Office of the County Clerk

Dear Clackamas County Voter:

1710 RED SOILS CT, SUITE 100 OREGON CITY, OR 97045 503.655.8510 FAX 503.650.5687

This Voters' Pamphlet is for the November 8, 2022, General Election. It includes information to assist you with your Official Ballot. You will find a forum for candidates to introduce themselves as well as information about various measures for your consideration. Each jurisdiction submitting a measure prepares its own Ballot Title and Explanatory Statement. Candidate Statements and Measure Arguments are included in this pamphlet after the fee is paid. The text of each statement or argument is printed exactly as the author submitted it. Text is cut off after exceeding the maximum number of words allowed. The law forbids us from creating content for candidates or making corrections for punctuation, grammar, syntax errors or inaccurate information. Those submitting statements and arguments for this Voters' Pamphlet are solely responsible for their content. The Secretary of State draws a random alphabet sortation unique to each election. Candidates appear in that order both in this pamphlet and on the ballot.

Please note the following changes:

- **Post Census Redistricting**, which is done every ten years, recently created multiple changes in Legislative and Congressional lines. This has caused significant changes to Precinct boundaries. If you have any questions, please contact the Elections Office.
- **Postmarks can count! Postage is no longer required** to mail your ballot. New legislation on postmarks, effective January 1, 2022, allow mailed ballots to be accepted if they are: -Signed
 - -Postmarked on or before Election Day
 - -Received by the Clackamas County Clerks Office within seven days after Election Day.
- **24-Hour Outdoor Ballot Drop Boxes** are located throughout the county for your convenience, many with drive-up access. You may deposit your ballot at any official drop box in the state until 8 pm on Election Day, November 8th. Official Clackamas County ballot drop sites are listed on page 4 of this pamphlet. Please check this list as some locations have changed.

Additional important information:

- **Registration Deadline is October 18th.** Visit <u>oregonvotes.gov/myvote</u> to review your registration status. All active, registered voters will receive a ballot based on their residence address.
- Your ballot will not include everything that appears in this pamphlet. Active, registered voters will receive a ballot with candidate races and measures based on the residence address provided on their voter registration. If you think something is missing from your ballot, contact the Elections Office.
- **Ballots will be mailed October 19th**. Ballots will be delivered to households between October 20th and October 25th. Please contact our office if you have not received your ballot by October 26th.
- **Transparency.** Observers are a vital part of conducting an election and our office remains committed to allowing observation of all election activities as safely as our physical space allows. Ballot processing begins with the Public Certification Test of our vote tally system. This information will be posted on our website when we have a confirmation of the date and time. Please contact our office if you would like to observe this or other processes.
- If a ballot was delivered to your residence for someone who should no longer be receiving ballots at your address, please write "RETURN" on the envelope and place it back in your mailbox. If a ballot was sent to someone who has passed away, please write "DECEASED" on the envelope and place it back in your mailbox.

If you need assistance voting or have any questions about this particular election or the election process, please contact the Elections office at 503-655-8510.

Voters Pamphlet Translation Access

In 2021, the Oregon Legislature passed the Voter Language Access Bill (HB 3021) requiring the Secretary of State to translate portions of state and county voters' pamphlets into Oregon's most spoken languages. The law seeks to remove barriers to voting for those who are not fully proficient in English. The bill's requirements are being implemented for the first time this election.

To help in this effort, the Translation Advisory Council was created. The Council is made up of volunteer community members who represent the ethnic, linguistic, and cultural diversity of Oregon voters. Council members make sure translations are accurate and retain the original tone and meaning in a culturally appropriate manner.

Selected portions of this county voters' pamphlet are available in Simplified Chinese, Korean, Russian, Spanish, Ukrainian, and Vietnamese. These translations can be found online at **sos.oregon.gov/elections/Pages/vp-clackamas.aspx.**

Voting Instructions

1. Vote your Official Ballot

Locate the candidate or measure | response (Yes or No) of your choice for each contest. To vote, completely darken the rectangle | to the left of your choice with black or blue ink. [*Figure 1*]

Remember: If you vote for more than the number of candidates allowed for an office, or you vote both Yes and No on a measure, it is called an overvote and your vote for the candidate or measure will not count. [Figure 2]

You are not required to vote on everything. Your ballot will still be counted as cast and your votes for other contests will be counted.

2. Review your Official Ballot

Ensure you have correctly marked your choice for each contest. Your official ballot may contain contests printed on both front and back. Remember to review both sides!

If you lose your ballot, or it is spoiled in any way, contact the Clackamas County Elections Division at **503.655.8510** to request a replacement ballot.

3. Return your Official Ballot

Place your voted Official Ballot in the envelope and sign the Voter's Statement. If you forget your secrecy sleeve, it is not a problem.

Remember: Read and sign the Voter's Statement on the Return Ballot Envelope. Your ballot cannot be counted if the Return Ballot Envelope is not signed.

- By Mail: Postage is no longer required to mail your Return Ballot Envelope. Please mail it as soon as possible; it must be postmarked by Tuesday, November 8, 2022. Ballots postmarked by the deadline must be received by the Clackamas County Elections office within 7 days.
- In Person: Deliver the signed and sealed Return Ballot Envelope to any official ballot drop site (see list on page 4) no later than 8:00 p.m. on Tuesday, November 8, 2022.

Did you make a mistake?

Don't tear up your ballot yet. You can fix it!

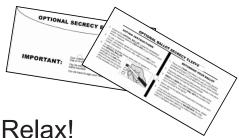

Please do NOT use corrective tape or white out.

Make your choice obvious so that election officials can count it correctly. Please review the examples of acceptable corrections.

For further assistance, contact our office at 503.655.8510.

Forgot your optional secrecy sleeve?

Election workers will preserve the privacy of your ballot if you forget to enclose the secrecy sleeve and your

ballot will still count.

Clackamas County Commissioner, Position 2

Libra Forde

Occupation: Executive Director, Women's Foundation of Oregon; Mom

Occupational Background: Small Business Owner; Nonprofit for Military Families Co-Founder

Educational Background: Brandeis University, B.S.; University of Phoenix, MBA; Harvard University, Public Leadership Program

Prior Governmental Experience: North Clackamas School Board Chair

CLACKAMAS DESERVES BETTER

We need leaders who find solutions and get results. Instead, our Commission is weakened by infighting. Libra's record overseeing large organizations and managing multimillion dollar budgets will bring needed experience and expertise to the Commission.

Libra Knows We Must:

Make housing more affordable and available Provide a bed and services for every homeless person Reduce traffic to save us time and money Create communities where everyone is safe Oppose extremism and those threatening violence

Beautiful Clackamas is my chosen home. We face big challenges. I am running because we need leaders who can set clear goals and deliver results.

My opponent's record is one of inaction. No to \$470 million to improve Sunrise Corridor and McLoughlin Boulevard. No on \$44.7 million for housing and homelessness services. No on rural broadband.

When this job becomes declaring what you don't like, we are failing. Leadership is knowing where we must go and getting it done. We can and must do better. Together, I know we will. Libra Forde

LIBRA'S VALUES ARE OUR VALUES, SAVAS' ARE NOT

ABORTION: "Libra will defend our rights and access to reproductive health care. Savas wants to outlaw abortion." **Pro-Choice Oregon PAC**

GUN VIOLENCE: "Libra will take action to make us safer. Savas is financed by gun extremists."

Representative Rachel Prusak

CLIMATE CHANGE: "Libra will be a champion for climate action. Savas will take us backwards."

Occupation: Clackamas County Commissioner

Occupational Background: Small Business Owner 25 years, Aerospace Machinist

Educational Background: Oregon State University Extension Service; Cypress College

Prior Governmental Experience: Clackamas County Commissioner, Oak Lodge Sanitary Director, Oak Lodge Water Commissioner

In these tough times, Experience Matters

With leadership, compassion, and common sense, I am committed to protecting Clackamas County values

Tolling

Inflation alert! The cost of rent, food, and gasoline is hurting families. ODOT's proposal to toll all lanes on I-205 is unfair and poorly timed. One round trip during rush-hour may exceed \$8, or \$160 monthly. Join me in fighting this unfair tolling proposal!

"Paul Savas is the only candidate in the race who has come out against ODOT's tolling proposal. Paul Savas spoke more competently about tolling and transportation funding than anyone we interviewed." – North Clackamas Chamber of Commerce

Homeless Crisis

- · Assisted with funding of three shelters for women including survivors of domestic violence and human trafficking Spearheaded the Veterans Village Transitional Shelter for
- homeless veterans
- Secured funding for homeless services, including shelter, food, mental health, and substance abuse Building affordable housing options for all, including young
- families, seniors, and communities of color

Public Safety

We must protect Clackamas County from Portland's failing policies that led to countless homeless camps, daily shootings, skyrocketing crime, and vandalism.

"Paul has protected funding for law enforcement and earned our trust.'

- Ben Wiley, President, Clackamas County Peace Officers Association

Clackamas County is a great place to raise a family. I am committed to ensuring our county government works for the people, spends tax dollars wisely, and keeps our neighborhoods safe.

Educational Background: Lewis and Clark Law School, J.D; Portland State University, Master of Public Administration; Warner Pacific, B.S.

Prior Governmental Experience: Budget Committees, Lake Oswego, Centennial School Districts

Sonya Fischer Delivers Results for Clackamas County

When county government was failing children with special needs like her daughter, Sonya Fischer changed the system. That's just what she's done as our County Commissioner. From supporting families and creating jobs, to protecting our quality of life and safety, Sonya Fischer holds government accountable and brings people together to deliver results.

Creating Jobs & Supporting our Economy: "Sonya demands accountability from Metro, safeguards our tax dollars and cuts red tape to support projects that create more housing and goodpaying jobs in Clackamas County." - Tyler King, Clackamas Realtor

Serving People: "Clackamas County deserves a unique, focused approach to solving homelessness. Sonya has always stood up for us, making sure our community gets the resources we need to address this crisis and get people housed." - Dan Fowler, small business owner, former Mayor of Oregon City and homeless advocate

Keeping Us Safe: "Sonya supports our firefighters, police and the sheriff's office. She's advocating for increasing first responder pay and working to improve our emergency systems to keep us safer."- Duane Larson, Oregon State Police, Retired

Putting Clackamas First: "Sonya understands our cities, small towns, farms and forests, supports our agricultural and recreation economies and always puts our interests first." - Bill Merchant, Beavercreek

We support Sonya!

Clackamas County Commissioner, Position 5

Occupation: Wilsonville City Councilor; Registered Nurse, OHSU Cardiology; Executive Director, Oregon Foster Families First

Ben West

Occupational Background: Mortgage Banker

Educational Background: Master of Nursing, Liberty University; BS-Nursing, Linfield

Prior Governmental Experience: Wilsonville Community

Enhancement Committee; Regional Water Providers Consortium; Wilsonville Housing Task Force Chair; Oregon Department of Corrections, Healthcare Policy Extern, Oregon Legislature

Family: Married, Father

As your next County Commissioner, Ben will get us back on track with these priorities:

<u>STOP CRIME</u> – <u>STOP TOLLS</u> – IMPROVE AFFORDABILITY AND LIVABILITY

As a City Councilor and registered nurse, Ben knows people feel frustrated that Oregon has become unsafe, unlivable, and <u>unaffordable</u>. It's time to crack down on crime, focus on economic opportunity, and end homelessness.

FULLY-FUNDING POLICE & PUBLIC SAFETY

"Elected officials are ignoring crime spilling over from Portland into Clackamas County. Some politicians want to defund and vilify police. Ben will fully-fund police budgets, protecting our communities and holding criminals accountable." – Clackamas **County Peace Officers' Association**

SAYING "NO" TO FREEWAY TOLLS

As County Clerk, I direct: Board of Property Tax Appeals, Elections, Recording including issuing Marriage Licenses, Records Management including Passport Services. Each department is a reflection of excellence as new technologies are implemented resulting in increased productivity and cost savings. Staff receive many compliments.

As a fiscally responsible steward of County resources, over the years, I have returned thousands of unspent tax dollars (Clerk appropriated funds) to the County General Fund at fiscal yearend.

Integrity – Accuracy – Excellence

I don't accept or give endorsements because endorsements are political statements. Elections are process oriented, not politically oriented. As Clerk, I will continue to keep politics out of the office to protect your vote. I believe the Clerk's Office should be efficient, accessible, convenient, strategic, transparent, courteous and welcoming

Questions about election integrity are on the rise, but so is a leader who knows how to tackle it! If challenges arise, my staff and I draw upon our combined experience and knowledge of the law to analyze and develop a remedy ensuring accuracy and accountability to voters.

I am an Oregon State Certified County Clerk with 20 years experience. I have achieved National Certified Election Registration Administrator (CERA) designation from The National Elections Center, requiring education, experience and excellence to achieve.

I've lived, worked, raised a family and volunteered in Clackamas County most of my life. I enjoy volunteering in church programs, community events and non-profit organizations.

It's my privilege doing the work entrusted to me as Clerk, I would be honored to have your vote.

Canby Neighbors and Friends,

It has been both and honor and privilege to serve on the Canby City Council and I have decided to seek election to another term. I have many goals for our city; most are centered around livability and sound financial management. As a father of 5, I want Canby to be the place where my children will someday want to return to raise their children.

Areas of concern to citizens:

Growth -I believe that growth is important and valuable but must be carefully managed.

Streets – I believe our rotation of street repair is the right approach, but I do feel the cycle needs to be shortened to keep all streets from failing. I am an advocate for adding additional resources to this area of the city budget.

Police- Canby is fortunate to have excellent police service. I am thankful that we have successfully renegotiated an equitable contract with the police union. The mental health specialist we added to the CPD should dramatically improve our outcomes.

Parks- We have developed comprehensive parks plan that will serve our community well. I am advocating for visionary future development of a recreational complex that would include a community center and an array of competitive athletic fields and courts. Because of our access to system development funds, I believe this could be done without a tax increase

Economic Development – This is and should remain a priority.

Public transportation - I support the expansion of the CAT system.

The current city council is a diverse group that can, at times, be somewhat polarized. I see my role on the council as a unifying member that can help bridge the sides to reach reasonable and well thought out decisions that will result in the best possible outcomes for our city.

I love our great city and the people in it. I am honored to be able to serve our citizens in the capacity that I currently do on the budget committee and I would love the opportunity to represent you on the city council, bringing your voices and ideas to the table

The youth of our city is my greatest interest. We need to invest in them to ensure that our city stays the kind of community that we all know and love. We need safe and productive places for them to play, gather and grow. I would advocate for the development of a youth center where they can connect with their peers and perhaps even learn a vocation.

I'd like to address some of the concerns within the city we are currently experiencing. For example, the infrastructure impacts of the exponential growth within our industrial district.

I would like to reconnect the voice of all Canby citizens to our council. I'd like to see our citizens come back to the Council Chamber and have it be a safe place to share their concerns and ideas. I believe the council has strayed from their connection with the community.

I look forward to the opportunity to represent you and humbly ask for your vote.

When I think of Canby, the word that comes to mind is HOME.

We moved to Canby in 2012 in search of a hometown where we could raise our family. We quickly fell in love with the small-town charm and sense of security that Canby offers. I love that my daughters can ride their bikes and walk to and from school without worry. I love that we can walk downtown as a family and attend events like the Big Night Out Street Dance and the Canby Independence Day Celebration and Parade. Our favorite event of the year is Light Up the Night. Canby has special traditions that are hard to find in the big city and we love that about Canby.

We are growing, and while growth is inevitable, it's important that we manage and guide it to enhance our lives and not become another charmless, crowded suburb.

We need to carefully watch our infrastructure and proactively ensure we can meet the needs of tomorrow's Canby.

We need sensible, affordable, sustainable parks for the enjoyment of all.

Canby consistently ranks in the top ten safest cities in Oregon. I pledge to maintain that outstanding record by supporting our community-oriented police department and fire district. We've been through a lot over these last few years and with inflation at record levels, just like we do for our home budgets, we need to tightly manage our spending to ensure the continued financial stability of our city. I will always oppose reckless spending and will continue to be a councilor committed to problem-solving our issues and focused on what is best for all the citizens of Canby.

The next four years will decide how Canby looks in the next 20 years.

Three critical growth management policies face council vote in the next four years:

- · Urban Growth Boundary expansion
- · Development code, and
- · Comprehensive plan update.

Together, those decisions will determine density, growth, traffic and livability for 20 years or more. The issues are complex and nuanced.

In three terms as your elected Canby City Councilor, I've been preparing for these discussions with a lens to sustainability and equity.

Proven collaboration

I pushed for redevelopment of our downtown streetscape, recruitment of new business and civic activities to draw citizens and visitors to our city.

Public Safety

I supported the new state-of-the-art police facility. I voted to add a behavioral health specialist to Canby Police for mental health crisis calls.

I voted to provide city-owned property to Canby Fire so we finally have medical and fire support on our north side. I voted to provide Canby Fire Department a million dollars to modernize equipment and facilities.

Recreation

While I support the number one request of more walking trails, we must not forget our youth. We are underserved in youth sports fields and recreational facilities.

We don't need to raise taxes. Six million dollars in developer's fees — legally dedicated to park acquisition and development — sit idle in a bank account.

It is time to invest those dollars in a shared vision. All it takes is the political will.

With your vote, we can continue the Canby Renaissance.

Prior Governmental Experience:

Member of Canby's original Urban Renewal Advisory Committee. President of the Industrial Area Association, established in 1999 -Canby's first neighborhood business association.

I have lived in Canby most of my life. As a Canby city councilor, I will stand for you without reservation and with no special or conflicts of interest. You deserve someone who lives and works by a high standard of ethics, will be an independent thinker bringing a fresh perspective to the table, and encouraging a sustainable positive atmosphere.

I want to help make Canby a town where we can all be proud to live, work and play. I will:

- Bring fiscal responsibility and accountability
- Make rational and ethical decisions
- Ask tough questions and provide thoughtful alternatives and answers
- Build community trust
- Enhance livability with smart, compatible development
- **Endorse Neighborhood Associations and Citizen** involvement
- Create opportunities for businesses to be competitive
- Attract businesses and facilities that focus on families and family activities
- Be open and transparent

Some of the greatest challenges faced by Canby over the next few years will be dealing with transportation issues, maintaining a strong balance between population growth and attracting highend businesses in order to offset the tax base, thereby creating a positive atmosphere for smart development and job growth.

To keep the downtown thriving we need to review what makes Canby unique, encourage innovative ideas and vision in order to attract more of our citizens to the City core, creating an environment of mixed use where people and businesses can grow and be successful.

My interest is in a thriving and dynamic city of Canby. I ask for your vote and would be honored to receive it. In return I pledge to serve you with integrity, wisdom and compassion.

Initially sworn into office in January 2009, Sean Drinkwine served this community as City Councilor for nearly 8 years. He took the next step to becoming Mayor in 2017 to present. Sean's vision for Estacada includes protecting it from the encroachment of the "big city" transformation, while keeping an open mind that changes and growth will naturally occur.

Sean has helped local restaurants and businesses get through the COVID shutdown mandates with grants and funding. He prioritized the need for more policing services, hired a new city manager, testified to the Oregon House and Senate to receive much needed funding from the Wildfire Recovery Act, and worked with Representative Christine Drazan to receive funding to upgrade our aging water plant.

As Mayor, he will continue to promote progress and development that generate business opportunities, jobs, and bolster tourism, whilst maintaining that "Small Town Charm" that makes Estacada unique. He will always strive to further that core concept as he seeks ways to enhance the local beauty and natural allure of the city of Estacada in ways that will continue for years to come. His devotion to friends and family are hallmarks of his personality that he extends to the seriousness in which he takes on the mantle of service as the Mayor of Estacada.

There is opportunity for us to grow together in Estacada, to become a community that looks out for each other. My desire is to help develop that growth. To unite us together with a common goal: Becoming the best citizens we can be in Estacada! I have a passion for making sure that everyone's voice is heard and respected. I'm willing to listen to anyone, to acknowledge my biases, and treat all fairly.

I hope to focus on the following items:

Responsible growth. Confirm that we have the appropriate infrastructure in place to support this growth.

Public Safety. Confirm that we fund for the appropriate law enforcement presence for our city. I had an opportunity to go on a ride along with a Clackamas County Sheriff in August. It was wonderful to see the dedication our sheriffs have toward serving the county in the best possible way and making sure we are safe. It was also eye-opening to see the amount of work that is put into one call. I believe it is key to make sure we have enough Sheriffs dedicated to Estacada, so that emergencies are handled timely.

Community engagement. We have many avenues for community engagement - various committees and events. It seems there are many voices that want to be heard, often when the time to be heard is past. I would like the Council to explore ways to be directly involved in robust measures of direct community engagement. How do we help people know when and where to be if they want to be heard at the right time to make an impact in their community?

My wife and I have been married for 23 years and we have four children, two of whom are still in the house and currently attending one of the Estacada Schools. I would like to serve on the City Council for the City of Estacada so that I can have a part in the decisions that will impact the place where we live, work and our children attend school. I have seen the rapid growth of the city recently and believe that that the decisions being made in the next few years will have a great impact on what Estacada becomes. My family and I moved to Estacada because we loved the strong sense of community here and I don't want to see that get changed by the city's growth or by policy decisions that don't align with the values of most Estacada residents. I would like to see Estacada avoid the mistakes we have seen play out in larger cities around it by making sound policy decisions that reflect the wishes of our community. I would be honored to represent you on the City Council and hope to earn your vote.

My family chose our home in Estacada because of the small town atmosphere. We feel a sense of safety and security knowing that our neighbors look out for each other. That could not have been more apparent than in 2020, when the Riverside Fire swept through our community.

After seeing our community come together, I felt a strong urge to become involved in public service. I first applied for and was appointed to the Charter Review Committee by the Mayor and City Council. In this committee, we made recommendations for Mayoral term lengths and a revisit of City Council rules. Since then, I was appointed to the Estacada Area Arts Commission, where I hold the role of Treasurer. We have held many free community events that bring our town together. The arts hold a special place in my heart because I truly appreciate how everyone brings their own perspective and interpretation to it. Despite our differences, we can come together for a common purpose.

If elected as one of your City Councilors, my focus will be the management of city resources during this period of exponential growth in our town. I would like to see a renewed focus on our schools' infrastructure and a reevaluation of plans for community and neighborhood parks so that they work for all residents. In addition, I believe that the coordination of new housing and its associated road construction should work in tandem to ease traffic congestion.

I am running for Mayor to address the two key issues of local governance: **livability** and **economic prosperity**. I want all people to have good access to opportunities they can use in the pursuit of improvements to their quality of life.

I bring experience in local planning and budgeting, a professional background in business and education, and a deep affection for the city I call my home. I'm ready to start working on things of real value to the people of Gladstone.

We start by expanding **housing options** so people with different budgets and professions can live near jobs and schools in healthy, vibrant neighborhoods.

We broaden access to our **social infrastructure** - libraries, parks, child care, community centers - and work collaboratively with our schools to prepare our young people for the careers of the future.

We continue to repair, rebuild, and maintain the **physical infrastructure** systems essential for health, safety, and emergency response.

We engage in **responsible stewardship** of the rivers, wetlands, trees, and green spaces that nurture and sustain us.

And we utilize **sound fiscal management**, linking strategy, budget and data to get measurably better outcomes for residents.

This election presents an opportunity to reshape our local politics into a more cooperative, productive, and satisfying enterprise. We must hold all our elected officials and city staff to a standard of ethical integrity and mutual respect.

Please help me fulfill the vision of a Gladstone that offers the promise of equity, opportunity, and hope for all.

City of Gladstone Mayor

Tammy Stempel

Occupation: Mayor- City of Gladstone; Principal- Black Mountain Consulting LLC: Environmental Consulting, Engineering, Sustainability

Occupational Background: N/A

Educational Background: N/A

Prior Governmental Experience: Gladstone: Mayor; Planning Commission Member and Chair; Budget Committee; Traffic Safety Committee; Portland

Ave. Redevelopment Group; Library Advisory Group; Police Station/City Hall Advisory Group; Historical Society. Regional: Clackamas County: Coordinating Committee; Economic Development Commission; Development Liaison Committee; Transportation Advisory Committee.

I have been honored to serve Gladstone as your elected mayor. I am asking for your vote now, allowing us to finish the projects we've started, and celebrate our wonderful and unique community. I have lived in Gladstone for over thirty years, raised my children here, and love this city!

I believe:

- Being an elected official is more than just attending council meetings. It means connecting with our citizens, listening more, and volunteering in ways that support and engage our community. I have and will continue to do all of those things for you.
- In building bridges, not walls. We are not isolated and need to work with our regional partners, not against them.
- In community engagement, not closed doors. We all live here and are affected by the decisions being made. Whether you are 4 or 94, we all need to be a part of the process.
- In creating a vibrant Portland Avenue that supports our local businesses, connects us to the existing trail system and adjacent communities.
- In a transportation system that does not include tolling, encourages walkability, bicycling and safe routes to school
- In thoughtful development that supports our community vision. We need to create what works for us, not react to forced regional policy.

What's left to be done?

- Find creative ways to repair and upgrade our infrastructure.
- No Tolling on I-205
- Our Public Works campus
- Our library
- Our Trolley Bridge
- Our Portland Avenue Vision

I'm ready to roll up my sleeves and get these projects done!

It's Time for a Change in Gladstone

The temperature of our City Council Meetings needs to decrease in order for the council to concentrate on bringing the community together to provide the best, cost-effective services for the People of Gladstone.

Police, Fire, Library, Senior Center, parks, water, sewer and streets are the core services that the council should concentrate on.

City Council meetings need to return to a professional format so that the People's business can be done in a thoughtful and polite manner.

Near term goals

Protect our Police Department from being outsourced. Listen to and work with residents on shared goals for providing our core services without raising taxes and fees.

Stop increasing utility fees. They've increased too much and too fast which hurts everyone, especially our seniors and people with moderate incomes.

With inflation rising, we need to implement a hiring freeze and review the number of city employees.

Enact term limits for elected officials. Continue our tradition of volunteerism by having our council members remain as unpaid.

Transparency

As your Mayor, I will make my non-confidential city email available to any Gladstone resident who requests it. This will provide unprecedented transparency into the operations of the city and allow residents to watch their government carefully.

Gladstone is my home

I'm proud to say that I've lived in Gladstone for 32 years. My home and priorities are here just like yours. As your Mayor, I will work for you for a better Gladstone that we can all be proud of.

Please vote for Steve Johnson for Mayor.

Mindy Garlington

Occupation: N/A

Occupational Background: N/A Educational Background: N/A

Prior Governmental Experience: Gladstone City Council President, Parks Board, Budget Committee, Audit Committee, City Charter Committee

Voters of Gladstone, I was elected to the Gladstone City Council, seat #6. I am truly grateful to serve and feel blessed every day by your trust.

In the last election I stated I would;

Get our City Charter back on the ballot. We did and it passed.

Support park site-plans that are now complete and ready to use. Support the Pickleball Project at Max Patterson Park that is now complete.

Advocate for the new Gladstone Library and we are on our way. COVID has impacted everyone from workforce to supply chain issues and soaring costs. We will get there, we have the right people in place to ensure it gets done and I have full faith that it will.

You may be wondering why I am running for seat #1 in this election. I want to commit four more years of my time and energy to Gladstone. And I have a plan:

Ensure the Library project remains on track for completion.

Create a Gladstone Parks District (which would require a vote of the people). Our Parks are our single largest asset and there is no doubt in my mind that park upgrades would put us on the map as a destination. It's time we share Gladstone and all it has to offer with the greater community.

Work to lower property taxes in Gladstone for our seniors. I support their desire to remain in their owner-occupied homes.

The above ideas reflect my continued commitment to the betterment of Gladstone. I know and care about our city budget, I will continue to ask the questions and invite the conversations about our city business.

I'm asking for your vote for seat #1, giving me the additional time that I need to implement these changes and make Gladstone the best it can be!

For over 16 years my children and I have had the pleasure of calling Gladstone home. We enjoy the strong sense of community, building relationships with neighbors, and experiencing positive growth in our great city.

Gladstone needs strong collaborative leaders who will focus on improving our city over special interests and personal relationships. My priority will be reconnecting our community, promoting participation of all citizens, and ensuring concerns of all residents are addressed. I will work for Gladstone to be a safe and welcoming community for all.

ODOT I205 Tolling

As your city councilor, I will work with you to address what impacts I205 tolling will have on our small town. This includes updating our infrastructure and working with other city departments to address road safety.

Welcoming all Happy Rock Families

With the recent adversity our city has experienced, it's time to be intentional in nurturing an inclusive, diverse, and welcoming community. I will stand with you to ensure Gladstone is a city of opportunity and equality for all citizens and visitors.

Lifting the Voices of our Community

You deserve a voice in upcoming city projects:

- · Improving our parks by addressing accessibility, increasing park amenities so there are areas for all visitors to enjoy activities, and maintaining a clean and safe environment.
- Collaborating with small business owners to support their needs for downtown revitalization. Encourage and promote our businesses to work towards positive reconnections as we resurface from the pandemic.
- The best approach for parking and bike racks to accommodate the exciting changes to downtown Gladstone.

Over the last several years, city council has tried to bring better services to our residents while navigating a pandemic and an increased focus on social issues

Three councilors and the mayor will end their terms this year. This provides an opportunity for Gladstone to elect new leadership that will focus on moving forward with the important work at hand.

I grew up in Gladstone and now I'm raising my family here. As a working parent I bring a perspective common to many residents raising families. Through working to protect our parks with ballot initiatives and my involvement with the Gladstone Public Library Foundation, I have connected with many residents who have shared their priorities for our city's future.

Through genuine cooperation and relevant discourse, I plan to focus on the issues that affect all of us:

- Careful planning to continue repairs and updates to our infrasctucture
- Code enforcement

- Improve equitable and inclusive access to services for all in our community, such as child care for working families, strengthening the bond between our schools and the city, and supporting development of middle housing

- Moving our long-awaited library project forward
- Focus on a realistic and attainable future for our downtown area

This community is important to me, and I would be proud to represent us as a city councilor!

I have enjoyed serving you and the community as a volunteer for over 30 years in several different roles, including City Councilor, and I am asking for your vote to return in that capacity. As I have envisioned our great City becoming even better, while on the Council, I worked with others to complete our new police station and city hall. However, there are other projects that still need to be completed, such as a Portland Avenue that people would like to visit, a new replaced Trolley Bridge, and upgraded parks to name a few. I look forward to involving and working with the community as we move forward to complete these projects.

I do not believe in tolling I-205 and will do everything I can to get it stopped. I'm also still concerned regarding the City's failing infrastructure and the means to pay for its replacement. With my experience, I will be able to hit the ground running, which includes my continued inquiries regarding how the city spends our, the taxpayers, money.

Having raised two children in our community I know how special we are sharing a common boundary with our school district. I will continue to work to keep Gladstone unique and special as I work with you plus our neighbors, which includes Clackamas County, Oregon City, West Linn, Jennings Lodge, Oak Grove, Metro, and others. We need experienced city councilors who can leverage regional relationships to help get things done.

Please vote for me as I look forward to serving you again.

Top Priorities:

- Stop I-205 Tolls
- · Solving the homeless issue and unhealthy living conditions.
- · Allowing residents to vote on new fees/taxes.
- I support everyone's right to protest and peacefully assemble. I do not support criminal acts and believe those who break the law should be prosecuted.
- I believe in hand ups not handouts. Let's invest in our residents in need and not just enable.
- I support all first responders.

Born and raised in Oregon City and raised my six children in Oak Grove before settling in Gladstone. My family has resided in Clackamas County for 120 years, 180 in Oregon. My indigenous ancestors have been in this land much longer. To say I'm a native is an understatement.

Being a small business owner and a commercial fisherman taught me how to keep calm and deal with problems on the move in a high-stakes environment. I offer new out of the box ideas to solve issues without simply spending more.

Government exists to serve the people. Being not affiliated with any political party my allegiance is to you. Previously I have been endorsed by liberals and conservatives both because I understand we all must work together to succeed.

As a problem solver I helped to end the lawsuit between Gladstone and Clackamas County. I worked to bring to fruition a solution to build a library using existing taxes instead of increasing them. I helped change laws that violated our rights and ended extortions fees to appear in court.

I ask for your vote so I can stand up for your rights.

In a rapidly shifting economic situation, it's paramount that the voices of those most affected are not only heard but represented. In the city of Gladstone, 15% (one-seventh) of the population is between the ages of 18 and 29. Currently, there are no members of our seven-member City Council who represent that age group, and the time has come for young voices to be heard. Young people experience economic and social changes differently than other demographics, but we also bring a creative capability to address them. I am running for City Council so I can support both the younger generation and the broader Gladstone community at large with my unique ideas and fresh perspective on the issues that affect everyone.

If elected, I intend to focus on public safety for all residents, renewable energy, and the development of our city's social infrastructure, including parks, and educational settings. Being a recent Gladstone graduate, I will bridge the gaps in our community, taking the city's perspective from 30,000 feet to a street-level view. There are issues in our city needing to be tackled, and mine is a perspective that will allow us to move forward in a constructive manner as a whole.

Now is my turn to give back to the city that has supported me for so many years. I appreciate this opportunity to step up to the plate and ask that you vote Luke Roberts for City Council.

November of 2018, Sworn in January 2019; Happy Valley City Council, 2011 to 2018, 2017 and 2018 Council President; Happy Valley Planning Commission, 6 Years

Experience

The last four years as Mayor of Happy Valley have been some of the most rewarding of my life. Happy Valley is a safe and clean community that we can all be proud to call home.

Some of our accomplishments.

Achieved a favorable settlement in our long standing dispute with North Clackamas Parks and Recreation District enabling Happy Valley to be our own parks provider.

Began construction of the Superblock sidewalk and road improvement project to enhance safety and traffic flow.

Purchased twenty acres on the Clackamas River for a future park and recreation site.

Negotiating future land purchases in Happy Valley for a Community Center and ball fields.

Passed the critically important Public Safety Levy by an 80% approval margin.

Helped our small businesses during the Covid-19 Pandemic.

Planning for a future downtown in east Happy Valley, which will include a walk friendly district with shops, restaurants and family friendly activities.

Continued Support

Continued support for events and people that make Happy Valley a great place to live.

Concerts in the Park.

4th of July celebration.

National Night Out.

Tree lighting ceremony.

Park and Recreation Programs.

Our Veterans.

Volunteers.

Business owners who support our community.

First Responders that really care.

A Public Works Department that keeps our city looking great.

A City Staff that works hard for all of us.

Service to our Community.

It will be my Honor to serve another term as your Mayor.

Don't Portland Our Happy Valley

I will stand between Happy Valley and any destructive Portland policy that tries to make its way into our city. Failed policies and partisan politics have no place in our community. I'll advocate for safe neighborhoods & clean streets and I will never vote to defund law enforcement.

Local Government Should Work For You

Recently, government overreach has affected our everyday lives. There's been a shift in our state, and at the local level, where elected officials believe they know what's best for you and your family. As city councilman, I will help return these decisions back to you - the way it's supposed to be.

A Common Sense Approach

I will objectively approach every situation that comes across my desk. I'll stand for Happy Valley families and the values we hold dear as Americans. I'll stand against the pressure from party politics and outside forces that try to invade our city.

Being A Voice For All

With bipartisan endorsements and support, I will be a councilman who will support values that will benefit the community and not special interest groups. I answer to the citizens of Happy Valley, not extreme partisan groups.

YOUR VOICE IN THE CITY

For eight years I've been honored to serve as your City Councilor. We've accomplished much, and have seen many changes in our community. While the city has grown over the years, we've worked hard to retain our small-town heritage while embracing the conveniences of suburban life.

Watching your city change can feel disconcerting. Being your Councilor often means making difficult choices while weighing the impacts to our city. I believe I've done this well, working to ensure your concerns are heard and addressed.

MY BACKGROUND

Our family moved to Oregon 20 years ago, choosing Happy Valley as our home. I've spent my career in the financial industry, focused on investment analysis, project management, and consensus building. These experiences all provide a solid foundation when serving as your Councilor.

"I RESPECTFULLY ASK FOR YOUR VOTE"

PRIORITIES:

- Maintain a safe, healthy and beautiful city by supporting police and fire departments, while promoting the arts and our parks/green spaces.
- Encourage economic growth by supporting our local businesses and job creation opportunities.

Volunteer Experience – Treasurer – Clackamas Volunteers in Medicine, Vice-Chair – Mary's Woods, Former Chair – NW Pilot Project (housing), Former Chair – Financial Executive International Portland Chapter.

Why I'm Running - I care about protecting Lake Oswego's quality of life. I want to work with each citizen to develop collaborative, financially sound decisions to the challenges the city faces. These challenges include maintaining and enhancing our basic infrastructure, converting the trolley line to a pedestrian/ bike pathway, continuing the work of the Boones Ferry Plan, successfully implementing neighborhood and downtown plans, redevelopment of Foothills, and protecting the Stafford Hamlet.

A Record of Success – While previously serving as a Lake Oswego City Councilor, I established myself as a budget hawk. Under my fiscal leadership, we dramatically reduced our unfunded liability for road maintenance, rebuilt our operations and maintenance center and rebuilt city hall without asking taxpayers for an additional dime.

Independent Thinker and a Team Player – I work carefully to think through problems and follow the facts before making a decision. Once the decision is made, I will work tirelessly for its successful implementation.

Fiscal Responsibility – I understand that during all economic times, government should live within its means just as we all do. I bring a lifetime of business and financial experience with large and small companies as well as not-for-profit organizations.

Financial Leadership – I have the experience and leadership skills needed for Council. I understand we need effective leaders who will seek reasonable, common-sense solutions. Listening and being open to new ideas and different viewpoints and moving forward.

Experience – The last two years the council has lost institutional memory. My experience as a former councilor will bring much needed institutional memory and context to balance with newer councilor's ideas.

I'm asking for your vote.

I'm running to keep Lake Oswego lovely as we head into a challenging future. Please vote for me if you'd like to:

- PROTECT GREEN SPACES AND PARKS
 - · Limit development in natural forests to only what's necessary for forest management, fire protection and basic facilities. Prevent additional parking lot paving and wide paved trail creation.
 - · Continue to develop and make recreational and playground parks more accessible for all.
- BAN THE USE OF GAS YARD AND LANDSCAPE EQUIPMENT
- IMPROVE THE TREE CODE
 - To make it easier and cheaper for residents to replace problematic trees with native trees.
 - · To make it more difficult for lots to be clear-cut for oversized structures and require replacement of any native trees removed.
- INCREASE INVESTMENTS IN SUSTAINABILITY Integrate sustainability into all infrastructure projects to reduce maintenance costs and increase robustness. I.e. include solar canopies and battery backups when making traffic, parking, and walking improvements to keep the city operational during power outages and natural
 - disasters. · Construct all new city facilities to LEED Gold efficiency or
- better and require renewable energy sources. IMPROVE WALKABILITY AND TRAFFIC MANAGEMENT
 - · Address unsafe traffic in residential neighborhoods with proven strategies such as barriers to require stops and reduced speeds, speed signs and removing doublevellow lines, among others,
 - · Increase investment in creating sidewalks to connect residents to schools and local businesses.
 - · Create barriers to protect pedestrians on main thoroughfares.

I live in the Palisades neighborhood with my wife and our two young children. As a manager at Twitch Interactive, I have experience running organizations with large and complex budgets. Being frugal and stretching every dollar for the most value is second nature. As a City Councilor, I will integrate sustainability as a core competency of the city to ensure Lake Oswego stays a well-run, beautiful and fun place to live.

Committee, Prior Alternate, Old Town Neighborhood Association, Current Board Director, Partnered with Oregon Governor's office to bring biotech industry to Oregon.

As your City Councilor, I will give voice to your priorities by employing decision-making processes that are transparent, utilize data, and foremost, are collaborative. My focus will be on all of our residents, our environment, our safety, and the needs of small business owners who are the lifeblood of our local economy. I believe planning is an essential strength of a well-run city and that consistent eye toward our future will help us through any of the challenges ahead.

Lake Oswego has been my home since 1990, and I'm fortunate to have resided in several neighborhoods, allowing me to interact with so many other residents who, like me, support our extraordinary school district and take pride in our parks, our excellent police and fire departments, and our growing array of local businesses. Together we can make LO an even more livable city for residents of all ages, income levels and backgrounds.

An effective City Councilor will foster engagement in local government by residents and business owners alike to maintain a healthy balance. Topics such as safety, homelessness, housing inclusiveness and density, our environment, sustainability, and the local economy are all factors in that balance. My 35 years of professional leadership managing people, budgets, and deadlines has equipped me to bring people together to build stronger relationships, accelerate past stagnation, and plan for the future. Allow me to put this to work for Lake Oswego with your vote on November 8th.

City of Milwaukie Mayor

Occupation: Retired. Founding Board Member, Milwaukie Parks Foundation. Board Member, North Clackamas Watersheds Council

Occupational Background: Attorney, U.S. Department of Homeland Security. Former Board Member, Celebrate Milwaukie, Inc. (operator of Milwaukie Farmers Market)

Educational Background: University of Michigan Law School, J D

Prior Governmental Experience: Milwaukie City Councilor, 2015-present. Milwaukie Planning Commissioner, 2005-2014

I am hoping for your vote, so that I can continue my service to Milwaukie after eight years as a Councilor. My key strength is my ability to listen and work across differences - building bridges to build community.

It is crucial that we continue the work we've started over the past several years on addressing climate change, equity and social justice, and creating more affordable housing options. We must also continue to provide more safe pedestrian and bike access, and repave our streets; this year we provided safer access to students at Linwood Elementary and to the residents who shop at the King Road Safeway. Such projects -- and there are many more in the pipeline -- are important to improving healthy livability in Milwaukie.

Today we find our City on the cusp of being able to move forward on two long-sought projects: removal of the Kellogg dam, and completion of Milwaukie Bay Park. We also need to better connect with our business community and attract new living wage jobs to Milwaukie's commercial and industrial areas.

There will be a LOT of opportunities and challenges in 2023 and beyond. After 20 years of engagement in Milwaukie issues, I am uniquely positioned to build bridges between Milwaukie's longtime and newer residents to take on these challenges ahead. Please vote for me to keep the Milwaukie Momentum going!

Effective, Forward-Thinking Leadership

Housing affordability, transportation, and climate change are all big problems affecting Milwaukie's families daily. We need regional solutions, which is why I've focused on building strong relationships for the city. I'm successfully fighting for Milwaukie's fair share of affordable housing dollars; to expand transit options and make walking, biking, and rolling safer; and to bring 100% clean, affordable energy to every resident. Collaboration and progressive leadership are required to keep moving forward on these issues, which is why I hope you'll support me as Milwaukie's next Mayor.

Milwaukie for Everyone

My first marriage was to a woman and recognized by my church, but not the State of Oregon. My commitment to creating a **safe community where everyone belongs** is rooted in understanding what it's like to be treated as a second-class citizen. Our health, economy and children all benefit from a community where everyone has a say in decisions-regardless of what we look like, who we love, how old we are, what we believe, or how much we make.

HERE TO SERVE MILWAUKIE

As Councilor, I've made serving our community a priority and have made important decisions on issues like affordable housing and climate change. I will continue that work while bringing real solutions to these issues and also economic development of our downtown and industrial areas. None of what we do can be accomplished without Equity, Justice, and Inclusion. It takes proven leadership and the lived experiences that myself along with many Milwaukians have faced to get the job done. We have an opportunity to bring affordability to Milwaukie by being bold and finding innovative solutions to reduce the cost of living for working families. The solutions are in this incredible community and I'm here to listen.

"I RESPECTFULLY ASK FOR YOUR VOTE"

PRIORITIES

- Build a safe, healthy, beautiful city where everyone is welcome and respected no matter what race, gender, sexual orientation, age, religion, differing ability and culture they celebrate.
- To bring real affordable housing options to Milwaukie through 3D printed housing and provide incentives for increased mixed-income as well as middle housing options.
- Bring green production to our industrial park that will provide good paying jobs and manufacture local products to further reduce our carbon footprint from what we buy outside our city.
- Encourage economic growth by strongly supporting our local businesses and job creation opportunities.
- Reduce the cost of living in our city by finding innovative ways to cut utility costs and generate revenue to invest in our city and our residents.

My focus will be to:

- Maintain a solid and fair police department, working with Clackamas County Government and Clackamas District Attorney, helping to minimize crime.
- Work with Clackamas County Government to place those ending up living on our shared public places (streets and parks) into safe shelter.
- Speed the repair of our neighborhood streets while adding walking and bicycle lanes and street trees.
- Complete the building of our city parks (for example, Balfour, Bowman-Brae, Scott, Milwaukie Bay, and other Milwaukie parks).
- Make crossing Highway 224 and McLoughlin safer for pedestrians.
- Build on the community success of Milwaukie's Farmers Market by ensuring it continues to have ample space and easy access, by providing it adequate infrastructure, and by connecting it to Milwaukie Bay Park.
- Work to require voter approval of any City Council proposals which would substantively impact Milwaukie's cost-of-living. For instance, no new water bill fees unless they have voter approval.

Prior Governmental Experience: Milwaukie Planning Commissioner and commission chair in 2020. Career Naval Officer including command of two ships and division chief at the Joint Chiefs of Staff.

A listener and advocate for a variety of voices.

First and foremost, I will listen because I never learn anything by talking. During my tenure on the Planning Commission, I considered the views of many before arriving at a position on any issue. This approach was very important to me as commission chair when the comprehensive plan was updated.

Focus Areas:

Participation - engagement, transparency, and equity.

Infrastructure – transportation choices, internet options, utility maintenance, and great parks and public spaces.

Sustainability – affordable housing, economic viability, public safety, employee retention, and climate action.

Housing is a big issue. Milwaukie needs more, and I have supported efforts to increase our inventory. However, the details of that effort are important. For instance, I supported a measured approach requiring off street parking for new housing rather than eliminating it altogether.

Much of my life has been spent in public service including 26 years as a Naval Officer. My greatest honor was to serve as captain of 2 ships including USS Boxer with a compliment of 2,800 of Sailors and Marines and over 30 aircraft. Sound decision making is required for this kind of responsibility.

I hope to continue my public service to Milwaukie on a wider range of issues. I hope to earn your vote and above all your trust. More information available at:

I am a working mother, a community leader, and an advocate for social justice. I am running to be your next Milwaukie City Councilor.

Residents should feel included in decision-making so we can respond to the present moment, and prepare for a more sustainable and equitable future. I want to engage with neighbors and strengthen the sense of pride and belonging in the community we've chosen to live, work and play.

Housing Stability

Milwaukie is growing but we aren't at the mercy of that growth. We need to prepare for new residents while caring for those already here, including our houseless neighbors. I will prioritize new, affordable housing and strive to keep our existing housing accessible and environmentally sustainable.

Climate Action

I'm proud to live in a community that takes climate justice seriously. Milwaukie's climate emergency declaration set the framework which will guide our growth. I've dedicated my life to community building that improves the future we create for our children. I will continue to lead with those values.

Safe, Accessible Transportation

A healthy, equitable transportation system doesn't just focus on drivers, but creates a safe, thriving, and connected community for all. Everyone's experiences, especially youth, shape the future of our transportation needs.

I've lived in Molalla for 52 years. Four generations of my family now are currently residing here. To say I love this community is an understatement. This community is giving and supportive. Look no further than the efforts during the fire and then the ice storm. That's the community spirit I want to continue fostering regardless of how much we grow. It's not about the size of the town it's about the heart of the town. It would be my honor to continue to help bringing more opportunities for families to thrive and grow in our community.

The following is list of volunteer activities that I have had the pleasure of participating in over the years.

As a 4th generation member of our community, the livability and vitality of our city is important to me. I have contributed my time to my community for many years as a volunteer with the Molalla Buckeroo Association. As our city rapidly grows, I wish to contribute more to my community as a city councilor, to help facilitate growth in a manner that maintains our hometown feel and the livability we expect.

SERVICE

As a director on the Molalla Buckeroo Association board of directors for the past 15 years. I have demonstrated my commitment to our community through volunteer service. I have worked with our board to make financial and policy decisions that ensure the best long-term success of our organization. I have worked through difficult times in which we had to make very hard decisions.

VALUES

As a city councilor you can count on me to work through hard decisions with diligence and a commitment to the vitality and best interests of our citizens. Hard work, honesty, respect, and diligence are values that I hold very important and values that I will bring to my service to the citizens of our city. These values were instilled to me and my siblings by my father who served in our community as a director for the Molalla Buckeroo Association, as a reserve police officer for the Molalla Police department, and as an active member of our VFW Post 3973.

COMMITMENT

I believe that city government exists to serve its citizens and that a city's elected officials hold a strong obligation to represent its citizen's best interests. I commit to carefully understanding decisions that come before council, evaluating all sides of the decision, and to consider the impacts of those decisions.

COMMUNITY • ACCOUNTABILITY • FAIRNESS

Community is Key: As your elected Mayor and a longtime OC resident, I've worked to bring people together and create a strong sense of community.

- Working with neighbors to improve livability;
- <u>Rebuilding partnerships</u> at the state, county, and city levels;
- · Equipping our police with the resources they need to keep our community safe;
- Protecting funding for critical infrastructure needs, including roads and parks;
- Expanding affordable housing options that meet Oregon City's needs.

Accountability through Leadership: Oregon City is a community to be proud of, and I'm focused on making it even better.

- · Secured funds and other economic support for new and start-up businesses;
- · Helped create a vision for redevelopment of city properties to create jobs:
- Supported grants for redevelopment of the landfill.

Fairness is Non-negotiable: Every member of our community deserves a voice. I listen to all points of view, but I represent Oregon City residents, not outside interests. That's why I'm fighting ODOT's unfair I-205 tolling proposal; why should Oregon City be singled out for Oregon's first tolling experiment?

As Mayor, I bring collaboration, leadership stability, and experience to city government.

I'd be honored to continue serving the community I love so much.

A "Different Perspective" for City Commission!

I came to my first city meeting 19 years ago an angry citizen. I learned quickly I wasn't going to accomplish much until I got involved.

Over the last 18 years, I've been Chair of the Citizen's Involvement Council of Neighborhood Associations for 3 years, followed by Planning Commissioner for 8 years.

I've remained active with both city and planning commissions by contributing and commenting. Voters may recognize my name as an active contributor to Oregon City News.

I want to contribute to a commission that's accomplished much, but still has much more to do. I hope to improve on what this Commission has accomplished by bringing a "Different Perspective."

Issues brought to the City Commission are neither "liberal" nor "conservative" but rather civic in nature, impacting local land use, livability issues, and future goals of our city itself.

Like most of my neighbors, I'm against tolling of I-205, and have even canvassed with petitions to bring the issue to a vote.

As a Planning Commissioner, and resident of the Park Place Neighborhood, I'm very concerned with traffic issues. I've testified that our neighborhoods cannot handle increased traffic that development brings without new or improved roads.

I am not against development, and as Commissioner have voted for various developments, but all new development needs to be preceded by improved infrastructure.

I have sought out neither endorsements nor campaign donations, as I believe volunteering and contributing to our community is a greater calling. I have worked beside current representatives and fellow candidates. I'll continue to work alongside them, and would not put them in the position of publicly choosing one candidate over another.

My fellow neighbors, I would appreciate your consideration and vote. Thank you.

Fighting unfair tolls • Keeping OC safe • Addressing the housing crisis

As a lifelong OC resident, I've seen our community grow and change over the years, for better and for worse. I'm running to continue serving on the City Commission because we need trusted and proven leadership to see us through the many challenges facing our community. As your City Commissioner, I've been:

- Going head-to-head <u>against ODOT and their tolling scheme</u>, which would destroy the vitality of our downtown and divert traffic to our side streets;
- Advocating for public safety and a <u>fully funded police</u> <u>department;</u>
- Working with regional and nonprofit partners to <u>combat the</u> <u>homeless crisis</u> and adopt our city's <u>first comprehensive</u> <u>homeless strategy;</u>
- Supporting the <u>expansion of affordable housing options</u> without compromising the historic character of our community.

When I led the 2020 mayoral recall campaign, I brought people together on behalf of the community I've called home for my entire life. I'm committed to continuing the work of making our local government more transparent and responsive, so that Oregon City is the best place to live, work, and raise a family.

- Prioritizing investments in our parks, roads, and sidewalks;
- Supporting <u>small business loans</u> to help grow our local economy;
- Writing the policy <u>establishing a Youth Advisory</u> <u>Commission</u> to engage students in local government.

We need a better balance on the Oregon City Commission to include leaders from the private sector. I am a 4th generation Oregonian who cares deeply about our local community. I have spent the past 14 years of my life as a marketing leader in large and small companies, as well as raising two young daughters with my wife. I will use my experience to drive a new perspective and approach to the Commission and be available to all residents and businesses to ensure your voices are included in the growth of our wonderful city.

I will fight for and lead on:

- Police support and public safety, including clean parks and public spaces (no illegal camping)
- Smarter housing solutions and business partnership
- More efficient government
- A full return to normalcy for children
- No tolls. Period

We must learn lessons from large cities around us and not allow Oregon City to become a place where crime is accepted, where illegal camping, trash and graffiti ruin our beautiful parks and historic landmarks, or where housing is unaffordable.

As a parent of young children, I know children were forced to sacrifice too much with closed schools, canceled sports and city activities essential to their development. We need a complete return to normalcy for kids.

We have a rich history we can build on together. We must help residents of all backgrounds thrive and have an opportunity to reach their potential. However, government should not be choosing winners and losers based upon preferred treatment. I will partner well with others on the Commission as an outsider working on your behalf. I humbly ask for your support.

I have always had the best interest of our city in mind and have worked hard to make Oregon City a better place to live and work. I have built strong relationships with students, families and residents, listening to their input and concerns. I am a strong advocate for public safety, citizen involvement, transparency, local business and historic preservation. My commitment to this community and my knowledge of its history motivates me to work for our city's greater good as our city continues to grow.

Commissioners need to listen to the citizens in regards to future development, especially if Urban Renewal funds are used. Development is inevitable, but it should compliment Oregon City's unique character without overburdening city services. Infill development projects should be consistent with their surroundings rather than overshadow them. Any development at the landfill site needs to be thoughtfully integrated and should include the crucial infrastructure needed to support tourism. Shuttles should connect visitors around the city, keeping tourism traffic out of our neighborhoods.

I will continue the fight to protect Oregon City's home rule authority from attacks at the state level. I voiced my opposition when the state took away our right to vote on annexations, and now I take a stand against ODOT's I-205 tolling plan.

I will continue to make the hard decisions needed to make Oregon City the place we all know it can be. There is still work to do, and I am ready!

POWER TO THE PEOPLE!

As Chair of Elyville Neighborhood Association, I know our neighborhood associations exist to **empower residents to speak up**, so let's listen to your ideas about city developments, affordable housing, public spaces, urban renewal, and all matters for a better city. Let's talk about a full-time neighborhood staff person to revitalize dormant associations and **connect people to their government**. No toll without a vote!

SAFE, CLEAN COMMUNITIES & PARKS

As a mom of three raising a family in a historical 'working-class district' of Oregon City, I will bring a practical, balanced perspective to the Commission. Our city deserves to prioritize keeping our parks and other public spaces clean, safe, free, and accessible. I will advocate for our city's best interests while partnering with the county/state government and other agencies to implement sustainable, cost-effective, humanitarian solutions to homelessness. Establish a practicable holistic approach to our city's trees, natural areas, and management with a focus on "planting for our future to address climate concerns".

ACCOUNTABILITY & TRANSPARENCY

As a bookkeeper, I know we can better utilize our property tax dollars. I will seek ways to reduce city expenditures, and strive for increased transparency in city government, including regular financial reports and annual budgets. I will seek strategies to improve customer service from the city administration. Particularly, I will address the seeming dysfunction between the city's Administration and citizens, volunteers, and development service partners.

To my fellow Oregon City residents,

It would be a privilege to represent our community by serving, with common sense leadership, as a City Commissioner for Oregon City.

My focus will be: maintaining livability, supporting police, supporting small businesses, preserving our history, while looking to the future, so the next generation can live a good life and enjoy Oregon City.

Most of my life has been lived in Oregon City. I was born in OC, graduated in OC, married in OC, raised my children in OC, shop and attend church in OC. As a family, we have enjoyed the restaurants, shops, museums, library, parks, hiking trails and visited just about every neighborhood looking for yard sales. It is my goal for Oregon City to continue being a great place to raise a family, and live a fulfilled life.

Standing strong for God & country, faith & family and Oregon City, with a common-sense approach to leadership.

Let's Restore Portland Together

We have a stark choice this election – more of the same, or a change for the better. I am running because we have a humanitarian crisis on our streets and crime that's out of control. Portland's livability has declined markedly during my opponent's term. We deserve better.

I'm a 5th generation Portlander and dad of three who will bring people together after the divisiveness that's plagued our city in recent years. My father started life as a migrant worker and through hard work and education became a federal prosecutor and trial judge. That's the same kind of work ethic, determination, and backbone I will bring to the city council.

Unfortunately, my opponent **chooses to frame local issues** that should bring people together **in polarizing national terms** that drive them apart. I will work to stand up for ALL of Portland – no excuses, no scapegoats – from those who are suffering in unhoused encampments to our neighborhoods that are under siege but lack a voice at City Hall.

<u>Homelessness</u>

We have a crisis of addiction and mental illness on our streets, not just a lack of affordable housing. Taking a hands-off approach to homelessness isn't compassionate or progressive, it is dangerous and inhumane. Just look outside. We need more shelter and social services immediately.

<u>Crime</u>

Many of our neighborhoods have become too dangerous for our kids or seniors. **I'll lead a data-driven approach** to develop, attract, and retain more public safety resources, making our streets clean and safe again.

"We elected Jo Ann to tackle tough challenges, which is exactly what she has done. We need her effective leadership for a safe and vibrant city." - Representative Khanh Pham

Despite a global pandemic, we have **worked together** to achieve significant systems change.

• Tackling the crisis on our streets by investing in immediate shelter and services, securing long-term permanently affordable housing, and strengthening Portland Street Response, our newly trained mental health first responders.

• **Expanding community safety** by organizing neighborhood violence prevention programs, hiring mental health first responders, daylighting dangerous street corners, and freeing up police officers for more emergency calls and patrol.

• Ensuring police accountability and transparency, a strong Civilian Training Dean, meaningful community oversight, and data-driven decision-making.

As Portlanders, we need big changes in how our city works, and I am right there with you. You can count on me to lead the charge for change and work WITH YOU and FOR YOU.

* 8yr Soccer Coach w/ LOSC

* 9yr City Council / President for Rivergrove

* Lifelong LO resident - 42 in Rivergrove

* Married 44 years to Michelle w/ daughter, Amanda (Lakeridge 2002)

Rivergrove is my focus. It is where I have chosen to live as well as raise my family and volunteer. Whether its community projects, individual activities or emergency situations, life here has been continually rewarding. At the top are long-term relationships with many friends that have been developed. It is with a desire to maintain an openness and overall Community interest that I am running for the city council again.

Our physical resources i.e. Childs Road Pathway, Two Parks and a Boat Ramp belong to the entire community. These are a strong focus of mine and I will maintain this commitment going forward.

Like-mindedness together, Brenda Ruble, Jeff Williams and I ask for your vote in November.

Doug McLean

Mike Gray

I have known Doug McLean since we moved to Rivergrove in 1987. Over the decades he has served in city elected positions on a number of occassions. I've always appreciated his approach when dealing with city matters. I wholeheartedly endorse him.

"Doug McLean is a good neighbor and a friendly leader in our community. He approaches city affairs with common sense and a good nature. He'll work to improve our river access, parks, government and community. Please join us in voting for Doug."

I've lived in Rivergrove for 6 years and previously served as city councilor. I love our little community with its river access, small government and can-do spirit. If elected, I'll work to preserve your public rights and strengthen our community.

My priorities:

Boat Ramp - All individuals using the boat ramp should have unimpeded access free of interference by private parties. As public servants, it's our job to maintain that access and preserve it for future generations. Policies should allow everyone to participate in this invaluable natural resource.

Parks - Our beautiful parks are one of our main points of connection. We are fortunate that our city has so many willing volunteers to help maintain our green spaces on a limited budget. Let's bring our park maintenance and development into the 21st century by coordinating our efforts.

Community - It's been a tough few years. Now is the time to reconnect. Let's bring back our annual gatherings and opportunities to meet and rekindle community. Want to start a community garden with me? I'd love to hear your ideas as to how we can come together as neighbors.

Emergency Preparedness - A tight community is a community that knows how to withstand an emergency. We are stronger together. I will work to implement an updated, functional emergency plan and create a structure for citizens to get involved

Meetings - We need to return to in-person meetings with the added bonus of on line access for those who can't physically attend. With the current meeting format, it's too easy to silence voices and ideas with a push of the Zoom mute button. Your input matters

Let's work together to make our city better. Vote Brenda, Doug and Jeff

City Councilor, Planning Commissioner

As Mayor of Rivergrove, it has been an honor to champion the needs of our citizens, whether meeting with residents for collective problem solving, providing status, process, and progress of neighboring cities', counties' and state activities, as well as overseeing the care and/or overall operation of the city's boat ramp access. All of which I have willingly supported.

If re-elected, I would be honored to continue to represent Rivergrove by ensuring our collective voice is heard and supported throughout the following Metro Area organizations: League of Oregon Cities, Oregon Mayors' Association, Metropolitan Mayors' Consortium, Clackamas County, Washington County, Metro, and all neighboring city governments.

As my personal city goal, I intend to continue to work with our City Council to complete our commitments to improve the common and recreational areas of our great community-our wellloved boat ramp and city parks.

I approve of a primary plan to champion park improvements by voting to incorporate the gift to our city received from River Grove Elementary school of play structures and picnic tables for one or both of our city parks. This gift was accepted with support of Council with the understanding of a limited timeline of its acceptance.

After which, a group of citizens was organized to remove the two play structures at no cost to the city and to store them in a secure facility, again at no cost. I am thankful to those citizens that our gift is not lost and is waiting for our community to weigh in on how it will benefit our city. River Grove Elementary's play structure has provided a safe and productive place for our youth to play.

Prior Governmental Experience: City of Rivergrove Planning Commission, City of Rivergrove City Council

I have previously served on both the Planning Commission and City Council, and am seeking to return to a position of servitude within our wonderful City.

What to expect if you vote for me:

Boat Ramp - Open access to the boat ramp is very much on the ballot. I want to expand accessibility and usability of the ramp, as well as working to improve it. I believe EVERYONE should be able to enjoy the river, not just those that live on it.

Simplicity - We need to simplify and streamline how our City works. Council meetings do not need to last 3 hours; we are just not that complicated. The drawn-out nature of our meetings is a deterrent to citizen involvement, and that must end.

Transparency - When the City is reviewing opportunities, we'll do it openly, with complete information. As projects come up, there will be no more guessing if we have complete bids, what it would cost, could we afford it, who would do it. You will know what we know, and you will know what we do not know.

Resident participation - If the City continues having meetings on Zoom, never again will you have your cameras or chat functions disabled. This is a City OF the people, FOR the people, and you will always have a voice. I will also work to return to inperson meetings so we can work face to face with our neighbors.

Clarity - The days of our City enforcing codes based on one person's interpretation of the code will end. No one person should be the gatekeeper for your applications based on their interpretation of our codes.

I am asking for your vote this November, and for you to also support **Doug McLean** and **Brenda Ruble**. Thank you, and I look forward to serving our community.

I am running again for city council because I am concerned with the direction of the city. I spent 20 years helping to build parks, and livability in the city. Several years ago, I was part of the volunteer crew that assembled the play structure in Lloyd Minor Park. And with the purchase of Heritage Park, I helped secure an Oregon Lottery Grant to cover the purchase funding.

With the demolition of the play structure at Rivergrove Elementary we have a perfect opportunity to obtain a \$200,000 play structure, free, to be placed in Heritage Park. Do you want opportunities for children in Rivergrove?

Our parks, and very popular boat ramp, have suffered recently from neglect. If re-elected, I will treat them with the care they deserve.

As chairperson of the Budget Committee, I recognize that money is available for a variety of purposes. Visionaries like Walt, Susie and I are ready to offer improvements for the city with these funds. We need to use these funds, or they must be given back. We need people who are proactive decision makers for the city council to move forward and grow the livability in our small community.

As a 25- year resident of Rivergrove, I have experienced this small community double in size and struggle with the impacts of growth with limited services. I want to help the city find ways to provide better services for all residents through grants, intergovernmental cooperation, and citizen support. I have the experience and qualifications to meet this challenge.

I have served on Rivergrove City Council since 2020; during that time, I have

- · Voted in favor of the Lake Oswego School system gift of the Rivergrove Elementary play structure and tables to the City of Rivergrove for our park secured by our Mayor and residents
- Secured the largest competitive grant of \$100,000 ever received by the city for street repaving scheduled for spring 2023 and coordinated project management with Clackamas County

Keeping Sandy Wonderful

As one of the fastest growing cities in Oregon, growth and change are inevitable. As Mayor, I took on growth challenges by launching a community engagement effort, Sandy Vision 2050, which gives every neighbor an opportunity to share their opinions on preserving things we love about Sandy.

Back The Blue

When I became Mayor, our police department was nearly a million dollars in debt. I expanded our police force while neighboring cities defunded them. We've fully funded and staffed our police department, and grown our school resource officer program.

Improving Transportation

As Mayor, I persuaded ODOT to study an alternative route to relieve congestion without affecting main street businesses. I led our city to build new roads, complete our transportation and transit master plans, and worked to bring in millions of state and federal dollars to help pay for projects. I'll continue to make transportation infrastructure a top priority so residents spend less time in traffic, and more time with their families.

Supporting Local Business

Sandy's local businesses are the heartbeat of our city. As Mayor, I created an Economic Development Committee with business leaders. We slashed red tape by removing System Development Charges for outdoor seating at restaurants and burdensome parking requirements. We increased funding for the tenant improvement program. During the pandemic, I stood up for our businesses and implemented a COVID-19 relief fund to provide aid to local small businesses.

Fiscal Conservative

I have continually stood against efforts to drain the urban renewal budget and increase taxes without a vote of the people. I will prioritize spending on the things we value most.

Educational Background: Colorado State University, Forest Management, BS

Sandy City Council: 2021-present; Sandy Parks and Trails Board: 1996-2020; Sandy Budget

Committee: 2019-present; Mt. Hood Chamber of Commerce: 2002-2018

If elected as Sandy Mayor, I will work to:

- · Slow the pace of Sandy's development;
- Focus City services to City residents;
- Find additional funding sources for police;
- Improve parks, trails, and community services.

Development: Sandy residents want to slow our growth. My opponent voted to delete two key policies: "Development should pay for itself," and "The City should be neutral on growth." Sandy taxpayers pay millions for developer's road construction. Council eliminated parking requirements for businesses and apartments downtown. Growth is inevitable. We must ensure development is paying for itself and is "resident friendly".

City services to County residents: Sandy provides bus service to Mt. Hood, Gresham and Estacada and manages the Hoodland Library. SandyNet expanded awesome internet outside city limits. Two Police Officers work for the school district, including Welches, at reduced costs. The city needs to be adequately reimbursed, and not subsidizing, the actual costs of services provided to Clackamas County residents outside City limits.

Police Funding Sources: Over 80% of our general funds go toward police, yet we have stolen cars and property weekly. We need to consider traffic cameras and other outside funding sources to increase safety patrols.

Community Services: My opponent closed our pool in 2019 and there's been little progress at alternatives. Our Community Center was built in 1990. Sandy needs parks, trails, services and facilities that give our kids, teens, and seniors a place to take a rec class and offer afterschool and senior programs. As the volunteer project manager for Tickle Creek Trail construction, and other Sandy partnership projects, I intend to continue to help build a bright future for Sandy!

City government should be about getting things done and following through with commitments. I want to serve on City Council because it plays an integral role in developing our vision of the city's future, including responding to our residents, establishing city laws and policies, and making related land-use and economic decisions. Several of my top priorities are:

Promote Sustainable Growth

• Population growth in Sandy has outpaced existing infrastructure. I will use my position to advocate for smarter development that increases affordable housing and decreases traffic congestion. I support the Sandy bypass.

Expand Local Services

• Sandy is growing. We need to attract businesses that can support that new growth. Having services will improve livability and make Sandy a destination hub of economic vitality. I support the Sandy Community Campus/aquatic center.

Parks and Green Spaces

· As an advocate for Sandy's parks and natural areas, I will continue to work to ensure that Sandy is protecting its streams, trees, and vital habitats. Providing a wide range of recreational opportunities and access to green spaces is essential for the health and well-being of our citizens. I support seeking state and federal funds for necessary infrastructure upgrades to protect Tickle Creek.

Protect and Provide

• I will continue to build upon the City's current strategies and work with our Homelessness Task Force on developing proactive and collaborative strategies for dealing with the important issue of homelessness. Citizens and businesses should feel safe and secure in our city. I support increased public protection and public works.

I am running for re-election to give my time for another term in Sandy. We need to be smart about our steps into the future, which means smart solutions to current and future issues.

Your city Council and Staff has worked hard to create these smart steps. Some voices would tell us that we are on the wrong course, and they would also have us travel down radical paths that are untested and unwarranted. We need to stay the course, and build on what we have done so far.

My desire is to love God with all my heart and to love my neighbors and help Sandy to be the best it can. With this in mind, for the next four years, I will work toward the following goals:

- Balance critical work with affordable expenditures and wise decisions.
- All lives are important and need their voices to be heard
- Complete our planning and begin implementation of these imaginative plans
- Smart growth is crucial to Sandy's future. This includes housing, utilities and amenities, not ill-advised changes that draw us away from our goals
- You will find me honest, direct and I will not dodge the hard questions.
- I will find ways to meet with the citizens of Sandy to hear all opinions
- Reduce drug abuse in our city
- Work with our police to reduce crime and traffic problems
- We are a community of laws, I will always operate within those guardrails
- Connect more with our legislatures and increase our visibility there
- Support a more effective sewer, drinking and storm water plan
- Find a ways to implement bio-diversity into city

I ask and let's partner together to keep Sandy a great.

City of Tualatin Mayor

Frank Bubenik

Occupation: I.T. Consultant, Small Business Owner

Occupational Background: US Army Officer, Programmer/Analyst

Educational Background: Rochester Institute of Technology, Criminal Justice, B.S.; SUNY Albany, MBA

Prior Governmental Experience: Mayor of Tualatin 2019 to Present; Tualatin City Council, 2011 to 2018; Board member of Neighbors

Nourishing Communities and Tualatin Historical Society; Vice-Chair of the Washington County Coordinating Committee, Chair of the Small Cities Consortium of Greater Portland Inc, and a member of the Tualatin Aging Task Force

The last four years have been challenging with COVID-19, wildfires, ice storms, and social unrest, but I remain committed to Tualatin residents and businesses in continuing the progress the city has made. I want the city to be socially cohesive and inclusive and want to make sure that no section of the community is left behind as it grows. I will continue to work for what matters most to the people who live, work, and play here. Above all, I will put our community values first, working together with residents, businesses, and local/regional/state governments for the future of Tualatin.

I am proud of the following accomplishments:

• Tualatin Moving Forward – 22 projects completed, 12 underway, and 6 to complete in the future.

• 102 businesses received CARES fund grants to help them make it through the pandemic.

• A commercial and residential eviction moratorium during the COVID pandemic and the implementation of an emergency rent and energy assistance program.

• The planning of the Veterans Plaza and the Stoneridge Park redesign.

• The opening of the Jurgens Park dog off leash area.

• The community conversations on police use of force sessions and creation of the Mental Health Response Team.

• Advocating on behalf of Tualatin residents on ODOT's tolling plans, TriMet's SW Corridor plan, and other regional transportation projects.

- The initiation of a Climate Action Plan.
- Working with Community Partners for Affordable Housing to develop Plambeck Gardens in the Basalt Creek area.
- Developing strategies to meet future housing needs.
- Convening of the Equity Committee Planning Group.

Thank you for your vote.

Octavio Gonzalez

Occupation: HOA Landscape Account Manager

Occupational Background: Banking/Finance – 4 years; Small Business Owner – 7 years

Educational Background: Clackamas Community College, Business and Landscape

Prior Governmental Experience: Current Tigard-Tualatin School District Budget Committee, 2019 -Present

I was born in Mexico to migrant parents. I have been married for 26 years to my high school sweetheart. We have been residents of Oregon for 26 years, and residents of Tualatin for 11 years where we are raising our two young children. I am bilingual and bi-cultural and have the unique ability to bridge communities together. I will lend a new voice and much needed representation to our growing community. I will bring needed representation to the city, its policies, and culture. I understand the challenges many low income and underrepresented families face daily – I have lived them myself!

A Professional Business Leader:

-- Extensive experience in finance, business, and contract negotiations.

-- $\bar{\text{O}}\text{versees}$ large HOA communities consisting of 6,500 individual homes.

-- Works with 28 different community-elected boards.

-- Brings collaboration between community members and Boards to develop long-term budgets affecting HOA dues and long-term property values while implementing conservation measures.

I Will Place a High Priority On:

- Crime is becoming a bigger issue year over year, and many families are not feeling safe.
- **Promoting workforce development** and vibrant businesses with family-wage jobs.
- Protecting and enhancing our natural resources and parks.
- Safe neighborhoods and housing opportunities that are affordable with diverse housing options for all life stages.
- Reducing home insecurity and homelessness by collaborating with local organizations and the county.
- Partnering with the Tigard-Tualatin School District #Workready programs for career exploration and developing a skilled workforce after graduation.

To remain non-partisan, I have chosen not to accept any endorsements. I am an active member in the community. I love this community and want to give back to the City of Tualatin.

For positive change, open and honest communication is the key. My passion is community-building. Octavio4Tualatin.com

Invested. My family moved to West Linn 10 years ago. My two children attend Cedaroak Primary, and they participate in multiple community sports leagues. We enjoy West Linn's restaurants, parks, events, and the many friends we've made here. I highly value the community and history of West Linn, and I look forward to becoming a member of City Council.

Involved. In the Historic Review Board, I helped finalize the revision of the historic districts code. I supported the effort to add Old City Hall to the National Register of Historic Places. I voted for the Old City Hall improvement project, as well as the Willamette Garage and West Linn Saloon projects.

As a Planning Commissioner, I serve on the HB 2001 Advisory Committee and was instrumental in leading the Planning Commission to a 6-0 vote to pass West Linn's HB 2001 code. I voted for the Athey Creek Middle School, WFD improvements, and the WL High School stadium and parking projects.

Ready. I have volunteered hundreds of hours, I understand the municipal process, and I know city staff. I promise to be inquisitive, listen, collaborate, and pursue results that best serve our community's future.

Why I'm Running for Wilsonville City Council

If I can make our community better by serving on the City Council, then my time of service will be a success. Following the role of my parents, I will serve the community with a spirit of leadership and cooperation. I will be tenacious and courageous to best serve all the people of Wilsonville.

- **Responsible Leadership** I believe that every elected official must consider how their decisions may impact future generations. I support Wilsonville's investment in access to affordable housing, quality education, well-funded public safety and services, and protection of the precious <u>natural resources</u> in the Willamette Valley from unchecked development.
- Safe Community Every person who lives in Wilsonville should feel they are <u>safe and supported</u> by law enforcement and services if a need arises. I support investment in Wilsonville's excellent police force and our continued partnership with the Clackamas County Sheriff's Office.
- **Transportation** Traffic congestion is a reality for Wilsonville. Our City Council must have a <u>seat at the ODOT table</u> when decisions such as tolling impact Wilsonville citizens.
- Addiction and Mental Health There is an undeniable correlation between addiction, mental health, and homelessness. I support a robust plan for Wilsonville to address these <u>root causes</u>.
- Business Development I believe Wilsonville's leaders must acknowledge the value of small business and larger private sector growth to a strong fiscal structure, while first and always respecting the <u>precious agricultural and natural resources</u> of the Willamette Valley.

Prior Governmental Experience: Clackamas SWCD Director, PCP for my Precinct

Working to conserve soil and water in Clackamas County For the last 11 years I have been involved with the Clackamas Soil and Water Conservation District as an associate director and director. During that time, the District has worked with water councils, farmers' markets, other state and county agencies, and individuals to improve the use of water and soil in Clackamas County. From riparian restoration to advanced irrigation projects, we have provided opportunities for individuals to conserve water and protect soil and water quality. Living on our 40-acre farm, organically and sustainably growing diverse agricultural crops, including Christmas trees, berries, apples, and timber, I value and want to continue to help the goals of the Clackamas Soil and Water Conservation District. I look forward to continuing working with other directors and staff to meet the district's mission of providing people in our county with technical service and support of responsible use of natural resources today so they will be here for future generations. In 2006, Clackamas county voters overwhelmingly approved a tax base to fund their Soil and Water Conservation District (SWCD). I have proudly served on the voluntary SWCD Board of Directors, as we have worked to increase the number of conservation projects: noxious weed control, erosion control, clean water, support to local watershed councils and farmers markets, free classes and a low cost conservation equipment rental program, all with careful attention to fiscal responsibility. I remain dedicated to the SWCD's ability to assist interested and willing urban and rural landowners to adopt conservation practices to protect and restore our natural resources, from creating urban backyard habitat, to riparian restorations, and conservation easements.

The past 2 plus years of the covid pandemic brought new challenges for operations at the district. We learned to attend zoom meetings. The staff worked in part from home often with school children plans in place. Field visits with more than one person traveled to the site in separate vehicles. I was amazed at how conservation work continued in spite of the challenges of covid..

If Clackamas County voters to choose to re-elect me, I will continue to listen to you and respond to your concerns as I help guide the direction of our SWCD. Thank you for your vote!

Clackamas County Measure 3-588

REFERRED TO THE PEOPLE BY BOARD OF COUNTY COMMISSIONERS Temporarily Prohibits Psilocybin-Related Businesses Within Unincorporated Clackamas County.

Question: Shall Clackamas County temporarily prohibit psilocybin product manufacturing and service center businesses for up to two years?

Summary: State law allows for the manufacturing of products containing psilocybin and psilocin, as well as the operation of psilocybin service centers which are defined as establishments where a client purchases, consumes, and experiences the effects of a psilocybin product under the supervision of a psilocybin service facilitator. State law provides that a governing body of a county may adopt an ordinance to be referred to the voters to prohibit the establishment of psilocybin product manufacturers and psilocybin service centers. Approval of this measure would prohibit both psilocybin product manufacturers and psilocybin service centers within the unincorporated areas subject to the jurisdiction of Clackamas County.

EXPLANATORY STATEMENT

Psilocybin is a naturally occurring hallucinogenic chemical that is produced in certain forms of fungi. State law currently allows for the manufacturing, delivery, and administration of psilocybin products. State law directs the Oregon Health Authority to license and regulate activities related to the manufacturing, delivery, sale, and purchase of psilocybin products, as well as the provision of psilocybin services. The Oregon Health Authority will adopt final rules related to the psilocybin program no later than December 30, 2022, and will begin accepting applications for licensure on January 2, 2023.

Approval of this measure would temporarily prohibit the establishment and operation of certain categories of psilocybinrelated businesses within the unincorporated areas of Clackamas County until December 31, 2024. One category of psilocybin-related businesses subject to this prohibition would be manufacturers. State law defines psilocybin manufacturing to mean the manufacture, planting, cultivation, growing, harvesting, production, preparation, propagation, compounding, conversion or processing of a psilocybin product, either directly or indirectly by extraction from substances of natural origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis, and includes any packaging or repackaging of the psilocybin product or labeling or relabeling of its container. The other category of psilocybin-related business subject to this prohibition would be service centers. State law defines psilocybin service centers as establishments where a client purchases, consumes, and experiences the effects of a psilocybin product under the supervision of a psilocybin service facilitator.

State law allows a county's governing body to adopt an ordinance prohibiting the establishment of certain categories psilocybin related businesses within the county, but that ordinance must then be referred to the voters at a statewide general election. The Clackamas County Board of County Commissioners have adopted an ordinance prohibiting the establishment of the two types of psilocybin-related businesses within the unincorporated areas of the county and, as a result, has referred this measure to the voters. If approved, this measure would prohibit the establishment and operation of psilocybin product manufacturing businesses and psilocybin service centers within the unincorporated areas of Clackamas County until December 31, 2024.

ARGUMENT IN FAVOR:

VOTE YES FOR A TEMPORARY BAN ON PSILOCYBIN MUSHROOM-RELATED BUSINESSES

In November 2020, Oregon voters passed Measure 109, which made this the first state to legalize the psychedelic drug psilocybin.

Under the measure, local jurisdictions are allowed to impose time, place and manner restrictions. The Clackamas County Board of Commissioners has decided to refer the matter to voters by a unanimous vote.

As Members of board, we are asking the county's voters to vote YES on the referral so officials can have more time to allow for thoughtful consideration as to the use or ban of this drug in unincorporated areas of the county.

There are still many uncertainties regarding this measure:

*The federal government considers psilocybin a Class I controlled substance, meaning that it's illegal to possess, transport or distribute it to a customer. It is not FDA approved.

*Even though the measure requires the Oregon Health Authority to create regulations for its cultivation and sale, those rules are not yet promulgated and won't be until next year.

*The services allowed under M109 will not be covered by any medical insurance nor will the centers be staffed by medical personnel.

*Any businesses licensed under M109 will be cash-only because of federal banking guidelines.

Oregon has a poor track record of being the first state to implement different measures and policies. M109 is yet another experiment with unknown consequences and side effects.

The last issue we need is non-medical personnel with minimal training administering treatments to people who will eventually leave those service centers in an altered state and driving on our public streets. Drug use, addiction, mental illness and homelessness are already straining our limited public resources.

Please vote YES to approve a temporary ban until more thought and common sense can be applied.

Thank you in advance for your consideration.

City of Estacada Measure 3-584

REFERRED TO THE PEOPLE BY THE CITY COUNCIL Temporary Prohibition On Psilocybin-Related Businesses Within Estacada

Question: Shall Estacada prohibit Psilocybin-related businesses for two years so that local regulations can be adopted for the businesses?

Summary: State law allows for operation, manufacturing, and distribution of Psilocybin related businesses. The State will begin issuing permits for these businesses in 2023, unless a City has a permanent or temporary prohibition in place.

There is disagreement about what type of time, place, and manner restrictions cities can place on the Psilocybin businesses.

However, State law provides that a City Council may adopt an ordinance to be referred to the voters to prohibit the establishment of any of those registered or licensed activities.

Approval of this measure would prohibit the establishment of Psilocybin manufacturers and other Psilocybin related businesses for a two-year period ending on December 31, 2024, unless Estacada voters extend the ban prior to its expiration.

During the ban period the City could do public outreach to help determine what, if any, limitations can be placed on these businesses and if there is public support for locating or prohibiting these businesses in Estacada.

EXPLANATORY STATEMENT

State law allows for operation, manufacturing, and distribution of Psilocybin related businesses. The State will begin issuing permits for these businesses in 2023, unless a City has a permanent or temporary prohibition in place.

The Oregon Health Authority, who was the agency that was responsible for drafting regulations released proposed rules in July.

There is disagreement about what type of time, place, and manner restrictions cities can place on the Psilocybin businesses. However, State law provides that a City Council may adopt an ordinance to be referred to the voters to pass a two-year moratorium prohibiting siting of facilities for a two-year period.

This would prohibit the establishment of any of those registered or licensed activities. During the ban period the City could do public outreach to help determine what, if any, limitations can be placed on these businesses and if there is public support for locating or prohibiting these businesses in Estacada.

Approval of this measure would prohibit the establishment of Psilocybin manufacturers and other Psilocybin related businesses for a two-year period ending on December 31, 2024, unless Estacada voters extended the ban prior to its expiration.

City of Happy Valley Measure 3-589

REFERRED TO THE PEOPLE BY THE CITY COUNCIL Approval of Happy Valley Parks And Recreation Levy For Five Years Question: Shall Happy Valley maintain levy rate of \$0.54/\$1,000 for parks and recreation services for five years beginning Fiscal Year 2023/24? This measure renews current local option taxes. Summary: This measure will not increase taxes. It would renew a local option levy that City voters approved in 2018. All funds collected would be spent on parks and recreation programs in by voters. Happy Valley. The City's park and recreation services are funded exclusively by this local option levy. This proposed levy maintains the rate of \$0.54/\$1,000 of assessed value (approximately \$199/year for the median home with a market value of \$550,000 and an assessed value of \$368,500). If approved, this levy would provide the City with a dedicated revenue source for maintaining the fields, playgrounds, trails, picnic shelters, and other amenities at city-owned parks. In addition, these dollars may be used in combination with grants Submitted by: and development fees for the design and purchase of future Kara Kerpan parks and trails. Finally, funds would help offset the costs of recreation programs such as summer camps, activity classes, and community events. Should this levy fail, the City would not have enough resources to maintain the parks or provide recreation programs. The amount of funds raised by this proposed levy for each of the next five fiscal years is estimated to be as follows: FY 2023/24: \$2,040,000; FY 2024/25: 2,140,000; FY 2025/26: \$2,250,000; 2026/27: \$2,360,000; FY 2027/28: \$2,480,000. EXPLANATORY STATEMENT This measure will not increase taxes. It would renew a local option levy that City voters approved in 2018. All funds collected would be spent on parks and recreation programs in Happy Vallev. In 2020, the City assumed the role of the parks and recreation provider from North Clackamas Parks and Recreation District. Those services are funded exclusively by this local option levy. This proposed levy maintains the rate of \$0.54/\$1,000 of assessed value (approximately \$199/year for the median home with a market value of \$550,000 and an assessed value of \$368,500). If approved, this levy would provide the City with a dedicated revenue source for parks and recreation services. Specifically, these funds would provide dedicated resources for maintaining the fields, playgrounds, trails, boardwalk, parking lots, bathrooms, picnic shelters, and other amenities at city-owned parks and natural areas. They would also contribute to a fund reserved for replacing park assets as they age to ensure fields and structures are safe and welcoming. In addition, these dollars may be used in combination with grants and development fees for the design and purchase of future parks. Finally, funds would help offset the costs of recreation programs such as summer camps, activity classes and community events.

Should this levy fail, the City would not have enough resources to maintain the parks or provide recreation programs. Park maintenance would be drastically reduced, and no new programs would be developed.

The City of Happy Valley has one of the lowest tax rates in Oregon. Residents are taxed at a rate of \$0.67 per \$1,000 of assessed value (or \$247/year for the median home with a market value of \$550,000 and an assessed value of \$368,500), which isn't enough to provide all the services that residents want. For comparison, most other cities in the Portland Metro Region levy taxes in the range of \$2.12 (West Linn) to \$4.97 (Lake Oswego) per \$1,000 of assessed value. Complicating matters, Oregon State Law prohibits cities from changing their permanent tax rates, causing new services to be funded by "levies" if approved

This measure would allow the City of Happy Valley to collect revenue beyond its permanent tax rate on a five-year basis for parks and recreation services.

The amount of funds raised by this proposed levy for each of the next five fiscal years is estimated to be as follows: FY 2023/24: \$2,040,000; FY 2024/25: \$2,140,000; FY 2025/26: \$2,250,000; 2026/27: \$2,360,000; FY 2027/28: \$2,480,000

City of Happy Valley Measure 3-589

ARGUMENT IN FAVOR:

The Future Depends on You! No Increase to Your Taxes!

Important: This is not a tax increase, just a continuation of the same levy you voted for last time. Our state requires we ask voters every five years for permission to continue.

The Happy Valley City Council urges you to vote "YES" on Measure 3-589, allowing the city to continue providing the best parks services to its citizens while maintaining the lowest tax rate in Clackamas County. Revenue generated from the HV Parks Levy provides the only resource for parks and recreation services, and it all depends on you!

Parks and Recreation in Happy Valley

Our Parks and Recreation Department is responsible for building and maintaining fields, playgrounds, trails, boardwalks, picnic shelters, parking lots and amenities at city-owned parks and natural areas. It also covers much of the costs of recreation programs, summer camps, and activity classes.

The funding also delivers some amazing community events all year long:

- 4th of July Festival
- Concerts in the Vallev
- Concerts in the Park •
- Movies in the Park •
- National Night Out •
- **Hiking Adventures**
- Friday Field Trips (Fall Kayaking, Wine Tasting Trip, Sauvie Island Exploration, and Portland Japanese Garden, plus more!)
- Oktoberfest
- Holiday Tree Lighting Ceremony

Exciting Projects on the Horizon

This levy also lays the foundation for some great upcoming projects underway in the city, strongly supported by our residents:

- We acquired 21 acres on the Clackamas River to develop our first waterfront park.
- We're working to purchase 40 acres • for a regional park, adjacent to our new proposed downtown. Initial planning includes turf fields, community gardens, a splash pad and numerous playgrounds.
- We are working toward building our first Community Center, located at the new regional park. We're exploring fitness rooms, community rooms, indoor sports courts and an indoor pool facility.

Please help us maintain this important part of your city! Vote "YES" on Measure 3-589!

Personally paid for by the HV Mayor and City Councilors.

ARGUMENT IN FAVOR:

A YES VOTE IS NOT AN INCREASE IN YOUR TAXES

Living and playing together happens every day in our Happy Valley Parks, Trails, and Programs. This November, the Happy Valley Parks and Recreation Operating Levy is up for renewal. Here are three things you need to know about this local levy and why we desperately need to approve it:

- 1. The Parks and Recreation Levy **puts** your dollars to work.
 - Playground equipment upgrades at all city parks. •
 - Hazard tree assessment, removal, and •
 - restoration in Happy Valley Park. Happy Valley Park picnic shelters replacement. Veterans Memorial Park Phase II Construction. .
- 2. The Parks and Recreation Levy builds community.
 - Over 230 recreational programs, classes and excursions hosted since 2020.
 - 10 large-scale community events held each year. Community Center Feasibility Study and land
 - acquisition. All Abilities Park design and construction.
- The Parks and Recreation Levy invests in parks, trails, and recreation programs.
 - 23 acres of land purchased since 2020 for future • parks and recreation. Wildfire risk assessments in parks and open
 - spaces.
 - Pleasant Valley Villages neighborhood park . construction.
 - Village Green Park expansion. .
 - Mt. Scott Creek Trail upgrade and reconstruction.
 - Scouters Mountain neighborhood park • construction.

This levy provides Happy Valley with dedicated funding to maintain fields, playgrounds, trails, picnic shelters, and other amenities at city-owned parks. These dollars are also combined with grants and development fees for the design and purchase of future parks and trails. Finally, these funds help offset the costs of recreation programs such as summer camps, activity classes, and community events.

Happy Valley and their community partners and volunteers has done an excellent job of responsibly stewarding your tax dollars, these precious resources, and programs. Happy Valley is rapidly growing. We need this levy to provide the level of service, facilities, and recreation programs we all expect as we live and play together.

City of Johnson City Measure 3-585

REFERRED TO THE PEOPLE BY INITIATIVE PETITION Shall Johnson City Annex Into The Library District Of Clackamas County?

Question: Shall Johnson City annex into the Library District of Clackamas County to restore full library services to Johnson City residents?

Summary: In July 2009, Clackamas County formed a Library Services District that includes the entire county except for the cities of Damascus, Johnson City, and the Clackamas County portion of Tualatin.

Because Johnson City residents do not pay into the new District, Johnson City residents lost access to Clackamas and other counties' libraries. If approved, Johnson City would be annexed to the Library District of Clackamas County. The levy would be \$0.3974 per thousand. An average Johnson City household (\$57,300 assessed valuation) would pay approximately \$22.77 per year.

Annexation to the Library District would:

- Provide dedicated funding to the Library District of Clackamas County.
- Restore full library privileges to Johnson City residents.
- Allow residents to access libraries in Hood River, Multnomah, Washington, Clark, Klickitat, and Skamania counties.

If the measure fails, residents could use the Johnson City Library materials but would have to pay fees to each county to use a particular county's libraries.

EXPLANATORY STATEMENT

If the ballot measure is approved Johnson City would be annexed into the Library District of Clackamas County.

History

Because of declining federal funding to counties, Clackamas County Commissioners placed a measure on the November 2008 ballot asking voters to form a countywide library district to provide dedicated funding to the public libraries in Clackamas County. Damascus, Johnson City, and Tualatin did not participate in the ballot measure and were not included in the proposed countywide library district.

The new district was approved by voters and was officially created on July 1, 2009. Johnson City residents do not pay taxes into the new library service district, and therefore cannot access libraries in Clackamas County.

Libraries in the greater Portland area offer reciprocal privileges to residents of other counties; because the residents of Johnson City are not members of the Library District of Clackamas County, they are not eligible to borrow materials at other libraries in the region.

Tualatin's Clackamas County residents voted to annex into the Library District of Clackamas County in May 2010. Damascus residents voted to annex in November 2010.

Current Library Services

The Johnson City Library currently provides a single room of materials and access is limited to when the City Hall building is open.

The libraries of Clackamas County currently provide library services including:

- Books, movies and music and other materials for all ages and interest levels. Items from other libraries can be ordered online and delivered to the most convenient library.
- Children's reading and literacy programs.

- Educational programs for youth such as weekly story times, summer reading events and teen book clubs.
- Reference and information services for research, business development, and recreational interests.
- Artistic, musical and cultural programming for all ages.

If the ballot measure is approved

- Residents could borrow library materials from partner libraries in Clackamas, Washington, Multnomah and Hood River counties in Oregon, and the Fort Vancouver Regional Library System in southwest Washington (includes Clark, Skamania and Klickitat counties).
- New revenue would provide dedicated funding for Tualatin Public Library and the Library District of Clackamas County, to be used to provide library services consistent with ORS 451 and to achieve the Service Standards of the District.

If the ballot measure is not approved

- Residents would be able to borrow library materials owned by and from the Johnson City Library only.
- Access to the collections of other libraries would require the purchase of a non-resident card in Washington, Clackamas, Multnomah, and Hood River counties in Oregon, and the Fort Vancouver Regional Library System in southwest Washington (includes Clark, Skamania, and Klickitat counties).
- Residents would not be able to place holds on library materials at any library, excluding Johnson City Library, without the purchase of a non-resident card for that county's libraries.

City of Johnson City Measure 3-585

ARGUMENT IN FAVOR:

"I have found the most valuable thing in my wallet is my library card."~ Laura Bush

Today's library is more than just checking out books. It opens up a world of free passes to museums and other venues; a seed library for gardeners; online and in-person classes and events; mailing materials for homebound citizens; and a Library of Things - where you can check out items from pressure cookers to pressure washers. Libraries are a gateway to knowledge, entertainment, and self-sufficiency.

Our community is unique. Currently, if a Johnson City resident wants a library card, they must pay \$95 per person, per county, per year. For many of our residents, that is a daunting price. Annexing into the Libraries of Clackamas County brings that price down to \$0 for many of our low income and senior neighbors, and gives all residents access to six library districts: Clackamas, Multnomah, Washington, Hood River, Fort Vancouver, and Camas.

The worth of a library card is immeasurable; its cost can be minimal. Please vote YES on Measure 3-585.

Library Tax Responsibility for Johnson City Residents: 31% = \$0.00 18% = \$7.00-\$9.99

18% - \$7.00-\$9.99 27% = \$10.00-\$14.99 16% = \$15.00-\$19.99 5% = \$20.00-\$24.99 2% = \$25.00-\$29.99 0.4% = Above \$30

How to Find Your Personal Library Property Tax Cost: Step 1: Go to http://clackamas.us/at Step 2: Click on "Property Detail and Tax Information" Step 3: Enter your street address (Use PL, AVE, or LN; Optional: City = Milwaukie, Zip Code = 97267) Step 4: Find your Assessed Value (AVR Total) and divide by 1000 Step 5: Multiply by \$0.3974

<u>Johnson Mobile Estates Total Taxable Assessed Value</u> <u>for this year is \$9,036,302</u>. (\$9,036,302 / 1000) x 0.3974 = \$3,591.03 \$3,591.03 / 277 houses= \$12.92 in rent per year, or \$1.08 of your monthly rent.

City of Molalla Measure 3-590

REFERRED TO THE PEOPLE BY THE CITY COUNCIL

Prohibits Psilocybin-Related Business In Molalla.

Question: Shall Molalla prohibit psilocybin-related business from operating in Molalla?

Summary: State law allows operation manufacturer, distribution and possession of psilocybin and psilocin. State law provides that a city council may adopt an ordinance to be referred to the voters to prohibit the establishment of any of those registered or licensed activities.

Approval of this measure would prohibit the establishment of psilocybin product manufacturers and psilocybin service centers within Molalla city limits.

EXPLANATORY STATEMENT

Approval of this measure would prohibit the establishment and operation of psilocybin-related businesses within the city of Molalla.

A city council may adopt an ordinance prohibiting the establishment of psilocybin related businesses within the city, but the council must refer the ordinance to the voters at a statewide general election. The CITY OF MOLALLA city council has adopted an ordinance prohibiting the establishment of psilocybin-related businesses within the city and, as a result, has referred this measure to the voters. If approved, this measure would prohibit psilocybin-related businesses within the city.

City of Portland Measure 26-228

REFERRED TO THE PEOPLE BY THE CHARTER COMMISSION Amends Charter: Changes Portland's government structure and process for electing city officials

Question: Should Administrator manage city government, 12-member Council (three from each district) make laws, voters elect officials using ranked choice process? Summary: Charter Commission's proposal to change structure of Portland city government.

Currently, City Council includes one Mayor and four Commissioners elected citywide. Council makes laws; Mayor and Commissioners directly manage bureaus. Voters choose one candidate per office in citywide primary elections with runoff elections if necessary.

If measure is approved:

- City Administrator, supervised by Mayor, manages daily operations, including hiring, firing, and supervising bureau directors
- Council expanded to twelve members; City divided into four geographic districts created by Independent District Commission; three Councilors elected to represent each district
- Council makes laws. Mayor may introduce laws, vote to break ties on non-emergency ordinances
- Independent Salary Commission sets elected officials' salaries
- City elections use "ranked choice voting" process that allows voters to rank candidates in order of preference instead of casting a single vote; primary elections eliminated. For citywide offices (Mayor, Auditor), votes tallied in rounds until single candidate receives majority.
 For Councilors, votes tallied and reallocated in rounds until three candidates in each district meet election threshold.
- Cost estimate: \$900,000 to \$8.7 million annually
 Includes other provisions

EXPLANATORY STATEMENT

The Portland Charter Commission recommends amending the City Charter to reform the structure and operation of city government. The recommendations, made after months of study and community engagement, are supported by seventeen of the twenty Charter Commission members.

The measure includes three interdependent reforms:

(1) City Administrator, supervised by Mayor, manages City

Currently: City Council, consisting of Mayor and four Commissioners, exercises legislative and executive powers. Executive power includes managing city bureaus.

If measure is approved: City Council continues to exercise legislative power to make laws. A City Administrator hired by Mayor and confirmed by Council exercises executive power to implement laws and manage city bureaus. City Administrator hires, fires, and supervises bureau directors. Mayor is not a member of City Council but may introduce laws and break tie votes on non-emergency ordinances. An Independent Salary Commission of human resource professionals sets elected officials' salaries.

(2) City Council expanded to 12; three from each of four new geographic districts

Currently: City Council consists of five members-one Mayor and four Commissioners-elected citywide.

If measure is approved: City Council expands to 12 members, elected from four new geographic districts, with three Councilors representing each district. An Independent District Commission draws district boundary lines, to be adjusted every decade beginning in 2030 based on census population data.

(3) City officials to be elected using "ranked choice voting" process

Currently: Qualified Portland voters cast one vote for each candidate for each office in citywide election for Mayor, Auditor, City Council members. If no candidate for an office receives rnore than 50% of votes at May primary, the top two candidates compete in November runoff election.

If measure is approved: Voters may rank candidates in order of preference, with votes tallied in rounds until there is a winner. Ranked choice voting results in one general election, eliminating primary elections.

Ballot tallying methods depend on the office. For officials chosen at a citywide election-Mayor and Auditor-an "instant runoff" process is used to count ballots in rounds. If no candidate receives over 50% of the votes in the first round, the candidate receiving fewest votes is eliminated, and that candidate's votes are transferred to each voter's next-highest ranked candidate. The process continues for as many rounds as necessary until a candidate exceeds a 50% majority. For City Council seats, a "single transferrable vote" method is used. Candidates win when they exceed a threshold set by the number of available positions. Ballots are counted in rounds; any candidate exceeding the threshold is elected, and that candidate's votes above the threshold are proportionally transferred to other candidates based on voters' preference. The candidate receiving the fewest votes each round is eliminated, and that candidate's votes are transferred to other candidates based on voters' preferences. The process continues for as many rounds as necessary until all positions are filled.

The City Budget Office estimates the cost of implementing the measure is about \$900,000 to \$8.7 million annually, representing about 0.1 to 1.4% of Portland's discretionary funding.

City of Portland Measure 26-228

ARGUMENT IN FAVOR:

Portland is ready for positive change.

Measure 26-228 will upgrade our city government to a more responsive and efficient structure that will better deliver city services. With ranked choice voting and multi-member city council districts, this measure will give greater representation for all Portlanders.

Changing our city charter will give everyone more voice, more choice — including communities of color, women, the working class, and East Portlanders. This measure is a thoughtful, comprehensive overhaul

to get our government working for the people again.

Measure 26-228 is supported by a broad coalition, including:

- League of Women Voters of Portland
- Business for a Better Portland
- ACLU of Oregon
- NAACP Portland Branch
- Coalition of Communities of Color
- Portland Association of Teachers
- Basic Rights Oregon
- SEIU Local 49

Measure 26-228 will:

- Balance power between the Mayor and City Council

- Change City Council's duties to setting policy and solving big problems rather than managing city services

day to day

- Allow voters to rank candidates in order of preference - Increase the size of City Council to 12

- Create four geographic districts electing three City Council members each

- Grant the Mayor executive and administrative tasks, including appointment and supervision of a professional City Administrator who manages city bureaus.

It's time to make Portland the city that works for everyone. Vote YES on Measure 26-228!

Summary: The measure would authorize up to \$25,000,000 in principal amount of general obligation bonds to finance capital costs related to trails, natural areas, sports fields, parks, and river access; and is expected to include a new east-west trail corridor and public access point on the Tualatin River, new and improved sports fields, and parks improvements citywide.	Submitted by: Sherilyn Lombos City Manager
New trails would create connections to reduce traffic, improve pedestrian safety, and promote healthy transportation options. Expanding trail connections would make parks, schools, and transit stops accessible to more community members.	
Access to and creation of sports fields in City parks and through cost-effective partnerships with the School District, would provide places for youth health and wellness.	
Creating a new riverfront destination in Tualatin's downtown would enhance local businesses, provide environmental education opportunitles, and create a place for river access.	
If approved, the tax rate Is estimated to Increase by 29 cents per \$1,000 of taxable value. Actual rates may differ based upon interest rates incurred and changes in assessed value.	
EXPLANATORY STATEMENT	
The measure would authorize up to \$25,000,000 in principal amount of general obligation bonds to finance capital costs related to trails, natural areas, sports fields, parks, and river access.	
Creating new trail connections, providing areas for community sports, connecting with the Tualatin River, and acquiring natural areas are high priorities for the Tualatin community. Proposed projects to be funded by the bond would meet these priorities.	
Based on community feedback, several high priority projects have been identified. The measure is expected to fund the following:	
 Create new trail connections to improve access and pedestrian safety Create new and improved sports fields in city parks and in a cost-saving partnership with the Tigard-Tualatin School District Establish a new accessible waterfront destination point on the Tualatin River in the downtown area that would create a place for river access and water sports Upgrade existing parks citywide Renovate the plaza at the Lake of the Commons into a space that will recognize and honor Veterans 	
Acquire and protect natural areas This list of projects was identified and screened to best align

City of Tualatin Measure 34-317

ARGUMENT IN FAVOR:

Vote 'Yes' on Measure 34-317 to improve the lives of everyone who lives, works, and plays in Tualatin.

Measure 34-317 will pay for greatly needed updates and improvements in our parks and greenspaces and allow the city to complete projects to positively change the landscape of our city for generations to come. Parks are not only about recreation and beauty, but they also contribute to improved livability and a strong local economy.

When a city has a strong parks system:

- Home values increase
- Crime rates decrease
- People are healthier mentally and physically
 Tourism increases providing a boost for our
- economy
- Water and air are cleaner
- Climate change is combatted by protecting greenspaces and providing alternative modes of transportation

Your 'Yes' vote will help make the following reality:

- Tualatin River waterfront showcasing our vibrant waterway, increasing access for everyone.
- Increased sports fields for year-round play and allowing our city to host athletic events.
- A trail connecting the East and West sides of Tualatin, increasing movement through the city.
- Improvements to parks such as Stoneridge and others which have been previously neglected.
 Completion of a beautiful Veteran's Plaza to
- Completion of a beautiful Veteran's Plaza to honor veterans and provide a gathering space.

City of West Linn Measure 3-587

REFERRED TO THE PEOPLE BY THE CITY COUNCIL

Bonds to Fund Water Line Replacements Required by ODOT Construction

Question: Shall West Linn issue up to \$17,500,000 in general obligation bonds to fund the replacement of existing water lines? If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of Sections 11 and 11b, Article XI of the Oregon Constitution.

Summary: If approved, bond funds and other available funds will finance capital costs of water line replacements required by Oregon Department of Transportation (ODOT) highway construction, including without limitation:

- Replacement of water pipes along ODOT right of way, including at Abernethy, Sunset, and West A Bridges. The current pipeline supplies West Linn with water from South Fork Water Board (the City' s only permanent source of daily drinking water). Any funds remaining after completing the water lines may be used for other City water infrastructure improvements.

- Capitalized interest on the bonds and bond issuance costs.

The proposed general obligation bonds would result in property tax levy rate increasing by an estimated 25 cents per thousand dollars of assessed value. For the average homeowner in West Linn with an assessed (not real market) value of \$386,000 the estimated annual property tax increase would be \$97. Actual levy rate may differ due to final interest rates and future changes in assessed value. The bonds will mature over a period not to exceed 21 years from the date of issuance.

EXPLANATORY STATEMENT

Why is this on the ballot?

The City of West Linn's source of drinking water is the Clackamas River supplied from the South Fork Water Board water treatment plant in Oregon City which is jointly owned by the cities of West Linn and Oregon City. Water is transported to the City of West Linn through pipelines starting at the treatment plant in Oregon City, then across the Willamette River to West Linn. The pipeline connection is secured to the I-205 Abernethy Bridge. Water transported through this pipeline provides all of the City of West Linn's drinking water and fire suppression water. The existing pipeline beneath the Abernethy Bridge deck was built in 1970 when the Abernethy Bridge was constructed. The existing pipeline is not adequately reinforced to withstand a severe earthquake.

The Oregon Department of Transportation (ODOT) is currently constructing a replacement to the existing Abernethy Bridge that includes widening for an additional travel lane of I-205 and seismic improvements to allow the bridge to withstand a severe earthquake. The City of West Linn's water supply pipeline must be replaced in conjunction with replacement of the Abernethy Bridge. Water pipeline improvements include upsizing the existing pipe diameter from 24" to 30" to provide for additional fire suppression and drinking water flow capacity. Additional improvement includes increased seismic resiliency to withstand a severe earthquake consistent with the new bridge.

The City of West Linn and ODOT entered into a Cooperative Improvement Agreement which includes the replacement of the pipeline within ODOT's right-of-way. Additional water line replacement will be needed with the next phase of I-205 construction at the A Street and Sunset Avenue bridges.

What is the project expected to cost?

The water line replacements are expected to cost approximately \$17,500,000.

What would this bond cost a typical homeowner?

The proposed general obligation bonds would result in the West Linn property tax levy rate increasing by an estimated 25 cents per thousand dollars of assessed value. For the average homeowner in West Linn with an assessed (not real market) value of \$386,000 the estimated annual property tax increase would be \$97. Actual levy rate may differ due to final interest rates and future changes in assessed value.

If passed, what would the bond funds be used for?

If approved, bond funds and other available funds will finance capital costs of the required pipeline replacements along I-205 at the Abernethy, A Street, and Sunset Bridges, including without limitation:

- Replacement of the existing pipeline within ODOT right-ofway along the bridges. Any funds remaining after completing the I-205 water line replacements will be used for other City water line replacements.
- Pay capitalized interest on the bonds and bond issuance costs.

Capitalized interest and issuance costs will be determined by market conditions at the time of the sale. The bonds would be paid over a period of 21 years or less.

Vote NO on Measure 3-587

West Linn City Council rushed to put Measure 3-587 on the ballot after ODOT threatened to cut off West Linn's waterline on the Abernethy Bridge if West Linn does not agree to pay ODOT's estimated full replacement cost of \$14 million, even though our waterline has at least 20 years of use left.

By the city's estimate, the average WestLinn homeowner will pay well over \$2100 over the life of this bond. That's along with the other bonds we have already approved.

Meanwhile, ODOT plans to force WestLinn to bear the burdens of I-205 tolling. Thousands of vehicles will divert off I-205 onto West Linn's local streets every day, residents will have to pay tolls just to get around and will have to pay to repair streets damaged by the passthrough traffic.

West Linn Council did not know how much money would be needed or ODOT's due dates when they submitted this measure. Councilors expressed concern about ODOT uncertain timeline and pressure from ODOT when they reluctantly approved the measure, August 1, 2022.

Voting No gives West Linn City Council time to pursue infrastructure grants and lobby State and Federal legislators forfinancial assistance for these projects. That won't happen if this measure passes. We deserve to know if assistance is available and what the costs and timeframes are before being asked to raise our taxes.

Tell ODOT to stop bullying West Linn!

REFERRED TO THE PEOPLE BY THE DISTRICT BOARD Bonds To Construct Job Training Space, Improve Classrooms, Safety, Technology

Question: Shall Portland Community College renovate and modernize facilities, estimated to maintain current tax rate by issuing \$450 million in bonds? If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution.

Summary: Measure authorizes up to \$450 million in principal amount of general obligation bonds for facilities and equipment. Measure not expected to increase tax rates above previous targets, because outstanding debt is scheduled to decline.

If approved, this measure would finance capital costs, including:

- Updated classrooms, technology, facilities, equipment to provide students with modern higher education and job training spaces, including flexible hybrid learning options.
- Improved accessibility for people with disabilities.
- Increased facility lifespan and efficiency through ventilation system upgrades, plumbing, electrical.
- Improved campus safety, lighting, transit stops.
- Expanded career technical education facilities in Washington County.
- Rebuilt/modernized Rock Creek, Sylvania facilities/ classrooms.
- Site improvements, demolition, furnishing, equipping, acquiring land, bond issuance costs.

Regular audits to ensure funds are used as intended. Bonds may be issued in one or more series, with each series maturing in 16 years or less. Bond cost estimated to maintain fiscal year 2022 rate of 38 cents per \$1,000 of assessed value. Actual rates may differ and depend on interest rates incurred and assessed value growth.

EXPLANATORY STATEMENT

Portland Community College (PCC) is the largest postsecondary institution in Oregon. Nearly 50,000 full and part-time students in Multnomah, Washington, Yamhill, Clackamas and Columbia counties attend Portland Community College to obtain career training and further their education.

This proposed bond measure would fund projects that make higher education more accessible and provide lifelong learning opportunities for all members of our community.

These investments would serve hundreds of thousands of Oregonians over the life of this bond, funding improvements to job training and learning spaces, modernizing technology, enhancing campus health, safety, and accessibility, updating classrooms to support hybrid learning —with some students learning in the classroom, while others participate remotely. It would save taxpayer dollars by making campuses more energy efficient and sustainable.

If approved, bond proceeds are expected to include the following capital investments:

• Updated classrooms, technology, facilities, and equipment to provide students with modern higher education and job training spaces, including flexible hybrid-learning options—providing students with the flexibility and options to balance their education with other responsibilities.

- Improved facilities and updated technology to provide up-to-date job training spaces that can be adapted as businesses' needs evolve, so students graduate with the skills they need to compete in today's economy.
- Improved accessibility for people with disabilities.
- Increased facility lifespan and efficiency through heating and cooling upgrades and updated plumbing and electrical, to conserve operation expenses.
- Addressing health and safety precautions, including improved building ventilation and campus lighting, transit stops.
- **Renovating aging facilities** at Rock Creek and Sylvania. PCC would also expand technical career education in Washington County.
- Site improvements, demolition, furnishing, equipping, acquiring land, bond issuance costs.

The proposed bond projects would support students regardless of their zip code, background, or family circumstances, so that anyone who wants a college education would have access to one.

What would the bond cost?

Because of expiring bonds, the PCC bond measure is estimated to maintain current tax rates for local homeowners. If voters approve the bond it is expected to maintain the fiscal year 2022 rate of \$0.38 per \$1,000 of assessed value for 16 years. The taxpayer cost would be \$95 per year or \$7.92 per month for property with an assessed value of \$250,000. Assessed value is generally lower than market value.

The total principal amount of bonds authorized would not exceed \$450 million. Actual rates may differ and depend on interest rates incurred and assessed value growth.

Accountability

Funds from the bond would go directly to the projects that are expected to help achieve the goals outlined above. PCC would emphasize openness and transparency so that the public can track how funds from the bonds are spent, including a continuation of auditing to ensure funds are used as intended.

ARGUMENT IN FAVOR:

Please join us in voting YES on Measure 26-224!

Over the years, taxpayers in our district have invested in the future of our community by supporting Portland Community College. And as PCC's elected board members, we have worked hard to return on those investments.

We aim to educate a skilled workforce, prepare students to successfully transfer to four-year schools, enrich the community through lifelong learning, build a greener workforce and shrink our carbon footprint, and be a sound financial steward of public dollars.

This bond renewal will enable PCC to continue to **build on that foundation of success**, and make sure that **students in every community have equal opportunities** to get the skills they need to succeed, regardless of their zip code, background, or family circumstances.

This bond will:

- Update classrooms, technology, facilities, and equipment to provide students with modern higher education and job training spaces, including flexible hybrid-learning options providing students with the flexibility and options to balance their education with other responsibilities.
- Improve accessibility for people with disabilities.
- Increase facility lifespan and efficiency through heating and cooling upgrades and updated plumbing and electrical, to conserve operation expenses.
- Address health and safety precautions, including improved building ventilation and campus lighting, transit stops.
- **Renovate aging facilities** at Rock Creek and Sylvania, and expand technical career education in Washington County.

And because of expiring bonds, this PCC bond measure is estimated to <u>maintain current tax rates</u> for local homeowners.

We are proud of what our bond program has built, and committed to providing up to date information on the planning and implementation of these projects - that information can be found at https://www.pcc.edu/about/bond/.

ARGUMENT IN FAVOR:

Business Leaders Are Voting YES for PCC

As business leaders in the metro area, we support Portland Community College's bond renewal because PCC graduates are our employees, our managers, our directors – and for some of us – the heads of our companies and our industries.

PCC creates the skilled workers that our local businesses need to succeed, grow, and create more living-wage jobs so that people can afford to live here. This measure makes sure that PCC can continue to contribute to the vibrancy of Portland's economic community.

And this measure ensures that Portfand Community College can continue to provide high-quality education, so students get the skills and job training they need to build successful careers in today's economy. There are a record number of job openings in Oregon, but a lack of skilled workers to fill them. For every seven unemployed people, there are 10 jobs available.

PCC graduates students with the skills and training to fill the positions we need. For example, PCC offers certificates and degrees in:

- Bioscience
- Building Construction
- Computer Science
- Education
- Engineering
- Health Information Management
- Manufacturing
- Medical Professions & Nursing

This measure is a smart investment for our future.

As Oregon's largest post-secondary institution, with more than 50,000 students, investing in PCC will serve hundreds of thousands of Oregonians over the life of this bond.

Community Leaders You Trust are Voting YES for PCC

Community-based organizations across the region support Measure 26-224, because PCC's bond renewal isn't just about building a community college – it's about building a community.

Portland Community College's students don't have all the advantages – in fact, more than 50% of students face food or housing insecurity or have experienced homelessness.

This measure makes sure that students in every community have equal opportunities to get the skills they need to succeed, regardless of their zip code, background, or family circumstances.

- PCC supports underserved and underrepresented communities by providing a less expensive, more accessible path to a college degree.
- PCC teaches the skills necessary to secure better paying jobs - strengthening families and communities as a result.
- PCC creates the skilled workers that our local businesses need to succeed, grow, and create more living-wage jobs so that people can afford to live here.
- PCC is actively working to increase equity and inclusion by recruiting diverse faculty, administrators and staff.
- PCC is doing its part to combat climate change. The college is a nationally recognized leader in the higher education community for sustainability and climate action.
- PCC supports metro area youth by offering advanced courses for high schoolers, GED programs, and an affordable pathway to a four-year degree.
- PCC supports people who are unemployed and underemployed, by offering training courses for individuals re-entering the workforce or changing careers.
- PCC supports students with jobs, children at home, or other commitments, by offering options to go to college online, in person, or both.
- to go to college online, in person, or both.
 PCC partners with community organizations across the region to provide opportunities and services we have all come to count on.

We support PCC because PCC supports the community.

ELECTED LEADERS URGE A YES VOTE ON 26-224

Now, more than ever, <u>access to affordable education</u> is critical to the future of our community and the people who want to make a home here for themselves and their family.

But economic opportunity is not reaching everyone equally. Less than half of people from Oregon's communities of color have an associate degree or higher. People from marginalized communities face barriers to getting their degree, like lack of childcare, the cost of tuition, unreliable transportation, and inadequate culturally- informed support on campus keep these students from reaching their full potential.

Measure 26-224, PCC's bond measure, would fund projects that make higher education more accessible and provide lifelong learning opportunities for all members of our community.

Your YES vote will:

- Make sure that students in <u>every community</u> have equal opportunities to get the skills they need to succeed, regardless of their zip code, background, or family circumstances. And as the state's largest college, these investments will serve hundreds of thousands of Oregonians over the life of this bond.
- Ensure that Portland Community College can continue to provide the high-quality education for students to get the skills and job training they need to build successful careers in today's economy.
- Maintain the current estimated tax rate of .38 per \$1,000 of assessed value, because previous bonds are expiring.

PCC's bond measure is a smart investment for today and tomorrow.

And because older bonds are expiring, your YES vote will not increase your current tax rate but will allow PCC to invest \$450 million across our region. Taxpayer oversight includes annual audits.

PCC trains and educates a wide variety of students throughout the region. Students representing every age group, income level and cultural backgound are seeking vocational training, technical degrees, or a jump start to a 4-year degree.

This measure ensures that PCC can continue to provide the high-quality education for students to get the skills and job training they need to build successful careers in today's economy.

That requires the most up-to-date technology and classrooms to prepare students for their future careers.

When our students graduate, they go on to compete with students from across the nation – and in order to help them secure the jobs they've trained for, PCC needs up-to-date tools and facilities.

If passed, this bond will:

- Update technology and equipment to provide students with modem higher education and greater flexibility for hybrid learning. Improve accessibility for people with disabilities.
- Improve facilities and technology to provide students with up-to-date job training spaces that can be adapted as businesses' needs evolve.
- Enhance health and safety and the lifespan of facilities.

Today, students are turning more to local community colleges and online courses to access higher education. To meet that demand, PCC must continue providing its students with up-to-date training and tools. Please YES on this bond so we can continue to do that.

Vote YES for PCC!

ARGUMENT IN FAVOR:

A college education is something I've always aspired to. It's been a dream of mine-something that I wanted my whole life, and something that I tried to get my whole life. But it wasn't always available to me.

I live with a progressive form of multiple sclerosis, and I use a wheelchair. Before the pandemic, I was working at a retail job, and as my MS progressed, I was having trouble getting accommodations. I found myself unemployed, and had difficulty finding new employment.

So I decided to go back to school, and see what I could do to help other people with disabilities-to help employers think about disability differently, including how to create inclusive environments where people can thrive.

I enrolled at PCC just before the pandemic, and by that summer, everything was remote. In fact, if it weren't fpr the pandemic, and the remote learning opportunities it provided, I wouldn't have been able to go to PCC. I was able to excel and really thrive in the PCC community thanks to remote and hybrid access.

I now work as an accessibility advocate with PCC, and work on projects that connect students with employers. I will graduate next year with two years of work experience in the field I want to work in. I'll have an associates degree in sociology, and I plan to pursue further education in the field of disability studies.

Thanks to PCC, I'm getting close to the life I've always dreamed of.

I'm supporting PCC's bond meaaure because it will help change the lives of students all over our region. The bond invests in the technology and space needed for hybrid learning so that every student has the access and flexibility they need to go to college.

Voting YES will make an extraordinary difference in the lives of thousands of people and families throughout the five counties that PCC serves – people just like me.

REFERRED TO THE PEOPLE BY THE DISTRICT BOARD

Renews Local Option Levy; Protects Natural Areas, Water Quality, Fish

Question: Should Metro protect water quality, fish, natural areas, parks; renew 5-year operating levy, 9.6¢ per \$1,000 assessed value, beginning 2023?

This measure renews current local option taxes.

Summary: This levy does not increase tax rates. It continues the same rate previously approved by voters.

The levy protects water quality, restores fish and wildlife habitat, and connects people with nature across 18,000 acres of parks, trails and natural areas. The levy funds ongoing restoration of natural areas acquired through three voter-approved bond measures. It also improves people's access to nature, by maintaining Metro parks and natural areas, providing nature education for visitors and schoolchildren, and supporting community-led nature projects and programs.

If renewed, the levy will continue to:

- Maintain and improve water quality in local rivers and streams
- Protect and restore habitat for salmon, other native fish
- Restore wetlands, forests and floodplains providing habitat for birds, wildlife
- Manage natural areas to better withstand heat, wildfire, extreme weather
- Maintain parks and trails; maintain and improve restrooms, picnic shelters, play areas, trailheads, and other visitor facilities and services
- Increase opportunities for children from low-income families and communities of color to connect with nature

A home assessed at \$250,000 would pay \$24 per year for five years.

If renewed, the proposed rate (9.6¢ per \$1,000 assessed value) will raise \$18,065,947.00 in 2023-24, \$18,833,750.00 in 2024-25, \$19,634,184.00 in 2025-26, \$20,468,637.00 in 2026-27 and \$21,338,555.00 in 2027-28.

EXPLANATORY STATEMENT

Measure 26-225, renewal of the Metro Parks and Nature Local Option Levy, will protect clean water, restore fish and wildlife habitat, and increase opportunities for people to connect with nature across 18,000 acres of regional parks, trails and natural areas.

Voters first approved the Parks and Nature levy in 2013, and renewed it in 2016. Since 2013, the levy has provided dedicated funding to restore and maintain habitat and connect people with nature, making our region more livable as our population grows.

If passed, this measure would renew the levy for five additional years at its current rate: 9.6 cents per \$1,000 of assessed value, or \$24 annually for a home assessed at \$250,000. Renewal will not increase the tax rate currently paid by homeowners in Clackamas, Multnomah and Washington counties.

What would passing Measure 26-225 do?

Improve water quality, restore fish and wildlife habitat About half of levy funding will support ongoing restoration of parks and natural areas managed by Metro across the greater Portland region – more than 18,000 acres from Chehalem Ridge near Forest Grove to the Sandy River near Gresham, from Chinook Landing and Broughton Beach on the Columbia River to Graham Oaks near Wilsonville. If passed, this measure will provide funding to:

- Improve water quality in the Willamette, Clackamas, Tualatin and Sandy rivers, and area creeks and streams
 Restore habitat for salmon and other native fish in local rivers and streams
- Restore threatened and rare plant communities, control invasive weeds
- Enhance wetlands, forests and floodplains to protect critical wildlife habitat
- Manage natural areas to better withstand hotter summers, extreme weather and wildfires

Provide access to nature for people

About half of levy funding will connect people with nature across greater Portland. Levy funding will maintain safe and welcoming visitor facilities and services at 17 developed parks, such as Blue Lake and Oxbow, Smith and Bybee Wetlands, Chehalem Ridge, Cooper Mountain, Mount Talbert, Scouters Mountain and Canemah Bluff. About 2.5 million people visit these parks annually for walking, hiking, picnicking, birdwatching, camping, boating, fishing, and family and community gatherings.

Additionally, levy funding will support nature education programming and volunteering opportunities, as well as grants to nonprofit organizations for projects that connect community members with nature.

If passed, this measure will provide funding to:

- Increase access to local rivers, forests and natural areas
- Improve visitor services, accessibility and operations at Metro parks, including maintaining and improving restrooms, picnic areas, trails, play areas, and other visitor facilities
- Ensure park visitors of all backgrounds have opportunities to access the benefits of nature, including improved health and well-being
- Provide nature education programs, including for children from low-income families and communities of color
- Create opportunities for community-led nature education and stewardship projects

Accountability

Program expenses will be subject to annual audits and presented in the budget adopted by the Metro Council. An annual report detailing program expenses, accomplishments and progress toward specific outcomes will be presented to the community and posted on Metro's website.

Metro **Measure 26-225**

ARGUMENT IN FAVOR:

CONTINUING OUR COMMITMENT TO CLEANER WATER, RESTORED FISH AND WILDLIFE HABITAT, AND CONNECTING PEOPLE TO NATURE

Nature makes our region more livable. As the Portland area's population grows, it's more important than ever to protect and restore parks, rivers, wetlands, forests and other natural areas for the benefit of people, fish and wildlife.

This November, voters in Clackamas, Multnomah, and Washington counties will have the opportunity to vote YES to protect clean water, restore fish and wildlife habitat, and connect people with nature

Without raising the tax rate, your YES vote on the Parks & Nature Levy Renewal will:

- RESTORE HABITAT AND MANAGE NATURAL AREAS to preserve our region's water quality, wildlife habitat, and legacy of natural beauty for future generations.
- **INCREASE ACCESS TO NATURE** by ensuring parks and natural areas are close to home and accessible to everyone, and continuing Nature in Neighborhoods grants for community-led investments and education.
- MAINTAIN AND IMPROVE EXISTING **REGIONAL PARKS** with operations and maintenance to keep parks and nature destinations safe, welcoming and accessible to all members of our community.

Thanks to voter support, Metro has built an 18,000 acre network of parks, trails and natural areas across Clackamas, Multhomah and Washington counties. Measure 26-225 continues to build on that legacy, targeting smart investments that take care of the outdoor places where everyone can gather, exercise, and play.

By renewing the levy first approved by voters in 2013, funding for our natural areas will extend through 2028, while maintaining the current tax rate of 9.6 cents per \$1,000 of assessed value, or about \$24 per year for a home assessed at \$250,000.

Join us in voting YES on Measure 26-225. Let's keep preserving and protecting the region's natural areas, now and in the future.

Water Quality and Wildlife Advocates Agree: Vote YES on Measure 26-225 for Clean, Safe, and Healthy Water and Wildlife Habitat

Our region is defined by an amazing network of rivers, streams and natural areas. We are home to an incredible array of fish and wildlife especies from iconic salmon to more than 200 migratory bird species. Measure 26-225 restores and maintains healthy waterways and natural areas for people and wildlife—<u>without raising tax rates</u>.

Protection and restoration of our waterways and wildlife habitats is vital to ensuring clean water, clean air, protecting fish and wildlife populations and creating equitable, climate resilient landscapes.

At least 40% of the Parks and Nature levy funds are dedicated to habitat restoration and natural areas management, including **improving water quality** at Metro's parks and natural areas.

Funds from the renewed levy will protect water quality, reconnect vital floodplains, increase native plants, and control invasive species-ensuring that our streams, lakes and rivers and naturals continue to be healthy and safe for current and future generations of Oregonians.

There are a few of the active projects working to protect clean water and restore fish and wildlife habitat across the region at places like Chehalem Ridge Nature Park and Clear Creek and Smith and Bybee Wetlands natural areas. The natural areas levy has been essential to improving water quality and habitat at:

- •
- Wilsonville's Coffee Lake Creek North Portland's Smith and Bybee Wetlands •
- Clackamas County's Beaver Creek Beaverton's Fanno Creek •
- .
- Oregon City's Newell Creek Hillsboro's Tualatin River Cornelius' Council Creek

Your YES vote on Measure 26-225 will ensure Metro has the necessary funds to continue improving water quality and natural habitat through 2028, all without raising taxes.

- New hiking trails and visitor facilities at **Killin** Wetlands Natural Area in Washington County. At Oxbow Regional Park, a new Welcome Center,
- new nature play areas, upgraded campground facilities, and an improved boat launch. Improved access roads and trails at **Blue Lake**
- Regional Park.
- A renovated boat launch at Chinook Landing on the Columbia River, leveraging state funding sources.
- Improved trails for public access and new signage at **Smith and Bybee Wetlands** to help visitors learn about nature.
- Inclusive community engagement at East Council Creek in Cornelius and Gabbert Butte in Gresham.
- Safety improvements across the Metro park system, including updating operations and signage to keep parks open during the pandemic, providing life jackets for water safety, and supporting rangers and other staff to keep parks welcoming to all.

Renewing the Parks & Nature Levy Benefits Clackamas County

Renewing the Parks and Nature levy continues funding to protect and restore parks, rivers, wetlands, forests and other natural areas for the benefit of people, fish and wildlife — right here in Clackamas County.

In Clackamas County, the Parks & Nature Levy has supported many local projects, including:

- Master planning, community engagement and facilities for the newly opened Newell Creek Canyon Nature Park in Oregon City.
- Bringing partners together to restore habitat for endangered salmon and steelhead, birds, turtles and other wildlife at River Island, a former gravel mine in the Clackamas River.
- Improving water quality and fish habitat and Willamette River tributaries including Cleak amas and Willamette River tributaries including Clear Creek, Deep Creek and Abernethy Creek
- Keeping nature parks safe, maintained and welcoming for all, including Oregon City's Canemah Bluff, Happy Valley's Mount Talbert and Scouters Mountain, and Wilsonville's Graham Oaks
- Providing grants for nature education for more than 1,000 elementary school students in the ٠ North Clackamas School District
- Supporting the Clackamas River Basin Council's work to engage manufactured home residents along Sieben Creek in riparian restoration and stewardship

This measure won't raise the tax rate. In Clackamas County, the typical homeowner currently pays only \$31 per year. That's a small price to pay to protect some of our most beautiful natural areas.

CONNECTING PEOPLE TO NATURE: The Parks & Nature Levy Invests in Diverse Communities

Measure 26-225 will **increase opportunities for people** to experience nature in parts of our region that currently have few public parks or natural areas. It will provide funding for parks, rivers, streams, and natural areas in every part of the Metro area, to benefit <u>all</u> local residents.

At least 15 percent of levy funding will continue to support <u>community-led partnerships, education and</u> <u>stewardship programs</u>, offering hands-on experiences that allow people to strengthen their relationship to the natural world while fostering the next generation of leaders.

These programs <u>directly support people of color and</u> <u>other marginalized communities</u>. People connect with nature in different ways and experience different barriers and opportunities to that connection.

Measure 26-225 will ensure that everyone has access to these vital resources, with **grants to local community groups**, such as:

- The Asian Pacific American Network of Oregon's partnership with Friends of Trees and Portland State University to engage East Portlanders in pursuing strategies for neighborhood greening amid hotter summers
- A partnership between Portland Audubon, Tualatin Soil and Water Conservation District, Backyard Habitat and Centro Cultural at Centro Cultural's Cornelius campus to connect Latinx members of the community with nature.
- Partnerships to provide lower-income students and students of color with nature field trips, classroom education and opportunities to participate in habitat restoration, including **Ecology in Classrooms and Outdoors'** work with partners in Lents and North Clackamas schools, and **Verde's** youth nature programs in Portland's Cully neighborhood

Measure 26-225: For Healthier, Resilient Communities

"Portland Audubon strongly supports the Metro natural areas levy renewal. It is a crucial funding mechanism to protect and restore our amazing system of regional natural areas and to connect the community to nature." - Bob Sallinger, Audubon Society of Portland

Our region's parks and natural areas are critical to people's physical, mental, and emotional health. We must continue to take care of the outdoor places where everyone can gather, exercise, and play.

But now, heat waves, wildfire, and extreme weather are threatening our region's people, water, and fish and wildlife. We must continue to invest in parks and nature to limit and adapt to the effects of climate change in our region.

A YES vote on Measure 26-225 will provide ongoing support for Metro's funding of initiatives for cleaner water, restored fish and wildlife habitat, and amenities to encourage recreation and healthy activities—without raising existing taxes.

A YES vote on Measure 26-225 will fund management of Metro sites to maintain ecological health and increase their resilience to extreme weather and other impacts of climate change.

A YES vote on Measure 26-225 supports complex and critical conservation projects that require collaboration between local, state, federal, tribal and nonprofit partners, in particular those related to climate adaptation and resilience.

Measure 26-225 ensures everyone in our region has access to the health benefits of nature and recreation, and builds our region's climate resilience for future generations. Please join us in voting yes.

ARGUMENT IN FAVOR:

MEASURE 26-225: A COST-EFFECTIVE INVESTMENT FOR OUR REGION'S QUALITY OF LIFE AND **ECONOMIC FUTURE**

Our region is able to attract visitors, and recruit and retain high quality businesses and workers, thanks to our unparalleled quality of life. The natural beauty, scenery, and easy access to nature are frequently cited as reasons to locate in our region-growing the economy for all of us.

A YES Vote on Measure 26-225 provides funding for parks and open spaces that make our region a more vibrant place to live, keeping our region economically competitive.

GREEN INFRASTRUCTURE

This measure will help take action to plant more trees, protect cool rivers and streams for fish, restore critical wildlife habitat, and keep our communities livable. These investments save the region's taxpayers money by lowering the costs of stormwater management, flood mitigation, and climate change adaptation.

A YES Vote on Measure 26-225 continues these smart green infrastructure investments, saving us all money in the long run and avoiding costly problems in the future.

EMPLOYMENT OPPORTUNITIES

The levy renewal provides more opportunities to enter and build careers at all levels in the parks and natural area industry. These employment opportunities increase the prosperity of historically marginalized workers and communities, and increase representation within the workforce.

A YES Vote on Measure 26-225 will support projects in every part of the Metro area—in Clackamas, Washington, and Multnomah Counties—that will benefit all local residents.

Metro's Parks and Nature Program: Accountable to Taxpayers and Voters

The Natural Areas and Capital Program Performance Oversight Committee keeps Metro accountable and transparent in its use of capital funds from the 2018 parks and natural areas levy, which raises about \$16 million a year, and the \$475 million 2019 nature bond.

The independent committee provides transparent oversight to ensure taxpayer funds are used responsibly, and reports to the Metro Council annually.

"Parks and natural areas are integral to the well-being of everyone in our region. Our committee is made up of a diverse set of individuals with experience in areas of land conservation, community engagement, working lands, finance, accessibility, [and] equity." - Committee Co-Chair Burt Edwards, May 24, 2022

testimony to the Metro Council

The committee's most recent findings, from an April 2022 report, include:

- "staff has conducted the primary components of the bond work reviewed by the committee-bond finance, land acquisition and community engagement-in a transparent and accountable way.
- "Métro's administrative expenditures to be acceptable in light of the very high bar for engagement set by the 2019 bond measure."

In the year ahead, the committee plans to monitor spending, and continue to review strategies for increased participation for minority, women-owned, and emerging small businesses; making parks and natural spaces accessible to all; and the impact of community engagement on investments.

Measure 26-225 will continue independent review and oversight of levy spending.

Metro's Parks and Nature 2020-21 Annual Report also detailed levy spending through June 2021 compared to what was promised to voters in 2018. The report found that all five categories of spending in the 2018 levy were in alignment with what voters approved:

- Improving public access to natural areas: 10% of levy spending Regional park operations: 29% of levy spending Nature in Neighborhoods grants: 12% of levy
- spending
- Restoring natural areas for wildlife, fish and water quality: 42% of levy spending Nature education and volunteers: 7% of levy
- . spending

Metro Measure 26-225

ARGUMENT IN OPPOSITION:

VOTE NO ON 26-225: METRO HAS ENOUGH PARKS MONEY

Metro says they need more of your tax money for their parks and nature program.

They don't need the money because Metro's parks and nature program is already **sitting on <u>\$450 million</u> of taxpayer money** from the 2019 parks and nature bond measure.

Now, only three years later, they're asking for **<u>\$98 million</u>** <u>more</u>. They always want more.

Where does all that money go?

VOTE NO ON BUREAUCRATIC BLOAT

A huge chunk of the money goes into a black hole of bureaucratic bloat. Metro's own oversight committee reports that over the past three years, 30% of parks and nature spending has been on "administration."

Last year, Metro spent more than <u>twice</u> as much on administration as it did on park improvements and operations.

YOU PAY THE TAXES, BUT YOU'RE NOT ALLOWED ON THE LAND

More than 80% of the land bought by Metro is completely <u>off-limits</u> to the region's residents and taxpayers. Metro won't even show them on a map because they don't want you to know where they are.

Most of the land Metro buys is outside of the region's urban growth boundary. Many of these parcels are zoned farm or forest land and there are no plans to expand the UGB in that direction. These lands don't need any protecting.

NO NEW METRO TAXES

Metro already taxes your home. Metro already taxes your garbage and recycling. Metro already taxes your personal income. Metro already taxes your business income. **Everywhere you turn, Metro is reaching into your pocket for more of your money.**

Metro's pushing hard to impose tolling and congestion pricing on everyone in the Portland region. And, they want to tax you to make traffic jams worse.

Metro wants to tax every dollar you earn and every mile your drive. Tell Metro enough is enough. <u>Vote no</u> on Metro's latest tax grab.

VOTE NO ON 26-225

ARGUMENT IN OPPOSITION:

VOTE NO ON 26-225-NO NEW METRO TAXES

Metro is asking for a new tax levy even though it already has sufficient funds to operate all its parks.

Metro's budgets show over the past 10 years:

- Property tax collections have increased 169% from \$39 million to more than \$105 million a year.
- Spending on its parks and nature program has grown by nearly 175% from \$48 million to \$117 million a year

Unfortunately, much of this money is not even being used to improve public access to Metro's parks. In fact, most of Metro's 18,000 acres of parklands are not open to use by taxpayers.

NO NEW METRO TAXES

In 2016, Metro imposed <u>\$81 million</u> in property taxes for parks and nature.

In 2019, Metro imposed another <u>\$475 million</u> in property taxes for parks and nature.

In 2020, Metro imposed <u>TWO new income taxes</u> amounting to <u>\$250 million a year</u> for "supportive housing services."

Again, in 2020, Metro tried to impose another <u>\$250</u> <u>million a year</u> in payroll taxes to build light rail to Bridgeport Village. By then, voters had enough and voted NO.

It's time to VOTE NO again.

Many Metro parks properties are **<u>gated and locked</u>**; most have inadequate signage so no one can find them. Many are far outside the urban growth boundary. Some are miles away from public transit.

Even if you are lucky enough to find a Metro park, **don't** even think about bringing your dog. Metro prohibits dogs and other pets on virtually all its parklands. But, if you're rich enough to own a horse or mountain bike, Metro's newest park has 10 miles of trails for horseback riding and mountain biking.

Metro's parks program is awash in tax money. <u>There is</u> no justification for this property tax levy, regardless of its stated purpose.
