BACKGROUND:

This program, legislated in 1999 as ORS 306.135, provides for the funding from the State Department of Revenue for GIS digital tax lot capture and the creation of digital Assessor's tax lot maps. The ORMAP program collects \$1.00 for each recorded land related document from all Oregon Counties. These funds go into a pool administered by the Oregon State Department of Revenue. Funds are distributed to Counties based on competitive grant applications twice a year. This contract represents our spring 2019 award of our grant request for continuing work on the capture of tax lot lines and annotation from survey documents and converting that information to a digital GIS database as spelled out by Oregon Department of Revenue standards.

The product created by funds from this IGA contract benefits the County, the State, and most importantly, the public. Having an accurate ownership GIS layer allows uses of the data to make more informed decisions and provides a more accurate base map for other GIS map data.

This project is a collaborative effort between the Clackamas County's Assessor's Office and the GIS Division of the Technology Services Department. Also assisting in this effort is the County's Surveyor. County Counsel has reviewed these on-going ORMAP contracts and has approved as to form.

RECOMMENDATION:

Staff respectfully recommends that the Board of County Commissioners approves Intergovernmental Agreement Contract # DOR-189-19 with the State of Oregon Department of Revenue for the continued conversion of paper survey documents and Assessment maps to a digital GIS database.

Respectfully submitted,
