EXECUTIVE SUMMARY: This is a federally funded All Roads Transportation Safety project agreement between Clackamas County and the Oregon Department of Transportation (ODOT). Sunnyside Road is the busiest county owned and maintained arterial in Clackamas County where rear-end crashes and turning movement crashes are the highest crash types for the corridor. The proposed solution is to implement an adaptive traffic signal control system on Sunnyside Road to improve traffic flow and reduce the number of stops resulting in the reduction of rear-end crashes. Improving signal visibility and installing signal ahead warning signs should help with turning movement and rear-end crashes.

System improvements will be implemented at the following eight (8) intersections: SE Sunnyside Rd / 132nd Ave; SE Sunnyside Rd / 142nd Ave; SE Sunnyside Rd / 147th Ave; SE

For Filing Use Only

Sunnyside Rd / 152nd Ave; SE Sunnyside Rd / 157th Ave; SE Sunnyside Rd / 162nd Ave; SE Sunnyside Rd / 169th Ave; SE Sunnyside Rd / 172nd Ave. This project includes upgraded detection for adaptive control at six of the eight intersections, retroreflective signal backplates, supplemental signal heads, and signal ahead warning signs with cross street riders.

Clackamas County will complete the work as a Supplemental Project under the County's Local Agency Certification Program Agreement No. 73000-00029343 with ODOT. The preliminary engineering and construction phase for this project will be financed with 90 percent of federal funds (up to \$1,809,000.00) matched by 10 percent (up to \$201,000.00) of County Road Funds.

RECOMMENDATION: Staff respectfully recommend that the Board of County Commissioners sign the attached Supplemental Project Authorization No. 73000-00029343:4 with the Oregon Department of Transportation for the SE Sunnyside Rd: 132nd Ave - 172nd Ave (Clackamas) Project.

Respectfully submitted,

Dan Johnson

B. SUPPLEMENTAL PROJECT AUTHORIZATION TERMS

- Applicable Provisions:** Except as otherwise modified by the terms of this Supplemental Project Authorization, the Project is subject to the terms and conditions of the Program Agreement, including the Standard Provisions and Special Provisions specified in the Project Details Table above, which are incorporated into this Supplemental Project Authorization by reference as though fully set forth herein.
- Scope:** The Project includes preliminary engineering and construction phases of SE Sunnyside Rd: 132nd Ave - 172nd Ave, located as shown on Attachment 1 –Project Vicinity Map.
- ODOT Costs:** The Parties agree that ODOT will perform risk-based Project oversight in accordance with the Program Agreement. A preliminary estimate for the cost of ODOT’s work is shown above in the Project Details Table under Informational Details. The Parties agree that ODOT services to be performed in excess of this preliminary estimate shall be addressed as provided in Paragraph V.3 Subsection g. of the Program Agreement. Certified Agency understands that ODOT’s costs are estimates only and Certified Agency agrees to pay ODOT’s actual costs incurred per the Terms of this Supplemental Project Authorization. On a quarterly basis, ODOT will provide Certified Agency a statement of costs expended by ODOT.
- Funding:** A combination of federal, state, and local funds may be expended on the Project as detailed in the Project Details Table above, subject to the limitations and obligations set forth in

the Program Agreement and this Supplemental Project Authorization. Federal and State funds for a project shall be limited to the amount shown in the Funding Details section of the Project Details Table above.

- a. Certified Agency guarantees the availability of Certified Agency funding in an amount required to fully fund Certified Agency's share of the Total Project Costs, as shown in the Project Details Table, and in accordance with the Funding provisions in Paragraph V.3 of the Program Agreement.
 - b. Certified Agency understands and agrees that federal funding for this Project is contingent upon FHWA's approval of each funding request. Any work performed outside the period of performance approved by FHWA or outside the Project Scope will be considered non-participating and paid for at Certified Agency expense.
 - c. ODOT will submit requests for federal funding authorizations to FHWA by Project phase. The ODOT Project Contact or designee will provide Certified Agency with a written notice to proceed for each Project phase when FHWA approval has been secured and funds are available for expenditure on the Project.
 - d. With the notice to proceed, ODOT will provide Certified Agency with a copy of the USDOT FHWA Federal Aid Project Agreement between ODOT and FHWA for this Project, which contains the information required of pass-through entities by 2 CFR 200.332(a)(1).
5. Invoicing: Certified Agency shall submit invoices for Project progress billings in accordance with the invoicing provisions in Paragraph V.5 of the Program Agreement.
6. Period of Performance:
- a. Begin and End Dates: The Project period of performance begins when both the initial FHWA Project authorization has been received by ODOT and a notice to proceed for the first phase of the Project has been issued by the ODOT Project Contact. The Project period of performance ends on the Project End Date shown in the Project Details Table. All Project work must be completed within the period of performance.
 - b. Project End Date Changes: The Project End Date may be changed upon written approval by the ODOT Project Contact, which shall be incorporated by reference into this Supplemental Project Authorization. To extend the Project End Date, Certified Agency shall submit a written request to the ODOT Project Contact as soon as Certified Agency becomes aware that a schedule change is necessary, but no less than sixty (60) calendar days prior to the authorized Project End Date. The ODOT Project Contact will coordinate with ODOT Program and Funding Services to seek authorization from FHWA prior to approving the extension request. FHWA authorization for extensions is not guaranteed. Any work performed outside the period of performance authorized by FHWA will be nonparticipating and paid for at Certified Agency expense.
7. Project Useful Life: The useful life of the Project is 20 years.
8. Project-Specific Modifications: Reserved.
