Clackamas County Commission

To Whom It May Concern,

Please accept this letter in support of any assistance that Clackamas County can provide The Canby Center's Thriving Together Capital Campaign.

First and foremost, The Canby Center (TCC) is an invaluable asset to our community. TCC serves students and community members in need. TCC has been an incredible partner with the Canby School District providing such programs as reading mentors, backpack buddies, and tutors. TCC also serves adults in need in our community by providing important mentorship, education classes, medical care, food, and clothing.

I value TCC's approach to creating relationships and restoring dignity with the people they serve. They provide services that address immediate needs while also empowering and assisting them to find solutions to their long-term needs.

I have watched over the last few years as the leadership of TCC has carefully and thoughtfully planned their building expansion. These leaders know the needs of our community and how they can best be served. I'm excited for the future of TCC!

Our local businesses and community members have rallied with significant financial support of this valuable project. I encourage the Clackamas County Commission to help get TCC's project closer to the finish line by financially supporting TCC capital campaign.

Sincerely,

Thomas Scott
