COMMUNITY • ACCOUNTABILITY • FAIRNESS

Community is Key: As your City Commissioner and a longtime OC resident, I work to bring people together and create a strong sense of community.

- Rebuilding partnerships at the state, county, and city levels;
- Equipping our police with the resources they need to keep our community safe;
- Protecting funding for critical infrastructure needs, including roads and parks;
- Expanding affordable housing options that meet Oregon City's needs;
- Working with neighbors to improve livability.

Accountability through Leadership: Oregon City is a community to be proud of, and I'm focused on making it even better.

- Secured funds for small business relief and start-up businesses;
- Helped create a vision for redevelopment of city properties to create jobs;
- Supported grants for redevelopment of the landfill.

Fairness is Non-negotiable: Every member of our community deserves a voice. I listen to all points of view, but I represent Oregon City residents, not outside interests. That's why I'm fighting ODOT's unfair I-205 tolling proposal; why should Oregon City be singled out for Oregon's first tolling experiment?

As City Commission President, I bring leadership stability, experience, and collaboration to city government.

I'd be honored to continue serving the community I love so much.
