**BACKGROUND:** Clackamas County Community Corrections will provide supervised offender work crews for sites under the control of Dept. of Veteran Affairs, National Cemetery Administration for Willamette National Cemetery. Crews consisting of a minimum of four offenders perform landscaping, cleanup, and graffiti removal for up to approximately six hours per day. Community Corrections provides a Corrections Officer to supervise each crew. This Agreement provides a way for offenders to give back to the communities they have victimized while generating revenue for the program. The \$200 to \$450 per crew fee helps to offset the cost of staff supervision, tools, and transportation to and from the site. The term of this Agreement is for one year and is effective once fully executed, and allows for one additional one-year renewal.

**RECOMMENDATION:** Community Corrections respectfully requests that the Board of County Commissioners approve this Blanket Purchase Agreement to provide work service crews to Dept. of Veterans Affairs, National Cemetery Administration for Willamette National Cemetery.

Respectfully submitted,

Captain Malcom McDonald  
 Director, Community Corrections

**B.2 BPA TERMS AND CONDITIONS**

The National Cemetery Administration honors veterans with a final resting place and lasting memorials that commemorate their service to our Nation. National cemeteries are national shrines. The standards of maintenance, appearance and operational procedures performed by the Contractor at this cemetery shall reflect this nation’s concern for those interned there. For this reason, the Contractor’s strict adherence to the specifications shall be required and shall be essential. The Contractor shall demonstrate a clear understanding of, and the sensitivity to, environmental issues during the performance of the contract.

Every action by contractor personnel at a national cemetery must be performed with the special care, reverence, dignity, and respect that acknowledge the cemetery as the final resting place that commemorates the service and sacrifice that service members, Veterans and their families made for our Nation. Critically important is the awareness required of the Contractor employees of the remains buried in the grounds where the work is performed. The utmost care must be given to these remains and the headstones and flat grave markers that mark those gravesites and memorialize the service of individuals.

**1. General**

The terms and conditions in the BPA apply to all orders placed pursuant to it. In the event of an inconsistency between the provisions of the BPA and BPA calls, the provisions of the BPA will take precedence.

BPAs do not obligate funds. The Government is obligated only to the extent of authorized calls made under the BPA. It is the responsibility of the individual ordering activities to ensure adequate funds are available.

**2. Authority**

This BPA is entered into pursuant to FAR 13.303 Blanket Purchase Agreements (BPAs).

**3. Period of Performance**

This BPA will be effective from the date of establishment for a base year and one option year unless cancelled. Work on issued BPA calls may extend beyond the effective period of this BPA. However, no new BPA calls may be issued once the BPA has expired.

**4. Prevailing Terms and Conditions**

All orders placed against this BPA are subject to the terms and conditions of the agreement and all clauses and provisions in full text or by reference incorporated herein.

## **5. Administration**

On behalf of the CO, the Task Order (TO) COR is responsible for the general administration of individual Task Orders, review/acceptance of all deliverables, and technical direction required under said Task Order. The TO COR will serve as the Government point of contact concerning information exchange, submission review, and payment. Nothing said by the TO COR shall be construed to change contract requirements unless supported in writing in advance by the TO CO.

Additional points of contact may be specified after BPA establishment. The Contractor may be asked to provide required BPA deliverables to these points of contact as well.

A separate, Task Order Contracting Officer may be assigned before the performance of each Task Order under this BPA. The Task Order Contracting Officer will be responsible for administering the applicable Task Order.

## **6. Authorized Users**

Any National Cemetery Administration contracting officer or purchase card holder, acting within the scope of their delegated procurement authority, may place Calls against this BPA.

This is a single award BPA therefore orders do not need to be competed. The ordering contracting officer shall determine if the total price is reasonable by verifying that prices are at or below established BPA rates. The appropriate Service Contract Act Wage rates will be attached if applicable. Sub-contracting is not required, however the contracting activity will recommend to awardees where possible that small businesses are given the opportunity to compete for sub-contracting opportunities.

## **8. Reporting**

A quarterly report will be sent by the Contractor to the National Cemetery Administration contracting officer showing usage, BPA pricing, and cost savings generated during the reporting period. The report will be due 45 days after the close of each Government fiscal quarter. The Contracting Officer contact information is as follows:

All invoices shall include contract number, purchase/delivery order number and detail of services provided.

## **10. Cancellation**

Either party may terminate this agreement at any time upon 30 days prior written notice to the other party. The cancellation will take effect on the 30th calendar day. Discontinuing or modifying this BPA shall not affect any prior order within the 30-day period. BPA cancellation does not release the contractor from the duty to continue Task Order performance. Ongoing orders continue in accordance with their own period of performance, even if the BPA is cancelled. Termination procedures for Task Orders are addressed in the underlying schedule contract.

## **B.4 STATEMENT OF WORK**

### **STATEMENT OF WORK**

#### **A. BACKGROUND**

Willamette National Cemetery is located about 10 miles southeast of Portland, Oregon, straddling the Multnomah and Clackamas County lines. As the result of lobbying efforts by several veterans' organizations, Congress passed Public Law 388 authorizing the Secretary of War to establish a national cemetery in the Portland vicinity in 1941. Although President Franklin D. Roosevelt signed the bill into law, he felt that funds for the purchase of land should be limited to defense needs. As a result, no appropriation was made to build the cemetery.

At the conclusion of World War II, regional authorities again began urging the development of a national cemetery in Oregon. In 1949, the state donated approximately 102 acres and subsequent donations in 1952 brought the total land area to a little over 201 acres. Construction work started in 1950, and the area was officially designated Willamette National Cemetery on Dec. 14, 1950. The first burial occurred in 1951.

An additional 68 acres were dedicated in 1997 and include additional burial sections and columbaria. The latest addition to the cemetery was the 2011 purchase of 38 adjacent acres that are held for future development.

#### **B. SCOPE OF WORK**

The Willamette National Cemetery, located at 11800 SE Mount Scott Blvd, Happy Valley, OR 97086, has an immediate need for a landscaping detail from the Clackamas County Community Corrections located at 1024 Main St., Oregon City, OR 97045 referred to as the "COUNTY."

The County will provide a Work Crew Supervisor to oversee the Work Detail with a minimum of (4) clients to perform work when safety and work flow allow.

The County will provide all basic tools to perform assigned scope of work. Basic tools include: (Axes, Brooms, Chainsaws, Garden Rakes, Hand Saws, Hoes, Lawn Mowers, Leaf Blowers, Litter Pickers, Loppers, Mattocks, Pitchforks, Pruning Shears, Shovels, String Trimmers, and Wheel Barrows). If special tools are necessary, they shall be provided by the Willamette National Cemetery.

The County will be responsible for equipping the Work Detail with Personal Proper Equipment (PPE).

The Contracting Officer's Representative (COR) will coordinate the following:

- a) Identify Work Detail projects, such as litter patrol and landscape maintenance at Willamette National Cemetery.

- b) Schedule Work Detail projects on a mutually agreed-upon schedule; communicating scope of work and tool requirements to the County.

### **C. CONTRACTOR WORK HOURS**

Work Detail will start and end work at the designated time proposed and coordinated between the COR and County.

Work will be done between the hours of 8:30 a.m. thru 4:00 p.m.

Total labor hours including mobilization will be a minimum of twenty four (24) per work day.

Work crews will take (2) 15-minute breaks (non-billable) and (1) 30-minute lunch (non-billable) per County Policy.

- a) Employee lunch breaks will be taken in areas designated by the COR and not on cemetery streets, in the burial sections, assembly area or visitor's parking lots.

### **D. GENERAL REQUIRMENTS**

All activities shall be performed in accordance with all applicable Federal, State, and City laws, ordinances and regulations including, but not limited to OSHA standards. Any damage to turf, landscaping, sprinkler heads, infrastructure, headstone markers, etc., by the County shall be repaired or replaced at County's expense, as directed by the COR. All damages must be reported to the COR immediately.

In the event climate or weather conditions become unsuitable for work or may induce an environmental hazard, the entire work shall be rescheduled to a date and time satisfactory to the contractor and Cemetery Management. Postponement due to climate or weather conditions shall not be cause for penalties to the County nor additional costs to the government.

County employees shall wear a uniform identifying them as an employee of the County. The County shall be responsible for training and safety precautions prescribed by OSHA standards.

The County's Work Detail shall observe all traffic, parking, directional signs and regulations when using the cemetery roadways. County vehicles shall park only on cemetery roads or area as directed by the Cemetery Director or his/her representative. At no time shall the County's vehicles block any roads within the cemetery enclosure. County vehicles shall never be parked on a gravesite.

The County agrees to leave all work areas free of debris and in the same condition as before the work commenced. The County agrees to take all necessary precautions to protect vegetation, as appropriate, in the immediate work area(s).

The County Work Detail will be required to adjust operations to eliminate noise and visual distractions to all nearby committal services as necessary. The COR will provide a daily burial schedule to work crew leaders in support of this requirement.

All equipment requiring fuel will not be refueled in cemetery burial sections.

#### **C.4 52.216-18 ORDERING (OCT 1995)**

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from first day of performance period through last day of performance period.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

#### **C.5 52.216-19 ORDER LIMITATIONS (OCT 1995)**

(a) *Minimum order.* When the Government requires supplies or services covered by this contract in an amount of less than \$1,000.00, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) *Maximum order.* The Contractor is not obligated to honor—

(1) Any order for a single item in excess of \$15,000.00;

(2) Any order for a combination of items in excess of \$24,950.00; or

#### **C.6 52.232-32 PERFORMANCE-BASED PAYMENTS (APR 2012)**

(a) *Amount of payments and limitations on payments.* Subject to such other limitations and conditions as are specified in this contract and this clause, the amount of payments and limitations on payments shall be specified in the contract's description of the basis for payment.

(b) *Contractor request for performance-based payment.* The Contractor may submit requests for payment of performance-based payments not more frequently than monthly, in a form and manner acceptable to the Contracting Officer. Unless otherwise authorized by the Contracting Officer, all performance-based payments in any period for which payment is being requested shall be included in a single request, appropriately itemized and totaled. The Contractor's request shall contain the information and certification detailed in paragraphs (l) and (m) of this clause.

(c) Approval and payment of requests.

(1) The Contractor shall not be entitled to payment of a request for performance-based payment prior to successful accomplishment of the event or performance criterion for which payment is requested. The Contracting Officer shall determine whether the event or performance criterion for which payment is requested has been successfully accomplished in accordance with the terms of the contract. The Contracting Officer may, at any time, require the Contractor to substantiate the successful performance of any event or performance criterion which has been or is represented as being payable.

(2) A payment under this performance-based payment clause is a contract financing payment under the Prompt Payment clause of this contract and not subject to the interest penalty provisions of the Prompt Payment Act. The designated payment office will pay approved requests on the 30th day after receipt of the request for performance-based payment by the designated payment office. However, the designated payment office is not required to provide payment if the Contracting Officer requires substantiation as provided in paragraph (c)(1) of this clause, or inquires into the status of an event or performance criterion, or into any of the conditions listed in paragraph (e) of this clause, or into the Contractor certification. The payment period will not begin until the Contracting Officer approves the request.

(3) The approval by the Contracting Officer of a request for performance-based payment does not constitute an acceptance by the Government and does not excuse the Contractor from performance of obligations under this contract.

(d) Liquidation of performance-based payments. (1) Performance-based finance amounts paid prior to payment for delivery of an item shall be liquidated by deducting a percentage or a designated dollar amount from the delivery payment. If the performance-based finance payments are on a delivery item basis, the liquidation amount for each such line item shall be the percent of that delivery item price that was previously paid under performance-based finance payments or the designated dollar amount. If the performance-based finance payments are on a whole contract basis, liquidation shall be by either predesignated liquidation amounts or a liquidation percentage.

(2) If at any time the amount of payments under this contract exceeds any limitation in this contract, the Contractor shall repay to the Government the excess. Unless otherwise determined by the Contracting Officer, such excess shall be credited as a reduction in the unliquidated performance-based payment balance(s), after adjustment of invoice payments and balances for any retroactive price adjustments.

(e) *Reduction or suspension of performance-based payments.* The Contracting Officer may reduce or suspend performance-based payments, liquidate performance-based payments by deduction from any payment under the contract, or take a combination of these actions after finding upon substantial evidence any of the following conditions:

(1) The Contractor failed to comply with any material requirement of this contract (which includes paragraphs (h) and (i) of this clause).

(2) Performance of this contract is endangered by the Contractor's (i) failure to make progress, or (ii) unsatisfactory financial condition.

(3) The Contractor is delinquent in payment of any subcontractor or supplier under this contract in the ordinary course of business.

(f) Title.

(1) Title to the property described in this paragraph (f) shall vest in the Government. Vestiture shall be immediately upon the date of the first performance-based payment under this contract, for property acquired or produced before that date. Otherwise, vestiture shall occur when the property is or should have been allocable or properly chargeable to this contract.

(2) Property, as used in this clause, includes all of the following described items acquired or produced by the Contractor that are or should be allocable or properly chargeable to this contract under sound and generally accepted accounting principles and practices:

(i) Parts, materials, inventories, and work in process;

(ii) Special tooling and special test equipment to which the Government is to acquire title;

(iii) Nondurable (i.e., noncapital) tools, jigs, dies, fixtures, molds, patterns, taps, gauges, test equipment and other similar manufacturing aids, title to which would not be obtained as special tooling under subparagraph (f)(2)(ii) of this clause; and

(iv) Drawings and technical data, to the extent the Contractor or subcontractors are required to deliver them to the Government by other clauses of this contract.

(3) Although title to property is in the Government under this clause, other applicable clauses of this contract (e.g., the termination clauses) shall determine the handling and disposition of the property.

(4) The Contractor may sell any scrap resulting from production under this contract, without requesting the Contracting Officer's approval, provided that any significant reduction in the value of the property to which the Government has title under this clause is reported in writing to the Contracting Officer.

(5) In order to acquire for its own use or dispose of property to which title is vested in the Government under this clause, the Contractor shall obtain the Contracting Officer's advance approval of the action and the terms. If approved, the basis for payment (the events or performance criteria) to which the property is

related shall be deemed to be not in compliance with the terms of the contract and not payable (if the property is part of or needed for performance), and the Contractor shall refund the related performance-based payments in accordance with paragraph (d) of this clause.

(6) When the Contractor completes all of the obligations under this contract, including liquidation of all performance-based payments, title shall vest in the Contractor for all property (or the proceeds thereof) not—

(i) Delivered to, and accepted by, the Government under this contract; or

(ii) Incorporated in supplies delivered to, and accepted by, the Government under this contract and to which title is vested in the Government under this clause.

(7) The terms of this contract concerning liability for Government-furnished property shall not apply to property to which the Government acquired title solely under this clause.

(g) *Risk of loss.* Before delivery to and acceptance by the Government, the Contractor shall bear the risk of loss for property, the title to which vests in the Government under this clause, except to the extent the Government expressly assumes the risk. If any property is lost (see 45.101), the basis of payment (the events or performance criteria) to which the property is related shall be deemed to be not in compliance with the terms of the contract and not payable (if the property is part of or needed for performance), and the Contractor shall refund the related performance-based payments in accordance with paragraph (d) of this clause.

(h) *Records and controls.* The Contractor shall maintain records and controls adequate for administration of this clause. The Contractor shall have no entitlement to performance-based payments during any time the Contractor's records or controls are determined by the Contracting Officer to be inadequate for administration of this clause.

(i) *Reports and Government access.* The Contractor shall promptly furnish reports, certificates, financial statements, and other pertinent information requested by the Contracting Officer for the administration of this clause and to determine that an event or other criterion prompting a financing payment has been successfully accomplished. The Contractor shall give the Government reasonable opportunity to examine and verify the Contractor's records and to examine and verify the Contractor's performance of this contract for administration of this clause.

(j) *Special terms regarding default.* If this contract is terminated under the Default clause, (1) the Contractor shall, on demand, repay to the Government the amount of unliquidated performance-based payments, and (2) title shall vest in the Contractor, on full liquidation of all performance-based payments, for all property for which the Government elects not to require delivery under the Default clause of this contract. The Government shall be liable for no payment except as provided by the Default clause.

(k) *Reservation of rights.* (1) No payment or vesting of title under this clause shall (i) excuse the Contractor from performance of obligations under this contract, or (ii) constitute a waiver of any of the rights or remedies of the parties under the contract.

(2) The Government's rights and remedies under this clause (i) shall not be exclusive, but rather shall be in addition to any other rights and remedies provided by law or this contract, and (ii) shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor shall such

exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other right, power, or privilege of the Government.

(l) *Content of Contractor's request for performance-based payment.* The Contractor's request for performance-based payment shall contain the following:

- (1) The name and address of the Contractor;
- (2) The date of the request for performance-based payment;
- (3) The contract number and/or other identifier of the contract or order under which the request is made;
- (4) Such information and documentation as is required by the contract's description of the basis for payment; and
- (5) A certification by a Contractor official authorized to bind the Contractor, as specified in paragraph (m) of this clause.

(m) *Content of Contractor's certification.* As required in paragraph (l)(5) of this clause, the Contractor shall make the following certification in each request for performance-based payment:

I certify to the best of my knowledge and belief that—

- (1) This request for performance-based payment is true and correct; this request (and attachments) has been prepared from the books and records of the Contractor, in accordance with the contract and the instructions of the Contracting Officer;
- (2) (Except as reported in writing on \_\_\_\_\_), all payments to subcontractors and suppliers under this contract have been paid, or will be paid, currently, when due in the ordinary course of business;
- (3) There are no encumbrances (except as reported in writing on \_\_\_\_\_) against the property acquired or produced for, and allocated or properly chargeable to, the contract which would affect or impair the Government's title;
- (4) There has been no materially adverse change in the financial condition of the Contractor since the submission by the Contractor to the Government of the most recent written information dated \_\_\_\_\_; and
- (5) After the making of this requested performance-based payment, the amount of all payments for each deliverable item for which performance-based payments have been requested will not exceed any limitation in the contract, and the amount of all payments under the contract will not exceed any limitation in the contract.

(End of Clause)

#### **C.7 52.232-36 PAYMENT BY THIRD PARTY (MAY 2014)**

(a) *General.* (1) Except as provided in paragraph (a)(2) of this clause, the Contractor agrees to accept payments due under this contract, through payment by a third party in lieu of payment directly from the Government, in accordance with the terms of this clause. The third party and, if applicable, the particular Governmentwide commercial purchase card to be used are identified elsewhere in this contract.

(2) The Governmentwide commercial purchase card is not authorized as a method of payment during any period the System for Award Management (SAM) indicates that the Contractor has delinquent debt that is subject to collection under the Treasury Offset Program (TOP). (2) When the Contracting Officer has notified the Contractor that the Governmentwide commercial purchase card is no longer an authorized method of payment, the Contractor shall make such payment requests in accordance with instructions provided by the Contracting Officer during the period when the purchase card is not authorized.

(c) *Payment.* The Contractor and the third party shall agree that payments due under this contract shall be made upon submittal of payment requests to the third party in accordance with the terms and conditions of an agreement between the Contractor, the Contractor's financial agent (if any), and the third party and its agents (if any). No payment shall be due the Contractor until such agreement is made. Payments made or due by the third party under this clause are not payments made by the Government and are not subject to the Prompt Payment Act or any implementation thereof in this contract.

(d) *Documentation.* Documentation of each charge against the Government's account shall be provided to the Contracting Officer upon request.

(e) *Assignment of claims.* Notwithstanding any other provision of this contract, if any payment is made under this clause, then no payment under this contract shall be assigned under the provisions of the assignment of claims terms of this contract or the Assignment of Claims Act of 1940, (31 U.S.C. 3727, 41 U.S.C. 6305).

(f) *Other payment terms.* The other payment terms of this contract shall govern the content and submission of payment requests. If any clause requires information or documents in or with the payment request, that is not provided in the third party agreement referenced in paragraph (c) of this clause, the Contractor shall obtain instructions from the Contracting Officer before submitting such a payment request.
