REQUEST FOR QUOTES #2018-25  
FULL BODY SCANNER  
ADDENDUM NUMBER 1  
March 8, 2018

On February 28, 2018, Clackamas County ("County") published Request for Quotes #2018-25 ("RFQ") The County has found that it is in its interest to amend the RFQ through the issuance of this Addendum #1. Except as expressly amended below.

1. Section 2, Scope features/specifications is amended to read as follows:
  - Identifies both organic and inorganic items;
  - Low dose x-ray scanning **in accordance with ANSI 43.17;**
  - Shall reveal contraband concealed externally and internally;
  - Unit shall have an operator's desk included;
  - Unit shall provide a mobile lead shield to provide operator protection and a wide field of vision for observation; or exclusion zones to provide operator safe areas to work without the need for additional shielding;
  - A mechanism for preventing radiation exposure when system is not performing the scanning process;
  - Unit shall be equipped with emergency stop button;
  - Database/Software of previously acquired images, containing the ID of the person being inspected, ID of the operator, date and time, and received radiation dose. Corrections staff must be able to extract and download data for reportable incidents;
  - ~~The security body scanning system MUST be a dual view scanner;~~
  - Service Technician must respond, on-site, within twenty four (24) hours 24/7 (weekends and holidays included);
  - Access to a 24/7 toll free support line and 24/7 on-line help desk;
  - Full five (5) year warranty on all parts, labor, licenses, hardware and software upgrades to be included in the total cost;
  - Quarterly preventative maintenance for (5) years to be included in the total cost;
  - Service warranty must be backed (in writing) by the manufacturer;
  - Service warranty must be assumed by the manufacturer (confirmed in writing) in the event of default by the distributor;
  - Operator Training and Certification, as applicable;
  - Train the trainer included for up to twenty (20) people;
  - The Contractor shall submit a training schedule that must include training staff on site upon completion and implementation of contractor's equipment. All training will be the sole responsibility of the Contractor; and
  - Scanned images shall not reveal fine anatomical detail.
