

Scholarship Application for Basic Mediation Training

Clackamas County Resolution Services may offer a limited number of scholarship seats in Basic Mediation Training, a 5-day, 40-hour course. The current fee for this training is \$1,250.

If you are selected for a scholarship and successfully complete the full training, you will also be committing to participate as a volunteer for Resolution Services for an agreed upon period of time, not less than 150 hours within a 12 month period for a full scholarship, and not less than 75 hours within a 12 month period for a half scholarship (\$625).

If you are not able to meet your commitment to the full volunteer hours within a 12 month period from the time you begin to volunteer with Resolution Services, your training fee will be due as a prorated amount. You may apply for a scholarship at the time you register for the course. The deadline to apply is typically about a month before the course begins.
