person, in any manner considered advisable, to be expended for the person's benefit. PHP's decision will, in each case, be final and binding upon all persons. Any payment made pursuant to the power herein conferred shall operate as a complete discharge of the obligations under the Plan in respect thereof by Clackamas County and Providence Health Plan.

13.18 PHYSICAL EXAMINATION AND AUTOPSY

When reasonably required for purposes of claim determination, the Plan Sponsor shall have the right to make arrangements for the following examinations, at Plan expense, and to suspend the related claim determination until Providence Health Plan has received and evaluated the results of the examination:

- A physical examination of a Member; or
- An autopsy of a deceased Member, if not forbidden by law.

13.19 PROFESSIONAL REVIEW AND RIGHT TO EXAMINE RECORDS

All Members, by acceptance of the benefits of this Plan, shall be deemed to have consented to the examination of medical records for purposes of utilization review, quality assurance and peer review by Providence Health Plan or their designee.

All Members, for purposes other than utilization review, quality assurance and peer review, may be required to authorize any provider to give and discuss with Providence Health Plan any information relating to any condition for which benefits are claimed under this Plan. Providence Health Plan may transfer this information between providers or other organizations who are treating you or performing a Service on our behalf. If you do not consent to the release of records or to discussions with providers, Providence Health Plan will be unable to determine the proper payment of any benefits and will deny the claims accordingly. Consent to the release of records and discussion with providers is a condition of payment of any benefits. Neither the consent to, nor the actual examination of the records or discussion with providers will constitute a guarantee of payment.

13.20 REQUIRED INFORMATION TO BE FURNISHED

Each Member must furnish to Providence Health Plan such information as they consider necessary or desirable for purposes of administering the Plan, and the provisions of the Plan respecting any payments hereunder are conditional upon the prompt submission by the Member of such true, full and complete information as may be requested.

13.21 RIGHT OF RECOVERY

Providence Health Plan, on behalf of the Plan, has the right, upon demand, to recover payments in excess of the maximum benefits specified in this Plan or payments obtained through fraud, error, or duplicate coverage. If reimbursement is not made to the Plan, Providence Health Plan is authorized by Clackamas County to deduct the overpayment from future benefit payments under this Plan.

13.22 SEVERABILITY

Invalidation of any term or provision herein by judgment or court order shall not affect any other provisions, which shall remain in full force and effect.

13.23 STATE MEDICAID BENEFITS RIGHTS

Notwithstanding any provision of the Plan to the contrary:

- Payment for benefits with respect to a Member under the Plan shall be made in accordance with any assignment of rights made by or on behalf of such Member, as required by a State Medicaid Plan;
- The fact that an individual is eligible for or is provided medical assistance under a State Medicaid Plan shall not be taken into account in regard to the individual's enrollment as a Member or beneficiary in the Plan, or in determining or making any payments for benefits of the individual as a Member in the Plan; and
- Payment for benefits under the Plan shall be made to a state in accordance with any state law which provides that the state has acquired the rights with respect to a Member for items or services constituting medical assistance under a State Medicaid Plan.

For purposes of the above, a "State Medicaid Plan" means a state plan for medical assistance approved under Title XIX of the Social Security Act pursuant to Section 1912(a)(1)(A) of such Act.

13.24 SUGGESTIONS

You are encouraged to make suggestions to us. Suggestions may be oral or written and should be directed to the Customer Service Team at our administrative office.

13.25 VETERANS' RIGHTS

The Plan will provide benefits to employees entering into or returning from service in the armed forces as may be required under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA). In general, USERRA provides that:

- (a) An employee who takes unpaid military leave, or who separates from the employment of Clackamas County to perform services in the armed forces or another uniformed service, can elect continued coverage under the Plan (including coverage for the Eligible Family Dependents) on a self-pay basis. The applicable Contribution for such coverage, and the Contribution payment procedures, shall be as generally prescribed for COBRA continuation coverage in section 10. Effective for elections made on or after December 10, 2004, the period for such continuation coverage shall extend until the earlier of:
 1. The end of the 24-month period beginning on the date on which the employee's absence for the purpose of performing military service begins; or
 2. The date the employee fails to timely return to employment or reapply for a position with Clackamas County upon the completion of such military service.

13.26 WORKERS' COMPENSATION INSURANCE

This Plan is not in lieu of, and does not affect, any requirement for coverage under any workers' compensation act or similar law.

14. PLAN ADMINISTRATION

14.1 TYPE OF ADMINISTRATION

The Plan is a self-funded group health plan sponsored by the Employer with administrative services provided by Providence Health Plan. The funding for the benefits is derived from the funds of the Employer. The Plan is not insured.

This Summary Plan Description constitutes the written instrument under which the Plan is maintained and this document replaces all previous Summary Plan Descriptions. The rights of any person whose employment has terminated, and the rights of such person's covered dependents, will be determined pursuant to the terms of the Plan as in effect on the date such employment terminated, except as may otherwise be specifically provided under the Plan.

The Employer shall be responsible for all fiduciary functions under the Plan except insofar as any such authority or responsibility is assigned by or pursuant to the Plan to another named fiduciary, or is delegated to another fiduciary by the Employer. The Employer has the discretionary authority to determine eligibility for benefits under the Plan and to interpret the terms of the Plan, unless it has delegated that authority as permitted by the Plan. In the event of such delegation, Providence Health Plan's determinations on the meaning of Plan terms may not be overturned unless found by a court to have been arbitrary and capricious. The allocation of administrative duties and the delegation of discretionary authority for the Plan are specified in the Administrative Services Agreement that has been executed by the Employer and Providence Health Plan.

14.7.1 COMPLETE ALLOCATION OF FIDUCIARY RESPONSIBILITIES

This section is intended to allocate to each named fiduciary the individual responsibility for the prudent execution of the functions assigned to each. The performance of such responsibilities will be deemed a several and not a joint assignment. None of such responsibilities nor any other responsibility is intended to be shared by two or more of them unless such sharing will be provided by a specific provision of the Plan. 2.1 CLACKAMAS COUNTY GENERAL COUNTY EMPLOYEES PERSONAL OPTION PLAN

Your Plan allows you to receive Covered Services from In-Network Providers.

It is your responsibility to verify whether or not a physician/provider, Hospital or other facility is participating with Providence Health Plan, and whether or not the health care is a Covered Service even if you have been directed or referred for care by an In-Network Provider.

If you are unsure about a physician/provider's, Hospital's or other facility's participation with Providence Health Plan, visit our Provider Directory, available online at ProvidenceHealthPlan.com/findaprovider, before you make an appointment. You can also call Customer Service to get information about a provider's participation with Providence Health Plan and your benefits.

Whenever you visit a Provider:

- Bring your Providence Health Plan Member ID Card with you.
- Be prepared to make a Copayment at the time of visit if the office visit is subject to a Copayment.
- If your office visit is subject to a Coinsurance (a percentage of the amount billed for Services), you will most likely not be able to pay for what you owe at the time of your visit. Your provider's office will send you a bill for what you owe later. Some providers, however, may ask you to pay an estimate of what you may owe at the time you receive services, and bill or credit you for the balance later.

When we use the term “personal information,” we mean information that identifies you as an individual (such as your name and Social Security Number, as well as financial, health and other information about you that is nonpublic), which we obtain so we can provide you with the benefits and coverage under your Employer's plan. Providence Health Plan maintains policies that protect the confidentiality of personal information, including Social Security numbers, obtained from its Members in the course of its regular business functions.

Members may request to see or obtain their medical records from their provider. Call your physician's or provider's office to ask how to receive a copy.

Appointment of Authorized Representative

You are entitled to appoint an individual to act as your authorized representative to pursue any claim you have for benefits. To ensure privacy and to address other issues, Providence's policy on Appointment of Authorized Member Representatives, and the form for doing so, may be accessed through our website at <https://healthplans.providence.org/members/understanding-plans-benefits/benefit-basics/forms/>. The policy does not apply to an attorney at law retained by you directly to represent your interests with respect to your benefits, but does apply to attorneys who represent a medical service provider whose services are a part of the claim in issue.

Confidentiality and your Employer

In accordance with the federal privacy requirements of the Health Insurance Portability and Accountability Act (HIPAA), Providence Health Plan will not disclose a Member's protected health information (PHI) to the Employer or any agent of the Employer unless requested for the HIPAA allowed purpose of the Employer's obtaining bids from other health plans for further health coverage or for the Employer's modifying, amending, or terminating any benefit under the health plan.

Providence Health Plan may disclose a Member's PHI to an employer or any agent of the Employer if the disclosure is:

1. In compliance with the applicable provisions of HIPAA; and
2. Due to a HIPAA compliant authorization, the Member has completed to allow the Employer access to the Member's PHI; or
3. Consistent with the HIPAA privacy protections that are contained in the Employer's group health plan documents, as certified in writing to Providence Health Plan by the Employer. The details of this required certification can be reviewed at <https://healthplans.providence.org/about-us/privacy-notice-policies/protected-health-information-and-your-employer/>.

Providence Health Plan will disclose a Member's PHI with whom and in ways permitted by HIPAA. These uses are covered in detail in Providence Health Plan's Notice of Privacy Practices available online, or by mail if you request it.

3. HOW TO USE YOUR PLAN

Our goal is maintaining your health by promoting wellness and preventive care. We encourage you to work closely with one provider, your Primary Care Provider, who can provide most of your care, suggest specialist care and arrange for Hospital care or diagnostic testing.

This section describes how to use this Plan and how benefits are applied. The level of benefits for Covered Services is shown in the Benefit Summary and described in section 4 of this Summary Plan Description.

3.1 IN-NETWORK PROVIDERS

Providence Health Plan has contractual arrangements with certain physicians/providers, hospitals and facilities. Our agreements with these “In-Network Providers” enable you to receive quality health care for a reasonable cost.

For Services to be covered, you must receive Services from In-Network Providers. It is your responsibility to verify whether or not a physician/provider, hospital or other facility is an In-Network Provider even if you have been directed or referred for care by an In-Network Provider.

3.1.1 Nationwide Network of In-Network Providers

Providence Health Plan also has contractual arrangements with certain Qualified Practitioners, Hospitals and facilities nationwide. These arrangements allow you to receive Services when using In-Network Providers, even when you are outside of Oregon and southwest Washington.

3.1.2 Choosing an In-Network Provider

To choose an In-Network Provider, or to verify if a provider is an In-Network Provider, please refer to the Provider Directory, available online at ProvidenceHealthPlan.com/findaprovider. If you do not have access to our website, please call Customer Service to request an In-Network Provider Information.

Your In-Network Provider will work with Providence Health Plan to arrange for any Prior Authorization requirements that may be necessary for certain Covered Services. For more information on Prior Authorization, see section 3.7.

3.1.3 Indian Health Services Providers

Native American Indian and Alaskan Native Members may also access Covered Services from Indian Health Services (IHS) facilities at no greater cost than if the Services were accessed from an In-Network Provider. For a list of IHS facilities, please visit the IHS website at www.ihs.gov, or contact the regional IHS office at:

Portland Area Indian Health Service
1414 NW Northrup St., Ste. 800
Portland, OR 97209
Telephone: 503-414-5555

3.2 THE ROLE OF A PRIMARY CARE PROVIDER

To encourage optimum health, we promote wellness and preventive care. We also believe wellness and overall health is enhanced by working closely with one physician or provider – your Primary Care Provider. Your Primary Care Provider can provide most of your care and, when necessary, coordinate care with other providers in a convenient and cost-effective manner. We recommend that upon joining Providence Health Plan you and each of your Family Members choose an In-Network Primary Care Provider as soon as possible.

3.2.1 Primary Care Providers

A Primary Care Provider is a Qualified Practitioner who specializes in family practice, general practice, internal medicine or pediatrics; a nurse practitioner; or a physician assistant, when providing services under the supervision of a physician, who agrees to be responsible for the continuing medical care by serving as case manager. Members may also choose a physician specializing in obstetrics or gynecology; a nurse practitioner; a certified nurse midwife; or a physician assistant specializing in women’s health care as their Primary Care Provider. Child Members may choose a physician specializing in pediatrics as their Primary Care Provider.

Primary Care Providers provide preventive care and health screenings, medical management of many chronic conditions, allergy shots, treatment of some breaks and sprains, and care for many major illnesses and nearly all minor illnesses and conditions. Many Primary Care Providers offer maternity care and minor outpatient surgery as well.

IMPORTANT NOTE: In-Network Primary Care Providers have a special agreement with us to serve as a case manager for your care. This means not all of our In-Network Providers with the specialties listed above are In-Network Primary Care Providers. Please refer to the Provider Directory, available online, for a listing of designated In-Network Primary Care Providers or call your Customer Service team to request a hard copy.

3.2.2 Established Patients with Primary Care Providers

If you and your family already see a provider, you may want to check the provider directory to see if your provider is an In-Network Primary Care Provider for Providence Health Plan. If your provider is participating with us, let their office know you are now a Providence Health Plan Member.

3.2.3 Selecting a New Primary Care Provider

We recommend that you choose a Primary Care Provider from our Provider Directory, available online, for each covered Family Member. Call the provider’s office to make sure they are accepting new patients. It is a good idea to have your previous physician or provider transfer your medical records to your new Primary Care Provider as soon as possible. The first time you make an appointment with your Primary Care Provider, let him or her know you are now a Providence Health Plan Member. On your first visit, make a list of questions or information you would like to discuss with your new Primary Care Provider, including the following:

- What are the office hours?
- How can I get medical advice after hours?
- What do I do in an emergency?

Let your Primary Care Provider know if you are under a specialist's care as well as if you are currently taking any ongoing prescription medications.

3.2.4 Changing Your Primary Care Provider

You are encouraged to establish an ongoing relationship with your Primary Care Provider. If you decide to change your Primary Care Provider, please remember to have your medical records transferred to your new Primary Care Provider.

3.2.5 Office Visits

Primary Care Providers

We recommend you see your Primary Care Provider for all routine care and call your Primary Care Provider first for urgent or specialty care. If you need medical care when your Primary Care Provider is not available, the physician/provider on call may treat you and/or recommend that you see another provider for treatment.

Specialists

Your Primary Care Provider will discuss with you the need for diagnostic tests or other specialist services; and may also recommend you see a specialist for your treatment.

You also may decide to see a specialist without consulting your Primary Care Provider. Visit the Provider Directory, available online at [ProvidenceHealthPlan.com/findaprovider](https://www.providencehealthplan.com/findaprovider), or call Customer Service to choose a specialist who is an In-Network Provider with Providence Health Plan.

If you decide to see a specialist on your own, we recommend you let your Primary Care Provider know about your decision. Your Primary Care Provider will then be able to coordinate your care and share important medical information with your specialist. In addition, we recommend you let your specialist know the name and contact information of your Primary Care Provider.

Whenever you visit a specialist:

- Bring your Providence Health Plan Member ID Card.
- Understand that in most cases, your out-of-pocket costs will be a percent of the charges for services. Your provider's office will send you a bill for the amount you owe. Some providers, however, may ask you to pay an estimate of what you may owe at the time you receive services, and will bill or credit you the balance later. (For certain Plans, there is a Member Copayment for specialist visits instead of a Coinsurance. If you are on one of these Plans, you will need to pay your Member Copayment at the time of your visit. Please check your Benefit Summary for your specific coverage information.)

Alternative Care Providers

This Plan includes coverage for office visits to alternative care providers, as listed in your Benefit Summary. See section 15 for the definition of Alternative Care Provider. For coverage of chiropractic manipulation and acupuncture, see sections 4.12.9, 4.12.10 and your Benefit Summary.

3.3 SERVICES PROVIDED BY OUT-OF-NETWORK PROVIDERS

Providence Health Plan may approve and provide reimbursement for Out-of-Network Qualified Practitioners and facilities. Benefits for Covered Services by an Out-of-Network provider will be provided as shown in the Benefit Summary when we determine **in advance**, in writing, that the Out-of-Network Provider possesses unique skills which are required to adequately care for you and are not available from In-Network Providers.

Under no circumstances (with the exception of Emergency and Urgent Care) will we cover Services received from an Out-of-Network Provider/Facility unless we have Prior Authorized the Out-of-Network Provider/Facility and the Services received.

IMPORTANT NOTE: Your Plan only pays for Covered Services received from Prior Authorized Out-of-Network Providers at Usual, Customary, and Reasonable rates (UCR) (see Section 15, Definitions). If the approved, Prior Authorized Out-of-Network Provider charges more than the UCR rates allowed under your Plan, that provider may bill you directly for the additional amount that is not covered by your Plan. That amount is in addition to any Deductible, Copayment, or Coinsurance for which you may be responsible, and does not accrue to your Out-of-Pocket Maximum.

If you choose to receive Covered Services from an approved, Prior Authorized Out-of-Network Provider, those Services are still subject to the terms of this Summary Plan Description. Your Plan will only pay for Medically Necessary Covered Services. No matter what type of provider you see, the treatments, supplies, and medications excluded by this Plan are not covered.

It is important for you to understand that Providence Health Plan has not assessed the approved, Prior Authorized Out-of-Network Provider's credentials or quality; nor has Providence Health Plan reviewed and verified the Out-of-Network Provider's qualifications and history for information such as: relevant training, licensure, certification, and/or registration to practice in a health care field, and academic background. Additionally, the Out-of-Network Provider will not have been assessed by Providence Health Plan to verify that the provider meets certain criteria relating to professional competence and conduct and as such is not guaranteed to follow your benefit plan, rules, regulations, or guidelines with regard to standards of care nor standards of documentation and billing.

Payment for Out-of-Network Physician/Provider Services (UCR)

After you meet your Deductible, if applicable, and if the Services provided are Medically Necessary Covered Services, we will provide payment to Out-of-Network Providers according to Usual, Customary and Reasonable (UCR) charges. UCR charges do not include sales taxes, handling fees and similar surcharges; such taxes, fees and surcharges are not covered expenses. Charges which exceed UCR are the Member's responsibility and are not applied to the Out-of-Pocket Maximum. See section 15 for the definition of UCR.

You will be responsible for costs that are not covered or allowed by your Out-of-Network benefits as shown in the following example (amounts shown are only estimates of what may apply).

<u>Item</u>	<u>Provider's Status</u>	
	<u>In-Network</u>	<u>Out-of-Network</u>
Provider's standard charges	\$100	\$100
Allowable charges under this Plan	\$80 (contracted)	\$80 (if that is UCR)
Plan benefits (for this example only)	\$64 (if 80% benefit)	\$56 (if 70% benefit)
Balance you owe	\$16	\$24
Additional amount that the provider may bill to you	\$0-	\$20 (\$100 minus \$80)
Total amount you would pay	\$16	\$44 (\$24 plus \$20)

Thus, you may incur significantly larger out-of-pocket costs, perhaps a multiple of what would have applied, if you use Out-of-Network Physicians or Providers.

Payment for Covered Services Provided Before Disposition of Criminal Charges

If you are in the custody of an Oregon state or local corrections agency pending the disposition of criminal charges brought by an Oregon county, we will reimburse the custodial county for the costs of Covered Services or supplies rendered before the disposition of charges, in an amount that is no less than 115 percent of the Medicare rate for the service or supply, except for renal dialysis which will be reimbursed in accordance with the terms of the Plan for Out-of-Network dialysis providers.

The following Services and Supplies are excluded from coverage under this section:

- Diagnostic tests or health evaluations required by the corrections agency, as a matter of course, for all individuals who are in the custody of the county pending the disposition of charges;
- Hospital and ambulatory surgical center services, except as rendered by an In-Network provider.

3.4 MOVING INTO OR OUT OF THE SERVICE AREA

If you or a Family Member permanently moves into or out of the Service Area, you must immediately notify us and your Employer as such a move may affect your benefits or coverage under this Personal Option Plan. We will determine how this move affects your coverage and will inform you of any changes. If you have Dependent(s) who move in or out of our Service Area, a Change of Status form for those Dependent(s) must be completed and returned to us as soon as possible. This form can be obtained from us or from your Employer. See section 8.3.1 for more information.

3.5 OUT-OF-AREA DEPENDENTS

Dependents of a subscriber on a Personal Option Plan who live outside the Providence Health Plan Service Area (including dependents who are away at school) are eligible to become Out-of-Area Dependent Members. See *“Definitions” section 15, for the definition of “Eligible Family Dependent” and “Out-of-Area Dependent.”* **This section discusses how Enrolled Out-of-Area Dependent Personal Option Plan Members obtain covered services through Providence Health Plan’s enrolled Out-of-Area Dependent benefit.**

3.5.1 Out-of-Area Dependent Enrollment

To apply for Personal Option Out-of-Area Dependent benefits, complete an Out-of-Area Dependent Enrollment form, available from your Customer Service team. **If you do not complete an Out-of-Area Dependent Enrollment form, your Out-of-Area Dependent will not be covered for Out-of-Area Dependent benefits.**

3.5.2 Out-of-Area Dependent Coverage

When you enroll for Out-of-Area Dependent coverage, we will send you an Out-of-Area Dependent Benefit Summary. As stated in your Benefit Summary, a Dependent with Out-of-Area benefits may see any provider, in or out of the Service Area. Please refer to your Out-of-Area Dependent Benefit Summary for detailed Coinsurance or Copayment and annual Out-of-Pocket Maximum information. (For Out-of-Area Dependents who are covered by a government sponsored health plan of a county other than the United States, coverage under this Personal Option Out-of-Area Dependent plan will be secondary and will not replace or duplicate coverage available under the government sponsored plan.) Our payment is based on usual, customary and reasonable (UCR) charges. Charges which exceed UCR charges are your responsibility.

You must purchase your prescription drugs at one of our nationwide Participating Pharmacies (see section 4.14.1. A list of our Participating Pharmacies is available online at www.ProvidenceHealthPlan.com. You also may contact Customer Service if you need help locating a Participating Pharmacy near you or when you are away from your home. See your Benefit Summary for details on your Copayment and Coinsurance, if applicable, and on how to use this benefit.

3.5.3 Out-of-Area Dependents and Change of Status

Enrolled Out-of-Area Dependents may change to In-Area or Out-of-Area status by contacting us and completing a status change enrollment form. The change will be effective the date you specify or if no date is specified, on the first of the month following our receipt of the enrollment form. Retroactive changes are limited to 30 days.

3.5.4 Out-of-Area Dependents Prior Authorization

Enrolled Out-of-Area Dependents are responsible for obtaining Prior Authorization from Providence Health Plan prior to receiving certain services from Out-of-Network Providers. For further information about Prior Authorization, including a list of these Covered Services and how to obtain Prior Authorization, see section 3.7.

You must contact us to obtain Prior Authorization for specified Covered Services if the Services are to be received from an Out-of-Network Provider. See section 3.7.

3.6 NOTICE OF PROVIDER TERMINATION

When an In-Network Provider whose contract of participation with us terminates, we will notify those Members who we know are under the care of the terminated provider within 10 days of the termination date or of our knowledge of the termination date.

3.7 PRIOR AUTHORIZATION

While Prior Authorization is a requirement for coverage of certain Services under this Plan, Prior Authorization is not a treatment directive. The actual course of medical treatment that a Member chooses remains strictly a matter between the Member and the provider and is separate from the Prior Authorization requirements of this Plan. Prior Authorization is not a guarantee of benefit payment under this Plan and a Prior Authorization determination does not supersede other specific provisions of this Plan regarding coverage, limitations, exclusions and Medical Necessity.

Services received from In-Network Providers:

When Services are received from an In-Network Provider, the In-Network Provider is responsible for obtaining Prior Authorization.

Services received from Out-of-Network Providers:

Should Providence Health Plan determine that we would have covered the Service had Prior Authorization been obtained, benefits will be applied to the remaining claim balance after the Prior Authorization Penalty is assessed. The **penalty** does **NOT** apply to the Deductible, if any, or to the Out-of-Pocket Maximum shown in the Benefit Summary.

3.8 TRAVEL EXPENSE REIMBURSEMENT

Subject to Prior Authorization, if you are unable to locate an In-Network Provider to provide Medically Necessary Covered Services for your specific condition within 50 miles of your home, the Plan will reimburse your travel expense to the nearest In-Network Provider within 300 miles of your home. If an overnight stay is required, food and lodging are reimbursable up to \$150 per diem (per day). Per diem expenses apply to the \$1,500 travel expenses reimbursement maximum. (Note: Transplant Covered Services include a separate travel expense benefit; see section 4.13.1).

3.9 MEDICAL COST MANAGEMENT

Coverage under this Plan is subject to the medical cost management protocols established by us to ensure the quality and cost effectiveness of Covered Services. Such protocols may include Prior Authorization, concurrent review, case management and disease management.

The Plan reserves the right to deny payment for Services that are not Medically Necessary in accordance with the criteria maintained by Providence Health Plan. When more than one medically appropriate alternative is available, Providence Health Plan will approve the least costly alternative.

In accordance with Providence Health Plan's medical cost management protocols and criteria specified in this paragraph, Providence Health Plan may approve substitutions for Covered Services under this Plan.

A Substituted Services must:

1. Be Medically Necessary;
2. Have your knowledge and agreement while receiving the Service;
3. Be prescribed and approved by your Qualified Practitioner; and
4. Offer a medically therapeutic value at least equal to the Covered Service that would otherwise be performed or given.

The Plan's coverage of a Substituted Service for any Member does not obligate the Plan to:

- Cover a Substituted Service for any other Member;
- Continue to cover a Substituted Service beyond the term of the agreement between the Plan and the Member; or
- Cover any Substituted Service for the Member, other than as specified in the agreement between the Plan and the member.

Substituted Services that satisfy the requirements of this section are Covered Services for all purposes under this Plan.

A Substituted Service may be disallowed at any time by sending a 30-day advance written notice to you and your Qualified Practitioner.

3.9.1 Coverage of New Technology and New Application of Existing Technology

New technologies and new applications of existing technologies are evaluated and approved for coverage when they provide a demonstrable benefit for a particular illness or disease, are scientifically proven to be safe and most effective, and there is no equally effective or less costly alternative.

Emerging and innovative technologies are monitored by Providence Health Plan through review of trend reports from technology assessment bodies, government publications, medical journals, and information provided by providers and professional societies.

A systematic process for evaluating a new technology or new application of an existing technology is proactively initiated when sufficient scientific information is available.

Providence Health Plan has developed standards to guide the evaluation process and to ensure appropriate coverage determinations. New technology must minimally meet the following guidelines to be approved for coverage:

- Technology must improve health outcomes. The beneficial effects must outweigh any harmful effects on health outcomes. It must improve the length of life, ability to function or quality of life.
- Technology must be as beneficial as any established alternative. It should improve the net health outcome as much, or more, than established alternatives.
- Application of technology must be appropriate, in keeping with good medical standards, and useful outside of investigational settings.
- Technology must meet government approval to market by appropriate regulatory agency as applicable.
- Criteria must be supported with information provided by well-conducted investigations published in peer-reviewed journals. The scientific evidence must document conclusions that are based on established medical facts.
- Opinions and evaluations of professional organizations, panels, or technology assessment bodies are evaluated based on the scientific quality of the supporting evidence.

Technology Evaluation Process

A committee of medical directors with physician specialist advisors evaluates all new technology and determines coverage based on evidence for safety and efficacy. The committee relies upon a thorough review of pertinent medical literature and utilizes national technology review services that provide independent analysis of a new technology.

Expedited Review

Requests for coverage of new technology may occur before formal policy has been developed. In these cases, an expedited review is implemented and a decision made on a case-by-case basis. This is separate and distinct from the problem resolution procedure set forth in section 7.

3.10 MEDICALLY NECESSARY SERVICES

We believe our Members are entitled to comprehensive medical care within the standards of good medical practice. Providence Health Plan's medical directors and special committees of In-Network Providers determine which Services are Medically Necessary, as defined in section 15. Services that do not meet Medically Necessary criteria will not be covered.

- **Example:** *Your provider suggests a treatment using a machine that has not been approved for use in the United States. We probably would not pay for that treatment.*
- **Example:** *You go to a hospital emergency room to have stitches removed, rather than wait for an appointment in your doctor's office. The Plan would not pay for that visit.*
- **Example:** *You stay an extra day in the hospital only because the relative who will help you during recovery cannot pick you up until the next morning. We may not pay for the extra day.*

Although a treatment was prescribed or performed by a Qualified Practitioner, it does not necessarily mean that it is Medically Necessary under our guidelines. Obtaining confirmation of coverage from Providence Health Plan beforehand is always recommended.

3.11 APPROVED CLINICAL TRIALS

Benefits are provided for Covered Services directly related to a Member's participation in an Approved Clinical Trial offered through an In-Network provider.

Covered Services include the routine patient costs for items and services received from In-Network providers and facilities in connection with the Approved Clinical Trial, to the extent that the items and services are otherwise Covered Services under the Plan.

You may choose to participate in an Approved Clinical Trial offered through an Out-of-Network provider. However, coverage will only be provided for Medically Necessary services received In-Network in treatment of an illness or injury.

The following costs are excluded:

- The cost of the investigational item, device or service;
- The cost of items and services provided solely to satisfy data collection and analysis needs and that are not used in direct clinical management;
- The cost for a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis; and
- The cost for any services received Out-of-Network.

The Plan does not discriminate against a Member who participates in a clinical trial, whether or not the trial is an Approved Clinical Trial. The Plan provides benefits for services unrelated to a clinical trial to the extent that the services are otherwise Covered Services under the Plan.

3.12 HOW BENEFITS ARE APPLIED

Benefits are subject to the following provisions, if applicable, as specified in the Benefit Summary:

1. The Deductible;
2. The Copayment or Coinsurance amount; and
3. The benefit limits and/or maximums.

3.13 DEDUCTIBLES AND OUT-OF-POCKET MAXIMUMS

Your Plan has a Deductible and an Out-of-Pocket Maximum, as stated in your Benefit Summary.

Deductible amounts apply to Out-of-Pocket Maximums.

3.13.1 Understanding Deductibles

Your Deductible is the dollar amount shown in the Benefit Summary that you are responsible to pay every Calendar Year when receiving most Covered Services before benefits are provided by us. Deductible amounts are payable to your Qualified Practitioner after we have processed your claim.

Certain Covered Services, such as most In-Network preventive care, are covered without a Deductible. Please see your Benefit Summary for information about these Services.

Individual Deductible: An Individual Deductible is the amount shown in the Benefit Summary that must be paid by a Member before the Plan provides benefits for Covered Services for that Member.

Family Deductible: The Family Deductible is the amount shown in the Benefit Summary that applies when two or more Members are enrolled in this Plan, and is the maximum Deductible that enrolled Family Members must pay. All amounts paid by Family Members toward their Individual Deductibles apply toward the Family Deductible. When the Family Deductible is met, no further Individual Deductibles will need to be met by any enrolled Family Members.

Note: No Member will ever pay more than an Individual Deductible before the Plan begins paying for Covered Services for that Member.

Your Costs that Do Not Apply to Deductibles: The following out-of-pocket costs do not apply towards Your Individual and Family Deductibles:

- Services not covered by this Plan.
- Services in excess of any maximum benefit limit.
- Fees in excess of the Usual, Customary and Reasonable (UCR) charges.
- Any penalties you must pay if you do not follow Providence Health Plan's Prior Authorization requirements.
- Copayments or Coinsurance specified as not applicable toward the Deductible in any Benefit Summary issued with this Plan.

3.13.2 Understanding Out-of-Pocket Maximums

Out-of-Pocket Maximums are the total amount you will pay out-of-pocket in any Calendar Year for Covered Services received under this Plan. See your Benefit Summary.

Individual Out-of-Pocket Maximum: Individual Out-of-Pocket Maximum means the total amount of Copayments, Coinsurance and Deductible that a Member must pay in a Calendar Year, as shown in the Benefit Summary, before the Plan begins to pay 100% for Covered Services for that Member within that Calendar Year.

Family Out-of-Pocket Maximum: Family Out-of-Pocket Maximum means the total amount of Copayments, Coinsurance and Deductible that a family of two or more must pay in a Calendar Year, as shown in the Benefit Summary, before the Plan begins to pay 100% for Covered Services for enrolled Family Members. When the combined Copayment, Coinsurance and Deductible expenses of enrolled Family Members meet the family Out-of-Pocket Maximum, all remaining individual Out-of-Pocket Maximums will be waived for the family for that Calendar Year.

Note: Once any Member meets the Individual Out-of-Pocket Maximum, the Plan will begin to pay 100% for Covered Services for that Member.

Your Costs that Do Not Apply to Out-of-Pocket Maximums: The following out-of-pocket costs do not apply toward your Individual and Family Out-of-Pocket Maximums:

- Services not covered by this Plan;
- Services not covered because Prior Authorization was not obtained, as required in section 3.7;
- Services in excess of any maximum benefit limit;
- Fees in excess of the Usual, Customary and Reasonable (UCR) charges;
- Deductibles, Copayments or Coinsurance for a Covered Service if indicated in any Benefit Summary as not applicable to the Out-of-Pocket Maximum; and
- Any penalties you must pay if you do not follow Providence Health Plan's Prior Authorization requirements.

IMPORTANT NOTE: Some Benefits are NOT eligible for 100% benefit coverage. The Copayment or Coinsurance for these Services, as shown in the Benefit Summary, remains in effect throughout the Calendar Year.

4. COVERED SERVICES

More frequent exams will be covered if your provider determines that they are necessary. Vision and hearing screening services are covered when performed during a periodic health examination or well-baby care examination. In order for a child to be eligible for benefits for routine newborn baby care, the child must be properly

4.3 PROVIDER SERVICES

4.3.1 Office Visits, Inpatient and Outpatient Hospital Visits, and Home Visits

Office visits, inpatient and outpatient Hospital visits and home visits with a Qualified Practitioner are covered as shown in your Benefit Summary. Copayments and Coinsurances, as shown in your Benefit Summary, apply to all provider visits except those that: (a) are part of a course of maternity care; (b) are for conditions for which this Plan contains a separate and specific Copayment or Coinsurance amount; or (c) are ancillary to the visit and are billed by the Qualified Practitioner. Some services provided by your Qualified Practitioner during your visit may result in additional Member financial responsibility.

For example – You see your Primary Care Provider for an office visit and during your visit your provider swabs your throat for a throat culture. You would pay your office visit Copayment or Coinsurance and would also need to pay the Laboratory Services Copayment or Coinsurance for the throat culture. See your Benefit Summary for details.

Your Benefit Summary also lists different Copayments or Coinsurance that may apply for other specific services, such as allergy shots, maternity care, and diagnostic services. See your Benefit Summary for details.

If you are unable to keep a scheduled office appointment with your provider, please try to notify that office in advance. If not, you may be charged for the missed appointment. Providence Health Plan will not cover this expense.

4.3.2 Virtual Visits

The Plan provides coverage for Virtual Visits with In-Network Providers using secure internet technology:

- Phone and Video Visits: Phone and Video Visits are covered as shown in your Benefit Summary. All Phone and Video Visits must be Medically Necessary and received from In-Network Providers. Not all In-Network Providers are contracted with us to provide Phone and Video Visits. In-Network Providers who are authorized to provide Phone and Video Visits have agreed to use secure internet technology approved by us to protect your information from unauthorized access or release.
- Web-direct Visits: Web-direct Visits for common conditions such as cold, flu, sore throat, allergy, ear ache, sinus pain, or UTI are covered as shown in your Benefit Summary. The Member completes a questionnaire to describe the common condition. The questionnaire is reviewed by an In-Network Provider who makes a diagnosis and sends a treatment plan back to the Member. If needed, a prescription is sent to the Member's pharmacy. All Web-direct Visits must be Medically Necessary and received from authorized In-Network Providers.

4.3.3 E-mail Visits

E-mail Visits are covered in full and must be received from In-Network Providers. Not all In-Network Providers offer E-mail Visits. Medical doctors (M.D.), doctors of osteopathy (D.O.), nurse practitioners (N.P.) and physician assistants (P.A.) are the only categories of providers who may be approved for E-mail Visits. In-Network Providers who are authorized to provide E-mail Visits have agreed to use Internet security technology approved by us to protect your information from unauthorized access or release. To be eligible for the E-mail Visit benefit, you must have had at least one prior office visit with your In-Network Provider within the last 12 months.

Covered E-mail Visits include, but are not limited to:

- Communications of a new or existing diagnosis or treatment when the equivalent service received through an office visit would have led to a claims submission to be covered by the Plan;
- Communications by the In-Network Provider about the management of complex chronic conditions that require extensive education and ongoing monitoring;

- Communications of treatment for relapses of a previous condition that involve extended dialogue and significant physician time and judgment;
- Discussion of lab results that require significant changes in medication or further testing; and
- Extended counseling when person-to-person contact would involve an unwise delay.

Examples of e-mail communications that do not qualify as E-mail Visits include, but are not limited to:

- Renewing prescriptions;
- Scheduling tests;
- Scheduling appointments;
- Reporting normal test results;
- Recommending a referral to another physician;
- A consultative message exchange from a patient who is seen in-person immediately afterward as a result of the consultative message;
- A brief follow-up of an office visit, medical procedure or other treatment to confirm stable condition;
- A brief discussion to confirm stability of a chronic problem and continuity of present management of the problem; and
- All communications in connection with Mental Health or Substance Abuse Covered Services (as provided in section 4.10).

4.3.4 Telemedical Services

Telemedical Services are covered at the applicable benefit level for the Covered Service, as shown in the Benefit Summary, had the Service been received in person provided that the Service:

- Is Medically Necessary;
- Is provided by a Qualified Practitioner;
- Is determined to be safely and effectively provided using synchronous two-way interactive video conferencing according to generally accepted health care practices and standards; and
- The application and technology used to provide the Telemedical Service meet all standards required by state and federal laws governing the privacy and security of protected health information.

For Members utilizing Telemedical Services for the treatment of diabetes where one of the participants is a representative of an academic health center, coverage is provided when Services are delivered through a two-way electronic communication. This includes, but is not limited to, video, audio, Voice over Internet Protocol, or transmission of telemetry, that allows a health professional to interact with the Member, a parent or guardian of a Member, or another health professional on a Member's behalf, who is at an originating site.

4.3.5 Allergy Shots, Allergy Serums, Injectable and Infused Medications

Allergy shots, allergy serum, injectable medications, and total parenteral nutrition (TPN) received in your Provider's office are covered as shown in your Benefit Summary. Therapy and testing for treatment of allergies including, but not limited to, Services related to clinical ecology, environmental allergy and allergic immune system dysregulation and sublingual antigen(s), extracts, neutralization tests and/or treatment are covered only when such therapy or testing is approved by the American Academy of Allergy and Immunology, or the Department of Health and Human Services or any of its offices or agencies. Some injectable medications may require Prior Authorization, as listed in the Medical benefit drug prior authorization list available on our website at <https://healthplans.providence.org/members/pharmacy-resources/Pages/default.aspx> or by calling Customer Service. Some injectable and infused medications may be required to be supplied by a contracted Specialty Pharmacy. See section 4.7.1 for coverage of infusion at Outpatient Facilities.

4.3.6 Administration of Anesthesia and Surgical Procedures

Benefits include the administration of anesthesia and surgical procedures, including assistant surgeon and post-operative care.

4.3.7 Immediate Care

Immediate Care is an extension of your Primary Care Provider's office, and provides additional access to treatment you need right away for an illness or injury that is not life threatening. This includes, but is not limited to, minor sprains, minor cuts and burns, and ear, nose, and throat infections. Routine care, like periodic health exams and well-baby care, should be delayed until you can be seen by your Primary Care Provider.

Whenever you need immediate care, call your Primary Care Provider first. Your Primary Care Provider or the provider-on-call is always available, day or night. They may either suggest that you be seen at your Primary Care Provider's office, or direct you to an immediate care center, Urgent Care, or emergency care facility. See section 4.5 for coverage of Emergency Care and Urgent Care Services.

Please be prepared to pay the Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are also responsible for the applicable Copayment/Coinsurance shown in the Benefit Summary for any ancillary Services received, such as lab tests and X-rays, billed by the Immediate Care Provider.

4.3.8 Retail Health Clinics

Coverage is provided as shown in the Benefit Summary for Covered Services obtained at Retail Health Clinics. Retail Health Clinics can provide diagnosis and treatment services for uncomplicated minor illnesses and injuries, like sore throats, ear aches, and sprains. Routine care, like periodic health exams and well-baby care, should be delayed until you can be seen by your Primary Care Provider. All Covered Services must be Medically Necessary and appropriate and received from Qualified Practitioners. Not all services are available at Retail Health Clinics.

4.4 DIAGNOSTIC SERVICES

Coverage is provided as shown in your Benefit Summary for Diagnostic Services.

4.4.1 Diagnostic Pathology, Radiology Tests, High Tech Imaging and Diagnostic Procedures

Benefits are as shown in the Benefit Summary and include inpatient and outpatient diagnostic pathology (lab), high tech imaging (such as PET, CT, MRI and MRA), radiology (X-ray) tests, echocardiography, and other Medically Necessary diagnostic procedures. Covered Services include contrast materials (dyes) that may be required for a diagnostic procedure.

4.4.2 Sleep Study Services

Benefits are as shown in the Benefit Summary and include coverage of Medically Necessary polysomnography (PSG). PSG is an overnight sleep test performed at home or in a sleep laboratory. The test is used to confirm a sleep disorder and to determine the appropriate treatment. Services must be Prior Authorized.

The following diagnostics are excluded: actigraphy, daytime nap polysomnography, cephalographic or tomographic X-rays for diagnosis or evaluation of an oral device, and acoustic pharyngometry.

4.5 EMERGENCY CARE AND URGENT CARE SERVICES

Benefits for Emergency Care and Urgent Care Services are provided as described below and shown in your Benefit Summary. Emergency Care Services are provided both in and out of the Service Area. If an emergency situation should occur, you should take immediate action and seek prompt medical care. You should call 911, or the emergency number listed in the local telephone directory or go to the nearest Hospital emergency department.

4.5.1 Emergency Care

A medical emergency is a sudden unexpected illness or injury that you believe would place your life in danger or cause serious damage to your health if you do not seek immediate medical treatment. Medical emergencies include, but are not limited to:

- Heart attack
- Stroke
- Poisoning
- Loss of consciousness
- Medically necessary detoxification
- Acute abdominal pain
- Severe chest pain
- Serious burn
- Bleeding that does not stop
- Unexpected premature childbirth

Coverage is provided without Prior Authorization for Emergency Medical Screening Exams and stabilization of an Emergency Medical Condition. Hospitalization for an Emergency Medical Condition requires notification to Providence Health Plan within 48 hours, or as soon as reasonably possible following the onset of treatment, in order for coverage to continue.

Definitions:

“Emergency Medical Condition” is a medical condition that manifests itself by acute symptoms of sufficient severity that a prudent layperson, possessing an average knowledge of health and medicine, would reasonably expect that failure to receive immediate medical attention would:

- Result in serious impairment to bodily functions;
- Result in serious dysfunction of any bodily organ or part;
- Place the health of a person, or any unborn child in the case of a pregnant woman, in serious jeopardy;
- With respect to a pregnant woman who is having contractions, for which there is inadequate time to effect a safe transfer to another hospital before delivery or for which transfer may pose a threat to the health or safety of the woman or the unborn child; or
- That is a behavioral health crisis.

“Emergency Services” means, with respect to an Emergency Medical Condition:

- An Emergency Medical Screening Exam or behavioral health assessment that is within the capability of the emergency department of a hospital, including ancillary services routinely available to the emergency department to evaluate such Emergency Medical Condition; and
- Such further medical examination and treatment as are required under the Emergency Medical Treatment and Active Labor Act (42 U.S.C. 1395dd) to stabilize a patient, to the extent the examination and treatment are within the capability of the staff and facilities available at the Hospital.

“Emergency Medical Screening Exams” include medical history, examination, ancillary tests and medical determinations required to ascertain the nature and extent of an Emergency Medical Condition.

Your Plan covers Emergency Services in the emergency room of any Hospital. **Emergency room Services are covered when your medical condition meets the guidelines for emergency care as stated above. Coverage includes Services to stabilize an Emergency Medical Condition and Emergency Medical Screening Exams.**

If you or a Family Member believes that immediate assistance is needed for an Emergency Medical Condition, **call 911 or go to the nearest emergency room.** Tell the emergency personnel the name of your Primary Care Provider and show them your Member ID Card.

Call your Primary Care Provider any time, any day of the week. Your Primary Care Provider or the provider-on-call will tell you what to do and where to go for the most appropriate care.

Please be prepared to pay your Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are responsible for the Copayment/Coinsurance for each Hospital emergency room visit. If you are admitted to the Hospital from the emergency room, your emergency Services Copayment/Coinsurance does not apply and all Services are subject to the Inpatient Services benefit shown in your Benefit Summary.

When you are admitted to an Out-of-Network Hospital from the emergency room, your Inpatient Services are covered under your In-Network benefit until your condition becomes stable. Once your condition is stabilized, Providence Health Plan will work with you to arrange transfer to an In-Network facility. This process is called “repatriation.”

Costs for non-emergency medical transport to facilitate repatriation to an In-Network facility are covered in full.

If you decline transfer to an In-Network facility once we have determined that repatriation is medically appropriate, the additional days spent at the Out-of-Network Hospital will not be covered.

The Plan does not pay for emergency room treatment for medical conditions that are not medical emergencies. Do not go to the emergency room for care that should take place in your provider's office. Routine care for sore throats, common colds, follow-up care, and prescription drug requests are not considered to be emergencies.

4.5.2 Emergency Medical Transportation

Benefits include Services for emergency medical transportation by state certified ambulance and certified air ambulance transportation. Ambulance Services are provided for transportation to the nearest facility capable of providing the necessary emergency care or to a facility specified by Providence Health Plan. Air ambulance transportation is only covered for a life-threatening medical emergency, or when ground ambulance is either not available or would cause an unreasonable risk of harm because of increased travel time. Ambulance transportation solely for personal comfort or convenience is not covered.

4.5.3 Emergency Eye Care Services

Covered Services include the initial care for Emergency Medical Conditions resulting from an injury to or illness of the eye(s). Members may receive Services directly from an optometrist or ophthalmologist or from a Hospital emergency room.

4.5.4 Emergency Detoxification Services

Medically Necessary detoxification will be treated as an Emergency Medical Condition when the Member is not enrolled in a Substance Abuse treatment program, as stated in section 4.10.3, at the time Services are received. Prior Authorization is not required for emergency treatment; however, Providence Health Plan must be notified within 48 hours following the onset of treatment, or as soon as reasonably possible, in order for coverage to continue. If a Member is to be transferred to an In-Network Provider for continued inpatient care, the cost of Medically Necessary transportation will be covered. Continuing or follow-up care is not a Covered Service unless Prior Authorized by Providence Health Plan.

4.5.5 Urgent Care

Urgent Care is treatment you need right away for an illness or injury that is not life threatening. This includes, but is not limited to, minor sprains, minor cuts and burns, and ear, nose, and throat infections. Routine care that can be delayed until you can be seen by a physician or provider in their office is not Urgent Care.

Whenever you need urgent care, call your Primary Care Provider first. Your Primary Care Provider or the provider-on-call is always available, day or night. They may either suggest that you come to the office or go to an emergency room or Urgent Care center. If you can be treated in your provider's office or at an In-Network Urgent Care center your out-of-pocket expense will usually be lower.

Please be prepared to pay the Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are also responsible for the applicable

Copayment/Coinsurance shown in the Benefit Summary for any ancillary Services received, such as lab tests and X-rays, billed by the Qualified Provider.

If you are admitted to an Out-of-Network Hospital, you, or a relative, should call Providence Health Plan within 48 hours or as soon as reasonably possible.

When you are admitted to an Out-of-Network Hospital from an Urgent Care facility, your Inpatient Services are covered under your In-Network benefit until your condition becomes stable. Once your condition is stabilized, Providence Health Plan will work with you to arrange transfer to an In-Network facility. This process is called “repatriation.”

Costs for non-emergency medical transport to facilitate repatriation to an In-Network facility are covered in full.

If you decline transfer to an In-Network facility once we have determined that repatriation is medically appropriate, the additional days spent at the Out-of-Network Hospital will not be covered.

Not all Out-of-Network facilities will file a claim on a Member’s behalf. If you receive urgent care Services from an Out-of-Network facility, you must submit a claim if the facility or provider does not submit it for you. See section 6.1.1.

4.6 INPATIENT HOSPITAL AND SKILLED NURSING FACILITY SERVICES

Coverage is provided as shown in your Benefit Summary for Hospital and Skilled Nursing Facility Services.

- Covered Services do NOT include care received that consists primarily of:
- Room and board and supervisory or custodial Services.
- Personal hygiene and other forms of self-care.
- Non-skilled care for senile deterioration, mental deficiency, or developmental disability.

In all cases, the following are specifically excluded from the Hospital and Skilled Nursing Facility benefit:

- Private duty nursing or a private room unless prescribed as Medically Necessary or otherwise Prior Authorized.
- Take-home medications, supplies and equipment.
- Personal items such as telephone, radio, television and guest meals.

4.6.1 Inpatient Hospital Services

Benefits are provided as shown in your Benefit Summary.

When your In-Network Provider and Providence Health Plan determine you need hospitalization, arrangements will be made for you to be admitted to an In-Network Hospital.

For Enrolled Out-of-Area Dependents: You are responsible for making sure inpatient hospitalization services are Prior Authorized by Providence Health Plan before receiving this care from an Out-of-Network Hospital.

Only Medically Necessary hospital services are covered. Covered inpatient Services received in a Hospital are:

- Acute (inpatient) care;
- A semi-private room (unless a private room is Medically Necessary);
- Coronary care and intensive care;
- Isolation care; and
- Hospital services and supplies necessary for treatment and furnished by the Hospital, such as use of the operating and recovery rooms, anesthesia, dressings, medications, whole blood and blood products, oxygen, X-ray, and laboratory Services during the period of inpatient hospitalization. (Personal items such as guest meals, slippers, etc., are not covered.)

Providence Health Plan employs professional clinical staff who may review services you receive in the Hospital. They may review your care to determine Medical Necessity, to make sure that you had quality care, and to ensure that you will have proper follow-up care.

Your provider will determine your medically appropriate length of stay. If you choose to stay in the Hospital longer than your physician advises, you will be responsible for the cost of additional days in the Hospital.

4.6.2 Skilled Nursing Facility

Benefits are provided as shown in the Benefit Summary for Covered Services from a Skilled Nursing Facility. 4.14 PRESCRIPTION DRUG BENEFIT

The Prescription Drug Benefit provides coverage for prescription drugs which are Medically Necessary for the treatment of a covered illness or injury and which are dispensed by a Participating Pharmacy pursuant to a prescription ordered by a Qualified Practitioner for use on an outpatient basis, subject to your Plan's benefits, limitations and exclusions.

Prescription Drug Definition

The following are considered "Prescription Drugs":

1. Any medicinal substance which bears the legend, "RX ONLY" or "Caution: federal law prohibits dispensing without a prescription";
2. Insulin;
3. Any medicinal substance of which at least one ingredient is a federal legend drug in a therapeutic amount; and
4. Any medicinal substance which has been approved by the Oregon Health Evidence Review as effective for the treatment of a particular indication.

4.14.1 Using Your Prescription Drug Benefit

Your Prescription Drug Benefit requires that you fill your prescriptions at a Participating Pharmacy.

You have access to Providence Health Plan's nationwide broad pharmacy network as published in our pharmacy directory.

Providence Health Plan Participating Pharmacies are those pharmacies that maintain all applicable certifications and licenses necessary under state and federal law of the United States and have a contractual agreement with us to provide Prescription Drug Benefits.

Participating Pharmacies are designated as retail, preferred retail, specialty and mail-order Pharmacies. To view a list of Participating Pharmacies, visit our website at

www.ProvidenceHealthPlan.com. You also may contact Customer Service at the telephone number listed on your Member ID Card.

- Please present your Member ID Card to the Participating Pharmacy at the time you request Services. If you have misplaced or do not have your Member ID Card with you, please ask your pharmacist to call us.
- All covered Services are subject to the Copayments or Coinsurance listed in your Benefit Summary.
- If you choose a brand-name drug when a generic-equivalent is available, any difference in cost for Prescription Drug Covered Services will not apply to your Calendar Year Deductibles and Out-of-Pocket Maximums.
- The amount paid by a manufacturer discount and/or copay assistance programs for a brand-name drug when a generic equivalent is available may not apply towards your Calendar Year Deductibles and Out-of-Pocket Maximums.
- Participating Pharmacies may not charge you more than your Copayment or Coinsurance. Please contact Customer Service if you are asked to pay more or if you, or the pharmacy, have questions about your Prescription Drug Benefit or need assistance processing your prescription.
- Copayments or Coinsurance are due at the time of purchase. If the cost of your Prescription Drug is less than your Copayment, you will only be charged the cost of the Prescription Drug.
- You may be assessed multiple Copayments for a multi-use or unit-of-use container or package depending on the medication and the number of days supplied.
- You may purchase up to a 90-day supply of each maintenance drugs at one time using a Participating mail service or preferred retail Pharmacy. Not all drugs are covered for more than a 30-day supply, including compounded medications, drugs obtained from specialty pharmacies, and limited distribution pharmaceuticals. To obtain prescriptions by mail, your physician or provider can call in the prescription or you can mail your prescription along with your Providence Health Plan Member ID number to one of our Participating mail-order Pharmacies. To find our Participating mail-order Pharmacies, please visit our website at www.ProvidenceHealthPlan.com. (Not all prescription drugs are available through our mail-order pharmacies.)
- Diabetes supplies and inhalation extender devices may be obtained at your Participating Pharmacy. However, these items are considered medical supplies and devices and are subject to your Medical Supplies benefits, limitations and Copayments and/or Coinsurances. See section 4.7.1 and your Benefit Summary. Diabetes supplies do not include insulin pump devices, which are covered under your Durable Medical Equipment benefit, section 4.7.4.
- Self-administered chemotherapy drugs are covered under section 4.8.14 unless the benefits under this Prescription Drug Benefit allow for a lower out-of-pocket cost to you.
- Injectable medications received in your Provider's office are covered under section 4.1.4.
- Infusions, including infused medications, received at Outpatient Facilities are covered under section 4.7.1
- Some prescription drugs require Prior Authorization or an exception to the Formulary in order to be covered. These may include select formulary agents, non-formulary agents, step therapy, and/or quantity limits as listed in the Providence Health Plan

Prescription Drug Formulary available on our website at www.ProvidenceHealthPlan.com or by contacting Customer Service.

- Providence Health Plan will provide Members prescription synchronization services for maintenance medications. Upon Member or provider request, the Plan will coordinate with Members, providers, and the dispensing pharmacy to synchronize maintenance medication refills so Members can pick up maintenance medications on the same date. Members will be responsible for applicable Copayments, Coinsurances and Deductibles.

4.14.2 Use of Out-of-Network Pharmacies

On rare occasions, such as urgent or emergency situations, you may need to use an Out-of-Network Pharmacy. If this happens, you will need to pay full price for your prescription at the time of purchase.

To request reimbursement, you will need to fill out and submit to Providence Health Plan a Prescription Drug Reimbursement form. This form is available on our website or by contacting Customer Service. When you submit the completed Prescription Drug Reimbursement form, include any itemized pharmacy receipts, along with an explanation as to why you used an Out-of-Network Pharmacy. Submission of a claim does not guarantee payment.

If your claim is approved, the Plan will reimburse you the cost of your prescription up to our Participating Pharmacy contracted rates, less your Copayment or Coinsurance if applicable. Reimbursement is subject to your Plan's limitations and exclusions. You are responsible for any amounts above our contracted rates.

International prescription drug claims will only be covered when prescribed for emergent conditions and will be subject to your medical Emergency Services benefit and any applicable Plan limitations and exclusions.

4.14.3 Prescription Drug Formulary

The Formulary is a list of Food and Drug Administration (FDA)-approved prescription drugs. It is designed to offer drug treatment choices for covered medical conditions. Formulary status is given to drugs which meet evidence-based assessment of therapeutic effectiveness, safety, pharmacoeconomic value and offer an important advantage to existing Formulary alternatives.

The Formulary can help you and your Qualified Practitioner choose effective medications that are less costly and minimize your out-of-pocket expense. There are effective generic drug choices that treat most medical conditions.

Not all FDA-approved drugs are covered by Providence Health Plan. Non-formulary drug requests require a formulary exception, and must be FDA-approved, Medically Necessary, and require by law a prescription to dispense. See Section 6.1 under Claims Involving Prior Authorization and Formulary Exception.

Newly approved FDA drugs will be reviewed by the Oregon Region Pharmacy and Therapeutics Committee for safety and Medical Necessity within 12 months after the drug becomes available on the market. In the case of an urgent situation, Providence Health Plan

will authorize the use of a newly approved FDA drug during our review period so a Member does not go without Medically Necessary treatment.

To access the Formulary for your Plan, visit <https://healthplans.providence.org/members/pharmacy-resources/>.

4.14.4 Prescription Drugs

Generic and Brand-Name Prescription Drugs

Both generic and brand-name drugs are covered benefits subject to the terms of your Benefit Summary. In general, generic drugs are subject to lower Copayments or Coinsurances than brand-name drugs. Please refer to your Benefit Summary for your Copayment or Coinsurance information.

If you request a brand-name drug, regardless of the reason or Medical Necessity, you will be responsible for the difference in cost between the brand-name and generic drug, in addition to the brand-name drug Copayment or Coinsurance indicated on the Benefit Summary. Your total cost, however, will never exceed the actual cost of the drug. The difference in cost between the brand-name and generic drug will not be applied toward your Out-of-Pocket Maximum, and you will continue to be responsible for the difference in cost after your Out-of-Pocket Maximum is met.

Affordable Care Act Preventive Drugs

Affordable Care Act (ACA) preventive drugs are medications, including contraceptives, which are listed in our Formulary and are covered at no cost when received from Participating Pharmacies as required by the ACA. Over-the-counter ACA preventive drugs received from Participating Pharmacies will not be covered in full under the ACA preventive benefit without a written prescription from your Qualified Practitioner. However, over-the-counter contraceptives do not require a written prescription pursuant to Oregon state law.

4.14.5 Prescription Drug Quantity

Prescription dispensing limits, including refills, are as follows:

1. Topicals, up to 60 grams;
2. Liquids, up to eight ounces;
3. Tablets or capsules, up to 100 dosage units;
4. Multi-use or unit-of-use, up to one container or package; as prescribed, not to exceed a 30-consecutive-day supply, whichever is less;
5. FDA-approved women's prescription contraceptives: up to 3-months initial dispensing, then up to 12-months subsequent dispensing at any of our Participating Pharmacies; and
6. Opioids up to 7 days initial dispensing.

Other dispensing limits may apply to certain medications requiring limited use, as determined by our Oregon Region Pharmacy and Therapeutics Committee. Prior Authorization is required for amounts exceeding any applicable medication dispensing limits.

4.14.6 Participating Mail-Order and Preferred Retail Pharmacies

Up to a 90-day supply of prescribed maintenance drugs (drugs you have been on for at least 30 days and that you anticipate continuing on in the future) purchased from a Participating

mail-order or preferred retail Pharmacy will be covered subject to the following specific provisions:

1. Qualified drugs under this program will be determined by us. Not all prescription drugs are available through mail-order pharmacy.
2. Not all maintenance prescription drugs are available in 90-day allotments.
3. Copayment(s) will be applied to the quantity stated on your Benefit Summary. (Some quantity limitations and Copayments for unit of use packaging may apply).

When using a mail-order pharmacy, payment is required prior to processing your order. If Providence Health Plan removes a pharmacy from its network, we will notify you of this change at least 30 days in advance. Notification may be done via the online directory or letter depending on the circumstance.

4.14.7 Prescription Drug Limitations

Prescription drug limitations are as follows:

1. All drugs must be Food and Drug Administration (FDA) approved, Medically Necessary and require by law a prescription to dispense. Not all FDA-approved drugs are covered by Providence Health Plan. Newly approved drugs will be reviewed for safety and Medical Necessity within 12 months after the drug becomes available on the market for Formulary consideration.
2. Certain drugs require Prior Authorization for Medical Necessity, place of therapy, length of therapy, step therapy, number of doses or dispensing limits. Step therapy uses our pharmacy claims history to confirm if certain drugs have been tried first by a Member. If a drug has not been tried first, cannot be tried first, or if the drug history is not available, Prior Authorization is required. For some drugs, Providence Health Plan limit the amount of the drug the Plan will cover. You or your Qualified Practitioner can contact Providence Health Plan directly to request Prior Authorization. If you have questions regarding a specific drug, please call Customer Service.
3. Specialty drugs are injectable, infused, oral, topical, or inhaled therapies that often require specialized delivery, handling, monitoring and administration and are generally high cost. These drugs must be purchased through a Providence Health Plan designated specialty pharmacy. Due to the nature of these medications, specialty drugs are limited to a 30-day supply. Specialty drugs are listed in the Formulary. In rare circumstances specialty medications may be filled for greater than a 30-day supply; in these cases, additional specialty cost share(s) may apply.
4. Self-injectable medications are only covered when they are being self-administered and labeled by the FDA for self-administration; in some cases, a Prior Authorization may be required for the drug. Documentation of self-administration may also be required. Drugs labeled for self-administration that are being administered by a provider will fall to the Member's medical benefit.
5. Medications, drugs or hormones prescribed to stimulate growth are not covered, except when there is a laboratory-confirmed diagnosis of growth hormone deficiency for children through 18 years of age and when prescribed for the treatment of documented pituitary destruction in adults.
6. Compound prescription drugs must contain at least one ingredient that is an FDA-approved prescription drug in a therapeutic amount, must meet our Medical Necessity criteria and must be purchased at a Participating Pharmacy. Compounded drugs from bulk powders that are not a component of an FDA-approved drug are not

covered. Claims are subject to clinical review for Medical Necessity and are not guaranteed for payment.

7. In accordance with the ACA, your Plan provides coverage in full of certain medications, including contraceptives, when these medications are purchased from Participating Pharmacies. Not all preventive medications are required to be covered in full by the ACA. Medications in this category may be subject to medical management techniques to determine frequency, method, treatment, or setting. Brand medications for which a generic is available will not be covered in full unless the Member has received Prior Authorization from Providence Health Plan.
8. Vacation supply medication refill overrides are limited to a 30-day supply once per Calendar Year, unless otherwise provided under your Plan. Additional exceptions may be granted on a case-by-case basis.
9. A 30 day supply medication refill override will be granted if you are out of medication and have not yet received your drugs from a participating mail order pharmacy.

4.14.8 Prescription Drug Exclusions

In addition to the Exclusions listed in section 5, Prescription Drug Exclusions are as follows:

6. CLAIMS ADMINISTRATION

This section explains how the Plan treats various matters having to do with administering your benefits and/or claims, including situations that may arise in which your health care expenses are the responsibility of a source other than this Plan.

6.1 CLAIMS PAYMENT

The Plan's payments for most Services are made directly to the providers of Services. Except as otherwise specifically provided in this Plan, if you are billed directly and pay for benefits which are covered by this Plan, reimbursement from the Plan will be made only upon your written notice to the Plan of the payment. Payment will be made to the Subscriber, subject to written notice of claim, or, if deceased, to the Subscriber's estate, unless payment to other parties is authorized in writing by you.

Explanation of Benefits (EOB)

You will receive an EOB from Providence Health Plan after your claim has been processed. An EOB is not a bill. An EOB explains how Providence Health Plan processed your claim, and will assist you in paying the appropriate Member responsibility to your provider. Copayment or Coinsurance amounts, Deductible amounts, services or amounts not covered and general information about our processing of your claim are explained on an EOB.

Time Frames for Processing Claims

If your claim is denied under the Plan, Providence Health Plan will send an EOB to you with an explanation of the denial within 30 days after your claim is received. If additional time is needed to process your claim for reasons beyond Providence Health Plan's control, you will be sent a notice of delay explaining those reasons within 30 days after your claim is received. The processing will then be completed and you will be sent an EOB within 45 days after your claim is received. If additional information is needed from you to complete the processing of your claim, you will be sent a separate request for the information and you will have 45 days to submit the additional information. Once the additional information from you is received, Providence Health Plan will complete the processing of the claim within 30 days.

Claims Involving Prior Authorization and Formulary Exception (Pre-Service Claims)

- **For Prior Authorization of services that do not involve urgent medical conditions:** You and your provider will be notified of Providence Health Plan's decision within two business days after the Prior Authorization request is received. If additional information is needed to process the request, Providence Health Plan will provide written notice to the Member and the provider within two business days of receiving the Prior Authorization request. The Member and the provider will have 15 days to submit the additional information. Within two business days of receipt of the additional information, Providence Health Plan will complete their review and provide written notice of its decision to the Member and the provider. If the information is not received within 15 days, the request will be denied.

- **For Prior Authorization of services that involve urgent medical conditions:** You and your provider will be notified of Providence Health Plan's decision within 24 hours after the Prior Authorization request is received. If additional information is needed to complete the review, the requesting provider or you will be notified within 24 hours after the request is received. The requesting provider or you will then have 48 hours to submit the additional information. The review will then be completed and the requesting provider or you will be notified of Providence Health Plan's decision by the earlier of, (a) 48 hours after the additional information is received or, (b) if no additional information is provided, 48 hours after the additional information was due.
- **For Formulary exceptions:** For standard requests, Providence Health Plan will notify your provider or you of its decision within 72 hours after receipt of the request. For expedited requests, Providence Health Plan will notify your provider or you of its decision within 24 hours after receipt of the request. To qualify for expedited review, the request must be based upon exigent circumstances.

Claims Involving Concurrent Care Decisions

If an ongoing course of treatment for you has been approved under the Plan and it is determined through Concurrent Review procedures to reduce or terminate that course of treatment, Providence Health Plan will provide advance notice to you of that decision. You may request a reconsideration of the decision by submitting an oral or written request at least 24 hours before the course of treatment is scheduled to end. You will then be notified of Providence Health Plan's reconsideration decision within 24 hours after your request is received.

6.1.1 Timely Submission of Claims

The Plan will make no payments for claims received more than 365 days after the date of Service. Exceptions will be made if Providence Health Plan receives documentation that you lacked legal capacity during that period. Payment of claims submitted by the Oregon state Medicaid agency or a prepaid managed care health services organization described in ORS 414.651 (i.e., a Coordinated Care Organization) will be made in accordance with ORS 743B.470, which establishes payment requirements for claims submitted by the Oregon state Medicaid agency.

Payment of all claims will be made within the time limits required by OAR 836-080-0235, the Oregon insurance Division's administrative rule setting standards for prompt payment. Please send all claims to:

Providence Health Plan
 Attn: Claims Dept.
 P.O. Box 3125
 Portland, OR 97208-3125

6.1.2 Right of Recovery

The Plan has the right, upon demand, to recover from a recipient the value of any benefit or claim payment that exceeded the benefits available under this Plan. This right of recovery applies to any excess benefit, including (but not limited to) benefits obtained through fraud, error, or duplicate coverage relating to any Member. If timely repayment is not made, the Plan has the right, in addition to any other lawful means of recovery, to deduct the value of the excess benefit from any future benefit that otherwise would have been available to the affected Member(s) from the Plan under any contract.

6.2 COORDINATION OF BENEFITS

This Coordination of Benefits (COB) section applies when a Member has health care coverage under more than one Plan. The term “Plan” is defined below for the purposes of this COB section. The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary plan. The Primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary plan is the Secondary plan. The Secondary plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable expense.

6.2.1 Definitions Relating to Coordination of Benefits

Plan

Plan means any of the following that provides benefits or Services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for Members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.

1. Plan includes: group and individual health insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of group long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental plan, as permitted by law and group and individual insurance contracts and Subscriber contracts that pay or reimburse for the cost of dental care.
2. Plan does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; school accident type coverage; benefits for non-medical components of group long-term care policies; Medicare Supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage listed under (1) or (2) above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

This Plan

This Plan means, as used in this COB section, the part of this contract providing health care benefits to which this COB section applies and which may be reduced because of the benefits of other plans. Any other part of this contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as

dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

The order of benefit determination rules listed in section 6.2.2 determine whether This Plan is a Primary plan or Secondary plan when a Member has health care coverage under more than one Plan.

When This Plan is primary, Providence Health Plan determines payment for benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, Providence Health Plan determines benefits after those of another Plan and may reduce the benefits payable so that all Plan benefits do not exceed 100% of the total Allowable expense.

Allowable expense

Allowable expense means a health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any Plan covering a Member. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering a Member is not an Allowable expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Member is not an Allowable expense.

The following are examples of expenses that are NOT Allowable expenses:

1. The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable expense, unless one of the Plans provides coverage for private hospital room expenses.
2. If the Member is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
3. If the Member is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
4. If the Member is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable expense used by the Secondary plan to determine its benefits.
5. The amount of any benefit reduction by the Primary plan because the Member has failed to comply with the Plan provisions is not an Allowable expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

Closed panel plan

A Closed panel plan is a Plan that provides health care benefits to Members primarily in the form of services through a panel of providers that has contracted with or is employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

Custodial parent

A Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the Dependent child resides more than one half of the Calendar Year excluding any temporary visitation.

6.2.2 Order of Benefit Determination Rules

When a Member is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of any other Plan.
 1. Except as provided in Paragraph (2) below, a Plan that does not contain a COB provision that is consistent with the State of Oregon's COB regulations is always primary unless the provisions of both Plans state that the complying Plan is primary.
 2. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed panel plan to provide out-of-network benefits.
- B. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.
- C. Each Plan determines its order of benefits using the first of the following rules that apply:
 1. Non-Dependent or Dependent. The Plan that covers a Member other than as a Dependent, for example, as an employee, Subscriber or retiree is the Primary plan and the Plan that covers the Member as a Dependent is the Secondary plan. However, if the Member is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the Member as a Dependent; and primary to the Plan covering the Member as other than a Dependent (e.g., a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the Member as an employee, subscriber or retiree is the Secondary plan and the other Plan is the Primary plan.
 2. Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a Member is a Dependent child covered by more than one Plan the order of benefits is determined as follows:
 - a) For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
 - i. The Plan of the parent whose birthday falls earlier in the Calendar Year is the Primary plan; or

- ii. If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary plan.
 - b) For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - i. If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;
 - ii. If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;
 - iii. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or
 - iv. If there is no court decree allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the Dependent child are as follows:
 - The Plan covering the Custodial parent, first;
 - The Plan covering the spouse of the Custodial parent, second;
 - The Plan covering the non-custodial parent, third; and then
 - The Plan covering the Dependent spouse of the non-custodial parent, last.
 - c) For a Dependent child covered under more than one Plan of individuals who are not the parents of the Dependent child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the Dependent child.
 - d) For a Dependent child:
 - i. Who has coverage under either or both parents' plans and also has coverage as a Dependent under a spouse's plan, the rule in paragraph (5) applies.
 - ii. In the event the Dependent child's coverage under the spouse's plan began on the same date as the Dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in Subparagraph (a) to the Dependent child's parent(s) and the Dependent's spouse.
3. Active Employee or Retired or Laid-off Employee. The Plan that covers a Member as an active employee, that is, an employee who is neither laid off nor retired, is the Primary plan. The Plan covering that same Member as a retired or laid-off employee is the Secondary plan. The same would hold true if a Member is a Dependent of an active employee and that same Member is a

Dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

4. COBRA or State Continuation Coverage. If a Member whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the Member as an employee, subscriber or retiree or covering the Member as a Dependent of an employee, Subscriber or retiree is the Primary plan and the COBRA or state or other federal continuation coverage is the Secondary plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
5. Longer or Shorter Length of Coverage. The Plan that covered the Member the longer period of time is the Primary plan and the Plan that covered the Member the shorter period of time is the Secondary plan.
6. If the preceding rules do not determine the order of benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than would have paid had This Plan been the Primary plan.

6.2.3 Effect on the Benefits of This Plan

When This Plan is secondary, benefits may be reduced so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable expenses. In determining the amount to be paid for any claim, the Secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable expense under its Plan that is unpaid by the Primary plan. The Secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable expense for that claim. In addition, the Secondary plan shall credit to its plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

If a Member is enrolled in two or more Closed panel plans and if, for any reason, including the provision of services by a non-panel provider, benefits are not payable by one Closed panel plan, COB shall not apply between that Plan and other Closed panel plans.

6.2.4 Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply this COB section and to determine benefits payable under This Plan and other Plans. Providence Health Plan may get the facts needed from, or give them to, other organizations or persons for the purpose of applying this section and determining benefits payable under This Plan and other Plans covering a Member claiming benefits. Providence Health Plan need not tell, or get the consent of, any person to do this. Each Member claiming benefits under This Plan must give us any facts Providence Health Plan needs to apply this section and determine benefits payable.

6.2.5 Facility of Payment

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, This Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. This Plan will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means the reasonable cash value of the benefits provided in the form of services.

6.2.6 Right of Recovery

If the amount of the payments made by This Plan is more than what should have paid under this COB section, This Plan may recover the excess from one or more of the persons This Plan paid or for whom This Plan have paid; or any other person or organization that may be responsible for the benefits or services provided for the Member. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

6.2.7 Coordination with Medicare

In all cases, coordination of benefits with Medicare will conform with federal statutes and regulations. Medicare means Title XVIII of the Social Security Act, as enacted or amended. Medicare eligibility and how This Plan determines benefit limits are affected by disability and employment status. Please contact Customer Service if you have questions.

In accordance with the “working aged” provisions of the Medicare Secondary Payer Manual, when the Employer Group’s size is less than 20 employees, for Members who are entitled to and enrolled in Medicare Part A, enrollment in Medicare Part B will be assumed and Medicare will be the primary payer and This Plan will coordinate benefits as the secondary payer even if the Medicare-eligible Member has not elected Medicare Part B.

When the Employer Group’s size is 20 individuals or more, Medicare will be considered the secondary payer if the Member is enrolled in Medicare.

Counting individuals for the Employer size:

- Employees counted in the Employer size include the total number of nationwide full-time employees, part-time employees, seasonal employees, and partners who work or who are expected to report for work on a particular day.
- Those not counted in the Employer size include retirees, COBRA-qualified beneficiaries and individuals on other continuation options, and self-employed individuals who participate in the Employer’s group health plan.

6.3 THIRD-PARTY LIABILITY/SUBROGATION

The following provisions will apply when you or any other Member has received Services for a condition for which one or more third parties may be responsible. “Third party” means any person other than the Member (the first party to the provisions of this Plan), and Providence Health Plan (the second party), and includes any insurance carrier providing liability or other coverage potentially available to the Member. For example, uninsured or underinsured motorist coverage, no-fault medical payments (auto, homeowners or otherwise), or other group insurance (including student plans) whether under the Member’s policy or not, are subject to recovery by us as a third-party recovery. Failure by the Member to comply with the

terms of this section will be a basis for the Plan to deny any claims for benefits arising from the condition or to terminate the Member's coverage under this Plan as specified in section 9.4. In addition, you or the Member must execute and deliver to the Plan and to other parties any document requested by us which may be appropriate to confirm or secure the rights and obligations of the Member and the Plan under these provisions.

6.3.1 Third-Party Liability/Subrogation and How It Affects You

Third-party liability refers to claims that are in whole or part the responsibility of someone besides the Plan or the Member. Examples of third-party liability are motor vehicle accidents, workplace injury or illness, and any other situation involving injury or illness, including wrongful death, in which the Member or the Member's heirs, beneficiaries or relatives have a basis to bring a lawsuit or to make a claim for compensation against any person or for which the Member or the Member's heirs, beneficiaries or relatives may receive a settlement. Once it has been established that the third party is responsible to pay and is capable of paying for the expenses for the Services caused by that third party, the Plan will not provide benefits for the Services arising from the condition caused by that third party. Such benefits are specifically excluded from coverage under this Plan.

If the Plan makes claim payments on any Member's behalf for any condition for which a third party is responsible, the Plan is entitled to be repaid promptly for those payments, directly out of any recovery from the third party, including any settlement, award, verdict, payment or other monetary recovery.

"Subrogation" means that the Plan may collect directly from the third party to the extent the Plan has paid for third-party liabilities. Because the Plan has paid for the Member's injuries, the Plan, rather than the Member, is entitled to recover those expenses. Prior to accepting any settlement of the Member's claim against a third party, the Member must notify the Plan in writing of any terms or conditions offered in settlement and must notify the third party of the Plan's interest in the settlement established by this provision.

To the maximum extent permitted by law, the Plan is subrogated to the Member's rights against any third party who is responsible for the condition, have the right to sue any such third party in the Member's name, and has a security interest in and lien upon any recovery to the extent of the amount of benefits paid by the Plan and for the Plan's expenses in obtaining a recovery. If the Member should either decline to pursue a claim against a third party that the Plan believes is warranted or refuse to cooperate with the Plan in any third party claim that the Member does pursue, the Plan has the right to pursue such claim directly, including commencing a legal action against such third party or intervening in any action that the Member may have commenced.

To accomplish this process, the Plan needs detailed information from you or from the Member. A questionnaire will be sent to the Member for this information. It should be completed and returned to Providence Health Plan as soon as possible to minimize any claim review delay. If you or the Member has any questions or concerns regarding the questionnaire, please contact Providence Health Plan office. A Providence Health Plan employee who specializes in third-party liability/subrogation can discuss these procedures and what you or the Member needs to do.

6.3.2 Proceeds of Settlement or Recovery

Subject to paragraph 6.3.4 below, if for any reason the Plan is not paid directly by the third party, the Plan is entitled to reimbursement from the Member or the Member's heirs, legal representatives, beneficiaries or relatives, and the Plan may request refunds from the medical providers who treated the Member, in which case those providers will bill the Member for their Services. To the fullest extent permitted by law, the Plan is entitled to the proceeds of any settlement, award, verdict, or other payment that results in a monetary recovery from a third party, whether or not responsibility is accepted or denied by the third party for the condition, whether or not such monetary recovery is described by any person as something other than a recovery of medical expenses incurred by the Plan, and whether or not the Member is alleged to have any fault, under principles of comparative negligence or otherwise. With respect to any workers' compensation recovery, the Plan is entitled to the proceeds whether or not the loss is deemed to be compensable under the workers' compensation laws. The Plan is entitled to recover up to the full value of the benefits provided by the Plan for the condition, calculated using the Plan's UCR charges for such Services, less the Plan's pro-rata share of the Member's out-of-pocket expenses and attorney fees incurred in making the recovery. The Plan is entitled to such recovery regardless of whether the Member has been fully compensated or "made whole" for the loss caused by the third party, and regardless of whether the Member has been partially compensated for such loss. The Plan is entitled to first priority in repayment, over the Member and over any other person, for such charges.

By accepting benefits under this Plan, the Member acknowledges the Plan's first priority to this repayment and assigns to us any benefits the Member may have from other sources. The Member must cooperate fully with the Plan and Providence Health Plan in recovering amounts paid by the Plan. If any Member seeks damages against the third party for the condition and retains an attorney or other agent for representation in the matter, that Member agrees to require the Member's attorney or agent to reimburse the Plan directly from the settlement or recovery in the amount provided by this section.

The Member must complete the Plan's trust agreement, by which the Member and any Member's attorney (or other agent) must confirm the obligation to reimburse the Plan directly from any settlement or recovery. The Plan may withhold benefits for the Member's condition until a signed copy of this agreement is delivered to the Plan. The agreement must remain in effect and the Plan may withhold payment of benefits if, at any time, the Member's confirmation of the obligations under this section should be revoked. While this document is not necessary for the Plan to exercise the Plan's rights under this section, it serves as a reminder to the Member and directly obligates any Member's attorney to act in accord with the Plan's rights.

6.3.3 Suspension of Benefits and Reimbursement

Subject to paragraph 6.3.4 below, after the Member has received proceeds of a settlement or recovery from the third party, the Member is responsible for payment of all medical expenses for the continuing treatment of the illness or injury that the Plan would otherwise be required to pay under this Plan until all proceeds from the settlement or recovery have been exhausted. If the Member has failed to reimburse the Plan as required by this section, the Plan is entitled to offset future benefits otherwise payable under this Plan, or under any future contract or plan with Clackamas County, to the extent of the value of the benefits advanced under this section.

If the Member continues to receive medical treatment for the condition after obtaining a settlement or recovery from one or more third parties, the Plan is not required to provide coverage for continuing treatment until the Member proves to the Plan's satisfaction that the total cost of the treatment is more than the amount received in settlement or recovered from the third party, after deducting the cost of obtaining the settlement or recovery. The Plan will only cover the amount by which the total cost of benefits that would otherwise be covered under this Plan, calculated using the Plan's UCR charges for such Services, exceeds the amount received in settlement or recovery from the third party. The Plan is entitled to suspend such benefits even if the total amount of such settlement or recovery does not fully compensate the Member for other damages, particularly including lost wages or pain and suffering.

Any settlement arising out of an injury or illness covered by this Plan will be deemed first to compensate you for your medical expenses, regardless of any allocation of proceeds in any settlement document that the Plan has not approved in advance. In no event shall the amount reimbursed to the Plan be less than the maximum permitted by law.

6.3.4 Special Rules for Motor Vehicle Accident Cases

If the third party recovery is payable to you or any enrolled Family Member as the result of a motor vehicle accident or by a motor vehicle liability or underinsured insurer, the rules in paragraphs 6.3.2 and 6.3.3 above are modified as provided below.

Before the Plan will be entitled to recover from under a settlement or recovery, you or your enrolled Family Member must first have received full compensation for your injuries. The Plan's entitlement to recover will be payable only from the total amount of the recovery in excess of the amount that fully compensates for the injured person's injuries.

The Plan will not deny or refuse to provide benefits otherwise available to you or your enrolled Family Member because of the possibility that a third party recovery may potentially be available against the person who caused the accident or out of motor vehicle liability or underinsurance coverage.

7.2 MEMBER GRIEVANCE AND APPEAL

Definitions:

Adverse Benefit Determination

An Adverse Benefit Determination means a:

- Denial of eligibility for or termination of enrollment in this Plan;
- Rescission or cancellation of coverage under this Plan;
- Source-of injury exclusion, network exclusion, Annual benefit limit or other limitation on otherwise Covered Services;
- Determination that a health care item or service is Experimental/Investigational or not Medically Necessary; or
- Determination that a course or plan of treatment that a Member is undergoing is an active course of treatment for purposes of continuity of care.

Appeal

A type of Grievance that is a written request from a Member or an Authorized Representative of the Member requesting further consideration of an Adverse Benefit Determination.

Authorized Representative

An individual who by law or by the authorization of a Member may act on behalf of the Member.

Concurrent Care

An approved ongoing course of treatment to be provided over a period of time or for a specified number of treatments.

Grievance

A communication from a Member or an Authorized Representative of a Member expressing dissatisfaction with an Adverse Benefit Determination, without specifically declining any right to Appeal or review, that is:

- In writing, for an internal Appeal or an external review; or in writing or orally, for an expedited response or an expedited external review; or
- A written complaint submitted by a Member or an Authorized Representative of a Member regarding the:
 - Availability, delivery or quality of a health care service;

- Claims payment, handling or reimbursement for health care services and, unless the Member has not submitted a request for an internal Appeal, the complaint is not disputing an Adverse Benefit Determination; or
- Matters pertaining to the contractual relationship between a Member and Providence Health Plan.

7.2.1 Your Grievance and Appeal Rights

If you disagree with Providence Health Plan's decision about your medical bills or health care services, you have the right to an internal review. You may request review if you have received an Adverse Benefit Determination. You may also file a quality of care or general complaint or grievance with Providence Health Plan. You may appoint an Authorized Representative to act on your behalf during your Grievance or Appeal. Please include as much information as possible including the date of the incident, the names of individuals involved, and the specific circumstances. In filing a Grievance or Appeal:

- You can submit written comments, documents, records and other information relating to your Grievance or Appeal and Providence Health Plan will consider that information in the review process.
- You can be represented by anyone of your choice at all levels of Appeal.

Request for Claim/Appeal File and Additional Information:

- You can, upon request and free of charge, have reasonable access to and copies of all documents, records, and other information relevant to our decision at any time before, during, or after the appeal process. This includes the specific internal rule, guidelines, protocol, or other similar criterion relied upon to make the Adverse Benefit Determination, as well as a copy of your claim or appeal file as applicable.
- You also have the right to request free of charge, at any time, the diagnostic and treatment codes and their meanings that are the subject of your claim or appeal.

Filing a Grievance or Appeal does not affect your right to receive benefits for Covered Services as otherwise provided under this Plan.

If you receive the services that were denied in the Adverse Benefit Determination, and if the Adverse Benefit Determination is upheld by internal or external review, you will be financially responsible for any benefits paid by the Plan for such services.

To the extent possible, Customer Service will resolve complaints filed by telephone at the point of service by. We will acknowledge all non-urgent pre-service and post-service Grievance and Appeals within seven days of receipt and resolve within 30 days or sooner depending on the clinical urgency. Urgent medical conditions and concurrent care have different resolution timelines as noted below.

Urgent Medical Conditions: If you believe your health would be seriously harmed by waiting for Providence Health Plan's decision on your Grievance or Appeal of a denied Prior Authorization or Concurrent Care request, you may request an expedited review by calling a Customer Service representative at 503-574-7500 or 800-878-4445 outside the Portland area. If your Appeal is urgent and qualifies for external review, you may request to have both your internal and external Appeal expedited at the same time. Providence Health Plan will let you know by phone and letter if your case qualifies for an expedited review. If it does, you will be notified of the decision within 72 hours of receiving your request.

Grievances and Appeals Involving Concurrent Care Decisions: If Providence Health Plan has approved an ongoing course of treatment for you and determines through medical management procedures to reduce or terminate that course of treatment, Providence Health Plan will provide advance notice to you of that decision. You may request reconsideration of the decision by submitting an oral or written request at least 24 hours before the course of treatment is scheduled to end. Providence Health Plan will then notify you of the reconsideration decision within 24 hours of receiving your request.

7.2.2 Internal Grievance or Appeal

You must file your internal Grievance or Appeal within 180 days of the date on the notice of the initial Adverse Benefit Determination, or that initial determination will become final. Please advise Providence Health Plan of any additional information that you want considered in the review process. If you are seeing an Out-of-Network Provider, you should contact the provider's office and arrange for the necessary records to be forwarded to Providence Health Plan for the review process. Your Grievance or Appeal will be reviewed by Providence Health Plan staff not involved in the initial determination. You may present your case in writing. Once a final determination is made you will be sent a written explanation of the decision.

7.2.3 External Review

If you are not satisfied with the internal Grievance or Appeal decision and your Appeal involves (a) Medically Necessary treatment, (b) Experimental/Investigational treatment, (c) an active course of treatment for purposes of continuity of care, (d) whether a course of treatment is delivered in an appropriate setting at an appropriate level of care or (e) an exception to the Plan's prescription drug formulary, you may request an external review by an IRO. Your request must be made in writing within 180 days of receipt of the internal Grievance or Appeal decision, or that internal decision will become final. If you agree, Providence Health Plan may waive the requirement that you exhaust the internal review process before beginning the External Review process. Providence Health Plan will notify the Oregon Insurance Division within two business days of receiving your request for external review, at which point an IRO will be assigned to the case by the Oregon Insurance Division and Providence Health Plan will forward complete documentation regarding the case to the IRO.

If you request an external review you must agree to authorize release of medical records needed by the IRO and submit any additional information to the IRO no later than five days after the appointment of the IRO, or 24 hours in cases of expedited review. The IRO is entirely independent of the Plan and Providence Health Plan and performs its review under a contract with the Oregon Insurance Division. The IRO will notify you and Providence Health Plan of its decision within three days for expedited reviews and within 30 days when not expedited. **The Plan and Providence Health Plan agree to be bound by and to comply with the IRO decision when the decision involves, (a) Medically Necessary treatment, (b) Experimental/Investigational treatment, (c) an active course of treatment for purposes of continuity of care, (d) whether a course of treatment is delivered in an appropriate setting at an appropriate level of care or (e) an exception to the Plan's prescription drug formulary.**

The Plan pays for all costs for the handling of external review cases and Providence Health Plan administers these provisions in accordance with the insurance laws and regulations of the State of Oregon. **If we do not comply with the IRO decision, you have the right to sue us under applicable Oregon law.**

8. ELIGIBILITY AND ENROLLMENT

This section outlines who is eligible for coverage, and how and when to enroll yourself and your Eligible Family Dependents. No benefits shall be available to anyone not enrolled under this Plan. You and your Employer must provide Providence Health Plan with evidence of eligibility as requested.

8.1 EMPLOYEE ELIGIBILITY AND ENROLLMENT

8.1.1 Employee Eligibility Date

An employee is eligible for coverage as specified in the Eligible Employee definition.

8.1.2 Employee Effective Date

Coverage begins for an Eligible Employee as specified in the Effective Date of Coverage definition.

8.1.3 Employee Enrollment

The Eligible Employee must enroll on forms (paper or electronic) provided and/or accepted by Clackamas County. To obtain coverage, an Eligible Employee must enroll within 30 days to enroll after becoming eligible. An enrolled Eligible Employee is referred to as the Subscriber.

If you decline coverage or fail to enroll when you first become eligible, the next earliest time you may enroll is the next occurring Open Enrollment Period.

In certain situations, you and/or your Eligible Family Dependents may qualify to enroll during a special enrollment period. See section 8.3 for additional information.

8.2 DEPENDENT ELIGIBILITY AND ENROLLMENT

8.2.1 Eligibility Date

Coverage begins for each Eligible Family Dependent on:

1. The Effective Date of Coverage for the Subscriber if the individual is an Eligible Family Dependent on that date;
2. For any Eligible Family Dependents acquired on the date of the Subscriber's marriage, on the first day of the calendar month following receipt of the enrollment request, within 60 days of the Subscriber's marriage;
3. The date of birth of the biological child of the Subscriber or Spouse;
4. The date a child is placed with the Subscriber or Spouse for the purpose of adoption by the Subscriber or Spouse;
5. The date the Subscriber or Spouse is required to provide health coverage to a child under a qualified medical child support court or administrative order; or
6. The date on which legal guardianship status begins.

8.2.2 Additional Requirements for Eligible Family Dependent Coverage

An Eligible Employee may cover Eligible Family Dependents ONLY if the Eligible Employee is also covered, and Clackamas County receives the completed enrollment form requesting Dependent coverage.

8.2.3 Eligible Family Dependent Enrollment

You must enroll Eligible Family Dependents on forms provided and/or accepted by Clackamas County. No Eligible Family Dependent will become a Member until Clackamas County approves that Eligible Family Dependent for coverage. To obtain coverage, the Eligible Family Dependent must enroll within 30 after becoming eligible as indicated in section 8.2.1 (see section 8.2.4 regarding newborn and adopted children). The next earliest time your Eligible Family Dependent may enroll is the next occurring Open Enrollment Period. In addition, an Eligible Employee and/or Eligible Family Dependent may qualify to enroll during a special enrollment period as described in section 8.3.

8.2.4 Newborn Eligibility and Enrollment

A newborn or adopted child of a Member who meets the definition of an Eligible Family Dependent is eligible for coverage from the date of birth or placement for the purpose of adoption as long as enrollment occurs within 60 days from birth or placement and additional Premium, if any, is paid to Clackamas County. If the enrollment and payment of additional Premium, if any, are not accomplished within this time period, no Services will be covered for the child. Enrollment after this time period may be accomplished as outlined in sections 8.2.3 and 8.3.

8.2.5 Open Enrollment Period

Clackamas County will provide an Open Enrollment Period each Plan Year. The Effective Date of Coverage for new Members who enroll during the Open Enrollment Period is the first day of the Plan Year for which they enroll.

8.2.6 Changes in Eligibility

When an eligibility change occurs, you need to make sure Clackamas County is notified of the change. Address changes can be made over the phone by calling Customer Service or by contacting Clackamas County Benefits & Wellness.

For the following changes, you, as the Subscriber, must obtain an enrollment form from Clackamas County's benefit office. You need to submit this form to your Employer for you and all your Eligible Family Dependents when:

- You marry and wish to enroll your new Spouse;
- A Dependent's limiting age occurs; or
- You or one of your Dependents has a legal name change.

If you have questions regarding eligibility changes, please contact Clackamas County Benefits & Wellness.

8.2.7 Members No Longer Eligible for Coverage

If you divorce or are legally separated, your Spouse is no longer eligible for coverage as a Dependent. You must disenroll your Spouse as a Dependent from your Plan at the time the divorce or legal separation is final. Your Spouse's children will be able to continue coverage under the Plan so long as the children continue to qualify as your Eligible Family Dependents.

You must inform Clackamas County of these changes by completing a new enrollment form. Check with Clackamas County's benefits office or contact Customer Service to determine the effective date of any enrollment or disenrollment.

Those who no longer qualify as your Eligible Family Dependents may be eligible to continue coverage as described under section 10. Ask Clackamas County or call Customer Service for continuation coverage eligibility information.

8.3 SPECIAL ENROLLMENT PERIODS

If you declined enrollment for yourself as a Subscriber or for an Eligible Family Dependent (including your Spouse) during a previous enrollment period (as stated in sections 8.1 and 8.2), you may be eligible to enroll yourself or the Eligible Family Dependent during a "special enrollment period" provided that you request enrollment within 60 days of the qualifying event and meet the applicable requirements stated in this section.

In instances where an Eligible Family Dependent of a Subscriber qualifies for a "special enrollment period," the Subscriber and the Eligible Family Dependent may:

- Enroll in the coverage currently elected by the Subscriber; or
- Enroll in any benefit option offered by the Employer for which the Subscriber and Eligible Family Dependent is eligible.

8.3.1 Loss of Other Coverage

If you declined enrollment for yourself as a Subscriber or for an Eligible Family Dependent (including your Spouse) because of other health coverage and you lose that other coverage, the Plan will provide a "special enrollment period" for you and/or your Eligible Family Dependent if:

- a) The person was covered under a group health plan or had other health coverage (includes benefits consisting of medical care under any hospital or medical services policy or certificate, or HMO) at the time coverage under this policy was first offered to the person; and
- b) The person stated in writing that coverage under such group health plan or health coverage was the reason for declining enrollment; but only if the Plan required such a statement and provided the person with notice of such requirement (and the consequences of such requirement) at such time; and
- c) Such coverage:
 - was under a COBRA Continuation provision and the coverage under such a provision was exhausted, except when the person failed to pay timely premium, or if coverage terminated for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact); or
 - was not under a COBRA Continuation provision and the coverage was terminated as a result of:
 1. The individual's loss of eligibility for the coverage; including as a result of legal separation, divorce, death, termination of employment, or a reduction in the number of hours of employment; except when the person failed to pay timely premium or if coverage terminated for cause (such as making a fraudulent claim or an intentional misrepresentation of material fact); or

2. The individual's loss of eligibility for coverage under the Children's Health Insurance Program (CHIP), Medicaid, Medicare, TRICARE, Indian Health Service or domestic or foreign publicly sponsored or subsidized health plan; including but not limited to the Oregon Health Plan (OHP); and the individual applies for coverage under this Plan within 63 days of the termination of such coverage; or
3. The termination of contributions toward such coverage by the current or former Employer; or
4. The individual incurring a claim that exceeds the lifetime limit on benefits; and the individual applies for coverage under this Plan within 60 days after the claim is denied.

Effective Date: Coverage under this Plan will take effect on the first day after the other coverage ended.

8.3.2 New Dependents

If you were eligible to enroll as a Subscriber under this Plan, but did not enroll during a previous enrollment period, and a person becomes your Eligible Family Dependent through marriage, birth, adoption or placement for adoption; the Plan will provide a "special enrollment period" during which you and your Eligible Family Dependent(s) may enroll under this Plan.

The "special enrollment period" shall be a period of 60 days and begins on the later of:

- the date Dependent coverage is made available under this Plan; or
- the date of the marriage, birth, or adoption or placement for adoption.

Effective Date:

- in the case of marriage, on the first day of the calendar month following Clackamas County's receipt of the enrollment request, or on an earlier date as agreed to by Clackamas County; or
- in the case of a Dependent's birth, on the date of such birth; or
- in the case of a Dependent's adoption or placement for adoption, the date of such adoption or placement for adoption; or
- in the case of legal guardianship of a Dependent, the date such legal guardianship status begins.

8.3.3 Court Orders

If you were eligible to enroll as a Subscriber under this Plan, but did not enroll during a previous enrollment period, and a court orders you to provide coverage for a Spouse or minor child under your Health Benefit Plan, the Plan will provide a "special enrollment period" for you and the Spouse or minor child you are ordered to provide coverage for if you request enrollment within 60 days after the issuance of the court order.

Effective Date: The date specified in the court order.

8.3.4 Premium Assistance

If you or your Eligible Family Dependent were eligible to enroll under this Plan but did not enroll during a previous enrollment period, and you or your Eligible Family Dependent

becomes entitled to group health plan premium assistance under a Medicaid-sponsored or Children's Health Insurance Program (CHIP)-sponsored arrangement, the Plan will provide a "special enrollment period" for you and your Family Member(s) if you request enrollment within 60 days after the date of entitlement.

8.4 LEAVE OF ABSENCE AND LAYOFFS

A Subscriber on leave of absence or layoff status may continue to be covered under this Plan as though actively at work for a period of time, if any, as stated in the Eligible Employee definition. An Employee who returns to work as an Eligible Employee after coverage has lapsed must re-enroll for coverage as specified in section 8.1.3

For the Subscriber, a leave of absence granted under the federal Family and Medical Leave Act (FMLA), the Uniformed Services Employment and Reemployment Rights Act (USERRA), is administered in accordance with those Acts and this Summary Plan Description.

9. TERMINATION OF MEMBER COVERAGE

9.1 TERMINATION DATES

Termination of Member coverage under this Plan will occur on the earliest of the following dates:

1. The date this Plan terminates;
2. The last day of the coverage period in which a Subscriber terminates employment with Clackamas County;
3. The last day of the coverage period in which a Subscriber no longer qualifies as a Subscriber, as stated in the Summary Plan Description;
4. The date a Member enters full-time military, naval or air service, except as provided under federal USERRA requirements;
5. The last day of the coverage period in which a Subscriber retires;
6. The last day of the month in which the Subscriber makes a written request for termination of coverage to be effective for the Subscriber or Member;
7. For a Family Member, the date the Subscriber's coverage terminates;
8. For a Family Member, the last day of the month in which the individual no longer qualifies as an Eligible Family Dependent;
9. For any benefit, the date the benefit is deleted from this Plan;
10. For a Member, the date of disenrollment from this Plan as described in section 9.4;
11. For a Member, the date any fraudulent information is provided; or
12. For a Member, the date we discover any breach of contractual duties, conditions or warranties, as determined by us.
13. For a Subscriber that is a Non-Medicare Eligible Early Retiree, the last day of the month in which the Retiree becomes eligible for Medicare.

You and the Employer are responsible for advising Clackamas County of any changes in eligibility including the lack of eligibility of a Family Member. Coverage will not continue beyond the last date of eligibility, regardless of the lack of notice to Clackamas County.

See section 7, Problem Resolution, for your Grievance and Appeal rights.

9.2 TERMINATION AND RESCISSION OF COVERAGE DUE TO FRAUD OR ABUSE

Coverage under this Plan, either for you or for your covered Dependent(s), may be rescinded (meaning your coverage is retroactively canceled) or terminated in case of a fraud or intentional misrepresentation of material fact by you or by your covered Dependent in obtaining, or attempting to obtain, benefits under this Plan.

If coverage is rescinded, the Plan will retain any money you paid for coverage as liquidated damages and will have the right to recover from you or from your covered Dependents the benefits paid as a result of such wrongful activity. Providence Health Plan will provide all affected Plan participants with 30 days' notice before rescinding your coverage.

9.3 NON-LIABILITY AFTER TERMINATION

Upon termination of this Plan, Clackamas County shall have no further liability beyond the effective date of the termination unless the Member continues, without lapse of membership, under another Clackamas County plan.

9.4 DISENROLLMENT FROM THIS PLAN

“Disenrollment” means that your coverage under this Plan is terminated because you have engaged in fraudulent, dishonest or threatening behavior, such as:

1. You have filed a false claim with the Plan;
2. You willfully fail to provide information or documentation required to be provided under this Plan or knowingly provide incorrect or incomplete information;
3. You have committed an act of physical or verbal abuse that poses a threat to providers, to other Members, or to Clackamas County or Providence Health Plan employees; or
4. You have allowed a non-Member to use your Member ID Card to obtain Services.

9.5 NOTICE OF CREDITABLE COVERAGE

Providence Health Plan will provide upon request written certification of the Member’s period of Creditable Coverage when:

- A Member ceases to be covered under this Plan;
- A Member on COBRA coverage ceases that coverage; and
- A Member requests a Notice of Creditable Coverage within 24 months of the termination of coverage.

9.6 CLACKAMAS COUNTY’S RIGHT TO TERMINATE OR AMEND PLAN

Clackamas County reserves the right at any time to terminate or amend in whole or part any of the provisions of the Plan or any of the benefits provided under the Plan. Any such termination or amendment may take effect retroactively or otherwise. In the event of a termination or reduction of benefits under the Plan, the Plan will be liable only for benefit payments due and owing as of the effective date of such termination or reduction and no payments scheduled to be made on or after such effective date will result in any liability to the Plan or Clackamas County.

10. CONTINUATION OF GROUP MEDICAL BENEFITS

If you become ineligible for coverage under this Plan you may, under certain circumstances, continue group coverage. There are specific requirements, time frames and conditions that must be followed in order to be eligible for continuation of group coverage and which are generally outlined below. Please contact Clackamas County as soon as possible for details if you think you may qualify for group COBRA or state continuation coverage.

10.1 COBRA CONTINUATION COVERAGE

The Consolidated Omnibus Budget Reconciliation Act (COBRA) is a federal law that applies to most Employers with 20 or more employees. Some Employers, such as church groups and state agencies, may be exempt from COBRA. The law requires that Employers subject to COBRA offer Employees and/or their Dependents continuation of medical and dental coverage in certain instances where there is a loss of group coverage.

10.1.1 Subscriber's Continuation Coverage

A Subscriber who is covered under this Plan may elect continuation coverage under COBRA if coverage is lost due to termination of employment (other than for gross misconduct) or a reduction in work hours.

10.1.2 Spouse's or Domestic Partner's Continuation Coverage

A Spouse or Domestic Partner who is covered under this Plan has the right to elect continuation coverage under COBRA if coverage is lost for any of the following qualifying events:

- The death of the Subscriber;
- The termination of the Subscriber's employment (for reasons other than gross misconduct) or reduction in hours;
- The divorce or legal separation of the Subscriber and the Spouse;
- Termination of the domestic partnership; or
- The Subscriber becomes covered under Medicare.

10.1.3 Dependent's Continuation Coverage

A Dependent child who is covered under this Plan has the right to continuation under COBRA if coverage is lost for any of the following qualifying events:

- The death of the Subscriber;
- The termination of the Subscriber's employment (other than for gross misconduct) or reduction in a Subscriber's hours;
- The Subscriber's divorce or legal separation;
- Termination of the domestic partnership;
- The Subscriber becomes covered under Medicare; or
- The child ceases to qualify as an Eligible Family Member under this Plan.

A newborn child or a child placed for adoption who is properly enrolled under the terms of this Plan during the COBRA continuation period will be a qualified beneficiary.

10.1.4 Notice Requirements

A Family Member's coverage ends on the last day of the month in which a divorce, legal separation or termination of domestic partnership occurs or a child loses Dependent status under this Plan. **Under COBRA, you or your Family Member has the responsibility to notify Clackamas County if one of these events occurs.** Written notice must be given no later than 60 days after the loss of coverage has occurred, or the qualifying event, whichever is later. Oral notice is not binding until confirmed in writing. If notice is not timely given, continuation coverage will not be available.

When Clackamas County receives notification of one of the above "qualifying" events, you will be notified that you or your Family Member, as applicable, have 60 days from the date coverage is lost or the date you receive the notice, whichever is later, to elect continuation coverage. If this election is not made within this 60-day period, your right to elect continuation coverage under this Plan will be lost.

10.1.5 Type of COBRA Continuation Coverage

A qualified beneficiary will be provided the same coverage that was in effect immediately prior to the qualifying event.

10.1.6 COBRA Election Rights

A Subscriber or their Spouse or Domestic Partner may elect continuation coverage for all covered Family Members. In addition, each Family Member has an independent right to elect COBRA. Thus, a Family Member may elect continuation coverage even if the Subscriber does not.

10.1.7 COBRA Premiums

If you are eligible for COBRA continuation coverage, you do not have to show that you are insurable (that you do not have any serious health conditions). However, you must pay the full premium for your continuation coverage, including the portion of the premium Clackamas County was previously paying. After you elect COBRA, you will have 45 days from the date of election to pay the first premium. You must pay the premium back to the point you would otherwise have lost coverage under this Plan. After that, you must pay the premium for each month as of the first of the month, and in all events within 30 days. If you fail to pay your monthly premium, you will be notified that your coverage is being terminated.

10.1.8 Length of COBRA Continuation Coverage

18-Month Continuation Period

When coverage ends due to a Subscriber's termination of employment (other than for gross misconduct) or a reduction in hours, the continuation period for the Subscriber and all covered Family Members will be 18 months from the date of the qualifying event, or the date coverage is lost, whichever is later.

29-Month Continuation Period

If a qualified beneficiary is disabled, continuation coverage for that qualified beneficiary and their covered Family Members may continue for up to 29 months from the date of the original qualifying event, or loss of coverage, whichever is later. The 29-month period applies only if the following conditions are met:

- The Social Security Administration (SSA) determines that the qualified beneficiary is disabled at any time prior to the qualifying event or during the first 60 days of COBRA continuation coverage; and
- The qualified beneficiary provides Clackamas County with a copy of the SSA determination within the initial 18-month continuation period and not later than 60 days after the SSA determination was issued.

The premium for COBRA continuation coverage may increase after the 18th month to 150% of the otherwise applicable amount.

If the SSA makes a final determination of non-disability, the qualified beneficiary must notify the COBRA Administrator within 30 days.

36-Month Continuation Period

If a Spouse, Domestic Partner or Dependent child loses coverage because of any of the following reasons, COBRA provides for up to 36 months of continuation of coverage:

- The Subscriber's death;
- The Subscriber's eligibility for Medicare;
- Divorce or legal separation;
- Termination of the domestic partnership; or
- A child becomes ineligible for Dependent coverage.

10.1.9 Extension of Continuation Period

If a second qualifying event occurs during the initial 18- or 29-month continuation period (for example, the death of the employee, divorce, or child loses status as an Eligible Family Member under the Plan), coverage for a qualified beneficiary may be extended up to 36 months. However, in no case will the continuation coverage exceed 36 months from the date of the original qualifying event.

If a Spouse or Dependent child has continuation coverage due to the employee's termination or reduction in hours and if the qualifying event occurred within 18 months after the employee became entitled to Medicare, the coverage period is extended to 36 months from the employee's Medicare entitlement date.

10.1.10 Trade Act of 2002

The Trade Act of 2002 created a new tax credit for certain individuals who become eligible for trade adjustment assistance (TAA). TAA allows workers displaced by the impact of foreign trade, and individuals age 55 or older who are receiving pension benefits paid by the Pension Benefit Guaranty Corporation (PBGC), to elect COBRA coverage during the 60-day period that begins on the first day of the month in which the individual first becomes eligible for TAA benefits. Eligible individuals can either take a tax credit or get advance payment of sixty-five percent of premiums paid for qualified health insurance, including continuation coverage. If you have questions about these tax provisions, you may call the Health Care Tax Credit Customer Contact Center toll-free at 866-628-4282. TTD/TTY caller may call toll-free at 866-626-4282. More information about the Trade Act is also available at <http://www.doleta.gov/tradeact/>.

10.1.11 When COBRA Continuation Coverage Ends

COBRA Continuation coverage will end automatically for you and your Family Members when any of the following events occurs:

- Clackamas County no longer provides health coverage to any employees;
- The premium for the continuation coverage is not paid on time;
- The qualified beneficiary (employee, spouse or dependent child) later becomes covered under another health plan;
- The qualified beneficiary (employee, spouse, or dependent child) later becomes entitled to Medicare;
- The earliest date that the qualified beneficiary no longer qualifies for such coverage in accordance with the federal COBRA regulations; or
- The applicable maximum period of continuation coverage occurs.

As more fully described in section 7, the Plan offers a Grievance process that attempts to resolve the concerns Members may have about claims decisions. No civil action may be brought to recover benefits from this Plan until receipt of a final decision under the Member Grievance and Appeal process specified in section 7.2 of this Summary Plan Description. If the Member elects to seek external review under section 7.2.4, both the Plan and the Member will be bound by the Independent Review Organization (IRO) decision. If arbitration is mutually agreed upon the arbitrator's decision shall be final and legally binding and judgment may be entered thereon. Irrespective of whether the Grievance is appealed to a court or an arbitrator, neither party shall under any circumstance be liable to the other for any special, incidental, or consequential damages, or for any tort liability (including any punitive or exemplary damages), in any way related to this Plan.

12. QUALIFIED MEDICAL CHILD SUPPORT ORDERS (QMCSO)

A child of an Eligible Employee will be enrolled in the Plan as required by a qualified medical child support order. The procedures and rules regarding this enrollment are described in this section.

12.1 DEFINITIONS

For purposes of this section, the following definitions shall apply:

“Alternate Recipient” means any child of an employee who is recognized under an Order as having a right to enrollment under the Plan with respect to such employee.

An “Order” means any judgment, decree, or order (including approval of a settlement agreement) issued by a court of competent jurisdiction (or through an administrative process established under a state law which has the effect of a court order) which:

- Provides for child support with respect to a child of an employee under the Plan or provides for health benefit coverage to such a child, is made pursuant to a state domestic relations law (including a community property law), and relates to benefits under the Plan; or
- Enforces a state law relating to medical child support with respect to the Plan.

A “Qualified Medical Child Support Order” or “QMCSO” means an Order:

- Which creates or recognizes the existence of an Alternate Recipient’s right to receive, or assigns to an Alternate Recipient the right to receive, benefits for which an employee or beneficiary is eligible under the Plan; and
- With respect to which Clackamas County has determined satisfies the QMSCO standards set forth below.

“Procedures” means the Qualified Medical Child Support Order procedures as prescribed in this section.

“Designated Representative” means a representative designated by an Alternate Recipient to receive copies of notices that are sent to the Alternate Recipient with respect to an Order.

12.2 NOTICE UPON RECEIPT OF ORDER

Upon the receipt of any Order, Clackamas County will promptly notify the employee and each Alternate Recipient identified in such Order of the receipt of such Order, and will further furnish them each with a copy of these Procedures. If the Order or any accompanying correspondence identifies a Designated Representative, then copies of the acknowledgment of receipt notice and these Procedures will also then be provided to such Designated Representative.

12.3 NOTICE OF DETERMINATION

Within a reasonable period after its receipt of the Order, Clackamas County will determine whether the Order satisfies the QMCSO standards described below so as to constitute a QMCSO, and shall thereupon notify the employee, each Alternate Recipient, and any Designated Representative of such determination.

An Order will not be deemed to be a QMCSO unless the Order:

(a) Clearly specifies:

1. The name and last known mailing address (if any) of the employee and of each Alternate Recipient covered by the Order (or the name and mailing address of a State or agency official acting on behalf of the Alternate Recipient);
2. Either a reasonable description of the type of coverage to be provided under the Plan to each Alternate Recipient, or the manner in which such type of coverage is to be determined; and
3. The period to which the Order applies.

(b) Does not require the Plan to provide any type or form of benefit, or any option, not otherwise provided under the Plan, except to the extent that the Order pertains to the enforcement of a state law relating to a medical child support.

If an Order contains inconsistencies or ambiguities that might pose a risk of future controversy or liability to the Plan, the Order will not be considered to be a QMCSO.

12.4 ENROLLMENT OF ALTERNATE RECIPIENT

An Alternate Recipient with respect to an Order determined to be a QMCSO who properly submits the applicable enrollment forms to Clackamas County will become covered under the Plan to which such Order applies as soon as practicable after the applicable enrollment forms are received. An Alternate Recipient will be eligible to become covered under the Plan as of a particular date without regard to any open enrollment period restrictions otherwise applicable under the Plan.

12.5 COST OF COVERAGE

An Alternate Recipient will be treated as having been voluntary enrolled in the Plan by the employee as a dependent of such employee, including in regard to the payment by the employee for dependent coverage under the Plan. The amount of any required contributions to be made by the Employee for coverage under the Plan will be determined on the basis of the Alternate Recipient being treated as the employee's covered dependent. Any additional required contribution attributable to the coverage of the Alternate Recipient will not be separately charged. Rather, the full amount of the required contribution shall be paid by the employee in accordance with the payroll deduction or other procedures of the Plan as pertaining to the employee.

12.6 REIMBURSEMENT OF PLAN EXPENSES

Unless the terms of the Order provide otherwise, any payments to be from the Plan as reimbursement for group health expenses paid either by the Alternate Recipient, or by the custodial parent or legal guardian of the Alternate Recipient, will not be paid to the employee. Rather, such reimbursement will be paid either to the Alternate Recipient, or to the custodial parent or legal guardian of such Alternate Recipient. However, if the name and address of a State or agency official has been substituted in the Order for that of the Alternate Recipient, then the reimbursement will be paid to such named official.

12.7 STATUS OF ALTERNATE RECIPIENT

An Alternate Recipient under a QMCSO generally will be considered a beneficiary of the Employee under the Plan to which the Order pertains.

12.8 TREATMENT OF NATIONAL MEDICAL SUPPORT NOTICE

If Clackamas County receives an appropriately completed National Medical Support Notice (a “National Notice”) issued pursuant to the Child Support Performance and Incentive Act of 1998 in regard to an employee who is a non-custodial parent of a child, and if the National Notice is determined by Clackamas County to satisfy the QMCSO standards prescribed above, then the National Notice shall be deemed to be a QMCSO respect to such child.

Clackamas County, upon determining that the National Notice is a QMCSO, shall within forty (40) business days after the date of the National Notice notify the State agency issuing the National Notice of the following:

- (a) Whether coverage of the child at issue is available under the terms of the Plan, and if so, as to whether such child is covered under the Plan; and
- (b) Either the effective date of the coverage or, if necessary, any steps to be taken by the custodial parent (or by the State or agency official acting on behalf of the child) to effectuate the coverage under the Plan.

Clackamas County shall within such time period also provide to the custodial parent (or such substituted official) a description of the coverage available and any forms or documents necessary to effectuate such coverage.

Nothing in this section shall be construed as requiring the Plan, upon receipt of a National Notice, to provide benefits under the Plan (or eligibility for such benefits) in addition to benefits (or eligibility for benefits) provided under the terms of the Plan as in effect immediately before receipt of such National Notice.

13. GENERAL PROVISIONS

13.1 CONFLICTS OF PROVISIONS

In the event that one or more provisions of this document conflict with one or more provisions of any other plan document, the provisions of this document, as from time to time amended, shall control.

To the extent not preempted by federal laws, the laws of the State of Oregon shall apply and shall be the controlling state law in all matters relating to the Plan.

13.3 DUPLICATING PROVISIONS

If any charge is described as covered under two or more benefit provisions, the Plan will pay only under the provision allowing the greater benefit. This may require a recalculation based upon both the amounts already paid and the amounts due to be paid. The Plan has NO liability for benefits other than those this Plan provides.

13.4 FAILURE TO PROVIDE INFORMATION OR PROVIDING INCORRECT OR INCOMPLETE INFORMATION

Members warrant that all information contained in applications, questionnaires, forms, or statements submitted to Clackamas County and to Providence Health Plan to be true, correct, and complete. 13.7 LEGAL ACTION

No civil action may be brought under state or federal law to recover benefits from the Plan until receipt of a final decision under the Member Grievance and Appeal process specified in section 7.2 of the Summary Plan Description, unless the Member's benefits under the Plan are subject to the Employee Retirement Income Security Act (ERISA), in which case the Member is permitted either to bring a civil action under ERISA in federal court after receiving a decision from the First Level of Appeal or to bring such an action after receipt of a final grievance decision. An appeal from a final Grievance decision may lie with an Independent Review Organization (IRO). In the event a right to IRO review exists and the Member elects to seek such review, the IRO decision will be binding and final, as indicated in section 7.2.4. No civil action under ERISA or otherwise may be brought later than three years after the date of the last decision rendered under the Member Grievance and Appeal process specified in section 7.2. If ERISA does not apply (see section 11.2) the action must be brought in Oregon state court, either in the Member's county of residence or such other county as mutually agreed upon between Member and the Plan. In general, ERISA applies if this is an employer-sponsored plan, other than a government plan or church plan.

13.13 NO RECOURSE FOR ACTS OF PROVIDERS

The Hospitals, Skilled Nursing Facilities, physicians and other persons or organizations providing Services to you do so as independent contractors. Neither Clackamas County nor Providence Health Plan is liable for any claim or demand due to damages arising out of, or in any manner connected with, any injuries suffered by you while receiving such Services.

13.14 NON-WAIVER

No delay or failure when exercising or enforcing any right under this Plan shall constitute a waiver or relinquishment of that right, and no waiver or any default under this Plan shall constitute or operate as a waiver of any subsequent default. No waiver of any provision of this Plan shall be deemed to have been made unless and until such waiver has been reduced to writing and signed by the party waiving the provision.

13.16 NOTICE REQUIRED FOR REIMBURSEMENT AND PAYMENT OF CLAIM

Plan payments for most Services are made directly to the providers of Services. Except as otherwise specifically provided in this Plan, if you are billed directly by an Out-of-Network Provider and you pay for benefits which are covered by this Plan, reimbursement from the Plan will be made only upon your written notice to Providence Health Plan of the payment. Payment will be made to the Member, subject to written notice of claim, or, if deceased, to the Member's estate, unless payment to other parties is authorized in writing by you. See section 6.1.1 regarding timely submission of claims.

13.17 PAYMENT OF BENEFITS TO PERSONS UNDER LEGAL DISABILITY

Whenever any person entitled to payments under the Plan is determined to be a minor or under other legal disability or otherwise incapacitated in any way so as to be unable to manage such person's financial affairs, or otherwise incapable of giving a valid receipt and discharge for any payment, the following provision shall apply. Providence Health Plan, in their discretion, may direct that all or any portion of such payments be made (i) to such person, (ii) to such person's legal guardian or conservator, or (iii) to such person's spouse or to any other person, in any manner considered advisable, to be expended for the person's benefit. PHP's decision will, in each case, be final and binding upon all persons. Any payment made pursuant to the power herein conferred shall operate as a complete discharge of the obligations under the Plan in respect thereof by Clackamas County and Providence Health Plan.

Providence Health Plan may transfer this information between providers or other organizations who are treating you or performing a Service on our behalf. If you do not consent to the release of records or to discussions with providers, Providence Health Plan will be unable to determine the proper payment of any benefits and will deny the claims accordingly. Consent to the release of records and discussion with providers is a condition of payment of any benefits. Neither the consent to, nor the actual examination of the records or discussion with providers will constitute a guarantee of payment.

13.20 REQUIRED INFORMATION TO BE FURNISHED

Each Member must furnish to Providence Health Plan such information as they consider necessary or desirable for purposes of administering the Plan, and the provisions of the Plan respecting any payments hereunder are conditional upon the prompt submission by the Member of such true, full and complete information as may be requested.

13.21 RIGHT OF RECOVERY

Providence Health Plan, on behalf of the Plan, has the right, upon demand, to recover payments in excess of the maximum benefits specified in this Plan or payments obtained through fraud, error, or duplicate coverage. If reimbursement is not made to the Plan, Providence Health Plan is authorized by Clackamas County to deduct the overpayment from future benefit payments under this Plan.

13.22 SEVERABILITY

The Employer shall be responsible for all fiduciary functions under the Plan except insofar as any such authority or responsibility is assigned by or pursuant to the Plan to another named fiduciary, or is delegated to another fiduciary by the Employer. The Employer has the discretionary authority to determine eligibility for benefits under the Plan and to interpret the terms of the Plan, unless it has delegated that authority as permitted by the Plan. In the event of such delegation, Providence Health Plan's determinations on the meaning of Plan terms may not be overturned unless found by a court to have been arbitrary and capricious. None of such responsibilities nor any other responsibility is intended to be shared by two or more of them unless such sharing will be provided by a specific provision of the Plan. Whenever one named fiduciary is required by the Plan to follow the directions of another, the two will not be deemed to have been assigned a shared responsibility, but the responsibility of the one giving the direction will be deemed to be its sole responsibility, and the responsibility of the one receiving such direction will be to follow it insofar as such direction is on its face proper under the Plan and applicable law.

14.10.2 Manner of Action

Any amendment or termination of the Plan or any part of the Plan shall be made by an instrument in writing reflecting that such change has been authorized by the Employer. Any such amendment or termination shall be effective as of the date specified in said instrument, or, if no date is so specified, as of the date of execution or adoption of said instrument. An amendment may be effected by establishment, modification, or termination of the Plan by appropriate action of the Employer. Any such amendment or termination may take effect retroactively or otherwise. An instrument regarding the establishment, modification or termination of the Plan which is executed by the Chair of the Board of County Commissioners or their designee shall be conclusive evidence of the adoption and effectiveness of the instrument.

14.10.3 Effect on Benefits

Claims incurred before the effective date of a Plan change or termination will not be affected. Claims incurred after Plan changes will be covered according to the provisions in effect at the time the claim is incurred. Claims incurred after the Plan is terminated will not be covered. You will not be vested in any Plan benefits or have any further rights, subject to applicable law.

- (a) Implement administrative, physical, and technical safeguards that protect the confidentiality, integrity and availability of the electronic PHI that it creates, receives, maintains or transmits on behalf of the Plan;
- (b) Ensure that the separation of access to PHI that is specified in section 14.11.1(j) above is supported by appropriate security measures;

1.1 KEY FEATURES OF YOUR CLACKAMAS COUNTY PEACE OFFICERS ASSOCIATION OPEN OPTION GRANDFATHERED PLAN

- Some capitalized terms have special meanings. Please see section 15, Definitions.

- Coverage under this Plan is provided through:
 - Our Providence Signature Network of In-Network Providers;
 - Providence Health Plan’s national network of In-Network Providers; and
 - Out-of-Network Providers.
- With this Plan, Members will generally have lower out-of-pocket expenses when obtaining Covered Services from In-Network Providers. Members may, however, obtain most Covered Services from Out-of-Network Providers, but that option will result in higher out-of-pocket expenses. Please see section 3 and your Plan Benefit Summary for additional information.
- Some Services are covered only under your In-Network benefits:
 - Web-direct Visits, as specified in section 4.3.2;
 - E-mail Visit Services, as specified in section 4.3.3;
 - Temporomandibular Joint (TMJ) Services, as specified in section 4.12.7;

- All Members are encouraged to choose a Primary Care Provider who will provide preventive and primary care Services and coordinate other care in a convenient and cost-effective manner.
- A printable directory of In-Network Providers in our Service Area and our national In-Network Providers is available at ProvidenceHealthPlan.com/findaprovider. Members without Internet access or who would like a hard copy of our Provider Directory may contact Customer Service for assistance.
- **Certain Covered Services require an approved Prior Authorization, as specified in section 3.5.**

- Coverage under this Plan is available 24 hours a day, seven days a week and during periods of domestic or foreign travel.
- All Covered Services are subject to the provisions, limitations and exclusions that are specified in Plan documents. You should read the provisions, limitation and exclusions before seeking Covered Services because not all health care services are covered by this Plan.

- This Plan consists of this Summary Plan Description plus the Benefit Summary(ies), any Endorsements or amendments that accompany these documents, the agreement between Providence Health Plan and the Plan Sponsor (if any), and those policies maintained by Providence Health Plan which clarify any of these documents. In the event of any conflict between these documents, they are to be interpreted in the following order of priority: (1) Endorsements and amendments, (2) Providence Health Plan/ Plan Sponsor agreement, (3) Summary Plan Description, (4) Benefit Summary(ies), and (5) applicable Providence Health Plan's policies.

1.2 GRANDFATHERED PLAN NOTICE

This Employer Group believes this Plan is a “grandfathered health plan” under the Patient Protection and Affordable Care Act (PPACA). As permitted by PPACA, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that this Plan may not include certain consumer protections of PPACA that apply to other Plans, for example, the requirement for the coverage of certain preventive health care services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in PPACA, for example, the elimination of the lifetime maximum benefit.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the employer or human resources department.

Non-ERISA Plans: You may also contact the U.S. Department of Health and Human Services at www.healthreform.gov.

2. WELCOME TO PROVIDENCE HEALTH PLAN

Thank you for choosing Providence Health Plan. We look forward to meeting your health care needs. Our goal is to help improve the health status of individuals in the communities in which we serve. This booklet contains important information about the health plan coverage offered to Clackamas County Peace Officer Association Employees and their Dependents.

2.1 CLACKAMAS COUNTY PEACE OFFICERS ASSOCIATION OPEN OPTION GRANDFATHERED PLAN

Your Plan allows you to receive Covered Services from In-Network Providers through what is called your In-Plan benefit. You also have the option to receive most Covered Services from Out-of-Network Providers through what is called your Out-of-Plan benefit. Generally, your out-of-pocket costs will be less when you receive Covered Services from In-Network Providers. Also, In-Network Providers will work with us to Prior Authorize treatment. If you receive Covered Services from Out-of-Network Providers, it is your responsibility to make sure the Services listed in section 3.5 are Prior Authorized by Providence Health Plan before treatment is received.

It is your responsibility to verify whether or not a physician/provider, Hospital or other facility is an In-Network Provider and whether or not the health care is a Covered Service even if you have been directed or referred for care by an In-Network Provider.

If you are unsure about a physician/provider's, Hospital's or other facility's participation with Providence Health Plan, visit our Provider Directory, available online at ProvidenceHealthPlan.com/findaprovider, before you make an appointment. You can also call Customer Service to get information about a provider's participation with Providence Health Plan and your benefits.

Whenever you visit a Provider:

- Bring your Providence Health Plan Member ID Card with you.
- Be prepared to make a Copayment at the time of visit if the office visit is subject to a Copayment.
- If your office visit is subject to a Coinsurance (a percentage of the amount billed for Services), you will most likely not be able to pay for what you owe at the time of your visit. Your provider's office will send you a bill for what you owe later. Some providers, however, may ask you to pay an estimate of what you may owe at the time you receive services, and bill or credit you for the balance later.

2.2 SUMMARY PLAN DESCRIPTION

Providence Health Plan will disclose a Member's PHI with whom and in ways permitted by HIPAA. These uses are covered in detail in Providence Health Plan's Notice of Privacy Practices available online, or by mail if you request it.

3. HOW TO USE YOUR PLAN

Our goal is maintaining your health by promoting wellness and preventive care. We encourage you to work closely with one provider, your Primary Care Provider, who can provide most of your care, suggest specialist care and arrange for Hospital care or diagnostic testing.

This section describes how to use this Plan and how benefits are applied. The level of benefits for Covered Services is shown in the Benefit Summary and described in section 4 of this Summary Plan Description.

3.1 IN-NETWORK PROVIDERS

Providence Health Plan has contractual arrangements with certain physicians/providers, hospitals and facilities. Our agreements with these “In-Network Providers” enable you to receive quality health care for a reasonable cost.

For Services to be covered using your In-Plan benefit, you must receive Services from In-Network Providers. It is your responsibility to verify whether or not a physician/provider, hospital or other facility is an In-Network Provider even if you have been directed or referred for care by an In-Network Provider.

3.1.1 Nationwide Network of In-Network Providers

Providence Health Plan also has contractual arrangements with certain Qualified Practitioners, Hospitals and facilities nationwide. These arrangements allow you to receive Services when using In-Network Providers, even when you are outside of Oregon and southwest Washington.

3.1.2 Choosing an In-Network Provider

To choose an In-Network Provider, or to verify if a provider is an In-Network Provider, please refer to the Provider Directory, available online at ProvidenceHealthPlan.com/findaprovider. If you do not have access to our website, please call Customer Service to request In-Network Provider Information.

Advantages of Using an In-Network Provider

- Your In-Network Provider will work with Providence Health Plan to arrange for any Prior Authorization requirements that may be necessary for certain Covered Services. For more information on Prior Authorization, see section 3.5.
- In most cases when you use In-Network Providers, higher benefit levels will apply and your out-of-pocket expenses will be reduced.
- You will have a wide variety of high quality In-Network Providers to help you with your health care needs.

So remember, it is to your advantage to meet your health care needs by using an In-Network Provider, including an In-Network Primary Care Provider, whenever possible.

3.1.3 Indian Health Services Providers

Native American Indian and Alaskan Native Members may also access Covered Services from Indian Health Services (IHS) facilities at no greater cost than if the Services were accessed from an In-Network Provider. For a list of IHS facilities, please visit the IHS website at www.ihs.gov, or contact the regional IHS office at:

Portland Area Indian Health Service
1414 NW Northrup St., Ste. 800
Portland, OR 97209
Telephone: 503-414-5555

3.2 THE ROLE OF A PRIMARY CARE PROVIDER

To encourage optimum health, we promote wellness and preventive care. We also believe wellness and overall health is enhanced by working closely with one physician or provider – your Primary Care Provider. Your Primary Care Provider can provide most of your care and, when necessary, coordinate care with other providers in a convenient and cost-effective manner. We recommend that upon joining Providence Health Plan you and each of your Family Members choose an In-Network Primary Care Provider as soon as possible.

3.2.1 Primary Care Providers

A Primary Care Provider is a Qualified Practitioner who specializes in family practice, general practice, internal medicine or pediatrics; a nurse practitioner; or a physician assistant, when providing services under the supervision of a physician, who agrees to be responsible for the continuing medical care by serving as case manager. Members may also choose a physician specializing in obstetrics or gynecology; a nurse practitioner; a certified nurse midwife; or a physician assistant specializing in women’s health care as their Primary Care Provider. Child Members may choose a physician specializing in pediatrics as their Primary Care Provider.

Primary Care Providers provide preventive care and health screenings, medical management of many chronic conditions, allergy shots, treatment of some breaks and sprains, and care for many major illnesses and nearly all minor illnesses and conditions. Many Primary Care Providers offer maternity care and minor outpatient surgery as well.

IMPORTANT NOTE: In-Network Primary Care Providers have a special agreement with us to serve as a case manager for your care. This means not all of our In-Network Providers with the specialties listed above are In-Network Primary Care Providers. Please refer to the Provider Directory, available online, for a listing of designated In-Network Primary Care Providers or call your Customer Service team to request a hard copy.

3.2.2 Established Patients with Primary Care Providers

If you and your family already see a provider, you may want to check the provider directory to see if your provider is an In-Network Primary Care Provider for Providence Health Plan. If your provider is participating with us, let their office know you are now a Providence Health Plan Member.

3.2.3 Selecting a New Primary Care Provider

We recommend that you choose a Primary Care Provider from our Provider Directory, available online, for each covered Family Member. Call the provider's office to make sure they are accepting new patients. It is a good idea to have your previous physician or provider transfer your medical records to your new Primary Care Provider as soon as possible. The first time you make an appointment with your Primary Care Provider, let him or her know you are now a Providence Health Plan Member. On your first visit, make a list of questions or information you would like to discuss with your new Primary Care Provider, including the following:

- What are the office hours?
- How can I get medical advice after hours?
- What do I do in an emergency?

Let your Primary Care Provider know if you are under a specialist's care as well as if you are currently taking any ongoing prescription medications.

3.2.4 Changing Your Primary Care Provider

You are encouraged to establish an ongoing relationship with your Primary Care Provider. If you decide to change your Primary Care Provider, please remember to have your medical records transferred to your new Primary Care Provider.

3.2.5 Office Visits

Primary Care Providers

We recommend you see your Primary Care Provider for all routine care and call your Primary Care Provider first for urgent or specialty care. If you need medical care when your Primary Care Provider is not available, the physician/provider on call may treat you and/or recommend that you see another provider for treatment.

Specialists

Your Primary Care Provider will discuss with you the need for diagnostic tests or other specialist services; and may also recommend you see a specialist for treatment.

You also may decide to see a specialist without consulting your Primary Care Provider. Visit the Provider Directory, available online at ProvidenceHealthPlan.com/findaprovider, or call Customer Service to choose a specialist who is an In-Network Provider with Providence Health Plan.

If you decide to see a specialist on your own, we recommend you let your Primary Care Provider know about your decision. Your Primary Care Provider will then be able to coordinate your care and share important medical information with your specialist. In addition, we recommend you let your specialist know the name and contact information of your Primary Care Provider.

Whenever you visit a specialist:

- Bring your Providence Health Plan Member ID Card.
- Understand that in most cases, your out-of-pocket costs will be a percent of the charges for services. Your provider's office will send you a bill for the amount you owe. Some providers, however, may ask you to pay an estimate of what you may owe at the time you receive services, and will bill or credit you the balance later. (For certain Plans, there is a Member Copayment for specialist visits instead of a Coinsurance. If you are on one of these Plans, you will need to pay your Member Copayment at the time of your visit. Please check your Benefit Summary for your specific coverage information.)

Chiropractic Care Providers

This Plan includes coverage for specified chiropractic services. See section 4.15 and your Benefit Summary.

3.3 SERVICES PROVIDED BY OUT-OF-NETWORK PROVIDERS

As a Member of this Plan, you may choose to receive Covered Services from Out-of-Network Qualified Practitioners and facilities using your Out-of-Plan benefit.

Benefits for Covered Services by an Out-of-Network Provider will be provided as shown in the Benefit Summary. See section 3.5 Prior Authorization requirements.

Generally, when you receive Services from Out-of-Network Providers, your Copayments and Coinsurance will be higher than when you see In-Network Providers.

IMPORTANT NOTE: Your Plan only pays for Covered Services received from Out-of-Network Providers at Usual, Customary, and Reasonable rates (UCR) (see Section 15, Definitions). If an Out-of-Network Provider charges more than the UCR rates allowed under your Plan, that provider may bill you directly for the additional amount that is not covered by your Plan. That amount is in addition to any Deductible, Copayment, or Coinsurance for which you may be responsible, and does not accrue to your Out-of-Pocket Maximum.

If you choose to receive Covered Services from an Out-of-Network Provider, those Services are still subject to the terms of this Summary Plan Description. Your Plan will only pay for Medically Necessary Covered Services. No matter what type of provider you see, the treatments, supplies, and medications excluded by this Plan are not covered.

If the provider you choose is Out-of-Network, it is important for you to understand that Providence Health Plan has not assessed the provider's credentials or quality; nor has Providence Health Plan reviewed and verified the Out-of-Network Provider's qualifications and history for information such as: relevant training, licensure, certification, and/or registration to practice in a health care field, and academic background. Additionally, the Out-of-Network Provider will not have been assessed by Providence Health Plan to verify that the provider meets certain criteria relating to professional competence and conduct and as such is not guaranteed to follow your benefit plan, rules, regulations, or guidelines with regard to standards of care nor standards of documentation and billing.

Some Services are only covered under your In-Plan benefit:

- Web-direct Visits (see section 4.3.2).
- E-mail Visits (see section 4.3.3).
- Temporomandibular Joint (TMJ) Services (see section 4.12.7).
- Tobacco Use Cessation Services (see section 4.1.8).
- Retail health Clinic Visits (see section 4.3.8).
- Human Organ/Tissue Transplants (see section 4.13).
- Any item listed in your Benefit Summary as “Not Covered” under Out-of-Plan.

Payment for Out-of-Network Physician/Provider Services (UCR)

After you meet your Deductible, if applicable, and if the Services provided are Medically Necessary Covered Services, we will provide payment to Out-of-Network Providers according to Usual, Customary and Reasonable (UCR) charges. UCR charges do not include sales taxes, handling fees and similar surcharges; such taxes, fees and surcharges are not covered expenses. Charges which exceed UCR are the Member’s responsibility and are not applied to the Out-of-Pocket Maximum. See section 15 for the definition of UCR.

You will be responsible for costs that are not covered or allowed by your Out-of-Plan benefits as shown in the following example (amounts shown are only estimates of what may apply).

<u>Item</u>	<u>Provider’s Status</u>	
	<u>In-Network</u>	<u>Out-of-Network</u>
Provider’s standard charges	\$100	\$100
Allowable charges under this Plan	\$80 (contracted)	\$80 (if that is UCR)
Plan benefits (for this example only)	\$64 (if 80% benefit)	\$56 (if 70% benefit)
Balance you owe	\$16	\$24
Additional amount that the provider may bill to you	\$-0-	\$20 (\$100 minus \$80)
Total amount you would pay	\$16	\$44 (\$24 plus \$20)

Thus, you may incur significantly larger out-of-pocket costs, perhaps a multiple of what would have applied, if you use Out-of-Network Physicians or Providers.

Payment for Covered Services Provided Before Disposition of Criminal Charges

If you are in the custody of an Oregon state or local corrections agency pending the disposition of criminal charges brought by an Oregon county, we will reimburse the custodial county for the costs of Covered Services or supplies rendered before the disposition of charges, in an amount that is no less than 115 percent of the Medicare rate for the service or supply, except for renal dialysis which will be reimbursed in accordance with the terms of the Plan for Out-of-Plan dialysis providers.

The following Services and Supplies are excluded from coverage under this section:

- Diagnostic tests or health evaluations required by the corrections agency, as a matter of course, for all individuals who are in the custody of the county pending the disposition of charges;
- Hospital and ambulatory surgical center services, except as rendered by an In-Plan provider.

3.4 NOTICE OF PROVIDER TERMINATION

When an In-Network Provider whose contract of participation with us terminates, we will notify those Members who we know are under the care of the terminated provider within 10 days of the termination date or of our knowledge of the termination date.

3.5 PRIOR AUTHORIZATION

While Prior Authorization is a requirement for coverage of certain Services under this Plan, Prior Authorization is not a treatment directive. The actual course of medical treatment that a Member chooses remains strictly a matter between the Member and the provider and is separate from the Prior Authorization requirements of this Plan. Prior Authorization is not a guarantee of benefit payment under this Plan and a Prior Authorization determination does not supersede other specific provisions of this Plan regarding coverage, limitations, exclusions and Medical Necessity.

Services received from In-Network Providers:

When Services are received from an In-Network Provider, the In-Network Provider is responsible for obtaining Prior Authorization.

Services received from Out-of-Network Providers:

When Services are received from an Out-of-Network Provider, the Member is responsible for obtaining Prior Authorization. You or your Out-of-Network provider must contact us to obtain Prior Authorization. See section 3.3 for additional information about Out-of-Network Providers.

Services requiring Prior Authorization:

Providence Health Plan will provide a Prior Authorization form upon oral or written request. If you need information on how to obtain Prior Authorization, please call Customer Service at the number listed on your Member ID Card.

If an Emergency Medical Condition exists which prevents you from obtaining Prior Authorization, Providence Health Plan must be notified within 48 hours following the onset of treatment, or as soon as reasonably possible, to continue coverage of these Services.

Prior Authorization Requests for Out-of-Plan Services:

The Member or the Out-of-Network Provider must call us at 1-800-638-0449 to obtain Prior Authorization. Please have the following information ready when calling to request a Prior Authorization:

- The Member's name and date of birth.
- The Member's Providence Health Plan Member number and Group number (these are listed on your Member ID card).
- The Provider's name, address and telephone number.
- The name of the Hospital or treatment facility.
- The scheduled date of admission or date Services are to begin.
- The Service(s) to be performed.

Failure to Obtain Prior Authorization:

If you do not obtain Prior Authorization for Services received from an Out-of-Network Provider, as specified in section 3.3, a 50% **penalty**, not to exceed \$2,500 for each Covered Service, will be applied to the claim.

Should Providence Health Plan determine that we would have covered the Service had Prior Authorization been obtained, benefits will be applied to the remaining claim balance after the Prior Authorization Penalty is assessed. The **penalty** does **NOT** apply to the Deductible, if any, or to the Out-of-Pocket Maximum shown in the Benefit Summary.

3.6 TRAVEL EXPENSE REIMBURSEMENT

Subject to Prior Authorization, if you are unable to locate an In-Network Provider to provide Medically Necessary Covered Services for your specific condition within 50 miles of your home, the Plan will reimburse your travel expense to the nearest In-Network Provider within 300 miles of your home. Reimbursement will be based on the federal medical mileage reimbursement rate in effect on the date of service. Travel expense reimbursement is limited to \$1,500 per calendar year. If an overnight stay is required, food and lodging are reimbursable up to \$150 per diem (per day). Per diem expenses apply to the \$1,500 travel expenses reimbursement maximum. (Note: Transplant Covered Services include a separate travel expense benefit; see section 4.13.1).

3.7 MEDICAL COST MANAGEMENT

Coverage under this Plan is subject to the medical cost management protocols established by us to ensure the quality and cost effectiveness of Covered Services. Such protocols may include Prior Authorization, concurrent review, case management and disease management.

The Plan reserves the right to deny payment for Services that are not Medically Necessary in accordance with the criteria maintained by Providence Health Plan. When more than one medically appropriate alternative is available, Providence Health Plan will approve the least costly alternative.

In accordance with Providence Health Plan's medical cost management protocols and criteria specified in this paragraph, Providence Health Plan may approve substitutions for Covered Services under this Plan.

A Substituted Services must:

1. Be Medically Necessary;
2. Have your knowledge and agreement while receiving the Service;
3. Be prescribed and approved by your Qualified Practitioner; and
4. Offer a medically therapeutic value at least equal to the Covered Service that would otherwise be performed or given.

The Plan's coverage of a Substituted Service for any Member does not obligate the Plan to:

- Cover a Substituted Service for any other Member;
- Continue to cover a Substituted Service beyond the term of the agreement between the Plan and the Member; or
- Cover any Substituted Service for the Member, other than as specified in the agreement between the Plan and the member.

Substituted Services that satisfy the requirements of this section are Covered Services for all purposes under this Plan.

A Substituted Service may be disallowed at any time by sending a 30-day advance written notice to you and your Qualified Practitioner.

3.7.1 Coverage of New Technology and New Application of Existing Technology

New technologies and new applications of existing technologies are evaluated and approved for coverage when they provide a demonstrable benefit for a particular illness or disease, are scientifically proven to be safe and most effective, and there is no equally effective or less costly alternative.

Emerging and innovative technologies are monitored by Providence Health Plan through review of trend reports from technology assessment bodies, government publications, medical journals, and information provided by providers and professional societies.

A systematic process for evaluating a new technology or new application of an existing technology is proactively initiated when sufficient scientific information is available.

Providence Health Plan has developed standards to guide the evaluation process and to ensure appropriate coverage determinations. New technology must minimally meet the following guidelines to be approved for coverage:

- Technology must improve health outcomes. The beneficial effects must outweigh any harmful effects on health outcomes. It must improve the length of life, ability to function or quality of life.
- Technology must be as beneficial as any established alternative. It should improve the net health outcome as much, or more, than established alternatives.
- Application of technology must be appropriate, in keeping with good medical standards, and useful outside of investigational settings.
- Technology must meet government approval to market by appropriate regulatory agency as applicable.
- Criteria must be supported with information provided by well-conducted investigations published in peer-reviewed journals. The scientific evidence must document conclusions that are based on established medical facts.
- Opinions and evaluations of professional organizations, panels, or technology assessment bodies are evaluated based on the scientific quality of the supporting evidence.

Technology Evaluation Process

A committee of medical directors with physician specialist advisors evaluates all new technology and determines coverage based on evidence for safety and efficacy. The committee relies upon a thorough review of pertinent medical literature and utilizes national technology review services that provide independent analysis of a new technology.

Expedited Review

Requests for coverage of new technology may occur before formal policy has been developed. In these cases, an expedited review is implemented and a decision made on a case-by-case basis. This is separate and distinct from the problem resolution procedure set forth in section 7.

3.8 MEDICALLY NECESSARY SERVICES

We believe our Members are entitled to comprehensive medical care within the standards of good medical practice. Providence Health Plan's medical directors and special committees of In-Network Providers determine which Services are Medically Necessary, as defined in

section 15. Services that do not meet Medically Necessary criteria will not be covered.

- **Example:** Your provider suggests a treatment using a machine that has not been approved for use in the United States. We probably would not pay for that treatment.
- **Example:** You go to a hospital emergency room to have stitches removed, rather than wait for an appointment in your doctor's office. The Plan would not pay for that visit.
- **Example:** You stay an extra day in the hospital only because the relative who will help you during recovery cannot pick you up until the next morning. We may not pay for the extra day.

Although a treatment was prescribed or performed by a Qualified Practitioner, it does not necessarily mean that it is Medically Necessary under our guidelines. Obtaining confirmation of coverage from Providence Health Plan beforehand is always recommended.

3.9 APPROVED CLINICAL TRIALS

Benefits are provided for Covered Services directly related to a Member's participation in an Approved Clinical Trial. If your Approved Clinical Trial is available through both Network and Out-of-Network providers, the Plan will require you to participate through an In-Network Provider.

Covered Services include the routine patient costs for items and services received in connection with the Approved Clinical Trial, to the extent that the items and services are otherwise Covered Services under the Plan.

The following costs are excluded:

- The cost of the investigational item, device or service;
- The cost of items and services provided solely to satisfy data collection and analysis needs and that are not used in direct clinical management; and
- The cost for a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

The Plan does not discriminate against a Member who participates in a clinical trial, whether or not the trial is an Approved Clinical Trial. The Plan provides benefits for services unrelated to a clinical trial to the extent that the services are otherwise Covered Services under the Plan.

3.10 HOW BENEFITS ARE APPLIED

Benefits are subject to the following provisions, if applicable, as specified in the Benefit Summary:

1. The Deductible;
2. The Copayment or Coinsurance amount; and
3. The benefit limits and/or maximums.

3.11 DEDUCTIBLES AND OUT-OF-POCKET MAXIMUMS

Your Plan has a Deductible and an Out-of-Pocket Maximum, as stated in your Benefit Summary.

3.11.1 Understanding Deductibles

Your Deductible is the dollar amount shown in the Benefit Summary that you are responsible to pay every Calendar Year when receiving most Covered Services before benefits are provided by us. Deductible amounts are payable to your Qualified Practitioner after we have processed your claim.

Certain Covered Services, such as most In-Plan preventive care, are covered without a Deductible. Please see your Benefit Summary for information about these Services.

Common In-Plan and Out-of-Plan Deductible: Your Plan has a **Common Deductible**, as listed in your Benefit Summary. **A Common Deductible applies to both In-Plan and Out-of-Plan benefits.** The Common Deductible can be met by using In-Plan or Out-of-Plan benefits, or a combination of both.

Individual Deductible: An Individual Deductible is the amount shown in the Benefit Summary that must be paid by a Member before the Plan provides benefits for Covered Services for that Member.

Family Deductible: The Family Deductible is the amount shown in the Benefit Summary that applies when three or more Family Members are enrolled in this Plan, and is the maximum Deductible that enrolled Family Members must pay. All amounts paid by Family Members toward their Individual Deductibles apply toward the Family Deductible. When the Family Deductible is met, no further Individual Deductibles will need to be met by any enrolled Family Members.

Note: No Member will ever pay more than an Individual Deductible before the Plan begins paying for Covered Services for that Member.

Your Costs that Do Not Apply to Deductibles: The following out-of-pocket costs do not apply towards Your Individual and Family Deductibles:

- Services not covered by this Plan.
- Services in excess of any maximum benefit limit.
- Fees in excess of the Usual, Customary and Reasonable (UCR) charges.
- Any penalties you must pay if you do not follow Providence Health Plan's Prior Authorization requirements.
- Copayments or Coinsurance specified as not applicable toward the Deductible in any Benefit Summary issued with this Plan.

Deductible Carry Over: Applicable charges for Covered Services used to meet any portion of the Deductible during the fourth quarter of a Calendar Year will be applied toward the next year's Deductible.

3.11.2 Understanding Out-of-Pocket Maximums

Out-of-Pocket Maximums are the total amount you will pay out-of-pocket in any Calendar Year, in addition to your deductible, for Covered Services received under this Plan. See your Benefit Summary.

Common In-Plan and Out-of-Plan Out-of-Pocket Maximums: Your Plan has a Common In-Plan and Out-of-Plan Out-of-Pocket Maximum, as listed in your Benefit Summary. The Common Out-of-Pocket Maximum can be met by payments you make for Covered Services using In-Plan and Out-of-Plan benefits.

Individual Out-of-Pocket Maximum: Individual Out-of-Pocket Maximum means the total amount of Copayments and Coinsurance that a Member must pay in a Calendar Year, as shown in the Benefit Summary, before the Plan begins to pay 100% for Covered Services for that Member within that Calendar Year.

Family Out-of-Pocket Maximum: Family Out-of-Pocket Maximum means the total amount of Copayments and Coinsurance that a family of three or more must pay in a Calendar Year, as shown in the Benefit Summary, before the Plan begins to pay 100% for Covered Services for enrolled Family Members. When the combined Copayment and Coinsurance expenses of enrolled Family Members meet the family Out-of-Pocket Maximum, all remaining individual Out-of-Pocket Maximums will be waived for the family for that Calendar Year.

Note: Once any Member meets the Individual Out-of-Pocket Maximum, the Plan will begin to pay 100% for Covered Services for that Member.

Your Costs that Do Not Apply to Out-of-Pocket Maximums: The following out-of-pocket costs do not apply toward your Individual and Family Out-of-Pocket Maximums:

- Services not covered by this Plan;
- Services not covered because Prior Authorization was not obtained, as required in section 3.5;
- Services in excess of any maximum benefit limit;
- Fees in excess of the Usual, Customary and Reasonable (UCR) charges;
- Deductibles, Copayments or Coinsurance for a Covered Service if indicated in any Benefit Summary as not applicable to the Out-of-Pocket Maximum; and
- Any penalties you must pay if you do not follow Providence Health Plan's Prior Authorization requirements.

IMPORTANT NOTE: Some Benefits are NOT eligible for 100% benefit coverage. The Copayment or Coinsurance for these Services, as shown in the Benefit Summary, remains in effect throughout the Calendar Year.

Vision and hearing screening services are covered when performed during a periodic health examination or well-baby care examination. In order for a child to be eligible for benefits for routine newborn baby care, the child must be properly enrolled as outlined in section 8. Ancillary Services, such as immunizations, are covered at the specified benefit level when billed by the provider.

4.3 PROVIDER SERVICES

4.3.1 Office Visits, Inpatient and Outpatient Hospital Visits, and Home Visits

Office visits, inpatient and outpatient Hospital visits and home visits with a Qualified Practitioner are covered as shown in your Benefit Summary. Copayments and Coinsurances, as shown in your Benefit Summary, apply to all provider visits except those that: (a) are part of a course of maternity care; (b) are for conditions for which this Plan contains a separate and specific Copayment or Coinsurance amount; or (c) are ancillary to the visit and are billed by the Qualified Practitioner. Some services provided by your Qualified Practitioner during your visit may result in additional Member financial responsibility.

For example – You see your Primary Care Provider for an office visit and during your visit your provider swabs your throat for a throat culture. You would pay your office visit Copayment or Coinsurance and would also need to pay the Laboratory Services Copayment or Coinsurance for the throat culture. See your Benefit Summary for details.

Your Benefit Summary also lists different Copayments or Coinsurance that may apply for other specific services, such as allergy shots, maternity care, and diagnostic services. See your Benefit Summary for details.

If you are unable to keep a scheduled office appointment with your provider, please try to notify that office in advance. If not, you may be charged for the missed appointment. Providence Health Plan will not cover this expense.

4.3.2 Virtual Visits

The Plan provides coverage for Virtual Visits using secure internet technology:

- **Phone and Video Visits:** Phone and Video Visits are covered as shown in your Benefit Summary. All Phone and Video Visits must be Medically Necessary and may be received from authorized In-Network or Out-of-Network Providers. Providers who are authorized to provide Phone and Video Visits have agreed to use secure internet technology approved by us to protect your information from unauthorized access or release.

4.3.3 E-mail Visits

E-mail Visits are covered in full and must be received from In-Network Providers. Not all In-Network Providers offer E-mail Visits. Medical doctors (M.D.), doctors of osteopathy (D.O.), nurse practitioners (N.P.) and physician assistants (P.A.) are the only categories of providers who may be approved for E-mail Visits. In-Network Providers who are authorized to provide E-mail Visits have agreed to use Internet security technology approved by us to protect your information from unauthorized access or release. To be eligible for the E-mail Visit benefit, you must have had at least one prior office visit with your In-Network Provider within the last 12 months.

Covered E-mail Visits include, but are not limited to:

- Communications of a new or existing diagnosis or treatment when the equivalent service received through an office visit would have led to a claims submission to be covered by the Plan;
- Communications by the In-Network Provider about the management of complex chronic conditions that require extensive education and ongoing monitoring;
- Communications of treatment for relapses of a previous condition that involve extended dialogue and significant physician time and judgment;
- Discussion of lab results that require significant changes in medication or further testing; and
- Extended counseling when person-to-person contact would involve an unwise delay.

Examples of e-mail communications that do not qualify as E-mail Visits include, but are not limited to:

- Renewing prescriptions;
- Scheduling tests;
- Scheduling appointments;
- Reporting normal test results;
- Recommending a referral to another physician;
- A consultative message exchange from a patient who is seen in-person immediately afterward as a result of the consultative message;
- A brief follow-up of an office visit, medical procedure or other treatment to confirm stable condition;
- A brief discussion to confirm stability of a chronic problem and continuity of present management of the problem; and
- All communications in connection with Mental Health or Substance Abuse Covered Services (as provided in section 4.10).

- The application and technology used to provide the Telemedical Service meet all standards required by state and federal laws governing the privacy and security of protected health information.

For Members utilizing Telemedical Services for the treatment of diabetes where one of the participants is a representative of an academic health center, coverage is provided when Services are delivered through a two-way electronic communication. This includes, but is not limited to, video, audio, Voice over Internet Protocol, or transmission of telemetry, that allows a health professional to interact with the Member, a parent or guardian of a Member, or another health professional on a Member's behalf, who is at an originating site.

4.3.5 Allergy Shots, Allergy Serums, Injectable and Infused Medications

Allergy shots, allergy serum, injectable medications, and total parenteral nutrition (TPN) received in your Provider's office are covered as shown in your Benefit Summary. Some injectable and infused medications may be required to be supplied by a contracted Specialty Pharmacy. See section 4.7.1 for coverage of infusion at Outpatient Facilities.

4.3.6 Administration of Anesthesia and Surgical Procedures

Benefits include the administration of anesthesia and surgical procedures, including assistant surgeon and post-operative care.

4.3.7 Immediate Care

Immediate Care is an extension of your Primary Care Provider's office, and provides additional access to treatment you need right away for an illness or injury that is not life threatening. This includes, but is not limited to, minor sprains, minor cuts and burns, and ear, nose, and throat infections. Routine care, like periodic health exams and well-baby care, should be delayed until you can be seen by your Primary Care Provider.

Whenever you need immediate care, call your Primary Care Provider first. Your Primary Care Provider or the provider-on-call is always available, day or night. They may either suggest that you be seen at your Primary Care Provider's office, or direct you to an immediate care center, Urgent Care, or emergency care facility. See section 4.5 for coverage of Emergency Care and Urgent Care Services.

Please be prepared to pay the Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are also responsible for the applicable Copayment/Coinsurance shown in the Benefit Summary for any ancillary Services received, such as lab tests and X-rays, billed by the Immediate Care Provider.

4.3.8 Retail Health Clinic

4.5 EMERGENCY CARE AND URGENT CARE SERVICES

Benefits for Emergency Services and Urgent Care Services are provided as described below and shown in your Benefit Summary. Emergency Care Services are provided both in and out of the Service Area. If an emergency situation should occur, you should take immediate action and seek prompt medical care. You should call 911, or the emergency number listed in the local telephone directory or go to the nearest Hospital emergency department.

4.5.1 Emergency Care

A medical emergency is a sudden unexpected illness or injury that you believe would place your life in danger or cause serious damage to your health if you do not seek immediate medical treatment. Medical emergencies include, but are not limited to:

- Heart attack
- Stroke
- Poisoning
- Loss of consciousness
- Medically necessary detoxification
- Acute abdominal pain
- Severe chest pain
- Serious burn
- Bleeding that does not stop
- Unexpected premature childbirth

Coverage is provided without Prior Authorization for Emergency Medical Screening Exams and stabilization of an Emergency Medical Condition. Hospitalization for an Emergency Medical Condition requires notification to Providence Health Plan within 48 hours, or as soon as reasonably possible following the onset of treatment, in order for coverage to continue.

Definitions:

“Emergency Medical Condition” is a medical condition that manifests itself by acute symptoms of sufficient severity that a prudent layperson, possessing an average knowledge of health and medicine, would reasonably expect that failure to receive immediate medical attention would:

- Result in serious impairment to bodily functions;
- Result in serious dysfunction of any bodily organ or part; or
- With respect to a pregnant woman who is having contractions, for which there is inadequate time to effect a safe transfer to another hospital before delivery or for which transfer may pose a threat to the health or safety of the woman or the unborn child.

“Emergency Services” means, with respect to an Emergency Medical Condition:

- An Emergency Medical Screening Exam that is within the capability of the emergency department of a hospital, including ancillary services routinely available to the emergency department to evaluate such Emergency Medical Condition; and
- Such further medical examination and treatment as are required under the Emergency Medical Treatment and Active Labor Act (42 U.S.C. 1395dd) to stabilize a patient, to the extent the examination and treatment are within the capability of the staff and facilities available at the Hospital.

“Emergency Medical Screening Exams” include medical history, examination, ancillary tests and medical determinations required to ascertain the nature and extent of an Emergency Medical Condition.

Your Plan covers Emergency Services in the emergency room of any Hospital. **Emergency room Services are covered when your medical condition meets the guidelines for emergency care as stated above. Coverage includes Services to stabilize an Emergency Medical Condition and Emergency Medical Screening Exams.**

If you or a Family Member believes that immediate assistance is needed for an Emergency Medical Condition, **call 911 or go to the nearest emergency room.** Tell the emergency personnel the name of your Primary Care Provider and show them your Member ID Card.

Call your Primary Care Provider any time, any day of the week. Your Primary Care Provider or the provider-on-call will tell you what to do and where to go for the most appropriate care.

Please be prepared to pay your Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are responsible for the Copayment/Coinsurance for each Hospital emergency room visit. If you are admitted to the Hospital from the emergency room, your emergency Services Copayment/Coinsurance does not apply and all Services are subject to the Inpatient Services benefit shown in your Benefit Summary.

When you are admitted to an Out-of-Network Hospital from the emergency room, your Inpatient Services are covered under your In-Network benefit until your condition becomes stable. Once your condition is stabilized, Providence Health Plan will work with you to arrange transfer to an In-Network facility. This process is called “repatriation.”

If you decline transfer to an In-Network facility once we have determined that repatriation is medically appropriate, the additional days spent at the Out-of-Network Hospital will be subject to your Out-of-Network benefits.

Note: While Emergency Services received from Out-of-Network Providers at Out-of-Network Facilities are covered under your In-Patient benefit until the time that your condition

becomes stable, the Out-of-Network Providers and Out-of-Network Facilities are not contracted with Providence Health Plan. Therefore, the claims are priced using Usual, Reasonable and Customary (UCR) pricing, as described in section 3.3. Unless otherwise prohibited by state or federal law, you may be billed by the Out-of-Network Providers and Out-of-Network Facilities for amounts above the Allowed Amount of the claim, as determined by UCR.

Costs for non-emergency medical transport to facilitate repatriation to an In-Network facility are covered in full.

The Plan does not pay for emergency room treatment for medical conditions that are not medical emergencies. Do not go to the emergency room for care that should take place in your provider's office. Routine care for sore throats, common colds, follow-up care, and prescription drug requests are not considered to be emergencies.

4.5.2 Emergency Medical Transportation

Benefits include Services for emergency medical transportation by state certified ambulance and certified air ambulance transportation. Ambulance Services are provided for transportation to the nearest facility capable of providing the necessary emergency care or to a facility specified by Providence Health Plan. Air ambulance transportation is only covered for a life-threatening medical emergency, or when ground ambulance is either not available or would cause an unreasonable risk of harm because of increased travel time. Ambulance transportation solely for personal comfort or convenience is not covered.

4.5.3 Emergency Eye Care Services

Covered Services include the initial care for Emergency Medical Conditions resulting from an injury to or illness of the eye(s). Members may receive Services directly from an optometrist or ophthalmologist or from a Hospital emergency room.

4.5.4 Emergency Detoxification Services

Medically Necessary detoxification will be treated as an Emergency Medical Condition when the Member is not enrolled in a Substance Abuse treatment program, as stated in section 4.10.3, at the time Services are received. Prior Authorization is not required for emergency treatment; however, Providence Health Plan must be notified within 48 hours following the onset of treatment, or as soon as reasonably possible, in order for coverage to continue. If a Member is to be transferred to an In-Network Provider for continued inpatient care, the cost of Medically Necessary transportation will be covered. Continuing or follow-up care is not a Covered Service unless Prior Authorized by Providence Health Plan.

4.5.5 Urgent Care

Urgent Care is treatment you need right away for an illness or injury that is not life threatening. This includes, but is not limited to, minor sprains, minor cuts and burns, and ear, nose, and throat infections. Routine care that can be delayed until you can be seen by a physician or provider in their office is not Urgent Care.

Whenever you need urgent care, call your Primary Care Provider first. Your Primary Care Provider or the provider-on-call is always available, day or night. They may either suggest that you come to the office or go to an emergency room or Urgent Care center. If you can be

treated in your provider's office or at an In-Network Urgent Care center your out-of-pocket expense will usually be lower.

Please be prepared to pay the Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are also responsible for the applicable Copayment/Coinsurance shown in the Benefit Summary for any ancillary Services received, such as lab tests and X-rays, billed by the Qualified Provider.

If you are admitted to an Out-of-Network Hospital, you, or a relative, should call Providence Health Plan within 48 hours or as soon as reasonably possible.

When you are admitted to an Out-of-Network Hospital from an Urgent Care facility, your Inpatient Services are covered under your In-Network benefit until your condition becomes stable. Once your condition is stabilized, Providence Health Plan will work with you to arrange transfer to an In-Network facility. This process is called "repatriation."

If you decline transfer to an In-Network facility once we have determined that repatriation is medically appropriate, the additional days spent at the Out-of-Network Hospital will be subject to your Out-of-Network benefits.

Costs for non-emergency medical transport to facilitate repatriation to an In-Network facility are covered in full.

Not all Out-of-Network facilities will file a claim on a Member's behalf. If you receive urgent care Services from an Out-of-Network facility, you must submit a claim if the facility or provider does not submit it for you. See section 6.1.1.

(Personal items such as guest meals, slippers, etc., are not covered.)

Providence Health Plan employs professional clinical staff who may review services you receive in the Hospital. They may review your care to determine Medical Necessity, to make sure that you had quality care, and to ensure that you will have proper follow-up care.

Your provider will determine your medically appropriate length of stay. If you choose to stay in the Hospital longer than your physician advises, you will be responsible for the cost of additional days in the Hospital.

4.6.2 Skilled Nursing Facility

In general, the duration of observation care does not exceed 24 - 48 hours. Any visit by a person providing Services under a home health care plan, or evaluating the need for or developing a plan is considered one home health care visit. Up to four consecutive hours in a 24-hour period of home health care Service is considered one home health care visit. A home health care visit of more than four hours is considered one visit for every four hours or part thereof.

Home health care will not be reimbursed unless your Qualified Practitioner certifies that the home health care Services will be provided or coordinated by a state-licensed or Medicare-certified Home Health Agency or certified rehabilitation agency. 4. Any medicinal substance which has been approved by the Oregon Health Evidence Review as effective for the treatment of a particular indication.

4.14.1 Using Your Prescription Drug Benefit

Your Prescription Drug Benefit requires that you fill your prescriptions at a Participating Pharmacy.

You have access to Providence Health Plan's nationwide broad pharmacy network as published in our pharmacy directory.

Providence Health Plan Participating Pharmacies are those pharmacies that maintain all applicable certifications and licenses necessary under state and federal law of the United States and have a contractual agreement with us to provide Prescription Drug Benefits.

Participating Pharmacies are designated as retail, preferred retail, specialty and mail-order Pharmacies. To view a list of Participating Pharmacies, visit our website at www.ProvidenceHealthPlan.com. You also may contact Customer Service at the telephone number listed on your Member ID Card.

- Please present your Member ID Card to the Participating Pharmacy at the time you request Services. If you have misplaced or do not have your Member ID Card with you, please ask your pharmacist to call us.
- All covered Services are subject to the Copayments or Coinsurance listed in your Benefit Summary.
- If you choose a brand-name drug when a generic-equivalent is available, any difference in cost for Prescription Drug Covered Services will not apply to your Calendar Year Deductibles and Out-of-Pocket Maximums.
- The amount paid by a manufacturer discount and/or copay assistance programs for a brand-name drug when a generic equivalent is available may not apply towards your Calendar Year Deductibles and Out-of-Pocket Maximums.
- Participating Pharmacies may not charge you more than your Copayment or Coinsurance. Please contact Customer Service if you are asked to pay more or if you,

or the pharmacy, have questions about your Prescription Drug Benefit or need assistance processing your prescription.

- Copayments or Coinsurance are due at the time of purchase. If the cost of your Prescription Drug is less than your Copayment, you will only be charged the cost of the Prescription Drug.
- You may be assessed multiple Copayments for a multi-use or unit-of-use container or package depending on the medication and the number of days supplied.
- You may purchase up to a 90-day supply of each maintenance drugs at one time using a Participating mail service or preferred retail Pharmacy. Not all drugs are covered for more than a 30-day supply, including compounded medications, drugs obtained from specialty pharmacies, and limited distribution pharmaceuticals. To obtain prescriptions by mail, your physician or provider can call in the prescription or you can mail your prescription along with your Providence Health Plan Member ID number to one of our Participating mail-order Pharmacies. To find our Participating mail-order Pharmacies, please visit our website at www.ProvidenceHealthPlan.com. (Not all prescription drugs are available through our mail-order pharmacies.)
- Diabetes supplies and inhalation extender devices may be obtained at your Participating Pharmacy. However, these items are considered medical supplies and devices and are subject to your Medical Supplies benefits, limitations and Copayments and/or Coinsurances. See section 4.9.1 and your Benefit Summary. Diabetes supplies do not include insulin pump devices, which are covered under your Durable Medical Equipment benefit, section 4.9.4.
- Self-administered chemotherapy drugs are covered under section 4.12.8 unless the benefits under this Prescription Drug Benefit allow for a lower out-of-pocket cost to you.
- Injectable medications received in your Provider's office are covered under section 4.3.5.
- Infusions, including infused medications, received at Outpatient Facilities are covered under section 4.7.1.
- Some prescription drugs require Prior Authorization or an exception to the Formulary in order to be covered. These may include select formulary agents, non-formulary agents, step therapy, and/or quantity limits as listed in the Providence Health Plan Prescription Drug Formulary available on our website at www.ProvidenceHealthPlan.com or by contacting Customer Service.

4.14.2 Use of Out-of-Network Pharmacies

On rare occasions, such as urgent or emergency situations, you may need to use an Out-of-Network Pharmacy. If this happens, you will need to pay full price for your prescription at the time of purchase.

To request reimbursement, you will need to fill out and submit to Providence Health Plan a Prescription Drug Reimbursement form. This form is available on our website or by contacting Customer Service. When you submit the completed Prescription Drug Reimbursement form, include any itemized pharmacy receipts, along with an explanation as to why you used an Out-of-Network Pharmacy. Submission of a claim does not guarantee payment.

If your claim is approved, the Plan will reimburse you the cost of your prescription up to our Participating Pharmacy contracted rates, less your Copayment or Coinsurance if applicable. Reimbursement is subject to your Plan's limitations and exclusions. You are responsible for any amounts above our contracted rates.

International prescription drug claims will only be covered when prescribed for emergent conditions and will be subject to your medical Emergency Services benefit and any applicable Plan limitations and exclusions.

4.14.3 Prescription Drug Formulary

The Formulary is a list of Food and Drug Administration (FDA)-approved prescription drugs. It is designed to offer drug treatment choices for covered medical conditions. Formulary status is given to drugs which meet evidence-based assessment of therapeutic effectiveness, safety, pharmacoeconomic value and offer an important advantage to existing Formulary alternatives.

The Formulary can help you and your Qualified Practitioner choose effective medications that are less costly and minimize your out-of-pocket expense. There are effective generic drug choices to treat most medical conditions.

Not all FDA-approved drugs are covered by Providence Health Plan. Non-formulary drug requests require a formulary exception, must be FDA-approved, Medically Necessary, and require by law a prescription to dispense. See Section 6.1 under Claims Involving Prior Authorization and Formulary Exception.

Newly approved FDA drugs will be reviewed by the Oregon Region Pharmacy and Therapeutics Committee for safety and Medical Necessity within 12 months after the drug becomes available on the market. In the case of an urgent situation, Providence Health Plan will authorize the use of a newly approved FDA drug during our review period so a Member does not go without Medically Necessary treatment.

To access the Formulary for your Plan, visit <https://healthplans.providence.org/members/pharmacy-resources/>.

4.14.4 Generic and Brand-Name Prescription Drugs

Both generic and brand-name drugs are covered benefits subject to the terms of your Benefit Summary. In general, generic drugs are subject to lower Copayments or Coinsurances than brand-name drugs. Please refer to your Benefit Summary for your Copayment or Coinsurance information.

If you request a brand-name drug, regardless of the reason or Medical Necessity, you will be responsible for the difference in cost between the brand-name and generic drug, in addition to the brand-name drug Copayment or Coinsurance indicated on the Benefit Summary. Your total cost, however, will never exceed the actual cost of the drug. The difference in cost between the brand-name and generic drug will not be applied toward your Out-of-Pocket Maximum, and you will continue to be responsible for the difference in cost after your Out-of-Pocket Maximum is met.

4.14.5 Prescription Drug Quantity

Prescription dispensing limits, including refills, are as follows:

1. Topicals, up to 60 grams;
2. Liquids, up to eight ounces;
3. Tablets or capsules, up to 100 dosage units;
4. Multi-use or unit-of-use, up to one container or package; as prescribed, not to exceed a 30-consecutive-day supply, whichever is less;
5. FDA-approved women's prescription contraceptives: up to 3-months initial dispensing, then up to 12-months subsequent dispensing at any of our Participating Pharmacies; and
6. Opioids up to 7 days initial dispensing.

Other dispensing limits may apply to certain medications requiring limited use, as determined by our Oregon Region Pharmacy and Therapeutics Committee. Prior Authorization is required for amounts exceeding any applicable medication dispensing limits.

4.14.6 Participating Mail-Order and Preferred Retail Pharmacies

Up to a 90-day supply of prescribed maintenance drugs (drugs are those you have been on for at least 30 days and that you anticipate continuing on in the future) purchased from a Participating mail-order or preferred retail Pharmacy will be covered subject to the following specific provisions:

1. Qualified drugs under this program will be determined by us. Not all prescription drugs are available through mail-order pharmacy.
2. Not all maintenance prescription drugs are available in 90-day allotments.
3. Copayment(s) will be applied to the quantity stated on your Benefit Summary. (Some quantity limitations and Copayments for unit of use packaging may apply).

When using a mail-order pharmacy, payment is required prior to processing your order. If Providence Health Plan removes a pharmacy from its network, we will notify you of this change at least 30 days in advance. Notification may be done via the online directory or letter depending on the circumstance.

4.14.7 Prescription Drug Limitations

Prescription drug limitations are as follows:

1. All drugs must be Food and Drug Administration (FDA) approved, Medically Necessary and require by law a prescription to dispense. Not all FDA-approved drugs are covered by Providence Health Plan. Newly approved drugs will be reviewed for safety and Medical Necessity within 12 months after the drug becomes available on the market for Formulary consideration.
2. Certain drugs require Prior Authorization for Medical Necessity, place of therapy, length of therapy, step therapy, number of doses or dispensing limits. Step therapy uses our pharmacy claims history to confirm if certain drugs have been tried first by a Member. If a drug has not been tried first, cannot be tried first, or if the drug history is not available, Prior Authorization is required. For some drugs, Providence Health Plan limit the amount of the drug the Plan will cover. You or your Qualified Practitioner can contact Providence Health Plan directly to request Prior Authorization. If you have questions regarding a specific drug, please call Customer Service.

3. Specialty drugs are injectable, infused, oral, topical, or inhaled therapies that often require specialized delivery, handling, monitoring and administration and are generally high cost. These drugs must be purchased through a Providence Health Plan designated specialty pharmacy. Due to the nature of these medications, specialty drugs are limited to a 30-day supply. Specialty drugs are listed in the Formulary. In rare circumstances, specialty medications may be filled for greater than a 30-day supply; in these cases, additional specialty cost share(s) may apply.
4. Self-injectable medications are only covered when they are being self-administered and labeled by the FDA for self-administration; in some cases, a Prior Authorization may be required for the drug. Documentation of self-administration may also be required. Drugs labeled for self-administration that are being administered by a provider will fall to the Member's medical benefit.
5. Medications, drugs or hormones prescribed to stimulate growth are not covered, except when there is a laboratory-confirmed diagnosis of growth hormone deficiency for children through 18 years of age and when prescribed for the treatment of documented pituitary destruction in adults.
6. Compound prescription drugs must contain at least one ingredient that is an FDA-approved prescription drug in a therapeutic amount, must meet our Medical Necessity criteria, and must be purchased at a Participating Pharmacy. Compounded drugs from bulk powders that are not a component of an FDA-approved drug are not covered. Claims are subject to clinical review for Medical Necessity and are not guaranteed for payment.
7. Vacation supply medication refill overrides are limited to a 30-day supply once per Calendar Year, unless otherwise provided under your Plan. Additional exceptions may be granted on a case-by-case basis.
8. A 30 day supply medication refill override will be granted if you are out of medication and have not yet received your drugs from a participating mail order pharmacy.

4.14.8 Prescription Drug Exclusions

4.15 CHIROPRACTIC CARE BENEFIT

The Chiropractic Care Supplemental Benefit provides coverage for Services received from Chiropractic Care Providers provided that the Services are Medically Necessary and are within the scope of practice of the provider involved in your care.

All Chiropractic Care benefits are subject to any conditions and benefit limits stated in your Chiropractic Care Benefit Summary and in this section.

All chiropractors must be licensed in the state in which they practice and must practice within the scope of their license.

4.15.1 Chiropractic Care Providers

All Members must receive Covered Services from our nationwide network of Network chiropractors. To find a chiropractic care In-Network Provider in your area, visit our website at ProvidenceHealthPlan.com/findaprovider or call Customer Service.

You do not need a physician’s referral to see a chiropractor.

In rare circumstances, our national network may not include a Network chiropractor in your area. If this happens, please contact Customer Service before making an appointment. If

Customer Service is unable to locate an In-Network Provider within a reasonable distance, authorization for use of an Out-of-Network Provider will be provided.

In some cases, you will need to pay the Out-of-Network Provider directly for the care you receive, and then submit your itemized billing statement to:

Providence Health Plan
Attn: Claims Dept.
P.O. Box 3125
Portland, OR 97208-3125

Reimbursement for services from Out-of-Network Providers is subject to Plan approval. The Plan will reimburse you the cost of your services at a Usual, Customary and Reasonable rate, less your applicable Copayment or Coinsurance. You will be responsible for all amounts over the UCR.

6. CLAIMS ADMINISTRATION

This section explains how the Plan treats various matters having to do with administering your benefits and/or claims, including situations that may arise in which your health care expenses are the responsibility of a source other than this Plan.

6.1 CLAIMS PAYMENT

The Plan's payments for most Services are made directly to the providers of Services. Except as otherwise specifically provided in this Plan, if you are billed directly and pay for benefits which are covered by this Plan, reimbursement from the Plan will be made only upon your written notice to the Plan of the payment. Payment will be made to the Subscriber, subject to written notice of claim, or, if deceased, to the Subscriber's estate, unless payment to other parties is authorized in writing by you.

Explanation of Benefits (EOB)

You will receive an EOB from Providence Health Plan after your claim has been processed. An EOB is not a bill. An EOB explains how Providence Health Plan processed your claim, and will assist you in paying the appropriate Member responsibility to your provider. Copayment or Coinsurance amounts, Deductible amounts, services or amounts not covered and general information about our processing of your claim are explained on an EOB.

Time Frames for Processing Claims

If your claim is denied under the Plan, Providence Health Plan will send an EOB to you with an explanation of the denial within 30 days after your claim is received. If additional time is needed to process your claim for reasons beyond Providence Health Plan's control, you will be sent a notice of delay explaining those reasons within 30 days after your claim is received. The processing will then be completed and you will be sent an EOB within 45 days after your claim is received. If additional information is needed from you to complete the processing of your claim, you will be sent a separate request for the information and you will have 45 days to submit the additional information. Once the additional information from you is received, Providence Health Plan will complete the processing of the claim within 30 days.

Claims Involving Prior Authorization and Formulary Exception (Pre-Service Claims)

- **For Prior Authorization of services that do not involve urgent medical conditions:** You and your provider will be notified of Providence Health Plan's decision within two business days after the Prior Authorization request is received. If additional information is needed to process the request, Providence Health Plan will provide written notice to the Member and the provider within two business days of receiving the Prior Authorization request. The Member and the provider will have 15 days to submit the additional information. Within two business days of receipt of the additional information, Providence Health Plan will complete their review and provide written notice of its decision to the Member and the provider of their decision. If the information is not received within 15 days, the request will be denied.

- **For Prior Authorization of services that involve urgent medical conditions:** You and your provider will be notified of Providence Health Plan's decision within 24 hours after the Prior Authorization request is received. If additional information is needed to complete the review, the requesting provider or you will be notified within 24 hours after the request is received. The requesting provider or you will then have 48 hours to submit the additional information. The review will then be completed and the requesting provider or you will be notified of Providence Health Plan's decision by the earlier of, (a) 48 hours after the additional information is received or, (b) if no additional information is provided, 48 hours after the additional information was due.
- **For Formulary exceptions:** For standard requests, Providence Health Plan will notify your provider or you of its decision within 72 hours after receipt of the request. For expedited requests, Providence Health Plan will notify your provider or you of its decision within 24 hours after receipt of the request. To qualify for expedited review, the request must be based upon exigent circumstances.

Claims Involving Concurrent Care Decisions. If an ongoing course of treatment for you has been approved under the Plan and it is determined through Concurrent Review procedures to reduce or terminate that course of treatment, Providence Health Plan will provide advance notice to you of that decision. You may request a reconsideration of the decision by submitting an oral or written request at least 24 hours before the course of treatment is scheduled to end. You will then be notified of Providence Health Plan's reconsideration decision within 24 hours after your request is received.

6.1.1 Timely Submission of Claims

The Plan will make no payments for claims received more than 365 days after the date of Service. Exceptions will be made if Providence Health Plan receives documentation that you lacked legal capacity during that period. Payment of claims submitted by the Oregon state Medicaid agency or a prepaid managed care health services organization described in ORS 414.651 (i.e., a Coordinated Care Organization) will be made in accordance with ORS 743B.470, which establishes payment requirements for claims submitted by the Oregon state Medicaid agency.

Payment of all claims will be made within the time limits required by OAR 836-080-0235, the Oregon insurance Division's administrative rule setting standards for prompt payment. Please send all claims to:

Providence Health Plan
 Attn: Claims Dept.
 P.O. Box 3125
 Portland, OR 97208-3125

6.1.2 Right of Recovery

The Plan has the right, upon demand, to recover from a recipient the value of any benefit or claim payment that exceeded the benefits available under this Plan. This right of recovery applies to any excess benefit, including (but not limited to) benefits obtained through fraud, error, or duplicate coverage relating to any Member. If timely repayment is not made, the Plan has the right, in addition to any other lawful means of recovery, to deduct the value of the excess benefit from any future benefit that otherwise would have been available to the affected Member(s) from the Plan under any contract.

6.2 COORDINATION OF BENEFITS

This Coordination of Benefits (COB) section applies when a Member has health care coverage under more than one Plan. The term “Plan” is defined below for the purposes of this COB section. The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary plan. The Primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary plan is the Secondary plan. The Secondary plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable expense.

6.2.1 Definitions Relating to Coordination of Benefits

Plan

Plan means any of the following that provides benefits or Services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for Members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.

1. Plan includes: group and individual health insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of group long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental plan, as permitted by law and group and individual insurance contracts and Subscriber contracts that pay or reimburse for the cost of dental care.
2. Plan does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; school accident type coverage; benefits for non-medical components of group long-term care policies; Medicare Supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage listed under (1) or (2) above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

This Plan

This Plan means, as used in this COB section, the part of this contract providing health care benefits to which this COB section applies and which may be reduced because of the benefits of other plans. Any other part of this contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB

provision to coordinate other benefits.

The order of benefit determination rules listed in section 6.2.2 determine whether This Plan is a Primary plan or Secondary plan when a Member has health care coverage under more than one Plan.

When This Plan is primary, Providence Health Plan determines payment for benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, Providence Health Plan determines benefits after those of another Plan and may reduce the benefits payable so that all Plan benefits do not exceed 100% of the total Allowable expense.

Allowable expense

Allowable expense means a health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any Plan covering a Member. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering a Member is not an Allowable expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Member is not an Allowable expense.

The following are examples of expenses that are NOT Allowable expenses:

1. The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable expense, unless one of the Plans provides coverage for private hospital room expenses.
2. If the Member is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
3. If the Member is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
4. If the Member is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable expense used by the Secondary plan to determine its benefits.
5. The amount of any benefit reduction by the Primary plan because the Member has failed to comply with the Plan provisions is not an Allowable expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

Closed panel plan

A Closed panel plan is a Plan that provides health care benefits to Members primarily in the form of services through a panel of providers that has contracted with or is employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

Custodial parent

A Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the Dependent child resides more than one half of the Calendar Year excluding any temporary visitation.

6.2.2 Order of Benefit Determination Rules

When a Member is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of any other Plan.
 1. Except as provided in Paragraph (2) below, a Plan that does not contain a COB provision that is consistent with the State of Oregon's COB regulations is always primary unless the provisions of both Plans state that the complying Plan is primary.
 2. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed panel plan to provide out-of-network benefits.
- B. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.
- C. Each Plan determines its order of benefits using the first of the following rules that apply:
 1. Non-Dependent or Dependent. The Plan that covers a Member other than as a Dependent, for example, as an employee, Subscriber or retiree is the Primary plan and the Plan that covers the Member as a Dependent is the Secondary plan. However, if the Member is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the Member as a Dependent; and primary to the Plan covering the Member as other than a Dependent (e.g., a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the Member as an employee, subscriber or retiree is the Secondary plan and the other Plan is the Primary plan.
 2. Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a Member is a Dependent child covered by more than one Plan the order of benefits is determined as follows:
 - a) For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
 - i. The Plan of the parent whose birthday falls earlier in the Calendar Year is the Primary plan; or

- ii. If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary plan.
 - b) For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - i. If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;
 - ii. If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;
 - iii. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or
 - iv. If there is no court decree allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the Dependent child are as follows:
 - The Plan covering the Custodial parent, first;
 - The Plan covering the spouse of the Custodial parent, second;
 - The Plan covering the non-custodial parent, third; and then
 - The Plan covering the Dependent spouse of the non-custodial parent, last.
 - c) For a Dependent child covered under more than one Plan of individuals who are not the parents of the Dependent child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the Dependent child.
 - d) For a Dependent child:
 - i. Who has coverage under either or both parents' plans and also has coverage as a Dependent under a spouse's plan, the rule in paragraph (5) applies.
 - ii. In the event the Dependent child's coverage under the spouse's plan began on the same date as the Dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in Subparagraph (a) to the Dependent child's parent(s) and the Dependent's spouse.
3. Active Employee or Retired or Laid-off Employee. The Plan that covers a Member as an active employee, that is, an employee who is neither laid off nor retired, is the Primary plan. The Plan covering that same Member as a retired or laid-off employee is the Secondary plan. The same would hold true if a Member is a Dependent of an active employee and that same Member is a

Dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

4. COBRA or State Continuation Coverage. If a Member whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the Member as an employee, subscriber or retiree or covering the Member as a Dependent of an employee, Subscriber or retiree is the Primary plan and the COBRA or state or other federal continuation coverage is the Secondary plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
5. Longer or Shorter Length of Coverage. The Plan that covered the Member the longer period of time is the Primary plan and the Plan that covered the Member the shorter period of time is the Secondary plan.
6. If the preceding rules do not determine the order of benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than would have paid had This Plan been the Primary plan.

6.2.3 Effect on the Benefits of This Plan

When This Plan is secondary, benefits may be reduced so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable expenses. In determining the amount to be paid for any claim, the Secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable expense under its Plan that is unpaid by the Primary plan. The Secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable expense for that claim. In addition, the Secondary plan shall credit to its plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

If a Member is enrolled in two or more Closed panel plans and if, for any reason, including the provision of services by a non-panel provider, benefits are not payable by one Closed panel plan, COB shall not apply between that Plan and other Closed panel plans.

6.2.4 Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply this COB section and to determine benefits payable under This Plan and other Plans. Providence Health Plan may get the facts needed from, or give them to, other organizations or persons for the purpose of applying this section and determining benefits payable under This Plan and other Plans covering a Member claiming benefits. Providence Health Plan need not tell, or get the consent of, any person to do this. Each Member claiming benefits under This Plan must give us any facts Providence Health Plan needs to apply this section and determine benefits payable.

6.2.5 Facility of Payment

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, This Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. This Plan will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means the reasonable cash value of the benefits provided in the form of services.

6.2.6 Right of Recovery

If the amount of the payments made by This Plan is more than what should have paid under this COB section, This Plan may recover the excess from one or more of the persons This Plan paid or for whom This Plan have paid; or any other person or organization that may be responsible for the benefits or services provided for the Member. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

6.2.7 Coordination with Medicare

In all cases, coordination of benefits with Medicare will conform with federal statutes and regulations. Medicare means Title XVIII of the Social Security Act, as enacted or amended. Medicare eligibility and how This Plan determines benefit limits are affected by disability and employment status. Please contact Customer Service if you have questions.

In accordance with the “working aged” provisions of the Medicare Secondary Payer Manual, when the Employer Group’s size is less than 20 employees, for Members who are entitled to and enrolled in Medicare Part A, enrollment in Medicare Part B will be assumed to be the primary payer and This Plan will coordinate benefits as the secondary payer even if the Medicare-eligible Member has not elected Medicare Part B.

When the Employer Group’s size is 20 individuals or more, Medicare will be considered the secondary payer if the Member is enrolled in Medicare.

Counting individuals for the Employer size:

- Employees counted in the Employer size include the total number of nationwide full-time employees, part-time employees, seasonal employees, and partners who work or who are expected to report for work on a particular day.
- Those not counted in the Employer size include retirees, COBRA-qualified beneficiaries and individuals on other continuation options, and self-employed individuals who participate in the Employer’s group health plan.

6.3 THIRD-PARTY LIABILITY/SUBROGATION

The following provisions will apply when you or any other Member has received Services for a condition for which one or more third parties may be responsible. "Third party" means any person other than the Member (the first party to the provisions of this Plan), and Providence Health Plan (the second party), and includes any insurance carrier providing liability or other coverage potentially available to the Member. For example, uninsured or underinsured motorist coverage, no-fault medical payments (auto, homeowners or otherwise), or other group insurance (including student plans) whether under the Member's policy or not, are subject to recovery by us as a third-party recovery. Failure by the Member to comply with the terms of this section will be a basis for the Plan to deny any claims for benefits arising from the condition or to terminate the Member's coverage under this Plan as specified in section 9.4. In addition, you or the Member must execute and deliver to the Plan and to other parties any document requested by us which may be appropriate to confirm or secure the rights and obligations of the Member and the Plan under these provisions.

6.3.1 Third-Party Liability/Subrogation and How It Affects You

Third-party liability refers to claims that are in whole or part the responsibility of someone besides the Plan or the Member. Examples of third-party liability are motor vehicle accidents, workplace injury or illness, and any other situation involving injury or illness, including wrongful death, in which the Member or the Member's heirs, beneficiaries or relatives have a basis to bring a lawsuit or to make a claim for compensation against any person or for which the Member or the Member's heirs, beneficiaries or relatives may receive a settlement. Once it has been established that the third party is responsible to pay and is capable of paying for the expenses for the Services caused by that third party, the Plan will not provide benefits for the Services arising from the condition caused by that third party. Such benefits are specifically excluded from coverage under this Plan.

If the Plan makes claim payments on any Member's behalf for any condition for which a third party is responsible, the Plan is entitled to be repaid promptly for those payments, directly out of any recovery from the third party, including any settlement, award, verdict, payment or other monetary recovery.

"Subrogation" means that the Plan may collect directly from the third party to the extent the Plan has paid for third-party liabilities. Because the Plan has paid for the Member's injuries, the Plan, rather than the Member, is entitled to recover those expenses. Prior to accepting any settlement of the Member's claim against a third party, the Member must notify the Plan in writing of any terms or conditions offered in settlement and must notify the third party of the Plan's interest in the settlement established by this provision.

To the maximum extent permitted by law, the Plan is subrogated to the Member's rights against any third party who is responsible for the condition, have the right to sue any such third party in the Member's name, and has a security interest in and lien upon any recovery to the extent of the amount of benefits paid by the Plan and for the Plan's expenses in obtaining a recovery. If the Member should either decline to pursue a claim against a third party that the Plan believes is warranted or refuse to cooperate with the Plan in any third party claim that the Member does pursue, the Plan has the right to pursue such claim directly, including commencing a legal action against such third party or intervening in any action that the Member may have commenced.

To accomplish this process, the Plan needs detailed information from you or from the Member. A questionnaire will be sent to the Member for this information. It should be completed and returned to Providence Health Plan as soon as possible to minimize any claim review delay. If you or the Member has any questions or concerns regarding the questionnaire, please contact Providence Health Plan office. A Providence Health Plan employee who specializes in third-party liability/subrogation can discuss these procedures and what you or the Member needs to do.

6.3.2 Proceeds of Settlement or Recovery

Subject to paragraph 6.3.4 below, if for any reason the Plan is not paid directly by the third party, the Plan is entitled to reimbursement from the Member or the Member's heirs, legal representatives, beneficiaries or relatives, and the Plan may request refunds from the medical providers who treated the Member, in which case those providers will bill the Member for their Services. To the fullest extent permitted by law, the Plan is entitled to the proceeds of any settlement, award, verdict, or other payment that results in a monetary recovery from a third party, whether or not responsibility is accepted or denied by the third party for the condition, whether or not such monetary recovery is described by any person as something other than a recovery of medical expenses incurred by the Plan, and whether or not the Member is alleged to have any fault, under principles of comparative negligence or otherwise. With respect to any workers' compensation recovery, the Plan is entitled to the proceeds whether or not the loss is deemed to be compensable under the workers' compensation laws. The Plan is entitled to recover up to the full value of the benefits provided by the Plan for the condition, calculated using the Plan's UCR charges for such Services, less the Plan's pro-rata share of the Member's out-of-pocket expenses and attorney fees incurred in making the recovery. The Plan is entitled to such recovery regardless of whether the Member has been fully compensated or "made whole" for the loss caused by the third party, and regardless of whether the Member has been partially compensated for such loss. The Plan is entitled to first priority in repayment, over the Member and over any other person, for such charges.

By accepting benefits under this Plan, the Member acknowledges the Plan's first priority to this repayment and assigns to us any benefits the Member may have from other sources. The Member must cooperate fully with the Plan and Providence Health Plan in recovering amounts paid by the Plan. If any Member seeks damages against the third party for the condition and retains an attorney or other agent for representation in the matter, that Member agrees to require the Member's attorney or agent to reimburse the Plan directly from the settlement or recovery in the amount provided by this section.

The Member must complete the Plan's trust agreement, by which the Member and any Member's attorney (or other agent) must confirm the obligation to reimburse the Plan directly from any settlement or recovery. The Plan may withhold benefits for the Member's condition until a signed copy of this agreement is delivered to the Plan. The agreement must remain in effect and the Plan may withhold payment of benefits if, at any time, the Member's confirmation of the obligations under this section should be revoked. While this document is not necessary for the Plan to exercise the Plan's rights under this section, it serves as a reminder to the Member and directly obligates any Member's attorney to act in accord with the Plan's rights.

6.3.3 Suspension of Benefits and Reimbursement

Subject to paragraph 6.3.4 below, after the Member has received proceeds of a settlement or recovery from the third party, the Member is responsible for payment of all medical expenses for the continuing treatment of the illness or injury that the Plan would otherwise be required to pay under this Plan until all proceeds from the settlement or recovery have been exhausted. If the Member has failed to reimburse the Plan as required by this section, the Plan is entitled to offset future benefits otherwise payable under this Plan, or under any future contract or plan with Clackamas County, to the extent of the value of the benefits advanced under this section.

If the Member continues to receive medical treatment for the condition after obtaining a settlement or recovery from one or more third parties, the Plan is not required to provide coverage for continuing treatment until the Member proves to the Plan's satisfaction that the total cost of the treatment is more than the amount received in settlement or recovered from the third party, after deducting the cost of obtaining the settlement or recovery. The Plan will only cover the amount by which the total cost of benefits that would otherwise be covered under this Plan, calculated using the Plan's UCR charges for such Services, exceeds the amount received in settlement or recovery from the third party. The Plan is entitled to suspend such benefits even if the total amount of such settlement or recovery does not fully compensate the Member for other damages, particularly including lost wages or pain and suffering.

Any settlement arising out of an injury or illness covered by this Plan will be deemed first to compensate you for your medical expenses, regardless of any allocation of proceeds in any settlement document that the Plan has not approved in advance. In no event shall the amount reimbursed to the Plan be less than the maximum permitted by law.

6.3.4 Special Rules for Motor Vehicle Accident Cases

If the third party recovery is payable to you or any enrolled Family Member as the result of a motor vehicle accident or by a motor vehicle liability or underinsured insurer, the rules in paragraphs 6.3.2 and 6.3.3 above are modified as provided below.

Before the Plan will be entitled to recover from under a settlement or recovery, you or your enrolled Family Member must first have received full compensation for your injuries. The Plan's entitlement to recover will be payable only from the total amount of the recovery in excess of the amount that fully compensates for the injured person's injuries.

The Plan will not deny or refuse to provide benefits otherwise available to you or your enrolled Family Member because of the possibility that a third party recovery may potentially be available against the person who caused the accident or out of motor vehicle liability or underinsurance coverage.

7.2 MEMBER GRIEVANCE AND APPEAL

Definitions:

Adverse Benefit Determination

An Adverse Benefit Determination means a:

- Denial of eligibility for or termination of enrollment in this Plan;
- Rescission or cancellation of coverage under this Plan;
- Source-of injury exclusion, network exclusion, Annual benefit limit or other limitation on otherwise Covered Services;
- Determination that a health care item or service is Experimental/Investigational or not Medically Necessary; or
- Determination that a course or plan of treatment that a Member is undergoing is an active course of treatment for purposes of continuity of care.

Appeal

A type of Grievance that is a written request from a Member or an Authorized Representative of the Member requesting further consideration of an Adverse Benefit Determination.

Authorized Representative

An individual who by law or by the authorization of a Member may act on behalf of the Member.

Concurrent Care

An approved ongoing course of treatment to be provided over a period of time or for a specified number of treatments.

Grievance

A communication from a Member or an Authorized Representative of a Member expressing dissatisfaction with an Adverse Benefit Determination, without specifically declining any right to Appeal or review, that is:

- In writing, for an internal Appeal or an external review; or in writing or orally, for an expedited response or an expedited external review; or
- A written complaint submitted by a Member or an Authorized Representative of a Member regarding the:
 - Availability, delivery or quality of a health care service;

- Claims payment, handling or reimbursement for health care services and, unless the Member has not submitted a request for an internal Appeal, the complaint is not disputing an Adverse Benefit Determination; or
- Matters pertaining to the contractual relationship between a Member and Providence Health Plan.

7.2.1 Your Grievance and Appeal Rights

If you disagree with Providence Health Plan's decision about your medical bills or health care services, you have the right to an internal review. You may request review if you have received an Adverse Benefit Determination. You may also file a quality of care or general complaint or grievance with Providence Health Plan. You may appoint an Authorized Representative to act on your behalf during your Grievance or Appeal. Please include as much information as possible including the date of the incident, the names of individuals involved, and the specific circumstances. In filing a Grievance or Appeal:

- You can submit written comments, documents, records and other information relating to your Grievance or Appeal and Providence Health Plan will consider that information in the review process.
- You can be represented by anyone of your choice at all levels of Appeal.

Request for Claim/Appeal File and Additional Information:

- You can, upon request and free of charge, have reasonable access to and copies of all documents, records, and other information relevant to our decision at any time before, during, or after the appeal process. This includes the specific internal rule, guidelines, protocol, or other similar criterion relied upon to make the Adverse Benefit Determination, as well as a copy of your claim or appeal file as applicable.
- You also have the right to request free of charge, at any time, the diagnostic and treatment codes and their meanings that are the subject of your claim or appeal.

Filing a Grievance or Appeal does not affect your right to receive benefits for Covered Services as otherwise provided under this Plan.

If you receive the services that were denied in the Adverse Benefit Determination, and if the Adverse Benefit Determination is upheld by internal or external review, you will be financially responsible for any benefits paid by the Plan for such services.

To the extent possible, Customer Service will resolve complaints filed by telephone at the point of service. Providence Health Plan will acknowledge all non-urgent pre-service and post-service Grievances and Appeals within seven days of receipt and resolve within 30 days or sooner depending on the clinical urgency. Urgent medical conditions and concurrent care have different resolution timelines as noted below.

Urgent Medical Conditions: If you believe your health would be seriously harmed by waiting for Providence Health Plan's decision on your Grievance or Appeal of a denied Prior Authorization or Concurrent Care request, you may request an expedited review by calling Customer Service at 503-574-7500 or 800-878-4445 outside of the Portland area. If your Appeal is urgent and qualifies for external review, you may request to have both your internal and external Appeal expedited at the same time. Providence Health Plan will let you know by phone and letter if your case qualifies for an expedited review. If it does, you will be notified of the decision within 72 hours of receiving your request.

Grievances and Appeals Involving Concurrent Care Decisions: If Providence Health Plan has approved an ongoing course of treatment for you and determines through medical management procedures to reduce or terminate that course of treatment, Providence Health Plan will provide advance notice to you of that decision. You may request reconsideration of the decision by submitting an oral or written request at least 24 hours before the course of treatment is scheduled to end. Providence Health Plan will then notify you of the reconsideration decision within 24 hours of receiving your request.

7.2.2 Internal Grievance or Appeal

You must file your internal Grievance or Appeal within 180 days of the date on the notice of the initial Adverse Benefit Determination, or that initial determination will become final. Please advise Providence Health Plan of any additional information that you want considered in the review process. If you are seeing an Out-of-Network Provider, you should contact the provider's office and arrange for the necessary records to be forwarded to Providence Health Plan for the review process. Your Grievance or Appeal will be reviewed by Providence Health Plan staff not involved in the initial determination. You may present your case in writing. Once a final determination is made you will be sent a written explanation of the decision.

7.2.3 External Review

If you are not satisfied with the internal Grievance or Appeal decision and your Appeal is of an Adverse Benefit Determination that involves (a) Medically Necessary treatment, (b) Experimental/Investigational treatment, (c) an active course of treatment for purposes of continuity of care, (d) whether a course of treatment is delivered in an appropriate setting at an appropriate level of care or (e) an exception to the Plan's prescription drug formulary, you may request an external review by an IRO. Your request must be made in writing within 180 days of receipt of the internal Grievance or Appeal decision, or that internal decision will become final. If you agree, Providence Health Plan may waive the requirement that you exhaust the internal review process before beginning the External Review process. Providence Health Plan will notify the Oregon Insurance Division within two business days of receiving your request for external review, at which point an IRO will be assigned to the case by the Oregon Insurance Division and Providence Health Plan will forward complete documentation regarding the case to the IRO.

If you request an external review you must agree to authorize release of medical records needed by the IRO and submit any additional information to the IRO no later than five days after the appointment of the IRO, or 24 hours in cases of expedited review. The IRO is entirely independent of the Plan and Providence Health Plan and performs its review under a contract with the Oregon Insurance Division. The IRO will notify you and Providence Health Plan of its decision within three days for expedited reviews and within 30 days when not expedited. **The Plan and Providence Health Plan agree to be bound by and to comply with the IRO decision when the decision involves, (a) Medically Necessary treatment, (b) Experimental/Investigational treatment, (c) an active course of treatment for purposes of continuity of care, (d) whether a course of treatment is delivered in an appropriate setting at an appropriate level of care or (e) an exception to the Plan's prescription drug formulary.**

The Plan pays all costs for the handling of external review cases and Providence Health Plan administers these provisions in accordance with the insurance laws and regulations of the State of Oregon. **If we do not comply with the IRO decision, you have the right to sue us under applicable Oregon law.**

8. ELIGIBILITY AND ENROLLMENT

This section outlines who is eligible for coverage, and how and when to enroll yourself and your Eligible Family Dependents. No benefits shall be available to anyone not enrolled under this Plan. You and your Employer must provide Providence Health Plan with evidence of eligibility as requested.

8.1 EMPLOYEE ELIGIBILITY AND ENROLLMENT

8.1.1 Employee Eligibility Date

An employee is eligible for coverage as specified in the Eligible Employee definition.

8.1.2 Employee Effective Date

Coverage begins for an Eligible Employee as specified in the Effective Date of Coverage definition.

8.1.3 Employee Enrollment

The Eligible Employee must enroll on forms (paper or electronic) provided and/or accepted by Clackamas County. To obtain coverage, an Eligible Employee must enroll within 30 days to enroll after becoming eligible. An enrolled Eligible Employee is referred to as the Subscriber.

If you decline coverage or fail to enroll when you first become eligible, the next earliest time you may enroll is the next occurring Open Enrollment Period.

In certain situations, you and/or your Eligible Family Dependents may qualify to enroll during a special enrollment period. See section 8.3 for additional information.

8.2 DEPENDENT ELIGIBILITY AND ENROLLMENT

8.2.1 Eligibility Date

Coverage begins for each Eligible Family Dependent on:

1. The Effective Date of Coverage for the Subscriber if the individual is an Eligible Family Dependent on that date;
2. For any Eligible Family Dependents acquired on the date of the Subscriber's marriage, on the first day of the calendar month following receipt of the enrollment request, within 60 days of the subscriber's marriage;
3. The date of birth of the biological child of the Subscriber or Spouse;
4. The date a child is placed with the Subscriber or Spouse for the purpose of adoption by the Subscriber or Spouse;
5. The date the Subscriber or Spouse is required to provide health coverage to a child under a qualified medical child support court or administrative order; or
6. The date on which legal guardianship status begins.

8.2.2 Additional Requirements for Eligible Family Dependent Coverage

An Eligible Employee may cover Eligible Family Dependents ONLY if the Eligible Employee is also covered, and Clackamas County receives the completed enrollment form requesting Dependent coverage.

8.2.3 Eligible Family Dependent Enrollment

You must enroll Eligible Family Dependents on forms provided and/or accepted by Clackamas County. No Eligible Family Dependent will become a Member until Clackamas County approves that Eligible Family Dependent for coverage. To obtain coverage, the Eligible Family Dependent must enroll within 30 after becoming eligible as indicated in section 8.2.1 (see section 8.2.4 regarding newborn and adopted children). The next earliest time your Eligible Family Dependent may enroll is the next occurring Open Enrollment Period. In addition, an Eligible Employee and/or Eligible Family Dependent may qualify to enroll during a special enrollment period as described in section 8.3.

8.2.4 Newborn Eligibility and Enrollment

A newborn or adopted child of a Member who meets the definition of an Eligible Family Dependent is eligible for coverage from the date of birth or placement for the purpose of adoption as long as enrollment occurs within 60 days from birth or placement and additional Premium, if any, is paid to Clackamas County. If the enrollment and payment of additional Premium, if any, are not accomplished within this time period, no Services will be covered for the child. Enrollment after this time period may be accomplished as outlined in sections 8.2.3 and 8.3.

8.2.5 Open Enrollment Period

Clackamas County will provide an Open Enrollment Period each Plan Year. The Effective Date of Coverage for new Members who enroll during the Open Enrollment Period is the first day of the Plan Year for which they enroll.

8.2.6 Changes in Eligibility

When an eligibility change occurs, you need to make sure Clackamas County is notified of the change. Address changes can be made by contacting Clackamas County Benefits & Wellness.

For the following changes, you, as the Subscriber, must obtain an enrollment form from Clackamas County's benefit office. You need to submit this form to your Employer for you and all your Eligible Family Dependents when:

- You marry and wish to enroll your new Spouse;
- A Dependent's limiting age occurs; or
- You or one of your Dependents has a legal name change.

If you have questions regarding eligibility changes, please contact Clackamas County Benefits & Wellness.

8.2.7 Members No Longer Eligible for Coverage

If you divorce or are legally separated, your Spouse is no longer eligible for coverage as a Dependent. You must disenroll your Spouse as a Dependent from your Plan at the time the divorce or legal separation is final. Your Spouse's children will be able to continue coverage under the Plan so long as the children continue to qualify as your Eligible Family Dependents.

You must inform Clackamas County of these changes by completing a new enrollment form. Check with Clackamas County's benefits office or contact Customer Service to determine

the effective date of any enrollment or disenrollment.

Those who no longer qualify as your Eligible Family Dependents may be eligible to continue coverage as described under section 10. Ask Clackamas County or call Customer Service for continuation coverage eligibility information.

8.3 SPECIAL ENROLLMENT PERIODS

If you declined enrollment for yourself as a Subscriber or for an Eligible Family Dependent (including your Spouse) during a previous enrollment period (as stated in sections 8.1 and 8.2), you may be eligible to enroll yourself or the Eligible Family Dependent during a “special enrollment period” provided that you request enrollment within 60 days of the qualifying event and meet the applicable requirements stated in this section.

In instances where an Eligible Family Dependent of a Subscriber qualifies for a “special enrollment period,” the Subscriber and the Eligible Family Dependent may:

- Enroll in the coverage currently elected by the Subscriber; or
- Enroll in any benefit option offered by the Employer for which the Subscriber and Eligible Family Dependent is eligible.

8.3.1 Loss of Other Coverage

If you declined enrollment for yourself as a Subscriber or for an Eligible Family Dependent (including your Spouse) because of other health coverage and you lose that other coverage, the Plan will provide a “special enrollment period” for you and/or your Eligible Family Dependent if:

- a) The person was covered under a group health plan or had other health coverage (includes benefits consisting of medical care under any hospital or medical services policy or certificate, or HMO) at the time coverage under this policy was first offered to the person; and
- b) The person stated in writing that coverage under such group health plan or health coverage was the reason for declining enrollment; but only if the Plan required such a statement and provided the person with notice of such requirement (and the consequences of such requirement) at such time; and
- c) Such coverage:
 - was under a COBRA Continuation provision and the coverage under such a provision was exhausted, except when the person failed to pay timely premium, or if coverage terminated for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact); or
 - was not under a COBRA Continuation provision and the coverage was terminated as a result of:
 1. The individual’s loss of eligibility for the coverage; including as a result of legal separation, divorce, death, termination of employment, or a reduction in the number of hours of employment; except when the person failed to pay timely premium or if coverage terminated for cause (such as making a fraudulent claim or an intentional misrepresentation of material fact); or
 2. The individual’s loss of eligibility for coverage under the Children’s Health Insurance Program (CHIP), Medicaid, Medicare, TRICARE, Indian Health Service or domestic or foreign publicly sponsored or subsidized

- health plan; including but not limited to the Oregon Health Plan (OHP); and the individual applies for coverage under this Plan within 63 days of the termination of such coverage; or
3. The termination of contributions toward such coverage by the current or former Employer; or
 4. The individual incurring a claim that exceeds the lifetime limit on benefits; and the individual applies for coverage under this Plan within 60 days after the claim is denied.

Effective Date: Coverage under this Plan will take effect on the first day after the other coverage ended.

8.3.2 New Dependents

If you were eligible to enroll as a Subscriber under this Plan, but did not enroll during a previous enrollment period, and a person becomes your Eligible Family Dependent through marriage, birth, adoption or placement for adoption; the Plan will provide a “special enrollment period” during which you and your Eligible Family Dependent(s) may enroll under this Plan.

The “special enrollment period” shall be a period of 60 days and begins on the later of:

- the date Dependent coverage is made available under this Plan; or
- the date of the marriage, birth, or adoption or placement for adoption.

Effective Date:

- in the case of marriage, on the first day of the calendar month following Clackamas County’s receipt of the enrollment request, or on an earlier date as agreed to by Clackamas County; or
- in the case of a Dependent’s birth, on the date of such birth; or
- in the case of a Dependent’s adoption or placement for adoption, the date of such adoption or placement for adoption; or
- in the case of legal guardianship of a Dependent, the date such legal guardianship status begins.

8.3.3 Court Orders

If you were eligible to enroll as a Subscriber under this Plan, but did not enroll during a previous enrollment period, and a court orders you to provide coverage for a Spouse or minor child under your Health Benefit Plan, the Plan will provide a “special enrollment period” for you and the Spouse or minor child you are ordered to provide coverage for if you request enrollment within 60 days after the issuance of the court order.

Effective Date: The date specified in the court order.

8.3.4 Premium Assistance

If you or your Eligible Family Dependent were eligible to enroll under this Plan but did not enroll during a previous enrollment period, and you or your Eligible Family Dependent becomes entitled to group health plan premium assistance under a Medicaid-sponsored or Children’s Health Insurance Program (CHIP)-sponsored arrangement, the Plan will provide a “special enrollment period” for you and your Family Member(s) if you request enrollment

within 60 days after the date of entitlement.

8.4 LEAVE OF ABSENCE AND LAYOFFS

A Subscriber on leave of absence or layoff status may continue to be covered under this Plan as though actively at work for a period of time, if any, as stated in the Eligible Employee definition. An Employee who returns to work as an Eligible Employee after coverage has lapsed must re-enroll for coverage as specified in section 8.1.3.

For the Subscriber, a leave of absence granted under the federal Family and Medical Leave Act (FMLA), the Uniformed Services Employment and Reemployment Rights Act (USERRA), is administered in accordance with those Acts and this Summary Plan Description.

9. TERMINATION OF MEMBER COVERAGE

9.1 TERMINATION DATES

Termination of Member coverage under this Plan will occur on the earliest of the following dates:

1. The date this Plan terminates;
2. The last day of the coverage period in which a Subscriber terminates employment with Clackamas County;
3. The last day of the coverage period in which a Subscriber no longer qualifies as a Subscriber, as stated in the Summary Plan Description;
4. The date a Member enters full-time military, naval or air service, except as provided under federal USERRA requirements;
5. The last day of the coverage period in which a Subscriber retires;
6. The last day of the month in which the Subscriber makes a written request for termination of coverage to be effective for the Subscriber or Member;
7. For a Family Member, the date the Subscriber's coverage terminates;
8. For a Family Member, the last day of the month in which the individual no longer qualifies as an Eligible Family Dependent;
9. For any benefit, the date the benefit is deleted from this Plan;
10. For a Member, the date of disenrollment from this Plan as described in section 9.4;
11. For a Member, the date any fraudulent information is provided; or
12. For a Member, the date we discover any breach of contractual duties, conditions or warranties, as determined by us.
13. For a Subscriber that is a Non-Medicare Eligible Early Retiree, the last day of the month in which the Retiree becomes eligible for Medicare.

You and the Employer are responsible for advising Clackamas County of any changes in eligibility including the lack of eligibility of a Family Member. Coverage will not continue beyond the last date of eligibility, regardless of the lack of notice to Clackamas County.

See section 7, Problem Resolution, for your Grievance and Appeal rights.

9.2 TERMINATION AND RESCISSION OF COVERAGE DUE TO FRAUD OR ABUSE

Coverage under this Plan, either for you or for your covered Dependent(s), may be rescinded (meaning your coverage is retroactively canceled) or terminated in case of a fraud or intentional misrepresentation of material fact by you or by your covered Dependent in obtaining, or attempting to obtain, benefits under this Plan.

If coverage is rescinded, the Plan will retain any money you paid for coverage as liquidated damages and will have the right to recover from you or from your covered Dependents the benefits paid as a result of such wrongful activity. Providence Health Plan will provide all affected Plan participants with 30 days' notice before rescinding coverage.

9.3 NON-LIABILITY AFTER TERMINATION

Upon termination of this Plan, Clackamas County shall have no further liability beyond the effective date of the termination unless the Member continues, without lapse of membership, under another Clackamas County plan.

9.4 DISENROLLMENT FROM THIS PLAN

“Disenrollment” means that your coverage under this Plan is terminated because you have engaged in fraudulent, dishonest or threatening behavior, such as:

1. You have filed a false claim with the Plan;
2. You willfully fail to provide information or documentation required to be provided under this Plan or knowingly provide incorrect or incomplete information;
3. You have committed an act of physical or verbal abuse that poses a threat to providers, to other Members, or to Clackamas County or Providence Health Plan employees; or
4. You have allowed a non-Member to use your Member ID Card to obtain Services.

9.5 NOTICE OF CREDITABLE COVERAGE

Providence Health Plan will provide upon request written certification of the Member’s period of Creditable Coverage when:

- A Member ceases to be covered under this Plan;
- A Member on COBRA coverage ceases that coverage; and
- A Member requests a Notice of Creditable Coverage within 24 months of the termination of coverage.

9.6 CLACKAMAS COUNTY’S RIGHT TO TERMINATE OR AMEND PLAN

Clackamas County reserves the right at any time to terminate or amend in whole or part any of the provisions of the Plan or any of the benefits provided under the Plan. Any such termination or amendment may take effect retroactively or otherwise. In the event of a termination or reduction of benefits under the Plan, the Plan will be liable only for benefit payments due and owing as of the effective date of such termination or reduction and no payments scheduled to be made on or after such effective date will result in any liability to the Plan or Clackamas County.

10. CONTINUATION OF GROUP MEDICAL BENEFITS

If you become ineligible for coverage under this Plan you may, under certain circumstances, continue group coverage. There are specific requirements, time frames and conditions that must be followed in order to be eligible for continuation of group coverage and which are generally outlined below. Please contact Clackamas County as soon as possible for details if you think you may qualify for group COBRA or state continuation coverage.

10.1 COBRA CONTINUATION COVERAGE

The Consolidated Omnibus Budget Reconciliation Act (COBRA) is a federal law that applies to most Employers with 20 or more employees. Some Employers, such as church groups and state agencies, may be exempt from COBRA. The law requires that Employers subject to COBRA offer Employees and/or their Dependents continuation of medical and dental coverage in certain instances where there is a loss of group coverage.

10.1.1 Subscriber's Continuation Coverage

A Subscriber who is covered under this Plan may elect continuation coverage under COBRA if coverage is lost due to termination of employment (other than for gross misconduct) or a reduction in work hours.

10.1.2 Spouse's or Domestic Partner's Continuation Coverage

A Spouse or Domestic Partner who is covered under this Plan has the right to elect continuation coverage under COBRA if coverage is lost for any of the following qualifying events:

- The death of the Subscriber;
- The termination of the Subscriber's employment (for reasons other than gross misconduct) or reduction in hours;
- The divorce or legal separation of the Subscriber and the Spouse;
- Termination of the domestic partnership; or
- The Subscriber becomes covered under Medicare.

10.1.3 Dependent's Continuation Coverage

A Dependent child who is covered under this Plan has the right to continuation under COBRA if coverage is lost for any of the following qualifying events:

- The death of the Subscriber;
- The termination of the Subscriber's employment (other than for gross misconduct) or reduction in a Subscriber's hours;
- The Subscriber's divorce or legal separation;
- Termination of the domestic partnership;
- The Subscriber becomes covered under Medicare; or
- The child ceases to qualify as an Eligible Family Member under this Plan.

A newborn child or a child placed for adoption who is properly enrolled under the terms of this Plan during the COBRA continuation period will be a qualified beneficiary.

10.1.4 Notice Requirements

A Family Member's coverage ends on the last day of the month in which a divorce, legal separation or termination of domestic partnership occurs or a child loses Dependent status under this Plan. **Under COBRA, you or your Family Member has the responsibility to notify Clackamas County if one of these events occurs.** Written notice must be given no later than 60 days after the loss of coverage has occurred, or the qualifying event, whichever is later. Oral notice is not binding until confirmed in writing. If notice is not timely given, continuation coverage will not be available.

When Clackamas County receives notification of one of the above "qualifying" events, you will be notified that you or your Family Member, as applicable, have 60 days from the date coverage is lost or the date you receive the notice, whichever is later, to elect continuation coverage. If this election is not made within this 60-day period, your right to elect continuation coverage under this Plan will be lost.

10.1.5 Type of COBRA Continuation Coverage

A qualified beneficiary will be provided the same coverage that was in effect immediately prior to the qualifying event.

10.1.6 COBRA Election Rights

A Subscriber or their Spouse or Domestic Partner may elect continuation coverage for all covered Family Members. In addition, each Family Member has an independent right to elect COBRA. Thus, a Family Member may elect continuation coverage even if the Subscriber does not.

10.1.7 COBRA Premiums

If you are eligible for COBRA continuation coverage, you do not have to show that you are insurable (that you do not have any serious health conditions). However, you must pay the full premium for your continuation coverage, including the portion of the premium Clackamas County was previously paying. After you elect COBRA, you will have 45 days from the date of election to pay the first premium. You must pay the premium back to the point you would otherwise have lost coverage under this Plan. After that, you must pay the premium for each month as of the first of the month, and in all events within 30 days. If you fail to pay your monthly premium, you will be notified that your coverage is being terminated.

10.1.8 Length of COBRA Continuation Coverage

18-Month Continuation Period

When coverage ends due to a Subscriber's termination of employment (other than for gross misconduct) or a reduction in hours, the continuation period for the Subscriber and all covered Family Members will be 18 months from the date of the qualifying event, or the date coverage is lost, whichever is later.

29-Month Continuation Period

If a qualified beneficiary is disabled, continuation coverage for that qualified beneficiary and their covered Family Members may continue for up to 29 months from the date of the original qualifying event, or loss of coverage, whichever is later. The 29-month period applies only if the following conditions are met:

- The Social Security Administration (SSA) determines that the qualified beneficiary is disabled at any time prior to the qualifying event or during the first 60 days of COBRA continuation coverage; and
- The qualified beneficiary provides Clackamas County with a copy of the SSA determination within the initial 18-month continuation period and not later than 60 days after the SSA determination was issued.

The premium for COBRA continuation coverage may increase after the 18th month to 150% of the otherwise applicable amount.

If the SSA makes a final determination of non-disability, the qualified beneficiary must notify the COBRA Administrator within 30 days.

36-Month Continuation Period

If a Spouse, Domestic Partner or Dependent child loses coverage because of any of the following reasons, COBRA provides for up to 36 months of continuation of coverage:

- The Subscriber's death;
- The Subscriber's eligibility for Medicare;
- Divorce or legal separation;
- Termination of the domestic partnership; or
- A child becomes ineligible for Dependent coverage.

10.1.9 Extension of Continuation Period

If a second qualifying event occurs during the initial 18- or 29-month continuation period (for example, the death of the employee, divorce, or child loses status as an Eligible Family Member under the Plan), coverage for a qualified beneficiary may be extended up to 36 months. However, in no case will the continuation coverage exceed 36 months from the date of the original qualifying event.

If a Spouse or Dependent child has continuation coverage due to the employee's termination or reduction in hours and if the qualifying event occurred within 18 months after the employee became entitled to Medicare, the coverage period is extended to 36 months from the employee's Medicare entitlement date.

10.1.10 Trade Act of 2002

The Trade Act of 2002 created a new tax credit for certain individuals who become eligible for trade adjustment assistance (TAA). TAA allows workers displaced by the impact of foreign trade, and individuals age 55 or older who are receiving pension benefits paid by the Pension Benefit Guaranty Corporation (PBGC), to elect COBRA coverage during the 60-day period that begins on the first day of the month in which the individual first becomes eligible for TAA benefits. Eligible individuals can either take a tax credit or get advance payment of sixty-five percent of premiums paid for qualified health insurance, including continuation coverage. If you have questions about these tax provisions, you may call the Health Care Tax

Credit Customer Contact Center toll-free at 866-628-4282. TTD/TTY caller may call toll-free at 866-626-4282. More information about the Trade Act is also available at <http://www.doleta.gov/tradeact/>.

10.1.11 When COBRA Continuation Coverage Ends

COBRA Continuation coverage will end automatically for you and your Family Members when any of the following events occurs:

- Clackamas County no longer provides health coverage to any employees;
- The premium for the continuation coverage is not paid on time;
- The qualified beneficiary (employee, spouse or dependent child) later becomes covered under another health plan;
- The qualified beneficiary (employee, spouse, or dependent child) later becomes entitled to Medicare;
- The earliest date that the qualified beneficiary no longer qualifies for such coverage in accordance with the federal COBRA regulations; or
- The applicable maximum period of continuation coverage occurs.

11.2 INFORMATION FOR NON-ERISA MEMBERS (PARTICIPANTS)

The following information applies to Members (participants) who are covered by a plan that is not subject to ERISA.

As a participant in Clackamas County's Group Plan, you are entitled to certain rights and protections under Oregon law, which provides that all Plan participants are entitled to:

- 1. Receive from Providence Health Plan information maintained about you by your Employer's group plan**
 - You are entitled within 30 days to access to recorded personal information, provided you request it in writing and reasonably describe the information.
 - You may obtain copies, subject to paying a reasonable copying charge.
 - You are entitled to know to whom we may have disclosed any such information.
 - You are entitled to correct any errors in the information.

2. Continue group health coverage

- Continue health care coverage for yourself, Spouse or Dependents under the circumstances described in section 10.1.

3. Enforce your rights

If your claim for a plan benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to Appeal any denial, all within certain time schedules.

As more fully described in section 7, the Plan offers a Grievance process that attempts to resolve the concerns Members may have about claims decisions. No civil action may be brought to recover benefits from this Plan until receipt of a final decision under the Member Grievance and Appeal process specified in section 7.2 of this Summary Plan Description. If the Member elects to seek external review under section 7.2.4, both the Plan and the Member will be bound by the Independent Review Organization (IRO) decision. No civil action may be brought later than three years after the date of the last decision rendered under the Member Grievance and Appeal process specified in section 7.2.

Member's sole right of Appeal from a final Grievance determination, other than a determination referred for binding determination by an independent review organization, shall be to an Oregon state court, either in the Member's county of residence or such other county as mutually agreed upon between the Member and the Plan. In the alternative, Member may request that the Plan agree to submit the dispute to binding arbitration before a single arbitrator appointed by the United States Arbitration & Mediation Service (USA&M) under Oregon law in the Member's county (unless otherwise mutually agreed) in accordance with USA&M's Rules for Arbitration. If arbitration is mutually agreed upon the arbitrator's decision shall be final and legally binding and judgment may be entered thereon. Irrespective of whether the Grievance is appealed to a court or an arbitrator, neither party shall under any circumstance be liable to the other for any special, incidental, or consequential damages, or for any tort liability (including any punitive or exemplary damages), in any way related to this Plan.

12. QUALIFIED MEDICAL CHILD SUPPORT ORDERS (QMCSO)

A child of an Eligible Employee will be enrolled in the Plan as required by a qualified medical child support order. The procedures and rules regarding this enrollment are described in this section.

12.1 DEFINITIONS

For purposes of this section, the following definitions shall apply:

“Alternate Recipient” means any child of an employee who is recognized under an Order as having a right to enrollment under the Plan with respect to such employee.

An “Order” means any judgment, decree, or order (including approval of a settlement agreement) issued by a court of competent jurisdiction (or through an administrative process established under a state law which has the effect of a court order) which:

- Provides for child support with respect to a child of an employee under the Plan or provides for health benefit coverage to such a child, is made pursuant to a state domestic relations law (including a community property law), and relates to benefits under the Plan; or
- Enforces a state law relating to medical child support with respect to the Plan.

A “Qualified Medical Child Support Order” or “QMCSO” means an Order:

- Which creates or recognizes the existence of an Alternate Recipient’s right to receive, or assigns to an Alternate Recipient the right to receive, benefits for which an employee or beneficiary is eligible under the Plan; and
- With respect to which Clackamas County has determined satisfies the QMSCO standards set forth below.

“Procedures” means the Qualified Medical Child Support Order procedures as prescribed in this section.

“Designated Representative” means a representative designated by an Alternate Recipient to receive copies of notices that are sent to the Alternate Recipient with respect to an Order.

12.2 NOTICE UPON RECEIPT OF ORDER

Upon the receipt of any Order, Clackamas County will promptly notify the employee and each Alternate Recipient identified in such Order of the receipt of such Order, and will further furnish them each with a copy of these Procedures. If the Order or any accompanying correspondence identifies a Designated Representative, then copies of the acknowledgment of receipt notice and these Procedures will also then be provided to such Designated Representative.

12.3 NOTICE OF DETERMINATION

Within a reasonable period after its receipt of the Order, Clackamas County will determine whether the Order satisfies the QMCSO standards described below so as to constitute a QMCSO, and shall thereupon notify the employee, each Alternate Recipient, and any Designated Representative of such determination.

An Order will not be deemed to be a QMCSO unless the Order:

(a) Clearly specifies:

1. The name and last known mailing address (if any) of the employee and of each Alternate Recipient covered by the Order (or the name and mailing address of a State or agency official acting on behalf of the Alternate Recipient);
2. Either a reasonable description of the type of coverage to be provided under the Plan to each Alternate Recipient, or the manner in which such type of coverage is to be determined; and
3. The period to which the Order applies.

(b) Does not require the Plan to provide any type or form of benefit, or any option, not otherwise provided under the Plan, except to the extent that the Order pertains to the enforcement of a state law relating to a medical child support.

If an Order contains inconsistencies or ambiguities that might pose a risk of future controversy or liability to the Plan, the Order will not be considered to be a QMCSO.

12.4 ENROLLMENT OF ALTERNATE RECIPIENT

An Alternate Recipient with respect to an Order determined to be a QMCSO who properly submits the applicable enrollment forms to Clackamas County will become covered under the Plan to which such Order applies as soon as practicable after the applicable enrollment forms are received. An Alternate Recipient will be eligible to become covered under the Plan as of a particular date without regard to any open enrollment period restrictions otherwise applicable under the Plan.

12.5 COST OF COVERAGE

An Alternate Recipient will be treated as having been voluntary enrolled in the Plan by the employee as a dependent of such employee, including in regard to the payment by the employee for dependent coverage under the Plan. The amount of any required contributions to be made by the Employee for coverage under the Plan will be determined on the basis of the Alternate Recipient being treated as the employee's covered dependent. Any additional required contribution attributable to the coverage of the Alternate Recipient will not be separately charged. Rather, the full amount of the required contribution shall be paid by the employee in accordance with the payroll deduction or other procedures of the Plan as pertaining to the employee.

12.6 REIMBURSEMENT OF PLAN EXPENSES

Unless the terms of the Order provide otherwise, any payments to be from the Plan as reimbursement for group health expenses paid either by the Alternate Recipient, or by the custodial parent or legal guardian of the Alternate Recipient, will not be paid to the employee. Rather, such reimbursement will be paid either to the Alternate Recipient, or to the custodial parent or legal guardian of such Alternate Recipient. However, if the name and address of a State or agency official has been substituted in the Order for that of the Alternate Recipient, then the reimbursement will be paid to such named official.

12.7 STATUS OF ALTERNATE RECIPIENT

An Alternate Recipient under a QMCSO generally will be considered a beneficiary of the

Employee under the Plan to which the Order pertains.

12.8 TREATMENT OF NATIONAL MEDICAL SUPPORT NOTICE

If Clackamas County receives an appropriately completed National Medical Support Notice (a “National Notice”) issued pursuant to the Child Support Performance and Incentive Act of 1998 in regard to an employee who is a non-custodial parent of a child, and if the National Notice is determined by Clackamas County to satisfy the QMCSO standards prescribed above, then the National Notice shall be deemed to be a QMCSO respect to such child.

Clackamas County, upon determining that the National Notice is a QMCSO, shall within forty (40) business days after the date of the National Notice notify the State agency issuing the National Notice of the following:

- (a) Whether coverage of the child at issue is available under the terms of the Plan, and if so, as to whether such child is covered under the Plan; and
- (b) Either the effective date of the coverage or, if necessary, any steps to be taken by the custodial parent (or by the State or agency official acting on behalf of the child) to effectuate the coverage under the Plan.

Clackamas County shall within such time period also provide to the custodial parent (or such substituted official) a description of the coverage available and any forms or documents necessary to effectuate such coverage.

Nothing in this section shall be construed as requiring the Plan, upon receipt of a National Notice, to provide benefits under the Plan (or eligibility for such benefits) in addition to benefits (or eligibility for benefits) provided under the terms of the Plan as in effect immediately before receipt of such National Notice.

13. GENERAL PROVISIONS

13.1 CONFLICTS OF PROVISIONS

In the event that one or more provisions of this document conflict with one or more provisions of any other plan document, the provisions of this document, as from time to time amended, shall control.

13.2 CONTROLLING STATE LAW

To the extent not preempted by federal laws, the laws of the State of Oregon shall apply and shall be the controlling state law in all matters relating to the Plan.

13.3 DUPLICATING PROVISIONS

If any charge is described as covered under two or more benefit provisions, the Plan will pay only under the provision allowing the greater benefit. This may require a recalculation based upon both the amounts already paid and the amounts due to be paid. The Plan has NO liability for benefits other than those this Plan provides.

13.4 FAILURE TO PROVIDE INFORMATION OR PROVIDING INCORRECT OR INCOMPLETE INFORMATION

Members warrant that all information contained in applications, questionnaires, forms, or statements submitted to Clackamas County and to Providence Health Plan to be true, correct, and complete. If a Member willfully fails to provide information required to be provided under this Plan or knowingly provides incorrect or incomplete information, then the Member's rights may be terminated. See section 9.4.

13.5 GENDER AND NUMBER

Masculine gender shall include the feminine and neuter, the singular shall include the plural, and the plural shall include the singular, unless the context clearly indicates otherwise.

13.6 HEADINGS

All article and section headings in the Plan are intended merely for convenience and shall in no way be deemed to modify or supplement the actual terms and provisions set forth there under.

13.7 LEGAL ACTION

No civil action may be brought under state or federal law to recover benefits from the Plan until receipt of a final decision under the Member Grievance and Appeal process specified in section 7.2 of the Summary Plan Description, unless the Member's benefits under the Plan are subject to the Employee Retirement Income Security Act (ERISA), in which case the Member is permitted either to bring a civil action under ERISA in federal court after receiving a decision from the First Level of Appeal or to bring such an action after receipt of a final grievance decision. An appeal from a final Grievance decision may lie with an Independent Review Organization (IRO). In the event a right to IRO review exists and the Member elects to seek such review, the IRO decision will be binding and final, as indicated in section 7.2.4. No civil action under ERISA or otherwise may be brought later than three years after the date of the last decision rendered under the Member Grievance and Appeal process specified in section 7.2. If ERISA does not apply (see section 11.2), the action must be brought in Oregon state court, either in the Member's county of residence or such other county as mutually agreed upon between Member and the Plan. In general, ERISA applies if this is an employer-sponsored plan, other than a government plan or church plan.

13.8 LIMITATIONS AND PROVISIONS

The provisions of the Plan and any benefits provided by the Plan shall be limited as described herein. Any benefit payable under any other employee benefits plan maintained by Clackamas County shall be paid solely in accordance with the terms and provisions of such plan, and nothing in this Plan shall operate or be construed in any way to modify, amend, or affect the terms and provisions of such other plan.

13.9 MEMBER RESPONSIBILITY

It is your responsibility to read and to understand the terms of this Plan. Neither Clackamas County nor Providence Health Plan will have any liability whatsoever for your misunderstanding, misinterpretation or ignorance of the terms, provisions and benefits of this Plan. If you have any questions or are unclear about any provision concerning this Plan, please contact Providence Health Plan. They will assist you in understanding and complying with the terms of the Plan.

13.10 MEMBERSHIP ID CARD

The membership ID card is issued by Providence Health Plan for Member identification purposes only. It does not confer any right to Services or other benefits under this Plan.

13.11 NON-TRANSFERABILITY OF BENEFITS

No person other than a Member is entitled to receive benefits under this Plan. Such right to benefits is nontransferable.

13.12 NO GUARANTEE OF EMPLOYMENT

Neither the maintenance of the Plan nor any part thereof shall be construed as giving any employee covered hereunder any right to remain in the employ of Clackamas County. No shareholder, director, officer, or employee of Clackamas County in any way guarantees to any Member or beneficiary the payment of any benefit or amount which may become due in accordance with the terms of the Plan.

13.13 NO RECOURSE FOR ACTS OF PROVIDERS

The Hospitals, Skilled Nursing Facilities, physicians and other persons or organizations providing Services to you do so as independent contractors. Neither Clackamas County nor Providence Health Plan is liable for any claim or demand due to damages arising out of, or in any manner connected with, any injuries suffered by you while receiving such Services.

13.14 NON-WAIVER

No delay or failure when exercising or enforcing any right under this Plan shall constitute a waiver or relinquishment of that right, and no waiver or any default under this Plan shall constitute or operate as a waiver of any subsequent default. No waiver of any provision of this Plan shall be deemed to have been made unless and until such waiver has been reduced to writing and signed by the party waiving the provision.

13.15 NOTICE

Any notice required of Clackamas County or Providence Health Plan under this Plan shall be deemed to be sufficient if mailed to the Subscriber at the address appearing in the records of Providence Health Plan. Any notice required of you shall be deemed sufficient if mailed to the principal office of Providence Health Plan, P.O. Box 3125, Portland, OR 97208.

13.16 NOTICE REQUIRED FOR REIMBURSEMENT AND PAYMENT OF CLAIM

Plan payments for most Services are made directly to the providers of Services. Except as otherwise specifically provided in this Plan, if you are billed directly by an Out-of-Network Provider and you pay for benefits which are covered by this Plan, reimbursement from the Plan will be made only upon your written notice to Providence Health Plan of the payment. Payment will be made to the Member, subject to written notice of claim, or, if deceased, to the Member's estate, unless payment to other parties is authorized in writing by you. See section 6.1.1 regarding timely submission of claims.

13.17 PAYMENT OF BENEFITS TO PERSONS UNDER LEGAL DISABILITY

Whenever any person entitled to payments under the Plan is determined to be a minor or under other legal disability or otherwise incapacitated in any way so as to be unable to manage such person's financial affairs, or otherwise incapable of giving a valid receipt and discharge for any payment, the following provision shall apply. Providence Health Plan, in their discretion, may direct that all or any portion of such payments be made (i) to such person, (ii) to such person's legal guardian or conservator, or (iii) to such person's spouse or to any other person, in any manner considered advisable, to be expended for the person's benefit. PHP's decision will, in each case, be final and binding upon all persons. Any payment made pursuant to the power herein conferred shall operate as a complete discharge of the obligations under the Plan in respect thereof by Clackamas County and Providence Health Plan.

13.18 PHYSICAL EXAMINATION AND AUTOPSY

When reasonably required for purposes of claim determination, the Plan Sponsor shall have the right to make arrangements for the following examinations, at Plan expense, and to suspend the related claim determination until Providence Health Plan has received and evaluated the results of the examination:

- A physical examination of a Member; or
- An autopsy of a deceased Member, if not forbidden by law.

13.19 PROFESSIONAL REVIEW AND RIGHT TO EXAMINE RECORDS

All Members, by acceptance of the benefits of this Plan, shall be deemed to have consented to the examination of medical records for purposes of utilization review, quality assurance and peer review by Providence Health Plan or their designee.

All Members, for purposes other than utilization review, quality assurance and peer review, may be required to authorize any provider to give and discuss with Providence Health Plan any information relating to any condition for which benefits are claimed under this Plan. Providence Health Plan may transfer this information between providers or other organizations who are treating you or performing a Service on our behalf. If you do not consent to the release of records or to discussions with providers, Providence Health Plan will be unable to determine the proper payment of any benefits and will deny the claims accordingly. Consent to the release of records and discussion with providers is a condition of payment of any benefits. Neither the consent to, nor the actual examination of the records or discussion with providers will constitute a guarantee of payment.

13.20 REQUIRED INFORMATION TO BE FURNISHED

Each Member must furnish to Providence Health Plan such information as they consider necessary or desirable for purposes of administering the Plan, and the provisions of the Plan respecting any payments hereunder are conditional upon the prompt submission by the Member of such true, full and complete information as may be requested.

13.21 RIGHT OF RECOVERY

Providence Health Plan, on behalf of the Plan, has the right, upon demand, to recover payments in excess of the maximum benefits specified in this Plan or payments obtained through fraud, error, or duplicate coverage. If reimbursement is not made to the Plan, Providence Health Plan is authorized by Clackamas County to deduct the overpayment from future benefit payments under this Plan.

13.22 SEVERABILITY

Invalidation of any term or provision herein by judgment or court order shall not affect any other provisions, which shall remain in full force and effect.

13.23 STATE MEDICAID BENEFITS RIGHTS

Notwithstanding any provision of the Plan to the contrary:

- Payment for benefits with respect to a Member under the Plan shall be made in accordance with any assignment of rights made by or on behalf of such Member, as required by a State Medicaid Plan;
- The fact that an individual is eligible for or is provided medical assistance under a State Medicaid Plan shall not be taken into account in regard to the individual's enrollment as a Member or beneficiary in the Plan, or in determining or making any payments for benefits of the individual as a Member in the Plan; and
- Payment for benefits under the Plan shall be made to a state in accordance with any state law which provides that the state has acquired the rights with respect to a Member for items or services constituting medical assistance under a State Medicaid Plan.

For purposes of the above, a "State Medicaid Plan" means a state plan for medical assistance approved under Title XIX of the Social Security Act pursuant to Section 1912(a)(1)(A) of such Act.

13.24 SUGGESTIONS

You are encouraged to make suggestions to us. Suggestions may be oral or written and should be directed to the Customer Service Team at our administrative office.

13.25 VETERANS' RIGHTS

The Plan will provide benefits to employees entering into or returning from service in the armed forces as may be required under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA). In general, USERRA provides that:

Urgent Care means Services that are provided for unforeseen, non-life threatening, minor illnesses and injuries which require immediate attention, such as ear, nose and throat infections and minor sprains and lacerations.

Urgent Care Covered Services are provided when your medical condition meets the guidelines for Urgent Care that have been established by Providence Health Plan. Covered Services do NOT include Services for the inappropriate use of an Urgent Care facility, such as: services that do not require immediate attention, routine check-ups, follow-up care, and prescription drug requests.

Usual, Customary and Reasonable (UCR)

When a Service is provided by an In-Network Provider, UCR means charges based on the fee that Providence Health Plan has negotiated with In-Network Providers for that Service. UCR charges will never be less than Providence Health Plan's negotiated fees.

When a Service is provided by an Out-of-Network Provider, UCR charges will be determined, in Providence Health Plan's reasonable discretion, based on the lesser of:

1. The fee a professional provider usually charges for a given Service;
2. A fee which falls within the range of usual charges for a given Service billed by most professional providers in the same locality or region who have similar training and experience;
3. A fee which is based upon a percentage of the Medicare allowable amount;
4. A fee which is prevalent or which would not be considered excessive in a particular case because of unusual circumstances; or
5. The fee determined by comparing charges for similar Services to a regional or national database adjusted to the geographical area where the Service was performed.

UCR charges do not include sales taxes, handling fees and similar surcharges, and such taxes, fees and surcharges are not covered expenses.

Virtual Visit

Virtual Visit means a visit with a Provider using secure internet technology:

- **Phone and Video Visit:**
Phone and Video Visit means a Medically Necessary and appropriate consultation through phone and video with an In-Network or Out-of-Network Provider using Providence Health Plan approved secure technology. A Phone and Video Visit must relate to the treatment of a covered illness or injury (see also section 4.3.2).

Women's Health Care Provider

Women's Health Care Provider means an obstetrician or gynecologist, some Primary Care Providers (if they are licensed to provide obstetrical services), physician assistant specializing in women's health, advanced registered nurse practitioner specialist in women's health, certified nurse midwife, or licensed direct entry midwife practicing within the applicable lawful scope of practice.

1.2 GRANDFATHERED PLAN NOTICE

This Employer Group believes this Plan is a “grandfathered health plan” under the Patient Protection and Affordable Care Act (PPACA). As permitted by PPACA, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that this Plan may not include certain consumer protections of PPACA that apply to other Plans, for example, the requirement for the coverage of certain preventive health care services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in PPACA, for example, the elimination of the lifetime maximum benefit.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the employer or human resources department.

Non-ERISA plans: You may also contact the U.S. Department of Health and Human Services at www.healthreform.gov.

Thank you for choosing Providence Health Plan. We look forward to meeting your health care needs. Our goal is to help improve the health status of individuals in the communities in which we serve. This booklet contains important information about the health plan coverage offered to Clackamas County Peace Officer Association Employees and their Dependents.

2. WELCOME TO PROVIDENCE HEALTH PLAN

Thank you for choosing Providence Health Plan. We look forward to meeting your health care needs. Our goal is to help improve the health status of individuals in the communities in which we serve. This booklet contains important information about the health plan coverage offered to Clackamas County Peace Officer Association Employees and their Dependents.

2.1 CLACKAMAS COUNTY PEACE OFFICERS ASSOCIATION PERSONAL OPTION GRANDFATHERED PLAN

Your Plan allows you to receive Covered Services from In-Network Providers.

It is your responsibility to verify whether or not a physician/provider, Hospital or other facility is an In-Network Provider and whether or not the health care is a Covered Service even if you have been directed or referred for care by an In-Network Provider.

If you are unsure about a physician/provider's, Hospital's or other facility's participation with Providence Health Plan, visit our Provider Directory, available online at ProvidenceHealthPlan.com/findaprovider, before you make an appointment. You can also call Customer Service to get information about a provider's participation with Providence Health Plan and your benefits.

Whenever you visit a Provider:

- Bring your Providence Health Plan Member ID Card with you.
- Be prepared to make a Copayment at the time of visit if the office visit is subject to a Copayment.
- If your office visit is subject to a Coinsurance (a percentage of the amount billed for Services), you will most likely not be able to pay for what you owe at the time of your visit. Your provider's office will send you a bill for what you owe later. Some providers, however, may ask you to pay an estimate of what you may owe at the time you receive services, and bill or credit you for the balance later.

When we use the term “personal information,” we mean information that identifies you as an individual (such as your name and Social Security Number, as well as financial, health and other information about you that is nonpublic), which we obtain so we can provide you with the benefits and coverage under your Employer's plan. Providence Health Plan maintains policies that protect the confidentiality of personal information, including Social Security numbers, obtained from its Members in the course of its regular business functions.

Members may request to see or obtain their medical records from their provider. Call your physician's or provider's office to ask how to receive a copy.

Appointment of Authorized Representative

You are entitled to appoint an individual to act as your authorized representative to pursue any claim you have for benefits. To ensure privacy and to address other issues, Providence's policy on Appointment of Authorized Member Representatives, and the form for doing so, may be accessed through our website at <https://healthplans.providence.org/members/understanding-plans-benefits/benefit-basics/forms/>. The policy does not apply to an attorney at law retained by you directly to represent your interests with respect to your benefits, but does apply to attorneys who represents a medical service provider whose services are a part of the claim in issue.

Confidentiality and your Employer

In accordance with the federal privacy requirements of the Health Insurance Portability and Accountability Act (HIPAA), Providence Health Plan will not disclose a Member's protected health information (PHI) to the Employer or any agent of the Employer unless requested for the HIPAA allowed purpose of the Employer's obtaining bids from other health plans for further health coverage or for the Employer's modifying, amending, or terminating any benefit under the health plan.

Providence Health Plan may disclose a Member's PHI to an employer or any agent of the Employer if the disclosure is:

1. In compliance with the applicable provisions of HIPAA; and
2. Due to a HIPAA compliant authorization, the Member has completed to allow the Employer access to the Member's PHI; or
3. Consistent with the HIPAA privacy protections that are contained in the Employer's group health plan documents, as certified in writing to Providence Health Plan by the Employer. The details of this required certification can be reviewed at <https://healthplans.providence.org/about-us/privacy-notice-policies/protected-health-information-and-your-employer/>.

Providence Health Plan will disclose a Member's PHI with whom and in ways permitted by HIPAA. These uses are covered in detail in Providence Health Plan's Notice of Privacy Practices available online, or by mail if you request it.

3. HOW TO USE YOUR PLAN

Our goal is maintaining your health by promoting wellness and preventive care. We encourage you to work closely with one provider, your Primary Care Provider, who can provide most of your care, suggest specialist care and arrange for Hospital care or diagnostic testing.

This section describes how to use this Plan and how benefits are applied. The level of benefits for Covered Services is shown in the Benefit Summary and described in section 4 of this Summary Plan Description.

3.1 IN-NETWORK PROVIDERS

Providence Health Plan has contractual arrangements with certain physicians/providers, hospitals and facilities. Our agreements with these “In-Network Providers” enable you to receive quality health care for a reasonable cost.

For Services to be covered, you must receive Services from In-Network Providers. It is your responsibility to verify whether or not a physician/provider, hospital or other facility is an In-Network Provider even if you have been directed or referred for care by an In-Network Provider.

3.1.1 Nationwide Network of In-Network Providers

Providence Health Plan also has contractual arrangements with certain Qualified Practitioners, Hospitals and facilities nationwide. These arrangements allow you to receive Services when using In-Network Providers, even when you are outside of Oregon and southwest Washington.

3.1.2 Choosing an In-Network Provider

To choose an In-Network Provider, or to verify if a provider is an In-Network Provider, please refer to the Provider Directory, available online at ProvidenceHealthPlan.com/findaprovider. If you do not have access to our website, please call Customer Service to request In-Network Provider Information.

Your In-Network Provider will work with Providence Health Plan to arrange for any Prior Authorization requirements that may be necessary for certain Covered Services. For more information on Prior Authorization, see section 3.7.

3.1.3 Indian Health Services Providers

Native American Indian and Alaskan Native Members may also access Covered Services from Indian Health Services (IHS) facilities at no greater cost than if the Services were accessed from an In-Network Provider. For a list of IHS facilities, please visit the IHS website at www.ihs.gov, or contact the regional IHS office at:

Portland Area Indian Health Service
1414 NW Northrup St., Ste. 800
Portland, OR 97209
Telephone: 503-414-5555

3.2 THE ROLE OF A PRIMARY CARE PROVIDER

To encourage optimum health, we promote wellness and preventive care. We also believe wellness and overall health is enhanced by working closely with one physician or provider – your Primary Care Provider. Your Primary Care Provider can provide most of your care and, when necessary, coordinate care with other providers in a convenient and cost-effective manner. We recommend that upon joining Providence Health Plan you and each of your Family Members choose an In-Network Primary Care Provider as soon as possible.

3.2.1 Primary Care Providers

A Primary Care Provider is a Qualified Practitioner who specializes in family practice, general practice, internal medicine or pediatrics; a nurse practitioner; or a physician assistant, when providing services under the supervision of a physician, who agrees to be responsible for the continuing medical care by serving as case manager. Members may also choose a physician specializing in obstetrics or gynecology; a nurse practitioner; a certified nurse midwife; or a physician assistant specializing in women’s health care as their Primary Care Provider. Child Members may choose a physician specializing in pediatrics as their Primary Care Provider.

Primary Care Providers provide preventive care and health screenings, medical management of many chronic conditions, allergy shots, treatment of some breaks and sprains, and care for many major illnesses and nearly all minor illnesses and conditions. Many Primary Care Providers offer maternity care and minor outpatient surgery as well.

IMPORTANT NOTE: In-Network Primary Care Providers have a special agreement with us to serve as a case manager for your care. This means not all of our In-Network Providers with the specialties listed above are In-Network Primary Care Providers. Please refer to the Provider Directory, available online, for a listing of designated In-Network Primary Care Providers or call your Customer Service team to request a hard copy.

3.2.2 Established Patients with Primary Care Providers

If you and your family already see a provider, you may want to check the provider directory to see if your provider is an In-Network Primary Care Provider for Providence Health Plan. If your provider is participating with us, let their office know you are now a Providence Health Plan Member.

3.2.3 Selecting a New Primary Care Provider

We recommend that you choose a Primary Care Provider from our Provider Directory, available online, for each covered Family Member. Call the provider’s office to make sure they are accepting new patients. It is a good idea to have your previous physician or provider transfer your medical records to your new Primary Care Provider as soon as possible. The first time you make an appointment with your Primary Care Provider, let him or her know you are now a Providence Health Plan Member. On your first visit, make a list of questions or information you would like to discuss with your new Primary Care Provider, including the following:

- What are the office hours?
- How can I get medical advice after hours?
- What do I do in an emergency?

Let your Primary Care Provider know if you are under a specialist’s care as well as if you are

currently taking any ongoing prescription medications.

3.2.4 Changing Your Primary Care Provider

You are encouraged to establish an ongoing relationship with your Primary Care Provider. If you decide to change your Primary Care Provider, please remember to have your medical records transferred to your new Primary Care Provider.

3.2.5 Office Visits

Primary Care Providers

We recommend you see your Primary Care Provider for all routine care and call your Primary Care Provider first for urgent or specialty care. If you need medical care when your Primary Care Provider is not available, the physician/provider on call may treat you and/or recommend that you see another provider for treatment.

Specialists

Your Primary Care Provider will discuss with you the need for diagnostic tests or other specialist services; and may also recommend you see a specialist for treatment.

You also may decide to see a specialist without consulting your Primary Care Provider. Visit the Provider Directory, available online at ProvidenceHealthPlan.com/findaprovider, or call Customer Service to choose a specialist who is an In-Network Provider with Providence Health Plan.

If you decide to see a specialist on your own, we recommend you let your Primary Care Provider know about your decision. Your Primary Care Provider will then be able to coordinate your care and share important medical information with your specialist. In addition, we recommend you let your specialist know the name and contact information of your Primary Care Provider.

Whenever you visit a specialist:

- Bring your Providence Health Plan Member ID Card.
- Understand that in most cases, your out-of-pocket costs will be a percent of the charges for services. Your provider's office will send you a bill for the amount you owe. Some providers, however, may ask you to pay an estimate of what you may owe at the time you receive services, and will bill or credit you the balance later. (For certain Plans, there is a Member Copayment for specialist visits instead of a Coinsurance. If you are on one of these Plans, you will need to pay your Member Copayment at the time of your visit. Please check your Benefit Summary for your specific coverage information.)

Chiropractic Care Providers

This Plan includes coverage for specified chiropractic services. See section 4.15 and your Benefit Summary.

3.3 SERVICES PROVIDED BY OUT-OF-NETWORK PROVIDERS

Providence Health Plan may approve and provide reimbursement for Out-of-Network Qualified Practitioners and facilities. Benefits for Covered Services by an Out-of-Network provider will be provided as shown in the Benefit Summary when we determine **in advance**,

in writing, that the Out-of-Network Provider possesses unique skills which are required to adequately care for you and are not available from In-Network Providers.

Under no circumstances (with the exception of Emergency and Urgent Care) will we cover Services received from an Out-of-Network Provider/Facility unless we have Prior Authorized the Out-of-Network Provider/Facility and the Services received.

IMPORTANT NOTE: Your Plan only pays for Covered Services received from Prior Authorized Out-of-Network Providers at Usual, Customary, and Reasonable rates (UCR) (see Section 15, Definitions). If the approved, Prior Authorized Out-of-Network Provider charges more than the UCR rates allowed under your Plan, that provider may bill you directly for the additional amount that is not covered by your Plan. That amount is in addition to any Copayment, or Coinsurance for which you may be responsible, and does not accrue to your Out-of-Pocket Maximum.

If you choose to receive Covered Services from an approved, Prior Authorized Out-of-Network Provider, those Services are still subject to the terms of this Summary Plan Description. Your Plan will only pay for Medically Necessary Covered Services. No matter what type of provider you see, the treatments, supplies, and medications excluded by this Plan are not covered.

It is important for you to understand that Providence Health Plan has not assessed the approved, Prior Authorized Out-of-Network Provider's credentials or quality; nor has Providence Health Plan reviewed and verified the Out-of-Network Provider's qualifications and history for information such as: relevant training, licensure, certification, and/or registration to practice in a health care field, and academic background. Additionally, the Out-of-Network Provider will not have been assessed by Providence Health Plan to verify that the provider meets certain criteria relating to professional competence and conduct and as such is not guaranteed to follow your benefit plan, rules, regulations, or guidelines with regard to standards of care nor standards of documentation and billing.

Payment for Out-of-Network Physician/Provider Services (UCR)

If the Services provided are Medically Necessary Covered Services, we will provide payment to Out-of-Network Providers according to Usual, Customary and Reasonable (UCR) charges. UCR charges do not include sales taxes, handling fees and similar surcharges; such taxes, fees and surcharges are not covered expenses. Charges which exceed UCR are the Member's responsibility and are not applied to the Out-of-Pocket Maximum. See section 15 for the definition of UCR.

You will be responsible for costs that are not covered or allowed by your Out-of-Plan benefits as shown in the following example (amounts shown are only estimates of what may apply).

<u>Item</u>	<u>Provider's Status</u>	
	<u>In-Network</u>	<u>Out-of-Network</u>
Provider's standard charges	\$100	\$100
Allowable charges under this Plan	\$80 (contracted)	\$80 (if that is UCR)
Plan benefits (for this example only)	\$64 (if 80% benefit)	\$56 (if 70% benefit)
Balance you owe	\$16	\$24
Additional amount that the provider may bill to you	\$0-	\$20 (\$100 minus \$80)
Total amount you would pay	\$16	\$44 (\$24 plus \$20)

Thus, you may incur significantly larger out-of-pocket costs, perhaps a multiple of what would have applied, if you use Out-of-Network Physicians or Providers.

Payment for Covered Services Provided Before Disposition of Criminal Charges

If you are in the custody of an Oregon state or local corrections agency pending the disposition of criminal charges brought by an Oregon county, we will reimburse the custodial county for the costs of Covered Services or supplies rendered before the disposition of charges, in an amount that is no less than 115 percent of the Medicare rate for the service or supply, except for renal dialysis which will be reimbursed in accordance with the terms of the Plan for Out-of-Plan dialysis providers.

The following Services and Supplies are excluded from coverage under this section:

- Diagnostic tests or health evaluations required by the corrections agency, as a matter of course, for all individuals who are in the custody of the county pending the disposition of charges;
- Hospital and ambulatory surgical center services, except as rendered by an In-Plan provider.

3.4 MOVING INTO OR OUT OF THE SERVICE AREA

If you or a Family Member permanently moves into or out of the Service Area, you must immediately notify us and your Employer as such a move may affect your benefits or coverage under this Personal Option Plan. We will determine how this move affects your coverage and will inform you of any changes. If you have Dependent(s) who move in or out of our Service Area, a Change of Status form for those Dependent(s) must be completed and returned to us as soon as possible. This form can be obtained from us or from your Employer. See section 8.2.6 for more information.

3.5 OUT-OF-AREA DEPENDENTS

Dependents of a subscriber on a Personal Option Plan who live outside the Providence Health Plan Service Area (including dependents who are away at school) are eligible to become Out-of-Area Dependent Members. See "Definitions" section 15, for the definition of "Eligible Family Dependent" and "Out-of-Area Dependent." **This section discusses how Enrolled Out-of-Area Dependent Personal Option Plan Members obtain covered services through Providence Health Plan's enrolled Out-of-Area Dependent benefit.**

3.5.1 Out-of-Area Dependent Enrollment

To apply for Personal Option Out-of-Area Dependent benefits, complete an Out-of-Area Dependent Enrollment form, available from your Customer Service team. **If you do not complete an Out-of-Area Dependent Enrollment form, your Out-of-Area Dependent will not be covered for Out-of-Area Dependent benefits.**

3.5.2 Out-of-Area Dependent Coverage

When you enroll for Out-of-Area Dependent coverage, we will send you an Out-of-Area Dependent Benefit Summary. As stated in your Benefit Summary, a Dependent with Out-of-Area benefits may see any provider, in or out of the Service Area. Please refer to your Out-of-Area Dependent Benefit Summary for detailed Coinsurance or Copayment and annual Out-of-Pocket Maximum information. (For Out-of-Area Dependents who are covered by a government sponsored health plan of a county other than the United States, coverage under this Personal Option Out-of-Area Dependent plan will be secondary and will not replace or duplicate coverage available under the government sponsored plan.) Our payment is based on usual, customary and reasonable (UCR) charges. Charges which exceed UCR charges are your responsibility.

You must purchase your prescription drugs at one of our nationwide Participating Pharmacies (see section 4.14.1). A list of our Participating Pharmacies is available online at www.ProvidenceHealthPlan.com. You also may contact Customer Service if you need help locating a Participating Pharmacy near you or when you are away from your home. See your Benefit Summary for details on your Copayment and Coinsurance, if applicable, and on how to use this benefit.

3.5.3 Out-of-Area Dependents and Change of Status

Enrolled Out-of-Area Dependents may change to In-Area or Out-of-Area status by contacting us and completing a status change enrollment form. The change will be effective the date you specify or if no date is specified, on the first of the month following our receipt of the enrollment form. Retroactive changes are limited to 30 days.

3.5.4 Out-of-Area Dependents Prior Authorization

Enrolled Out-of-Area Dependents are responsible for obtaining Prior Authorization from Providence Health Plan prior to receiving certain services from Out-of-Network Providers. For further information about Prior Authorization, including a list of these Covered Services and how to obtain Prior Authorization, see section 3.7.

You must contact us to obtain Prior Authorization for specified Covered Services if the Services are to be received from an Out-of-Network Provider. See section 3.7.

3.6 NOTICE OF PROVIDER TERMINATION

When an In-Network Provider whose contract of participation with us terminates, we will notify those Members who we know are under the care of the terminated provider within 10 days of the termination date or of our knowledge of the termination date.

3.7 PRIOR AUTHORIZATION

While Prior Authorization is a requirement for coverage of certain Services under this Plan, Prior Authorization is not a treatment directive. The actual course of medical treatment that a Member chooses remains strictly a matter between the Member and the provider and is separate from the Prior Authorization requirements of this Plan. Prior Authorization is not a guarantee of benefit payment under this Plan and a Prior Authorization determination does not supersede other specific provisions of this Plan regarding coverage, limitations, exclusions and Medical Necessity.

Services received from In-Network Providers:

When Services are received from an In-Network Provider, the In-Network Provider is responsible for obtaining Prior Authorization.

Services received from Out-of-Network Providers:

Subject to Prior Authorization, if you are unable to locate an In-Network Provider to provide Medically Necessary Covered Services for your specific condition within 50 miles of your home, the Plan will reimburse your travel expense to the nearest In-Network Provider within 300 miles of your home. Reimbursement will be based on the federal medical mileage reimbursement rate in effect on the date of service. Travel expense reimbursement is limited to \$1,500 per calendar year. If an overnight stay is required, food and lodging are reimbursable up to \$150 per diem (per day). Per diem expenses apply to the \$1,500 travel expenses reimbursement maximum. (Note: Transplant Covered Services include a separate travel expense benefit; see section 4.13.1).

3.9 MEDICAL COST MANAGEMENT

Coverage under this Plan is subject to the medical cost management protocols established by us to ensure the quality and cost effectiveness of Covered Services. Such protocols may include Prior Authorization, concurrent review, case management and disease management.

The Plan reserves the right to deny payment for Services that are not Medically Necessary in accordance with the criteria maintained by Providence Health Plan. When more than one medically appropriate alternative is available, Providence Health Plan will approve the least costly alternative.

In accordance with Providence Health Plan's medical cost management protocols and criteria specified in this paragraph, Providence Health Plan may approve substitutions for Covered Services under this Plan.

A Substituted Services must:

1. Be Medically Necessary;
2. Have your knowledge and agreement while receiving the Service;
3. Be prescribed and approved by your Qualified Practitioner; and
4. Offer a medically therapeutic value at least equal to the Covered Service that would otherwise be performed or given.

The Plan's coverage of a Substituted Service for any Member does not obligate the Plan to:

- Cover a Substituted Service for any other Member;
- Continue to cover a Substituted Service beyond the term of the agreement between the Plan and the Member; or
- Cover any Substituted Service for the Member, other than as specified in the agreement between the Plan and the member.

Substituted Services that satisfy the requirements of this section are Covered Services for all purposes under this Plan.

A Substituted Service may be disallowed at any time by sending a 30-day advance written notice to you and your Qualified Practitioner.

3.9.1 Coverage of New Technology and New Application of Existing Technology

New technologies and new applications of existing technologies are evaluated and approved for coverage when they provide a demonstrable benefit for a particular illness or disease, are scientifically proven to be safe and most effective, and there is no equally effective or less costly alternative.

Emerging and innovative technologies are monitored by Providence Health Plan through review of trend reports from technology assessment bodies, government publications, medical journals, and information provided by providers and professional societies.

A systematic process for evaluating a new technology or new application of an existing technology is proactively initiated when sufficient scientific information is available.

Providence Health Plan has developed standards to guide the evaluation process and to

ensure appropriate coverage determinations. New technology must minimally meet the following guidelines to be approved for coverage:

- Technology must improve health outcomes. The beneficial effects must outweigh any harmful effects on health outcomes. It must improve the length of life, ability to function or quality of life.
- Technology must be as beneficial as any established alternative. It should improve the net health outcome as much, or more, than established alternatives.
- Application of technology must be appropriate, in keeping with good medical standards, and useful outside of investigational settings.
- Technology must meet government approval to market by appropriate regulatory agency as applicable.
- Criteria must be supported with information provided by well-conducted investigations published in peer-reviewed journals. The scientific evidence must document conclusions that are based on established medical facts.
- Opinions and evaluations of professional organizations, panels, or technology assessment bodies are evaluated based on the scientific quality of the supporting evidence.

Technology Evaluation Process

A committee of medical directors with physician specialist advisors evaluates all new technology and determines coverage based on evidence for safety and efficacy. The committee relies upon a thorough review of pertinent medical literature and utilizes national technology review services that provide independent analysis of a new technology.

Expedited Review

Requests for coverage of new technology may occur before formal policy has been developed. In these cases, an expedited review is implemented and a decision made on a case-by-case basis. This is separate and distinct from the problem resolution procedure set forth in section 7.

3.10 MEDICALLY NECESSARY SERVICES

We believe our Members are entitled to comprehensive medical care within the standards of good medical practice. Providence Health Plan's medical directors and special committees of In-Network Providers determine which Services are Medically Necessary, as defined in section 15. Services that do not meet Medically Necessary criteria will not be covered.

- **Example:** *Your provider suggests a treatment using a machine that has not been approved for use in the United States. We probably would not pay for that treatment.*
- **Example:** *You go to a hospital emergency room to have stitches removed, rather than wait for an appointment in your doctor's office. The Plan would not pay for that visit.*
- **Example:** *You stay an extra day in the hospital only because the relative who will help you during recovery cannot pick you up until the next morning. We may not pay for the extra day.*

Although a treatment was prescribed or performed by a Qualified Practitioner, it does not necessarily mean that it is Medically Necessary under our guidelines. Obtaining confirmation of coverage from Providence Health Plan beforehand is always recommended.

3.11 APPROVED CLINICAL TRIALS

Benefits are provided for Covered Services directly related to a Member's participation in an Approved Clinical Trial offered through an In-Network provider.

Covered Services include the routine patient costs for items and services received from In-Network providers and facilities in connection with the Approved Clinical Trial, to the extent that the items and services are otherwise Covered Services under the Plan.

You may choose to participate in an Approved Clinical Trial offered through an Out-of-Network provider, however, coverage will only be provided for Medically Necessary services received In-Network in treatment of an illness or injury.

The following costs are excluded:

- The cost of the investigational item, device or service;
- The cost of items and services provided solely to satisfy data collection and analysis needs and that are not used in direct clinical management;
- The cost for a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis; and
- The cost for any services received Out-of-Network.

The Plan does not discriminate against a Member who participates in a clinical trial, whether or not the trial is an Approved Clinical Trial. The Plan provides benefits for services unrelated to a clinical trial to the extent that the services are otherwise Covered Services under the Plan.

3.12 HOW BENEFITS ARE APPLIED

Benefits are subject to the following provisions, if applicable, as specified in the Benefit Summary:

1. The Copayment or Coinsurance amount; and
2. The benefit limits and/or maximums.

3.13 OUT-OF-POCKET MAXIMUMS

Your Plan has an Out-of-Pocket Maximum, as stated in your Benefit Summary.

3.13.1 Understanding Out-of-Pocket Maximums

Out-of-Pocket Maximums are the total amount you will pay out-of-pocket in any Calendar Year for Covered Services received under this Plan. See your Benefit Summary.

Individual Out-of-Pocket Maximum: Individual Out-of-Pocket Maximum means the total amount of Copayments and Coinsurance that a Member must pay in a Calendar Year, as shown in the Benefit Summary, before the Plan begins to pay 100% for Covered Services for that Member within that Calendar Year.

Family Out-of-Pocket Maximum: Family Out-of-Pocket Maximum means the total amount of Copayments and Coinsurance that a family of three or more must pay in a Calendar Year, as shown in the Benefit Summary, before the Plan begins to pay 100% for Covered Services for enrolled Family Members. When the combined Copayment and Coinsurance expenses of enrolled Family Members meet the family Out-of-Pocket Maximum, all remaining individual

Out-of-Pocket Maximums will be waived for the family for that Calendar Year.

Note: Once any Member meets the Individual Out-of-Pocket Maximum, the Plan will begin to pay 100% for Covered Services for that Member.

Your Costs that Do Not Apply to Out-of-Pocket Maximums: The following out-of-pocket costs do not apply toward your Individual and Family Out-of-Pocket Maximums:

- Services not covered by this Plan;
- Services not covered because Prior Authorization was not obtained, as required in section 3.5;
- Services in excess of any maximum benefit limit;
- Fees in excess of the Usual, Customary and Reasonable (UCR) charges;
- Copayments or Coinsurance for a Covered Service if indicated in any Benefit Summary as not applicable to the Out-of-Pocket Maximum; and
- Any penalties you must pay if you do not follow Providence Health Plan's Prior Authorization requirements.

IMPORTANT NOTE: Some Benefits are NOT eligible for 100% benefit coverage. The Copayment or Coinsurance for these Services, as shown in the Benefit Summary, remains in effect throughout the Calendar Year.

Copayments and Coinsurances, as shown in your Benefit Summary, apply to all provider visits except those that: (a) are part of a course of maternity care; (b) are for conditions for which this Plan contains a separate and specific Copayment or Coinsurance amount; or (c) are ancillary to the visit and are billed by the Qualified Practitioner. Some services provided by your Qualified Practitioner during your visit may result in additional Member financial responsibility.

For example – You see your Primary Care Provider for an office visit and during your visit your provider swabs your throat for a throat culture. You would pay your office visit Copayment or Coinsurance and would also need to pay the Laboratory Services Copayment or Coinsurance for the throat culture. See your Benefit Summary for details.

- Communications by the In-Network Provider about the management of complex chronic conditions that require extensive education and ongoing monitoring;
- Communications of treatment for relapses of a previous condition that involve extended dialogue and significant physician time and judgment;
- Discussion of lab results that require significant changes in medication or further testing; and

Examples of e-mail communications that do not qualify as E-mail Visits include, but are not limited to:

4.3.6 Administration of Anesthesia and Surgical Procedures

Benefits include the administration of anesthesia and surgical procedures, including assistant surgeon and post-operative care.

Immediate Care is an extension of your Primary Care Provider's office, and provides additional access to treatment you need right away for an illness or injury that is not life threatening. This includes, but is not limited to, minor sprains, minor cuts and burns, and ear, nose, and throat infections. Routine care, like periodic health exams and well-baby care, should be delayed until you can be seen by your Primary Care Provider.

Whenever you need immediate care or, call your Primary Care Provider first. Your Primary Care Provider or the provider-on-call is always available, day or night. They may either suggest that you be seen at your Primary Care Provider's office, or direct you to an immediate care center, Urgent Care, or emergency care facility. See section 4.5 for coverage of Emergency Care and Urgent Care Services.

Please be prepared to pay the Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. If an emergency situation should occur, you should take immediate action and seek prompt medical care. You should call 911, or the emergency number listed in the local telephone directory or go to the nearest Hospital emergency department.

4.5.1 Emergency Care

A medical emergency is a sudden unexpected illness or injury that you believe would place your life in danger or cause serious damage to your health if you do not seek immediate medical treatment. Medical emergencies include, but are not limited to:

- Heart attack
- Stroke
- Poisoning
- Loss of consciousness
- Medically necessary detoxification
- Acute abdominal pain
- Severe chest pain

Coverage is provided without Prior Authorization for Emergency Medical Screening Exams and stabilization of an Emergency Medical Condition. Hospitalization for an Emergency Medical Condition requires notification to Providence Health Plan within 48 hours, or as soon as reasonably possible following the onset of treatment, in order for coverage to continue.

Definitions:

“Emergency Medical Condition” is a medical condition that manifests itself by acute symptoms of sufficient severity that a prudent layperson, possessing an average knowledge of health and medicine, would reasonably expect that failure to receive immediate medical

attention would:

- Result in serious impairment to bodily functions;
- Result in serious dysfunction of any bodily organ or part; or
- With respect to a pregnant woman who is having contractions, for which there is inadequate time to effect a safe transfer to another hospital before delivery or for which transfer may pose a threat to the health or safety of the woman or the unborn child.

“Emergency Services” means, with respect to an Emergency Medical Condition:

- An Emergency Medical Screening Exam that is within the capability of the emergency department of a hospital, including ancillary services routinely available to the emergency department to evaluate such Emergency Medical Condition; and
- Such further medical examination and treatment as are required under the Emergency Medical Treatment and Active Labor Act (42 U.S.C. 1395dd) to stabilize a patient, to the extent the examination and treatment are within the capability of the staff and facilities available at the Hospital.

“Emergency Medical Screening Exams” include medical history, examination, ancillary tests and medical determinations required to ascertain the nature and extent of an Emergency Medical Condition.

Your Plan covers Emergency Services in the emergency room of any Hospital. **Emergency room Services are covered when your medical condition meets the guidelines for emergency care as stated above. Coverage includes Services to stabilize an Emergency Medical Condition and Emergency Medical Screening Exams.**

If you or a Family Member believes that immediate assistance is needed for an Emergency Medical Condition, **call 911 or go to the nearest emergency room.** Tell the emergency personnel the name of your Primary Care Provider and show them your Member ID Card.

Call your Primary Care Provider any time, any day of the week. Your Primary Care Provider or the provider-on-call will tell you what to do and where to go for the most appropriate care.

Please be prepared to pay your Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are responsible for the Copayment/Coinsurance for each Hospital emergency room visit. If you are admitted to the Hospital from the emergency room, your emergency Services Copayment/Coinsurance does not apply and all Services are subject to the Inpatient Services benefit shown in your Benefit Summary.

When you are admitted to an Out-of-Network Hospital from the emergency room, your Inpatient Services are covered under your In-Network benefit until your condition becomes stable. Once your condition is stabilized, Providence Health Plan will work with you to arrange transfer to an In-Network facility. This process is called “repatriation.”

If you decline transfer to an In-Network facility once we have determined that repatriation is medically appropriate, the additional days spent at the Out-of-Network Hospital will not be covered.

Costs for non-emergency medical transport to facilitate repatriation to an In-Network facility

are covered in full.

The Plan does not pay for emergency room treatment for medical conditions that are not medical emergencies. Do not go to the emergency room for care that should take place in your provider's office. Routine care for sore throats, common colds, follow-up care, and prescription drug requests are not considered to be emergencies.

4.5.2 Emergency Medical Transportation

Benefits include Services for emergency medical transportation by state certified ambulance and certified air ambulance transportation. Ambulance Services are provided for transportation to the nearest facility capable of providing the necessary emergency care or to a facility specified by Providence Health Plan. Air ambulance transportation is only covered for a life-threatening medical emergency, or when ground ambulance is either not available or would cause an unreasonable risk of harm because of increased travel time. Ambulance transportation solely for personal comfort or convenience is not covered.

4.5.3 Emergency Eye Care Services

Covered Services include the initial care for Emergency Medical Conditions resulting from an injury to or illness of the eye(s). Members may receive Services directly from an optometrist or ophthalmologist or from a Hospital emergency room.

4.5.4 Emergency Detoxification Services

Medically Necessary detoxification will be treated as an Emergency Medical Condition when the Member is not enrolled in a Substance Abuse treatment program, as stated in section 4.10.3, at the time Services are received. Prior Authorization is not required for emergency treatment; however, Providence Health Plan must be notified within 48 hours following the onset of treatment, or as soon as reasonably possible, in order for coverage to continue. If a Member is to be transferred to an In-Network Provider for continued inpatient care, the cost of Medically Necessary transportation will be covered. Continuing or follow-up care is not a Covered Service unless Prior Authorized by Providence Health Plan.

4.5.5 Urgent Care

Urgent Care is treatment you need right away for an illness or injury that is not life threatening. This includes, but is not limited to, minor sprains, minor cuts and burns, and ear, nose, and throat infections. Routine care that can be delayed until you can be seen by a physician or provider in their office is not Urgent Care.

Whenever you need urgent care, call your Primary Care Provider first. Your Primary Care Provider or the provider-on-call is always available, day or night. They may either suggest that you come to the office or go to an emergency room or Urgent Care center. If you can be treated in your provider's office or at an In-Network Urgent Care center your out-of-pocket expense will usually be lower.

Please be prepared to pay the Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are also responsible for the applicable Copayment/Coinsurance shown in the Benefit Summary for any ancillary Services received, such as lab tests and X-rays, billed by the Qualified Provider.

If you are admitted to an Out-of-Network Hospital, you, or a relative, should call Providence Health Plan within 48 hours or as soon as reasonably possible.

When you are admitted to an Out-of-Network Hospital from an Urgent Care facility, your Inpatient Services are covered under your In-Network benefit until your condition becomes stable. Once your condition is stabilized, Providence Health Plan will work with you to arrange transfer to an In-Network facility. This process is called “repatriation.”

If you decline transfer to an In-Network facility once we have determined that repatriation is medically appropriate, the additional days spent at the Out-of-Network Hospital will not be covered.

Costs for non-emergency medical transport to facilitate repatriation to an In-Network facility are covered in full.

Not all Out-of-Network facilities will file a claim on a Member’s behalf. If you receive urgent care Services from an Out-of-Network facility, you must submit a claim if the facility or provider does not submit it for you. See section 6.1.1.

4.6 INPATIENT HOSPITAL AND SKILLED NURSING FACILITY SERVICES

Coverage is provided as shown in your Benefit Summary for Hospital and Skilled Nursing Facility Services.

4.14 PRESCRIPTION DRUG BENEFIT

The Prescription Drug Benefit provides coverage for prescription drugs which are Medically Necessary for the treatment of a covered illness or injury and which are dispensed by a Participating Pharmacy pursuant to a prescription ordered by a Qualified Practitioner for use on an outpatient basis, subject to your Plan's benefits, limitations and exclusions.

Prescription Drug Definition

The following are considered "Prescription Drugs":

1. Any medicinal substance which bears the legend, "RX ONLY" or "Caution: federal law prohibits dispensing without a prescription";
2. Insulin;
3. Any medicinal substance of which at least one ingredient is a federal or state legend drug in a therapeutic amount; and
4. Any medicinal substance which has been approved by the Oregon Health Evidence Review as effective for the treatment of a particular indication.

4.14.1 Using Your Prescription Drug Benefit

Your Prescription Drug Benefit requires that you fill your prescriptions at a Participating Pharmacy.

You have access to Providence Health Plan's nationwide broad pharmacy network as published in our pharmacy directory.

Providence Health Plan Participating Pharmacies are those pharmacies that maintain all applicable certifications and licenses necessary under state and federal law of the United States and have a contractual agreement with us to provide Prescription Drug Benefits.

Participating Pharmacies are designated as retail, preferred retail, specialty and mail-order Pharmacies. To view a list of Participating Pharmacies, visit our website at www.ProvidenceHealthPlan.com. You also may contact Customer Service at the telephone number listed on your Member ID Card.

- Please present your Member ID Card to the Participating Pharmacy at the time you request Services. If you have misplaced or do not have your Member ID Card with you, please ask your pharmacist to call us.
- All covered Services are subject to the Copayments or Coinsurance listed in your Benefit Summary.
- If you choose a brand-name drug when a generic-equivalent is available, any difference in cost for Prescription Drug Covered Services will not apply to your Out-of-Pocket Maximums.
- The amount paid by a manufacturer discount and/or copay assistance programs for a brand-name drug when a generic equivalent is available may not apply towards your Calendar Year Deductibles and Out-of-Pocket Maximums.
- Participating Pharmacies may not charge you more than your Copayment or Coinsurance. Please contact Customer Service if you are asked to pay more or if you, or the pharmacy, have questions about your Prescription Drug Benefit or need assistance processing your prescription.

- Copayments or Coinsurance are due at the time of purchase. If the cost of your Prescription Drug is less than your Copayment, you will only be charged the cost of the Prescription Drug.
- You may be assessed multiple Copayments for a multi-use or unit-of-use container or package depending on the medication and the number of days supplied.
- You may purchase up to a 90-day supply of each maintenance drugs at one time using a Participating mail service or preferred retail Pharmacy. Not all drugs are covered for more than a 30-day supply, including compounded medications, drugs obtained from specialty pharmacies, and limited distribution pharmaceuticals. To obtain prescriptions by mail, your physician or provider can call in the prescription or you can mail your prescription along with your Providence Health Plan Member ID number to one of our Participating mail-order Pharmacies. To find our Participating mail-order Pharmacies, please visit our website at www.ProvidenceHealthPlan.com. (Not all prescription drugs are available through our mail-order pharmacies.)
- Diabetes supplies and inhalation extender devices may be obtained at your Participating Pharmacy. However, these items are considered medical supplies and devices and are subject to your Medical Supplies benefits, limitations and Copayments and/or Coinsurances. See section 4.9.1 and your Benefit Summary. Diabetes supplies do not include insulin pump devices, which are covered under your Durable Medical Equipment benefit, section 4.9.4.
- Self-administered chemotherapy drugs are covered under section 4.12.8 unless the benefits under this Prescription Drug Benefit allow for a lower out-of-pocket cost to you.
- Injectable medications received in your Provider's office are covered under section 4.3.5.
- Infusions, including infused medications, received at Outpatient Facilities are covered under section 4.7.1.
- Some prescription drugs require Prior Authorization or an exception to the Formulary in order to be covered. These may include select formulary agents, non-formulary agents, step therapy, and/or quantity limits as listed in the Providence Health Plan Prescription Drug Formulary available on our website at www.ProvidenceHealthPlan.com or by contacting Customer Service.

4.14.2 Use of Out-of-Network Pharmacies

On rare occasions, such as urgent or emergency situations, you may need to use an Out-of-Network Pharmacy. If this happens, you will need to pay full price for your prescription at the time of purchase.

To request reimbursement, you will need to fill out and submit to Providence Health Plan a Prescription Drug Reimbursement form. This form is available on our website or by contacting Customer Service. When you submit the completed Prescription Drug Reimbursement form, include any itemized pharmacy receipts, along with an explanation as to why you used an Out-of-Network Pharmacy. Submission of a claim does not guarantee payment.

If your claim is approved, the Plan will reimburse you the cost of your prescription up to our Participating Pharmacy contracted rates, less your Copayment or Coinsurance if applicable. Reimbursement is subject to your Plan's limitations and exclusions. You are responsible for

any amounts above our contracted rates.

International prescription drug claims will only be covered when prescribed for emergent conditions and will be subject to your medical Emergency Services benefit and any applicable Plan limitations and exclusions.

4.14.3 Prescription Drug Formulary

The Formulary is a list of Food and Drug Administration (FDA)-approved prescription drugs. It is designed to offer drug treatment choices for covered medical conditions. Formulary status is given to drugs which meet evidence-based assessment of therapeutic effectiveness, safety, pharmacoeconomic value and offer an important advantage to existing Formulary alternatives. The Formulary can help you and your Qualified Practitioner choose effective medications that are less costly and minimize your out-of-pocket expense. There are effective generic drug choices to treat most medical conditions.

Not all FDA-approved drugs are covered by Providence Health Plan. Non-formulary drug requests require a formulary exception, must be FDA-approved, Medically Necessary, and require by law a prescription to dispense. See Section 6.1 under Claims Involving Prior Authorization and Formulary Exception.

Newly approved FDA drugs will be reviewed by the Oregon Region Pharmacy and Therapeutics Committee for safety and Medical Necessity within 12 months after the drug becomes available on the market. In the case of an urgent situation, Providence Health Plan will authorize the use of a newly approved FDA drug during our review period so a Member does not go without Medically Necessary treatment.

To access the Formulary for your Plan, visit <https://healthplans.providence.org/members/pharmacy-resources/>.

4.14.4 Generic and Brand-Name Prescription Drugs

Both generic and brand-name drugs are covered benefits subject to the terms of your Benefit Summary. In general, generic drugs are subject to lower Copayments or Coinsurances than brand-name drugs. Please refer to your Benefit Summary for your Copayment or Coinsurance information.

If you request a brand-name drug, regardless of the reason or Medical Necessity, you will be responsible for the difference in cost between the brand-name and generic drug, in addition to the brand-name drug Copayment or Coinsurance indicated on the Benefit Summary. Your total cost, however, will never exceed the actual cost of the drug. The difference in cost between the brand-name and generic drug will not be applied toward your Out-of-Pocket Maximum, and you will continue to be responsible for the difference in cost after your Out-of-Pocket Maximum is met.

4.14.5 Prescription Drug Quantity

Prescription dispensing limits, including refills, are as follows:

1. Topicals, up to 60 grams;
2. Liquids, up to eight ounces;
3. Tablets or capsules, up to 100 dosage units;
4. Multi-use or unit-of-use, up to one container or package; as prescribed, not to exceed

- a 30-consecutive-day supply, whichever is less;
- 5. FDA-approved women's prescription contraceptives: up to 3-months initial dispensing, then up to 12-months subsequent dispensing at any of our Participating Pharmacies; and
- 6. Opioids up to 7 days initial dispensing.

Other dispensing limits may apply to certain medications requiring limited use, as determined by our Oregon Region Pharmacy and Therapeutics Committee. Prior Authorization is required for amounts exceeding any applicable medication dispensing limits.

4.14.6 Participating Mail-Order and Preferred Retail Pharmacies

Up to a 90-day supply of prescribed maintenance drugs (drugs are those you have been on for at least 30 days and that you anticipate continuing on in the future) purchased from a Participating mail-order or preferred retail Pharmacy will be covered subject to the following specific provisions:

1. Qualified drugs under this program will be determined by us. Not all prescription drugs are available through mail-order pharmacy.
2. Not all maintenance prescription drugs are available in 90-day allotments.
3. Copayment(s) will be applied to the quantity stated on your Benefit Summary. (Some quantity limitations and Copayments for unit of use packaging may apply).

When using a mail-order pharmacy, payment is required prior to processing your order. If Providence Health Plan removes a pharmacy from its network, we will notify you of this change at least 30 days in advance. Notification may be done via the online directory or letter depending on the circumstance.

4.14.7 Prescription Drug Limitations

Prescription drug limitations are as follows:

1. All drugs must be Food and Drug Administration (FDA) approved, Medically Necessary and require by law a prescription to dispense. Not all FDA-approved drugs are covered by Providence Health Plan. Newly approved drugs will be reviewed for safety and Medical Necessity within 12 months after the drug becomes available on the market for Formulary consideration.
2. Certain drugs require Prior Authorization for Medical Necessity, place of therapy, length of therapy, step therapy, number of doses or dispensing limits. Step therapy uses our pharmacy claims history to confirm if certain drugs have been tried first by a Member. If a drug has not been tried first, cannot be tried first, or if the drug history is not available, Prior Authorization is required. For some drugs, Providence Health Plan limit the amount of the drug the Plan will cover. You or your Qualified Practitioner can contact Providence Health Plan directly to request Prior Authorization. If you have questions regarding a specific drug, please call Customer Service.
3. Specialty drugs are injectable, infused, oral, topical, or inhaled therapies that often require specialized delivery, handling, monitoring and administration and are generally high cost. These drugs must be purchased through a Providence Health Plan designated specialty pharmacy. Due to the nature of these medications, specialty drugs are limited to a 30-day supply. Specialty drugs are listed in the

Formulary. In rare circumstances specialty medications may be filled for greater than a 30-day supply; in these cases, additional specialty cost share(s) may apply.

4. Self-injectable medications are only covered when they are being self-administered and labeled by the FDA for self-administration; in some cases, a Prior Authorization may be required for the drug. Documentation of self-administration may also be required. Drugs labeled for self-administration that are being administered by a provider will fall to the Member's medical benefit.
5. Medications, drugs or hormones prescribed to stimulate growth are not covered, except when there is a laboratory-confirmed diagnosis of growth hormone deficiency for children through 18 years of age and when prescribed for the treatment of documented pituitary destruction in adults.
6. Compound prescription drugs must contain at least one ingredient that is an FDA-approved prescription drug in a therapeutic amount, must meet our Medical Necessity criteria and must be purchased at a Participating Pharmacy. Compounded drugs from bulk powders that are not a component of an FDA-approved drug are not covered. Claims are subject to clinical review for Medical Necessity and are not guaranteed for payment.
7. Vacation supply medication refill overrides are limited to a 30-day supply once per Calendar Year, unless otherwise provided under your Plan. Additional exceptions may be granted on a case-by-case basis.
8. A 30 day supply medication refill override will be granted if you are out of medication and have not yet received your drugs from a participating mail order pharmacy.

Payment will be made to the Subscriber, subject to written notice of claim, or, if deceased, to the Subscriber's estate, unless payment to other parties is authorized in writing by you.

Explanation of Benefits (EOB)

You will receive an EOB from Providence Health Plan after your claim has been processed. An EOB is not a bill. An EOB explains how Providence Health Plan processed your claim, and will assist you in paying the appropriate Member responsibility to your provider. Copayment or Coinsurance services or amounts not covered and general information about our processing of your claim are explained on an EOB.

Time Frames for Processing Claims

If your claim is denied under the Plan, Providence Health Plan will send an EOB to you with an explanation of the denial within 30 days after your claim is received. If additional time is needed to process your claim for reasons beyond Providence Health Plan's control, you will be sent a notice of delay explaining those reasons within 30 days after your claim is received. The processing will then be completed and you will be sent an EOB within 45 days after your claim is received. If additional information is needed from you to complete the processing of your claim, you will be sent a separate request for the information and you will have 45 days to submit the additional information. Once the additional information from you is received, Providence Health Plan will complete the processing of the claim within 30 days.

Claims Involving Prior Authorization and Formulary Exception (Pre-Service Claims)

- **For Prior Authorization of services that do not involve urgent medical conditions:** You and your provider will be notified of Providence Health Plan's decision within two business days after the Prior Authorization request is received. If additional information is needed to process the request, Providence Health Plan will provide written notice to the Member and the provider within two business days of receiving the Prior Authorization request. The Member and the provider will have 15 days to submit the additional information. Within two business days of receipt of the additional information, Providence Health Plan will complete their review and provide written notice of its decision to the Member and the provider of their decision. If the information is not received within 15 days, the request will be denied.

- **For Prior Authorization of services that involve urgent medical conditions:** You and your provider will be notified of Providence Health Plan's decision within 24 hours after the Prior Authorization request is received. If additional information is needed to complete the review, the requesting provider or you will be notified within 24 hours after the request is received. The requesting provider or you will then have 48 hours to submit the additional information. The review will then be completed and the requesting provider or you will be notified of Providence Health Plan's decision by the earlier of, (a) 48 hours after the additional information is received or, (b) if no additional information is provided, 48 hours after the additional information was due.
- **For Formulary exceptions:** For standard requests, Providence Health Plan will notify your provider or you of its decision within 72 hours after receipt of the request. For expedited requests, Providence Health Plan will notify your provider or you of its decision within 24 hours after receipt of the request. To qualify for expedited review, the request must be based upon exigent circumstances.

Claims Involving Concurrent Care Decisions. If an ongoing course of treatment for you has been approved under the Plan and it is determined through Concurrent Review procedures to reduce or terminate that course of treatment, Providence Health Plan will provide advance notice to you of that decision. You may request a reconsideration of the decision by submitting an oral or written request at least 24 hours before the course of treatment is scheduled to end. You will then be notified of Providence Health Plan's reconsideration decision within 24 hours after your request is received.

6.1.1 Timely Submission of Claims

The Plan will make no payments for claims received more than 365 days after the date of Service. Exceptions will be made if Providence Health Plan receives documentation that you lacked legal capacity during that period. Payment of claims submitted by the Oregon state Medicaid agency or a prepaid managed care health services organization described in ORS 414.651 (i.e., a Coordinated Care Organization) will be made in accordance with ORS 743B.470, which establishes payment requirements for claims submitted by the Oregon state Medicaid agency.

Payment of all claims will be made within the time limits required by OAR 836-080-0235, the Oregon insurance Division's administrative rule setting standards for prompt payment. Please send all claims to:

Providence Health Plan
 Attn: Claims Dept.
 P.O. Box 3125
 Portland, OR 97208-3125

6.1.2 Right of Recovery

The Plan has the right, upon demand, to recover from a recipient the value of any benefit or claim payment that exceeded the benefits available under this Plan. This right of recovery applies to any excess benefit, including (but not limited to) benefits obtained through fraud, error, or duplicate coverage relating to any Member. If timely repayment is not made, the Plan has the right, in addition to any other lawful means of recovery, to deduct the value of the excess benefit from any future benefit that otherwise would have been available to the affected Member(s) from the Plan under any contract.

6.2 COORDINATION OF BENEFITS

This Coordination of Benefits (COB) section applies when a Member has health care coverage under more than one Plan. The term “Plan” is defined below for the purposes of this COB section. The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary plan. The Primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary plan is the Secondary plan. The Secondary plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable expense.

6.2.1 Definitions Relating to Coordination of Benefits

Plan

Plan means any of the following that provides benefits or Services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for Members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.

1. Plan includes: group and individual health insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of group long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental plan, as permitted by law and group and individual insurance contracts and Subscriber contracts that pay or reimburse for the cost of dental care.
2. Plan does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; school accident type coverage; benefits for non-medical components of group long-term care policies; Medicare Supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage listed under (1) or (2) above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

This Plan

This Plan means, as used in this COB section, the part of this contract providing health care benefits to which this COB section applies and which may be reduced because of the benefits of other plans. Any other part of this contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB

provision to coordinate other benefits.

The order of benefit determination rules listed in section 6.2.2 determine whether This Plan is a Primary plan or Secondary plan when a Member has health care coverage under more than one Plan.

When This Plan is primary, Providence Health Plan determines payment for benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, Providence Health Plan determines benefits after those of another Plan and may reduce the benefits payable so that all Plan benefits do not exceed 100% of the total Allowable expense.

Allowable expense

Allowable expense means a health care expense, Coinsurance and Copayments, that is covered at least in part by any Plan covering a Member. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering a Member is not an Allowable expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Member is not an Allowable expense.

The following are examples of expenses that are NOT Allowable expenses:

1. The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable expense, unless one of the Plans provides coverage for private hospital room expenses.
2. If the Member is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
3. If the Member is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
4. If the Member is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable expense used by the Secondary plan to determine its benefits.
5. The amount of any benefit reduction by the Primary plan because the Member has failed to comply with the Plan provisions is not an Allowable expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

Closed panel plan

A Closed panel plan is a Plan that provides health care benefits to Members primarily in the form of services through a panel of providers that has contracted with or is employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

Custodial parent

A Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the Dependent child resides more than one half of the Calendar Year excluding any temporary visitation.

6.2.2 Order of Benefit Determination Rules

When a Member is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of any other Plan.
 1. Except as provided in Paragraph (2) below, a Plan that does not contain a COB provision that is consistent with the State of Oregon's COB regulations is always primary unless the provisions of both Plans state that the complying Plan is primary.
 2. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed panel plan to provide out-of-network benefits.
- B. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.
- C. Each Plan determines its order of benefits using the first of the following rules that apply:
 1. Non-Dependent or Dependent. The Plan that covers a Member other than as a Dependent, for example, as an employee, Subscriber or retiree is the Primary plan and the Plan that covers the Member as a Dependent is the Secondary plan. However, if the Member is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the Member as a Dependent; and primary to the Plan covering the Member as other than a Dependent (e.g., a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the Member as an employee, subscriber or retiree is the Secondary plan and the other Plan is the Primary plan.
 2. Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a Member is a Dependent child covered by more than one Plan the order of benefits is determined as follows:
 - a) For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
 - i. The Plan of the parent whose birthday falls earlier in the Calendar Year is the Primary plan; or

- ii. If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary plan.
 - b) For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - i. If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;
 - ii. If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;
 - iii. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or
 - iv. If there is no court decree allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the Dependent child are as follows:
 - The Plan covering the Custodial parent, first;
 - The Plan covering the spouse of the Custodial parent, second;
 - The Plan covering the non-custodial parent, third; and then
 - The Plan covering the Dependent spouse of the non-custodial parent, last.
 - c) For a Dependent child covered under more than one Plan of individuals who are not the parents of the Dependent child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the Dependent child.
 - d) For a Dependent child:
 - i. Who has coverage under either or both parents' plans and also has coverage as a Dependent under a spouse's plan, the rule in paragraph (5) applies.
 - ii. In the event the Dependent child's coverage under the spouse's plan began on the same date as the Dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in Subparagraph (a) to the Dependent child's parent(s) and the Dependent's spouse.
3. Active Employee or Retired or Laid-off Employee. The Plan that covers a Member as an active employee, that is, an employee who is neither laid off nor retired, is the Primary plan. The Plan covering that same Member as a retired or laid-off employee is the Secondary plan. The same would hold true if a Member is a Dependent of an active employee and that same Member is a

Dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

4. COBRA or State Continuation Coverage. If a Member whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the Member as an employee, subscriber or retiree or covering the Member as a Dependent of an employee, Subscriber or retiree is the Primary plan and the COBRA or state or other federal continuation coverage is the Secondary plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
5. Longer or Shorter Length of Coverage. The Plan that covered the Member the longer period of time is the Primary plan and the Plan that covered the Member the shorter period of time is the Secondary plan.
6. If the preceding rules do not determine the order of benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than would have paid had This Plan been the Primary plan.

6.2.3 Effect on the Benefits of This Plan

When This Plan is secondary, benefits may be reduced so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable expenses. In determining the amount to be paid for any claim, the Secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable expense under its Plan that is unpaid by the Primary plan. The Secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable expense for that claim.

If a Member is enrolled in two or more Closed panel plans and if, for any reason, including the provision of services by a non-panel provider, benefits are not payable by one Closed panel plan, COB shall not apply between that Plan and other Closed panel plans.

6.2.4 Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply this COB section and to determine benefits payable under This Plan and other Plans. Providence Health Plan may get the facts needed from, or give them to, other organizations or persons for the purpose of applying this section and determining benefits payable under This Plan and other Plans covering a Member claiming benefits. Providence Health Plan need not tell, or get the consent of, any person to do this. Each Member claiming benefits under This Plan must give us any facts Providence Health Plan needs to apply this section and determine benefits payable.

6.2.5 Facility of Payment

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, This Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan.

This Plan will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means the reasonable cash value of the benefits provided in the form of services.

6.2.6 Right of Recovery

If the amount of the payments made by This Plan is more than what should have paid under this COB section, This Plan may recover the excess from one or more of the persons This Plan paid or for whom This Plan have paid; or any other person or organization that may be responsible for the benefits or services provided for the Member. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

6.2.7 Coordination with Medicare

In all cases, coordination of benefits with Medicare will conform with federal statutes and regulations. Medicare means Title XVIII of the Social Security Act, as enacted or amended. Medicare eligibility and how This Plan determines benefit limits are affected by disability and employment status. Please contact Customer Service if you have questions.

In accordance with the “working aged” provisions of the Medicare Secondary Payer Manual, when the Employer Group’s size is less than 20 employees, for Members who are entitled to and enrolled in Medicare Part A, enrollment in Medicare Part B will be assumed and Medicare will be the primary payer and This Plan will coordinate benefits as the secondary payer even if the Medicare-eligible Member has not elected Medicare Part B.

When the Employer Group’s size is 20 individuals or more, Medicare will be considered the secondary payer if the Member is enrolled in Medicare.

Counting individuals for the Employer size:

- Employees counted in the Employer size include the total number of nationwide full-time employees, part-time employees, seasonal employees, and partners who work or who are expected to report for work on a particular day.
- Those not counted in the Employer size include retirees, COBRA-qualified beneficiaries and individuals on other continuation options, and self-employed individuals who participate in the Employer’s group health plan.

6.3 THIRD-PARTY LIABILITY/SUBROGATION

The following provisions will apply when you or any other Member has received Services for a condition for which one or more third parties may be responsible. “Third party” means any person other than the Member (the first party to the provisions of this Plan), and Providence Health Plan (the second party), and includes any insurance carrier providing liability or other coverage potentially available to the Member. For example, uninsured or underinsured motorist coverage, no-fault medical payments (auto, homeowners or otherwise), or other group insurance (including student plans) whether under the Member’s policy or not, are subject to recovery by us as a third-party recovery. Failure by the Member to comply with the terms of this section will be a basis for the Plan to deny any claims for benefits arising from the condition or to terminate the Member’s coverage under this Plan as specified in section 9.4. In addition, you or the Member must execute and deliver to the Plan and to other parties any document requested by us which may be appropriate to confirm or secure the

rights and obligations of the Member and the Plan under these provisions.

6.3.1 Third-Party Liability/Subrogation and How It Affects You

Third-party liability refers to claims that are in whole or part the responsibility of someone besides the Plan or the Member. Examples of third-party liability are motor vehicle accidents, workplace injury or illness, and any other situation involving injury or illness, including wrongful death, in which the Member or the Member's heirs, beneficiaries or relatives have a basis to bring a lawsuit or to make a claim for compensation against any person or for which the Member or the Member's heirs, beneficiaries or relatives may receive a settlement. Once it has been established that the third party is responsible to pay and is capable of paying for the expenses for the Services caused by that third party, the Plan will not provide benefits for the Services arising from the condition caused by that third party. Such benefits are specifically excluded from coverage under this Plan.

If the Plan makes claim payments on any Member's behalf for any condition for which a third party is responsible, the Plan is entitled to be repaid promptly for those payments, directly out of any recovery from the third party, including any settlement, award, verdict, payment or other monetary recovery.

"Subrogation" means that the Plan may collect directly from the third party to the extent the Plan has paid for third-party liabilities. Because the Plan has paid for the Member's injuries, the Plan, rather than the Member, is entitled to recover those expenses. Prior to accepting any settlement of the Member's claim against a third party, the Member must notify the Plan in writing of any terms or conditions offered in settlement and must notify the third party of the Plan's interest in the settlement established by this provision.

To the maximum extent permitted by law, the Plan is subrogated to the Member's rights against any third party who is responsible for the condition, have the right to sue any such third party in the Member's name, and has a security interest in and lien upon any recovery to the extent of the amount of benefits paid by the Plan and for the Plan's expenses in obtaining a recovery. If the Member should either decline to pursue a claim against a third party that the Plan believes is warranted or refuse to cooperate with the Plan in any third party claim that the Member does pursue, the Plan has the right to pursue such claim directly, including commencing a legal action against such third party or intervening in any action that the Member may have commenced.

To accomplish this process, the Plan needs detailed information from you or from the Member. A questionnaire will be sent to the Member for this information. It should be completed and returned to Providence Health Plan as soon as possible to minimize any claim review delay. If you or the Member has any questions or concerns regarding the questionnaire, please contact Providence Health Plan office. A Providence Health Plan employee who specializes in third-party liability/subrogation can discuss these procedures and what you or the Member needs to do.

6.3.2 Proceeds of Settlement or Recovery

Subject to paragraph 6.3.4 below, if for any reason the Plan is not paid directly by the third party, the Plan is entitled to reimbursement from the Member or the Member's heirs, legal representatives, beneficiaries or relatives, and the Plan may request refunds from the medical providers who treated the Member, in which case those providers will bill the Member for their Services. To the fullest extent permitted by law, the Plan is entitled to the proceeds of any settlement, award, verdict, or other payment that results in a monetary recovery from a third party, whether or not responsibility is accepted or denied by the third party for the condition, whether or not such monetary recovery is described by any person as something other than a recovery of medical expenses incurred by the Plan, and whether or not the Member is alleged to have any fault, under principles of comparative negligence or otherwise. With respect to any workers' compensation recovery, the Plan is entitled to the proceeds whether or not the loss is deemed to be compensable under the workers' compensation laws. The Plan is entitled to recover up to the full value of the benefits provided by the Plan for the condition, calculated using the Plan's UCR charges for such Services, less the Plan's pro-rata share of the Member's out-of-pocket expenses and attorney fees incurred in making the recovery. The Plan is entitled to such recovery regardless of whether the Member has been fully compensated or "made whole" for the loss caused by the third party, and regardless of whether the Member has been partially compensated for such loss. The Plan is entitled to first priority in repayment, over the Member and over any other person, for such charges.

By accepting benefits under this Plan, the Member acknowledges the Plan's first priority to this repayment and assigns to us any benefits the Member may have from other sources. The Member must cooperate fully with the Plan and Providence Health Plan in recovering amounts paid by the Plan. If any Member seeks damages against the third party for the condition and retains an attorney or other agent for representation in the matter, that Member agrees to require the Member's attorney or agent to reimburse the Plan directly from the settlement or recovery in the amount provided by this section.

The Member must complete the Plan's trust agreement, by which the Member and any Member's attorney (or other agent) must confirm the obligation to reimburse the Plan directly from any settlement or recovery. The Plan may withhold benefits for the Member's condition until a signed copy of this agreement is delivered to the Plan. The agreement must remain in effect and the Plan may withhold payment of benefits if, at any time, the Member's confirmation of the obligations under this section should be revoked. While this document is not necessary for the Plan to exercise the Plan's rights under this section, it serves as a reminder to the Member and directly obligates any Member's attorney to act in accord with the Plan's rights.

6.3.3 Suspension of Benefits and Reimbursement

Subject to paragraph 6.3.4 below, after the Member has received proceeds of a settlement or recovery from the third party, the Member is responsible for payment of all medical expenses for the continuing treatment of the illness or injury that the Plan would otherwise be required to pay under this Plan until all proceeds from the settlement or recovery have been exhausted. If the Member has failed to reimburse the Plan as required by this section, the Plan is entitled to offset future benefits otherwise payable under this Plan, or under any future contract or plan with Clackamas County, to the extent of the value of the benefits advanced under this section.

If the Member continues to receive medical treatment for the condition after obtaining a settlement or recovery from one or more third parties, the Plan is not required to provide coverage for continuing treatment until the Member proves to the Plan's satisfaction that the total cost of the treatment is more than the amount received in settlement or recovered from the third party, after deducting the cost of obtaining the settlement or recovery. The Plan will only cover the amount by which the total cost of benefits that would otherwise be covered under this Plan, calculated using the Plan's UCR charges for such Services, exceeds the amount received in settlement or recovery from the third party. The Plan is entitled to suspend such benefits even if the total amount of such settlement or recovery does not fully compensate the Member for other damages, particularly including lost wages or pain and suffering.

Any settlement arising out of an injury or illness covered by this Plan will be deemed first to compensate you for your medical expenses, regardless of any allocation of proceeds in any settlement document that the Plan has not approved in advance. In no event shall the amount reimbursed to the Plan be less than the maximum permitted by law.

6.3.4 Special Rules for Motor Vehicle Accident Cases

If the third party recovery is payable to you or any enrolled Family Member as the result of a motor vehicle accident or by a motor vehicle liability or underinsured insurer, the rules in paragraphs 6.3.2 and 6.3.3 above are modified as provided below.

Before the Plan will be entitled to recover from under a settlement or recovery, you or your enrolled Family Member must first have received full compensation for your injuries. The Plan's entitlement to recover will be payable only from the total amount of the recovery in excess of the amount that fully compensates for the injured person's injuries.

The Plan will not deny or refuse to provide benefits otherwise available to you or your enrolled Family Member because of the possibility that a third party recovery may potentially be available against the person who caused the accident or out of motor vehicle liability or underinsurance coverage.

7.2 MEMBER GRIEVANCE AND APPEAL

Definitions:

Adverse Benefit Determination

An Adverse Benefit Determination means a:

- Denial of eligibility for or termination of enrollment in this Plan;
- Rescission or cancellation of coverage under this Plan;
- Source-of injury exclusion, network exclusion, Annual benefit limit or other limitation on otherwise Covered Services;
- Determination that a health care item or service is Experimental/Investigational or not Medically Necessary; or
- Determination that a course or plan of treatment that a Member is undergoing is an active course of treatment for purposes of continuity of care.

Appeal

A type of Grievance that is a written request from a Member or an Authorized Representative of the Member requesting further consideration of an Adverse Benefit Determination.

Authorized Representative

An individual who by law or by the authorization of a Member may act on behalf of the Member.

Concurrent Care

An approved ongoing course of treatment to be provided over a period of time or for a specified number of treatments.

Grievance

A communication from a Member or an Authorized Representative of a Member expressing dissatisfaction with an Adverse Benefit Determination, without specifically declining any right to Appeal or review, that is:

- In writing, for an internal Appeal or an external review; or in writing or orally, for an expedited response or an expedited external review; or
- A written complaint submitted by a Member or an Authorized Representative of a Member regarding the:
 - Availability, delivery or quality of a health care service;

- Claims payment, handling or reimbursement for health care services and, unless the Member has not submitted a request for an internal Appeal, the complaint is not disputing an Adverse Benefit Determination; or
- Matters pertaining to the contractual relationship between a Member and Providence Health Plan.

7.2.1 Your Grievance and Appeal Rights

If you disagree with Providence Health Plan’s decision about your medical bills or health care services, you have the right to an internal review. You may request review if you have received an Adverse Benefit Determination. You may also file a quality of care or general complaint or grievance with Providence Health Plan. You may appoint an Authorized Representative to act on your behalf during your Grievance or Appeal. Please include as much information as possible including the date of the incident, the names of individuals involved, and the specific circumstances. In filing a Grievance or Appeal:

- You can submit written comments, documents, records and other information relating to your Grievance or Appeal and Providence Health Plan will consider that information in the review process.
- You can be represented by anyone of your choice at all levels of Appeal.

Request for Claim/Appeal File and Additional Information:

- You can, upon request and free of charge, have reasonable access to and copies of all documents, records, and other information relevant to our decision at any time before, during, or after the appeal process. This includes the specific internal rule, guidelines, protocol, or other similar criterion relied upon to make the Adverse Benefit Determination, as well as a copy of your claim or appeal file as applicable.
- You also have the right to request free of charge, at any time, the diagnostic and treatment codes and their meanings that are the subject of your claim or appeal.

Filing a Grievance or Appeal does not affect your right to receive benefits for Covered Services as otherwise provided under this Plan.

If you receive the services that were denied in the Adverse Benefit Determination, and if the Adverse Benefit Determination is upheld by internal or external review, you will be financially responsible for any benefits paid by the Plan for such services.

To the extent possible, Customer Service will resolve complaints filed by telephone at the point of service. Providence Health plan will acknowledge all non-urgent pre-service and post-service Grievances and Appeals within seven days of receipt and resolve within 30 days or sooner depending on the clinical urgency. Urgent medical conditions and concurrent care have different resolution timelines as noted below.

Urgent Medical Conditions: If you believe your health would be seriously harmed by waiting for Providence Health Plan’s decision on your Grievance or Appeal of a denied Prior Authorization or Concurrent Care request, you may request an expedited review by calling Customer Service at 503-574-7500 or 800-878-4445 outside of the Portland area. If your Appeal is urgent and qualifies for external review, you may request to have both your internal and external Appeal expedited at the same time. Providence Health Plan will let you know by phone and letter if your case qualifies for an expedited review. If it does, you will be notified of the decision within 72 hours of receiving your request.

Grievances and Appeals Involving Concurrent Care Decisions: If Providence Health Plan has approved an ongoing course of treatment for you and determines through medical management procedures to reduce or terminate that course of treatment, Providence Health Plan will provide advance notice to you of that decision. You may request reconsideration of the decision by submitting an oral or written request at least 24 hours before the course of treatment is scheduled to end. Providence Health Plan will then notify you of the reconsideration decision within 24 hours of receiving your request.

7.2.2 Internal Grievance or Appeal

You must file your internal Grievance or Appeal within 180 days of the date on the notice of the initial Adverse Benefit Determination, or that initial determination will become final. Please advise Providence Health Plan of any additional information that you want considered in the review process. If you are seeing an Out-of-Network Provider, you should contact the provider's office and arrange for the necessary records to be forwarded to Providence Health Plan for the review process. Your Grievance or Appeal will be reviewed by Providence Health Plan staff not involved in the initial determination. You may present your case in writing. Once a final determination is made you will be sent a written explanation of the decision.

7.2.3 External Review

If you are not satisfied with the internal Grievance or Appeal decision and your Appeal is of an Adverse Benefit Determination that involves (a) Medically Necessary treatment, (b) Experimental/Investigational treatment, (c) an active course of treatment for purposes of continuity of care, (d) whether a course of treatment is delivered in an appropriate setting at an appropriate level of care or (e) an exception to the Plan's prescription drug formulary, you may request an external review by an IRO. Your request must be made in writing within 180 days of receipt of the internal Grievance or Appeal decision, or that internal decision will become final. If you agree, Providence Health Plan may waive the requirement that you exhaust the internal review process before beginning the External Review process. Providence Health Plan will notify the Oregon Insurance Division within two business days of receiving your request for external review, at which point an IRO will be assigned to the case by the Oregon Insurance Division and Providence Health Plan will forward complete documentation regarding the case to the IRO.

If you request an external review you must agree to authorize release of medical records needed by the IRO and submit any additional information to the IRO no later than five days after the appointment of the IRO, or 24 hours in cases of expedited review. The IRO is entirely independent of the Plan and Providence Health Plan and performs its review under a contract with the Oregon Insurance Division. The IRO will notify you and Providence Health Plan of its decision within three days for expedited reviews and within 30 days when not expedited. **The Plan and Providence Health Plan agree to be bound by and to comply with the IRO decision when the decision involves, (a) Medically Necessary treatment, (b) Experimental/Investigational treatment, (c) an active course of treatment for purposes of continuity of care, (d) whether a course of treatment is delivered in an appropriate setting at an appropriate level of care or (e) an exception to the Plan's prescription drug formulary.**

The Plan pays all costs for the handling of external review cases and Providence Health Plan administers these provisions in accordance with the insurance laws and regulations of the State of Oregon. **If we do not comply with the IRO decision, you have the right to sue us under applicable Oregon law.**

8. ELIGIBILITY AND ENROLLMENT

This section outlines who is eligible for coverage, and how and when to enroll yourself and your Eligible Family Dependents. No benefits shall be available to anyone not enrolled under this Plan. You and your Employer must provide Providence Health Plan with evidence of eligibility as requested.

8.1 EMPLOYEE ELIGIBILITY AND ENROLLMENT

8.1.1 Employee Eligibility Date

An employee is eligible for coverage as specified in the Eligible Employee definition.

8.1.2 Employee Effective Date

Coverage begins for an Eligible Employee as specified in the Effective Date of Coverage definition.

8.1.3 Employee Enrollment

The Eligible Employee must enroll on forms (paper or electronic) provided and/or accepted by Clackamas County. To obtain coverage, an Eligible Employee must enroll within 30 days to enroll after becoming eligible. An enrolled Eligible Employee is referred to as the Subscriber.

If you decline coverage or fail to enroll when you first become eligible, the next earliest time you may enroll is the next occurring Open Enrollment Period.

In certain situations, you and/or your Eligible Family Dependents may qualify to enroll during a special enrollment period. See section 8.3 for additional information.

8.2 DEPENDENT ELIGIBILITY AND ENROLLMENT

8.2.1 Eligibility Date

Coverage begins for each Eligible Family Dependent on:

1. The Effective Date of Coverage for the Subscriber if the individual is an Eligible Family Dependent on that date;
2. For any Eligible Family Dependents acquired on the date of the Subscriber's marriage, on the first day of the calendar month following receipt of the enrollment request, within 60 days of the Subscriber's marriage;
3. The date of birth of the biological child of the Subscriber or Spouse;
4. The date a child is placed with the Subscriber or Spouse for the purpose of adoption by the Subscriber or Spouse;
5. The date the Subscriber or Spouse is required to provide health coverage to a child under a qualified medical child support court or administrative order; or
6. The date on which legal guardianship status begins.

8.2.2 Additional Requirements for Eligible Family Dependent Coverage

An Eligible Employee may cover Eligible Family Dependents ONLY if the Eligible Employee is also covered, and Clackamas County receives the completed enrollment form requesting Dependent coverage.

8.2.3 Eligible Family Dependent Enrollment

You must enroll Eligible Family Dependents on forms provided and/or accepted by Clackamas County. No Eligible Family Dependent will become a Member until Clackamas County approves that Eligible Family Dependent for coverage. To obtain coverage, the Eligible Family Dependent must enroll within 30 after becoming eligible as indicated in section 8.2.1 (see section 8.2.4 regarding newborn and adopted children). The next earliest time your Eligible Family Dependent may enroll is the next occurring Open Enrollment Period. In addition, an Eligible Employee and/or Eligible Family Dependent may qualify to enroll during a special enrollment period as described in section 8.3.

8.2.4 Newborn Eligibility and Enrollment

A newborn or adopted child of a Member who meets the definition of an Eligible Family Dependent is eligible for coverage from the date of birth or placement for the purpose of adoption as long as enrollment occurs within 60 days from birth or placement and additional Premium, if any, is paid to Clackamas County. If the enrollment and payment of additional Premium, if any, are not accomplished within this time period, no Services will be covered for the child. Enrollment after this time period may be accomplished as outlined in sections 8.2.3 and 8.3.

8.2.5 Open Enrollment Period

Clackamas County will provide an Open Enrollment Period each Plan Year. The Effective Date of Coverage for new Members who enroll during the Open Enrollment Period is the first day of the Plan Year for which they enroll.

8.2.6 Changes in Eligibility

When an eligibility change occurs, you need to make sure Clackamas County is notified of the change. Address changes can be made by contacting Clackamas County Benefits & Wellness.

For the following changes, you, as the Subscriber, must obtain an enrollment form from Clackamas County's benefit office. You need to submit this form to your Employer for you and all your Eligible Family Dependents when:

- You marry and wish to enroll your new Spouse;
- A Dependent's limiting age occurs; or
- You or one of your Dependents has a legal name change.

If you have questions regarding eligibility changes, please contact Clackamas County Benefits & Wellness.

8.2.7 Members No Longer Eligible for Coverage

If you divorce or are legally separated, your Spouse is no longer eligible for coverage as a Dependent. You must disenroll your Spouse as a Dependent from your Plan at the time the divorce or legal separation is final. Your Spouse's children will be able to continue coverage under the Plan so long as the children continue to qualify as your Eligible Family Dependents.

You must inform Clackamas County of these changes by completing a new enrollment form. Check with Clackamas County's benefits office or contact Customer Service to determine

the effective date of any enrollment or disenrollment.

Those who no longer qualify as your Eligible Family Dependents may be eligible to continue coverage as described under section 10. Ask Clackamas County or call Customer Service for continuation coverage eligibility information.

8.3 SPECIAL ENROLLMENT PERIODS

If you declined enrollment for yourself as a Subscriber or for an Eligible Family Dependent (including your Spouse) during a previous enrollment period (as stated in sections 8.1 and 8.2), you may be eligible to enroll yourself or the Eligible Family Dependent during a “special enrollment period” provided that you request enrollment within 60 days of the qualifying event and meet the applicable requirements stated in this section.

In instances where an Eligible Family Dependent of a Subscriber qualifies for a “special enrollment period,” the Subscriber and the Eligible Family Dependent may:

- Enroll in the coverage currently elected by the Subscriber; or
- Enroll in any benefit option offered by the Employer for which the Subscriber and Eligible Family Dependent is eligible.

8.3.1 Loss of Other Coverage

If you declined enrollment for yourself as a Subscriber or for an Eligible Family Dependent (including your Spouse) because of other health coverage and you lose that other coverage, the Plan will provide a “special enrollment period” for you and/or your Eligible Family Dependent if:

- a) The person was covered under a group health plan or had other health coverage (includes benefits consisting of medical care under any hospital or medical services policy or certificate, or HMO) at the time coverage under this policy was first offered to the person; and
- b) The person stated in writing that coverage under such group health plan or health coverage was the reason for declining enrollment; but only if the Plan required such a statement and provided the person with notice of such requirement (and the consequences of such requirement) at such time; and
- c) Such coverage:
 - was under a COBRA Continuation provision and the coverage under such a provision was exhausted, except when the person failed to pay timely premium, or if coverage terminated for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact); or
 - was not under a COBRA Continuation provision and the coverage was terminated as a result of:
 1. The individual’s loss of eligibility for the coverage; including as a result of legal separation, divorce, death, termination of employment, or a reduction in the number of hours of employment; except when the person failed to pay timely premium or if coverage terminated for cause (such as making a fraudulent claim or an intentional misrepresentation of material fact); or
 2. The individual’s loss of eligibility for coverage under the Children’s Health Insurance Program (CHIP), Medicaid, Medicare, TRICARE, Indian Health Service or domestic or foreign publicly sponsored or subsidized

- health plan; including but not limited to the Oregon Health Plan (OHP); and the individual applies for coverage under this Plan within 63 days of the termination of such coverage; or
3. The termination of contributions toward such coverage by the current or former Employer; or
 4. The individual incurring a claim that exceeds the lifetime limit on benefits; and the individual applies for coverage under this Plan within 60 days after the claim is denied.

Effective Date: Coverage under this Plan will take effect on the first day after the other coverage ended.

8.3.2 New Dependents

If you were eligible to enroll as a Subscriber under this Plan, but did not enroll during a previous enrollment period, and a person becomes your Eligible Family Dependent through marriage, birth, adoption or placement for adoption; the Plan will provide a “special enrollment period” during which you and your Eligible Family Dependent(s) may enroll under this Plan.

The “special enrollment period” shall be a period of 60 days and begins on the later of:

- the date Dependent coverage is made available under this Plan; or
- the date of the marriage, birth, or adoption or placement for adoption.

Effective Date:

- in the case of marriage, on the first day of the calendar month following Clackamas County’s receipt of the enrollment request, or on an earlier date as agreed to by Clackamas County; or
- in the case of a Dependent’s birth, on the date of such birth; or
- in the case of a Dependent’s adoption or placement for adoption, the date of such adoption or placement for adoption; or
- in the case of legal guardianship of a Dependent, the date such legal guardianship status begins.

8.3.3 Court Orders

If you were eligible to enroll as a Subscriber under this Plan, but did not enroll during a previous enrollment period, and a court orders you to provide coverage for a Spouse or minor child under your Health Benefit Plan, the Plan will provide a “special enrollment period” for you and the Spouse or minor child you are ordered to provide coverage for if you request enrollment within 60 days after the issuance of the court order.

Effective Date: The date specified in the court order.

8.3.4 Premium Assistance

If you or your Eligible Family Dependent were eligible to enroll under this Plan but did not enroll during a previous enrollment period, and you or your Eligible Family Dependent becomes entitled to group health plan premium assistance under a Medicaid-sponsored or Children’s Health Insurance Program (CHIP)-sponsored arrangement, the Plan will provide a “special enrollment period” for you and your Family Member(s) if you request enrollment

within 60 days after the date of entitlement.

8.4 LEAVE OF ABSENCE AND LAYOFFS

A Subscriber on leave of absence or layoff status may continue to be covered under this Plan as though actively at work for a period of time, if any, as stated in the Eligible Employee definition. An Employee who returns to work as an Eligible Employee after coverage has lapsed must re-enroll for coverage as specified in section 8.1.3.

For the Subscriber, a leave of absence granted under the federal Family and Medical Leave Act (FMLA), the Uniformed Services Employment and Reemployment Rights Act (USERRA), is administered in accordance with those Acts and this Summary Plan Description.

9. TERMINATION OF MEMBER COVERAGE

9.1 TERMINATION DATES

Termination of Member coverage under this Plan will occur on the earliest of the following dates:

1. The date this Plan terminates;
2. The last day of the coverage period in which a Subscriber terminates employment with Clackamas County;
3. The last day of the coverage period in which a Subscriber no longer qualifies as a Subscriber, as stated in the Summary Plan Description;
4. The date a Member enters full-time military, naval or air service, except as provided under federal USERRA requirements;
5. The last day of the coverage period in which a Subscriber retires;
6. The last day of the month in which the Subscriber makes a written request for termination of coverage to be effective for the Subscriber or Member;
7. For a Family Member, the date the Subscriber's coverage terminates;
8. For a Family Member, the last day of the month in which the individual no longer qualifies as an Eligible Family Dependent;
9. For any benefit, the date the benefit is deleted from this Plan;
10. For a Member, the date of disenrollment from this Plan as described in section 9.4;
11. For a Member, the date any fraudulent information is provided; or
12. For a Member, the date we discover any breach of contractual duties, conditions or warranties, as determined by us.
13. For a Subscriber that is a Non-Medicare Eligible Early Retiree, the last day of the month in which the Retiree becomes eligible for Medicare.

You and the Employer are responsible for advising Clackamas County of any changes in eligibility including the lack of eligibility of a Family Member. Coverage will not continue beyond the last date of eligibility, regardless of the lack of notice to Clackamas County.

See section 7, Problem Resolution, for your Grievance and Appeal rights.

9.2 TERMINATION AND RESCISSION OF COVERAGE DUE TO FRAUD OR ABUSE

Coverage under this Plan, either for you or for your covered Dependent(s), may be rescinded (meaning your coverage is retroactively canceled) or terminated in case of a fraud or intentional misrepresentation of material fact by you or by your covered Dependent in obtaining, or attempting to obtain, benefits under this Plan.

If coverage is rescinded, the Plan will retain any money you paid for coverage as liquidated damages and will have the right to recover from you or from your covered Dependents the benefits paid as a result of such wrongful activity. Providence Health Plan will provide all affected Plan participants with 30 days' notice before rescinding coverage.

9.3 NON-LIABILITY AFTER TERMINATION

Upon termination of this Plan, Clackamas County shall have no further liability beyond the effective date of the termination unless the Member continues, without lapse of membership, under another Clackamas County plan.

9.4 DISENROLLMENT FROM THIS PLAN

“Disenrollment” means that your coverage under this Plan is terminated because you have engaged in fraudulent, dishonest or threatening behavior, such as:

1. You have filed a false claim with the Plan;
2. You willfully fail to provide information or documentation required to be provided under this Plan or knowingly provide incorrect or incomplete information;
3. You have committed an act of physical or verbal abuse that poses a threat to providers, to other Members, or to Clackamas County or Providence Health Plan employees; or
4. You have allowed a non-Member to use your Member ID Card to obtain Services.

9.5 NOTICE OF CREDITABLE COVERAGE

Providence Health Plan will provide upon request written certification of the Member’s period of Creditable Coverage when:

- A Member ceases to be covered under this Plan;
- A Member on COBRA coverage ceases that coverage; and
- A Member requests a Notice of Creditable Coverage within 24 months of the termination of coverage.

9.6 CLACKAMAS COUNTY’S RIGHT TO TERMINATE OR AMEND PLAN

Clackamas County reserves the right at any time to terminate or amend in whole or part any of the provisions of the Plan or any of the benefits provided under the Plan. Any such termination or amendment may take effect retroactively or otherwise. In the event of a termination or reduction of benefits under the Plan, the Plan will be liable only for benefit payments due and owing as of the effective date of such termination or reduction and no payments scheduled to be made on or after such effective date will result in any liability to the Plan or Clackamas County.

10. CONTINUATION OF GROUP MEDICAL BENEFITS

If you become ineligible for coverage under this Plan you may, under certain circumstances, continue group coverage. There are specific requirements, time frames and conditions that must be followed in order to be eligible for continuation of group coverage and which are generally outlined below. Please contact Clackamas County as soon as possible for details if you think you may qualify for group COBRA or state continuation coverage.

10.1 COBRA CONTINUATION COVERAGE

The Consolidated Omnibus Budget Reconciliation Act (COBRA) is a federal law that applies to most Employers with 20 or more employees. Some Employers, such as church groups and state agencies, may be exempt from COBRA. The law requires that Employers subject to COBRA offer Employees and/or their Dependents continuation of medical and dental coverage in certain instances where there is a loss of group coverage.

10.1.1 Subscriber's Continuation Coverage

A Subscriber who is covered under this Plan may elect continuation coverage under COBRA if coverage is lost due to termination of employment (other than for gross misconduct) or a reduction in work hours.

10.1.2 Spouse's or Domestic Partner's Continuation Coverage

A Spouse or Domestic Partner who is covered under this Plan has the right to elect continuation coverage under COBRA if coverage is lost for any of the following qualifying events:

- The death of the Subscriber;
- The termination of the Subscriber's employment (for reasons other than gross misconduct) or reduction in hours;
- The divorce or legal separation of the Subscriber and the Spouse;
- Termination of the domestic partnership; or
- The Subscriber becomes covered under Medicare.

10.1.3 Dependent's Continuation Coverage

A Dependent child who is covered under this Plan has the right to continuation under COBRA if coverage is lost for any of the following qualifying events:

- The death of the Subscriber;
- The termination of the Subscriber's employment (other than for gross misconduct) or reduction in a Subscriber's hours;
- The Subscriber's divorce or legal separation;
- Termination of the domestic partnership;
- The Subscriber becomes covered under Medicare; or
- The child ceases to qualify as an Eligible Family Member under this Plan.

A newborn child or a child placed for adoption who is properly enrolled under the terms of this Plan during the COBRA continuation period will be a qualified beneficiary.

10.1.4 Notice Requirements

A Family Member's coverage ends on the last day of the month in which a divorce, legal separation or termination of domestic partnership occurs or a child loses Dependent status under this Plan. **Under COBRA, you or your Family Member has the responsibility to notify Clackamas County if one of these events occurs.** Written notice must be given no later than 60 days after the loss of coverage has occurred, or the qualifying event, whichever is later. Oral notice is not binding until confirmed in writing. If notice is not timely given, continuation coverage will not be available.

When Clackamas County receives notification of one of the above "qualifying" events, you will be notified that you or your Family Member, as applicable, have 60 days from the date coverage is lost or the date you receive the notice, whichever is later, to elect continuation coverage. If this election is not made within this 60-day period, your right to elect continuation coverage under this Plan will be lost.

10.1.5 Type of COBRA Continuation Coverage

A qualified beneficiary will be provided the same coverage that was in effect immediately prior to the qualifying event.

10.1.6 COBRA Election Rights

A Subscriber or their Spouse or Domestic Partner may elect continuation coverage for all covered Family Members. In addition, each Family Member has an independent right to elect COBRA. Thus, a Family Member may elect continuation coverage even if the Subscriber does not.

10.1.7 COBRA Premiums

If you are eligible for COBRA continuation coverage, you do not have to show that you are insurable (that you do not have any serious health conditions). However, you must pay the full premium for your continuation coverage, including the portion of the premium Clackamas County was previously paying. After you elect COBRA, you will have 45 days from the date of election to pay the first premium. You must pay the premium back to the point you would otherwise have lost coverage under this Plan. After that, you must pay the premium for each month as of the first of the month, and in all events within 30 days. If you fail to pay your monthly premium, you will be notified that your coverage is being terminated.

10.1.8 Length of COBRA Continuation Coverage

18-Month Continuation Period

When coverage ends due to a Subscriber's termination of employment (other than for gross misconduct) or a reduction in hours, the continuation period for the Subscriber and all covered Family Members will be 18 months from the date of the qualifying event, or the date coverage is lost, whichever is later.

29-Month Continuation Period

If a qualified beneficiary is disabled, continuation coverage for that qualified beneficiary and their covered Family Members may continue for up to 29 months from the date of the original qualifying event, or loss of coverage, whichever is later. The 29-month period applies only if the following conditions are met:

- The Social Security Administration (SSA) determines that the qualified beneficiary is disabled at any time prior to the qualifying event or during the first 60 days of COBRA continuation coverage; and
- The qualified beneficiary provides Clackamas County with a copy of the SSA determination within the initial 18-month continuation period and not later than 60 days after the SSA determination was issued.

The premium for COBRA continuation coverage may increase after the 18th month to 150% of the otherwise applicable amount.

If the SSA makes a final determination of non-disability, the qualified beneficiary must notify the COBRA Administrator within 30 days.

36-Month Continuation Period

If a Spouse, Domestic Partner or Dependent child loses coverage because of any of the following reasons, COBRA provides for up to 36 months of continuation of coverage:

- The Subscriber's death;
- The Subscriber's eligibility for Medicare;
- Divorce or legal separation;
- Termination of the domestic partnership; or
- A child becomes ineligible for Dependent coverage.

10.1.9 Extension of Continuation Period

If a second qualifying event occurs during the initial 18- or 29-month continuation period (for example, the death of the employee, divorce, or child loses status as an Eligible Family Member under the Plan), coverage for a qualified beneficiary may be extended up to 36 months. However, in no case will the continuation coverage exceed 36 months from the date of the original qualifying event.

If a Spouse or Dependent child has continuation coverage due to the employee's termination or reduction in hours and if the qualifying event occurred within 18 months after the employee became entitled to Medicare, the coverage period is extended to 36 months from the employee's Medicare entitlement date.

10.1.10 Trade Act of 2002

The Trade Act of 2002 created a new tax credit for certain individuals who become eligible for trade adjustment assistance (TAA). TAA allows workers displaced by the impact of foreign trade, and individuals age 55 or older who are receiving pension benefits paid by the Pension Benefit Guaranty Corporation (PBGC), to elect COBRA coverage during the 60-day period that begins on the first day of the month in which the individual first becomes eligible for TAA benefits. Eligible individuals can either take a tax credit or get advance payment of sixty-five percent of premiums paid for qualified health insurance, including continuation coverage. If you have questions about these tax provisions, you may call the Health Care Tax Credit Customer Contact Center toll-free at 866-628-4282. TTD/TTY caller may call toll-free at 866-626-4282. More information about the Trade Act is also available at <http://www.doleta.gov/tradeact/>.

10.1.11 When COBRA Continuation Coverage Ends

COBRA Continuation coverage will end automatically for you and your Family Members when any of the following events occurs:

- Clackamas County no longer provides health coverage to any employees;
- The premium for the continuation coverage is not paid on time;
- The qualified beneficiary (employee, spouse or dependent child) later becomes covered under another health plan;
- The qualified beneficiary (employee, spouse, or dependent child) later becomes entitled to Medicare;
- The earliest date that the qualified beneficiary no longer qualifies for such coverage in accordance with the federal COBRA regulations; or
- The applicable maximum period of continuation coverage occurs.

As a participant in Clackamas County's Group Plan, you are entitled to certain rights and protections under Oregon law, which provides that all Plan participants are entitled to:

- 1. Receive from Providence Health Plan information maintained about you by your Employer's group plan**
 - You are entitled within 30 days to access to recorded personal information, provided you request it in writing and reasonably describe the information.

As more fully described in section 7, the Plan offers a Grievance process that attempts to resolve the concerns Members may have about claims decisions. No civil action may be brought to recover benefits from this Plan until receipt of a final decision under the Member Grievance and Appeal process specified in section 7.2 of this Summary Plan Description. If the Member elects to seek external review under section 7.2.4, both the Plan and the Member will be bound by the Independent Review Organization (IRO) decision. In the alternative, Member may request that the Plan agree to submit the dispute to binding arbitration before a single arbitrator appointed by the United States Arbitration & Mediation Service (USA&M) under Oregon law in the Member's county (unless otherwise mutually agreed) in accordance with USA&M's Rules for Arbitration. If arbitration is mutually agreed upon the arbitrator's decision shall be final and legally binding and judgment may be entered thereon. Irrespective of whether the Grievance is appealed to a court or an arbitrator, neither party shall under any circumstance be liable to the other for any special, incidental, or consequential damages, or for any tort liability (including any punitive or exemplary damages), in any way related to this Plan.

12. QUALIFIED MEDICAL CHILD SUPPORT ORDERS (QMCSO)

A child of an Eligible Employee will be enrolled in the Plan as required by a qualified medical child support order. The procedures and rules regarding this enrollment are described in this section.

12.1 DEFINITIONS

For purposes of this section, the following definitions shall apply:

“Alternate Recipient” means any child of an employee who is recognized under an Order as having a right to enrollment under the Plan with respect to such employee.

An “Order” means any judgment, decree, or order (including approval of a settlement agreement) issued by a court of competent jurisdiction (or through an administrative process established under a state law which has the effect of a court order) which:

- Provides for child support with respect to a child of an employee under the Plan or provides for health benefit coverage to such a child, is made pursuant to a state domestic relations law (including a community property law), and relates to benefits under the Plan; or
- Enforces a state law relating to medical child support with respect to the Plan.

A “Qualified Medical Child Support Order” or “QMCSO” means an Order:

- Which creates or recognizes the existence of an Alternate Recipient’s right to receive, or assigns to an Alternate Recipient the right to receive, benefits for which an employee or beneficiary is eligible under the Plan; and
- With respect to which Clackamas County has determined satisfies the QMCSO standards set forth below.

“Procedures” means the Qualified Medical Child Support Order procedures as prescribed in this section.

“Designated Representative” means a representative designated by an Alternate Recipient to receive copies of notices that are sent to the Alternate Recipient with respect to an Order.

12.2 NOTICE UPON RECEIPT OF ORDER

Upon the receipt of any Order, Clackamas County will promptly notify the employee and each Alternate Recipient identified in such Order of the receipt of such Order, and will further furnish them each with a copy of these Procedures. If the Order or any accompanying correspondence identifies a Designated Representative, then copies of the acknowledgment of receipt notice and these Procedures will also then be provided to such Designated Representative.

12.3 NOTICE OF DETERMINATION

Within a reasonable period after its receipt of the Order, Clackamas County will determine whether the Order satisfies the QMCSO standards described below so as to constitute a QMCSO, and shall thereupon notify the employee, each Alternate Recipient, and any Designated Representative of such determination.

An Order will not be deemed to be a QMCSO unless the Order:

(a) Clearly specifies:

1. The name and last known mailing address (if any) of the employee and of each Alternate Recipient covered by the Order (or the name and mailing address of a State or agency official acting on behalf of the Alternate Recipient);
2. Either a reasonable description of the type of coverage to be provided under the Plan to each Alternate Recipient, or the manner in which such type of coverage is to be determined; and
3. The period to which the Order applies.

(b) Does not require the Plan to provide any type or form of benefit, or any option, not otherwise provided under the Plan, except to the extent that the Order pertains to the enforcement of a state law relating to a medical child support.

If an Order contains inconsistencies or ambiguities that might pose a risk of future controversy or liability to the Plan, the Order will not be considered to be a QMCSO.

12.4 ENROLLMENT OF ALTERNATE RECIPIENT

An Alternate Recipient with respect to an Order determined to be a QMCSO who properly submits the applicable enrollment forms to Clackamas County will become covered under the Plan to which such Order applies as soon as practicable after the applicable enrollment forms are received. An Alternate Recipient will be eligible to become covered under the Plan as of a particular date without regard to any open enrollment period restrictions otherwise applicable under the Plan.

12.5 COST OF COVERAGE

An Alternate Recipient will be treated as having been voluntary enrolled in the Plan by the employee as a dependent of such employee, including in regard to the payment by the employee for dependent coverage under the Plan. The amount of any required contributions to be made by the Employee for coverage under the Plan will be determined on the basis of the Alternate Recipient being treated as the employee's covered dependent. Any additional required contribution attributable to the coverage of the Alternate Recipient will not be separately charged. Rather, the full amount of the required contribution shall be paid by the employee in accordance with the payroll deduction or other procedures of the Plan as pertaining to the employee.

12.6 REIMBURSEMENT OF PLAN EXPENSES

Unless the terms of the Order provide otherwise, any payments to be from the Plan as reimbursement for group health expenses paid either by the Alternate Recipient, or by the custodial parent or legal guardian of the Alternate Recipient, will not be paid to the employee. Rather, such reimbursement will be paid either to the Alternate Recipient, or to the custodial parent or legal guardian of such Alternate Recipient. However, if the name and address of a State or agency official has been substituted in the Order for that of the Alternate Recipient, then the reimbursement will be paid to such named official.

12.7 STATUS OF ALTERNATE RECIPIENT

An Alternate Recipient under a QMCSO generally will be considered a beneficiary of the

Employee under the Plan to which the Order pertains.

12.8 TREATMENT OF NATIONAL MEDICAL SUPPORT NOTICE

If Clackamas County receives an appropriately completed National Medical Support Notice (a "National Notice") issued pursuant to the Child Support Performance and Incentive Act of 1998 in regard to an employee who is a non-custodial parent of a child, and if the National Notice is determined by Clackamas County to satisfy the QMCSO standards prescribed above, then the National Notice shall be deemed to be a QMCSO respect to such child.

Clackamas County, upon determining that the National Notice is a QMCSO, shall within forty (40) business days after the date of the National Notice notify the State agency issuing the National Notice of the following:

- (a) Whether coverage of the child at issue is available under the terms of the Plan, and if so, as to whether such child is covered under the Plan; and
- (b) Either the effective date of the coverage or, if necessary, any steps to be taken by the custodial parent (or by the State or agency official acting on behalf of the child) to effectuate the coverage under the Plan.

Clackamas County shall within such time period also provide to the custodial parent (or such substituted official) a description of the coverage available and any forms or documents necessary to effectuate such coverage.

Nothing in this section shall be construed as requiring the Plan, upon receipt of a National Notice, to provide benefits under the Plan (or eligibility for such benefits) in addition to benefits (or eligibility for benefits) provided under the terms of the Plan as in effect immediately before receipt of such National Notice.

13. GENERAL PROVISIONS

13.1 CONFLICTS OF PROVISIONS

In the event that one or more provisions of this document conflict with one or more provisions of any other plan document, the provisions of this document, as from time to time amended, shall control.

13.2 CONTROLLING STATE LAW

To the extent not preempted by federal laws, the laws of the State of Oregon shall apply and shall be the controlling state law in all matters relating to the Plan.

13.3 DUPLICATING PROVISIONS

If any charge is described as covered under two or more benefit provisions, the Plan will pay only under the provision allowing the greater benefit. This may require a recalculation based upon both the amounts already paid and the amounts due to be paid. The Plan has NO liability for benefits other than those this Plan provides.

13.4 FAILURE TO PROVIDE INFORMATION OR PROVIDING INCORRECT OR INCOMPLETE INFORMATION

Members warrant that all information contained in applications, questionnaires, forms, or statements submitted to Clackamas County and to Providence Health Plan to be true, correct, and complete. If a Member willfully fails to provide information required to be provided under this Plan or knowingly provides incorrect or incomplete information, then the Member's rights may be terminated. See section 9.4.

13.7 LEGAL ACTION

No civil action may be brought under state or federal law to recover benefits from the Plan until receipt of a final decision under the Member Grievance and Appeal process specified in section 7.2 of the Summary Plan Description, unless the Member's benefits under the Plan are subject to the Employee Retirement Income Security Act (ERISA), in which case the Member is permitted either to bring a civil action under ERISA in federal court after receiving a decision from the First Level of Appeal or to bring such an action after receipt of a final grievance decision. An appeal from a final Grievance decision may lie with an Independent Review Organization (IRO). In the event a right to IRO review exists and the Member elects to seek such review, the IRO decision will be binding and final, as indicated in section 7.2.4. No civil action under ERISA or otherwise may be brought later than three years after the date of the last decision rendered under the Member Grievance and Appeal process specified in section 7.2. If ERISA does not apply (see section 11.2), the action must be brought in Oregon state court, either in the Member's county of residence or such other county as mutually agreed upon between Member and the Plan. In general, ERISA applies if this is an employer-sponsored plan, other than a government plan or church plan.

13.8 LIMITATIONS AND PROVISIONS

The provisions of the Plan and any benefits provided by the Plan shall be limited as described herein. Any benefit payable under any other employee benefits plan maintained by Clackamas County shall be paid solely in accordance with the terms and provisions of such plan, and nothing in this Plan shall operate or be construed in any way to modify, amend, or affect the terms and provisions of such other plan.

No person other than a Member is entitled to receive benefits under this Plan. Such right to benefits is nontransferable.

13.12 NO GUARANTEE OF EMPLOYMENT

Neither the maintenance of the Plan nor any part thereof shall be construed as giving any employee covered hereunder any right to remain in the employ of Clackamas County. No shareholder, director, officer, or employee of Clackamas County in any way guarantees to any Member or beneficiary the payment of any benefit or amount which may become due in accordance with the terms of the Plan.

13.13 NO RECOURSE FOR ACTS OF PROVIDERS

The Hospitals, Skilled Nursing Facilities, physicians and other persons or organizations providing Services to you do so as independent contractors. Neither Clackamas County nor Providence Health Plan is liable for any claim or demand due to damages arising out of, or in any manner connected with, any injuries suffered by you while receiving such Services.

13.14 NON-WAIVER

No delay or failure when exercising or enforcing any right under this Plan shall constitute a waiver or relinquishment of that right, and no waiver or any default under this Plan shall constitute or operate as a waiver of any subsequent default. No waiver of any provision of this Plan shall be deemed to have been made unless and until such waiver has been reduced to writing and signed by the party waiving the provision.

13.15 NOTICE

Any notice required of Clackamas County or Providence Health Plan under this Plan shall be deemed to be sufficient if mailed to the Subscriber at the address appearing in the records of Providence Health Plan. Any notice required of you shall be deemed sufficient if mailed to the principal office of Providence Health Plan, P.O. Box 3125, Portland, OR 97208.

13.16 NOTICE REQUIRED FOR REIMBURSEMENT AND PAYMENT OF CLAIM

Plan payments for most Services are made directly to the providers of Services. Except as otherwise specifically provided in this Plan, if you are billed directly by an Out-of-Network Provider and you pay for benefits which are covered by this Plan, reimbursement from the Plan will be made only upon your written notice to Providence Health Plan of the payment. Payment will be made to the Member, subject to written notice of claim, or, if deceased, to the Member's estate, unless payment to other parties is authorized in writing by you. (See section 6.1.1 regarding timely submission of claims.)

13.17 PAYMENT OF BENEFITS TO PERSONS UNDER LEGAL DISABILITY

Whenever any person entitled to payments under the Plan is determined to be a minor or under other legal disability or otherwise incapacitated in any way so as to be unable to manage such person's financial affairs, or otherwise incapable of giving a valid receipt and discharge for any payment, the following provision shall apply. Providence Health Plan, in their discretion, may direct that all or any portion of such payments be made (i) to such person, (ii) to such person's legal guardian or conservator, or (iii) to such person's spouse or to any other person, in any manner considered advisable, to be expended for the person's benefit. PHP's decision will, in each case, be final and binding upon all persons. Any payment made pursuant to the power herein conferred shall operate as a complete discharge of the obligations under the Plan in respect thereof by Clackamas County and Providence Health Plan.

13.18 PHYSICAL EXAMINATION AND AUTOPSY

When reasonably required for purposes of claim determination, the Plan Sponsor shall have the right to make arrangements for the following examinations, at Plan expense, and to suspend the related claim determination until Providence Health Plan has received and evaluated the results of the examination:

- A physical examination of a Member; or
- An autopsy of a deceased Member, if not forbidden by law.

13.19 PROFESSIONAL REVIEW AND RIGHT TO EXAMINE RECORDS

All Members, by acceptance of the benefits of this Plan, shall be deemed to have consented to the examination of medical records for purposes of utilization review, quality assurance and peer review by Providence Health Plan or their designee.

All Members, for purposes other than utilization review, quality assurance and peer review, may be required to authorize any provider to give and discuss with Providence Health Plan any information relating to any condition for which benefits are claimed under this Plan. Providence Health Plan may transfer this information between providers or other organizations who are treating you or performing a Service on our behalf. If you do not consent to the release of records or to discussions with providers, Providence Health Plan will be unable to determine the proper payment of any benefits and will deny the claims accordingly. Consent to the release of records and discussion with providers is a condition of payment of any benefits. Neither the consent to, nor the actual examination of the records or discussion with providers will constitute a guarantee of payment.

13.20 REQUIRED INFORMATION TO BE FURNISHED

Each Member must furnish to Providence Health Plan such information as they consider necessary or desirable for purposes of administering the Plan, and the provisions of the Plan respecting any payments hereunder are conditional upon the prompt submission by the Member of such true, full and complete information as may be requested.

13.21 RIGHT OF RECOVERY

Providence Health Plan, on behalf of the Plan, has the right, upon demand, to recover payments in excess of the maximum benefits specified in this Plan or payments obtained through fraud, error, or duplicate coverage. If reimbursement is not made to the Plan, Providence Health Plan is authorized by Clackamas County to deduct the overpayment from future benefit payments under this Plan.

13.22 SEVERABILITY

Invalidation of any term or provision herein by judgment or court order shall not affect any other provisions, which shall remain in full force and effect.

13.23 STATE MEDICAID BENEFITS RIGHTS

Notwithstanding any provision of the Plan to the contrary:

- Payment for benefits with respect to a Member under the Plan shall be made in accordance with any assignment of rights made by or on behalf of such Member, as required by a State Medicaid Plan;
- The fact that an individual is eligible for or is provided medical assistance under a State Medicaid Plan shall not be taken into account in regard to the individual's enrollment as a Member or beneficiary in the Plan, or in determining or making any payments for benefits of the individual as a Member in the Plan; and
- Payment for benefits under the Plan shall be made to a state in accordance with any state law which provides that the state has acquired the rights with respect to a Member for items or services constituting medical assistance under a State Medicaid Plan.

For purposes of the above, a "State Medicaid Plan" means a state plan for medical assistance approved under Title XIX of the Social Security Act pursuant to Section 1912(a)(1)(A) of such Act.

The Plan will provide benefits to employees entering into or returning from service in the armed forces as may be required under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA). In general, USERRA provides that:

- (a) An employee who takes unpaid military leave, or who separates from the employment of Clackamas County to perform services in the armed forces or another uniformed service, can elect continued coverage under the Plan (including coverage for the Eligible Family Dependents) on a self-pay basis. The applicable Contribution for such coverage, and the Contribution payment procedures, shall be as generally prescribed for COBRA continuation coverage in section 10. Effective for elections made on or after December 10, 2004, the period for such continuation coverage shall extend until the earlier of:
1. The end of the 24-month period beginning on the date on which the employee's absence for the purpose of performing military service begins; or

The Employer shall be responsible for all fiduciary functions under the Plan except insofar as any such authority or responsibility is assigned by or pursuant to the Plan to another named fiduciary, or is delegated to another fiduciary by the Employer. The Employer has the discretionary authority to determine eligibility for benefits under the Plan and to interpret the terms of the Plan, unless it has delegated that authority as permitted by the Plan. In the event of such delegation, Providence Health Plan's determinations on the meaning of Plan terms may not be overturned unless found by a court to have been arbitrary and capricious. The allocation of administrative duties and the delegation of discretionary authority for the Plan is specified in the Administrative Services Agreement that has been executed by the Employer and Providence Health Plan.

14.7.1 Complete Allocation of Fiduciary Responsibilities

This section is intended to allocate to each named fiduciary the individual responsibility for the prudent execution of the functions assigned to each. The performance of such responsibilities will be deemed a several and not a joint assignment. None of such responsibilities nor any other responsibility is intended to be shared by two or more of them unless such sharing will be provided by a specific provision of the Plan. Whenever one named fiduciary is required by the Plan to follow the directions of another, the two will not be deemed to have been assigned a shared responsibility, but the responsibility of the one giving the direction will be deemed to be its sole responsibility, and the responsibility of the one receiving such direction will be to follow it insofar as such direction is on its face proper under the Plan and applicable law.

14.8 ENGAGEMENT OF ADVISORS

The Employer may employ on behalf of the Plan one or more persons to render advice with regard to any responsibility it may have under the Plan. Toward that end, the Employer may appoint, employ and consult with legal counsel, actuaries, accountants, investment consultants, physicians or other advisors (who may be counsel, actuaries, accountants, consultants, physicians or other advisors for the Employer) and may also from time to time utilize the services of employees and agents of the Employer in the discharge of their respective responsibilities.

14.9 INDEMNIFICATION

The Employer will indemnify its employees for any liability or expenses, including attorneys' fees, incurred in the defense of any threatened or pending action, suit or proceeding by reason of their status as a fiduciary with respect to the Plan, to the full extent permitted by law.

14.10 AMENDMENT OR TERMINATION OF PLAN

14.10.1 Right to Amend or Terminate

The Employer reserves the right at any time and from time to time to amend or terminate in whole or in part any of the provisions of the Plan, or any document forming part of the Plan.

14.10.2 Manner of Action

Any amendment or termination of the Plan or any part of the Plan shall be made by an instrument in writing reflecting that such change has been authorized by the Employer. Any such amendment or termination shall be effective as of the date specified in said instrument, or, if no date is so specified, as of the date of execution or adoption of said instrument. An amendment may be effected by establishment, modification, or termination of the Plan by appropriate action of the Employer. Any such amendment or termination may take effect retroactively or otherwise. An instrument regarding the establishment, modification or termination of the Plan which is executed by the Chair of the Board of County Commissioners or their designee shall be conclusive evidence of the adoption and effectiveness of the instrument.

14.10.3 Effect on Benefits

Claims incurred before the effective date of a Plan change or termination will not be affected. Claims incurred after Plan changes will be covered according to the provisions in effect at the time the claim is incurred. Claims incurred after the Plan is terminated will not be covered. You will not be vested in any Plan benefits or have any further rights, subject to applicable law.

14.11 PROTECTED HEALTH INFORMATION

14.11.1 Disclosure

In accordance with the privacy regulations of the Health Insurance Portability and Accountability Act (HIPAA), Providence Health Plan may disclose de-identified summary health information to the Employer for purposes of modifying, amending or terminating this Plan. - (i) The Employer shall, if feasible, return or destroy all PHI received from Providence Health Plan and retain no copies of such information when no longer needed for the purpose for which such information was received except that, if such return or destruction is not feasible, the Employer shall limit further uses and disclosures to those purposes that make the return or destruction of the information infeasible.

14.11.2 Security

In accordance with the security standards of the Health Insurance Portability and Accountability Act (HIPAA), the Employer shall:

- (a) Implement administrative, physical, and technical safeguards that protect the confidentiality, integrity and availability of the electronic PHI that it creates, receives, maintains or transmits on behalf of the Plan;
- (b) Ensure that the separation of access to PHI that is specified in section 14.11.1(j) above is supported by appropriate security measures;
- (c) Ensure that any agent or subcontractor to whom the Employer provides PHI agrees to implement appropriate security measures to protect such information; and
