School Waste Reduction Grant Application:
Water bottle filling station

School: _____ **Application date:** _____

Describe your school's proposed project in a few sentences:

School's street address: _____

_____

School district: _____

Applicant's name: _____

Applicant's email address: _____

School principal's name: _____

Principal's email address: _____

Applications are due by April 30 to ensure project completion by the end of the school year.

Has your school received a grant from Clackamas County within the past 2 years? _____

If not, include a completed W-9 form for your school along with your application.

Water bottle filling station grant

Bottled water has significant negative environmental impacts. If bottled water is sold at your school, chances are that many bottles end up in the trash. But even when the bottles are recycled, most of bottled water's environmental impacts happen before they're discarded. Instead, they occur when the bottles are filled and then transported to market. Recycling is beneficial but can never offset the vast majority of those impacts.

If your school wants to install water bottle filling stations, please work to eliminate the sale of bottled water at your school.

Is bottled water sold on campus at your school? If yes, where?

Approximately how many water bottles are being thrown away or recycled at your school each day or week?

Where would you install the bottle-filling station? *(For example, in a specific hallway, the gym, the cafeteria, etc.)*

Does the school currently have any other water delivery service, e.g., water coolers in the staff room or cafeteria? If yes, would the bottle-filling station replace the current water delivery service?

When do you plan to purchase the items and put them into use?

Please itemize the requested products and services. Include suppliers' names, addresses, and phone numbers. **Grants are available for amounts up to $500**. You may request more than $500 if your project will cost more; however, we may not be able to satisfy the total amount requested.

Item	Supplier	Website or Phone #	Quantity	Cost

Whom should the check be made out to? (Include mailing address) **Total: $_____**

_____

_____

_____

_____

Signatures certifying funds will be used for approved project(s):

_____ _____

Project manager's signature *School principal's signature*
