BARRY PACK
DEPUTY SECRETARY OF STATE

STEPHEN N. TROUT
DIRECTOR

255 CAPITOL ST NE, SUITE 501
SALEM, OREGON 97310

(503) 986-1518

Dear Oregon Voters,

We are happy to present the 2012 Voters' Pamphlet for the May Primary Election. On a daily basis my office provides many important services including business registration, auditing and the archiving of Oregon's history. However, the most important service we perform is distributing information to the public. Technology has provided us with the ability to share information and conduct business online. Oregon's elections website: www.oregonvotes.org offers a variety of services including voter registration, the ability to update your registration, ballot tracking and locating the nearest official ballot dropsite.

If you have not registered to vote, and would like to participate in the May Primary Election, you have until April 24, 2012. I urge all eligible Oregonians to vote and exercise the most essential right of our democratic system. Oregon offers the most convenient, accessible, secure and cost effective voting systems. We were the first in the nation to implement an all vote by mail system and we consistently have some of the nation's highest voter turnout rates. Let's continue this Oregon tradition of participation.

Please remember all ballots must be received by your county elections office by 8 p.m. on May 15, 2012. Postmarks do not count. If you have any questions about registration, filling out your ballot or services for those with disabilities, please visit us at www.oregonvotes.org, call our toll free hotline at 1-866-673-VOTE or simply scan the code below with your smartphone.

Sincerely,

Kate Brown

Voters' Pamphlet

Your official 2012 Primary Election Voters' Pamphlet provides you with information about candidates who will appear on your ballot.

It includes instructions for marking your ballot, a complete list of federal and state candidates, as well as other information to assist you through the voting process.

Candidate statements are printed as submitted. The state does not correct punctuation, grammar, syntax errors or inaccurate information. The only changes made are attempts to correct spelling errors if the word as originally submitted is not in the dictionary.

The voters' pamphlet has been compiled by the Secretary of State since 1903, when Oregon became one of the first states to provide for the printing and distribution of such a publication. One copy of the voters' pamphlet is mailed to every household in the state. Additional copies are available at the Secretary of State's office, local post offices, courthouses and all county elections offices. It can also be viewed at oregonvotes.org.

Candidates

In the primary election, candidates are divided into three sections: Democratic candidates, Republican candidates and nonpartisan candidates. Major party candidates appear before nonpartisan candidates and every two years the order in which major political party candidates appear is rotated. For 2012, Democratic candidates appear first. Candidates pay a fee, or submit signatures in lieu of paying the fee, for space in the voters' pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Random Alphabet

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of candidates appear on the ballot.

The alphabet for the 2012 Primary Election is:

S, T, F, U, C, M, P, V, Q, B, G, K, X, N, J, H, Z, I, L, O, Y, W, A, E, D, R

Most of the information contained in this voters' pamphlet is also available in the Online Voters' Guide at www.oregonvotes.org.

Una versión en español de algunas partes de la Guía del Elector está a su disposición en el portal del Internet cuya dirección aparece arriba. Conscientes de que este material en línea podría no llegar adecuadamente a todos los electores que necesitan este servicio, se invita a toda persona a imprimir la versión en línea y circularla a aquellos electores que no tengan acceso a una computadora.

Important!

If your ballot is lost, destroyed, damaged or you make a mistake in marking your ballot, you may call your county elections office and request a replacement ballot. One will be mailed to you as long as you request it by May 10. After that, you may pick it up at the elections office. If you have already mailed your original ballot before you realize you made a mistake, you have cast your vote and will not be eligible for a replacement ballot.

Your voted ballot must be returned to your county elections office by 8pm election day, Tuesday, May 15, 2012.

Postmarks do not count!

County elections offices are open on election day from 7am to 8pm.

Voter Information

United States President

Barack Obama

Democrat

Occupation: President of the United States

Occupational Background: Civil rights lawyer; constitutional law professor; community organizer.

Educational Background: Harvard Law School, J.D.; Columbia University, B.A.

Prior Governmental Experience: State Senator (1997-2004); U.S. Senator (2005-2008)

As President, I have dedicated myself to putting Americans back to work and restoring economic security to middle-class families. I have been driven by the basic values that make our country great: America prospers when we're all in it together, when hard work pays off and responsibility is rewarded, and when everyone—from Main Street to Wall Street—does their fair share and plays by the same rules.

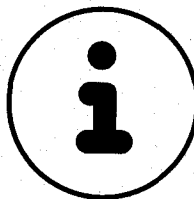

Think about the America within our reach: A country that leads the world in educating its people. An America that attracts a new generation of high-tech manufacturing and high-paying jobs. A future where we're in control of our own energy, and our security and prosperity aren't so tied to unstable parts of the world.

We will not settle for a country where a few people do really well, and everyone else struggles to get by. We will not go back to an economy weakened by outsourcing, bad debt, and phony profits. We're fighting for an economy that's built to last — one built on things like education, energy, manufacturing things the rest of the world wants to buy, and restoring the values that made this country great: Hard work. Fair play. The opportunity to make it if you try. And the responsibility to reach back and help someone else make it, too.

And we're going to keep fighting, right now, to make our economy stronger; to put our friends and neighbors back to work faster; to give our children opportunity even greater than what we knew; to make sure the United States of America remains the greatest nation on Earth.

Local Results. National Leadership.

Dear Friends,

Congress is broken. The American people feel this, but know it doesn't have to be this hard. That's why I'm fighting for commonsense solutions that will help fix our broken government while protecting our families. To help reform Washington, I'm focusing this campaign on Oregon lessons and accomplishments, and on our ideas to lead the nation.

Please visit my website: www.EarlBlumenauer.com for details, as well as an opportunity to share your own ideas.

Wall Street Reform: Reckless lending, hyper-trading, and lack of oversight contributed to the financial collapse. We need to hold corporations accountable, fully implement and enforce new protections, and prosecute the crooks who almost ruined our economy.

Ending "Corporate Personhood": The disastrous Citizens United decision threatens the integrity of our political system by opening the floodgates of unlimited campaign spending from anonymous donors. I'm fighting for constitutional amendments to end corporate personhood and allow public financing of elections.

Agriculture Reform: While the majority of farm subsidies go to large corporate operations, more than 85% of Oregon farmers receive nothing. I support cutting subsidies and shifting funding to programs to help family farmers protect the environment and provide healthy, sustainable food to our families, schools, and farmers markets.

Rebuilding and Renewing America: We need a new national vision to meet the infrastructure challenges of this century and to create family wage jobs. This includes a transportation bill, a Water Trust Fund, and reinstating the Superfund to clean up pollution.

I hope you will join me in this effort so that all of our families are safer, healthier, and more economically secure.

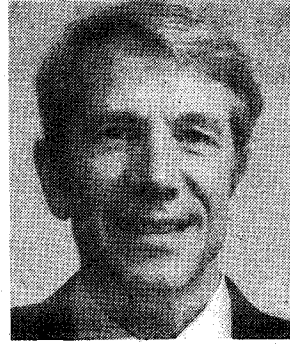

Sincerely,

Earl Blumenauer

Kurt Schrader for Congress Putting Our Families and Communities First

As our Congressman, Kurt Schrader has kept his focus where it should be: on the needs and priorities of our local communities and families during these tough times.

Delivering for Us

- Kurt is working across the aisle to break the gridlock of federal forest management by proposing the O&C Trust, Conservation and Jobs Act, which would provide for thousands of jobs in Oregon's forests.
- Kurt does not believe that corporations are people. He has proposed a constitutional amendment to limit the influence of special interests in our elections.
- Kurt is investing in the future of Oregon's children and our workforce through support of pre-kindergarten, Head Start and community colleges, in addition to strengthening Pell Grants for our college students.
- Kurt led the fight to make sure Newport remained the new base of the NOAA Pacific fleet to bring hundreds of jobs and economic opportunities to the Central Coast.
- Kurt urged Congress to "go big", pushing a balanced approach for more than \$4 trillion in deficit-reduction over the next ten years.

Putting Oregon First

- Kurt holds community meetings throughout the district, homeowner workshops to help families avoid foreclosure, and formed a workgroup of small business owners in the district to come up with legislative solutions to the problems of access to capital.
- He cut through red tape for constituents, winning back over \$1 million in stalled Social Security payments for our seniors, denied VA benefits for Oregon's warriors, and delayed IRS refunds.

"Thank you for the opportunity to be a voice for Oregon values and priorities. I would appreciate your vote -- there is much more work to do." -- Kurt

Educational Background: University of Colorado, B.A.; Northwestern School of Law, Lewis and Clark College, J.D., Environmental Law Certificate; Senior Executive Program, Kennedy School of Government, Harvard

Prior Governmental Experience: State Representative 1991-1996; State Senator 1997-2008; Secretary of State 2009-present

Secretary of State Kate Brown

Integrity — Accountability — Effectiveness

As Secretary of State, Kate Brown has been Oregon's watchdog. She has successfully worked across party lines and kept the office focused on its most important priorities: guarding our election system, auditing state government and making it easier to start a business.

Protecting the Integrity of Our Elections

Our democracy requires that our elections system stays fair, accessible and free of fraud.

- With Kate Brown as Secretary of State, Oregon **received the highest grade in the nation for fairness, integrity and transparency** by the non-partisan Ballot Initiative Strategy Center.
- Kate **cracked down on fraud and abuse** to keep our initiative and referendum system clean.
- Kate implemented oregonvotes.org, enabling over 130,000 Oregonians to register or update their registration online. **The system improves security and accuracy and is more cost-effective.**

Keeping State Government Accountable

The Secretary of State is also state government's "Auditor in Chief." Kate Brown has put real muscle into making sure taxpayers get value for their money.

- In 2010, for every dollar spent on performance auditing, Kate identified 64 dollars in savings and efficiencies.
- During her term, Kate has identified over \$180 million dollars in savings and efficiencies.

Helping Oregon Businesses

In these tough times, everyone needs to do their part in making Oregon a better place to do business and create jobs.

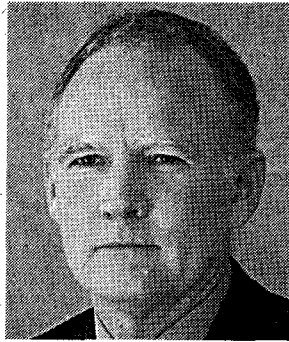

- As the leader of the state's Corporation Division, Kate is creating an online business portal, making it easier for **small businesses and entrepreneurs to start or expand their business** in Oregon.

Secretary of State

Paul Damian Wells

Democrat

Occupation: CNC Machinist

Occupational Background: Electrical Engineer

Educational Background: BSEE Purdue University, 1984

Prior Governmental Experience: none

California and Washington have both adopted "Top Two" elections where all candidates compete in a single open primary, with only two candidates advancing to the general election. Why not Oregon? Open primaries apparently work just fine and Oregon's closed primaries clearly do not. This "private" Democratic primary is financed entirely with "public" money. Doesn't the Oregon Constitution require the same subsidy for all candidates?

Art I, Sect 20. Equality of privileges and immunities of citizens.

No law shall be passed granting to any citizen or class of citizens privileges, or immunities, which, upon the same terms, shall not equally belong to all citizens.

In 1987, the Libertarian Party challenged Oregon's partisan primary system - but was rebuffed by the Oregon Supreme Court:

Without a more substantial showing by the LPO that the purpose of ORS 248.008 and 249.732 is to discourage the development of political rivals of the major parties, we cannot conclude that these statutes violate Article I, section 20, or Article II, section 1, of the Oregon Constitution.

LPO v. Roberts, 305 Ore.238, 1988.

Using the pretense of a criminal trial, the court ignored the equal privileges clause, and instead, acquitted the legislature on all charges for lack of evidence. This is absurd — Supreme Court judges don't decide guilt or innocence, juries do:

O.R.C.P. Rule 51.

A. Issues. Issues arise upon the pleadings when a fact or conclusion of law is maintained by one party and controverted by the other.

B. Issues of law; how tried. An issue of law shall be tried by the court.

C. Issues of fact; how tried. The trial of all issues of fact shall be by jury ...

Someone should find a good lawyer, file a class action lawsuit, and assert that all "issues of fact" decided in LPO v. Roberts, be retried - by a jury.

State Treasurer

Ted Wheeler

Democrat

Occupation: Oregon State Treasurer

Occupational Background: Vice President, Copper Mountain Trust Co.

Educational Background:

Stanford University (B.A.); Columbia University (MBA); Harvard University (Master in Public Policy).

Prior Governmental Experience: Chair, Multnomah County Board of Commissioners.

Community Involvement: Portland Mountain Rescue; Neighborhood House.

LEADERSHIP ROOTED IN OREGON

A fifth generation Oregonian, Ted Wheeler shares Oregon's values, providing experience that creates jobs, improves services, promotes efficiency, and puts Oregon on stable financial footing.

"Ted Wheeler is a leader who gets things done for Oregon. Our future depends on a strong economy, and he will ensure that future through formulating new, innovative economic development strategies and fostering a healthy business environment. I am honored to endorse Ted Wheeler."
Governor John Kitzhaber

DELIVERING RESULTS

Under Ted Wheeler's management, the Treasury has:

- Protected Oregon's finances by holding the line on debt.
- Saved taxpayers millions through profitable investments, boosting the pension plan and the State Common School Fund.
- Re-launched the Oregon College Savings Plan and cut fees in half.
- Earned an upgrade in Oregon's credit rating.
- Stood up for middle class families by recovering damages to public assets from bad actors on Wall Street.

FOCUSED ON OREGON'S FUTURE

Ted Wheeler listens to and learns from the people he serves. He has a plan to:

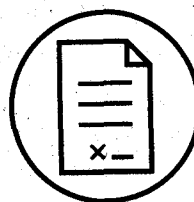

- Create an economic development powerhouse to provide business capital, streamline bureaucracy, and encourage public-private partnerships.
- Make higher education, including technical training programs, more affordable.
- Fund community infrastructure projects through a coordinated, multistate financing mechanism.

Attorney General

Dwight Holton

Democrat

Occupation: Attorney; Adjunct Professor, Lewis and Clark Law School

Occupational Background: U.S. Attorney for Oregon; Assistant U.S. Attorney

Educational Background: University of Virginia Law School J.D.; Brown University B.A.

Prior Governmental Experience: U.S. Department of Justice

The Best Experience

The Right Priorities

Endorsed by 46 Oregon Sheriffs and District Attorneys

Why does Dwight have the overwhelming support of Oregon's law enforcement community? Because he has the experience, priorities and track record we need.

Keeping Us Safe

Dwight Holton was a tough federal prosecutor and served as United States Attorney for Oregon. Over the last 15 years, he appeared in court over 1000 times, prosecuting gang kingpins, mortgage fraud, and drug traffickers.

"Dwight Holton's integrity, courtroom success and good judgment make him the clear choice for Attorney General."

Multnomah County District Attorney Michael D. Schrunk

Preventing Crime Before It Starts

Oregon's teachers endorse Dwight because he knows it's not enough to be tough on crime — we must be smart as well. He demands drug addiction prevention and treatment to address root causes and break the expensive, destructive cycle of crime.

Protecting Kids and Families

A father of two young children, Dwight is especially protective of vulnerable kids and families. He helped crack down on sex offenders who use the internet to prey on children and made it a priority to get illegal guns out of the hands of domestic violence abusers.

"Dwight is a tremendous advocate for victims of abuse and violence. We can count on Dwight to put people first."

Anne Pratt, Vice President, Crime Victims United

Champion for Consumers and the Middle Class

Dwight cracked down on mortgage and securities fraud and scams that threaten people's life savings and jailed corporate polluters.

"Holton has built a reputation as a dogged prosecutor of environmental crimes and those perpetrated by white-collar criminals."

The Oregonian (2/5/2010)

Endorsements include:

Occupation: Oregon Court of Appeals Judge (retired)

Occupational Background: Trial judge; federal prosecutor; attorney

Educational Background:

University of Oregon, B.S., J.D.

Prior Governmental Experience: Multnomah County Circuit Court Judge

The People's Attorney General

"For 36 years I've advocated for and protected the people of Oregon: as a tough federal prosecutor, compassionate attorney in a small Eugene firm, and hardworking, fair judge. As your Attorney General, I will stand up for you against the rich and powerful. I'll bring these principles to the job everyday: fighting crime while looking out for children, seniors, and the vulnerable in our communities."

Ellen Rosenblum

Looking Out for Us

"Ellen is the best candidate to stand up for our seniors against scams and identity theft, protect all women's family planning choices, and ensure Oregon's environmental legacy."

Governor Barbara Roberts

Zero Tolerance for Predators and Abusers

"Ellen's record shows she'll stop sexual predators preying on our children. As Oregon's first woman Attorney General, we can count on her to go after domestic abusers and deadbeat parents."

U.S. Attorney for Oregon Kris Olson

Enforcing the Rules to Protect our Homes and Small Businesses

"Ellen understands what it takes to grow a business. She'll protect Oregon's economy from illegal activity from foreign corporations, polluters, and abusive mortgage lenders."

Mike Roach and Kim Osgood, Paloma Clothing

Standing Up for Education

"Ellen knows our schools need our support to succeed. She decided against a Lottery Commission rule that gave away big profits at the expense of public schools."

Occupation: Licensed Substitute Teacher, Retired USPS

Occupational Background: 1st/2nd Grade Teacher, USPS Employee, Substitute Teacher

Educational Background:

BS Elementary Education-OSU

Prior Governmental Experience: Stayton City Councilor January 2007-January 2011

Senate District 9 is a vast geographical and economically diverse area.

Our region is rich in natural resources which provides jobs, recreation and opportunities.

There is enough to go around, but many aren't benefiting from the bounty.

Our schools are in trouble.

Our education system will serve us better when it receives funding it can count on to make our classrooms safer.

But Senator Girod voted "NO" on Appropriations of Funds to Education (SB 909). He was one of two who voted "NO" on the expansion of bullying laws (HB 2599).

You probably know seniors or disabled individuals who are having a hard time doing without services because of reduced funding.

These cutbacks make it tough for homecare workers and others to do their jobs.

"...Frank passionately represented all the citizens of Stayton... he introduced a resolution supporting the continual funding of Oregon Project Independence...the program which keeps seniors and people with disabilities in their homes."
Stayton Mail-10/20/10 Lee and Catherine Hazelwood

The legislature must continue to address the deficiencies of our current healthcare system. The 2012 session will have a plan introduced by our Governor.

But Senator Girod voted "NO" on funding oversight (HB 2009). He was in the minority when he voted "NO" on funding the All Oregon Children Program (HB 2116).

As your Senator, my voting record will reflect your concerns about how we take care of each other. I will represent ALL citizens of Senate District 9 equally.

"...Frank is a rarity, an elected official who puts community interest above politics."
Stayton Mail-11/10/10 Richard Reid

Occupation: State Senator; Communications Consultant.

Occupational Background: News reporter; environmental issues manager; policy and communications adviser.

Educational Background: Masters in journalism, University of Oregon; B.A., University of Puget Sound.

Prior Governmental Experience: State Senator, 1997-present; Oregon Land Conservation and Development Commission, 1987-93.

Ginny Burdick has served in the Oregon Senate since 1997, and was elected President pro tempore in 2011. She also served as chair of the Senate Judiciary Committee for the 2005 and 2007 legislative sessions and has chaired the Senate Finance and Revenue Committee since 2008.

Ginny Burdick is a strong voice in the State Senate for education, the environment, civil rights, tax reform and sensible gun laws. Here are some of the areas where her leadership made a difference:

- Strong laws to curb the methamphetamine epidemic in Oregon by virtually eliminating home meth labs and increasing funding for Drug Courts.
- Legislation to prohibit discrimination against sexual minorities and allow same-sex couples to form domestic partnerships.
- Legislation to make crosswalks safer for pedestrians by requiring motor vehicles to stop and remain stopped.
- Legislation eliminating tax credits that no longer can demonstrate a clear benefit for Oregon taxpayers.
- Legislation to make bars, taverns and bingo parlors smoke-free.

There remains much work to be done. If voters return her to the Senate, Ginny Burdick will continue her important work to stabilize Oregon's finances with a robust emergency reserve fund. She will fight to increase and stabilize funding for education. She will continue to push for stronger gun safety laws, especially ones to protect Oregon children and schools from gun violence. She will advocate for tax policies and incentives to encourage job growth and economic development, not only in her Senate District but throughout Oregon.

Now, I see it every day-- **there are many families and individuals that are struggling** and counting the days until the next check arrives so that they can provide for their family. We have cutback on the services people rely on, quality public schools, senior care, and services for the vulnerable and we can't do that and provide for our communities. Independent Ideas that Work for Oregon

Making it her business to protect jobs

As a small business owner, Margaret knows small companies drive our economy. That is why Margaret helped create programs that increase small business's access to capital so that they can put Oregonians back to work. Margaret also supported bills that will streamline our economic development money in order to ensure we get the most impact out of it.

Ensuring Oregon's public schools make the grade

A former high school teacher and an education advocate for over 30 years, Margaret knows how important it is to stand up for our schools. Margaret has spent her time in the Legislature fighting against teacher layoffs that are causing increased class sizes.

The healthcare crisis is too real for too many Oregonians

As a member of the Healthcare Committee, Margaret has worked to help fix our broken system by supporting landmark healthcare bills that will bring down cost and increase coverage. She has stood up to the insurance lobby and supports the Attorney General going after insurance companies that commit fraud.

Keeping Oregonians in their Homes

Margaret has seen the pain that foreclosures have brought to communities, and that is why she is working hard to defend people's right to keep their homes. She helped pass a new law that makes banks meet and negotiate with homeowners if they are facing foreclosure or if they are underwater on their home loans.

She's about people. Not politics

"Too many elected officials play politics with our future. We need independent thinkers with new ideas. I reach across the aisle to find bipartisan solutions for our families, because for me, it's about making our community a better place to live"

Effective Oregon Leadership

Dear Neighbor,

There was a time when Oregon's legislature provided leadership to build a better future. Instead of gridlock and partisanship, we built and repaired our transportation system, supported our schools, community colleges and universities instead of disinvesting in them.

I was proud to be a part of that kind of Oregon leadership. Working with colleagues from both parties I helped:

- Forge policies that resulted in the creation of the "silicon forest," making Oregon a world leader in high tech manufacturing.
- Simplify the tax code - removing loopholes, lowering rates and providing incentives for new investments.
- Create workforce-training programs to prepare workers for the new economy and made the hard decisions to invest in our transportation system.
- And as Metro Councilor I worked successfully to have balanced policies that encouraged economic development and jobs while protecting the quality of life and natural heritage that defines our part of Oregon.

We can get back to leadership that works for Oregon and gets Oregon working, especially for middle class families that have been squeezed by the recession and who deserve an even playing field. We need to reinvest in our education system, rebuild our infrastructure and position Oregon's economy to compete and succeed— especially in the new high-tech and green economy where we already excel.

I am proud of my record of getting things done for Oregonians and the people of our community. I ask for your support so that I can use my skills and experience to get us back on track.

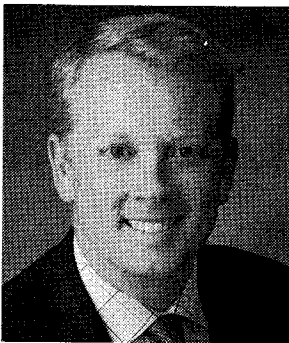

Sincerely,

Carl Hosticka

Prior Governmental Experience: State Representative, 2009-present; Governor's Commission on Public Safety; Senior Policy Advisor, Oregon State Senate; Law Clerk, U.S. Court of Appeals.

Representative Chris Garrett — Moving Oregon Forward

Prioritizing Schools. A product of his own neighborhood public schools, Chris puts education first. He held the line on funding for K-12 during the most challenging budget climate in recent history. He also supported legislation that promotes energy efficiency, seismic, and weatherization upgrades at Oregon schools, making kids safer and creating jobs in communities across Oregon.

Affordable Health Care. Chris supported passage of the Oregon Health Insurance Exchange and the Health Care Transformation Act, critical steps forward in providing more Oregonians with affordable care. Chris also helped pass the 2009 Healthy Kids program, which has extended coverage to 95% of Oregon children.

Protecting Homeowners. In the final days of the 2012 session, Chris negotiated important foreclosure reforms that will expand options for struggling homeowners, require banks to sit down with borrowers in mediation, and end the abusive "dual track" process.

Historic Redistricting Plan. As Co-Chair of the House Redistricting Committee in 2011, Chris led the passage of bipartisan legislative and congressional redistricting plans for the first time in a century.

Getting Smart on Crime. Appointed by Governor Kitzhaber to the Commission on Public Safety, Chris is working on reforms that will make Oregon safer and save tax dollars by preventing future crime.

Brent Barton for State Representative Oregon Leadership for Oregon's Families

Brent Barton grew up in small town Oregon. Brent understands Oregonians' values and priorities because he was raised with them.

The Right Experience

In the private sector, Brent worked with Oregon companies to solve complex business problems — experience that the legislature needs to help improve Oregon's economy. Brent also works with injured Oregonians to ensure they are treated fairly by insurance companies.

A Record of Leadership

As a State Representative, Brent Barton earned a reputation as a champion for middle class families, seniors and small business.

Supporting Jobs and Small Business — Brent wrote HB 3644, which gives small businesses tools to compete, succeed and create jobs and opposes tax breaks for companies who ship Oregon jobs overseas.

Watching the Bottom Line — Brent voted to cut 2 billion dollars in government spending to prioritize schools and other vital services and put state spending online where the public can see it.

Protecting Our Communities and Kids — Brent toughened punishment for sex offenders who victimize children and co-wrote legislation cracking down on metal theft that fueled the drug trade. He also helped pass Healthy Kids, providing health coverage to 80,000 children.

Defending Seniors and Veterans — Brent protected Oregon Project Independence to keep seniors living independently in their homes instead of being forced into nursing homes. He improved access to education, health benefits and job opportunities for our returning troops.

Cracking Down on Financial Abuse — Brent strengthened consumer protections against banks, credit card companies and collection agency harassment. To lower the cost of health care he voted to require insurance companies to justify rate increases.

Carolyn Tomei

Accomplished Legislator and Respected Leader

Carolyn Tomei continues to fight for:

- Living wage jobs for all Oregonians
- Environmental policies that respect our natural resources
- Fair and adequate funding of our public schools
- Affordable prescription drugs and health care services
- Community safety for citizens and businesses

As Chair of the House Human Services Committee, Carolyn Tomei works to maintain funding to improve services that protect vulnerable children and seniors.

Appointed to the Alcohol and Drug Policy Commission, Carolyn Tomei advocates efficient use of our drug treatment dollars with an emphasis on prevention.

Serving on the House Judiciary Committee and the Oregon State Hospital Advisory Board, Carolyn Tomei helps balance the need for public safety with the rights of our mentally ill.

As a member of the Sellwood Bridge Policy Advisory Group, Carolyn Tomei helped secure significant state funding for the Sellwood Bridge.

As a member of the House Consumer Protection Committee, Carolyn Tomei championed the bill to ban hand held cell phone use and texting while driving.

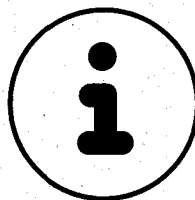

As a health champion, Carolyn Tomei crafted and passed the Oregon Indoor Clean Air Act which now protects workers against secondhand smoke.

"Carolyn Tomei is an exceptional legislator who cares deeply about her community. She is effective, hard-working and is always there for her constituents."

Shemia Fagan

Occupation: Business Attorney

Occupational Background:

Educational Background: The Dalles High School; Northwest Nazarene University; Lewis &

Clark Law School

Prior Governmental Experience: David Douglas School Board

I'm Shemia Fagan and I would like to represent you in the Oregon House.

I was raised by my dad in eastern Oregon. As a single dad raising three kids, my family struggled to make ends meet. But I was lucky. Between my dad, our family, and our church, I always had a safe place to go after school, help with my homework, and enough to eat.

My dad drilled into us that education and hard work paved the road out of poverty. My older brothers and I listened and today, we've built successful careers—mine as a business lawyer and my brothers in the trades. Hard work, great schools, and support from our community made that happen.

Today, I worry that the same opportunities that helped my family won't be there for Oregon kids. **I'm running because I believe I can help change that.**

As an elected volunteer on the David Douglas School Board and a business lawyer at Ater Wynne, I see firsthand the impact a shrinking economy has on families and businesses in Oregon.

- I'll focus on **job creation** by getting more money into the pockets of regular families who will spend it in the local community.
- I'll give **small businesses** a level playing field by holding unscrupulous corporations accountable when they cheat.
- I'll fight to bring back the same **great schools** that Oregon gave me— both for our kids and for the Oregon businesses who hope to hire them someday.
- I'll work to give shoppers a **fair marketplace**, so we are not tricked by misleading terms and fine print.

We deserve better than politicians who only serve the loudest and wealthiest among us.

I know that strong leadership begins with listening.

And that's why I'm asking for your vote.

Please join the conversation at www.ShemiaFagan.com.

PROVEN EXPERIENCE - PROGRESSIVE LEADERSHIP

Investing in Oregon:

By investing in our roads, bridges and other local infrastructure projects we will be adding jobs as we lay the foundation for tomorrow's economy. We can create jobs in our communities by targeting state resources to give our small businesses the access to capital they need to grow.

Education:

Every Oregon child deserves not just a quality education, but a chance to further his/her education beyond high school.

As a school teacher, I saw the challenges students face. By offering easier access to technical training and community colleges, we can make it possible for every student to excel. I supported the founding of Mt. Hood Community College and am proud to have served as one of its initial board members.

Environment and Natural Resources:

Within one of the most beautiful states in the nation, we are blessed to live in the most beautiful district. As a legislator, I recognized that protecting our environment should be done at all levels, and could be done effectively with rational laws. I am very proud to have passed the ORIGINAL bottle bill, the one that set a mark for Oregon and for the nation.

Civil Justice:

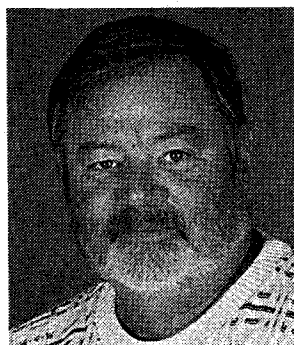

I am appalled by the legislative assault on women's rights in Washington DC and many states. In the Oregon legislature, I successfully worked to equalize the playing field for women, and will continue to fiercely defend a woman's right to her own health care choices. Equal rights, access and responsibility are concepts I hold dear for all our citizens.

Personal: Married with three children and 9 grandchildren. Central Oregon has been home since 1979.

I am running because I believe we need a representative that will be our voice, the voice of middle class families in Central Oregon. As your elected official it is my duty and obligation to represent the families of District 59 and Oregon. I promise to make your priorities my priorities. As your Representative I will work on:

Jobs: Because small businesses are the backbone of our economy, it is important that Oregon is open for business. The government needs to be a partner in economic development by allowing Oregon businesses to grow and hire employees by cutting red tape and making sure we don't increase taxes on businesses that keep our economy going.

Control Spending: In order to protect services like education, we need to control spending and ensure transparency and accountability in government spending. We need accountability and full disclosure on all budgets, including reserves and audit reports, available to everyone.

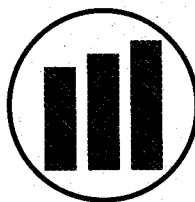

Education: Stable funding for K-12 and higher education is a must if we want to compete in the global economy, prevent further teacher layoffs, and bring down class sizes.

I hope that I can earn your support.

A Message from Democratic Party of Oregon Chair Meredith Wood Smith:

Today, your voice and vote are needed more than ever before. Corporate special interests are trying to drown out the voice of average Americans with highly-paid lobbyists and unlimited campaign spending. While Republicans fall in line for the 1%, the Democratic Party is fighting for working men and women. Democrats know we must look out for those struggling in a tough economy, protect homeowners from unfair lending practices, invest in public education, and expand access to affordable health care.

The Democratic Party of Oregon is comprised of volunteers just like you who make our party what it is.

I invite you to join the Democratic Party of Oregon as a Precinct Committee Person and work with us to stand up for the 99%.

What are Precinct Committee Persons and what do they do?

Representative democracy only works if people like you are informed, involved and active. You understand that democracy is not a spectator sport, and as a Precinct Committee Person, you are the very foundation of what we do -- you have the power to enact change by:

- Registering voters and increasing voter turn-out in your neighborhood
- Electing Democratic county, state and national party leaders
- Keeping the Democratic Party and elected leaders informed about the issues important to you and your community.
- Making sure the Democratic Party represents you
- Determining the direction of the Democratic Party

How do I become a Precinct Committee Person?

First you must be a registered Democrat. If you filed with your county elections office as a Precinct Committee Person candidate for the May primary, your name will appear on the ballot. If not, you may write in your name on the ballot. To be eligible to win by write-in, you must receive a minimum of three votes. This can often be accomplished in your own household, but you are best served by reaching out to as many neighbors as possible. You can also be appointed by your local county committee by attending a meeting and expressing interest. Find out more at www.dpo.org.

Be empowered!

The job of Precinct Committee Persons can be large or small, depending on your own initiative. If you accept, you will be called upon to perform some basic activities like:

- Helping distribute materials to your neighbors
- Organizing and participating in phone banks
- Recruiting new volunteers
- Attending local trainings and meetings

The Democratic Party of Oregon encourages new leadership and creates opportunities for all Democrats to fully participate in activities of the party. Many of our elected leaders in Oregon started off as Precinct Committee Persons in their communities.

To get involved, contact us at:

Democratic Party of Oregon, 232 NE 9th Ave., Portland, OR 97232

Educational Background: Gettysburg College, B.S.;

Duke University, M.D.

Prior Governmental Experience: Member of Congress (1976-1977, 1979-1985, 1996-Present)

Congressman Ron Paul is America's foremost champion of constitutional government, individual liberty, free markets, and sound money. He is married to his high school sweetheart, Carol, and they have five children and 18 grandchildren. Ron Paul served in the Air Force and the Air National Guard during the 1960s, and, as an OB/GYN, he has delivered over 4,000 babies.

In 1976, Ron Paul was one of only four congressmen to endorse Ronald Reagan over President Ford.

Dr. Paul has earned a reputation as Congress' most principled member by voting against any legislation that violates the Constitution, raises taxes, or infringes on individual liberty.

For years, Congressman Paul warned about the Federal Reserve's dangerous policies - even predicting the collapse of the housing bubble and the financial crisis years in advance. Congressman Paul, and the movement he has inspired, have made the Fed's actions a central issue in American politics.

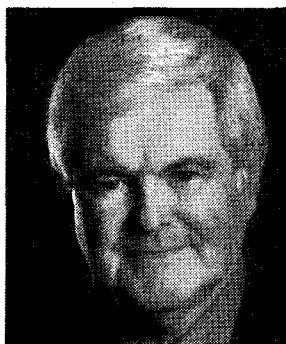

Dr. Paul's knowledge of, and leadership on, the issue of monetary policy was recognized by the House leadership when they appointed him Chairman of the House Subcommittee on Monetary Policy, Technology and Trade in 2011.

As President, Ron Paul will fight to pass his Plan to Restore America, which cuts a trillion dollars from the federal budget in one year by eliminating five cabinet departments - Education, Energy, HUD, Commerce, and Interior- ending foreign aid and corporate welfare, and rolling back all other domestic spending to fiscal year 2006 levels. The plan balances the federal budget in three years, and it stops federal agencies from enforcing unconstitutional regulations stemming from "ObamaCare," Dodd-Frank, and Sarbanes-Oxley. The plan also permanently extends the Bush-era tax cuts, repeals the estate tax, ends taxation on the repatriation of foreign capital, reduces the corporate tax rate to 15%, and ends all taxation on savings.

Occupation: Self Employed

Occupational Background: Speaker of the House, United States House of Representatives, (1995-1999); House Minority Whip, 1989-1995; Representative, United States

House of Representatives, (1979-1999); Professor, West Georgia College, (1974-1979); Author, Professional Speaker, Historian

Educational Background: Emory University, BA; Tulane University MA/PHD, Modern European History

Prior Governmental Experience: United States Congress

America is at a crossroads. We can choose to continue the same failed policies, with government encroaching on more parts of our lives, with entrenched and unaccountable bureaucracy, with too much dependency, with weakness abroad. Or we can choose to rebuild the America we love—the America of freedom and independence, of work and opportunity, and of strength in the world. To choose renewal will require extraordinary leadership. Timid alternatives and the path of least resistance are unacceptable. *I believe this historic moment demands a bold conservative with bold solutions.* It will require upending the old order in Washington that has lost the trust of the American people and protects the current dysfunction. Before I led the Republican Revolution in 1994, winning the first reelected Republican House in more than 40 years, few thought it was possible, even in our own party. We did it by offering Americans a real choice and asking them to help us force change. We reformed welfare, lifting millions of Americans from poverty. We balanced the budget for four straight years—the first time since the 1920s. We passed the biggest capital gains tax cut in history, helping create 11 million jobs. And we did it all while paying down \$400 billion from the national debt. It can be done. But in 2012, it will take a big change election to get bold solutions. *This November, we must offer the American people a genuine choice.* With your help, we can rebuild the America we love.

United States President

Mitt Romney

Republican

Occupation: Former Governor of Massachusetts

Occupational Background: I am not a career politician. I spent most of my life in the private sector, where I helped launch or rebuild more than

100 companies, including household names such as Staples, Bright Horizons, and The Sports Authority. I also have a record of accomplishment as a public servant, having served as Governor of Massachusetts and CEO of the 2002 Winter Olympic Games in Salt Lake City.

Educational Background: JD, Harvard Law School; MBA, Harvard Business School; BA, Brigham Young University.

Prior Governmental Experience: As Governor of Massachusetts, I cut taxes 19 times while balancing the budget four years in a row. I cut red tape for small businesses, signed into law job-creating incentives, and fought hard to bring new businesses to the state. By the end of my term, the state had amassed a \$2 billion rainy-day fund.

I am running for president to get America back to work, protect our national security, and ensure our country remains the leader of the free world.

In 1999, the Winter Olympics were on the verge of collapse amid corruption allegations. I was asked to take over. I revamped the organization's leadership, trimmed the budget, and restored public confidence. In the end, we staged one of the most successful games of all time.

As president, I will repeal the national healthcare law. I'll get rid of job-killing regulations, open new markets for American exports, and unlock America's energy resources. I'll reduce taxes and bring an end to runaway spending and borrowing in Washington. I'll make the federal government simpler, smaller, and smarter.

I will reverse the defense cuts of the past three years, rebuild our military, and ensure that this century will be another American Century. Together we can create an Opportunity Society where hard work, education, and risk-taking allow people to achieve their dreams.

Educational Background: Portland State University, theatre arts, general studies; Sylvania Community College, theatre, history; San Jose City College, A.A. History, journalism, editor-in-chief SJCC Times.

Prior Governmental Experience: None

Are you tired of watching America fall?

Shouldn't America return to a Full Employment Policy (3% or less unemployment)--bringing higher wages, increased security, better retirements, less inflation, a brighter future for you and your children?

Do you want to see America again the industrial powerhouse, the moral model, the light and hope of the world?

Does it make any difference to cut or raise this tax or this spending if we send your job overseas? Does it help you if we borrow money to create jobs here if they're filled by illegal immigrants?

Solution--stop sending your jobs and your children's jobs overseas. Stop importing goods made by slave workers and sweat shops overseas that you can't compete with as a worker because you and your family can't live on \$5 a day. Go back to a system of tariffs and encouraging American products and manufacturing, and controlling immigration. The Republican party started out as both the party of the common man and business and it can be so again. Because of the iron law of economics, Supply and Demand, scarcity drives prices up. With a surplus of labor comes mass misery, with a shortage of labor comes mass prosperity. With full employment, employers must compete for your skills, driving wages and benefits up. Yet, business benefits also, because well-paid workers spend more money, creating more business opportunities.

I am pro-life, pro-union (member or former member of AFTRA, IAM, Teamsters, ATU), and pro-American.

I pledge to: end off shoring, end outsourcing, end illegal immigration, restore tariffs, support cheap and abundant energy, Support the Constitution with special emphasis on the First, Second and Fourth Amendments.

Occupation: Small Business Owner

Occupational Background: A successful leader, who understands the challenges of running both a small business and large manufacturing

companies. Fred has more than thirty-five years of experience in the agricultural, energy and wood products industries. His past experience includes President & CEO for a manufacturing facility converting agricultural waste into building materials.

Educational Background: Presidential Key Executive MBA, Pepperdine University - B.S., Linfield College A.S., Apprenticeship Trades, Lane Community College - Oregon Journeyman Millwright Certification, Licensed Journeyman Electrician, Welding Certifications in MIG & TIG.

Prior Governmental Experience: Junction City School Board Budget Committee, 1985-1986.

Military Service: Sergeant, U.S. Army, 101st Airborne Division - Assault Helicopter Company, Vietnam Service, 1970-71. Honorable discharge

Community Activities: Active in charitable, Church and Boy Scouts activities including duties as Assistant Boy Scout Troop Leader. Currently, 4th Degree Knight of Columbus.

Personal: Married 22 years, Fred and his wife Stephanie have two Sons 13 & 15 years old and live in Marion County. He was raised on a family dairy farm.

Job creation: Fred Thompson has been instrumental in creating and/or saving hundreds of high-paying jobs by building manufacturing plants. Also key advisor in helping a colleague establish the 7th-Largest Woman-Owned Business in the U.S. that manufactures energy products.

Fred Thompson's Priorities:

- Fred will fight for and restore benefits taken away from senior citizens who rely on Medicare and Social Security Services.
- Fred will bring back manufacturing and create high-paying jobs for Oregon.
- Fred will focus on returning Oregon's Federal Timberland to the control of Oregonians.
- Fred will work for a reduction in the tax burden for all families and businesses, holding government accountable for out-of-control spending and policies.
- Fred will support military Veterans.
- Fred will improve Oregon's suffering education system and support reinstatement of Trade School education.
- Fred will defend the Timber, Farmers, Dairy, Wine, Greenhouse and Fishing Industries, while protecting Oregon's clean water, clean air and wild life habitat.

Representative in Congress, 5th District

Karen Bowerman

Republican

Occupation: Business and management education; advisor to entrepreneurs for business growth.

Occupational Background: 37 years' service in higher education at major universities:

Dean Emeritus; Dean, College of Business and Public Administration; Professor of Management; manager of a financial company; writer on leadership.

Educational Background: Ph.D. Texas A&M University; M.A. Kansas University; B.A. Political Science, Wichita State University.

Prior Governmental Experience: 50+ Advisory Board, City of Lake Oswego; U.S. Secretary of Commerce appointee for District Export Council, Executive Board to assist in expanding international exports; Executive Director, Texas Commission on the Status of Women, Office of the Governor; Intern with Kansas Governor's Education Advisor.

Family: Husband of 34 years, Earl; tree fruits, grapes and blueberries. Live in Clackamas County. Four children and three grandchildren.

Fiscal Responsibility:

Congress must exhibit restraint in spending in order to eliminate our climbing debt and reduce taxpayer burden. Fiscal reform is critical to work rapidly toward a balanced budget. Karen supports tax reform with simplification of tax code.

Job Creation through Limited Government that Delivers Core Services:

We must continue to push for responsible utilization of our renewable natural resources including logging and fishing, both for job creation and for our counties' revenue stability. Standing with courage, Karen will lead reduction in redundant, costly regulations that kill jobs. She will work simultaneously to reduce wasteful government spending, while giving visionary support for Social Security and Medicare in which seniors have invested.

Free Enterprise:

Karen supports free enterprise and expansion of exports for job creation. Prosperity and private sector jobs in construction and other sectors will return through economic certainty and control of excessive regulation.

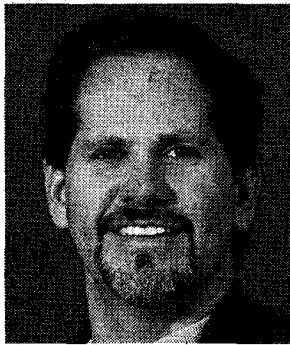

I ask for your vote and so that I may serve as a rational, honest voice for both rural and urban Oregon. Know that my values (family, faith, Constitutional liberty, and the rule of law) and continuous communication throughout the District will shape my decision-making on policy.

Knute Buehler

Republican

Occupation: Physician; small business owner; inventor

Occupational Background: Orthopedic Surgeon; Medical Product Design

Educational Background:

Rhodes Scholar, Oxford University, M.A., Politics and Economics; Johns Hopkins University, M.D.; Oregon State University; Roseburg High School

Prior Governmental Experience: none

AN OREGON STORY

Raised in Roseburg, I attended public schools and paid for college by working in Oregon's forests and driving delivery trucks. Over 15 years in Bend, I've led a 170 employee medical practice, helped thousands of patients walk without pain, invented medical technology sold globally, and raised a family. This state's given me a lot; I'd like to give back.

OREGON'S IN TROUBLE

We've fallen behind other states in employment, education, and hunger. Oregon ranks 48th in economic comparisons and unemployment is 8.8% (15% in some counties). We have one of the nation's shortest school years, and only 66% of high school students graduate in 4 years. Oregon families rank 3rd hungriest in the nation. It seems career politicians cater more to those who fund their campaigns than those in need.

GET OREGON WORKING

I know Oregon can do better. Our vision of a healthy, vibrant people is suffocating under a lack of state leadership. Government is not working to help Oregonians prosper. The Secretary of State's office is supposed to support entrepreneurs, but currently just processes paperwork and maintains a database. We can do better. I'll work to retain the jobs we have while attracting new ones.

WORKING FOR WHAT'S IMPORTANT

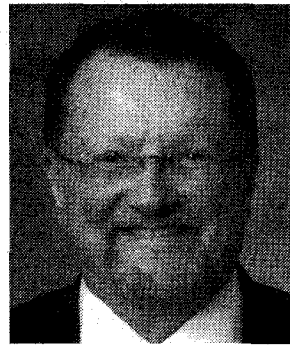

We need to direct less money to government and more money to Oregon families in need. Our priorities need to be education, public safety, and helping Oregonians, who need support, build a better future. I'll bring new responsibility to Salem so your tax dollars get to those in need. I've fought special interests and for campaign finance reforms, and I'll continue fighting for you.

Fred Girod - A Leader We Know, A Friend We Trust

"If you're like me, you're sick and tired of politics as usual in Salem. As voters, we say one thing but the politicians from Portland and Eugene do another. We need a balanced budget without new taxes and stop the expansion of government. We need to create a level playing field for timber and agriculture and repair our troubled education system. Together we can make this vision work in Salem."

FRED WILL FIGHT FOR JOBS

A Strong Steward for Agriculture

Fred believes agriculture is the foundation of our district's economy and will work to provide a level playing field for our farmers. Fred will work to sustain the will of the voters and protect private property rights.

A Champion for Timber

No one understands better than Fred how hard the decline of the timber industry has hit our local economy. In 2012 he led the charge in the Oregon Legislature to return federal timber lands to Oregonians. Fred wants to clear the barriers to responsible cutting of timber and recognize the value our timber industry brings in terms of jobs, investment, and environmental stewardship.

A Leader for Public Safety

Fred will continue to protect the voter-approved mandatory minimum sentences which put violent offenders behind bars. He will also fight for additional funding to boost the number of Oregon State Police Troopers we have on the roads.

A Voice for Sportsmen

An avid fisherman, Fred will protect the rights of hunters and fishermen.

Information provided in candidates' statements has not been verified for accuracy by the county.

Voting is as Easy as 1-2-3

① Vote your Official Ballot

Locate the candidate or measure response (YES or NO) of your choice for each contest. To vote, you must completely darken the rectangle to the left of the response of your choice with black or blue ink. [Figure 1]

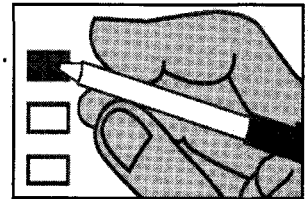

Fig. 1

To vote for a candidate whose name does not appear on the Official Ballot, completely darken the rectangle to the left of the blank line provided for the office and fill in the blank with the full name of the candidate. [Figure 2]

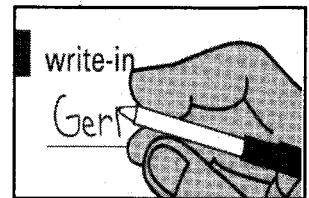

Fig. 2

Remember: If you vote for more than the number of candidates allowed for an office, or you vote both YES and NO on a measure, it is called an overvote, and your vote for that candidate or measure will not count. [Figure 3]

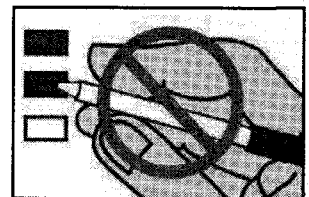

Fig. 3

② Review your Official Ballot

Ensure you have correctly marked your choice for each contest. Your official ballot may contain contests printed on both front and back. If so, remember to vote both sides!

If you lose your ballot, make an error on it or spoil it in any way, contact the Clackamas County Elections Division at **503.655.8510** (or TTY at 503.655.1685) to request a replacement.

③ Return your Official Ballot

Place your voted Official Ballot in the Ballot Secrecy Envelope and seal it. Place the sealed secrecy envelope inside the Return Ballot Envelope (white with a colored edge) and seal it.

Remember: Read and sign the Voter's Statement on the Return Identification Envelope. **Your ballot will not be counted if the Return Identification Envelope is not signed.**

By Mail: Attach sufficient first-class postage to the signed and sealed Return Identification Envelope. Mail it as soon as possible; it must arrive at Clackamas County Elections Division no later than 8:00 p.m. on Tuesday, May 15, 2012. **Remember, the postmark does not count!**

In Person: Deliver the signed and sealed Return Identification Envelope to any official ballot drop site (see list on page 3-4) no later than 8:00 p.m. on Tuesday, May 15, 2012. **Postage is not required if ballot is delivered to a drop site.**

**Do you have questions, or need assistance voting
due to permanent or temporary disability?
Please call the Elections Division at 503.655.8510 (or TTY 503. 655.1685).**

What's new?

Clackamas County now provides unique Precinct Committeeperson ballots for each precinct. No more hunting for your precinct number on the outer envelope; the ballot you've received is all you need. Unique PCP ballots also allowed us to cut our paper usage by about 75%!

On your precinct committeeperson paper ballot, note the number of **male and female** candidates for which you may vote. If the precinct is designated "Vote for One," you may vote for one male **and** one female candidate. If it says "Vote for Two," you may vote for two male and two female candidates, and so on. The total number allowed *includes* any write-in candidates.

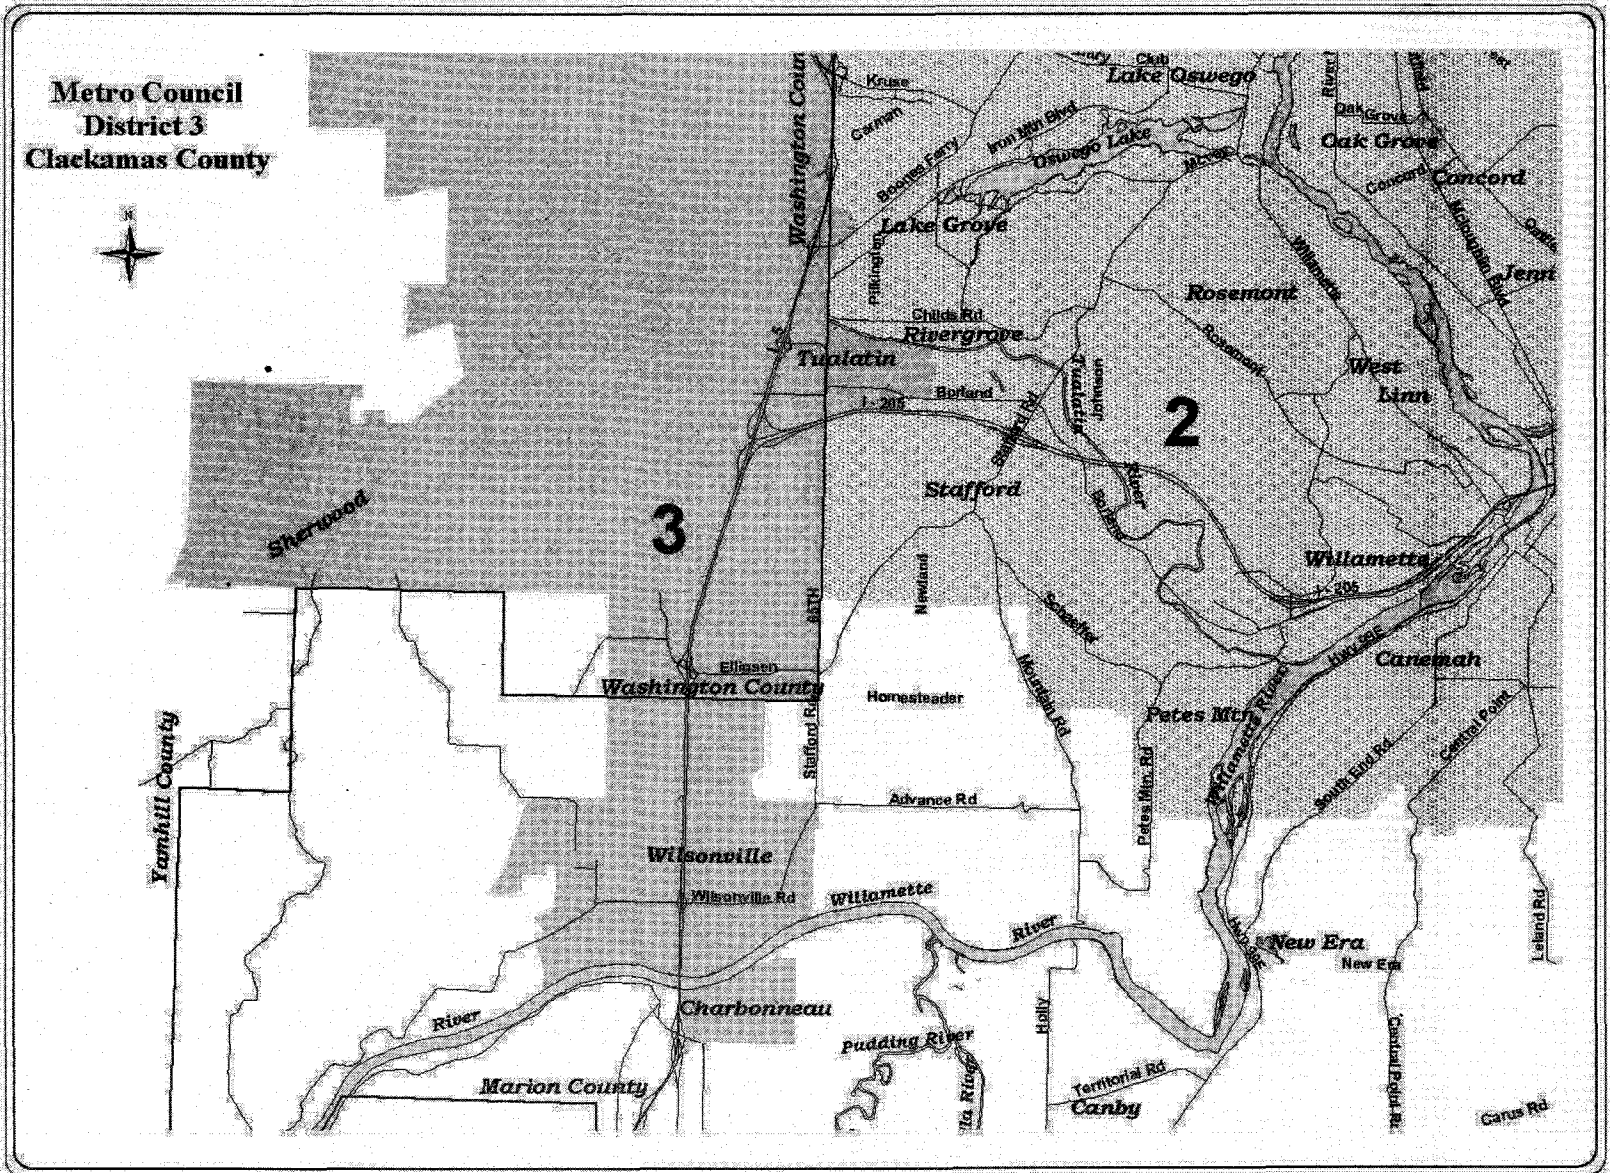

Remember to completely fill in the rectangle to the left of the candidate name(s) of your choice.

Write-In Candidates

If no one in your precinct has filed for any of the precinct committeeperson positions, the words "No Candidate Filed" will appear, followed by spaces for writing in candidates' names.

If you choose to write in names of candidates, do so by printing their full name on the line provided, and completely fill in the rectangle to the left of the line.

Enclose your PCP ballot with your regular ballot in the secrecy envelope.

Clackamas County Commissioner Position 1, Chair

Dave Hunt Nonpartisan

Occupation: Executive Director, Association of Pacific Ports; State Representative

Occupational Background: District Director, Congresswoman Darlene Hooley; Oregonians for Quality Health Care

Educational Background: Columbia University; Sheldon High School, Eugene

Prior Governmental

Experience: Oregon House Speaker; Oregon City School Board; Clackamas County Citizen Involvement Committee

Community Involvement: Oregon City Rotary; Jennings Lodge CPO; North Clackamas & Oregon City Chambers of Commerce; Southlake Church

Personal: Married to Tonia Hunt; children Andrew (16) and Emily (12)

DAVE HUNT FOR CLACKAMAS COUNTY CHAIR

Clackamas County needs a strong new leader who will listen and then find solutions for the problems we're facing.

Better Job Training and Education

Clackamas County needs more jobs. We need to make skills training and education available to everyone, which is why **Dave** increased career training in our high schools and community colleges.

Growing Businesses

Dave will retain and recruit businesses to Clackamas County. As House Speaker, **Dave** brought home \$100 million for our Sunrise Corridor and millions more for roads across our county. As County Chair, he'll help businesses expand and hire local workers.

Listening to All Residents

Dave gives taxpayers a greater voice by holding evening Town Hall meetings in every city and community, every year. He's focused on moving us forward, not to the left or right.

Using Taxpayer Money Wisely

Instead of borrowing millions of dollars to build expensive county office buildings, Clackamas County should invest in job creation. **Dave** froze his legislative pay and cut state agency middle management, so more money goes to jobs, schools, health care, and public safety.

Join business owners, teachers, veterans, and community leaders in supporting **DAVE HUNT** for Clackamas County Chair.

"Integrity. Caring. Dynamic. Communicative. A consensus builder." - The Oregonian 2/2/2008

It's time to move Clackamas County beyond partisan politics to create real local job growth. And only Charlotte Lehan has the experience to grow our economy, keep our families safe, and preserve our quality of life.

A Record of Creating Jobs

Charlotte Lehan has a record of growing local jobs. As Mayor of Wilsonville, she led the city to unprecedented growth: tripling the local job base by attracting some of the state's largest employers to relocate or expand their operations.

"Charlotte Lehan, the mayor of Wilsonville... led her city to unprecedented, and balanced, growth, tripling its population, job base and assessed value."

The Oregonian, 5/4/2008

Keeping our Families Safe

Charlotte Lehan has partnered with the Sheriff to sharply reduce crime in our communities. She worked hard to secure funding that keeps 19 deputies on the streets and 84 jail beds open. **The Clackamas County Peace Officers Association** endorses Charlotte because of her commitment to public safety.

Preserving our Quality of Life

A seventh generation Clackamas County resident, Charlotte Lehan understands that our open spaces, local parks, family farms, and forestlands improve our quality of life. That's why she is the only candidate endorsed by the **Oregon League of Conservation voters and Sierra Club.**

We're supporting Charlotte Lehan!

Community Service: West Linn-Wilsonville School District Long Range Planning Committee; Wilsonville Chamber of Commerce President; Wilsonville Rotary President; volunteer firefighter; Clackamas County Association of Realtors President; Coffee Creek Correctional Facility Volunteer of the Year

"JOHN LUDLOW stands with the vast majority of Clackamas County citizens who have repeatedly voted to keep the Portland agenda out of Clackamas County. John is the ONLY candidate for County Chair who is on our side."

-Mayor Steve Spinnett, City of Damascus

JOHN LUDLOW is the only candidate for Clackamas County Chair who:

- Voted with and supports the 63% who beat the Sellwood Bridge vehicle licensing tax;
- Voted with and supports the 70% who required a countywide vote on Urban Renewal debt; and
- Supports the new initiative to require a countywide vote on expensive rail transit.

"JOHN LUDLOW has repeatedly challenged the status quo and fought wasteful government spending in and out of public office." *-Mary Olson, Lake Oswego City Councilor*

John's Plan:

- 1) Transform Clackamas County into the job creating engine of Oregon.
- 2) Make the county's spending priorities: public safety, road maintenance, and services for our most vulnerable citizens.
- 3) Enlist county employees in finding and eliminating wasteful spending.

Clackamas County is at a Crossroads

County debt has escalated and businesses are struggling. Measures 66 & 67 discouraged businesses from hiring and caused business closures and lost jobs.

Representing the Voters

Paul Savas was against the Sellwood Bridge fee and defended the citizen's right to vote on Urban Renewal and Light Rail. He preferred placing those on the ballot and in fact, he voted to place measures on the ballot in 2005 & 2009.

Tired of Politics as Usual?

Citizens expect the county chair to have integrity, common sense, and a demonstrated ability to build and maintain relationships. Voters are tired of controversy, deception, negative campaigning, divisiveness, and instability.

Common Sense & Tough on Spending

Paul Savas is a welcome change. Paul worked to cut over 40 million dollars from a wastewater treatment project. Last year, the county budget was reduced by 16 million dollars. Wasteful spending must stop.

Experience

Paul Savas has promoted business friendly policies that will attract new employers, and create JOBS. His 25 years as a business owner and 11 years of local government work brings a blend of experience we desperately need.

A Vision for the Future

A strong local economy with quality **JOBS**, vibrant businesses that are expanding and hiring, roads and highways without congestion, flourishing natural resources like our pristine rivers, forests, and farmland, safe neighborhoods where children and elderly live without fear, property rights are protected, and our veterans and elderly live securely.

JEFF CATON - Grow Local Jobs and Support Our Schools

Jeff respects our beautiful natural resources we all love and share. We must have a balanced approach for economic growth, jobs, and funding our schools while sustaining our county for future generations.

JEFF CATON - Improve Roads First, No Costly Inefficient Light Rail

Transportation dollars should be spent improving and expanding roads first, not more light rail. Jeff experiences the same congestion you do and is determined to change priorities in Clackamas County.

JEFF CATON - Holding The Line On Spending

Jeff is a successful small business tax consultant, former company budget manager, and County Budget Committee member. Jeff knows how to make sure every dollar is spent wisely. Unsustainable spending, taxes, and borrowing against our children's future must stop!

JEFF CATON - Restore County Government Transparency and Accountability

Jeff is listening to community groups and hears that Clackamas County Commissioners are bringing a Portland Metro agenda into Clackamas County against the will of most citizens. Jeff is committed to restoring trust, credibility, and confidence to the County Commission by focusing on Clackamas County needs first.

"I will fight with you to protect Clackamas County from Portland Creep."

-Jim Knapp, Candidate for Clackamas County Commission

Dear Clackamas County Voters;

I've lived my entire life in Clackamas County, and I know what a special place it is. I love the open spaces, the green landscape, and our authentic, down-to-earth people.

I also know that the good people in Clackamas County do NOT want to live like Portland, yet this is exactly what the current Clackamas County Commission seems intent on forcing upon the citizens.

For several years this Commission has advanced an expensive and damaging agenda of high density, road congestion and light rail, all the while ignoring public safety and other basic services.

Last year, you told them to stop.

More than 63% of you voted to repeal the Sellwood Bridge fee. Then, 70% of you told them to stop borrowing money for urban renewal without asking you first.

They didn't listen.

That's why I led the charge to let you send them another message. I am a chief petitioner on the "Rail Vote" ballot measure that would require your permission for the County to spend money on rail transit. You'll be voting on it in September.

My opponent opposes the measure. She doesn't believe you should have a vote.

I am not a newcomer to Clackamas County issues. I have a long history of civic involvement in our great county. That's why I am so passionate about protecting Clackamas County from the Portland agenda that my opponent and her allies on the Commission have been forcing on us. You have spoken loudly and clearly - but she doesn't listen.

I proudly stand with the 70% who reject the Portland Agenda for Clackamas County.

I ask for your vote.

REGISTERING TO VOTE

[SOME FREQUENTLY ASKED QUESTIONS]

WHO MAY REGISTER TO VOTE?

Anyone who is:

- ★ A resident of Oregon;
- ★ A United States citizen; and
- ★ 17 years of age or older.

[Note: Registered Voters must be 18 years of age to
receive a ballot.]

HOW CAN I REGISTER?

By mail-in registration form or in person at any county
elections office or at a designated state agency, including
the Department of Motor Vehicles and some public
assistance agencies. Also, voters can access secure
online voter registration at <http://www.oregonvotes.org>.

WHEN MAY I REGISTER AND WHAT IS THE REGISTRATION DEADLINE?

You may register at any time. However, your voter
registration form must be received or postmarked no later
than the 21st day before the election at which you intend
to vote.

WHERE CAN I FIND VOTER REGISTRATION FORMS?

Post offices, public libraries, city halls, DMV offices and
Clackamas County Elections, 1710 Red Soils Ct., Ste.
100, in Oregon City. You can register online, or download
and print a PDF form from the Secretary of State's web
site at the Oregon Voter Registration link, which can be
found at <http://www.oregonvotes.org>.

WHAT INFORMATION IS REQUIRED?

In October 2002, the "Help America Vote Act" was signed
into law. The Act changed voter registration requirements
nationwide for voting in federal elections. When register-
ing to vote in Oregon for the first time, you must provide
an Oregon Driver's License / ID. If you do not have a valid
ODL / ID, the last four digits of your Social Security num-
ber must be provided.

If you **do not** have a valid Oregon Driver's License / ID or
a Social Security number, you must affirm this by mark-
ing the appropriate box on the registration form. If you are
registering by mail, you must provide a copy of one of the
following: a valid photo identification, a copy of a paycheck
stub, utility bill, bank statement or other government docu-
ment showing your name and address.

If sufficient documentation is not provided at the time of
registration, it will be requested by elections officials in
order for you to vote at the next federal election.

When filling out the registration card, you must furnish
your full name, residence address (and mailing address,
if different), ODL or Oregon ID, date of birth, political party
preference, and signature. Your residence address must
be the physical address where you reside - not a post of-
fice box.

WHAT IF I TURN 18 AFTER THE REGISTRATION DEADLINE?

If you will be 18 years of age by election day, you must
register no later than the 21st day prior to the election to
be eligible to vote in that election.

Prior Governmental

Experience: Clackamas County Commissioner

As a mother of two children in public schools and a former small business owner, I see the challenges we are facing as a county: a difficult economy, schools struggling to meet our children's needs, and a diverse county with differing priorities.

Building our Economy, Supporting our Local Businesses

It is time we put Clackamas County back to work, and that begins with helping our small businesses. That means eliminating unnecessary regulations that stifle job growth, encouraging local preference in county contracts and ending "one size fits all" economic development plans.

Educating Our Children for the Jobs of Tomorrow

The best way to ensure future economic opportunity for our children is to expand educational opportunities today. As local businesses change to meet the demands of the 21st century economy, our schools must do the same. It is time to restore funding for Technical and Career Education in our high schools and community colleges.

Connecting our Communities

Our county has strength in its diversity. To move forward, we must put aside partisan politics and find common ground. We need leaders who bring people together. With 25 years of real-world experience as a professional mediator, I have done just that — helping resolve conflicts in communities around the northwest — from the Willamette Valley to Alaska.

For 25 years I have been active as a volunteer in Clackamas County in local government, now I would like to use that experience to make the county a better place to work and live. Last year as the leader of the referendum on the Sellwood bridge fee, I gave you the opportunity to tell the current commissioners that we disagree with their agenda on transportation, light rail and urban renewal. They did not listen, so now we need to elect new commissioners who will.

We need a NEW direction in Clackamas County that focuses on restoring our economy by reducing and eliminating regulations that stop businesses from starting and growing here. As a manager in the construction industry I know how jobs are created.

A NEW direction that puts the priority on the transportation infrastructure that we use most, ROADS. Bike paths and trails are nice but they will never be a viable option for commuters in our county.

A NEW direction that says public safety is vital. We should not have to have a bake sale (special levy) to fund the Sheriff and District Attorney. These services should be funded first.

A NEW direction that says we can use our natural resources to reinvigorate our rural communities and create jobs and opportunities while protecting the environment.

I have the knowledge, dedication and most importantly the **EXPERIENCE** to lead Clackamas County in this new direction.

Tootie Smith will:

Create Jobs and Improve Our Economy by removing government obstacles interfering with manufacturing and natural resource jobs. We need jobs in Clackamas County so people can keep a roof over their heads, put food on the table and take care of their families.

Stop Tax Increases and Unnecessary Spending for projects like light rail and the Sellwood Bridge. Residents in Clackamas County have spoken and the current Commissioners aren't listening.

Secure a balanced budget to ensure services are delivered to fix county roads, fund public safety and support our most vulnerable mental health and senior programs. Tootie will use her successful experience with state budgets to prioritize and balance the county budget.

Strengthen Our Communities

With Portland and Multnomah County constantly pushing projects on Clackamas County, we need someone with Tootie's resolve and courage to take them on and fight against "Portland Creep". Listener

I have met over 25,000 constituents at their doors in the past two years. When they speak, I listen. People are worried about keeping their jobs and feeding their families. They wonder why we are spending money on new projects when our roads and sidewalks are crumbling.

Leadership

I will have an open door policy, and will work for you. I will respect the opinions of Clackamas County residents and focus on projects that have **measurable results**. We must start helping, not hindering, people and businesses.

Jobs and Economy

I am no stranger to hard work; I worked in a plywood mill to help pay my way through college. That mill closed down shortly thereafter - a sad story we have seen too often. We need those living-wage jobs in Clackamas County. We have to prioritize putting people back to work and remove barriers to help businesses create family wage jobs.

John will:

- Listen to constituents;
- Maintain roads and reduce traffic;
- Remove barriers to job growth;
- Streamline services;

Brothers and sisters of Portland, Oregon, I am running for mayor because I see a vision like no tomorrow.

I am the "people's mayor" and plan on being your voice to make changes where I plan on bringing diversity and a voice to this city—where people come first.

Since day one of my speaking forums I am focused on NO MORE HOMELESS on our streets, to JOBS in Portland and community coming together. If we don't help each other out-we will sink like the Titanic did and faster, are you with me?

I plan on working hands-on with schools to downsize classrooms so students can succeed and not fall thru the cracks of education. I will work with social services, sex offenders, mentally ill, police department and transportation to feel safer as a community and supporting our small businesses from closing down over the bigger companies.

I have my work cut out for me my friends and I plan on bringing WE THE PEOPLE back where people come first, and politics don't have the last and final word without our consent.

My background is in sales, firefighting, real estate broker, former educator, union actor, screen and book writer to dad of a future soccer superstar like Messi and the other greats.

Please vote me in and check out my website at www.voice4pdx-people.com, and email me to see my vision at voice4pdxpeople@live.com.

I will be a hands-on-mayor from day one and hitting the streets to getting my vision, message and voice out so we become the place for jobs, families and people can prosper.

Sincerely yours,
Loren Charles Brown

The politicians who've been running Portland for so long will argue that I am too young and inexperienced to run Portland.

It's a kneejerk response but what would you expect from jerks who've brought Portland to its knees?

The problem with our civic leaders is we don't have any. What we have are account managers in hedge fund schemes known as the Rose City. They take their orders from developers and power elite like waiters take a dinner order. The only difference is instead of nametags these leaders come with pricetags.

It's time to stop rotating the account managers around. We should try having an actual mayor for once. We should try a real leader.

Don't get me wrong: If you overlook the \$16 trillion debt, the loss of personal liberties, and the need for military adventure; the adult generation has done a pretty good job.

Okay, that's not true. If this generation screwed things up any worse, the earth would spin backwards, and the moon would be in the pawnshop.

Why bring a new set of these incompetent, corrupt clowns to work us over? Why not skip this group and let them go back to their reckless personal lives, and bring someone who would actually work for the People of Portland? While other candidates are busy fund-raising and subdividing the city into districts worthy and unworthy of attention, my campaign's grass-root efforts have been used to address Portland as a whole.

If you don't know who I am, I'll get a nametag, but unlike these other politicians, I won't be wearing a pricetag.

"Viable" is a judgment given to the voters." ~ Honorable Bud Clark, *Portland Mercury* 9/26/11

Elect a Mayor Who Knows What's Important

- A good job to support your family;
- A livable, safe neighborhood with parks, transportation and good schools, no matter what part of Portland you live in;
- A respect for our environment and each other.

A Proven Leader Who Makes Our Priorities Happen

"Charlie renovated 110 local parks and built or rebuilt Community Centers in East, West and North Portland. **He improved our quality of life.**"

Betsy Radigan, Piedmont Neighborhood Association Leader

Charlie **strengthened Fire/EMS services** while adding women and diversity for a Bureau more like Portland.

"Charlie is smart, accountable and made city government work. He fixed potholes, paving five times the streets with 1/2 the budget of today. **Getting the right things done for less - that's what we need in a Mayor.**"

Tom Kelly, Neil Kelly Remodeling Company

"When our schools were in crisis, Charlie helped save the school year for kids across Portland. He's the one our kids can count on."

Sivai Bennett, Elementary Schoolteacher

In the private sector, Charlie created good jobs, helping HDR Engineering grow from 2700 employees to 8000 employees in 10 years.

Charlie Hales: Making a Good City Better

City government must focus on priorities: it can't do everything. Charlie will get the basics right.

Charlie's economic plan will **create jobs and keep them in Portland.**

Lower water and sewer rates and **improved basic services** for every neighborhood.

Strengthen local schools, community college and our local universities- **to raise graduation rates and give students the tools they need to thrive.**

"Charlie's the one. Period."
Vera Katz, Portland Mayor

- Strong small business advocate, keeping the businesses we have with tax and fee relief
- Making sure East Portlanders get their fair share of the improvements and services allowed by City budget
- Restructuring Water Bureau to streamline focus and accountability
- Job creation, growth stabilization with aggressive recruitment of new businesses and light industry through tax relief, incentives and hands on approach by Mayor's office
- Creating a taskforce of business owners, large and small and public officials to create a less toxic business environment
- Facilitate local communities within the City to be aware of safety and security concerns through awareness and involvement within that community
- Address city's budget deficit with common sense and an open mind toward realistic cuts and creativity and commitment to revenue generation
- Revitalize downtown with more diversified businesses, not just food carts, non-profits and coffee shops
- TriMet's light rail needs less expansion (Clackamas County) and more security and sanitation
- The "Occupy" movement illustrated some of the inequalities that have become entrenched in our society and must be addressed. It degenerated into a carnival of lost focus and message. But it's core points of humanity and transparency must be addressed politically
- Functional Columbia River crossing as a toll bridge at the lowest cost
- Smart common sense solutions to our long term problems so we don't become "The Vacant City"
- And of course....."Free Parking"

You are Portland. We have celebrated this ideal throughout my campaign. You give Portland its culture. You give Portland its pride. You give Portland its future.

I continue to root my beliefs in what you say to me:

Equity: I live in the Lents neighborhood and see the unaddressed needs, especially on the East side. Equity means swinging the pendulum the other way and stalling downtown projects while aggressively supporting our culturally diverse neighborhoods.

Education: Embrace partnerships with family services, early childhood, businesses and higher education, so all students receive an equal chance at real learning. Remove the obstacles of safety and inequity and create inspiring places. Restore vocational training as an option to college.

Jobs: Re-inhabit empty storefronts, require local hiring preferences, attract businesses in rapid growth industries, and establish adult training in new job markets through projects like the proposed Gateway Education Center. Fight for these.

Transportation: Shift spending to road repairs, sidewalks, and crosswalks. Address structural fatigue at the Columbia River Bridge, but don't widen or replace it. Keep that money for long term jobs.

Health and Public Safety: Prioritize mental health remedies and awareness. Re-prioritize police patrol routes toward schools and parks. Give children back their youth in a socially and environmentally healthy city.

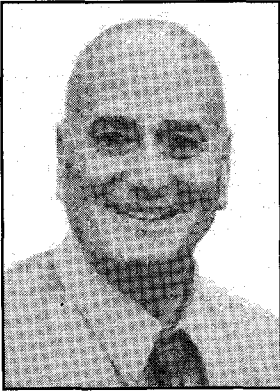

"I have watched Scott with community groups and have had the pleasure of working with him for several years. He is passionate, fully engaged, and committed to seeing things through. He would make a great Mayor." Paul Peterson, Public School Administrator

As Mayor I am running on a platform of "common decency"! Just as Theodore Roosevelt said, "The most practical kind of politics is the politics of decency." As Mayor, I have the following goals:

The JOB of Mayor is a Customer Service position. And the mayor should lead in that area. I will protect the children, seniors and those with infirmities....everyone else gets a job. My life is focused on working for the public.

Methodologies:

"I want to Build foundations so that after I am gone programs can continue to grow".

I will take inventory of the City.

I want to enable you to do the things You do.

I want to restore Integrity and Honor to the position of public servants and politicians because I want to be one.

Anytime I can get in the door of any organization, I will create Change and Connections to the Community.

Dear Neighbor,

A mayor's job is to make the city work better, so all of our people can prosper.

My priorities are based on my experience growing up here, building a successful organization here, and serving Portlanders in tough economic times:

Creating Prosperity and Homegrown Jobs: As a Representative, I championed efforts to grow local businesses and to retrofit schools for jobs, energy savings, and children's health. As mayor, we'll strengthen local businesses and honor our values.

Keeping Families Safe and Healthy: I've protected services as budgets tightened and led on MAX safety, reducing human trafficking, keeping our environment healthy, and advocating for balanced transportation options.

Prioritizing Portland's Values: I've worked for government transparency and limiting middle management so we can achieve our best priorities. I'll continue to stand up to powerful interests for you and all Portlanders on proposals like the Columbia River Crossing.

I deeply value your vote,

Change doesn't come in the form of new leadership. It comes in the hearts of People.

Social Justice

I'm the only Mayoral Candidate of African-American descent. Every year we deal with the same issues of equity, and continue asking the same privileged groups to institutionalize justice for disenfranchised minorities. I strive to highlight three 'isms': Racism, Classism, and Ageism. We can only reverse systemic oppression by empowering marginalized groups to be in the forefront of our government.

Common Sense Economy

I will promote creative solutions outside of trickle-down economics by employing a new class of working, spending People. Evolving from this recession relies on returning economic freedom to our citizens. True sustainability is achieved by increasing local production, guiding development funding with state and county to rebuild Portland's industry. Portland can become a leading icon of self-sufficiency in America.

Public Power

We need a transformation in our government, where democracy exists outside of 4-year electoral cycles. The public will exercise their basic freedoms when they have the tools to independently shape city policy. I will design a permanently staffed Charter Review Commission to become a Pioneer in progressive reform.

Philosophic Principles

I've refused corporate money and limited individual donations to \$200, keeping private interests from disproportionately influencing my campaign.

I pledge to reduce my salary to full-time minimum wage, to preserve spending for our cities' priorities. Politics is not a career, the honor is to serve.

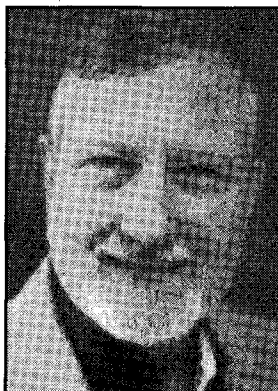

Now is our chance to make a difference. Help me inspire the World.

Portland is becoming a government increasingly hostile to economic growth.

Regulation has become strangulation, as city agencies prevent, rather than guide, economic growth and opportunity. It is time to stop experimenting with the people's money on projects which cost much and yield little.

As City Councilor I am committed to represent you with:

1. **Authenticity**-I will work to insure that all decisions are viewed through the lens of the taxpayer, who make city government possible.
2. **Business Tax -Weekly Trash**- Portland-Metro charges an added four percent tax on businesses in Portland. Neighboring counties do not make this fatal mistake and enjoy the benefits of large job creators. Customers who want weekly garbage pickup should have it.
3. **Common Sense and Reason:** If the streets are full of pot holes, especially in East County, repair them before putting in new bike lanes or before spending millions on endless studies. If you are building a bridge make sure you know how tall it needs to be, before spending precious tax payers' dollars. If we continue to elect the same sort of individuals into our city hall you cannot expect different results. This town was built on common sense; let's revive the practice of using it as a basis for making good decisions.

Progressive Principles. Effective Leadership.

Steve Novick has been making a difference on issues that matter for Portlanders for decades. Steve:

- Recovered \$129 million for taxpayers in the Love Canal Superfund case.
- Successfully fought Bill Sizemore's attacks on schools, services for seniors, and workers' rights.
- Helped force the Oregon Lottery to spend less money subsidizing taverns and more on education and real economic development.

At City Hall, Steve will look for real, smart solutions to our biggest problems.

- Steve's plan to reduce the burden of health care costs on businesses, families and governments will give Portland a competitive, job-creating edge without sacrificing health care quality.
- Portland police spend too much of their time on what are really mental health crises and taxpayers spend too much money on prisons. Steve has talked with Governor Kitzhaber and the County about local governments making a deal with the State: if we send fewer people to state prisons, they send back the savings to use for prevention, including mental health.
- East Portland has been neglected too long. Steve thinks that frequent bus service on 122d should be a higher priority than a streetcar to Lake Oswego.
- The City needs to be a stronger partner with our schools. The City should recognize that real "urban renewal" begins in Portland's public school classrooms, and lend a helping hand.

Measure 3-394

CAPTION:

VOTER APPROVAL REQUIRED FOR DEBT FINANCING FOR PUBLIC PROJECTS

QUESTION:

Shall Gladstone amend the City Charter to require voter approval for incurrence of any debt in financing a public project?

SUMMARY: This measure was proposed by an initiative petition. The Oregon Constitution gives City voters the right to adopt and amend their charter.

If approved, the measure would amend the City Charter to prohibit the City of Gladstone from incurring debt in financing any public project, except through the issuance of municipal bonds by bond measure duly approved by a majority of the voters in a regularly scheduled election set forth in ORS 221.230, or special election.

This measure shall be effective immediately upon its passing. This measure shall apply to any and all projects in any phase of planning, design, development, or construction.

EXPLANATORY STATEMENT

This measure would amend the Gladstone City Charter to prohibit the City of Gladstone from incurring any debt, irrespective of amount, in financing any public project. The prohibition would not apply to the issuance of municipal bonds to finance a public project if a bond measure is approved by a majority of voters.

If approved, the measure would be effective immediately and would apply to all existing projects in any phase of planning, design, development or construction, including the Gladstone library. The measure would also apply to future construction projects including the potential rehabilitation of City Hall and the Police Station. Past projects that would have been subject to the prohibition because they required the City to incur debt in order finance the project include water system improvements and the City's participation in the North Clackamas Water Commission.

This measure was proposed by a citizen initiative petition. After the City Recorder certified to the Gladstone City Council on January 10, 2012 that the petition has sufficient qualified signatures, the City Council referred the petition to the ballot for approval by city voters.

Information furnished by:
Heather Martin
City of Gladstone

ARGUMENT IN FAVOR

This measure is not about denying the City a new library. Maybe taxpayers would vote to build a 19,000 S.F. library costing \$15.6 million. However, it is about the City's disregard for your right to vote on such a large capital project and their willingness to significantly, and perhaps catastrophically, sacrifice other needs within our community for this single project.

Library supporters have come up with an elaborate financial scheme to downplay our concerns. They want us to believe that the County's operational funding for the new library results in a cash windfall — a windfall that somehow allows the City to pay for neglected road, sewer and water repairs. To receive this hypothetical windfall we must build a library.

Well if the past is any predictor of the future, City Council has a lot of explaining to do. Consider the existing library. Currently the City's operating expenses are 25% greater than County provided funding. The City subsidizes the 25% shortfall from its general fund. This is true. Yet, they want us to believe their financing rhetoric for building a new library that is three times larger and employs many more librarians and staff.

Why does the City Council not treat taxpayers as does the School District? The District has always publicly presented their case for building projects and service expansion. More importantly, the District consistently places their agenda forefront for a vote. And because of their forthrightness, schools have been rewarded with our confidence and financial support.

Trust — that is what Measure 3-394 is about. Our schools have not suffered catastrophically by having their needs put to a vote.

It is time to stop the rhetoric coming out of City Hall. It is time that the City demonstrates honesty, financial frankness, and proper planning for their expenditures.

STRENGTHENING THE ECONOMY AND GENERATING LOCAL JOBS:

Parrott's Davis Cup in 1981 brought NEC's (Nippon Electric Company of Japan) attention to Oregon. Through the efforts of Gov. Victor Atiyeh, NEC's decision to build its plant in Hillsboro resulted in \$700 million in economic development, 3000 jobs with Fujitsu, Kyocera, SEH America and Epson all following NEC's Oregon decision.

PARROTT'S VISION FOR PORTLAND:

Four events Parrott is proposing to promote Portland and Oregon: Solar Car 'Rayce' from NYC (Times Square to Pioneer Square) for the summer of 2014. Major League Baseball for the Downtown Post Office. Winter Olympic Games for Mt. Hood/Portland. The Ryder Cup.

Our future as a city is directed by who we elect to City Council. For a better tomorrow, we must choose wisely today.

Unfortunately, there are those who are more interested in advancing their own careers than protecting and empowering citizens. Political insiders who will ignore our real challenges. To change this, we must elect grassroots, community-based leaders.

Your vote gives you the power to change this.

I have been an active and committed community leader working to address the overwhelming issues in my East Portland neighborhood. I have worked tirelessly to address poverty, inequity, and neglect of some of our most vulnerable citizens. I am seeking your vote for the office of City Commissioner so I can work to reverse this entrenched system of neglect, fight for Portland's core values, and restore fair and reasonable government for the benefit of all Portlanders.

We will never realize the change we seek in government until we have true community-based representation.

Smart, community-based job creation and entrepreneurial development should be our primary focus. We have well over 100,000 Portlanders dependent on food assistance and a high unemployment rate. This is unacceptable. I will work to ensure Portland is a city friendly to start-ups and entrepreneurs.

Portland needs leaders who will institute policies of transparency, accessibility, and accountability. I will work for policies that bring meaningful citizen oversight and participation to department budgets and the police bureau.

Measure 3-394

ARGUMENT IN FAVOR

You deserve the opportunity to vote on a \$15.6 million library project. But you did not get that opportunity.

This measure is not against the library. It simply creates a means by which you the taxpayer can insure that your voice is heard on the library and any future large building project being envisioned for our community.

There are many of us who believe that the Mayor and City Council took it upon themselves to spend \$15.6 million without adequate concern for other needs. From the City's own budget documents, these are other priorities that don't have funding plans.

| | |
|--|--------------------|
| Asbestos Cement Water Line Replacement | \$10 Million |
| New Reservoir | \$2.6 Million |
| City Hall Repair and Seismic Upgrade | \$2.9 Million |
| Sanitary Sewer Overflow Repair | Not Yet Determined |
| Storm Sewer Flooding Repair | Not Yet Determined |
| Road Repairs | Not Yet Determined |

If you believe as we do, that the City has the wrong priorities on spending, then vote "YES" on Measure 3-394. It is your money! The City needs to hear your priorities.

ARGUMENT IN OPPOSITION

Vote NO on Measure 3-394.

DON'T BE FOOLED, Measure 3-394 is not what it seems. It was specifically drafted to deceive voters.

The real purpose of this measure is to stop construction of a new library to serve both the City of Gladstone citizens and also the citizens of unincorporated areas of Oak Grove/Oak Lodge and Jennings Lodge. This was already approved by voters in Clackamas County when they voted overwhelmingly in 2008 to form a Library District. Money to pay for the new library will come from the Library district and urban renewal funds - no new taxes.

This is a perfect storm of opportunity for our community to finally upgrade from a building that is not accessible to people with mobility issues, that has minimal parking, that has no work/research areas, that has few internet accessible computers, that has no usable children's area, and deplorable working conditions for staff to a building that finally meets the needs of our community and staff - all with no new taxes.

But in addition to halting construction of a new library, the effect of measure 3-394 will be to add more time and cost to all public projects. The city would be forced to hold special elections for every project at \$20,000 or more per election, and issue municipal bonds as the only way to finance public projects. The result would be a waste of taxpayer dollars and would limit the city's ability to provide essential services in a timely and efficient way.

Say **NO** to those trying to hoodwink you into supposedly saving Gladstone but really burying Gladstone in the past.

Join with us in supporting our new library and a better, brighter future for our families, children and community.

Vote No on Measure 3-394.

Thank you.

Measure 3-394

ARGUMENT IN OPPOSITION

WHAT'S AT STAKE?

Gladstone's future's at stake! For our community, economy and future, VOTE NO on ballot measures 3-394 and 3-395. Passage of either would halt construction of the new library.

Building the new library would create **NO NEW TAXES!** Funding is shared throughout the service area and will NOT fall on the backs of Gladstone's residents. Taxpayers living in the unincorporated service district will be contributing to the funding. Using urban renewal funds for the library is limited and will not exceed approximately 25% of the total fund, leaving 75% for future needs and projects. The Library District revenue will provide continuous, guaranteed and sufficient funds for the new library without use of Gladstone's general operating funds.

Our existing library is crowded and deteriorating. It is increasingly difficult for its staff to fulfill its role. It is not accessible for those with special needs. The number of library items exceeds space available. Study and reading areas are lacking. More internet terminals are needed. Parking is so limited it is practically non-existent. And, the roof leaks! The needs go on and on.

Our new library could be the centerpiece of our community. It would serve over 48,000 citizens. A lengthy public process was used to plan and design the building.

Local craftsmen and construction contractors need work. Construction costs may never be lower. The library project is a sound investment and a very good value. Now is the time to build the library. Restore pride in your library and in our city.

ARGUMENT IN OPPOSITION

BALLOT MEASURE 3-394

VOTER APPROVAL REQUIRED FOR DEBT FINANCING FOR PUBLIC PROJECTS

A NO Vote Means:

- Gladstone will be able to complete the New Library.
- Gladstone taxes will **NOT** be increased in any way.
- Gladstone will receive from the Clackamas County Library District added revenue of approximately \$1,000,000 each year to help pay back the construction costs and to operate the new library.
- Gladstone will have a new library that is ADA accessible.
- Gladstone will have a new library with 50 parking spaces.
- Gladstone will use land purchased primarily for a new library.
- Gladstone will use no more than 27% of the Urban Renewal Funds for the new library.
- Gladstone will have a needed community meeting room and study rooms.

A vote to affirm the measure means:

- Gladstone, in an emergency, could not act until after a vote of approval on any public project.
- Gladstone will have to spend \$20,000 - \$30,000 for every special election for future capital projects.
- Gladstone will not build a much-needed library.
- Gladstone will continue to have an inadequate library and little parking.
- Gladstone will have to repay the \$1,500,000 construction advance back to Clackamas County.

Measure 3-395

CAPTION:

VOTER APPROVAL REQUIRED FOR PUBLIC BUILDING EXPENDITURES \$1,000,000 OR MORE

QUESTION:

Shall Gladstone amend Charter to require a public vote if City spends \$1,000,000 or more to construct a public building?

SUMMARY: This measure was proposed by an initiative petition. The Oregon Constitution gives City voters the right to adopt and amend their charter.

If approved, the measure would amend the City Charter to require majority voter approval at a regularly scheduled or special election for the expenditure of \$1,000,000 or more by the City any of its departments, service districts or agencies for the construction of any public building by or for the City of Gladstone.

In calculating whether the project will involve the actual or reasonably projected expenditure of \$1,000,000, the calculation shall include the fair market value of any real estate to be utilized or committed to the project based on a current market appraisal performed by a certified real estate appraiser.

This measure will be effective immediately and will apply to all public building projects in any phase of planning, development, or construction. On the date of effectiveness any project to which this measure applies and any expenditures connected therewith, must be suspended until an affirmative vote is obtained.

EXPLANATORY STATEMENT

This measure would amend the Gladstone City Charter to require voter approval for the expenditure of \$1,000,000 or more by the City or any of its departments, service districts or agencies for the construction of any public building by or for the City of Gladstone.

A calculation regarding whether the project will involve the actual or reasonably projected expenditure of \$1,000,000 must include the fair market value of any real estate that will be utilized or committed to the project based on a current market appraisal performed by a certified real estate appraiser.

If approved, this measure would be effective immediately upon passage and would apply to all public building projects in any phase of planning, development, or construction including the new Gladstone Library project and future construction projects such as the potential City Hall and Police Station rehabilitation. If approved, any project to which this measure would apply must be suspended until voter approval is obtained.

This measure was proposed by citizen initiative petition. After the City Recorder certified to the Gladstone City Council on January 10, 2012 that the petition has sufficient qualified signatures, the City Council referred the petition to the ballot for approval by City voters.

City of Gladstone

Measure 3-395

ARGUMENT IN FAVOR

Should the Mayor and City Council be able to fund their pet project at the long-term expense of other City services? That is the current plan.

To fund the library project, the City will use 80% of all available urban renewal dollars over the next fourteen years. The remaining 20% is what is left to pay for sanitary sewer overflow repairs, storm sewer flooding repairs, and road repairs. Many would argue they are not keeping up as it is with these essential services. And what happened to their \$10 million asbestos cement waterline replacement project or their reservoir for \$2.6 million? And how will they address the \$2.9 million dollar City Hall upgrade to meet seismic code?

This is what happens with pet projects. Good people lose sight of the priorities. Their current funding formula for the library is a mistake. Every dollar of urban renewal money they spend on the library is one less dollar spent on City Hall repairs, sewer and water lines, storm drainage, and road repairs.

Let's get them in line with "our" priorities. Passage of this measure would require voter approval of major capital expenditures if the City needs to borrow money for funding. Passage of this measure will require voter approval if the City wants to put their residents in debt.

ARGUMENT IN FAVOR

The City of Gladstone currently has the highest tax rate of any city in Clackamas County. It is true. So now they want to spend millions on construction of a new library while deferring major upgrades to essential services such as sewer, water, roads, and buildings.

Our question is, can they afford to defer these upgrades? Our sewer system currently overflows into the Clackamas River. This has resulted in fines from DEQ. Further fines are inevitable until the problem is fixed. The City's budget documents indicate that our water system (asbestos cement pipes and reservoir) is in dire need of nearly \$13 million in upgrades. Our City Hall is in a sad state of disrepair and nearly \$3 million needs to be spent for necessary repairs and upgrades.

You heard it here first. We can expect an emergency bond levy is in our immediate future. What choice will they have? If they plan to spend 80% of all urban renewal dollars on the library for the next decade and a half, where else can they find the money to make repairs to other essential services. Our tax rate -already the highest in the county- will only get higher.

Is this proper management of our limited resources? We would strongly suggest not. That is why we are voting "YES" on Measure 3-395. If our elected officials can't keep our priorities in order and our taxes in check, then we want to help them.

Don't be fooled by their rhetoric. This measure will not interrupt daily activities of City Hall and its departments. This measure simply gives us the opportunity to vote on any planned building project greater than \$1,000,000. Most importantly, it ensures that these project are fully explained and justified to those of us who will be paying for it.

Measure 3-395

ARGUMENT IN OPPOSITION

Vote NO on Measure 3-395

The hidden agenda behind this measure is to halt construction of the new library being built. It will serve Gladstone and the surrounding unincorporated areas including Oak Grove/Lodge and Jennings Lodge, which are part of our Library District and which are paying their fair share towards construction and operation of the new library - with no new taxes.

Do you wonder why this measure and the accompanying measure 3-394 were not drafted specifically to stop the new library from being built? Because voters have said by a large majority that they want and need a new library - and the opposition knows these measures would not pass if they targeted the library specifically.

Worst of all, the effect of this measure would not only stop construction of our new library, but would prevent any citizen, non-profit, or other public-minded benefactor from building and then donating a building to the city on the new library site. That makes no sense whatsoever, unless the real intent is to stop the library from being built on that site.

We elect a mayor and six counselors to act as the representative government of the citizens of Gladstone. Neither they nor we agree on everything all of the time. But this measure goes beyond all common sense in pitting citizen against citizen over and over, at a huge waste of taxpayer money and city employee time. Gladstone would spend \$20,000 or more for any special election for each public project building of \$1,000,000 or more. That doesn't sound like a good use of our limited taxpayer dollars.

Please join us in voting NO on Measure 3-395.

It's bad for Gladstone and bad for our greater community.

Thank you.

Measure 3-395

ARGUMENT IN OPPOSITION

JUST THE FACTS!

The two measures to amend the Gladstone city charter imply democracy at work: majority elections to incur debt financing for any public project, or to spend \$1 million or more to construct a public building. Of course, it's your money that will fund these special elections. That's not mentioned.

In reality these measures are vehicles to stop construction of a much needed library for Gladstone and Oak Lodge library patrons. Passage of either bill would stop library construction.

This measure says the fair market value of property for a project is to be included when determining the price of the project. In the library's case, the property was purchased 12 years ago! It's not part of today's building costs.

Priorities? Whose priorities? Some don't want you to know upgrading water and sewer infrastructure would be funded from increases in your water and sewer rates —very big increases! That too is your money. And, others are known to want to build a fire department training facility or a fire station, police department, city hall and perhaps, a small library complex. You would be asked to pay for them with your tax dollars! Can you imagine the cost for these schemes?

On the other hand; the proposed library will not add additional taxes. A great deal of care, thought and time has gone into planning the new library by citizens from the entire service area. It will benefit all library users not just Gladstone residents. **Gladstone taxpayers WILL NOT PAY ANY NEW TAXES TO BUILD AND OPERATE THIS NEW LIBRARY AS PLANNED NOW!**

VOTE NO on 3-395 and 3-394. AND REMEMBER, THERE ARE NO NEW TAXES

SOME COMMON VOTE-BY-MAIL MISTAKES

Avoid these mistakes when signing and returning your ballot, and make sure your vote gets counted!

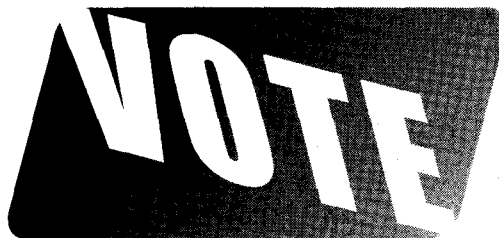

Letting your spouse (or child or parent) sign your ballot envelope: Some families make voting a communal event, but make sure the envelope you sign is your own, and doesn't belong to some other family member. If the signature on the envelope doesn't match the pre-printed name, the ballot will be challenged.

Signing by Power of Attorney: Don't do it. If a voter is unable to sign, a Signature Attestation form may be obtained so the voter is able to use a rubber stamp of their signature.

Saving a stamp by putting two ballots in one envelope: Don't do it. Both ballots would be rejected.

Forgetting to use the secrecy envelope: First of all, *don't panic!* And don't bother mangling the return envelope to re-open it just because you forgot the secrecy envelope. Even without it, your vote will still be confidential and it *will* be counted.

Waiting until Election Day to mail your ballot: Mail your ballot back as soon as you can. The Postal Service simply cannot get a ballot from the mailbox to our office in the space of one day, and (it can't be said often enough) **the postmark does not count.** Waiting until Election Day to return the ballot practically ensures that your vote will *not* be counted, but if you do wait that long, please make use of one of our official drop sites (see the list on page 3-48).

Measure 3-397

CAPTION:

EXPANDS OREGON CITY BOUNDARIES TO INCLUDE ADDITIONAL LAND

QUESTION:

Shall 0.89 acres located east of Highway 213 and north of Beaver Creek Road be annexed into Oregon City's city limits?

SUMMARY: This measure would expand the City's boundaries by approximately 0.89 acres. The proposed annexation is located east of Highway 213 and north of Beaver Creek Road, and is identified as Tax Lot 1600 on Clackamas County Map 3-2E-04C.

The property was brought into the Portland metropolitan urban growth boundary ("UGB") in 1979.

The property is currently designated Low Density Residential on the Oregon City Comprehensive Plan and zoned County FU-10 ("Future Urbanizable"). Approval of the annexation would allow connection to city services. No further development of the parcel may occur until a development application has been approved by the City of Oregon City.

The parcel would be re-zoned to the City zoning of "R-10" Single Family Residential following approval of the annexation by the voters.

The City Charter requires voter approval of annexations. A map showing the parcel is included.

CAPTION:

EXPANDS OREGON CITY BOUNDARIES TO INCLUDE ADDITIONAL LAND

QUESTION:

Shall 6.5 acres northeast of the City be annexed into the Oregon City city limits while deferring rezoning?

SUMMARY: This measure would expand the City's boundaries by approximately 6.5 acres. The property is located on the south side of Holcomb Boulevard and north of Redland Road and is identified as Tax Lot 180 on Clackamas County Map 2-2E-28D.

The property is located within the larger Park Place Concept Plan area, which was brought into Portland metropolitan urban growth boundary ("UGB") in 2002 to accommodate growth.

The property is currently designated Medium Density Residential on the Oregon City Comprehensive Plan and zoned County FU-10 ("Future Urbanizable"). Approval of the annexation would allow connection to city services for existing and future development. ARGUMENT IN OPPOSITION:

**VOTE NO for the THIRD TIME!
On Measure #3-398**

Beware! This Annexation may be JUST for 6.5 Acres, but would ultimately lead to developing the first phase of the Park Place Concept Plan adding more than **1458 new homes** when fully built out.

Don't Be Fooled

The developer seeking this annexation **has another 190+ acres in Park Place that he intends to annex in the future, one little piece at a time**. Informed voters recognized this ploy and overwhelmingly voted down two previous attempts.

METRO dictates high-density development - Can You Already Feel the Squeeze?

NO To More Traffic, Gridlock, Longer Commutes
When fully developed, the Park Place plan could add upwards of **16,000 new vehicle trips** per day. A potential Shopping Center and the Cove projects will add **HUGE** amounts of increased traffic to all roads in the area. There is no money to fix our roads, **so the City and County will be coming after you for more money!**

NO to Overcrowded Schools

Park Place School is closed. Now **Mt. Pleasant and King Elementary** are on the **chopping block**. Oregon City School District has "opened" its doors allowing children from neighboring communities to attend school here. Oregon City schools have the **9th largest class sizes** in the state! (*ODE 05-06*). If annexation is approved, we get **NO NEW SCHOOLS, HIGHER CLASS SIZES**. Our children suffer.

Annexations mean more taxes

Development in annexed areas require **Increased Taxes** to cover Fire, Water, Police, Schools, Sewers and Roads. Fees paid by a developer do not come anywhere close to covering infrastructure costs.

NO to More Homes

With a glut of foreclosed and vacant homes in Oregon City, every new home construction decreases the **value of YOUR HOME**. We need **No More New Homes**. Oregon City needs **JOBS FOR ITS RESIDENTS!**

MEASURE APPROVING ANNEXATION OF 129.67 ACRES INTO CITY OF SANDY

QUESTION:

Shall 129.67 acres east of Marcy Street extending to the Sandy River known as the "Sandy River Park" be annexed into the Sandy City Limits?

SUMMARY: Annexation is the legal process to bring property into the city limits. The City of Sandy as applicant and property owner is asking to bring eight parcels of land east of Marcy Street, known as the "Sandy River Park" into the city limits. The legal description of the properties is: T2S R4E Section 11DD Tax Lots 100, 3300, T2S R4E Section 12 Tax Lots 600, 602, 700, 701, and T2S R4E Section 13BB Tax Lots 100, 101.

The annexation area is adjacent to the city limits on two sides. Proposed uses for the property are limited to those identified in the Sandy River Park Master Plan.

EXPLANATORY STATEMENT

This measure would approve annexation of 129.67 acres into the city limits of the City of Sandy. The property is known as the "Sandy River Park" and includes the following tax lots: T2S R4E Section 11DD Tax Lots 100, 3300, T2S R4E Section 12 Tax Lots 600, 602, 700, 701, and T2S R4E Section 13BB Tax Lots 100, 101. The annexation area is located east of the end of Marcy Street and extends north to the Sandy River. The property is currently undeveloped and following annexation would include limited development as identified in the Sandy River Park Master Plan. The property is contiguous to the city limits on two sides. The requested parcels are currently zoned by Clackamas County as Timber. If annexation of the parcels is approved by voters, the area will be zoned POS (Parks and Open Space) by the City of Sandy.

The City of Sandy as applicant and property owner has applied for approval of this annexation request as allowed by Oregon law. The city, following its Charter, has put this matter before the voters for approval.

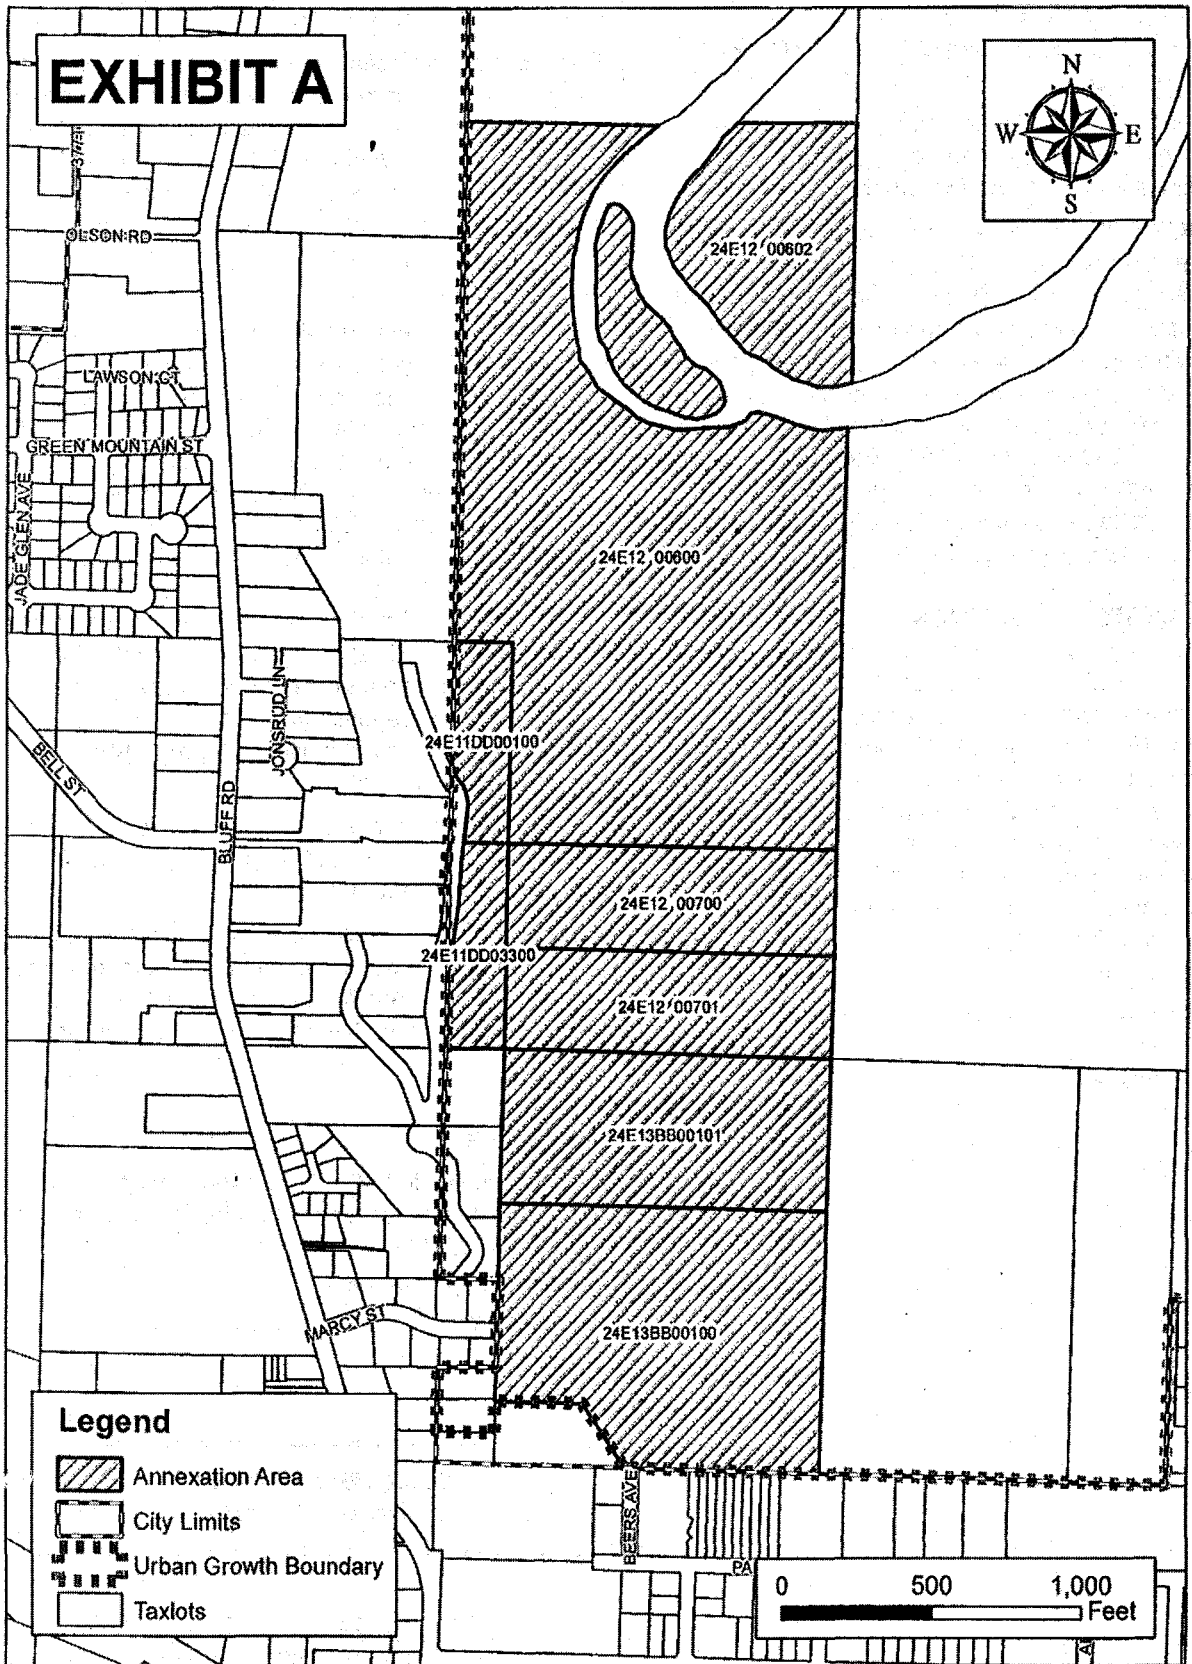

The parcels are currently undeveloped except for the construction of hiking trails. Access to the subject property is from Marcy Street. Following annexation, any development of the property will occur in compliance with the Sandy River Park Master Plan.

The Sandy City Council reviewed this application on March 5, 2012 and approved it for inclusion on the May 15, 2012 ballot by adopting Resolution 2012-02 by a 7-0 vote.

Measure 3-399

Measure 3-396

CAPTION:

CHARTER AMENDMENT TO REQUIRE VOTE TO REMOVE RESOURCE DESIGNATION

QUESTION:

Shall the Charter be amended to require voter approval to remove "park" or "open space" designations from city-owned property?

SUMMARY: This measure would amend the Charter to require voter approval to remove a "park" or "open space" designation from City-owned property. Chapter XI, Section 46 of the West Linn Charter provides that City-owned real property designated "park" or "open space" shall not be alienated without prior voter approval. This measure, if enacted, would amend the Charter to add a subsection that would provide that a "park" or "open space" designation shall not be removed from City-owned real property without prior voter approval.

ARGUMENT IN FAVOR

Vote yes on Measure 3-396

This measure is necessary to preserve your right as a West Linn elector to vote on the sale, lease or non authorized use of City owned Park and open space. Chapter 11 of the West Linn City received overwhelming voter approval in 2001 and established the right of West Linn voters to vote on any proposal to sell, lease or swap City park or open space or to use such property for non-park open space purposes.

This measure would add language that strengthens Chapter 11. This language is necessary because a court decision by the Oregon Court of Appeals found that since the existing language of Chapter 11 didn't explicitly prohibit the City from changing City property designations for park and open space to that of regular non restricted City property that the City had the right to do so without voter approval. This means in essence that there exists what I would call a loophole in Chapter 11 that allows the City to bypass the protections of the Chapter. In other words the City has the right to take a piece of park property change its designation to regular City property and then potentially sell, swap or lease such property without seeking voter approval.

This Measure if approved would close that loophole restore the protections and purpose that Chapter 11 was always intended to have.

I congratulate the current City Council for keeping faith with the prior will of West Linn's voters and with the clear purpose and intent of Chapter 11 by voting unanimously to place this measure before the voters of West Linn.

Sincerely
David Dodds

Canby School District

Measure 3-393

CAPTION:

CANBY SCHOOL DISTRICT THREE-YEAR DISTRICT OPERATIONS LOCAL OPTION LEVY

QUESTION:

Shall the Canby School District levy \$0.85 per \$1000 of assessed value for each of three years beginning 2012-2013 for operations? (This measure may cause property taxes to increase more than three percent.)

SUMMARY: This measure authorizes Canby School District No. 86 to levy a property tax in the amount of \$0.85 per \$1000 of assessed value each year for three years. The levy would be used to help finance District operations. Areas of emphasis for the use of these funds are student school days, class sizes, and implementation of new state academic standards.

An estimate of the total amount to be raised each fiscal year is:

| | |
|-----------|------------|
| 2012-2013 | \$ 811,000 |
| 2013-2014 | \$ 513,000 |
| 2014-2015 | \$ 414,000 |

Total amount of local option tax to be raised:
\$1,738,000.

The estimated tax cost for this measure is an **ESTIMATE ONLY** based on the best information available from the county assessor at the time of the estimate.

EXPLANATORY STATEMENT

A local option levy is a temporary property tax that would be used to fund school district operations and would expire after three years. The Canby School District No. 86 Board of Directors is placing a three-year local option levy of \$0.85 per year per \$1,000 of assessed value before the voters on May 15th, 2012. If approved, this local option rate would raise approximately \$1.74 million dollars over the three years of the levy (\$811,000 in year one, \$513,000 in year two, and \$414,000 in year three).

State revenue to the Canby School District has been reduced by \$2.76 million per year since the 2007-08 school year. Over this time the district has reduced teachers by 12%, support staff by 13%, administration by 22%, postponed all new curriculum materials adoptions, and reduced the length of the school year. The local option tax revenue would be used to fund student school days, smaller class sizes, and instructional materials and staff time for implementation of new state academic standards. (Cont.)

This levy would cost property tax payers a maximum of \$0.85 per year per \$1,000 of assessed value each year for three years. It would not cause the total property tax paid for education to exceed the Ballot Measure Five (5) limit of \$5 per \$1,000 of real market value on any property. This tax will not apply to any property where the market value is less than 110% of the assessed value.

An example of the possible tax amounts for a home with an "average" assessed value of \$223,160 is:

- For a market value of \$283,564 or above, a \$189.69 annual tax would be imposed on this property (or approximately \$15.81 per month).
- For a market value between \$283,564 and \$245,628, this same property would have a proportionally lower tax amount.
- For a market value of \$245,628 (110% of the assessed value) or less, this property would not pay any additional taxes.

The "average" market value of homes in the Canby School District is \$271,300, which would cap the average home at a total collection of \$1,356.50 and limit the annual Levy collection to \$128.36 (or approximately \$10.70 per month).

Canby School District Measure 3-393

ARGUMENT IN FAVOR

A YES vote for the school levy is GOOD BUSINESS for EVERYONE in our community

There are plenty of reasons to support the school levy. Besides providing support for our schools at a critical time and helping bridge the school funding gap while our economy recovers, it is in the best interest of all residents, businesses and families in Canby.

Canby's schools have been one of the selling points of this city for years. Business has moved here with the knowledge that employee recruitment is easier when you have schools with a good reputation.

Canby has been a place with a reputation for supporting its schools. That gives parents the confidence to move here. By moving here, they buy or build houses. In turn, that provides jobs to builders, real estate brokers, banks, stores, restaurants and services.

This past year we saw enrollment drop in Canby. The State of Oregon funds schools on a per-student basis. When a student leaves our schools it results in a drop of \$5,900 per year.

There are 4,800 reasons to support our schools with the levy measure. As business and community leaders who support our local schools, clubs and PTAs we understand the importance of strong schools. A good school system is not just about the educational health of a community, it is essential for our community's economy.

Join us in voting YES on Measure 3-393.

ARGUMENT IN FAVOR

Support our Students! Vote yes on Measure 3-393

Canby School District has maintained a well-deserved reputation for quality programs over the years. Our graduates go on to attend the top universities. Canby is recognized nationally as a leading innovator in the use of technology as an instructional tool. However, reductions in state funding for public education over the past four years have forced the reduction and elimination of even our basic education programs. For example, Canby has one librarian and one nurse for 9 schools.

Prior to 2008, the Canby School District provided outstanding programs while also building a healthy reserve account to guard against fluctuations in state operating revenue. Over the last four years, state funds have dropped more than \$10 million - or \$7,000 a day! Even with the reserve fund use, Canby reduced teachers by 12%, support staff by 13%, and administration by 22%. During this time Canby has delayed all instructional material replacement even though state math standards have changed twice.

With reserve funds limited, the Board voted unanimously to exercise the only option available for additional funding. The proposed 3-year levy is intended to bridge the gap in state funding through the next biennium. This temporary measure would generate funds critical to preventing further cuts in instructional time, keeping necessary school days, and preventing class sizes from growing even larger.

These funds will only be accessible to the school district and cannot be accessed by the city or the state. The maximum rate of \$0.85/\$1,000 will only apply to a few properties as Measure 5 limits will cause many properties to see little if any increase. The school district web site has links and tools to help residents determine the impact on their personal rates.

On May 15th, help us support our students' futures with a **yes vote on 3-393**, Canby School District Local Option Levy.

Measure 3-400

CAPTION:

ESTACADA RURAL FIRE PROTECTION DISTRICT GENERAL OBLIGATION BOND AUTHORIZATION

QUESTION:

Shall Estacada Rural Fire Protection District No. 69 be authorized to issue general obligation bonds not to exceed \$5,600,000? If bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of section 11 and 11b, Article XI of the Oregon Constitution.

SUMMARY: If approved, this measure would provide funds for capital costs and bond issuance costs. Specifically, this measure would help finance;

- Capital costs for a new fire station;
- Site improvements and costs of issuance.

Bonds would mature in 20 years or less from issuance and be issued in one or more series.

The estimated average annual cost of this bond would be 39 cents per \$1,000 of assessed value.

The owner of a home assessed at \$175,000 is estimated to pay \$68.25 a year.

The estimated tax cost for this measure is an ESTIMATE ONLY, based on the best information available from the County assessor at the time of the estimate.

EXPLANATORY STATEMENT

Estacada Fire District covers approximately 85 square miles and includes the City of Estacada and surrounding area. The District provides fire protection, emergency medical services, fire and life safety education and prevention services. It is staffed by 10 paid career and 40 volunteer firefighters and emergency medical personnel. Estacada Fire District is a special service district governed by a Board of Directors elected by District residents.

By unanimous vote, the Board of Directors approved placement of a bond measure on the May 2012 General Election ballot. If approved, this measure would provide funding for the construction, furnishing and equipping of a new fire station.

The Board is asking District residents to consider a \$5.6 million bond measure to be paid over approximately 20 years. This would represent an estimated 39 cents per \$1000 of assessed property valuation at an annual cost of \$68.25 to the owner of a home with an assessed valuation of \$175,000.

(Continued)

The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the county assessor at the time of the estimate.

The Board of Directors placed the measure on the ballot for these reasons:

1. Constructed in 1964, the Main Station located downtown is no longer able to adequately meet the needs of the fire district. Personnel and equipment are currently dispersed between the main station, a modular office building, a storage container, and a small house. Back up power is limited in cases of power outages. In an extended emergency this facility is designated as "Emergency Operations Center" for the District which includes the City of Estacada.
2. Volunteer firefighters allow the District to maintain current service levels. Indoor facilities for education and training for volunteers the public, consists of a single classroom. Outdoor training often requires traffic control or closure of streets. Although the District was successful in obtaining a federal grant to purchase a new training tower, we have not been successful in obtaining grant funds for a new fire station. Current facilities make it difficult to meet increased Federal and State mandated training requirements for multiple disciplines and thus simultaneous classes.
3. When the Main Station was built 48 years ago the District responded to 100 calls annually with 2 paid and 20 volunteer personnel. In 2011 the District responded to 1,200 calls with 10 career and 40 volunteers. With a total staff of 50, the Main Station has one public restroom, and one restroom with a shower and a toilet. There are no separate facilities, including sleeping accommodations, for female members. The District volunteers now include: career firefighters, volunteer firefighters (half living outside the District's boundary) and fire corps members.

If approved, funding of these projects would provide the District with updated facilities from which to operate and would also provide updated training and living space for volunteers.

Measure 3-400

ARGUMENT IN FAVOR

YOUR FIRE FIGHTERS URGE A YES VOTE ON MEASURE 3-400

Your Estacada Fire fighters urge a **yes vote on measure 3-400**. Since 1964 the current fire house has served its community well. When first built it housed the apparatus only. In 2012 it houses some of our apparatus, all of our career and volunteer personnel, but is woefully inadequate for the fire districts community's needs going into the future.

The plans for the new Fire Station is designed with the entire community in mind. The design calls for training classrooms for our fire fighters, respectful living quarters, individual sleeping areas, and a community room for the fire districts patrons to use. The administrative offices are currently located in a temporary module office building behind the current fire station. They would also be in the new building.

This design is also part of the downtown revitalization plan that focuses city hall and the fire station as anchors of our community. There are many different perspectives on how we use the public's tax dollars. This fire station is many things to many in our community. For us it is our part time home, office, training site, community room, meeting place, and most importantly where emergencies start to get fixed.

Your fire fighters need a new facility, this plan will serve another several generations of our citizens and its rescuers.

This bond will cost 39 cents per thousand dollars of property valuation, or \$68.25 a year for a home valued at \$175,000. That is \$5.69 per month for a \$175,000 valued property.

Please join your ESTACADA FIRE FIGHTERS AND VOTE YES ON MEASURE 3-400

ARGUMENT IN FAVOR

Now is the time, please join us in voting **YES on measure 3-400**. With these funds, Estacada Fire will be able to construct a new fire station in the same location as the current outdated facility. The current station is over 47 years old, and doesn't meet present building codes for a fire station. The large cracks you see in the side of the building as you pass by on Currin Street are just the tip of the iceberg.

The roof needs to be replaced, the bell tower is crumbling, plumbing issues arise frequently, and significant energy efficiency upgrades are badly needed. The heating system is obsolete, finding replacement part is a challenge. The electrical and wiring system is significantly below modern equipment requirements.

In addition to the repairs and upgrades required for the current building, more space is necessary. The apparatus bays were designed for the fire engines of the 60's, limiting the options available when replacing equipment. Offices are split between the main building and modular building. Rental containers are used for equipment storage. Firefighters don't have the appropriate storage area for their personal safety equipment, forcing them to store the gear in multiple bags.

The current station has no dedicated classroom training space. Tables and chairs are stored in closets, blocking access to medical training supplies. The one room sleeping quarters and single shower are insufficient for the number of people needed to respond quickly to emergencies. Providing a reasonable working, sleeping, and training facility will help Estacada Fire recruit and maintain quality volunteers and career staff well into the future.

Due to the current low interest rates and competitive construction costs, now is the time to build. For the average household in the 88 square mile fire district, the cost will be under \$6.00 per month (\$0.39 per \$1,000 of assessed value annually). We urge you to vote **YES on 3-400**.

Measure 3-400

ARGUMENT IN FAVOR

Northwest Technologies is proud to be part of the Estacada Community. I am writing to ask you to join me in supporting measure 3-400 for the Estacada Fire Bond. I know that any tax increase is hard to stomach, but I think this is well worth it and the timing is perfect.

I have personally witnessed the ERFD involved in saving property throughout the district, some belonging to my family. As a business, we rely on them as first responders with medical treatment as there is not a hospital or urgent care facility in our community. We all expect the service of the fire department, and to provide for that we need to invest in our infrastructure. Now is the perfect time to invest and protect our interests for the future. We have seen and appreciate the high number of volunteers that give so much time to protect and serve us. Our volunteers and crew need proper housing and training facilities that will last. Right now interest rates are at a low and the value of the construction dollar is high. The value we will receive by investing now is something we will regret if we let it pass; I would much rather pay \$0.39 per \$1,000 assessed value than \$0.49 or more if we continue to put this off.

Please join me in taking this step to support the future strength of our community by voting **YES** on **3-400**.

ARGUMENT IN FAVOR

OUR VOLUNTEERS NEED YOUR HELP....

As our district slogan says, we have a "Desire to Serve" and the "Courage to Act" when we are called to protect your life and property. We are the men and women who volunteer our time as Firefighters and EMT's to serve you. All we ask in return is to be **well trained**, have the **proper tools and equipment**, and have a comfortable fire station to work from.

TRAINING IS THE MOST IMPORTANT THING WE DO SO THAT WE CAN GO HOME SAFE TO OUR FAMILIES....

As firefighters we need to train in order to maintain our skill level. Our classrooms need to be conducive to training. The current training room is many times overcrowded and doesn't allow for separation when different subjects are presented. The training room also serves as a community room and living space for volunteers and career staff.

YOU'VE ALWAYS PROVIDED US WITH THE PROPER TOOLS....

We work hard to take care of them. The problem is we've run out of room to store everything. Some vehicles are kept outside and other equipment is stored wherever we can find space. These include a storage container, adjacent small house and the temporary office building.

OUR CURRENT STATION WAS NOT DESIGNED FOR TODAY'S NEEDS....

When it was built in 1964, we responded to 100 calls a year with two employees and 20 volunteers. No one lived at the station. Today we respond to about 1,200 calls per year with 11 employees and 40 volunteers. They live at the station 24 hours per day while on duty. Our living spaces are overcrowded and inadequate. Our women volunteers need separate sleeping, shower and bathroom facilities. The more volunteers we can get to spend time at the station, the better our response times will be to your home or business.

PLEASE VOTE YES on Ballot Measure # 3-400 FOR A NEW FIRE STATION

Measure 3-400

ARGUMENT IN FAVOR

The Estacada Rural Fire District Board of Directors is proud of the District's employees and volunteers. They give their time and risk their lives to protect the lives and property of those in need in the District. The Board of Directors supports all its employees and volunteers and their need to be well trained and educated in their chosen line of work. Our Firefighters and EMT's provide a much-needed service in a rapidly growing community that is geographically distant from area hospitals.

The need for up-to-date and safe facilities for firefighters and EMT's to maintain their high level of expertise and to better serve District patrons becomes more evident every day. The current fire station cannot be renovated or expanded in a cost-effective manner. The need for seismically-safe quarters with adequate sleeping and lavatory facilities has grown along with the growing number of volunteers joining the District. Sufficient room for tool and apparatus storage has increased over the years and there is no room for the equipment now needed by the District.

A YES vote on a tax measure to build a new fire station will greatly assist the employees and volunteer staff of the Estacada Rural Fire District in continuing to provide you with the best fire protection and emergency medical care possible. A YES vote will help us help you.

Thank you for your support.

Measure 26-126

CAPTION:

AMENDS CHARTER TORT NOTICE PROVISION FOR CONSISTENCY WITH STATE LAW

QUESTION: Shall tort claim notice provision in Portland City Charter be amended to be consistent with state law?

SUMMARY: Currently, Portland City Charter Section 1-106 states that tort claim notices must be presented to the City Attorney. The Oregon Tort Claims Act identifies who may receive tort claim notices for the City, including the City Attorney and other City officials. For consistency with state law, this measure removes the Charter requirement that service be made only on the City Attorney.

EXPLANATORY STATEMENT

This measure amends the Portland City Charter. Charter Section 1-106 currently states that tort claim notices must be presented to the City Attorney. This is inconsistent with the Oregon Tort Claims Act, which identifies who may receive tort claim notices for the City, including the City Attorney and other City officials. For consistency with state law, this measure removes the Charter requirement that service be made only on the City Attorney.

The City Charter Commission referred this measure to the voters. The Charter Commission reviewed the Charter and identified parts of the Charter that the Commission determined are outdated, unenforceable or offensive, including the notice provision in Charter Section 1-106. This amendment will not change City government structure or operations.

Measure 26-127

CAPTION:

AMENDS CITY CHARTER PROVISIONS REGARDING MAYOR'S FUND

QUESTION: Shall Charter language allowing use of Mayor's limited fund without documentation be deleted and name of fund be changed?

SUMMARY: Portland City Charter Section 2-105(a)(14) currently provides that the Council may appropriate up to \$2,000 per year to the Mayor for a secret service fund and that no supporting documentation of expenditures from that fund must be provided. This measure would delete the Charter language allowing the fund to be used without providing supporting evidence of expenditures. As a result, expenditures from this fund would be accounted for in the same manner as other City expenditures. The measure would also change the name of the fund from "secret service Fund" to "discretionary Fund."

EXPLANATORY STATEMENT

This measure amends the Portland City Charter. Currently, the Portland City Charter Section 2-105(a)(14) allows the Council to appropriate up to \$2,000 per year to the Mayor for use as a secret service fund for which no vouchers need to be provided, meaning that no supporting evidence of expenditures from the fund is required. This measure would delete the Charter language allowing the fund to be used without vouchers. As a result, expenditures from this fund would be accounted for as other City expenditures are by submitting supporting documentation. The measure would also change the name of the fund from "secret service Fund" to "discretionary Fund" to clarify the purpose of the fund.

Measure 26-128

Measure 26-129

CAPTION:

AMENDS CHARTER BY DELETING UNENFORCEABLE OBSCENITY PROVISIONS

QUESTION: Shall unenforceable power in Charter regarding regulation of obscenity be deleted to be consistent with state constitution?

SUMMARY: Charter Section 2-105(a)(50) currently states that the City has the power to define what materials are obscene, to prohibit distribution and to punish persons who distribute such materials. Prohibiting obscenity has been foreclosed by the Oregon Supreme Court's interpretation of Article I, Section 8 of the Oregon Constitution. This measure would delete Section 2-105(a)(50) to make the Charter consistent with the Oregon Constitution. Deletion of this section of the City's specific powers would not impair the City's general powers and authority to protect and support public health and safety.

CAPTION:

AMENDS CHARTER: DELETES OUTDATED, UNENFORCEABLE PROVISIONS REGARDING VAGRANTS AND PAUPERS

QUESTION: Shall outdated and unenforceable Portland City Charter power regarding vagrants and paupers be deleted?

SUMMARY: Charter Section 2-105(a)(51) currently states that the City has the power to define vagrancy and to provide support, restraint, punishment and employment of vagrants and paupers. This measure deletes Section 2-105(a)(51). Portions of this Section are outdated and unenforceable because the City does not have legal authority to punish or restrain or to require employment of vagrants and paupers. Deletion of this section of the City's specific powers will not impair the City's general powers and authority to protect and support the City's public health and safety.

The City's Charter Commission reviewed the Charter and identified parts of the Charter that the Commission determined are outdated, unenforceable or offensive, including Charter Section 2-105(a)(51). The Charter Commission proposes deletion of Section 2-105(a)(51) of the Charter because the section contains outdated, offensive and unenforceable terms. This section can be deleted without changing City government structure or operations.

Measure 26-130

CAPTION:

AMENDS CHARTER: DELETES OUTDATED PROVISION PROHIBITING EXHIBITION OF PERSONS, BEGGING

QUESTION: Shall outdated Portland City Charter language referring to prohibitions on exhibition of "deformed or crippled persons" and begging be deleted?

SUMMARY: Currently, Charter Section 2-105(a) (54) states that the City may "prohibit the exhibition of deformed or crippled persons" and prohibit all persons from begging on streets or in public places. This measure deletes Section 2-105(a) (54). The terms "deformed or crippled" in the current Charter section are outdated and offensive. Further, the City does not have legal authority to prohibit all begging. Deletion of this section of the City's specific powers will not impair the City's general powers and authority to protect and support public health and safety, including constitutionally allowed restrictions on activities in the right of way and in public places.

EXPLANATORY STATEMENT

This measure deletes Portland City Charter Section 2-105(a)(54) which currently states that the City may "prohibit the exhibition of deformed or crippled persons" and prohibit all persons from begging on streets or in public places. The terms "deformed or crippled" are outdated and offensive. Further, the City does not have legal authority to prohibit all begging. Deletion of this section of the City's specific powers will not impair the City's general powers and authority to protect and support public health and safety, including constitutionally allowed restrictions on activities in the right of way and in public places.

The Charter Commission referred this measure to the voters. The City's Charter Commission reviewed the Charter and identified parts of the Charter that the Commission determined are outdated, unenforceable or offensive, including Charter Section 2-105(a)(54). The Charter Commission recommends deletion of Section 2-105(a)(54) because the section includes outdated, offensive and unenforceable terms. This section can be deleted or amended without changing City government structure or operations.

Measure 26-131

CAPTION:

AMENDS CITY CHARTER PROVISIONS REGARDING COUNCIL EMERGENCY FUND

QUESTION: Shall Charter language allowing use of Council emergency fund without documentation be deleted?

SUMMARY: Portland City Charter Section 2-108 currently provides that an annual appropriation of \$5,000 will be placed in a fund to be used at the Council's discretion. The Charter further provides that the Council is not required to provide documentation of use of the funds. This measure would delete the Charter language allowing the fund to be used without providing supporting evidence of expenditures. As a result, spending from this fund would be accounted for in the same manner as other City spending.

EXPLANATORY STATEMENT

This measure amends the Portland City Charter. Currently, Portland City Charter Section 2-108 provides that the Council may appropriate up to \$5,000 per year to the Council to use without providing vouchers, meaning that no supporting evidence of the expenditures is required. This measure would delete the Charter language allowing the fund to be used without vouchers. As a result, spending from this fund would be accounted for by submission of supporting documentation in the same manner as other City expenditures.

The City Charter Commission referred this measure to the voters. This amendment will not change City government structure.

Measure 26-132

CAPTION:

AMENDS CHARTER TO CLARIFY ELECTION PROCEDURE FOR FILLING VACANCIES

QUESTION: Shall Portland City Charter procedures to fill vacancies in elective office be clarified?

SUMMARY: Section 2-206 of the Charter specifies the elections process and timing for filling vacancies in elective City offices. Section 2-206 provides an election procedure to fill vacancies that may occur at any time during a City elected official's four year term. Each of the three subsections of Section 2-206 - (b), (c) and (d) - applies to different periods of time during the four year term. While the wording of Subsection (b) is ambiguous, the City has interpreted Subsection (b) to apply to the periods of time not covered by Subsections (c) and (d). However, because of one ambiguous word, Subsection (b) could possibly be interpreted in a way that renders Subsection (b) meaningless. Changing the single word "but" to "or" in Subsection (b) would clarify that section's meaning consistent with intent and would ensure that vacancies occurring during the first three years of an elected official's term are appropriately addressed by the Charter election procedures.

EXPLANATORY STATEMENT

This measure amends the Portland City Charter. Section 2-206 of the Charter specifies the elections process and timing for filling vacancies in elective City offices. The intent of Section 2-206 is to ensure that there is an election procedure to fill vacancies that may occur at any time during a City elected official's four year term. Each of the three subsections of Section 2-206 - (b), (c) and (d) - is intended to apply to different periods of time during the four year term. While the wording of Subsection (b) is ambiguous, the City has interpreted Subsection (b) to apply to the periods of time not covered by Subsections (c) and (d). However, Subsection (b) could be interpreted to apply only if a vacancy occurs both more than 100 days before the primary election in the fourth year of the term but also less than seventy-one days before the general election in the fourth year, even though these two time periods could not overlap, rendering Subsection (b) meaningless. Changing the single word "but" to "or" in Subsection (b) would clarify that section's meaning consistent with intent and would ensure that vacancies occurring during the first three years of an elected official's term are covered by the Charter.

The Charter Commission referred this measure to the voters. The City's Charter Commission reviewed the Charter and identified parts of the Charter that the Commission determined are outdated, unenforceable or offensive, including Section 2-206(b). This section can be amended without changing City government structure or operations.

Measure 26-133

Measure 26-134

CAPTION:

AMENDS CHARTER. ADDS TERMS AND VACANCY PROVISION FOR CHARTER COMMISSION

QUESTION: Shall terms of office and vacancy provisions for the Charter Commission be added to the Portland City Charter?

SUMMARY: Currently, Charter Section 13-301 directs the City Council to appoint a Charter Commission at least every ten years. The Charter does not specify the length of Charter Commission members' terms, nor does the Charter identify how vacancies on the Charter Commission will be filled.

This measure provides that the term of office for Charter Commission members shall be no less than two years; the Council will also have the power to reappoint members to additional terms or future Charter Commissions. The measure defines when a vacancy exists on the Charter Commission and how vacancies will be filled.

EXPLANATORY STATEMENT

This measure amends the Portland City Charter. In 2007, City voters approved Charter amendments requiring the City to periodically review its Charter. The new Charter provisions direct the City Council to appoint a Charter Commission at least every 10 years. However, the Charter does not specify the length of Charter Commission members' terms or identify how vacancies on the Charter Commission are to be filled.

The Charter Commission referred this measure to the voters. The Charter Commission recommends amending Charter Section 13-301 to specify that the Council shall appoint Charter Commission members to a term of office of at least two years and may appoint members to additional terms or later Charter commissions. The Housekeeping Committee further recommends amending Charter Section 13-301 to define when a vacancy exists on the Charter Commission and how a vacancy will be filled.

CAPTION:

AMENDS CHARTER. DELETES OUTDATED EXPOSITION-RECREATION COMMISSION CHAPTER

QUESTION: Shall obsolete Exposition-Recreation Commission Chapter of Portland City Charter be deleted?

SUMMARY: Charter Chapter 14 provides for the creation and operation of the City Exposition-Recreation Commission. Charter Chapter 14 is no longer needed. The functions that were previously carried out by the City Exposition-Recreation Commission are now carried out by the Metropolitan Service District (Metro) through its Metropolitan Exposition and Recreation Commission under a 1989 agreement (as amended) among Portland and other government bodies. Any remaining rights or obligations of the former City Exposition-Recreation Commission vest in the City Council pursuant to the Charter and these agreements. This measure would delete Charter Chapter 14.

EXPLANATORY STATEMENT

This measure amends the Portland City Charter. The City's Charter Commission reviewed the Charter to identify parts of the Charter that the Commission determined are outdated, unenforceable or offensive, including Chapter 14. The Charter Commission recommends deletion of Chapter 14 of the Charter, Exposition-Recreation Commission because the chapter is obsolete. The functions previously carried out by the City Exposition-Recreation Commission are now carried out by the Metropolitan Service District (Metro) through its Metropolitan Exposition and Recreation Commission under a 1989 agreement (as amended) among Portland and other government bodies. Any remaining rights or obligations of the former City Exposition-Recreation Commission are otherwise vested in the City Council pursuant to the Charter and these agreements. This measure would delete Charter Chapter 14 without affecting City government structure or operations.

The Charter Commission referred this measure to the voters.

Matt Wingard

Republican

Occupation: State Representative, small business owner

Occupational Background: Small business owner; former executive director, metro area business coalition; television reporter.

Educational Background: BA, University of Southern California; Aloha High School

Prior Governmental Experience: Co-Chair, House Education Committee; Member, Clackamas County Economic Development Commission; Member, Portfolio Options Committee, Oregon Public Utility Commission; Committee Administrator, House Committee on Government Efficiency

Member, Business Advisory Committee, Pioneer Pacific College

MATT WINGARD DELIVERED ON EDUCATION REFORM

"**MATT WINGARD** ran on a promise to produce real education reform for Oregonians and he delivered." —*Hon. Al Young, former Democratic state legislator*

"As co-chair of the Education Committee, **MATT WINGARD** negotiated the most comprehensive package of education reforms in Oregon history. Thanks to Matt's leadership, Oregon parents have more educational choices, school districts have more flexibility over their budgets, and taxpayers have increased accountability." —*Co-Speaker Bruce Hanna, Oregon House of Representatives*

"**MATT WINGARD** brought the state's educational interest groups together in an effort to reduce the administrative bureaucracy within our school districts. Thanks to Matt's efforts, the state has eliminated more than 38 state mandates on our public schools and saved millions of dollars. No legislator in recent memory has done more to reduce administrative costs." —*Jim Green, Salem-Keizer School Board Member*

Matt kept his word by:

- Opposing tax increases
- Supporting legislation to slow the growth of government and building a Rainy Day Fund
- Securing funding for the Oregon Institute of Technology campus in Wilsonville
- Identifying millions of dollars in potential budget savings

MATT WINGARD fights for our schools, for private sector job creation, and for Oregon families. We need him in Salem:

Doris Wehler, Past President, Wilsonville Chamber of Commerce
Debi Laue, Ambassador Committee, Wilsonville Chamber of Commerce

"John's work with the VFW demonstrates his commitment to his community and veterans. That is just one reason I support him."

Don Comstock, President Men's Auxiliary VFW Post 3452

John wants to put Oregonians back to work!

Many families are still struggling and unable to afford crucial items such as health insurance or savings. Many businesses are uncertain to as how they will be regulated or taxed. I want to bring certainty and hope to families and business for a stronger more prosperous Oregon.

"Citizens need to know that their tax dollars are being managed well and John will work hard to make certain our taxes are spent efficiently."

Thomas O'Halloran, Tigard resident

John supports our public schools and our children!

The number of children not graduating is unacceptable I will work to make sure every child has better options.

"John, and his children, attended public schools and support our education system. He is a strong advocate for our children and their education."

Gordon Fiddes, Tigard resident and parent

John knows what it takes to create jobs and keep our economy strong!

"My business needs certainty to be successful. John understands that and will be an outstanding voice for small business owners and operators."

All the things we Oregonians cherish stem from a strong economy. Be it environmental stewardship, better roads, more effective education, State parks, a job or more money in your pocket, only profitable, well-run businesses employing Oregonians, paying taxes and bringing value and income to the cause you hold dear.

Oregon has the livability, the transportation infrastructure, the Pacific Rim location, the resources and the skilled and willing labor force to be an economic powerhouse, and yet, year after year, we consistently place among the states with the highest unemployment in the nation.

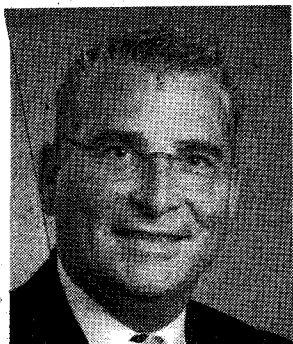

Tom Maginnis will advocate for the thousands of working people and small businesses that constitute the backbone of this state and to create a climate that will allow Oregonians to flourish. Tom recognizes that strong businesses create increased state revenue without increased taxes.

We need volunteers to help win this race in November. If you agree with us, join us by writing to Magin49@comcast.net and take back your state.

STEVE NEWGARD IS THE LEADER CLACKAMAS COUNTY NEEDS.

I have lived, worked, and raised my family here in Clackamas County for over 30 years. I understand the heart of the community is its people. As State Representative, I will ensure Clackamas County gets the necessary attention in Salem so we can have lower unemployment, better schools, stronger businesses, effective social services and a thriving economy once again.

STEVE NEWGARD WANTS TO PUT OREGONIANS BACK TO WORK.

Clackamas County needs jobs. As someone who has worked here for over 30 years and runs a small business, I understand firsthand how a struggling economy affects every aspect of our lives and our community. I will use my experience as a business owner to find solutions that encourage private sector job creation in Clackamas County and throughout Oregon.

I will support policy that focuses on strengthening local businesses and helping employers here in our own community. When we can get people back to work, we will see Oregon begin to grow again.

STEVE NEWGARD KNOWS OUR FOCUS NEEDS TO BE ON PROVIDING QUALITY EDUCATION.

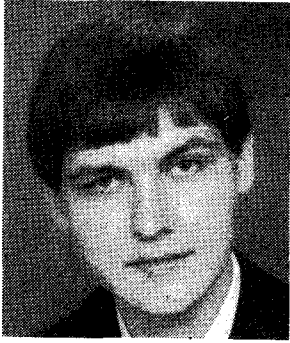

Our kids deserve better from our schools—plain and simple. We need to focus on where funding is going and ensure it is being devoted to improving the quality of education we are providing in the classroom, from K-12 all the way through our higher education options.

It's time to raise the bar on what we expect out of our teachers and schools so the next generation has the same opportunities we've had to succeed. When elected, I will ensure that I work to ensure we put kids, not politics, at the forefront of our decision-making.

Prior Governmental Experience: Intern, Clackamas County Building Codes Division.

"Men ought to be free" embodies what I feel is the solution to the root problem that afflicts our society and government. For the past thirty years, we have instead said, "Men ought not to be free". We have created licensing regulations, put up barriers so that working Americans can't attain the American Dream, and government, instead of being of the people and for the people, has been in control of the people.

Republicans have said they stood for smaller government before, and when elected, instead increased it. Democrats have forsaken traditional liberalism, and instead of standing for the freedoms of citizens, have increased the burdens upon our citizens. They all have been tainted by politics, are unable to see new solutions, and we need change.

I will be that change. I will fight for the disbanding of state agencies that, in addition to being wasteful of taxpayer dollars, violate citizens' rights daily. I will call upon our legislature to recommend to the U.S. Congress that they repeal the highly invasive USA PATRIOT Act, which allows the U.S. government unprecedented powers for spying on U.S. citizens, and other federal agencies and laws which violate the basic human rights of all Americans. I will urge our legislature to repeal laws that are redundant, and fight against the criminalization of thought and opinion.

Oregon needs representatives who fight for the freedom of the citizens. I will fight to reduce government excess. I ask you to please join me.

State Representative, 41st District

Timothy E McMenamin

Republican

Occupation: Community and Long Term Care Pharmacist

Occupational Background: Pharmacist

Educational Background: Milwaukie High School 1976;

Prior Governmental Experience: None

Oregonians share a common desire to enjoy the natural beauty and abundant resources with which we are blessed and to participate in a growing economy marked by innovation and stability. As the father of three beautiful children, I am especially focused on leaving a better Oregon for future generations.

The McMenamin Family name is familiar to most Oregonians, noted for its entrepreneurial spirit, a rich tradition of job creation and investigative journalism. In this tradition I have pursued success in health care as a community and long term care pharmacist.

Like most Oregonians, I am deeply concerned about the state of Oregon's budget and spending priorities. Spending has grown alarmingly in recent years with little to show for it. A simple pie chart reveals that nearly half of all governmental spending in Oregon is designated for 'other'. Oregon's government has lacked accountability and transparency.

As your State Representative, I will work to restore appropriate spending priorities in Salem. The legislature has held schools and public safety hostage every time they want more revenue for non-essential programs. Spending has increased dramatically while the quality of core government services has decreased significantly. Too many agencies are ineffective and inefficient with little or no legislative oversight.

As your State Representative, I will work to promote job growth and long-term economic stability. Regulations should guide, not restrict, and tax policy should encourage, not discourage, entrepreneurial risk-taking and small business creation

Thank you for your vote as together we work to restore Oregon's vibrancy and promise for future generations.

State Representative, 51st District

Patrick Sheehan

Republican

Educational Background: Bachelor of Arts in Communication Cum Laude, Washington State University 1996

Prior Governmental Experience: State Representative

Creating Jobs for Oregonians

As your State Representative, I've brought an attitude adjustment to how government treats small businesses. **We need to thank businesses for being brave enough to do business here**, not suffocate them with taxes and regulation. **I've intervened on behalf of local businesses** when they were bullied by state agencies, slashing unfair penalties and punitive bureaucracy on a case-by-case basis. I voted against regulations that would have interfered with our economic recovery, and supported dozens of bills to stimulate private sector growth.

Education First

I voted to fund education before anything else in the state budget. Not only did we prevent the K-12 budget from being used as a political football, we funded it with \$100 million more than the Governor's recommendation. I voted for the historic education reform package that supports school choice, charter schools, and sets statewide goals for high school and college graduation rates.

Protecting Veterans and Seniors

I was chief co-sponsor of the Funeral Civility Act, which protects grieving families from funeral protesters, and voted to allow construction of two new veteran's homes. I toughened penalties for elder abuse, and fought to support Oregon Project Independence funding to help keep seniors in their homes.

Your Personal Advocate

I want to hear from you. When you're stuck and getting nowhere with the bureaucracy of state government — **I hold the responsible parties accountable and advocate for your best interests.**

Occupation: State Representative; General Contractor, Mark Johnson Construction

Occupational Background: Small business owner, 1985-Present

Educational Background: Whitworth University, 1975-1979

Prior Governmental Experience: Hood River County School Board, 2004-Present

Economic Development & Job Creation

As a small business owner, I understand the relationship between private sector job creation and economic growth. That's why I supported extending Oregon's Enterprise Zone program and will continue to support sound economic policies that create jobs in hard-hit communities.

I supported legislation to streamline approval of certain industrial projects and help Oregonians get back to work in manufacturing, energy and other key industries. I will continue to encourage the sustainable development of Oregon's abundant natural resources that will lead to family-wage jobs.

Improving Education & Focusing on Kids

We passed significant legislation that has begun the process of transforming our schools and entire public education system for the benefit of our kids. The package included measures to promote school choice, provide additional means of access to education, and to support the development of stronger educator evaluation measures focused on raising student achievement in our schools.

As Co-Chair of the Higher Education Committee, I've been able to make real progress in reforming our public education system. I am working with education leaders to expand access to Oregon universities, community colleges and workforce development programs, and to keep the costs of higher education down.

Smarter Spending & Accountability

We need to be accountable for how Oregonians' hard-earned tax dollars are being spent. As State Representative, I helped reduce state spending and we balanced the budget without raising your taxes. I also supported measures to cut wasteful spending and redirect savings to essential services.

By agreeing to live within our means, Oregon's businesses and taxpayers will be spared additional tax hikes and will be able to hold on to their hard earned incomes as we slowly begin to emerge from this recession.

Jobs and Economy

Private business has always been the economic engine. Remove Government interference and over-regulation and allow Oregon businesses and entrepreneurs to put Oregon back to work. As a small business owner, I understand what it takes to create jobs.

Fiscal Responsibility

We cannot spend our way to prosperity. I've been saying that Oregon doesn't have a revenue problem, we have a spending problem. We must control and prioritize spending. Continue changing our budgeting process, moving away from automatically increasing budgets. I've consistently voted against wasteful spending and the dangerous practice of over-borrowing.

Limited Government

I believe the growth and overreaching control of government has caused many Oregonians to question the direction we're headed, and they say "Enough!" A serious conversation has begun regarding the size and reach of government in Oregon.

Personal Freedoms

You know what's best for you, your family and your property, not lawmakers and agencies in Salem. From how and where to spend your money to educating your kids, the freedom to choose should be yours.

My Commitment

I consider it a privilege and an honor to represent my constituents of District 59. I will continue representing everybody in the district regardless of your political affiliation; not partisan politics, but fair and balanced representation.

We invite you to become a Republican Party Precinct Committee Person (PCP)**What is a PCP?**

Precinct committeemen and committeewomen are the heart of the Republican Party in Oregon. As the grassroots representatives of the Republican Party in Oregon, they advocate for Republican political principles in their neighborhoods and community. They attend regular meetings of their county Republican Central Committee in order to help set the party agenda in the county and to strategize how to spread the Republican message at the local level.

What does a PCP do?

As a PCP, you have a voice in selecting Republican Party leadership on the county, state, and national levels. You may even seek a leadership position yourself. County leaders, in turn, help select the state party leaders who participate on the Republican National Committee and elect the national party leaders. PCPs also select Oregon delegates and alternates to attend the Republican National Convention, who cast the ballots for the Republican nominee for President and Vice President of the United States.

PCPs are often called on by Republican candidates to help with grassroots campaigning. You may be asked to "walk" your precinct to introduce a candidate to friends and neighbors. You may also be asked to make phone calls and distribute campaign materials in your precinct. You will become the face of the Republican Party in your community!

What is the Republican Philosophy?

- Republicans believe that the strength of our nation lies with the individual and that each person's dignity, freedom, ability and responsibility must be honored.
- Republicans believe in equal rights, equal justice and equal opportunity for all, regardless of race, creed, sex, age or disability.
- Republicans believe that the free enterprise system has made America the land of opportunity, economic growth and prosperity.
- Republicans believe government must be fiscally responsible and allow individuals to keep more of the money they earn.
- Republicans believe the proper role of government is to provide for the people only those critical functions that cannot be performed by individuals or private organizations, and that the best government is that which governs least.
- Republicans believe the most effective, responsible and responsive government is government closest to the people.
- Republicans believe that Americans value and should preserve our national strength and pride while working to extend peace, freedom and human rights throughout the world.

This election, Oregon Republicans will work to elect Republicans in the Oregon House and Senate, United States Congress, and the White House. PCPs will play key roles in bringing about these victories.

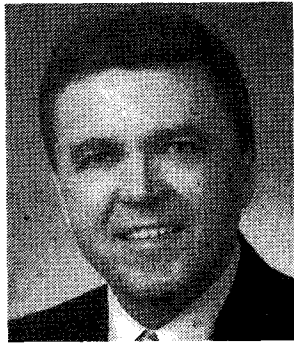

If you agree with the beliefs expressed above, we invite you to become a PCP to make the Republican Party and our nation stronger.

If you would like more information about the Oregon Republican Party, please call our state party headquarters at (503) 595-8881. You may send e-mail to info@orgop.org or visit our website at www.oregonrepublicanparty.org.

"I have been honored to serve the people of Oregon and have seen firsthand how laws, regulations and judicial decisions affect the public. I believe I can bring a new and valuable perspective to the Court of Appeals and I will continue to work hard to protect the rights of our citizens."--Judge Allan Arlow

A Fair and Impartial Judge

- Allan Arlow has been a judge in Oregon for over 12 years, presiding in some of the state's most complex cases and writing over a thousand orders and rulings.
- Judge Arlow's decisions are based on the *facts* and the *law--nothing else*.
- The Oregon State Bar Appellate Selection Committee examined Judge Arlow for integrity, ability, experience and judicial temperament and recommended him to the governor as qualified to serve on the Court of Appeals. (*agenda 12-28-09*)

"...his integrity and impartiality are beyond reproach...we believe we are fortunate to have Mr. Arlow..."

--Bonneville Power Administration (WP-07 Supplemental Power Rate Case 1-7-08)

An Outstanding Attorney

- Before becoming a judge, Allan practiced law for over twenty years.
- He's appeared before many courts and agencies and has given expert testimony before U.S. Senate and House Committees and Cabinet Departments.
- Allan has counseled individuals, companies and non-profit groups on a full range of legal matters and also helped the US Justice Department bring down a major organized crime figure.

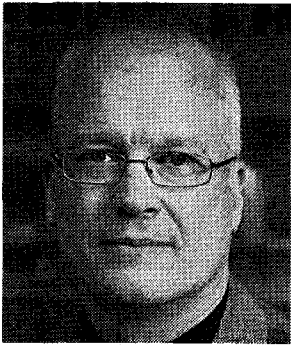

Arlow has intellectual heft. He would bring a fresh perspective to the court, along with valuable expertise in corporate, securities and regulatory law." --Eugene Register-Guard (4-27-10)

JAMES EGAN FOR OREGON COURT OF APPEALS EXPERIENCE. DEDICATION. INTEGRITY.

EXPERIENCE

Judge Egan is a leader and an educator. Before taking the bench in 2010, Judge Egan worked for 25 years as a trial attorney where he handled a wide variety of cases at both the trial and appellate level. Judge Egan has served as President of the Oregon Trial Lawyers (2005-2006); was elected to the House of Delegates of the Oregon State Bar Association (2001-2005); served on his local Fire Board and Planning Commission; and, when he was deployed in the Middle East, taught business law to the troops as an adjunct professor for the University of Maryland in Arifjan.

DEDICATION

Judge Egan has had the distinct honor of serving his community for more than 30 years as a soldier, as a lawyer, and as a judge. As a trial attorney, Judge Egan represented everyday men and women in worker's compensation and discrimination cases. He is deeply committed to ensuring that the courts are accessible to all Oregonians and to upholding the rule of law in an impartial and fair manner.

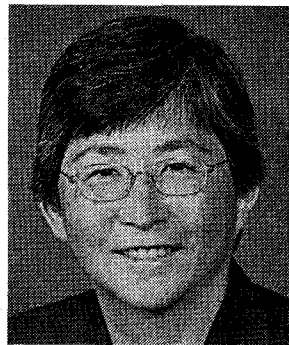

INTEGRITY

Judge Egan approaches each case with an open mind. He carefully considers the issues that come before him and decides on their merits. He is dedicated to fulfilling his responsibilities as a judge in a manner worthy of your trust and respect.

Judge of the Circuit Court, 5th District, Position 11

Susie L Norby

Nonpartisan

Occupation: Circuit Court Judge

Occupational Background: Clackamas County Counsel; Deputy District Attorney; Law Instructor; Secretary

Educational Background: Lewis & Clark Law School; University of South Carolina

Prior Governmental Experience: Oregon Court of Appeals Pro Tem Judge; Oregon Judges Charitable Foundation Vice President; Diversity Convocation Mentorship Committee; Regional Coordinator Classroom Law Project High School Mock Trial Competition; OSB Civil Jury Instruction Committee.

Memberships: American Judges Association; National Association of Women Judges; Oregon Women Lawyers.

EXPECTED TO EXCEL:

October 6, 2000, the Oregonian predicted:
 "[Norby] would bring new ideas, energy and enthusiasm to the Clackamas County Courthouse. She'd take the unusual step of allowing jurors to ask questions in her courtroom. She is interested in..."court school" for young children... worthwhile ideas that may improve the court system in Clackamas County and elsewhere."

CHOSEN BY VOTERS:

Voters chose Judge Norby over another candidate in 2006, making Norby the first woman ever to win a contested judicial election in Clackamas County.

"I work hard each day to be worthy of the voters' faith in me."

-Hon. Susie Norby

FOCUSED ON CHILDREN:

As Regional Coordinator of the Classroom Law Project's High School Mock Trial Competition, host of 4th grade mock trials, and "Read To Me" volunteer, Judge Norby helps children learn about court:

"I love the way Judge Norby talks to children. She chooses her words carefully and thoughtfully, and answers their questions without talking down to them."

-Karen Levine, Third Grade Teacher

PRAISED BY JURORS:

"We served as jurors in Judge Norby's courtroom on a nine week trial. Judge Norby was respectful, fair and decisive. Every time our jury entered and left the courtroom, Judge Norby stood and made everyone else stand too. She allowed us to ask questions of witnesses. She explained every aspect we needed to understand, even after the trial ended. Please vote with us to keep Judge Norby!"

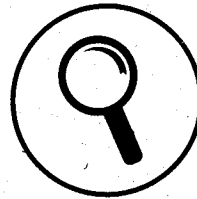

-Anita Uhl, & Margaret Craver, 2011, Jurors

Vote by Mail Frequently Asked Questions

As a voter, what do I have to do?

Your ballot packet will automatically be mailed to you between April 27 and May 1, 2012. Inside the packet you will find the ballot, a secrecy envelope and a return envelope. Once you vote the ballot, place it in the secrecy envelope and seal it in the pre-addressed return envelope. Be sure you sign the return envelope on the appropriate line. After that just return the ballot either by mail or at a designated dropsite.

What if I am uncomfortable voting my ballot at home?

There are privacy booths available for you to cast your ballot at your county elections office and there may be others at dropsite locations elsewhere in your county. For further information, call your county elections official.

What if my ballot doesn't come?

If you are registered to vote and have not received your ballot by May 4th, call your county elections office. They will check that your voter registration is current. If it is, they will mail you a replacement ballot. You can also check the status of your ballot at My Vote at oregonvotes.org.

What if I have moved and have not updated my registration?

If you were registered to vote by April 24 but now have a different address, call your county elections office for instructions on how to update your registration and receive a ballot.

Do I have to return my ballot by mail?

You have the choice of mailing your ballot or returning it to any county elections office or any designated dropsite in the state. You can find your nearest dropsite along with a map of how to get there by going to www.oregonvotes.org or you may contact your county elections office.

How much postage is required to mail the ballot back?

Your voted ballot can usually be returned using a single 45¢ first-class stamp. In those instances where additional postage is necessary, it will be clearly indicated on the ballot materials.

When must the voted ballot be returned?

The voted ballot must be received in any county elections office or designated dropsite by 8pm on election night. Postmarks do not count!

How do I know if my ballot is received?

You can track the status of your ballot by going online to My Vote at www.oregonvotes.org or you can call your county elections office and ask if they received your ballot. A record is kept showing each voter whose ballot has been returned.

Can anyone find out how I've voted once I mail my ballot?

No. All ballots are separated from the return envelope before the ballots are inspected. This process ensures confidentiality.

What if I forget to sign the return envelope?

Your elections office will contact you, if possible, to come to the elections office to sign it.

Can the public watch the election process?

All steps of the process are open to observation by the public. Contact your county elections official to make arrangements.

When will election results be known?

Initial results are released at 8pm election night and will continue to be updated through election night until all ballots have been counted. Final certified results will be available 30 days after the election.

Provisional Ballot Information

You will be issued a provisional ballot if:

- there is a question about your eligibility as a voter (for example, there is no evidence on file that you are an active or inactive voter in Oregon)
- you need to vote at a county elections office in a county other than the one you live in

In order to obtain a provisional ballot, you need to fill out a Provisional Ballot Request Form in person at the county elections office.

Your provisional ballot will not be counted until it is determined that you are eligible to vote.

After you have voted the ballot, you can call 1-866-ORE-VOTE (1-866-673-8683) or the county elections office in which you voted to find out if your ballot was counted. If your ballot was not counted, you can also find out the reason it was not counted.

If it is determined that you are ineligible to vote in this election, the completed Provisional Ballot Request Form will serve as your voter registration for future elections.

How to File a Complaint

Any registered voter may file a written complaint with the Secretary of State alleging that a violation of an election law or rule adopted by the Secretary of State has occurred. The complaint should state the reason for believing that the violation occurred and provide evidence relating to it. The complaint must be signed by the elector; anonymous complaints will not be accepted. The complaint should be mailed to, or filed at:

Secretary of State, Elections Division
255 Capitol St NE, Suite 501
Salem, OR 97310

Resources for Voters with Disabilities

Contact your county elections office or call 1 866 673 8683 to request these resources.

Alternate Format Ballots

- **HTML ballot**, available to voters who are unable to mark a printed ballot. Voters can vote in the privacy of their own home using their own accessible tools. Voters who do not have accessible tools at home may vote the HTML ballot using a **tablet computer**. An accessible computer station is located in every county elections office.
- **Large print ballot**, available to voters with low vision.

Alternate Format Voting Guides

- **Statewide Voters' Pamphlet**, available in digital audio or accessible text at www.oregonvotes.org. Request a CD of mp3 format audio files by phone.
- **Easy Voters' Guide**, available in digital audio or accessible text at www.lwvor.org/votersguide. English and Spanish versions are available in print.
- **Standard Voters' Guide**, available in digital audio or accessible text www.lwvor.org/votersguide. Large Print, Braille, CD and NSL compatible versions also are available. Contact Talking Book and Braille Services at 1 800 452 0292 to request this voting guide.

Additional Resources

- **Large print voter registration card**, available to voters with low vision.
- **Signature Stamp Attestation Card**. If, because of a disability, a person is unable to sign a ballot or registration card, they may use a signature stamp or other indicator that represents their signature. A signature stamp attestation form must be completed along with an updated (or new) voter registration card.

Voters Assistance

Contact **your county elections office** or call **1 866 673 8683** to request these resources.

I need assistance to vote

Any voter with a disability can request assistance to register to vote, vote their ballot and/or return their ballot. You can also request assistance from a caretaker, care provider or someone else you choose.

I want to assist a voter

Your county elections office can suggest resources you can use to help inform voters. Resources must be nonpartisan and unbiased.

Who can provide assistance?

- A County Voting Assistance Team
 - A Facility Voting Assistance Team
 - Someone chosen by the voter
-

Who can not provide assistance?

- The voter's employer
 - An agent of the voter's employer
 - A union officer or agent of a union of which the voter is a member
-

What is a facility voting assistance team?

A **congregate living facility** may form a Facility Assistance Team to assist voters living in their facility.

Teams must be made up of **two registered voters** that do not have the same political party affiliation.

Registering to Vote

To vote in Oregon you need to be registered in the county where you reside.

You can register if you can answer yes to these three questions:

- Are you a resident of Oregon?
- Are you a US citizen?
- Are you at least 17 years of age?

If you are 17 years of age, you will not receive a ballot until an election occurs on or after your 18th birthday.

How to register

You can register to vote online at www.oregonvotes.org or you can get a voter registration card at any of the following places:

- in this Voters' Pamphlet
- any county elections office
- the Secretary of State's Office
- some state agencies such as the Division of Motor Vehicles
- a voter registration drive

You can fill the card out in person or send it in by US mail.

You can also print out a registration card online at: www.oregonvotes.org.

To vote in the May 15, 2012, Primary Election, your completed voter registration card must be either:

- postmarked by Tuesday, April 24, 2012
- delivered to a county elections office by Tuesday, April 24, 2012 or
- delivered to any voter registration agency (e.g., DMV) by Tuesday, April 24, 2012.

If you register to vote online, your registration must be submitted by 11:59pm on Tuesday, April 24, 2012.

What information is required to register?

To complete your registration you will provide your:

- Full legal name
- Home address
- Date of birth
- Signature
- Valid identification

What are the identification requirements?

1. If you have a current, valid Driver's License, Permit or ID number issued by the State of Oregon Division of Motor Vehicles (DMV), you must provide it in the boxes on the card.

A suspended Driver's License is still valid; a revoked Driver's License is NOT valid.
2. If you do not have a current, valid Driver's License, Permit or ID number issued by the State of Oregon Division of Motor Vehicles, you must affirm this on the card by marking the appropriate circle and you must then provide the last four digits of your Social Security Number.
3. If you do not have a Social Security number, you must affirm this on the card by marking the circle in indicating you do not have a valid Driver's License or Social Security number.
4. If you do not have a Driver's License, Permit, ID number, or a Social Security number, and you are registering by mail, you must provide a copy of one of the following which shows the voter's name and current address:
 - valid photo identification
 - a paycheck stub
 - a utility bill
 - a bank statement
 - a government document
 - proof of eligibility under the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA) or the Voting Accessibility for the Elderly and Handicapped Act (VAEH)

If you do not provide valid identification, you will not be eligible to vote for Federal races. You will, however, still be eligible to vote for state and local contests.

Updating your voter registration

Once you have registered, you are responsible for keeping your information up to date. You can do this online at www.oregonvotes.org or by completing and returning a voter registration card with the new information. You should update your registration if you do any of the following:

- change your home address
- change your mailing address
- change your name
- change your signature
- want to change or select a political party
- will be away from home on election day

If you notify your county elections office of your change of residence address after May 10, 2012, you must request that a ballot be mailed to you or go to your county elections office to get your ballot.

Use online voter resources to register or update your registration status.

It is against the law to:

- sign another person's ballot return envelope for them
- vote more than once in an election or cast a fraudulent ballot
- vote a ballot if you are not legally qualified
- coerce, pressure or otherwise unduly influence another voter
- sell, offer to sell, purchase or offer to purchase another voter's ballot
- obstruct an entrance of a building in which a voting booth or official ballot dropsite is located
- deface, remove, alter or destroy another voter's ballot, a posted election notice or election equipment or supplies
- attempt to collect voted ballots within 100 feet of an official ballot dropsite
- attempt to collect voted ballots without displaying a sign stating "Not An Official Ballot Dropsite"

Any violations of the identified election laws are subject to penalties ranging from Civil Penalties (Up to \$250 per Violation), Class A Misdemeanors or Class C Felonies.
