## TIMELINE OF EVENTS RELEVANT TO INVESTIGATION OF MICHAEL FESSER

**2004:** Michael Fesser started working at A&B Towing, which was originally owned by Eric Benson's Father. Eric Benson later assumed ownership of the business.<sup>1</sup>

**2014-2016:** Fesser's responsibilities at A&B Towing include managing bi-monthly automobile auctions. Fesser tells Benson his concerns regarding racially hostile incidents on two different occasions.<sup>2</sup>

**November/December 2016 - January 2017:** Benson contacted West Linn Police Department (WLPD) Chief Terry Timeus with an allegation that Fesser had been money from the auctions.<sup>3</sup> The alleged thefts occurred in the City of Portland, Multnomah County. By this time, Benson and Timeus had a years-long friendship.

**January 2017:** Timeus debriefed and assigned WLPD Det. Reeves (formerly known as Poitras) to investigate the theft case. He also debriefed Lt. Mike Stradley and Capt. Neil Hennelly. According to Stradley, the initial goal was to refer the case to the Portland Police Bureau and have Reeves shadow those investigators.<sup>4</sup> Given Stradley's prior experience and contact with the Bureau, he would be the person to contact that agency.<sup>5</sup>

**Mid-Late January 2017:** Stradley contacted the Portland Police Bureau (PPB) about investigating the case. He did not feel like he was getting any cooperation or that they were interested in taking on the investigation.<sup>6</sup> Stradley gave Reeves direction concerning whom to contact at PPB.<sup>7</sup>

**February 1, 2017:** Reeves communicated with PPB detectives about his desire to work the Fesser case. By this time, Reeves had already done investigative planning and assessment of the case, including conversations with Benson wherein Benson would front Reeves cash to buy cars to try to develop probable cause for an arrest.<sup>8</sup> PPB was not expressing interest in investigating the allegation, so WLPD decided to take on the case.<sup>9</sup>

**February 6, 2017:** First documented interview of Benson by Reeves, but there had been substantive contacts between Reeves and Benson prior to this date.<sup>10</sup> According to a later report, Benson outlined the

evidence he believed supported the allegation of theft against Fesser. Reeves then took a statement over the phone from witness Marcus Olmos.<sup>11</sup>

**February 9, 2017:** Text from Timeus to Benson with Reeves' email address. In the text string, Mr. Benson mentioned NW Metals: "I thin he is with new metals.(sic)"<sup>12</sup> It is unclear who or what he is talking about. Timeus responded "if that is the scrap dude I'm sure, scrappers are dirty."<sup>13</sup> Mr. Benson says "Yep."<sup>14</sup>

**February 11, 2017:** At the direction of Benson, A&B Employee Brian Dunst (since deceased) recorded an auction conducted by Fesser. Dunst allegedly uncovers evidence of theft, being that Fesser was recording lower sales process for the car and taking the difference. Dunst was not present at the auction.<sup>15</sup> Another employee, Roger Fulton, attended and Mr. Dunst listened to the auction through his phone, and then wrote down the prices as they were announced.<sup>16</sup> Those notes were given to Benson and then given to Reeves.<sup>17</sup>

**February 13, 2017:** Text from Timeus to Benson "Poitras is patiently awaiting your call."<sup>18</sup> He then sent Benson the contact number for Reeves (Poitras), again.<sup>19</sup> Timeus also asked Benson if he "looked at the ledger yet?" and Mr. Benson says "Nope."<sup>20</sup> Timeus asked whether "Numbers match up"<sup>21</sup> but did not receive a response. Reeves meets with Dunst and Benson at their office and discussed the February 11<sup>th</sup> auction.<sup>22</sup>

**Mid-February 2017:** Fesser began to consult an attorney about his employment discrimination claims.<sup>23</sup>

**February 15, 2017:** Benson texted Reeves: "Call me when you have a minute sir: I have something interesting to tell u."<sup>24</sup> Det. Reeves does not respond. Benson sends another text: "Holy moly sir. If u could call me tonight it would be good."<sup>25</sup> During a later deposition, Benson was asked about the text and he said that he "did not" recall what the conversation was about.<sup>26</sup>

**February 16, 2017:** Reeves sent a text message to Benson stating “The reason pick and pull stopped coming is they are pulling parts off the cars after the auction.”<sup>27</sup> The reference to “pick and pull” appears to be the company Pick-n-Pull Cash for Junk Cars.

**February 16, 2017:** Benson contacted Reeves and told him that a customer had provided him with information about Fesser stealing from the auctions.<sup>28</sup> Mr. Benson identified the customer as Nijaz Omerovic and arranged a meeting with everyone.<sup>29</sup> On this same date, Reeves met with Omerovic and Benson at Benson’s office.<sup>30</sup>

**February 17, 2017:** Reeves and Benson may have met again. A text from Mr. Benson to Reeves asked “What time are you coming by?”<sup>31</sup> When questioned later about the meeting, both Det. Reeves and Mr. Benson fail to recall if they met.<sup>32</sup>

**February 18, 2017:** Text message from Reeves asking Benson if the witness he uncovered (Omerovic) dropped off paperwork documenting the alleged fraudulent sales.<sup>33</sup> These text communications also appear to indicate that Dunst was investigating and collecting the information/evidence.

**February 21, 2017:** Timeus texted Benson and informed him Reeves intended to arrest Fesser after the February 25<sup>th</sup> auction.<sup>34</sup>

**February 22, 2017:** PPB Det. Cheryl Waddell emailed Reeves<sup>35</sup> and suggested he reach out to Oregon Department of Justice for assistance with the investigation. No action was taken by Reeves or WLPD to consult with the Oregon Department of Justice.

**February 23, 2017:** Prior to this date, Benson had spoken to Reeves about attending an A&B auction managed by Fesser.<sup>36</sup> The investigative reports do not document this plan. Reeves texted Benson and asked what time to go to the auction. Benson asks if he can come down to talk as he has wanted to discuss a couple of things. They then exchanged additional texts regarding the specifics of the 2/25 auction.<sup>37</sup> They agreed to meet in person but specifics of this meeting were not documented in any reports.<sup>38</sup> After the meeting, Mr. Benson texted Reeves a series of address to include his home, business and manager.<sup>39</sup>

**February 24, 2017:** Benson texted Reeves asking for a call. From the texts that day it is inferred there were additional conversations that were not included in any police report but appear to refer to

investigative planning.<sup>40</sup> Reeves authored his first investigative report summarizing evidence that had been collected so far, including statements by Benson, Omerovic, Olmos and Dunst.<sup>41</sup>

**February 25, 2017-Auction:** Reeves and WLPD Det. Mike Boyd attended the auction at A&B Towing managed by Fesser. Reeves and Benson were in constant contact by text throughout the auction. The texts include racist, inappropriate and unprofessional comments as well as a discussion of Fessers' racial discrimination claims. Reeves was also in contact with Timeus as well. Benson was also giving Reeves real time description as to what is taking place with Fesser as Benson listened to the conversation through an application (SwannView App) being operated by another employee, and the conversation was recorded.<sup>42</sup> Mr. Benson said this was the only auction ever recorded.<sup>43</sup> No evidence of criminal conduct was developed during this auction.

**February 25, 2017 – Arrest:** Fesser was arrested later that evening based on the probable cause Reeves states he developed prior to 2/25/17. Fesser was questioned and states he did not want to discuss the allegation. Reeves seized, among other things, Fesser's cell phone and documentation relating to Fesser's lawsuit against A&B Towing. Some of this documentation would later be provided directly to Benson by Reeves.<sup>44</sup>

**February 26, 2017:** Benson texted Reeves, informing him his belief that Fesser was tipped off about the investigation and that why he didn't commit any thefts at the 2/25 auction. Benson stated he would be interviewing "Daniel" on Monday and Reeves should be there. Reeves said he will be there. There is no indication in any report about an interview with "Daniel."

**February 27, 2017:** Fesser's criminal case "no complained" by the Multnomah County DA's Office (MCDA). Reeves texted Benson and said "3 more buyers confirmed ripped off," and said NW Metals will get him records. Reeves referenced that Fesser hadn't shown up yet (presumably to the WLPD). There are no indications in any investigative reports about who the individuals were from NW Metals or what, if any, information was developed.

**February 28, 2017:** Reeves authored follow up report detailing the arrest, what was seized and the attempt to question Fesser. Fesser went to the WLPD to retrieve his cell phone that was seized on 2/25. Reeves informed Fesser he is not to return to A&B Towing and in effect fires him on behalf of A&B Towing.<sup>45</sup>

**March 15, 2017:** WLPD becomes aware that Reeves' investigative reports may not have been properly submitted to MCDA. Stradley contacted MCDA to determine whether they had received the reports.<sup>46</sup>

**May 23, 2017:** Fesser filed a discrimination complaint against A&B Towing with the Bureau of Labor and Industries (BOLI).

Mr. Eric Benson  
A & B Towing and Recovery  
3455 SE 21<sup>st</sup> Avenue  
Portland, OR 97202

Re: Current Work Environment

Dear Mr. Benson/ A & B Towing and Recovery:

As you know, I hold the position of Marketing Manager for A & B Towing and Recovery as well as the position of Manager for the office at 111<sup>th</sup> Avenue. This is a formal letter to express the injustice I have been subjected to over the nearly 14 years I have been employed by this company.

I have always taken pride in my ability to fulfill my job duties and have always worked hard in doing so, no matter the uncomfortable situations I have had to endure over the years that seem to make it harder and harder for me to do my job.

I believe the hard work I put into gaining PPI Accounts is being purposely sabotaged to make me look incompetent to do my job. This is because A & B Towing and Recovery is not upholding their end of the contract by not towing vehicles when needed and/or patrolling as necessary. This is an ongoing complaint I have had over the years that has constantly been discussed, even after speaking with dispatch and tow truck drivers. As of lately, the situation has come to a head and at this moment, we are on the verge of losing contracts with Foster Plaza, Leander Court and Enterprise for this very reason.

Although I am in a position of management, dispatchers and tow truck drivers are not upheld to treat me as such, regardless of the countless conversations had regarding this matter. In return, they do not listen, do not care and are blatantly disrespectful in their actions towards me because there is absolutely no respect when it comes to situations pertaining specifically to the job. This leaves me not only humiliated and vulnerable but once again, made to look incapable of facilitating my work duties to the best of my abilities. Just recently a dispatcher faxed a very unprofessional letter that was not only degrading, but also outright harassing and expressed her discontent for the staff at the 111<sup>th</sup> office.

During my tenure here at A & B Towing, I have been expected never to question anything, even when rules and/or regulations have been ignored. Raising any issue leaves me feeling resented and my significance and plausibility suddenly in question.

In short, I am constantly subjected to disparate treatment, a hostile work environment and the grave concerns I have shared have not been handled in a confidential manner. I am in hopes that this matter is solved soon.

NARRATIVE

**SUMMARY**

Eric Benson contacted me and reported that Michael Fesser has embezzled money from his business, A&B Towing. He estimates his total loss at more than \$200,000.00 over the past 3 years.

My investigation shows that between October 22nd, 2016 and February 11th, 2017 Fesser embezzled at least \$10,830.00.

Fesser runs a vehicle auction for A&B Towing on the 2nd and 4th Saturday of every month. My investigation shows that Fesser sells vehicles for a higher price than he reports back to Benson. Fesser then takes the difference in price and does not turn it into the business.

**ACTION TAKEN**

I met with the owner of A&B Towing, Eric Benson on February 6th, 2017. Benson told me he believed his employee, Michael Fesser was stealing money from his business.

Benson told me he noticed he was not making as much money from the weekend auctions as he expected to make. He said he called a few other tow companies and asked them if they were seeing a drop in the prices of vehicles at the auctions. He said they told him they were not.

Benson said he then talked to an employee and learned that her friend, Marcus Olmos purchased two vehicles at the auction on November 26th, 2016. Olmos purchased a 2007 Toyota Yaris for \$1540.00. Fesser reported the Yaris sold for \$375.00. Olmos also purchased a 1998 VW Golf for \$150.00. Fesser reported the vehicle sold for \$75.00. This is a \$1240.00 difference.

I called Marcus Olmos and asked him if he remembered purchasing any vehicles from that auction and if he remembered the price he paid for them. He confirmed purchasing the vehicles and that he paid the higher price for both of them.

On February 11th, 2017 Fesser ran another auction for A&B Towing. This time Brian Dunst, a manager for A&B Towing had a friend attend the auction. His friend was on the phone with him throughout the auction. Dunst could hear the auction and kept track of the sale price of the vehicles.

46 vehicles were placed for sale in the auction. Bunst kept track of the sales price of each vehicle and on February 13th, 2017 I met with Dunst and Benson at their office. Fesser drops the auction sheet and the money from the auction into a drop safe at the office. Each vehicle has its own paperwork and the money for each vehicle is in wrapped in the paperwork.

Of the 46 vehicles in auction 24 vehicle sold for more money than Fesser reported. The price difference of each vehicle was from \$25.00 to \$225 per

vehicle. The total price difference was approximately \$1000.

One of the vehicle was a 2001 Jeep Cherokee sold to Everything Auto. Fesser reported the vehicle sold for \$225.00 and Dunst heard it sell for \$250.00. I called the owner of Everything Auto, Darryl Anderson and he confirmed the sale price was \$250.00. He also purchased a 1990 Acura for \$100.00. Both Fesser and Dunst showed that vehicle sold for \$100.00.

A 1997 Honda Passport was sold to Fred Marlow. He purchased the passport for \$150.00. Fesser showed the vehicle sold for \$100. And Dunst heard it sell for \$150.00. I called Marlow and he confirmed the actual price was \$150.00.

At this point I stopped contacting witnesses in an attempt to keep Fesser from learning of my investigation.

On February 16th, 2017 I was contacted by Eric Benson. Benson told me a customer had contacted him with information about Fesser. He arranged a meeting with myself and the customer. I met Nijaz Omerovic at Benson's office.

Omerovic told me that Fesser has been stealing from the auction for several years. He told me he has seen Fesser filling out two sepperate auction sheets. One with the real price the vehicle sold for and one with the reported price. Omerovic told me he keeps records of the vehicles he purchases from the auction and he would provide those records. He told me he never reported this because he was afraid of the consequences from Fesser. He said Fesser recently took \$250.00 from him and would not give it back. He said he was tired of Fesser stealing and felt it was time to report it. He told me that he knew I was investigating Fesser because Darryl asked him if I contacted him.

Omerovic provided me with paperwork for a 2004 Toyota Matrix he purchased on October 22nd, 2016 from the A&B Towing auction. He paid \$1870.00 for the vehicle. Fesser reported the vehicle sold for \$500.00. On the same day Omerovic purchased a 2000 Toyota Tacoma for \$1870.00. Fesser reported that vehicle sold for \$550.00.

On November 26th, 2017 Omerovic purchased a 2013 Honda Civic for \$4950.00. Fesser reported the Civic sold for \$1000.00.

On January 28th, 2017 Omerovic purchased a 2013 VW Jetta for \$1500.00. Fesser reported the Jetta sold for \$450.00.

That was all of the paperwork given to me by Omerovic.

The auctions typically sell 25 to 50 vehicles every 2nd and 4th Saturday of every month. Fesser has been running these auctions for 3 years and my investigation shows a small picture of the embezzlement by Fesser. Brian Dunst attempted to retrieve all auction records from the tow yard and the 2016 auction file was missing. Benson asked Fesser about the files and Fesser stated he had them at home so he could do a "collections report". Benson told me the report used to be done at the office the day of the auction. We decided to not push Fesser for the file at this time as to not tip him off to the investigation.

SUBJECT SUPPLIMENTAL				
<p>On February 26th, 2017 Detective Boyd and I attended the A&amp;B Towing auction located at 5838 SE 111th Ave. Portland, Or. Portland Police Staged in the area with the intent to arrest Michael Fesser for Aggravated Theft 1 following the auction.</p> <p>After the auction Fesser was taken into custody by Portland Police Officers without incident. I searched the Land Rover he was driving at the time of his arrest and collected several items that appeared to have evidentiary value to this case. This included the auction list, a title to a vehicle sold at the auction with \$500.00 attached to it and several other documents labeled with A&amp;B Towing.</p> <p>I met with Fesser at the PPB East Precinct. Fesser agreed to participate in an interview after I advised him of his rights per Miranda.</p> <p>I asked him about the over \$1000.00 missing from the auction on February 11th, 2017. He responded, "I don't have anything to say about that." I asked him about the over \$10,000.00 missing from the auction since October 22nd, 2017. He again replied, "I don't have anything to say about that." It was clear at this time Fesser was not going to participate in the interview so I ended my contact with him.</p> <p>I returned to my officer and went through the seized paperwork. I noticed the paperwork with the \$500.00 attached to it was a title for a vehicle. The title had Fesser's dealership as the owner. There was also paperwork belonging to his dealership and communications between Fesser and a law firm. I sealed all of these items in a large envelope. I contacted Fesser and told him he could retrieve the items from me.</p> <p>I continued my investigation and contacted several more witnesses. One of the witnesses is Robin Palmer. Palmer purchases a majority of all vehicles sold at the auction. He buys for himself and NW Metal. Palmer told me he keeps records of the vehicles he purchases and the prices he pays. He said he would gather the information and get back to me.</p> <p>On February 28th, 2017 Fesser retrieved his belongings from me at the Police Department. I gave him the items and as he walked away he smiled and said, Robin wanted me to tell you hello. I replied, Robin Palmer?" Fesser smirked, walked away and said, "Bum."</p> <p>It was clear to me Fesser was implying that Palmer would not be a cooperative witness.</p>

This certification is for use in support of Oregon title applications where transfer results from the foreclosure of a lien created under ORS 819.160 as a result of a vehicle being towed at the request of an appropriate authority (e.g., Oregon State Police, city police, sheriff, the Department of Transportation, a county or city agency with appropriate authority) where the vehicle is:

- An abandoned vehicle appraised at a value of more than \$500 by a person who holds a certificate under ORS 819.480;

Records, including a signed and dated copy of this DMV certificate of possessory lien foreclosure form, must be retained for a period of five years by the lien claimant.

The reason pick and pull stopped coming is they are pulling parts off the cars after the action.

Is that a question?
