EXECUTIVE SUMMARY: In February 2022, Clackamas County and the State of Oregon, Oregon Judicial Department (OJD) entered into a Restated Master Funding Agreement for the funding of the replacement courthouse. When the courthouse is completed the Oregon Department of Human Services (DHS) will have office space on the premises, which will include FF&E for the DHS space. FF&E is included as part of the design/build contract and each entity is responsible for their costs related to FF&E. This agreement ensures payment from DHS to Clackamas County for all FF&E items that are the responsibility of DHS.

RECOMMENDATION: Staff recommends BCC approval of this agreement.

Respectfully submitted,

Nancy Bush
County Operating Officer

6. Parties' Contribution for Third Party Claims.

6.1 Generally. If any third party makes any tort claim or brings any action, suit or proceeding alleging a tort as now or hereafter defined in ORS 30.260 that arises from or relates to this Agreement (a "**Third-Party Claim**") against a Party (the "**Notified Party**") with respect to which the other Party (the "**Other Party**") may have liability, the Notified Party shall promptly notify the Other Party of the Third-Party Claim and deliver to the Other Party, along with the notice, a copy of the claim, process and all legal pleadings with respect to the Third-Party Claim that have been received by the Notified Party. Each Party is entitled to participate in the defense of a Third-Party Claim, and to defend a Third-Party Claim with counsel of its own choosing. Receipt by the Other Party of the notice and copies required in this Section 6.1, and a meaningful opportunity for the Other Party to participate in the investigation, defense and settlement of the Third-Party Claim with counsel of its own choosing, are conditions precedent to the Other Party's contribution obligation under this Section 6.1 with respect to the Third-Party Claim.

6.2 DHS Contribution. With respect to a Third-Party Claim for which DHS is jointly liable with County (or would be if joined in the Third-Party Claim), DHS shall contribute to the amount of expenses, judgments, fines and amounts paid in settlement actually and reasonably incurred and paid or payable by County in such proportion as is appropriate to reflect the relative fault of DHS on the one hand and of County on the other hand in connection with the events that resulted in such expenses, judgments, fines or settlement amounts, as well as any other relevant equitable considerations. The relative fault of DHS on the one hand and of County on the other hand shall be determined by reference to, among other things, the Parties' relative intent, knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such expenses, judgments, fines or settlement amounts. DHS's contribution amount in any instance is capped to the same extent it would have been capped under Oregon law if DHS

had sole liability in the proceeding.

6.3 **County Contribution.** With respect to a Third-Party Claim for which County is jointly liable with DHS (or would be if joined in the Third-Party Claim), County shall contribute to the amount of expenses, judgments, fines and amounts paid in settlement actually and reasonably incurred and paid or payable by DHS in such proportion as is appropriate to reflect the relative fault of County on the one hand and of DHS on the other hand in connection with the events that resulted in such expenses, judgments, fines or settlement amounts, as well as any other relevant equitable considerations. The relative fault of County on the one hand and of DHS on the other hand shall be determined by reference to, among other things, the Parties' relative intent, knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such expenses, judgments, fines or settlement amounts. County's contribution amount in any instance is capped to the same extent it would have been capped under Oregon law if it had sole liability in the proceeding.

7. **Independent Parties.** The Parties agree and acknowledge that their relationship is that of independent contracting Parties. Any agreement entered into by County relating to the Project is not an obligation of DHS or any other agency of the State of Oregon. County shall not represent to any third party that County has the power or authority to obligate DHS or any other agency of the State of Oregon.

8. **Parties; No Third-Party Beneficiaries.** DHS and County are the only parties to this Agreement and are the only parties entitled to enforce its terms. Nothing in this Agreement gives, is intended to give or shall be construed to give or provide any benefit or right, whether directly, indirectly or otherwise, to third persons, unless such third persons are individually identified by name herein and expressly described as intended beneficiaries of the terms of this Agreement.

9. **Successors and Assigns.** The provisions of this Agreement shall be binding upon and shall inure to the benefit of the Parties, and their respective successors and permitted assigns, if any.

10. **Compliance with Applicable Law.** Both Parties shall comply with all applicable local, state and federal ordinances, statutes, laws and regulations. All provisions of law required to be a part of this Agreement, whether listed herein or otherwise, are hereby integrated and adopted herein.

The rights and obligations of the Parties shall be construed and enforced as if this Agreement did not contain the particular term or provisions held to be invalid.

12.2 Waiver. The failure by a Party to enforce any provision of this Agreement shall not constitute a waiver of that or any other provision.

13. Governing Law; Venue; Consent to Jurisdiction. This Agreement shall be governed by and construed in accordance with the laws of the State of Oregon without regard to principles of conflicts of law. Any claim, action, suit or proceeding between the State of Oregon and County that arises from or relates to this Agreement shall be brought and conducted solely and exclusively within the Circuit Court of Marion County for the State of Oregon. In no event shall this Section 13 be construed as a waiver by either Party of any form of defense or immunity, whether sovereign immunity, governmental immunity, immunity based on the eleventh amendment to the Constitution of the United States or otherwise, from any claim, action suit or proceeding or from the jurisdiction of any court. Each Party hereby consents to the exclusive jurisdiction of such court, waives any objection to venue, and waives any claim that such forum is an inconvenient forum.

14. Non-Exclusive Rights and Remedies. Except as otherwise expressly provided herein, the rights and remedies expressly afforded under the provisions of this Agreement shall not be deemed exclusive, and shall be in addition to and cumulative with any and all rights and remedies otherwise available at law or in equity. The exercise by either Party of any one or more of such remedies shall not preclude the exercise by it, at the same or different times, of any other remedies for the same Default or breach, or for any other Default or breach, by the other Party.

15. Access to Records. Each Party shall retain, maintain, and keep accessible all records relevant to this Agreement (“**Records**”) for a minimum of six (6) years, following Agreement termination or full performance or any longer period as may be required by applicable law, or until the conclusion of an audit, controversy or litigation arising out of or related to this Agreement, whichever is later. Each Party shall maintain all financial Records in accordance with generally accepted accounting principles. All other Records shall be maintained to the extent necessary to clearly reflect actions taken. During this record retention period, each Party shall permit the other Party’s authorized representatives’ access to the Records at reasonable times and places for purposes of examining and copying.

16. Work Product. *Intentionally Omitted*

17. Debt Limitation. Each Party’s obligations under this Agreement are expressly subject to the limitations of the Oregon Constitution and Oregon Tort Claims Act, and are contingent upon appropriation of funds. Any provisions herein that conflict with the above referenced laws are deemed inoperative to that extent.

18. Integration; Amendment. Except as otherwise set forth herein, this Agreement constitutes the entire agreement between the Parties on the matter of the FF&E. There are no understandings, agreements, or representations, oral or written, not specified herein regarding this Agreement. No waiver, consent, modification or change of terms of this Agreement shall bind either Party unless in writing and signed by both Parties and all necessary approvals have been obtained. Such waiver, consent, modification or change, if made, shall be effective only in the specific instance and for the specific purpose given.

19. Interpretation. The titles of the sections of this Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

20. Counterparts. This Agreement may be executed in several counterparts (electronic or otherwise), each of which shall be an original, all of which shall constitute the same instrument.

21. Survival. All provisions in this Agreement which, by their context are intended to survive the expiration or earlier termination of this Agreement, shall so survive.

22. Necessary Acts. Each Party shall execute and deliver to the other all such further instruments and documents as may be reasonably necessary to carry out the provisions of this Agreement.

23. Force Majeure. Neither Party shall be held responsible for delay or breach nonperformance caused by events outside that Party's reasonable control, including, without limited to, fire, terrorism, riot, acts of God, or war. However, such Party shall make all reasonable efforts to remove or eliminate such a cause of delay or breach and shall upon the cessation of the cause, diligently pursue performance of its obligations under this Agreement.

24. No Attorney Fees. In the event any action or proceeding, including any bankruptcy proceeding, is instituted to enforce any term of this Agreement, each Party shall be responsible for its own attorneys' fees and expenses

25. Attachments. All attachments, addenda, schedules and exhibits which are referred to in this Agreement are incorporated in this Agreement.

26. No Construing Against Drafter. Each Party has participated fully in the review and revision of this Agreement and neither Party shall be considered the "drafter" for the purposes of any rule of construction that might cause any provision to be construed against the drafter of this Agreement.

27. Time is of the Essence. Time is of the essence in the Parties' performance of any and all of their obligations under this Agreement.

28. Calculation of Days. Any reference in this Agreement to "days" will mean calendar days, unless specified as "business days." A business day is any day that is not a Saturday, Sunday or a federal or State of Oregon holiday.

TERMS

Thank you for your consideration of Bargreen Ellingson for your food service equipment needs!

Prices shown in this quotation are for the specified items, quantities, lead-time and named project.

Please note that the above listed prices are valid until the next factory price increase. All applicable taxes are subject to the current rate at time of final invoicing. Should the project scope change, prices may be subject to revision.

Payment Terms are as follows, pending approval from our credit department:

- 50% Deposit due at time of equipment order
- 50% Due prior to the first delivery
- Or terms per PCL contract, TBD

Installation includes delivery and set in place only; electrical & plumbing connections are by others. Bargreen Ellingson is not a licensed electrical or mechanical contractor, nor can we replace the need for an architect or a general contractor who are able to ensure that all elements of the foodservice portion of a project are in sync with other building operations.

Other exclusions include core drilling, X-ray service, structure penetration or crane services (hoisting) unless specifically noted. The general contractor is responsible for any work common to building structure modification, or special lifting requirements. The owner is to allow clear access and free use of elevators, where required, for the Bargreen Ellingson Installers and Sub-Contractors. Any and all work is to be done during regular work hours, Monday through Friday, unless specifically noted in advance. All walls, floors, and ceilings must be in a finished state prior to installation to prevent equipment from being mishandled by other trades. Bargreen Ellingson cannot be held responsible for delays caused by unforeseen events beyond the reasonable control of our personnel or Sub-Contractors.

Quoted Equipment carries only the individual Manufacturer's Standard Warranty unless specifically stated otherwise. In the event of equipment damage that is determined to be the responsibility of Bargreen Ellingson or our sub-contractors, our obligation is limited to required repair or replacement,

and Bargreen Ellingson shall not be liable for any consequential, incidental, or contingent damage, labor charges or loss of business.

Equipment items being supplied conform to applicable codes as they are known. If special codes or circumstances are invoked by governing authorities, it shall be the responsibility of the project owner and the undersigned client agent to pay for any and all additional costs and fees incurred by Bargreen Ellingson. Permits, if required, are not included, unless specifically stated for in the line item costs.

It is the responsibility of the end user to verify all measurements, direction of operation, voltages and utility specifications prior to ordering. Custom fabricated items are not subject to return. Custom items include but are not limited to: furniture, fixtures, hoods, walk-ins or stainless fab. Buy-out equipment may not be returned without written consent from Bargreen Ellingson. When returns are authorized, they are subject to restocking and freight charges to and from the project. Manufacturer-imposed restock fees can range from 25-40%. Credit will not be issued until such time as the merchandise has been inspected and accepted by the manufacturer.

If this project is delayed for whatever reason for more than 120 days from the signing of this contract, please be advised that a 1.5% per month finance charge will be assessed. Product stored but not delivered will accrue storage fees to be determined.

It shall be understood by all parties involved that this document shall become a legal and binding purchase contract upon signing below and receipt of cash funds (checks clear bank) for the down payment as specified above. Signature below by the purchaser acknowledges the acceptance of all terms and conditions as set forth in this contract.

The person signing this contract specifically represents that he/she has the authority to execute this document and its contents on behalf of the purchaser.
