DESIGN SERVICES FOR ADA IMPROVEMENTS
RESPONSE TO CLARIFYING QUESTIONS
October 3, 2018

Note that these are questions submitted by interested firms to the above referenced solicitation. The below answers are for clarification purposes only and in no way alter or amend the RFP as published.

1. *Does this RFP select the Consultant for only the Oak Grove Boulevard or are the projects listed in Priority No. 1, Priority No. 2 and Priority No. 3 included?*

Answer: This RFP selects a consultant for the Oak Grove Boulevard ADA Improvements and between 30 and 50 curb ramps improvements from the Priority No. 1 pavement improvements list for County fiscal year 2018/19. As mentioned in Section 3.3.2 related to work schedule, the County has the option to renew the contract up to two times with separate purchase orders required for the specific work after agreement of a Scope of Work and fee estimate. The County plans to design 40 to 50 ADA ramp improvements in each subsequent fiscal year and the County realizes at that rate that not all of the projects listed in Priority No. 1 will be completed. However, the number of ramp improvements and resulting scope of work might change based on the County's budget and project priorities.

2. *Does the scope of work include pavement rehabilitation and plans for this work by the Consultant?*

Answer: No, the scope of work does not include pavement rehabilitation and plans.
