CLACKAMAS COUNTY
PERSONAL SERVICES CONTRACT
Contract #8158

This Personal Services Contract (this “Contract”) is entered into between **Multilingual Technologies, Inc.** (“Contractor”), and Clackamas County, a political subdivision of the State of Oregon (“County”).

ARTICLE I.

- 1. Effective Date and Duration.** This Contract shall become effective upon signature of both parties. Unless earlier terminated or extended, this Contract shall expire on **June 30, 2028**
- 2. Scope of Work.** Contractor shall provide the following personal services: Interpreter services on an on-call basis (“Work”), further described in County’s RFP 2023-39, attached hereto as **Exhibit A** and incorporated by this reference herein, and Contractor’s Response, attached hereto as **Exhibit B** and incorporated by this reference herein.

Contractor agrees to perform the Work on behalf of the County and the following entities: Water Environment Services, North Clackamas Parks and Recreation District, the Development Agency of Clackamas County, the Housing Authority of Clackamas County, and any special district or urban renewal agency that follows the County’s Local Contract Review Board rules and is approved by the County, in writing, to receive the Work under this Contract.

This Contract is on an “on-call” or “as-needed basis” for Work. When the County wishes Contractor to perform the Work, the County will submit an official County Task Order form (found at: <https://www.clackamas.us/finance/terms.html>) detailing the scope of Work, the entity on whose behalf the Work will be performed, and the total compensation, pursuant to the fee schedule set forth in this Contract. Contractor may not perform Work until the County Task Order form has been executed by the parties. In the event a project authorized under the County Task Order extends beyond the expiration of this Contract, the County Task Order shall remain in effect under the terms of this Contract until the completion or expiration of the authorized task.

No task order shall modify or amend the terms and conditions of this Contract.

The County Contract administrator for this Contract is the County Procurement and Contract Services Division. For each authorized Task Order, a project specific department representative shall be identified for coordination of the work.

- 3. Consideration.** The maximum annual amount County may pay Contractor, from available and authorized funds, for performing the Work required by this Contract shall not exceed two hundred and fifty thousand dollars (\$250,000.00). The maximum amount County may pay Contractor, from available and authorized funds, for performing the Work during the entire five (5) year term of the Contract shall not exceed One Million Five Hundred Thousand dollars (\$1,500,000.00). Because this is an on-call or as-needed contract, and the exact amount of Work needed, if any, is unknown, nothing herein shall be construed as a promise to pay Contractor the full \$1,500,000.00 authorized herein. Consideration rates are on a time and materials basis in accordance with the rates and costs specified in **Exhibit B**. If any interim payments to Contractor are made, such payments shall be made only in accordance with the schedule and requirements in Exhibit B.
- 4. Invoices and Payments.** Unless otherwise specified, Contractor shall submit monthly invoices for Work performed. Invoices shall describe all Work performed with particularity, by whom it was performed, and shall itemize and explain all expenses for which reimbursement is claimed. The invoices shall include the total amount billed to date by Contractor prior to the current invoice. If Contractor fails to present invoices in proper form within sixty (60) calendar days after the end of the month in which the services were rendered, Contractor waives any rights to present such invoice thereafter and to receive payment therefor. Payments shall be made in accordance with ORS 293.462

to Contractor following the County's review and approval of invoices submitted by Contractor. Contractor shall not submit invoices for, and the County will not be obligated to pay, any amount in excess of the maximum compensation amount set forth above. If this maximum compensation amount is increased by amendment of this Contract, the amendment must be fully effective before Contractor performs Work subject to the amendment.

Invoices shall reference the above Contract Number and be submitted to each department that requested services under this Contract.

5. **Travel and Other Expense.** Authorized: Yes No

If travel expense reimbursement is authorized in this Contract, such expense shall only be reimbursed at the rates in the County Contractor Travel Reimbursement Policy, hereby incorporated by reference and found at: <https://www.clackamas.us/finance/terms.html>. Travel expense reimbursement is not in excess of the not to exceed consideration.

6. **Contract Documents.** This Contract consists of the following documents, which are listed in descending order of precedence and are attached and incorporated by reference, this Contract, Exhibit A and Exhibit B.

ARTICLE II.

1. **ACCESS TO RECORDS.** Contractor shall maintain books, records, documents, and other evidence, in accordance with generally accepted accounting procedures and practices, sufficient to reflect properly all costs of whatever nature claimed to have been incurred and anticipated to be incurred in the performance of this Contract. County and their duly authorized representatives shall have access to the books, documents, papers, and records of Contractor, which are directly pertinent to this Contract for the purpose of making audit, examination, excerpts, and transcripts. Contractor shall maintain such books and records for a minimum of six (6) years, or such longer period as may be required by applicable law, following final payment and termination of this Contract, or until the conclusion of any audit, controversy or litigation arising out of or related to this Contract, whichever date is later.
2. **AVAILABILITY OF FUTURE FUNDS.** Any continuation or extension of this Contract after the end of the fiscal period in which it is written is contingent on a new appropriation for each succeeding fiscal period sufficient to continue to make payments under this Contract, as determined by the County in its sole administrative discretion.
3. **CAPTIONS.** The captions or headings in this Contract are for convenience only and in no way define, limit, or describe the scope or intent of any provisions of this Contract.
4. **COMPLIANCE WITH APPLICABLE LAW.** Contractor shall comply with all applicable federal, state and local laws, regulations, executive orders, and ordinances, as such may be amended from time to time.

5. **COUNTERPARTS.** This Contract may be executed in several counterparts (electronic or otherwise), each of which shall be an original, all of which shall constitute the same instrument.
6. **GOVERNING LAW.** This Contract, and all rights, obligations, and disputes arising out of it, shall be governed and construed in accordance with the laws of the State of Oregon and the ordinances of Clackamas County without regard to principles of conflicts of law. Any claim, action, or suit between County and Contractor that arises out of or relates to the performance of this Contract shall be brought and conducted solely and exclusively within the Circuit Court for Clackamas County, for the State of Oregon. Provided, however, that if any such claim, action, or suit may be brought in a federal forum, it shall be brought and conducted solely and exclusively within the United States District Court for the District of Oregon. In no event shall this section be construed as a waiver by the County of any form of defense or immunity, whether sovereign immunity, governmental immunity, immunity based on the Eleventh Amendment to the Constitution of the United States or otherwise, from any claim or from the jurisdiction of any court. Contractor, by execution of this Contract, hereby consents to the personal jurisdiction of the courts referenced in this section.
7. **INDEMNITY, RESPONSIBILITY FOR DAMAGES.** Contractor shall be responsible for all damage to property, injury to persons, and loss, expense, inconvenience, and delay which may be caused by, or result from, any act, omission, or neglect of Contractor, its subcontractors, agents, or employees. The Contractor agrees to indemnify and defend the County, and its officers, elected officials, agents, and employees, from and against all claims, actions, losses, liabilities, including reasonable attorney and accounting fees, and all expenses incidental to the investigation and defense thereof, arising out of or based upon Contractor's acts or omissions in performing under this Contract.

However, neither Contractor nor any attorney engaged by Contractor shall defend the claim in the name of County, purport to act as legal representative of County, or settle any claim on behalf of County, without the approval of the Clackamas County Counsel's Office. County may assume its own defense and settlement at its election and expense.

8. **INDEPENDENT CONTRACTOR STATUS.** The service(s) to be rendered under this Contract are those of an independent contractor. Although the County reserves the right to determine (and modify) the delivery schedule for the Work to be performed and to evaluate the quality of the completed performance, County cannot and will not control the means or manner of Contractor's performance. Contractor is responsible for determining the appropriate means and manner of performing the Work. Contractor is not to be considered an agent or employee of County for any purpose, including, but not limited to: (A) The Contractor will be solely responsible for payment of any Federal or State taxes required as a result of this Contract; and (B) This Contract is not intended to entitle the Contractor to any benefits generally granted to County employees, including, but not limited to, vacation, holiday and sick leave, other leaves with pay, tenure, medical and dental coverage, life and disability insurance, overtime, Social Security, Workers' Compensation, unemployment compensation, or retirement benefits.
9. **INSURANCE.** Contractor shall secure at its own expense and keep in effect during the term of the performance under this Contract the insurance required and minimum coverage indicated below. The insurance requirement outlined below do not in any way limit the amount of scope of liability of Contractor under this Contract. Contractor shall provide proof of said insurance and name the County as an additional insured on all required liability policies. Proof of insurance and notice of any material change should be submitted to the following address: Clackamas County Procurement Division, 2051 Kaen Road, Oregon City, OR 97045 or emailed to the County Contract Analyst.

- 10. LIMITATION OF LIABILITIES.** This Contract is expressly subject to the debt limitation of Oregon counties set forth in Article XI, Section 10, of the Oregon Constitution, and is contingent upon funds being appropriated therefore. Any provisions herein which would conflict with law are deemed inoperative to that extent. Except for liability arising under or related to Article II, Section 13 or Section 20 neither party shall be liable for (i) any indirect, incidental, consequential or special damages under this Contract or (ii) any damages of any sort arising solely from the termination of this Contract in accordance with its terms.
- 11. NOTICES.** Except as otherwise provided in this Contract, any required notices between the parties shall be given in writing by personal delivery, email, or mailing the same, to the Contract Administrators identified in Article 1, Section 6. If notice is sent to County, a copy shall also be sent to: Clackamas County Procurement, 2051 Kaen Road, Oregon City, OR 97045. Any communication or notice so addressed and mailed shall be deemed to be given five (5) days after mailing, and immediately upon personal delivery, or within 2 hours after the email is sent during County’s normal business hours (Monday – Thursday, 7:00 a.m. to 6:00 p.m.) (as recorded on the device from which the sender sent the email), unless the sender receives an automated message or other indication that the email has not been delivered.
- 12. OWNERSHIP OF WORK PRODUCT.** All work product of Contractor that results from this Contract (the “Work Product”) is the exclusive property of County. County and Contractor intend that such Work Product be deemed “work made for hire” of which County shall be deemed the author. If for any reason the Work Product is not deemed “work made for hire,” Contractor hereby irrevocably assigns to County all of its right, title, and interest in and to any and all of the Work Product, whether arising from copyright, patent, trademark or trade secret, or any other state or federal intellectual property law or doctrine. Contractor shall execute such further documents and instruments as County may reasonably request in order to fully vest such rights in County. Contractor forever waives any and all rights relating to the Work Product, including without limitation, any and all rights arising under 17 USC § 106A or any other rights of identification of authorship or rights of approval, restriction or limitation on use or subsequent modifications. Notwithstanding the above, County shall have no rights in any pre-existing Contractor intellectual property provided to County by Contractor in the performance of this Contract except to copy, use and re-use any such Contractor intellectual property for County use only.
- 13. REPRESENTATIONS AND WARRANTIES.** Contractor represents and warrants to County that (A) Contractor has the power and authority to enter into and perform this Contract; (B) this Contract, when executed and delivered, shall be a valid and binding obligation of Contractor enforceable in accordance with its terms; (C) Contractor shall at all times during the term of this Contract, be qualified, professionally competent, and duly licensed to perform the Work; (D) Contractor is an independent contractor as defined in ORS 670.600; and (E) the Work under this Contract shall be performed in a good and workmanlike manner and in accordance with the highest professional standards. The warranties set forth in this section are in addition to, and not in lieu of, any other warranties provided.
- 14. SURVIVAL.** All rights and obligations shall cease upon termination or expiration of this Contract, except for the rights and obligations set forth in Article II, Sections 1, 6, 7, 10, 12, 13, 14, 15, 17, 20, 21, 25, 27, 28, and 34, and all other rights and obligations which by their context are intended to survive. However, such expiration shall not extinguish or prejudice the County’s right to enforce this Contract with respect to: (a) any breach of a Contractor warranty; or (b) any default or defect in Contractor performance that has not been cured.

- 15. SEVERABILITY.** If any term or provision of this Contract is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Contract did not contain the particular term or provision held to be invalid.
- 16. SUBCONTRACTS AND ASSIGNMENTS.** Contractor shall not enter into any subcontracts for any of the Work required by this Contract, or assign or transfer any of its interest in this Contract by operation of law or otherwise, without obtaining prior written approval from the County, which shall be granted or denied in the County's sole discretion. In addition to any provisions the County may require, Contractor shall include in any permitted subcontract under this Contract a requirement that the subcontractor be bound by this Article II, Sections 1, 7, 8, 13, 16 and 27 as if the subcontractor were the Contractor. County's consent to any subcontract shall not relieve Contractor of any of its duties or obligations under this Contract.

- 18. TAX COMPLIANCE CERTIFICATION.** The Contractor shall comply with all federal, state and local laws, regulation, executive orders and ordinances applicable to this Contract. Contractor represents and warrants that it has complied, and will continue to comply throughout the duration of this Contract and any extensions, with all tax laws of this state or any political subdivision of this state, including but not limited to ORS 305.620 and ORS chapters 316, 317, and 318. Any violation of this section shall constitute a material breach of this Contract and shall entitle County to terminate this Contract, to pursue and recover any and all damages that arise from the breach and the termination of this Contract, and to pursue any or all of the remedies available under this Contract or applicable law.
- 19. TERMINATIONS.** This Contract may be terminated for the following reasons: (A) by mutual agreement of the parties or by the County (i) for convenience upon thirty (30) days written notice to Contractor, or (ii) at any time the County fails to receive funding, appropriations, or other expenditure authority as solely determined by the County; or (B) if contractor breaches any Contract provision or is declared insolvent, County may terminate after thirty (30) days written notice with an opportunity to cure.
- Upon receipt of written notice of termination from the County, Contractor shall immediately stop performance of the Work. Upon termination of this Contract, Contractor shall deliver to County all documents, Work Product, information, works-in-progress and other property that are or would be deliverables had the Contract Work been completed. Upon County's request, Contractor shall surrender to anyone County designates, all documents, research, objects or other tangible things needed to complete the Work.
- 20. REMEDIES.** If terminated by the County due to a breach by the Contractor, then the County shall have any remedy available to it in law or equity. If this Contract is terminated for any other reason, Contractor's sole remedy is payment for the goods and services delivered and accepted by the County as of the date of the notice of termination, less any setoff to which the County is entitled.
- 21. NO THIRD PARTY BENEFICIARIES.** County and Contractor are the only parties to this Contract and are the only parties entitled to enforce its terms. Nothing in this Contract gives, is intended to give, or shall be construed to give or provide any benefit or right, whether directly, indirectly or otherwise, to third persons unless such third persons are individually identified by name herein and expressly described as intended beneficiaries of the terms of this Contract.
- 22. TIME IS OF THE ESSENCE.** Contractor agrees that time is of the essence in the performance of this Contract.

- 23. FOREIGN CONTRACTOR.** If the Contractor is not domiciled in or registered to do business in the State of Oregon, Contractor shall promptly provide to the Oregon Department of Revenue and the Secretary of State, Corporate Division, all information required by those agencies relative to this Contract. The Contractor shall demonstrate its legal capacity to perform these services in the State of Oregon prior to entering into this Contract.
- 24. FORCE MAJEURE.** Neither County nor Contractor shall be held responsible for delay or default caused by events outside the County or Contractor's reasonable control including, but not limited to, fire, terrorism, riot, acts of God, or war. However, Contractor shall make all reasonable efforts to remove or eliminate such a cause of delay or default and shall upon the cessation of the cause, diligently pursue performance of its obligations under this Contract.
- 25. WAIVER.** The failure of County to enforce any provision of this Contract shall not constitute a waiver by County of that or any other provision.
- 26. PUBLIC CONTRACTING REQUIREMENTS.** Pursuant to the public contracting requirements contained in Oregon Revised Statutes ("ORS") Chapter 279B.220 through 279B.235, Contractor shall:
- a. Make payments promptly, as due, to all persons supplying to Contractor labor or materials for the prosecution of the work provided for in the Contract.
 - b. Pay all contributions or amounts due the Industrial Accident Fund from such Contractor or subcontractor incurred in the performance of the Contract.

 - e. As applicable, the Contractor shall pay employees for work in accordance with ORS 279B.235, which is incorporated herein by this reference. The Contractor shall comply with the prohibitions set forth in ORS 652.220, compliance of which is a material element of this Contract, and failure to comply is a breach entitling County to terminate this Contract for cause.
 - f. If the Work involves lawn and landscape maintenance, Contractor shall salvage, recycle, compost, or mulch yard waste material at an approved site, if feasible and cost effective.
- 27. NO ATTORNEY FEES.** In the event any arbitration, action or proceeding, including any bankruptcy proceeding, is instituted to enforce any term of this Contract, each party shall be responsible for its own attorneys' fees and expenses.
- 28. CONFIDENTIALITY.** Contractor acknowledges that it and its employees and agents may, in the course of performing their obligations under this Contract, be exposed to or acquire information that the County desires or is required to maintain as confidential, including information that is protected under applicable law, including Personal Information (as "**Personal Information**" is defined in ORS 646A.602(11)).

Contractor agrees to hold any and all information that it is required by law or that the County marks as "Confidential" to be held in confidence ("**Confidential Information**"), using at least the same degree of care that Contractor uses in maintaining the confidentiality of its own confidential information, and will use the Confidential Information for no purpose other than in the performance of this Contract, and to advise each of its employees and agents of their obligations to keep Confidential Information confidential.

Contractor agrees that, except as directed by the County, Contractor will not at any time during or after the term of this Contract, disclose, directly or indirectly, any Confidential Information to any person, and that upon termination or expiration of this Contract or the County's request, Contractor will turn over to the County all documents, papers, records and other materials in Contractor's possession which embody Confidential Information.

Contractor acknowledges that breach of this Contract, including disclosure of any Confidential Information, or disclosure of other information that, at law or in good conscience or equity, ought to remain confidential, will give rise to irreparable injury to the County that cannot adequately be compensated in damages. Accordingly, the County may seek and obtain injunctive relief against the breach or threatened breach of the foregoing undertakings, in addition to any other legal remedies that may be available. Contractor acknowledges and agrees that the covenants contained herein are necessary for the protection of the legitimate business interests of the County and are reasonable in scope and content.

Contractor agrees to comply with all reasonable requests by the County to ensure the confidentiality and nondisclosure of the Confidential Information, including if requested and without limitation: (a) obtaining nondisclosure agreements, in a form approved by the County, from each of Contractor's employees and agents who are performing services, and providing copies of such agreements to the County; and (b) performing criminal background checks on each of Contractor's employees and agents who are performing services, and providing a copy of the results to the County.

Contractor shall report, either orally or in writing, to the County any use or disclosure of Confidential Information not authorized by this Contract or in writing by the County, including any reasonable belief that an unauthorized individual has accessed Confidential Information. Contractor shall make the report to the County immediately upon discovery of the unauthorized disclosure, but in no event more than two (2) business days after Contractor reasonably believes there has been such unauthorized use or disclosure. Contractor's report shall identify: (i) the nature of the unauthorized use or disclosure, (ii) the Confidential Information used or disclosed, (iii) who made the unauthorized use or received the unauthorized disclosure, (iv) what Contractor has done or shall do to mitigate any deleterious effect of the unauthorized use or disclosure, and (v) what corrective action Contractor has taken or shall take to prevent future similar unauthorized use or disclosure. Contractor shall provide such other information, including a written report, as reasonably requested by the County.

Notwithstanding any other provision in this Contract, Contractor will be responsible for all damages, fines and corrective action (including credit monitoring services) arising from disclosure of such Confidential Information caused by a breach of its data security or the confidentiality provisions hereunder.

The provisions in this Section shall operate in addition to, and not as limitation of, the confidentiality and similar requirements set forth in the rest of the Contract, as it may otherwise be amended. Contractor's obligations under this Contract shall survive the expiration or termination of the Contract, as amended, and shall be perpetual.

29. CRIMINAL BACKGROUND CHECK REQUIREMENTS. Contractor shall be required to have criminal background checks (and in certain instances fingerprint background checks) performed on all employees, agents, or subcontractors that perform services under this Contract. Only those employees, agents, or subcontractors that have met the acceptability standards of the County may perform services under this Contract or be given access to Personal Information, Confidential Information or access to County facilities.

Protests of Specifications must be received in writing on or before 5:00 p.m. (Pacific Time), on the date indicated in the Schedule, or within three (3) business days of issuance of any addendum, at the Procurement Division address listed in Section 1 of this RFP. Protests may not be faxed. Protests of the RFP specifications must include the reason for the protest and any proposed changes to the requirements.

2.4 Addenda: If any part of this RFP is changed, an addendum will be provided to Proposers that have provided an address to the Procurement Division for this procurement. It shall be Proposers responsibility to regularly check OregonBuys for any notices, published addenda, or response to clarifying questions.

2.5 Submission of Proposals: Proposals must be submitted in accordance with Section 5. All Proposals shall be legibly written in ink or typed and comply in all regards with the requirements of this RFP. Proposals that include orders or qualifications may be rejected as irregular. All Proposals must include a signature that affirms the Proposer’s intent to be bound by the Proposal (may be on cover letter, on the Proposal, or the Proposal Certification Form) shall be signed. If a Proposal is submitted by a firm or partnership, the name and address of the firm or partnership shall be shown, together with the names and addresses of the members. If the Proposal is submitted by a corporation, it shall be signed in the name of such corporation by an official who is authorized to bind the contractor. The Proposals will be considered by the County to be submitted in confidence and are not subject to public disclosure until the notice of intent to award has been issued.

No late Proposals will be accepted. Proposals submitted after the Closing will be considered late and will be returned unopened. Proposals may not be submitted by telephone or fax.

2.6 Post-Selection Review and Protest of Award: County will name the apparent successful Proposer in a Notice of Intent to Award published on OregonBuys. Identification of the apparent successful Proposer is procedural only and creates no right of the named Proposer to award of the contract. Competing Proposers shall be given seven (7) calendar days from the date on the Notice of Intent to Award to review the file at the Procurement Division office and file a written protest of award, pursuant to LCRB C-047-0740. Any award protest must be in writing and must be delivered by email, hand-delivery or mail to the address for the Procurement Division as listed in Section 1 of this RFP.

Only actual Proposers may protest if they believe they have been adversely affected because the Proposer would be eligible to be awarded the contract in the event the protest is successful. The basis of the written protest must be in accordance with ORS 279B.410 and shall specify the grounds upon which the protest is based. In order to be an adversely affected Proposer with a right to submit a written protest, a Proposer must be next in line for

award, i.e. the protester must claim that all higher rated Proposers are ineligible for award because they are non-responsive or non-responsible.

County will consider any protests received and:

- a. reject all protests and proceed with final evaluation of, and any allowed contract language negotiation with, the apparent successful Proposer and, pending the satisfactory outcome of this final evaluation and negotiation, enter into a contract with the named Proposer; OR
- b. sustain a meritorious protest(s) and reject the apparent successful Proposer as nonresponsive, if such Proposer is unable to demonstrate that its Proposal complied with all material requirements of the solicitation and Oregon public procurement law; thereafter, County may name a new apparent successful Proposer; OR
- c. reject all Proposals and cancel the procurement.

2.7 Acceptance of Contractual Requirements: Failure of the selected Proposer to execute a contract and deliver required insurance certificates within ten (10) calendar days after notification of an award may result in cancellation of the award. This time period may be extended at the option of County.

2.8 Public Records: Proposals are deemed confidential until the “Notice of Intent to Award” letter is issued. This RFP and one copy of each original Proposal received in response to it, together with copies of all documents pertaining to the award of a contract, will be kept and made a part of a file or record which will be open to public inspection. If a Proposal contains any information that is considered a **TRADE SECRET** under ORS 192.345(2), **SUCH INFORMATION MUST BE LISTED ON A SEPARATE SHEET CAPABLE OF SEPARATION FROM THE REMAINING PROPOSAL AND MUST BE CLEARLY MARKED WITH THE FOLLOWING LEGEND:**

“This information constitutes a trade secret under ORS 192.345(2), and shall not be disclosed except in accordance with the Oregon Public Records Law, ORS Chapter 192.”

The Oregon Public Records Law exempts from disclosure only bona fide trade secrets, and the exemption from disclosure applies only “unless the public interest requires disclosure in the particular instance” (ORS 192.345). Therefore, non-disclosure of documents, or any portion of a document submitted as part of a Proposal, may depend upon official or judicial determinations made pursuant to the Public Records Law.

2.9 Investigation of References: County reserves the right to investigate all references in addition to those supplied references and investigate past performance of any Proposer with respect to its successful performance of similar services, its compliance with specifications and contractual obligations, its completion or delivery of a project on schedule, its lawful payment of subcontractors and workers, and any other factor relevant to this RFP. County may postpone the award or the execution of the contract after the announcement of the apparent successful Proposer in order to complete its investigation.

2.10 RFP Proposal Preparation Costs and Other Costs: Proposer costs of developing the Proposal, cost of attendance at an interview (if requested by County), or any other costs are entirely the responsibility of the Proposer, and will not be reimbursed in any manner by County.

2.11 Clarification and Clarity: County reserves the right to seek clarification of each Proposal, or to make an award without further discussion of Proposals received. Therefore, it is important that each Proposal be submitted initially in the most complete, clear, and favorable manner possible.

2.12 Right to Reject Proposals: County reserves the right to reject any or all Proposals or to withdraw any item from the award, if such rejection or withdrawal would be in the public interest, as determined by County.

2.13 Cancellation: County reserves the right to cancel or postpone this RFP at any time or to award no contract.

2.14 Proposal Terms: All Proposals, including any price quotations, will be valid and firm through a period of one hundred and eighty (180) calendar days following the Closing date. County may require an

extension of this firm offer period. Proposers will be required to agree to the longer time frame in order to be further considered in the procurement process.

2.15 Oral Presentations: At County's sole option, Proposers may be required to give an oral presentation of their Proposals to County, a process which would provide an opportunity for the Proposer to clarify or elaborate on the Proposal but will in no material way change Proposer's original Proposal. If the evaluating committee requests presentations, the Procurement Division will schedule the time and location for said presentation. Any costs of participating in such presentations will be borne solely by Proposer and will not be reimbursed by County. **Note:** Oral presentations are at the discretion of the evaluating committee and may not be conducted; therefore, **written Proposals should be complete.**

2.16 Usage: It is the intention of County to utilize the services of the successful Proposer(s) to provide services as outlined in the below Scope of Work.

2.17 Review for Responsiveness: Upon receipt of all Proposals, the Procurement Division or designee will determine the responsiveness of all Proposals before submitting them to the evaluation committee. If a Proposal is incomplete or non-responsive in significant part or in whole, it will be rejected and will not be submitted to the evaluation committee. County reserves the right to determine if an inadvertent error is solely clerical or is a minor informality which may be waived, and then to determine if an error is grounds for disqualifying a Proposal. The Proposer's contact person identified on the Proposal will be notified, identifying the reason(s) the Proposal is non-responsive. One copy of the Proposal will be archived and all others discarded.

2.18 RFP Incorporated into Contract: This RFP will become part of the Contract between County and the selected contractor(s). The contractor(s) will be bound to perform according to the terms of this RFP, their Proposal(s), and the terms of the Sample Contract.

2.19 Communication Blackout Period: Except as called for in this RFP, Proposers may not communicate with members of the Evaluation Committee or other County employees or representatives about the RFP during the procurement process until the apparent successful Proposer is selected, and all protests, if any, have been resolved. Communication in violation of this restriction may result in rejection of a Proposer.

2.20 Prohibition on Commissions and Subcontractors: County will contract directly with persons/entities capable of performing the requirements of this RFP. Contractors must be represented directly. Participation by brokers or commissioned agents will not be allowed during the Proposal process. Contractor shall not use subcontractors to perform the Work unless specifically pre-authorized in writing to do so by the County. Contractor represents that any employees assigned to perform the Work, and any authorized subcontractors performing the Work, are fully qualified to perform the tasks assigned to them, and shall perform the Work in a competent and professional manner. Contractor shall not be permitted to add on any fee or charge for subcontractor Work. Contractor shall provide, if requested, any documents relating to subcontractor's qualifications to perform required Work.

2.21 Ownership of Proposals: All Proposals in response to this RFP are the sole property of County, and subject to the provisions of ORS 192.410-192.505 (Public Records Act).

2.22 Clerical Errors in Awards: County reserves the right to correct inaccurate awards resulting from its clerical errors.

2.23 Rejection of Qualified Proposals: Proposals may be rejected in whole or in part if they attempt to limit or modify any of the terms, conditions, or specifications of the RFP or the Sample Contract.

2.24 Collusion: By responding, the Proposer states that the Proposal is not made in connection with any competing Proposer submitting a separate response to the RFP, and is in all aspects fair and without collusion or fraud. Proposer also certifies that no officer, agent, elected official, or employee of County has a pecuniary interest in this Proposal.

2.25 Evaluation Committee: Proposals will be evaluated by a committee consisting of representatives from County and potentially external representatives. County reserves the right to modify the Evaluation Committee make-up in its sole discretion.

2.26 Commencement of Work: The contractor shall commence no work until all insurance requirements have been met, the Protest of Awards deadline has been passed, any protest have been decided, a contract has been fully executed, and a Notice to Proceed has been issued by County.

2.27 Best and Final Offer: County may request best and final offers from those Proposers determined by County to be reasonably viable for contract award. However, County reserves the right to award a contract on the basis of initial Proposal received. Therefore, each Proposal should contain the Proposer's best terms from a price and technical standpoint. Following evaluation of the best and final offers, County may select for final contract negotiations/execution the offers that are most advantageous to County, considering cost and the evaluation criteria in this RFP.

2.28 Nondiscrimination: The successful Proposer agrees that, in performing the work called for by this RFP and in securing and supplying materials, contractor will not discriminate against any person on the basis of race, color, religious creed, political ideas, sex, age, marital status, sexual orientation, gender identity, veteran status, physical or mental handicap, national origin or ancestry, or any other class protected by applicable law.

2.29 Intergovernmental Cooperative Procurement Statement: Pursuant to ORS 279A and LCRB, other public agencies shall have the ability to purchase the awarded goods and services from the awarded contractor(s) under terms and conditions of the resultant contract. Any such purchases shall be between the contractor and the participating public agency and shall not impact the contractor's obligation to the County. Any estimated purchase volumes listed herein do not include other public agencies and County makes no guarantee as to their participation. Any Proposer, by written notification included with their Proposal, may decline to extend the prices and terms of this solicitation to any and/or all other public agencies. County grants to any and all public serving governmental agencies, authorization to purchase equivalent services or products described herein at the same submitted unit bid price, but only with the consent of the contractor awarded the contract by the County.

Our OPI/VRI services are available **on any device connected to the Internet (including mobile phones)**. We offer “one click to call” functionality, which allows users to quickly connect for new languages. Clients are connected ***in less than 30 seconds*** directly to interpreters and do not need access via an operator or concierge.

B. Scope of Work

Provide detailed project approach to execute these services

MLT proposes that as sole contract to Clackamas County, we would create access to our platforms for translation and interpreting.

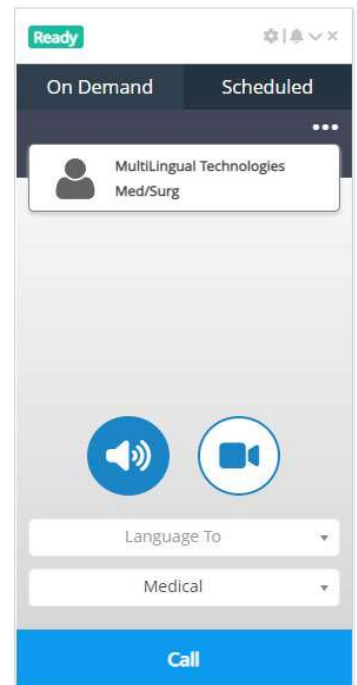

The services that will be offered as explained below. Our technology is easy to use, making it easy for people to grasp. We have assembled training materials and guides that will assist you to use our services. Our Account Managers and Project Managers are there to help you not only chose the right solution but to use it correctly. That is our promise to you.

1.0 Audio (OPI) and Video (VRI) Interpreting Services - Platform

Our OPI and VRI programs are accessed through a mobile app that allows callers to be connected directly to interpreters without having to go through an operator or concierge. This access may be on a cell phone, tablet, PC or simply by dialing a number and entering your access code. This system can be customized according to the needs of the client.

We will assign your designated staff members a special code and provide them with their own dial-in number. If you need more than one number, that’s no problem. Your staff simply calls our Customer Service number, enters the client access code and selects the language from the menu of languages provided or chooses to connect with an operator for further assistance. We offer scheduled calls and on-demand calls, connecting you with the appropriate interpreter...***in less than 30 seconds.***

OPI and VRI services are available ***on demand*** or through ***scheduled calls***. Our scheduled call service provides a direct connection to our interpreters, eliminating the need for a conference callsystem. *Figure 1* below shows a screenshot of our call scheduler.

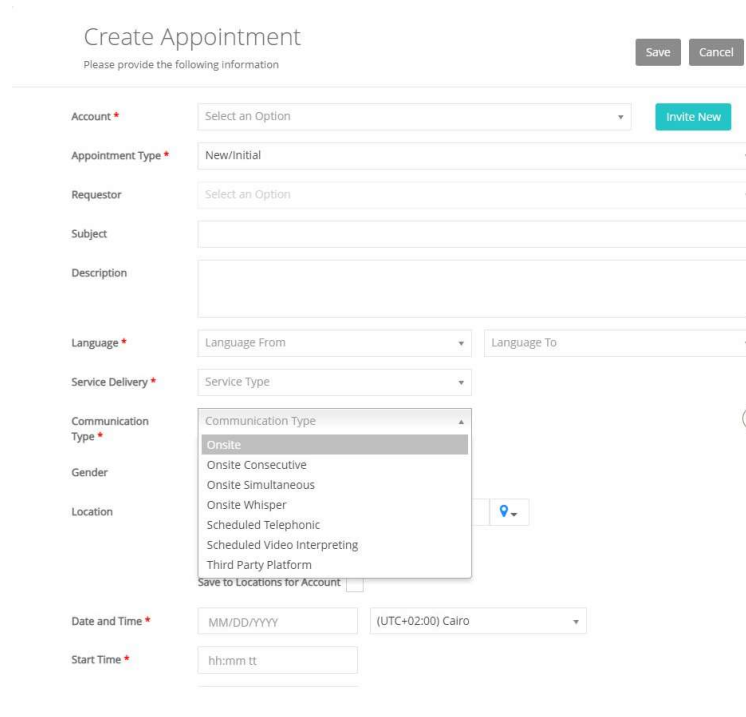

Figure 1 – OPI / VRI Interpreter Call Scheduler

OPI services are available 24/7/365. Calls are offered to our roster of qualified OPI specialists on a rotating basis and are dependent on interpreter availability. VRI service utilizes the same technology with the camera feature turned on. For common languages, VRI services are available on demand. For harder to find languages, calls can be scheduled 48 hours in advance on our interpreter platform. Designated Clackamas County staff members will schedule calls through our call scheduler.

If calls must be placed through the telephone conference system, our platform will easily connect via landlines used for that purpose. We will assign a designated staff member as an administrator and assign a special code with a dial-in number for each user. If you need more than one number, you can easily add more team members to the client access code.

For scheduled calls, various dropdowns can be customized to fit the user needs such as Service delivery and classification, consumer type. Locations can be prepopulated, and additional locations can be entered and saved for future use. There is additional capability to leave the PM specific notes, and documents can be uploaded. Administrators have additional capabilities over end users such as access to the dashboard and visibility of rates, schedules, etc.

1.1 Over-The-Phone Interpreting (OPI)

MLT's OPI services utilize a cloud-based platform that requires **no special equipment is needed**---just an Internet connection. Through our extensive network of telephonic interpreters onshore or offshore, we can deliver OPI services **24 hours a day, 7 days a week and 52 weeks per year**. Our OPI professionals assist our clients in serving their non-English (NEP/LEP) speaking customers to improve customer satisfaction by overcoming language

barriers. Each interpreter enrolled in our OPI program is proficient in English and at least one foreign language.

Our telephonic interpretation system delivers high-quality OPI services **anywhere, anytime**, on **any** device at **any** level of technology capability, whether that is via Apple™/Android™ Smartphones, iPads™/Tablets, laptops, desktop computers or land lines. This affords Clackamas County the ability to have true “on demand” interpretation service in a variety of modes.

There is no need to prepare for the OPI service, as it is available on a mobile app **on any device connected to the Internet.** We offer “one click to call” functionality, which allows users to quickly connect for new languages or dial based on previous sessions. Clients are connected directly to interpreters and do not have to access via an operator or concierge.

MLT’s OPI service runs off a next generation, cloud-based platform with full API integration capabilities. This next generation, cloud-based audio technology connects our customers to

qualified, professional interpreters to offer the best on-demand language support available to date. The unified cloud-based platform offers flexible solutions in both OPI and VRI that include:

- Advanced features— browser calling and native Mobile App support
- Conference calling (3-4 parties) via phone / app / web, third party platforms
- Flexibility for use on computer, iPad, iPhone, tablet or Android devices
- Online tracking system and account management
- Full-time, dedicated customer support from MLT
- Online and onsite training provided by MLT
- Detailed customized usage reports
- Digital signatures can be managed on the mobile app

Landline support with dial prefixes that allow you to dial into a specific language or service type without the need for pc/laptop or smart device is also available. We can easily integrate our next-gen services into legacy phone systems. For all modes of telephonic or video remote service, we have qualified interpreters in more than 250+ languages. With our extensive network of linguists, we continuously recruit the best to ensure total responsiveness to our customers.

1.2 Video Remote Interpreting (VRI) Services

Video Remote Interpretation (VRI) is the perfect solution for those occasions when face-to-face interpretation is needed but is not a viable option. MLT’s VRI service operates on the same next generation, cloud-based platform as our OPI services and works on any device that has an Internet connection. With our VRI technology, your designated staff members can connect to qualified, professionally certified interpreters to offer the best on-demand language support available to date.

Our VRI platform will support Skype calls via a desktop computer or laptop for small one-on-one meetings. It is a cost-effective method that provides exceptional high-resolution video and audio connection. Your staff will be able to see and hear the interpreter as if he/she were

right next to you in the same room! Like our OPI services, our VRI platform also has *full API capabilities*.

Our VRI solution will work on any Internet device that has a web camera, microphone and speakers. **No special equipment is needed.** With MLT's VRI platform, we make it possible to:

- Provide on demand video interpreting support with enhanced accuracy for over 250 languages
- Work with a 1080p High Resolution Video and more than 30 FPS.
- Allow users to see the facial expressions of the interpreter and know what was understood and what was said.
- Confirm the meaning of non-verbal communication.

MLT's VRI program runs on a cloud-based communications platform that guarantees 99.95% Monthly Uptime for phone/video connectivity with services redundant across multiple regions. Our application also employs multiple fallback endpoints into our cloud communication partner so if "in-progress" calls are unable to continue; execution sessions can seamlessly carry over onto a fallback URL to continue the session.

Our VRI platform provides high availability and failover support for disaster recovery instances across multiple regions. Our servers automatically provision and maintain a synchronous standby replica in different availability zones. The primary disaster recovery instance is synchronously replicated across all availability zones to a standby replica which provides data redundancy and minimizes latency spikes during system backups.

Our system offers the following:

- [Real time Web Communication for VRI services](#)
 - Immediate connection with Chrome, Firefox, Microsoft Edge without a plug-in

- Flash plug-in required for Internet Explorer and Safari
- Special App provided for mobile devices
- **Minimum Bandwidth requirements**
 - 400kb/s for Audio
 - 1MB/s for Video
- Multiple fallback endpoints allowing calls that are unable to continue to seamlessly carry over to a fallback line;
- Infrastructure aligned with industry best IT security standards, including HIPAA and Cloud Security Alliance.

1.3 Telehealth

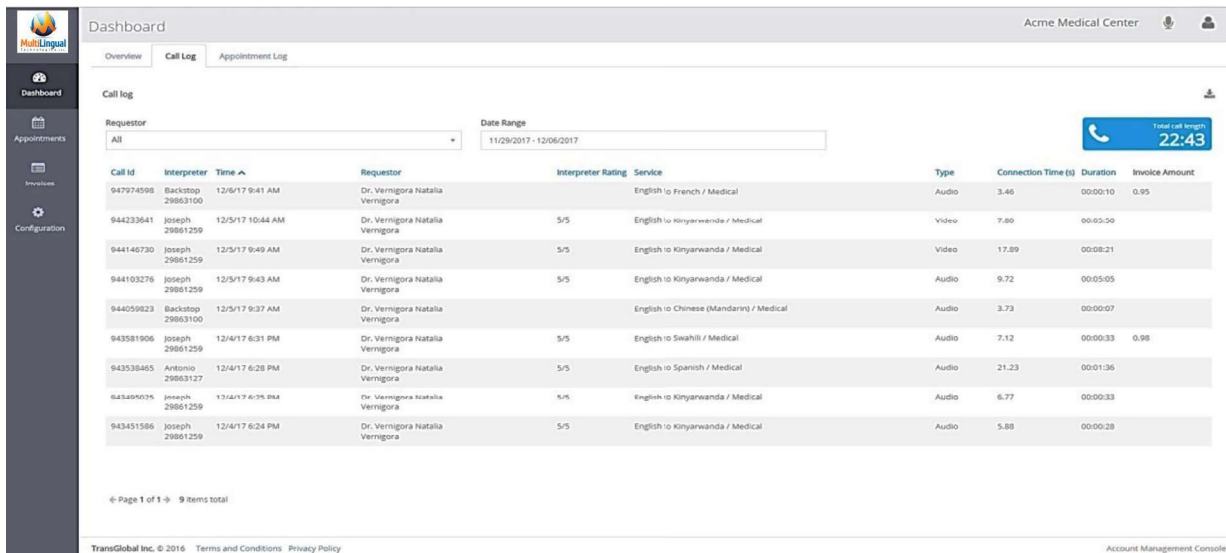

The platform now allows for 3-4 video conferencing via the web or mobile app. Boostlink is a link driven video conferencing solution that is designed to allow remote users to join a video session with an interpreter from different locations.

- To be able to add additional participants into a VRI session the client/requestor will first need to connect with an interpreter using either the web or mobile app by first selecting the Video icon and then the language.
- Once the client/requestor and interpreter are both successfully connected to a VRI session the client/requestor will have the option of adding additional participants by clicking on the (+) next to the interpreter's profile.
- The client/requestor will be able to copy the link and email it to the guest user. Once the guest user receives the link they will need to click on it which will take them to a landing page in either Chrome or Firefox.
- Once the guest user selects their option for entering the meeting they will be placed in a waiting room until either the client/requestor or interpreter allows them to join. Both the client/requestor and interpreter will have the option admit or remove the guest user.
- Additional capabilities are available during the conference, Zoom and WebEx integration.

Numerous reporting tools are available to Clackamas County with MLT's next generation OPI/VRI platform. The following metrics can be captured for reporting purposes:

- Call time requested
- Call time connected
- Call length
- Device connected
- Online time recording
- Offline time
- Call status
- Average response time
- Length per language
- Length per interpreter
- Interpreter call rating

We also provide a complete audit trail of actions taken and can customize reporting to meet your requirements. Additionally, after each call we perform a 360-degree review process that allows us to capture **details on the quality of the interpreter and the clarity and quality of the call**. Our OPI/VRI system offers crystal clear clarity across **ALL audio communication modes (legacy landline, smart devices, desktop and tablets)**. All OPI/VRI call activity is available on the Client Dashboard. See *figure 2*

C. Document Translation Services

1. Process

MLT has a documented Quality Assurance (QA) process to ensure that all documents have been properly proofread, revised, and incorporated with accurate terminology to produce the best possible quality level of translation. Every translation is proofread by an editor and the whole process is controlled by the appointed Project Manager. To maintain consistency and quality in translation projects, we will implement a 5-step program with built in “checks and balances” to ensure the end product is accurate and complete. Those steps are outlined below:

Step One—Preventive Quality Control

Prior to embarking on the translation process, several steps take place to ease and improve (1) the quality of the translation process, and (2) the readiness and the quality of the final documents. These steps include:

- The collection of reference files, making them available to our translators

- Terminology management and automated terminology usage
- Checking incoming materials and data and corrective measures on the source data, if required.
- Task analysis and project planning
- Careful preparation of project before starting the main translation work
- Protecting tags and formatting information
- Reviewing source files to validate document design and file integrity

Step Two—Translation

Source material is always translated by the most appropriate and qualified translator. This will always be a native speaker of the language; but other factors will also be taken into

consideration, such as the translator's experience in the subject matter. Translations should always be natural and sound as if the text were originally written in the language rather than being a word for word translation from another language. It should also be stylistically in keeping with the tone, specifications, and target audience. That's why MLT appoints a project manager, who has a university degree and is experienced in managing translation work flows.

Our state of the art translation technology is integrated into our secure online Customer Portal. This provides access to project managers and the assigned translators. Before work commences, we analyze the project using our CAT tool to identify repetitive text and if available, use internal and external glossaries for consistency.

Step Three—Translation Review

The translation review is carried out by a second independent translator who has no ties to the translator. This ensures impartiality. The reviewer will ensure that the translation is accurate in terms of grammar, spelling, that it accurately conveys the message of the source document and that it meets the client's style and terminology requirements. The review stage results in a completely polished text translation.

Step Four—Internal Quality Assurance

The fourth step involves an in-house Quality Assurance check of the final document. This process involves thoroughly checking the document for factors such as missing sections, figures, dates/times, page number consistency, and images.

Step Five—Typesetting/Design

When MLT turns a project over to our internal multilingual graphics design team for design and typesetting, our Project Manager continues to review text at each stage, from initial layout through pre-press.

We believe this redundancy of quality control results in published materials that meet our clients' high standards of freedom from errors, including unintended malapropisms.

Desktop Publishing

MLT provides desktop publishing (DTP) services that include typesetting, graphics, website/document layouts, proofreading, quality assurance processes and more. Our desktop publishing team specializes in high-quality, translation-related design services, graphic design, documentation, and graphic localization projects. Moreover, with the ability of our CAT tool to

accept files in any format, we can produce the copy translated in the file format provided, thereby eliminating unnecessary DTP charges and saving our clients' money.

Translator Certification and Training

To ensure that we consistently meet our clients' needs for professional translators and interpreters for telephonic interpretation and document translation assignments, MLT has established education and interpretation experience qualifications that must be met for an interpreter to join our team. These qualifications are identified and evaluated during the recruitment process.

To be considered for employment, candidates must meet at least one of the education requirements listed in the left-hand column of the table below, as well as the corresponding professional interpretation experience requirement listed in the right-hand column:

| Education Requirement | Professional Interpretation Experience Requirement |
|--|---|
| <ul style="list-style-type: none"> A 3-year minimum college education or equivalent (US or foreign country); or | <ul style="list-style-type: none"> 3+ years of documented professional interpretation experience |
| <ul style="list-style-type: none"> A certificate or degree obtained from an accredited interpretation program sponsored by a recognized institute or university | |

In addition to the education and experience requirements described above, MLT has long-established language proficiency qualifications used during the recruitment process to guarantee that all our interpreters are proficient in English and at least one other language. The first step we take in assuring language proficiency is to determine the native language and the second, third, fourth, etc. language(s) of the interpreter. We then carefully review the interpreter's additional qualifications related to their second language, such as their interpretation experience in that language, language proficiency test scores, interpretation certificates and certifications, etc.

If a candidate interpreter meets the education and experience requirements outlined above but does not have any other qualifications related to their proficiency in their second language, MLT will ask the interpreter to undergo language-specific proficiency testing; and upon completion, we will re-evaluate the candidate's qualifications. The following table illustrates some of the acceptable language proficiency measures used to verify an interpreter's proficiency in their second, third, fourth, etc. language(s):

| Second, Third, Fourth, etc. Language Proficiency Measures | Required Minimum Score |
|---|--|
| <ul style="list-style-type: none"> ACTFL (American Council on Teaching Foreign Languages) Oral Proficiency Interview (OPI); or | <ul style="list-style-type: none"> Score of Advanced Low or higher |
| <ul style="list-style-type: none"> TOEFL Listening and Speaking exams (<i>Note: the TOEFL test is only used for determining English proficiency</i>); or | <ul style="list-style-type: none"> Score between 22 - 30 (Advanced) on both Listening and Speaking exams |
| <ul style="list-style-type: none"> Ph.D. or Master's Degree in English (if English is the second language) or in the second, third, fourth, etc. language (if English is the native language) from a U.S. or foreign university (<i>Note: a Bachelor's Degree obtained in the U.S. in a Foreign Language does not waive the required internal proficiency testing</i>) | <ul style="list-style-type: none"> Diploma or official transcripts demonstrating completion of the degree |
| <ul style="list-style-type: none"> A Third-Party Linguistic Proficiency Test (LPT) | <ul style="list-style-type: none"> Score equivalent to Advanced Low or higher (<i>Note: scoring metrics may vary</i>) |

Additional qualifications are required for our medical interpreters, which include medical interpreter training by a nationally recognized program, validation of training, and internal evaluation. The following are minimum requirements for MLT medical interpreters:

- Successful completion of the 40-hour Professional Medical Interpreter Training course, *Bridging the Gap*, or documentation of successful completion of a recognized equivalent training program that includes a minimum of 40 hours of Specialized Medical Interpreter Training.
- The candidate interpreter must score 90% or better on the written final exam of training to be considered for assignments. The candidate must exhibit consistent proficiency, knowledge of medical terminology in various medical settings, and adherence to protocol in their rotations.
- Proof of fluency in the source language.
- Completely knowledgeable in the assigned subject matter.

MLT only hires experienced translators with a minimum of three years of verifiable translation experience. We thoroughly vet all candidates to ensure they meet our standards and require proof of certification before commencing any translation projects.

D. Project Management/ Timeline

MLT has the resources and experience to provide OPI, VRI and Document Translation Services to Clackamas County. We will not be utilizing subcontractors and will perform services

with our own management staff and professional personnel. Our deep bench of over 15,000 qualified translators and interpreters for OPI, VRI services and document translation ensures that we will meet our client deliverables.

A pivotal feature of MLT's management approach is our ability to quickly respond to client questions and concerns while balancing the needs of multiple ongoing projects. This ability is due largely in part to our technology-driven organizational structure. All translation projects are accomplished through a robust translation management system and assigned to Project Managers who handle specific languages. All OPI and VRI service requests are managed through our cloud based OPI/VRI platform, which is maintained separately from our translation projects. A designated Project Manager oversees both the OPI and VRI programs and updates executive management on a minimum weekly basis regarding the status of each project. Through the independent operation of these distinct services, our Executive Director maintains full visibility of all work in process. This ensures effective communication and collaboration between the Project Managers, our Executive Director, and our customers.

MLT works with carefully screened professional interpreters who are independently certified by organizations such as the US State Department, American Translators Association, and the International Association of Conference Interpreters, as well as degreed professionals. Everyone is tested for knowledge of terminology and proficiency in both his/her native and second languages. Tests are conducted by technical experts and individuals accredited by professional organizations. Once a candidate successfully completes the screening process, HIPAA training, Confidentiality, Code of Ethics and Business Associate Agreements are signed as a condition of working for MLT. Interpreters and translators will also sign Non-Disclosure Agreements to protect sensitive information.
