

# SITE PLAN

Address: \_\_\_\_\_

Township: \_\_\_\_\_ Section: \_\_\_\_\_ Range: \_\_\_\_\_ Tax Lot: \_\_\_\_\_

For Permit Number (if known): \_\_\_\_\_

# What must be on the site plan?

***At a minimum, the site plan should provide information on the following items:***

- All existing and proposed lot lines, lot/parcel numbers, and acreage/square footage of lots
- Contiguous properties under the same ownership
- All existing and proposed structures, fences, roads, driveways, parking areas, and easements, each with identifying labels and dimensions
- Setbacks of all structures from lot lines and easements
- Significant natural features (rivers, streams, wetlands, slopes of 20% or greater, geologic hazards, mature trees or forested areas, drainage areas, etc.)
- Location of utilities, wells, and all onsite wastewater treatment facilities (e.g., septic tanks, septic drainfield areas, replacement drainfield areas, drywells)
- Any additional information required for the specific [land use application](#) the site plan is for, or that required for the specific proposed development by Planning & Zoning, the [Septic and Onsite Wastewater Program](#), the [Building Codes Division](#), or [Development Engineering](#)

**EXAMPLE:**
