

# Clayton Mohr Commons

## About Clayton Mohr Commons

The property will provide housing for veterans at or below 30% of the area median income. Home to the third largest veteran population in the state, Clackamas County has a long established goal to serve veterans and end veteran homelessness. Clayton Mohr Commons is a 24-unit, fully subsidized project, serving chronically homeless and severely low-income veterans and their families. Located in the heart of Oregon City, directly between HACC and Clackamas County Veteran Services offices, the site is near resources for veterans and their families including community amenities like transit, grocery stores and health care providers.

The project was awarded as part of an innovative design process, under Meyer Memorial's Affordable Housing Initiative, Cost Efficiency/Innovative Strategy.

When complete, HACC will take on operations and resident services for the property. As the primary veteran services source for Clackamas County, HACC is uniquely positioned and equipped to ensure residents are provided the best opportunity to succeed and remain housed.
