

Climate Action Plan Community Advisory Task Force

Meeting #3

August 26, 2021; 1-3:40 p.m.

Zoom

Meeting Purpose:

- Build foundational understanding of current greenhouse gas emissions in Clackamas County and the projected reality; begin to consider how to make the data actionable.

Objectives

- Continue to build relationships with one another
- Gain understanding of the current reality through the *Business as Planned* modeling presentation
- Apply learning to confirm categorical list of largest emitters
- Continue to discuss the prioritization criteria to prepare for identification of actions
