Report of Independent Auditors on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

The Board of County Commissioners Clackamas County, Oregon

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Clackamas County, Oregon (the County) as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated February 27, 2025. Our report includes a reference to other auditors who audited the financial statements of Easton Ridge, LLC, Pedcor Investments 2016-CLV LP, Hillside Manor LP, and Webster Road Housing LP, aggregate discretely presented component units, as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

loss Adams IIP

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Portland, Oregon February 27, 2025

Report of Independent Auditors on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance; and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

The Board of Commissioners Clackamas County, Oregon

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Clackamas County, Oregon's (the County) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2024. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

The County's basic financial statements include the operations of the Housing Authority of Clackamas County (the Authority) which expended \$34,266,819 in federal awards which are not included in the County's schedule of expenditures of federal awards for the year ended June 30, 2024. Our audit, described below, did not include the operations of the Authority because the Authority elected to perform a separate audit on compliance over the Authority's separately issued schedule of expenditures of federal awards for the year ended June 30, 2024.

In our opinion, the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the County's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and
 design and perform audit procedures responsive to those risks. Such procedures include
 examining, on a test basis, evidence regarding the County's compliance with the compliance
 requirements referred to above and performing such other procedures as we considered
 necessary in the circumstances.
- Obtain an understanding of the County's internal control over compliance relevant to the audit in
 order to design audit procedures that are appropriate in the circumstances and to test and report
 on internal control over compliance in accordance with the Uniform Guidance, but not for the
 purpose of expressing an opinion on the effectiveness of the County's internal control over
 compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2024-001, 2024-002, and 2024-003. Our opinion on each major federal program is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on the County's response to the noncompliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2024-001, 2024-002, and 2024-003 to be significant deficiencies.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the County's response to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated February 27, 2025, which contained unmodified opinions on those financial statements. Our audit was performed for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Schedule of Expenditures of Federal Awards (the Schedule) is presented using the modified accrual basis of accounting, which is described in Note 1 to the basic financial statements of Clackamas County, Oregon (the County). Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) wherein certain types of expenses are not allowable or are limited as to reimbursement. The pass-through entity identifying numbers are presented where applicable.

2. <u>ELECTION OF DE MINIMIS INDIRECT COST RATE</u>

During the fiscal year ended June 30, 2024, the County did not elect to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

3. BASIS OF PRESENTATION

The Schedule presents the activity of all federally-funded programs of the County, except for the Housing Authority of Clackamas County (HACC) which issues a separate report. The reporting entity is defined in Note 1 to the County's basic financial statements. The information in the Schedule is presented in accordance with the requirements of the Uniform Guidance. Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in financial position, or the cash flows of the County.

4. REVOLVING LOAN PROGRAMS

The County makes loans to developers for the construction of low-income housing units. The seed money for these loans used to establish the program initially was provided through Federal funds under the Rural Development Multi-Family Housing Revitalization Demonstration Program (ALN #10.447), Community Development Block Grants/Entitlement Grants (ALN #14.218), HOME Investment Partnerships Program (ALN #14.239), and Neighborhood Stabilization Program (ALN #14.256). The County's responsibility over these loans is to ensure that a specified percentage of the total rental units are rented to low-income individuals, and the ongoing compliance requirements relate to the accumulated loan balances.

The outstanding loan balances as of June 30, 2024 consists of:

<u>ALN</u>	Program Name	Outstanding Balance
10.447	The Rural Development (RD) Multi-Family Housing Revitalization Demonstration Program	\$50,000
14.218	Community Development Block Grants/Entitlement Grants (Dir Federal)	rect \$4,556,032
14.218	Community Development Block Grants/Entitlement Grants (NS 1 HERA Passed through OHCS)	SP- \$1,079,108
14.239	Home Investment Partnerships Program	\$20,132,943
14.256	Neighborhood Stabilization Program (Recovery Act Funded) (NSP-2 ARRA Passed through OHCS)	\$428,223

None reported.

Section III - Federal Award Findings and Questioned Costs

FINDING 2024-001 – Reporting – Significant Deficiency in Internal Controls over Compliance and Instance of Noncompliance

Federal Assistance Listing Numbers	Federal Agency/Pass-through Entity - Program Name	Award Number	Award year	Questioned Costs
14.218	COVID-19 – CDBG – Entitlement/Special Purpose Grants Cluster	N/A	2024	None Reported

Criteria or specific requirement: Prime grant recipients awarded a federal contract greater than or equal to \$30,000 are subject to Federal Funding Accountability and Transparency Act (FFATA) subaward reporting requirements. The prime awardee is required to file a FFATA subaward report by the end of the month following the month in which the prime contractor awards any subcontract greater than or equal to \$30,000. In addition, as a condition of the award, the County is required to submit cash-on-hand reports quarterly.

Condition: During our testing, the County did not file a FFATA report for one of its subrecipients that was granted the sub-award during the fiscal year. In addition, we were provided with documentation that indicated the County did not file two of its quarterly cash-on-hand reports by the due date specified in the award document.

Context: Of the six subrecipients that received funding, only one subrecipient was awarded funds in the current fiscal year, and no FFATA report was filed. Of the four cash-on-hand reports, two of four reports was not filed by the due date.

Effect: The FFATA report was not filed within 30 days of the sub-award. The failure to have the FFATA reports submitted could result in the submission of inaccurate or incomplete information to federal agencies, potentially leading to non-compliance with federal requirements, mismanagement of funds, and jeopardizing future funding. In addition, two cash-on-hand reports were not filed by the due date specified in the award document.

Cause: The County does not have an effective control in place to monitor reporting timelines and submission.

Repeat finding: No.

Recommendation: We recommend the County work to establish an internal tracking system to memorialize reporting deadlines and track the submission of required reports under the program.

Views of responsible officials: Management agrees with the auditor recommendation.

FINDING 2024-002 – Procurement, Suspension and Debarment – Significant Deficiency in Internal Controls over Compliance and Instance of Noncompliance

Federal Assistance Listing Numbers	Federal Agency/Pass-through Entity - Program Name	Award Number	Award year	Questioned Costs
21.027	COVID-19 – Coronavirus State	N/A	2024	None
	and Local Fiscal Recovery Fund			Reported

Criteria or specific requirement: Federal regulations require that grantees have controls in place to verify that vendors are not suspended or debarred prior to entering into contracts for goods and services exceeding \$25,000.

Condition: For two of the contracts tested, there was no evidence of verification from sam.gov being obtained to verify vendors were not suspended or debarred prior to conducting business. There was also no evidence in the County's contract with the vendor that the appropriate language had been included.

Context: Of the 39 vendors that had expenditures greater than \$25,000, we selected four vendors for procurement testing.

Effect: The County could be transacting with parties that are suspended or debarred and may be subject to questioned costs or other sanctions from funding agencies. However, during the course of the audit we verified these vendors were not previously suspended or debarred.

Cause: There were ineffective controls in place during the period, along with lack of management oversight.

Repeat finding: No

Recommendation: We recommend that before the County executes contracts with vendors that exceed \$25,000, the vendor is compared to the listing of suspended and debarred vendors on the sam.gov website and that this verification is properly documented.

Views of responsible officials: Management agrees with the auditor recommendation.

FINDING 2024-003 – Allowable Costs – Significant Deficiency in Internal Controls over Compliance and Instance of Noncompliance

Federal Assistance				
Listing Numbers	Federal Agency/Pass-through Entity - Program Name	Award Number	Award year	Questioned Costs
21.027	COVID-19 – Coronavirus State and Local Fiscal Recovery Fund	N/A	2024	None Reported

Criteria or specific requirement: Recipients may use State and Local Fiscal Recovery Funds (SLFRF) for any eligible expenses subject to the restrictions set forth in sections 602 and 603 of the Social Security Act as added by section 9901 of the American Rescue Plan Act of 2021, codified at 42 USC sections 802 and 803, and as amended by the 2023 Consolidated Appropriations Act. In general, recipients may use payments from SLFRF to respond to the public health and negative economic impacts of the pandemic, replace lost public sector revenue, provide premium pay for essential workers, invest in water, sewer, and broadband infrastructure, provide emergency relief from natural disasters or the negative economic impacts of natural disasters, fund projects eligible under certain programs administered by the U.S. Department of Transportation, and fund projects eligible under the programs established in Title I of the Housing and Community Development Act of 1974.

Condition: For nine of the items tested, we noted the County had charged contracted services for temporary employees to assist with either accounting or Ballot Measure 108, neither of which are considered allowable in accordance with the regulations.

Context: Of the 35 disbursements that were tested, 9 items were identified that included detail that did not support that the expenditure was allowable in accordance with the regulations.

Effect: The County charged expenditures that were unallowable.

Cause: Journal entries were posted to charge the expenditures to the grant without proper review of the supporting documentation, including timesheets, to verify whether the expenditure would be considered allowable in accordance with the regulations.

Repeat finding: No

Recommendation: We recommend that the County thoroughly review all supporting documentation prior to charging expenditures to a Federal grant to ensure the amount is allowable in accordance with the respective regulations.

Views of responsible officials: Management agrees with the auditor recommendation.

Public Services Building 2051 Kaen Road, Suite 490 | Oregon City, OR 97045

March 21, 2025

In accordance with OMB Uniform Guidance, we have provided below Clackamas County's response and corrective action plan addressing the findings in the "Report on Federal Awards in Accordance with the OMB Uniform Guidance" for the fiscal year that ended June 30, 2024.

<u>Finding 2024-001: Reporting – Significant Deficiency in Internal Control over Compliance and Instance</u> of Noncompliance

Management agrees with the finding and the auditor's recommendation.

Contact Person responsible for corrective action:

Elizabeth Comfort Finance Director ecomfort@clackamas.us 503-936-5345

Corrective Action Planned:

Procedures will be incorporated into the County workflow to provide additional monitoring, oversight, and record retention related to reporting of subawards greater or equal to \$30,000. These will include:

- Timely monitoring for the status of FFATA subaward reporting
- Receive the FFATA subaward report to SAM.gov confirmation from Sub Recipient contractor
- Retain documentation of submission to SAM.gov
- Include guarterly cash-on-hand reports to award checklist to be completed in the Finance office
- Compile listing of current open subrecipient agreements for adherence to FFATA contractor award reporting to ensure compliance

Anticipated Completion Date:

Implemented as a control to the Finance Grant checklist for each award March 20, 2025.

Sincerely,

Elizabeth Comfort Finance Director

Public Services Building 2051 Kaen Road, Suite 490 | Oregon City, OR 97045

March 21, 2025

In accordance with OMB Uniform Guidance, we have provided below Clackamas County's response and corrective action plan addressing the findings in the "Report on Federal Awards in Accordance with the OMB Uniform Guidance" for the fiscal year that ended June 30, 2024.

<u>Finding 2024-002: Procurement, Suspension and Debarment – Significant Deficiency in Internal Control over Compliance and Instance of Noncompliance</u>

Management agrees with the finding and the auditor's recommendation.

Contact Person responsible for corrective action:

Elizabeth Comfort Finance Director ecomfort@clackamas.us 503-936-5345

Corrective Action Planned:

Procedures will be incorporated into the County workflow to provide additional monitoring, oversight, and record retention related to reporting. These will include:

- Timely verification from SAM.gov to verify non-suspension or disbarment status
- Procurement to download the timestamped report from SAM.gov
- Retain documentation of verification from SAM.gov
- Procurement to include appropriate language on all Federal funded awards

Anticipated Completion Date:

Elizabeth Comfort

Implemented as a control by the Finance Procurement Division each award March 19, 2025.

Sincerely,

Elizabeth Comfort Finance Director

Public Services Building 2051 Kaen Road, Suite 490 | Oregon City, OR 97045

March 21, 2025

In accordance with OMB Uniform Guidance, we have provided below Clackamas County's response and corrective action plan addressing the findings in the "Report on Federal Awards in Accordance with the OMB Uniform Guidance" for the fiscal year that ended June 30, 2024.

<u>Finding 2024-003: Allowable Costs – Significant Deficiency in Internal Control over Compliance and Instance of Noncompliance</u>

Management agrees with the finding and the auditor's recommendation.

Contact Person responsible for corrective action:

Elizabeth Comfort Finance Director ecomfort@clackamas.us 503-936-5345

Corrective Action Planned:

Procedures will be incorporated into the County workflow to provide additional monitoring, and oversight. These will include:

- Departments will ensure that all expenses are reviewed to confirm alignment with the specific terms and conditions of the grant before reallocating any charges.
- Redistribution of Award expenses will be reviewed and approved by Division Director and/or Finance Grant Manager
- Federal Awards quarterly reporting will be reviewed and approved by Finance Grant Manager prior to submission
- Journal Entries will be for correcting entries and not move funded expenditures to other funding revenues
- All Journal Entries will have complete supporting documentation reviewed and signed by Director level staff at the Division or by Finance Grant Management

Anticipated Completion Date:

Implementation of controls by March 24, 2025.

Sincerely,

Elizabeth Comfort Finance Director

Public Services Building 2051 Kaen Road, Suite 490 | Oregon City, OR 97045

Summary Schedule of Prior Audit Findings for the Fiscal Year Ended June 30, 2023

Finding 2023-001: Reporting – Significant Deficiency in Internal Control over Financial Reporting – Timeliness and Accuracy of Reconciliations for the Housing Authority of Clackamas County

Condition: Due to a software conversion, the Housing Authority of Clackamas County (the Authority) prepared reconciliations for audit months later, which required significant edits and multiple versions. Management did not properly update the financial close and reporting schedule following the software conversion. The delay in the preparation of reconciliations delayed the completion of the County's ACFR preparation as well as the County's audit for which extensions were requested and granted to account for the delay in the Authority's financial reporting process.

Recommendation: We recommend the Authority update the financial close and reporting schedule to ensure all reconciliation are prepared timely and accurately. We Further recommend the County to engage with the Authority and verify reconciliations are completed in a timely manner to ensure timely financial reporting.

Status of Finding: Previously reported corrective action implemented. Resolved.

Federal Award Findings and Questioned Costs

Finding 2023-002 - Reporting - Significant Deficiency in Internal Controls over Compliance

Federal Agency: Health Resources and Services Administration

Federal Program: 93.224, 93.527 COVID-19 – Health Center Program Cluster

Condition: We submitted documentation that indicated the FFR was not submitted by the specified due date.

Recommendation: We recommend the County to establish an internal tracking system to memorialize reporting deadlines and track the submission of required reports under the program.

Status of Finding: Previously reported corrective action implemented. Resolved.
