John	Parker	Member	Served on Board of Directors for Blanchet House, 2014-2018. Board members are held to a high expectation for hands on involvement in the organization. I was a regular meal service volunteer and was close to the population we were serving on a regular basis as well as the men in the residential program who prepare and manage the kitchen as entry level positions. The meal service was, in my mind, providing for day to day survival for the community we served. The residential programs were where long term programs bringing the residents in off the street, creating a safe, sober environment and providing ongoing opportunities for residents to build self-esteem, experience the benefits of being responsible while serving members of our community. Additional: Healthcare commercial insurance and government programs (18 years). I am particularly interested in serving our low income, marginalized, homeless and hungry populations.	1st
