

PRELIMINARY STATEMENT OF FEASIBILITY

To be completed by the applicant:

Applicant's Name: Pacific Northwest Solar
Property Legal Description: T 35 S, R 4E, Section 17, Tax Lot(s) 00105
Site Address: none Project Engineer: TBD
Project Title/Description of Proposed Development: Duus Solar - Utility Scale Solar Project

To be completed by the service provider or surface water management authority:

Check all that apply:

- Sanitary sewer capacity in the wastewater treatment system and the sanitary sewage collection system is available to serve the development or can be made available through improvements completed by the developer or the system owner.
[X] Adequate surface water treatment and conveyance is available to serve the development or can be made available through improvements completed by the developer or the system owner.
Water service is available in levels appropriate for the development, and adequate water system capacity is available in source, supply, treatment, transmission, storage and distribution or such levels and capacity can be made available through improvements completed by the developer or the system owner. This statement applies does not apply to fire flows.\*

\*If water service is adequate with the exception of fire flows, the applicant shall submit a statement from the fire district serving the subject property that states that an alternate method of fire protection, such as an on-site water source or a sprinkler system, is acceptable.

- This statement is issued subject to conditions of approval set forth in the attached.
Adequate sanitary sewer service, surface water management, water service cannot be provided.

Signature of Authorized Representative
Senior Planner / Land Use Review Coordinator

Date: 3-30-17
Name of Service Provider or Surface Water Management Authority: DTJ

Completion of this statement does not reserve capacity for the development and does not alter an applicant's obligation to comply with the service provider's or surface water management authority's regulations. Completion of this statement does not obligate the service provider or surface water management authority to finance or construct improvements necessary to provide adequate service for the proposed development. Completion of this statement does not guarantee that land use approval for the proposed development will be granted.

## PRELIMINARY STATEMENT OF FEASIBILITY

(March - 2009)

### Instructions to Applicant

- This form is to be completed by the applicable sanitary sewer service provider, surface water management authority and water service provider.
- It is the applicant's responsibility to provide a copy of this form to **each** service provider. Attach the completed forms as part of the land use application submittal for a development. Where there is no surface water management service district, this form is to be provided to the Clackamas County Department of Transportation and Development, Engineering Division.
- A service provider may require the submission of detailed plans and/or engineering data prior to determining whether a Preliminary Statement of Feasibility will be issued. Contact the service providers for details.
- Completed forms are required for design review, subdivisions, partitions and conditional uses, and these applications will not be deemed complete until the completed forms are received by the Planning Division.
- The forms must be dated no more than one year prior to submittal of a complete land use application.
- Forms are not required for on-site sewage disposal systems or water service by private well.

### Instructions to Service Provider

- A development is proposed within your service area. Please complete the attached Preliminary Statement of Feasibility to indicate whether adequate service can be provided to this development.
- If adequate service can be provided **only** with the implementation of certain conditions of approval, you may attach such conditions to this statement. Completion of this preliminary statement of feasibility does **not** imply that additional requirements (e.g. plan submittals) may not be imposed by your agency once a land use application is filed.
- The Planning Division will continue to provide notice to you of land use applications for property within your service area. This will allow you to determine whether the submitted development proposal differs from the plans reviewed by your agency in conjunction with the completion of this statement. This will also allow you to provide additional comments as necessary.
