AUTHORIZES GENERAL OBLIGATION BONDS FOR TRAILS, PARKS AND RIVER ACCESS

Question 20 words which plainly phrases the chief purpose of the measure.
Shall Tualatin issue \$25,000,000 in general obligation bonds for trails and natural areas, sports fields, parks, and Tualatin River access? If the bonds are approved, they would be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution.

Summary 175 words which concisely and impartially summarizes the measure and its major effect.
The measure would authorize up to \$25,000,000 in principal amount of general obligation bonds to finance capital costs related to trails, natural areas, sports fields, parks, and river access; and is expected to include a new east-west trail corridor and public access point on the Tualatin River, new and improved sports fields, and parks improvements citywide.
New trails would create connections to reduce traffic, improve pedestrian safety, and promote healthy transportation options. Expanding trail connections would make parks, schools, and transit stops accessible to more community members.
Access to and creation of sports fields in City parks and through cost-effective partnerships with the School District, would provide places for youth health and wellness.
Creating a new riverfront destination in Tualatin's downtown would enhance local businesses, provide environmental education opportunities, and create a place for river access.
If approved, the tax rate is estimated to increase by 29 cents per \$1,000 of taxable value. Actual rates may differ based upon interest rates incurred and changes in assessed value.
