Dear Clackamas County Voter:

AFTER YOU FINISH VOTING, PLEASE TURN YOUR BALLOT CARD OVER AND CAREFULLY REMOVE ANY CHAD WHICH DID NOT DETACH WHEN YOU VOTED. (I'M SURE YOU NOW KNOW WHAT A "CHAD" IS!)

This Voters' Pamphlet contains information designed to assist you in voting. It contains statements from eighty-six candidates for city and special district offices. It also contains ballot titles and explanatory statements pertaining to six local measures which are on the March 13, 2001, ballot in Clackamas County.

Please remember, in order to vote on one of these measures, you must be a resident of the city or special district which has placed the measure on the ballot. Only registered voters residing within a city or special district will receive ballots containing the candidates for the appropriate offices.

Your voted ballot must be received in the Elections Office, 825 Portland Avenue, Gladstone, OR, by 8:00 PM on election night to be counted. Postmark does not count. If you prefer, instead of mailing your ballot, you may take it to the Elections Office or to one of the Drop Site Locations listed on page 4 of this pamphlet. Drop boxes will be available at these locations from February 24 through March 13.

If a ballot was delivered to your residence for someone who should no longer be receiving ballots at your address, please write "RETURN" on the envelope and place it back in your mail box. If a ballot was sent to someone who is deceased, please write "DECEASED" on the envelope and place it back in your mailbox.

The address for Internet access for election results is on page 75. Information regarding cable broadcast of results election night is on page 61. A calendar for 2001 elections and voter pamphlet deadlines is on page 3.

If you have any questions about this election, or the elections process, please call the Elections Office at 503-655-8510.

Sincerely,

Handwritten signature of John Kauffman in black ink.

CITY OF OREGON CITY

Measure No. 3-29**BALLOT TITLE**

EXPANDS OREGON CITY BOUNDARIES TO INCLUDE ADDITIONAL LAND.

QUESTION: Shall the City's boundaries be expanded to include 1.86 acres of additional land in the southeast part of the City?

SUMMARY: This measure would expand the City's boundaries by approximately 1.86 acres by including within the City property described as follows: A 1.86-acre area of land bordered on the east by Highway 213 and the Community College and to the west by Molalla Avenue, just north of the intersection of Molalla and 213, and which includes the adjacent street right-of-way for Molalla and 213, and which includes the adjacent street right-of-way for Molalla Avenue. The area is more particularly described as follows: Tax Lot 3200 of the NE ¼ Sec. 8, T3S, R2E, W.M., Clackamas County, Oregon.

The property is proposed for annexation to obtain urban services to enable development in conjunction with adjacent property that is already within the City. The property meets all state, regional and City requirements for annexation into the City and services can be adequately provided to the property. The property is currently zoned "I" (industrial) and is located within the City's urban growth boundary.

EXPLANATORY STATEMENT

If passed, this measure would approve expansion of the City limits of the City of Oregon City by 1.86 acres.

PROPERTY LOCATION:

The property is located generally in the southeast part of the City bordered on the east by Highway 213 and the Community College and to the west by Molalla Avenue, just north of the intersection of Molalla and 213, and which includes the adjacent street right-of-way for Molalla Avenue. The area is more particularly described as follows: Tax Lot 3200 of the NE ¼ Sec. 8, T3S, R2E, W.M., Clackamas County, Oregon.

PROPERTY DESCRIPTION:

The property is proposed for annexation to obtain urban services to enable development in conjunction with adjacent property that is already within the City. Development is to consist of the Oregon Orthopedic & Sports Medicine Clinic. The adjacent properties within the City which would be part of the development are Tax Lots 3300 and 3400. It was recommended that the annexation be modified to include the adjacent Molalla Avenue right-of-way which is in accord with the City-County Urban Growth Management Agreement.

SERVICE AVAILABILITY:

Upon approval of annexation, the City shall transfer the fire and police services from Clackamas County Rural Fire Protection District #1 and Clackamas Sheriff's Department to Oregon City Fire Department (under contract with the Tualatin Valley Fire & Rescue) and Oregon City Police Department. In addition, transportation facilities, water facilities, and storm sewerage facilities are available or can be made available to the subject site.

The City Commission of Oregon City conducted a public hearing and approved sending this request to the voters and set the date of election for March 13, 2001.

Measure No. 3-30**BALLOT TITLE**

EXPANDS OREGON CITY BOUNDARIES TO INCLUDE ADDITIONAL LAND.

QUESTION: Shall the City's boundaries be expanded to include 0.4 acres of additional land in the southwest part of the City?

SUMMARY: This measure would expand the City's boundaries by approximately 0.4 acres by including within the City property described as follows: An area of land located on the south edge of Central Point Road and the west edge of White Lane, including the adjacent street right-of-way for Central Point Road and White Lane. The area is more particularly described as follows: Tax Lot 1401 of the SE ¼, Sec. 12, T3S, R1E, W.M., Clackamas County, Oregon.

The property is proposed for annexation to obtain urban services to enable development of the site with 1-2 residences. The property meets all state, regional and City requirements for annexation into the City and services can be adequately provided to the property. The property is currently zoned FU-10 (future urbanizable with a 10-acre minimum lot size) and is located within the City's urban growth boundary.

EXPLANATORY STATEMENT

If passed, this measure would approve expansion of the City limits of the City of Oregon City by 0.4 acres.

PROPERTY LOCATION:

The property is located generally in the southwest part of the City on the south edge of Central Point Road and the west edge of White Lane, including the adjacent street rights-of-way for Central Point Road and White Lane. The property contains 0.4 acres, is vacant and has an assessed value of \$48,370. The site is identified by County Assessor Maps as Tax Lot 1401 of the SE ¼, Section 12, T3S, R1E, W.M., Clackamas County, Oregon.

PROPERTY DESCRIPTION:

The property is proposed for annexation to obtain City services to enable the parcel to be developed with 1-2 residences. The contract purchaser of this parcel is the developer of the adjacent Payson Farms subdivision, a recently approved subdivision containing 40 lots currently under construction. All urban services are being extended to Payson Farms to serve that development and the subject site would add one or at most, two new homes. Street improvements required by the City for residential areas are being made to the frontage abutting the subject site (on both White Lane and Central Point Road) by the developer of Payson Farms.

SERVICE AVAILABILITY:

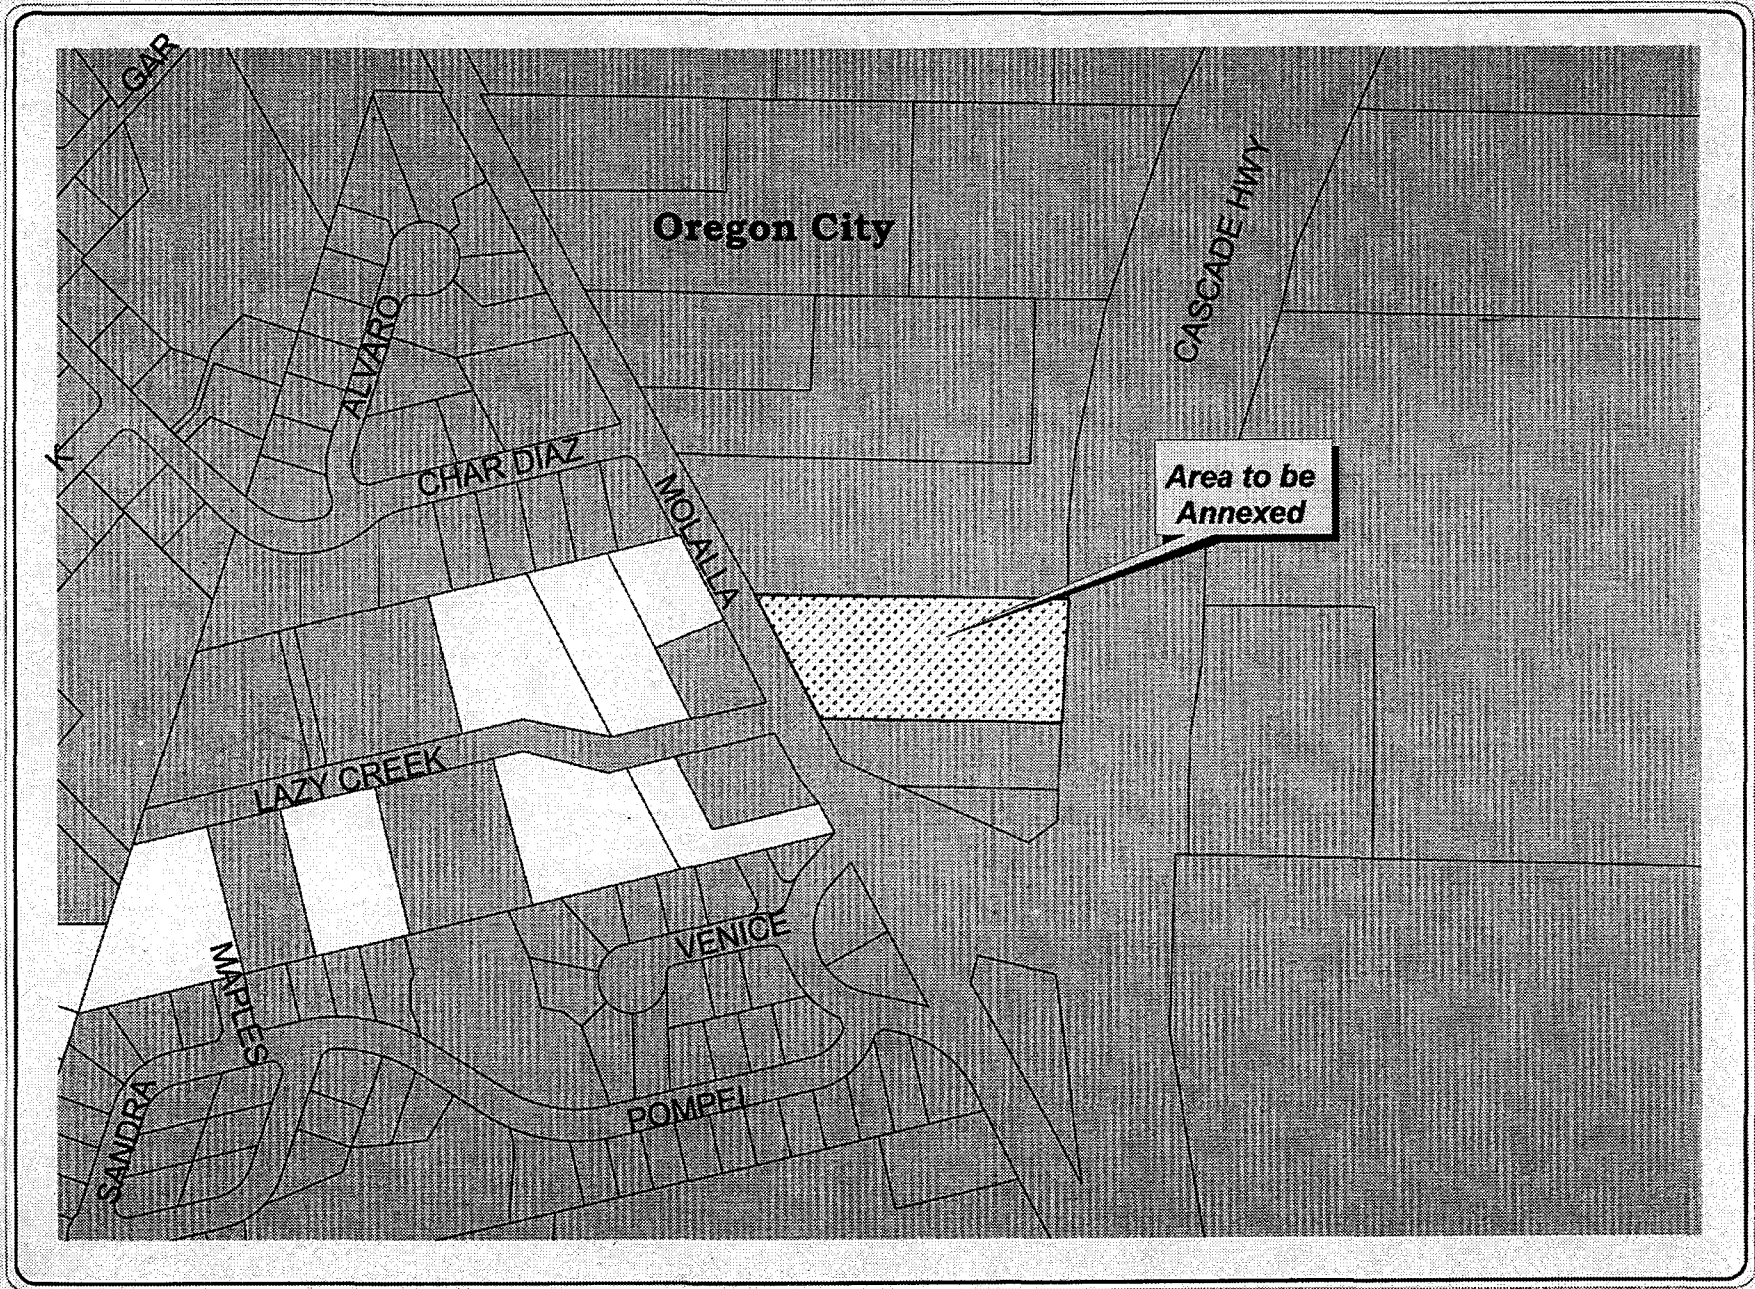

Upon approval of annexation, the City shall transfer the fire and police services from Clackamas County Rural Fire Protection District #1 and Clackamas Sheriff's Department to Oregon City Fire Department (under a contract with the Tualatin Valley Fire & Rescue) and Oregon City Police Department. In addition, transportation facilities, water facilities and storm sewerage facilities are available or can be made available to the subject site.

The City Commission of Oregon City conducted a public hearing and approved sending this request to the voters and set the date of election for March 13, 2001.

Measure 3-29. City of Oregon City

Measure 3-30. City of Oregon City

CITY OF OREGON CITY

Measure No. 3-31

BALLOT TITLE

EXPANDS OREGON CITY BOUNDARIES TO INCLUDE ADDITIONAL LAND.

QUESTION: Shall the City's boundaries be expanded to include 1.46 acres of additional land in the southeast side of the City?

SUMMARY: This measure would expand the City's boundaries by approximately 1.46 acres by including within the City property described as follows:

An area of land located on the west side of Beaver Creek Road adjacent to Moss Junior High School and more particularly described as follows: Tax Lots 500 and 600 of the SE 1/4, Sec. 9, T3S, R2E, W.M., Clackamas County, Oregon.

The property proposed for annexation is to be included in a larger development, the balance of which is already inside the City. The development consists of the conversion of Moss Junior High School into a high school for the Oregon City School District.

EXPLANATORY STATEMENT

If passed, this measure would approve expansion of the City limits of the City of Oregon City by 1.46 acres.

PROPERTY LOCATION:

The property is located generally on the southeast side of the City, on the west edge of Beaver Creek Road north of its intersection with Glen Oak Road. The property contains one single family dwelling and is evaluated at \$319,340. The property is identified by County Assessor Maps as Tax Lots 500 and 600 of the SE 1/4, Sec. 9, T3S, R2E, W.M., City of Oregon City, Clackamas County, Oregon.

PROPERTY DESCRIPTION:

The property is to be included in a larger development, the balance of which is already inside the City. The development consists of conversion of Moss Junior High School into a high school.

PROPOSAL NO. AN 00-06:

The Planning Commission review was excepted as allowed for by Section 12 of the City's annexation ordinance. Furthermore, in order to expedite this school conversion project, the City has agreed to set this matter for an election (as required by City Charter) prior to the City Commission's hearing and substantive review of the proposed annexation.

Upon approval of annexation, the City may transfer the fire and police services from Clackamas County Rural Fire Protection District #1 and Clackamas Sheriff's Department to Oregon City Fire Department and Oregon City Police Department. In addition, transportation facilities, water facilities, and storm sewerage facilities are available or can be made available to the subject site.

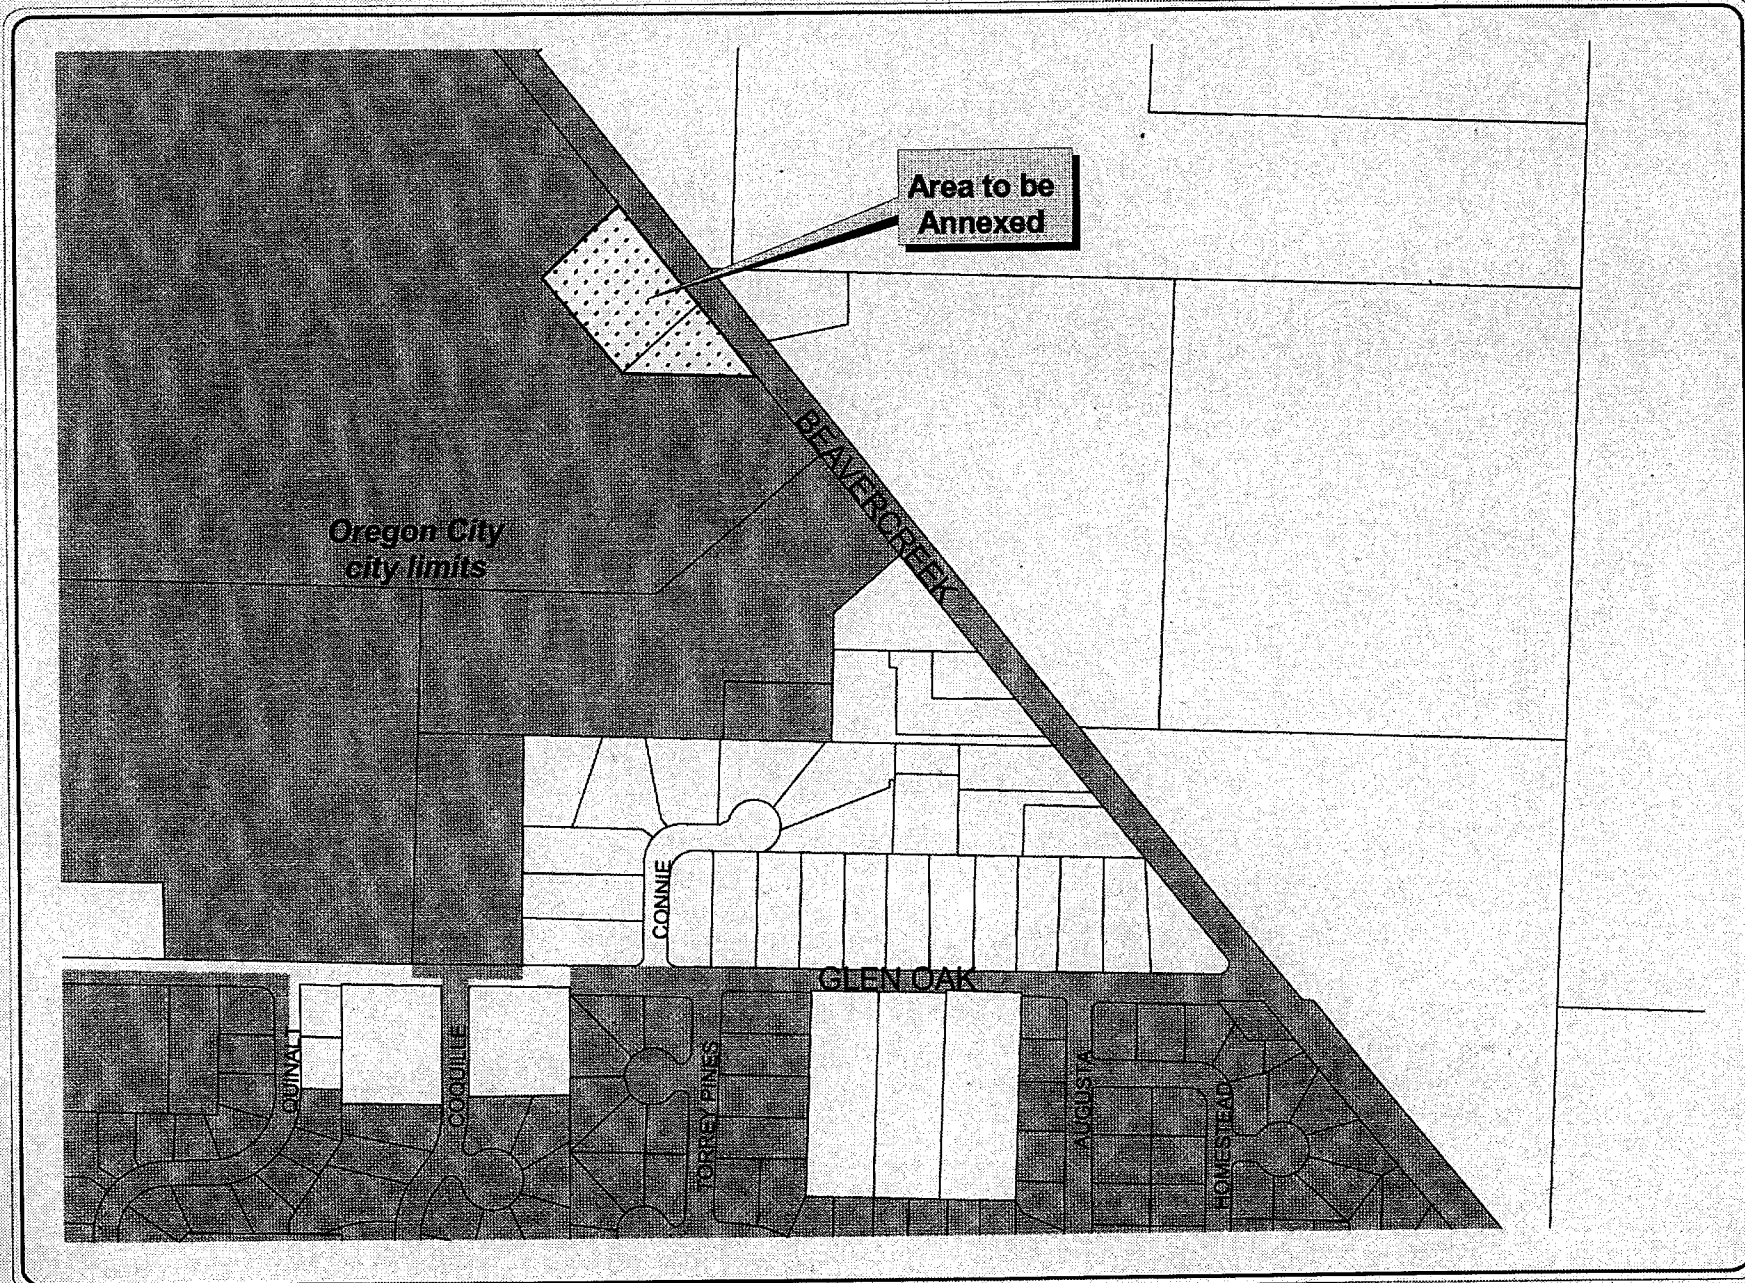

The City Commission of Oregon City approved sending this proposed annexation to the voters of Oregon City and set the date of election for March 13, 2001.

CANBY FIRE

Measure No. 3-32

BALLOT TITLE

LOCAL OPTION TAX FOR FIRE AND EMS PERSONNEL

QUESTION: Shall Canby Fire District impose \$0.43 per \$1,000 of assessed value for five years beginning in Fiscal year 2001/2002? This measure may cause property taxes to increase more than three percent.

SUMMARY: This measure may be passed only at an election with at least a 50 percent voter turnout.

Canby Fire District has experienced rapid growth in the number of calls for service. Total incidents responded to in year 1991 were 968. In year 2000, the Fire District responded to 1684 incidents, an increase of 73%. Population growth during the same period was 36%. Along with Fire and Rescue response, Canby Fire District also provides the areas Ambulance service. Due to this growth, the number of hours per day that the Fire District's Ambulance is unavailable for immediate response is about 3 hours per day.

Funds generated by this Local Option tax will be used to hire five additional Firefighter/EMTs, one Training Officer, and one Fire Prevention Officer. The Firefighter/EMT and Training Officer positions are necessary to provide a dedicated Ambulance Crew and reduce delays in service. The Fire Prevention Officer position is necessary to improve the Fire District's fire and life safety programs, and maintain a positive partnership with the business community.

Estimated amount of tax to be collected in each year is as follows:
2001/2002 - \$433,501; 2002/2003 - \$446,506; 2003/2004 - \$459,901;
2004/2005 - \$473,698; 2005/2006 - \$487,909

EXPLANATORY STATEMENT

Canby Rural Fire Protection District No. 62, serves approx. 30,000 residents of Canby, Barlow, and surrounding rural areas. The district encompasses 52 square miles of mixed property uses from residential to light industrial and some of the Willamette Valley's largest nurseries.

The district provides fire protection, fire prevention services, swift-water rescue, community emergency response teams, and comprehensive public education programs. Programs include child safety car-seat inspections, blood pressure checks, free smoke detectors with installation for those in need. The fire district is a leader in emergency management for the community, taking an active role in disaster preparedness and education.

The district provides the community's emergency advanced life support ambulance service. The fire district's paramedics provide state of the art medical services. As needed, they use leading edge technology and techniques to manage emergency health care needs.

In 1991 the population of the City of Canby was 9,370 and the fire district responded to 968 incidents. Volunteers and two firefighter/paramedics on duty provided 24 hour staffing. By 2000 the population of the City of Canby had grown to 13,100 and the fire district responded to 1684 incidents, staffed as in 1991. However, within the last 2 years, 3 firefighter/paramedics have been hired to ensure service responses levels during daytime hours when fewer volunteers are available.

Since 1991, the population has grown approximately 36% with the number of incidents increasing by 73%. Currently, due to increased

incidents, the ambulance is unavailable for immediate response approximately 3 hours per day. The closest back-up unit is in Oregon City, resulting in increased response times of up to 10 minutes or longer, depending upon unit availability.

To address the impact of increased population and incident responses on service levels, Canby Fire District is seeking voter authorization to impose a five-year local option tax, not to exceed \$0.43 (cents) per \$1,000 assessed value. If approved, the proceeds will fund the following staffing:

- 1) 5 additional firefighter/paramedics to provide coverage during periods when the primary ambulance is unavailable. These firefighter/paramedics, with current staff realignment, will enable the fire district to meet service level needs. This enables the staffing of two ambulances without depleting resources for additional emergency incidents.
- 2) Fire Prevention Officer to assist the Fire Marshal in delivery of public education, fire prevention and life safety programs, as well as maintaining a positive partnership with the business community. This individual will be credentialed and available to provide emergency services.
- 3) Training officer. This individual will ensure Fire District personnel maintain the skills necessary to meet the needs of the community and credentials required by the following regulatory bodies:

Oregon Department of Public Safety Standards and Training
Oregon State Health Division
National Fire Protection Association
OR-OSHA
Oregon State Fire Marshal's Office, and
Oregon Board of Medical Examiners

This individual will be credentialed and available to provide emergency services.

If the levy were assessed at its full rate, the owner of a house with an assessed value of \$150,000 would pay an additional \$5.38 per month.

CANBY FIRE

Measure No. 3-32

ARGUMENT IN FAVOR

CANBY FIRE FIGHTERS URGE A YES VOTE MEASURE ON 3-32

Canby Fire Fighters are asking you to vote yes on MEASURE 3-32.

For over 65 years Canby Fire District has provided the citizens of Canby and the surrounding area with comprehensive, compassionate and fast fire and emergency medical service.

Since 1991 Canby Fire District has:

- Built a new Headquarters Station
- Replaced an aging fleet of emergency vehicles
- Added Fire Fighters during the day to supplement fewer available volunteers
- Increased emergency call volume 73%
- Improved radio communications for fire fighters

These are a few of the accomplishments that Canby Fire District #62 has accomplished even though passage of two property tax limitation measures limited growth of tax revenue.

The Board of Directors decided to put before the voters Local Option Levy 3-32 that would give the citizens of the fire district the following improved services:

- Increase staffing to improve second out ambulance coverage and improve fire response times. Cutting response times up to 50%. Current staffing levels leave the District with slow or distant coverage in the event of multiple emergency incidents
- Allow aggressive interior fire attack thus reducing damage and potential life hazards to citizens and fire fighters
- Hire an additional Training Officer. Career and Volunteer Fire fighters are required to maintain extensive annual training.
- Hire a Fire Prevention Officer. This position will assist the Fire Marshal in delivery of Fire Prevention Education and Life Safety Programs. Provide expanded services to the growing business community.

Join Canby Fire Fighters in supporting Local Option Levy 3-32 to improve response times, ensure fire fighter safety and keep your fire fighters prepared for emergency situations.

This Local Option Levy allows you to control emergency service levels in YOUR Community.

PLEASE VOTE YES ON 3-32

ROSEMONT FIRE

Measure No. 3-33

BALLOT TITLE

DISSOLUTION OF THE ROSEMONT RURAL FIRE PROTECTION DISTRICT.

QUESTION: Shall the Rosemont Fire District be dissolved and its assets transferred to the Tualatin Valley Fire and Rescue?

SUMMARY: This measure will dissolve the Rosemont Rural Fire Protection District effective upon annexation of the territory to Tualatin Valley Fire and Rescue, but not sooner than July 1, 2001.

The Plan of Dissolution and Liquidation provides for the transfer and conveyance of all assets to, and assumption of all outstanding indebtedness by, Tualatin Valley Fire and Rescue. The Plan of Dissolution and Liquidation is available for examination at the office of the county clerk.

The Rosemont Rural Fire District provides no direct service. Rather, it contracts for fire and emergency services with the City of West Linn which, in turn, contracts with Tualatin Valley Fire and Rescue. Fees charged by the City of West Linn to the Rosemont Rural Fire District exceed property taxes collected within the district for fire and emergency services. This currently results in the district augmenting payments with its limited reserves and will soon result in insufficient funds to provide continued service.

The purpose of this measure is to stabilize funding for fire and emergency services and to ensure continued fire protection to area residents.

EXPLANATORY STATEMENT

While in years past the Rosemont Rural Fire District enjoyed the benefit of an active contingent of volunteer firefighters, changing demographics within the community have contributed to a decline in the number of citizens able to contribute in such a fashion. Therefore, current fire and emergency services is provided under contract by the City of West Linn which, in turn, has contracted with Tualatin Valley Fire and Rescue.

District property owners are currently assessed \$.48 per one thousand dollars of assessed property value, which the Board of Directors has determined is insufficient to fund competent reliable fire and emergency services for the District's residents. Additionally, the current contract with the City of West Linn requires payment in excess of property taxes levied and has resulted in the district spending its reserves to fund basic fire protection. Soon, the district's limited financial reserves will be exhausted leaving the Rosemont area without essential fire and emergency services.

Because the district cannot expect its neighboring jurisdictions to provide fire and emergency services at a rate below that charged their own property owners, the Board of Directors has determined annexation to Tualatin Valley Fire and Rescue as the District's most desirable option. Tualatin Valley is a rural fire protection district serving both incorporated and unincorporated areas adjacent to the Rosemont district, and, while its permanent rate of \$1.52 per thousand dollars of assessed property value is higher than Rosemont's current rate, it is lower than other fire districts in the area.

Tualatin Valley Fire and Rescue provides a wide range of services including fire suppression, emergency medical services, rescue ser-

vices, fire prevention and public education. All of Tualatin Valley's career stations are paramedic-staffed.

Tualatin Valley's role as a regional provider enables it to respond with a large number of firefighters in a short period of time without relying on other jurisdictions. Further, Tualatin Valley has several water tenders which are critical in Rosemont where water is scarce.

Recently, the residents of Tualatin Valley Fire and Rescue approved a bond measure and local option levy adding \$.06 and \$.25 respectively to their permanent rate. Therefore, Tualatin Valley's current tax rate is \$1.83, or \$275.54 annually for the owner of a home assessed at \$150,000.

GOVERNMENT CAMP SANITARY

Measure No. 3-28

BALLOT TITLE

INCREASES NUMBER OF DIRECTORS OF GOVERNMENT CAMP SANITARY DISTRICT.

QUESTION: Shall the number of Director positions of the Board of Government Camp Sanitary District be increased from three to five?

SUMMARY: Government Camp Sanitary District provides sanitary sewer services within the Government Camp community. Since its creation in 1953, it has been governed by a three-member Board, elected at large from the community. Board positions are volunteer, non-paid positions, and members are elected to four-year terms. The Board of Directors determines rates and charges and sets policies regarding use of the sanitary sewer system. State law allows membership of the Board to increase from three to five with voter approval. Government Camp is growing and will face significant issues regarding the level of sanitary sewer services necessary to accommodate development. The current Board believes that broader representation is desirable to provide a better opportunity for citizen input and involvement. Passage of this measure will not have a financial impact on the District or its ratepayers. If approved, the two newly created positions would be filled by election.

State law allows membership of the Board to increase from three to five with voter approval. Government Camp is growing and will face significant issues regarding the level of sanitary sewer services necessary to accommodate development. The current Board believes that broader representation is desirable to provide a better opportunity for citizen input and involvement. Passage of this measure will not have a financial impact on the District or its ratepayers. If approved, the two newly-created positions would be filled by election.

Jim Bernard - MAYOR FOR MILWAUKIE

I am running for mayor because I believe Milwaukie can be a vital and active community while protecting the integrity of our neighborhoods.

A Proven Leader in Our Community

As mayor I will:

- Have scheduled office hours.
- Protect our private property rights; our fundamental rights as Milwaukie citizens; and, our stated values.
- Develop a vision for our city's future through public input and carry out our vision.
- Have at least four town hall forums per year.
- Promote positive cooperation.
- Improve Milwaukie's relationship with the county and our neighboring communities.
- Promote our neighborhood associations' involvement in our city's government.

Mayor

**LARRY R.
LANCASTER**

OCCUPATION: Risk management consultant.
OCCUPATIONAL BACKGROUND: Road construction; food service; warehousing; health and safety director; risk management - loss control/prevention.
EDUCATIONAL BACKGROUND: Cleveland High School; Oregon State University - Bachelor of Science, Degree in Psychology.
PRIOR GOVERNMENTAL EXPERIENCE: City Councilor; North Clackamas Parks and Recreation District Board; Regional Water Providers Consortium Board; North Clackamas 12 School District Advisory Committee; North Clackamas 12 School District Site Council; Budget Committee.

I've lived in Milwaukie for 25 years - I'm asking for your vote!

Major accomplishments as a City Councilor:

- Implementation of performance based budgeting
- Performance criteria for city manager
- Televised work sessions/budget committee
- Authored council communication agreement

"With 20 years experience in Risk Management, I bring the needed skills in management and business planning to help make sound, balanced and fair decisions"

NEEDED CHANGES:

- **A more responsive City** - Require follow-up to every citizen idea, suggestion or complaint.
- **Consensus building** - Listen to everyone's opinion. Give everyone equal time.
- **Revisit all regional plans** - Make sure Milwaukie's interests come first.
- **Prohibit the City from taking or devaluing private property without fair compensation.** No tree ordinance on private property.
- **Restrain government growth** Limit city expenditures to no more than the rate of increase in the private sector.
- **Limit regulations** - Any restrictions, penalties/fees must be approved by the citizens.
- **Ensure Accountability** - End conflicts of interest.

WE MUST:

- **Maintain Milwaukie's livability**
Take whatever steps necessary to ensure our current quality of life is not further diminished. **ABSOLUTELY NO LIGHT-RAIL!**
- **Neighborhood involvement**
Develop a "street by street, input network" to problem solve. Annual funding to Neighborhoods (up to \$10,000.00) with easier grant access. Neighborhoods should be able to solve their own problems.
- **Protect the public-punish criminals**
Create a misdemeanor court, punish all crimes. Increase community policing and Neighborhood watch programs.
- **Improve education-support academics**
Reduce teen violence; get our kids off the streets.

"If I am honored to serve as your Mayor, I will dedicate myself to make these ideas a reality and create a better community for all of us."

I am an eighteen year Milwaukie resident and am committed to making Milwaukie a great place to live. As your City Council President I have worked hard for Milwaukie, keeping my commitments, providing Leadership and a Vision for Milwaukie.

Keeping Commitments

- Kept Light Rail out of neighborhoods and made protecting the residential areas from the impacts of Light Rail Milwaukie City policy.
- Moved Downtown Redevelopment forward after 13 years of impasse, increasing the tax base of Milwaukie and providing new jobs.
- Changed Metro's designation from Regional Center to Town Center, listening to citizens wishes to maintain the small town feel.

Opened up City Government to the Citizens.

- Expanded The *Milwaukie Pilot* city newspaper.
- Created an "open Forum" time at Council Work sessions.
- Moved Council work sessions to Monday night and televised them.
- Held Town Halls on issues of City wide importance and worked to resolve those issues.

Investing in Milwaukie

- Purchased new city parks.
- Increased Neighborhood grants.
- Created the local storm water abatement program.

As Mayor ... I Will:

- Work to keep city government fiscally responsible and responsive to your needs.
- Make controlling Milwaukie's Neighborhood traffic a City Priority.
- Improve the quality of our town, updating development codes to assure compatible future development.
- Preserve Milwaukie's small town feel while planning for the future.
- Continue purchasing parks for Milwaukie, investing in our future.

SCOTT
TAYLOR

OCCUPATION: Assistant Director Oregon Department of Corrections.

OCCUPATIONAL BACKGROUND: Correctional Administrator.

EDUCATIONAL BACKGROUND: Washington State University (B.S. Police Science Administration, B.A. Sociology (Social Work). Portland State University, Masters Degree in Public Administration.

PRIOR GOVERNMENTAL EXPERIENCE: Mayor City of Canby (1993-2001), Canby City Counselor 1983-93, Executive Board League of Oregon Cities. Executive Board Oregon Mayors Association.

The Quality of Education in a community is one of the foundations for Quality of Life. I am very committed to the future of our children, and our community as a whole. The schools can be a gathering place for the community where the entire community shares in educating everyone. They can also provide a safe place for children before, during and after school. We should continue to develop outcome measures that reinforce the direction our schools take. Not only should we improve our scores on the statewide test, but we should have our own standards that exceed those of the state.

We can use our schools to ensure that our children and youth have access to the fundamental resources they need to become successful adults. Those resources include *An ongoing relationship with a caring adult; *Safe places and structured activities during non-school hours; *A healthy start; *A marketable skill; *An opportunity to give back through community service.

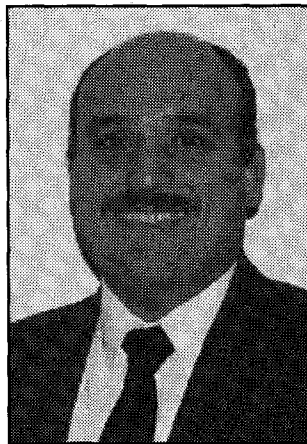

Canby schools face many difficult choices in the next few years. My experience as a public administrator, elected official and youth advocate all will help the school board reach the best decisions. I am a long time member of Canby Kids, a Boy Scout counselor, co-Chair of the Childrens' Summit and father of two sons who attended and graduated from Canby Schools. I have considerable experience in budget management, labor negotiations and facilitation of public involvement in the decision process.

I will continue to support the coordination of the school district and city activities that can save money and improve effectiveness.

Please Vote Scott Taylor for Canby School Board.

JOEL R.
CHAVEZ

OCCUPATION: ESL Counselor/Case Manager at Oregon City High School.

OCCUPATIONAL BACKGROUND: High School teacher/Minister.

EDUCATIONAL BACKGROUND: B.A. Speech – San Francisco State University; MA candidate in Education at George Fox University.

PRIOR GOVERNMENTAL EXPERIENCE: None.

I have been an educator for eight years. My experience has been working with ESL (English Second Language), At Risk, Adult Ed., wrestlers, and religious students. I also have concerns that schools have School-to-Work related programs. I feel schools should hear the stakeholder's desires relating to their children's education. There should be varieties of services to families who seek alternative education. I would seek communications between teachers, administrators, parents, students, and minority community members. To be well prepared for the future schools need to take in the possibilities of examining: charter schools, home school links, on-line education and vouchers.

KIMBERLY
WILMES

OCCUPATION: Suffolk Sheep Breeder; Part-time receptionist at husband's dental office; Volunteer advocate for challenged children; 4-H leader.

OCCUPATIONAL BACKGROUND: Outreach coordinator for Family and Children Services, serving developmentally delayed children (0-3 yrs.) and their families; Substitute teacher in the Canby, Oregon City, and Gladstone School Districts.

EDUCATIONAL BACKGROUND: Associate's Degree Clackamas Community College, Developmental Disabilities, 1976; B.S. in Elementary Education, Portland State University, 1978; M.S. in Special Education, Portland State University, 1980.

PRIOR GOVERNMENTAL EXPERIENCE: 2 yrs. Dog Control Board.

I have lived in the Canby area since 1970 with a brief absence of two years. Beginning in 1981, we have had at least two children attending Canby schools, with four of our six children now graduated. With most of my children grown and gone, I now have the time and feel that I have a responsibility to repay the Canby schools and community for the assistance they have given in raising our family. We have always been involved in our children's education through volunteering in the classroom and various school activities and sports. But now is the right time for me to become more involved in assisting the community and schools in maintaining the high educational standards Canby has always been known and respected for. There are several very important issues presently being addressed: realignment; school siting; and new school design and construction. Ongoing concerns include: meeting the challenges of special needs students, not only those who need assistance in achieving set standards, but also those students who need to be challenged by more complex and advanced curriculum; increasing the graduation percentage; and decreasing class size. With my extensive background as both a parent and educator for over twenty years, I feel that I am well-qualified to be an active director of the Canby School District Board.

OCCUPATION: CEO - Metal Innovations Inc., FAA Certified Repair Station #KW7R756N, 365 S. Redwood Street, Canby.

OCCUPATIONAL BACKGROUND: United States Postal Service - Aurora, Oregon; St. Luke's Catholic Church in Woodburn, Oregon; Canby School District - Facility Planning Committee; Ninety-One Elementary School - Volunteer Work and P.T.A.; Mother of Two Children.

EDUCATIONAL BACKGROUND: Ninety-One Grade School, Graduated 1981; Canby Union High School, Graduated 1985; Clackamas Community College - business and science classes; Portland Community - business and computer classes.

PRIOR GOVERNMENTAL EXPERIENCE: None.

My name is Kimberly Wilmes and I have been a member of the Canby community my entire life. I have watched our small city grow and change in many ways, and through my membership on the Facility Planning Committee for the Canby School District and my involvement with Ninety-One School, I see how these changes affect our children every day. I enjoy my work with elementary children via my PTA involvement as Vice President, my volunteer work in the classroom and reading classes I teach for accelerated learners. I want to give back to our community and the school district which fostered my ideals as a child.

As CEO of my own aircraft repair facility housed here in Canby, I understand the importance of building a relationship between local business and the school district. I am invested in Canby's future and the educational goals of our community. For these reasons I believe that I would be a valuable addition to the Canby District School Board. I ask for your support.

 I am a current member of the Oregon National Guard 741st
 Battalion I am currently serving on the Oregon City School Board
 for the past.

OCCUPATIONAL BACKGROUND: From 1971 to 1972 I was a
 music instructor at Canby Elementary. 1972-1989 I was the instru-
 mental/music teacher for Molalla Grade School.

EDUCATIONAL BACKGROUND: I attended Portland State
 University from 1966 to 1971 earning a degree in Education. In
 addition I have over 60 hours in Graduate Education. Also, I have
 many seat hours in Insurance and Investment classes.

PRIOR GOVERNMENTAL EXPERIENCE: I have served on the
 Oregon City School Board for the last Thirteen and one half
 years. In addition I have served nine years as a member of the
 ESD Board. I have also served on the ESD Budget Committee.

I am a strong believer in the public school system. There have been
 many changes in Education over time. We at the ESD are always
 working to provide the needed service to our county schools dis-
 tricts. Our most visible project has been the connection of all schools
 to the Internet. The demand for this service grows every year. We are
 having more and more use of this service by students and staff of
 every school in the county. Our biggest program at the ESD is
 Special Education. We are always trying to fine and identify students
 and their needs. With services now being provided to preschool age
 children, this becomes a very large challenge. I look forward to the
 opportunity to continue to serve all children in Clackamas County on
 the Educational Service District Board in Zone #1.

PRIOR GOVERNMENTAL EXPERIENCE: ESD Board of Directors Zone III.

Educating children with disabilities is one of the major functions of the Clackamas Education Service District (ESD). Providing the variety of educational needs that these many-faceted children require would be impossible for individual school districts to do on their own. The ESD's exemplary programs allow many of these children to become contributing members of our society. As a current member of the ESD Board of Directors representing Zone III, I feel that my experience and knowledge will allow me to continue my support of the ESD's work on behalf of all children in Clackamas County.

In my current role as a member of the Clackamas Education Service District (ESD) Board of Directors, I strongly embrace the District's mission: "Clackamas Education Service District is dedicated to providing leadership and services that are most beneficial to school districts. We provide these services in the interest of that which is best for children." It is my belief that maintaining open communication with our local school districts is essential in determining what services will be provided. Through this collaborative process, the most needed services can be provided in the most cost-effective manner. Of particular importance to me continues to be the delivery of services to special needs children and assisting the districts with the use of technology in the classroom.

EDUCATIONAL BACKGROUND: Bachelor of Arts, Brigham Young University, 1979.

PRIOR GOVERNMENTAL EXPERIENCE: Board Member Clackamas Education Service District; Member Site Council, Redland School, Oregon City School Dist.; Strategic Planning Committee, Redland School.

I believe that the education of children should be of the highest priority. My association with the Clackamas ESD has convinced me that involvement with this education agency is a valuable way to give public service. Clackamas ESD does an outstanding job providing support, service and leadership to our schools. The wide range of services they provide help schools meet the many challenges in public education today. The Clackamas ESD helps stretch public school dollars as they make available programs and services to our school districts which would be much more expensive for them to provide individually themselves.

**DANNY J.
SCOTT**

OCCUPATION: Sales Manager, Eagle Foundry.

OCCUPATIONAL BACKGROUND: Eagle Foundry.

EDUCATIONAL BACKGROUND: Estacada High School; Clackamas Community College; Oregon Institute of Technology; Materials Engineering Institute.

PRIOR GOVERNMENTAL EXPERIENCE: None.

Associations:

Member: American Foundrymen's Society.

Member: American Society of Materials.

Education Chairman: American Society of Materials: Oregon Chapter 1992-1994.

Past Chairman: American Society of Materials: Oregon Chapter 1996-1997.

Executive Council Member: American Society of Materials: Oregon Chapter 1997-present.

IF ELECTED I PLEDGE TO:

The Estacada School District has experienced many positive changes over the past few years. The most recent positive change is the voters approving a \$25.4 million bond. The passage of this bond sets the stage for the district to provide the best educational setting possible to educate our youth to their fullest potential. Upgrading our facilities will enable our administrators and excellent staff to deliver the educational services our citizens expect.

As we move forward and make improvements to our educational system we must have a Board of Directors willing to work together with the best interest of the students and their families in mind. Parental involvement is a very important aspect of the educational system. We must do our best to increase the parental involvement and consider all the resources at our disposal to insure that all kids succeed. All students must have the opportunity to be successful in achieving their goals.

If elected, I intend to work on the Board as a team member providing sound educational policy. We are entrusted with each student only for a short time. We must provide them the foundational academic and extra curricular experiences that will lend themselves to their future success in life. If elected I pledge to put the needs of the students and their families first within the framework of our policy structure and devote as many of our resources as possible to directly benefit the students.

**DAVID
BUGNI**

OCCUPATION: David Bugni and Associates, Owner, Consulting Structural Engineers, Estacada.

OCCUPATIONAL BACKGROUND: Jacobs-Sirrine Engineers, Structural Engineering Department Manager, Lake Oswego.

EDUCATIONAL BACKGROUND: University of California, Berkeley, M.S. degree in Structural Engineering; Oregon State University B.S. degree in Civil Engineering.

PRIOR GOVERNMENTAL EXPERIENCE: Estacada School Board Director, 1999-2001; Gov. Kitzhaber's Seismic Rehabilitation Task Force (created by Senate Bill 1057) 1995-1997, appointed.

Serving on the Estacada School Board has been extremely challenging and rewarding. The entire community of the Estacada School District can be proud of our many accomplishments the past several years including passage of a large capital improvement bond and completion of revised district-wide report cards for elementary and junior high levels that will reflect the requirements of the latest state standards.

Despite our successes, there is still much to do including seeing through our capital improvement projects, supporting teachers and students as they continue to meet the goals of the Oregon Education Reform Act, and continuing to make the district more efficient in an effort to deal with increasingly tight budgets.

I will continue to contribute to the school board my abilities to assemble facts, reach conclusions, and make decisions. I deal with people in a fair and professional manner. As a business owner and past educator, I have experience in managing limited financial resources, and I know how vital an excellent education is in preparing our children for a successful future.

I would like the opportunity to continue to work with the rest of the Board, and the District, and to assist the community to attain the goals mentioned above. We must all work together to ensure a quality education for all of our children. Your vote and support will allow me to continue serving this community to the best of my abilities.

OCCUPATION: Operations Manager at Cascade Utilities, Inc., paid position.

OCCUPATIONAL BACKGROUND: Whitaker and Fugate Logging – paid.

EDUCATIONAL BACKGROUND: Myrtle Point High School 1973; Lewis and Clark College, B.S. 1979.

PRIOR GOVERNMENTAL EXPERIENCE: Estacada School District Board of Directors 1999-2001, elected/unpaid.

The Estacada School District is facing several exciting challenges, the most obvious being the responsible execution of the \$25,400,000 Bond Levy. We must also continue the curriculum development to remain compliant with Oregon State CIM/CAM requirements as well as improving our test scores and the overall quality of instruction to our students. A great deal of work has been accomplished in curriculum alignment and standardization but the process is ongoing and will require continual attention. The student attendance and State funding relationship is another issue that will require persistence and creative thinking. The District is looking at potential annual funding deficit problems that will need to be solved if we are to maintain or reduce classroom sizes, optimizing instructional quality. Certainly one of the most important issues revolves around policies concerning the safety of our District. We must provide an environment that is intolerant to hostility and violence. These policies are reviewed periodically to ensure they meet our needs and their importance is reinforced.

My experience on the Board for the past 4 years has been challenging, enlightening, and rewarding. The positive support by our community is very much appreciated, and I look forward to being able to serve the District for another term.

OCCUPATION: eBusiness Consultant – North Coast Electric.

OCCUPATIONAL BACKGROUND: Service Center Manager – North Coast Electric.

EDUCATIONAL BACKGROUND: Oregon State University; Bachelor of Science, Industrial Engineering; The Dalles High School, 12.

PRIOR GOVERNMENTAL EXPERIENCE: None.

The school district here in Estacada has had many positive changes take place in the past few years. The biggest change was the recent passing of our 25.4 million dollar bond by the voters of our district. It is important that your School Board of Directors is prepared to take ownership of the spending of that money, I am. It is also important that your School Board of Directors is prepared to carefully evaluate all potential suppliers and sub contractors and select the ones that provide the lowest total cost of ownership, I am.

I have spent 13 years in the electrical supply business providing material for projects like ours, my experience in construction and procurement will be of great benefit to you, the voters, throughout this project.

My wife and I have two young children in the Estacada School System and have a personal stake in making sure our school facilities, the faculty and support staff are the best they can be.

If elected, I commit to:

- Always put the interests of the children FIRST.
- Make decisions with the best interests of the voters I mind.
- Work close with my fellow directors to resolve issues before they become problems.
- Set goals that are consistent with the goals of the voters in our district.
- Make decisions based on the future of our schools.
- Listen fairly to any input provided me.
- Think "outside the box" to provide solutions.

I look foreword to serving this School District and Estacada.

PRIOR GOVERNMENTAL EXPERIENCE: Gladstone School District, Budget Committee, 10+ years (chr.); Gladstone School District, Superintendent Selection Committee; Gladstone School District, Parent Advisory Committee Special Education, chairman.

I believe that Gladstone School District and the community will be best served by board members who bring to the task: appropriate educational and work experience; a knowledge and understanding of the district including it's history, goals and methods; and a dedication to quality education in a time of shifting economics. My educational and work experiences cover a range which includes educational administration, social service work and private business at a management level. Having lived in the district for over twenty years, I have been actively involved on district committees as my children have progressed through all three buildings. My life and my history in Gladstone have given me unique opportunities to gain the blend of skills and understanding that I feel are needed to support the quality of education in this district.

I also believe that a district needs those willing to serve without personal agendas. This is a unique school district which has survived a period of economic turmoil keeping quality education as its first priority without sacrificing fiscal responsibility. The only way our schools can maintain forward momentum is for those who benefit to also serve. My sole motivation in pursuing this office is to serve the district, the community and our children.

I am eager to serve on the school board at this critical time when Lake Oswegans have voted the resources to craft truly outstanding programs and to build enduring facilities.

The Lake Oswego School Board now has the responsibility of making certain those funds are spent prudently, wisely and well. I will bring to the Board a commitment to accountability and enthusiastically employ my experience and knowledge to ensure the excellence that our community demands and our children deserve.

Linda Brown

Linda's years of involvement in all aspects of issues that come before a school board make her uniquely qualified to serve. She has worked as a classroom volunteer; applied for and implemented grants enhancing curriculum; raised money to benefit school activities; lobbied the State Legislature for educational funding; served on advisory committees to school administrations including SAC and Site Council; worked on school bond and serial levies; and is a regular attendee at School Board meetings.

"Linda Brown has broad experience working with varied members of our community. You can trust her to make good decisions."

Marcia Donnelly, School Board Chairwoman

Linda's extensive community service background will be an important asset to the School Board's need to partner with government and civic entities.

"Working with Linda, I have found she has that rare ability to combine independent thinking with the facility to build consensus."

Mayor Judie Hammerstad

"Linda's organizational skills and enthusiasm for all aspects of our community make her an exceptional choice for school board."

OCCUPATIONAL BACKGROUND: Owner/President of Northwest Landscape Industries, 1973-1998; Western Regional Manager of TruGreen Landscape, 1998-1999.

EDUCATIONAL BACKGROUND: University of Oregon, BS, Health Education.

PRIOR GOVERNMENTAL EXPERIENCE: Legal Budget Committee Lake Oswego School District; School Volunteer; Treasurer, Local Option and Facilities Bond Campaigns.

For the first time in ten years, thanks to a very supportive community, our school district has the opportunity to improve its facilities and educational programs. This opportunity carries with it a huge responsibility. Rich Akerman has the expertise, commitment, experience and time necessary to successfully address the issues facing our school district.

As a successful businessman, Rich

- oversaw many construction projects and will make sure the district gets best value and highest quality results from the bond.
- understands the importance of strong, positive employee relations and fostering a sense of teamwork among our teachers, staff and district.
- understands the necessity of open, frank, two-way communication.

As an active volunteer at the elementary level, Rich

- fully supports the use of local option funds to decrease class size.
- understands the necessity of ensuring that the high school building projects not overshadow the elementary projects.

As a volunteer high school football coach, Rich

- witnesses the benefits of and remains committed to maintaining strong athletic, music, art, drama, and activities programs while continuing to strengthen and broaden the academic curriculum.

As a school district Legal Budget Committee member, Rich

- has become familiar with the district's financial planning strategies and recognizes the need for a continual review and assessment of the district's spending decisions to ensure that our limited resources are spent in the most effective way.

As a School Board member, Rich

- will continue to work hard for our community.
- will strengthen the city/school partnership and advocate opening the new facilities to the community to the extent possible.
- wants the opportunity to help our schools meet their responsibility of graduating well-educated, personable and responsible individuals.

OCCUPATIONAL BACKGROUND: Parent of two boys at Lake Oswego High School; law clerk U.S. Bankruptcy Court.

EDUCATIONAL BACKGROUND: Stanford University, B.A. Japanese language and literature, with distinction, Phi Beta Kappa; Northwestern School of Law, J.D.

PRIOR GOVERNMENTAL EXPERIENCE: Legal Budget Committee; Coordinating Council; parent lobbyist with Coalition for School Funding Now; Project Link – Back to School Week.

Experience and Commitment:

- **Classroom** – Art Literacy co-chair, Art Literacy volunteer for seven years.
- **District** – member of School Advisory Committees for Lake Grove and Lake Oswego Junior High, legislative liaison to Coordinating Council.
- **State** – parent lobbyist in Salem for increased K-12 funding in 1997, 1999 sessions.
- **School Bond Campaigns** – Northside Coordinator for 2000 School Facilities Bond and Local Option campaigns; Lake Grove School Coordinator for 1996 and 1994 School Bond campaigns.

Issues:

- **\$85 Million Facilities Bond** – The biggest issue facing the district. These monies must be managed responsibly with the goal of inexpensively maintained, long-lasting buildings constantly in mind.
- **Local Option** – Handled well, these monies will give us the opportunity to expand and improve our curriculum and programs.
- **Curriculum and Program** – with cutbacks and state-mandated changes over, now is the time to review our programs, including expansion and better integration of foreign language.
- **Respect** – This community supports its schools. Parents, businesses, citizens tax themselves heavily and donate large amounts of time, energy and money. Our teachers, administrators, and support staff constantly go the extra mile. I pledge to treat all these people, as well as my fellow board members, with the respect they deserve.
- **Reaching Out** – Two-thirds of Lake Oswego families do not have children in our schools. Efforts to reach out to them must be continued and enlarged through programs like Back to School Week.
- **City-School District Partnership** – Must be maintained. We need to work together on public access to new high school facilities.
- **Non-College Bound Students** – Programs and partnerships with community colleges must be created to give these students the skills they will need upon graduation.

OCCUPATION: Full-time parent to Meghan (8), Rachel (5), and Matthew (3); and active volunteer.

OCCUPATIONAL BACKGROUND: Legislative office of U.S. Senator Charles Grassley, R-Iowa; White House Presidential Transition Team, 1992; White House Volunteer.

EDUCATIONAL BACKGROUND: B.A. Public Affairs, American University, Washington, D.C.

PRIOR GOVERNMENTAL EXPERIENCE: Lake Oswego School District Legal Budget Committee (1999-present); Bryant Elementary School Advisory Committee.

Volunteer: Bryant Elementary School PTA (legislative liaison), LOSD Coordinating Council; Coalition for School Funding Now, Lake Oswego Local Option Campaign, Clackamas County Library Levy Campaign, CERT (Community Emergency Response Team), LOSD Foundation, and Lake Oswego Swim Club.

Dear Neighbor:

Our community has clearly demonstrated its commitment to providing outstanding educational opportunities for its children. Lake Oswego needs someone proactive, creative, and willing to make tough decisions if we are to create a learning environment that is second to none. I'm confident I can provide the leadership and dedication necessary to ensure that the needs and desires of our students and community are met.

Andi Jordan

Our schools need:

- A School Board that will deliver new facilities while maximizing return on the community's \$85 million investment.
- A complete curriculum including arts and music.
- A reduction in student teacher ratios, especially in the elementary schools.
- Improved lines of communication between the District and parents; including a website with school policies and televised board meetings.
- A School Board that is accessible and willing to listen.
- A School Board that is fiscally responsible and provides every child with a quality education starting with kindergarten.
- A School Board that includes representation from elementary schools.
- A School Board that is committed to working cooperatively with the City.

"Andi will be a strong leader who will ensure that your tax dollars are well spent and get into the classroom."

OCCUPATION: Homemaker/Mom; Classified Substitute for the Molalla River School District; Self-employed Landscape Designer; Co-owner Pheasant Brook Farm.

OCCUPATIONAL BACKGROUND: Small business owner; Homemaker/mom.

EDUCATIONAL BACKGROUND: Bachelor of Arts – OSU in Liberal Studies with emphasis in Landscape Design.

PRIOR GOVERNMENTAL EXPERIENCE: None.

Community/Volunteer Involvement:

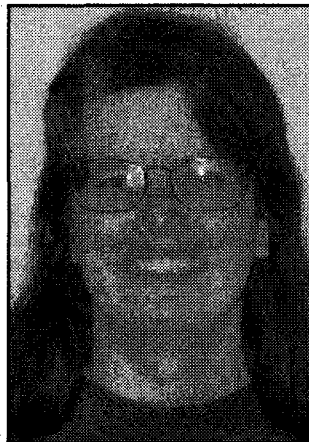

3 years – Molalla Middle School Site Council; ASPIRE volunteer – Molalla High School; 11 years – involved parent volunteer; 4 years – Chairman St. James Parish Annual Dinner/Auction; High School Youth Group Leader at St. James; Member of St. James Pastoral Council; Teacher – Religious Education – 5 years; Served as President of St. James Altar Society for 4 years.

My involvement with the Molalla River School District began in 1989, as a parent volunteer in the classroom. The district has employed me for 4 years as a Classified Sub. Because of this, I have had the opportunity to work at each school in the district, allowing me direct contact with the majority of the staff, administrators, and students in these nine schools. Therefore, I am fully aware of the needs and concerns of the students, teachers and parents. My community and school involvement has given me the chance to observe this district on many levels from different perspectives.

As an elected school board member, my commitment will be to represent the communities concerns, to gain the people's trust and confidence in their board, and to serve on a board that works effectively together with integrity to accomplish EVERYONE'S needs.

OCCUPATIONAL BACKGROUND: Executive Secretary, 1/86-1/88 (birth of first child); volunteer in my children's classes since they were in preschool; designed and built home (with husband); active in PTA since 1994, offices held: Treasurer (3 years), Secretary (2 years), Vice President (1 year), Volunteer Coordinator (2 years).

EDUCATIONAL BACKGROUND: BA from Mount Holyoke College, South Hadley, Massachusetts.

PRIOR GOVERNMENTAL EXPERIENCE: None.

The Molalla River School District has gone through many changes since unification in 1992. Some have come from within, such as adding the Middle School and changing boundary lines and personnel. Others have come from the outside, such as budget cuts and an earthquake. Whether from within or without, all changes require that we, the members of the community, make adjustments.

The population of our area is expected to grow. Many of our schools are running out of space, and many need major repairs/modifications. Difficult decisions will need to be made soon on how best to use our limited funds.

I would like to play a positive role in making these important decisions, and I need you, the voters of this wonderful community we all call home, to help me become a part of the MRSD Board. Once elected, I will want your help in letting us know how you feel we can improve our schools – an integral part of our community.

Please vote for me in this election. Together we can create workable solutions.

OCCUPATION: Private investor and part time cattle farmer.

OCCUPATIONAL BACKGROUND: Retired CPA and business executive for various companies in Oregon and New York.

EDUCATIONAL BACKGROUND: Port Jefferson H.S. Port Jefferson New York – Academic Diploma; St. John’s University, Jamaica, New York – BS Degree – Accounting, MBA Degree – Taxation and Economics.

PRIOR GOVERNMENTAL EXPERIENCE: US Army Infantry – Forward Observer and Rifleman – Vietnam 1966-1967; Clarkes School District – School Board Member 1984-1992; Clarkes/Highland Community Planning Organization – President 1997-Now, Vice President 1993-1996.

Hi folks! I seek your vote for the school board. I fought for the USA in the unpopular Vietnam War and lost over 20+ good friends. One of the principles we believed in, is the separation of church and state. While I consider myself a good Christian, I believe in the freedom of religion and also from religion. It appears that some well meaning, but misguided, bible quoting, in-your-face preachers feel our schools should be an open forum to promote their religious views on our children. I vehemently disagree with them and their attack on our U.S. and Oregon constitutions and related U.S. Supreme Court decisions upholding church/state separation.

I believe in other traditional mainstream democratic principles. I would bring an open mind and attitude to school board meetings and deliberations. I served proudly for 8 years on the former Clarkes School Board and felt we had the best K thru 8 education program in the USA. Clarkes had a top notch teaching staff, administration and utilized its financial resources wisely. I would bring that same dedication to the Molalla River District. My children graduated from Clarkes over 10 years ago. Occasionally, I see some of their former classmates, who speak glowingly of their fond school memories, the wholesome Clarkes environment, and their excellent former teachers. Good teachers are both the frontline motivators and backbone of our school system.

Some issues I would like to address immediately are the dropout rate (At Risk Program) and dedicating financial resources for ventilation and other maintenance problems at our decaying school buildings.

PRIOR GOVERNMENTAL EXPERIENCE: None.

I believe that my diverse background in both private and public sector industries and experience in project management will allow me to contribute to building partnerships, reaching consensus with the diverse population in our community. In the past four years I have been actively involved with the Molalla River School District. As a member of the Mulino Elementary Site Council and Site Council Chair, the Long Range Facilities Task Force and the Bond Advisory Committee I have had a great opportunity to learn about the issues facing our district. Pressing issues include continued progress reaching academic goals and standards, critical health and safety issues including the poor air quality in many of our schools and district facilities. I believe that we can find common ground to provide a safe and healthy environment and quality education for our students and build positive partnerships with teachers, administrators, parents, community members, local, regional and state leaders.

PRIOR GOVERNMENTAL EXPERIENCE: Rural Dell Parents Club President 1998-2001; Bonds or Bust Co-Chairperson 2000; Rural Dell Parent Club Vice-President 1997-98.

Why I Am the Right Choice:

I have spent the last few years observing the school board, getting familiar with the work they do. I have witnessed the deterioration of trust and communication between the school district office, board, staff and the public. I would like to help the school board earn the trust of the Molalla River School staff, students, parents and district patrons, by opening up communication and educating the public to what is happening inside our schools.

My Goals When I Am Elected Will Be To:

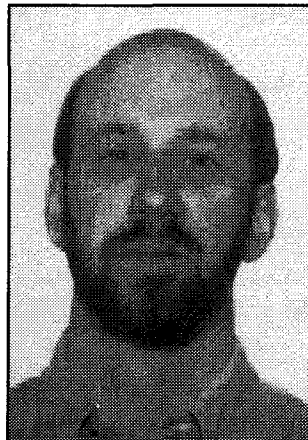

- Improve communication.
- Earn the trust of the people.
- Learn about the issues that come before the board.
- Listen to the views of all sides on an issue.
- Seek out information that will help achieve the goal.
- Reach the best decisions for an issue.
- Work to insure fiscal responsibility.
- Strengthen our schools.

Being a mother of three students in the Molalla River School District I understand the importance as a School Board Member and take all it's responsibility seriously. The Board must work together in cooperation with each other, the superintendent, school staff, students, parents and patrons to improve our schools.

There are some very important decisions the up coming board must make. Our community is growing rapidly and with it, has come and will come many new students. We will need to work together for a practical cost effective solution to our overcrowding. I will work hard with thoughtfulness, integrity, and energy to solve our problems. I need your vote to make this happen.

The School Board's role is to set the policies and direction of the School District. To do this effectively, the School Board must listen to both the community and the District's Administration. The School Board must then make decisions that are in the best interest of the kids.

I believe that our School District has made many improvements over the last few years. We have received recognition throughout the state and country for a number of our programs. I would like to see the work that we've begun continue so that all of our schools are cream-of-the-crop.

PRIOR GOVERNMENTAL EXPERIENCE: Molalla School District: Budget Committee (appointed), Site Council (elected), High School Construction Department Committee (appointed).

My family and I have lived in Molalla school district for over 7 years. Two of my children have graduated from Molalla High School and have successfully continued their education. They were active in sports, music, and other school activities. I still have two students in the district, one in high school and the other in middle school.

I would like to serve on the school board and continue our quality of education. However, I would enhance many of these programs to give all the students in the district the best education possible.

- I believe all the school facilities need to be the best physical and social buildings in our community.
- I believe that economic venture projects should have incentives in place to reward students who make a program self-sustaining and not be a financial drain on the community.
- As Molalla continues to grow, so does the need for a new Middle School. Lets make future plans that incorporate the expectations and quality that the community anticipates and can afford.
- I have actively served on the Molalla River School District Budget Committee, High School Site Council, High School Building Construction Committee, and have advocated implementing Driver's Education and posting drug-free, weapon-free zones.

MOLALLA RESIDENT, 12 YEARS.

Dear Molalla Friends and Neighbors:

With our two children at Rural Dell School, I've had the opportunity to parent volunteer in their classrooms and in Rural Dell's Parents Club various school activities and as Holiday Bazaar Co-Chairperson, Community Sausage Dinner Advertising Committee and Campbell's and General Mills Label Coordinator.

As a parent and active volunteer I have attended several school board meetings to gain a better understanding of our district and I believe Molalla's district schools can become stronger by developing a long-range plan that improves on the educational and recreational needs and interests of our students'. Along with improving all district schools facilities and making provisions for future community and student growth. I believe that with an energetic, capable and competent school board together with continued rural and urban community support that remain focused on the needs and interests of our students, these issues can be accomplished.

Our School Board needs to listen to the parents, patrons, teachers, staff and students and make important policy decisions that reflect the values and opinions of us all. While having the courage, accountability and ability to admit when they're wrong. As someone who has worked on the Molalla River School District Bonds Campaign, I understand that citizen input is the backbone of our community. My experience in listening, learning and asking questions about our school district and its needs is something citizens can depend on. It's time for a change in values at School Board – and I ask for your support.

Sincerely,
Deneen R. Munson

You know that a good education will prepare your kids for a successful life. Jim says that a good education must include: Teachers who believe every student can succeed and a curriculum rooted in the basics but, having a broad menu of options and choices.

WHO JIM IS

James Davis is the best qualified candidate in this race. He's the real deal.

- Foremost, Jim is a family man. He helped raise four foster kids along with his own. **All attended PUBLIC SCHOOLS: Madison; Lincoln; Wilson.** All are doing well.
- Jim's career began at the fabled Instructional Media Laboratory at the University of Wisconsin – Milwaukee. His innovative work in instructional communications was nominated for the Presidential Medal of Freedom – this nations highest civilian award.
- Moving on to Marquette University Jim was student-ranked in the top 10% of professors there.
- Jim has not sought out endorsements in this election. He will not compromise student/teacher needs with special interests desires.
- Jim supports ACORN and minority leaderships educational demands that include that **Schools Be Student/Teacher Based Not Bureaucratically Orientated and THAT SCHOOLS MEET THE NEEDS OF THE 75% WHO MUST JOIN THE WORKFORCE AFTER GRADUATION.**

WHAT JIM WILL DO

Recently, Jim spent 12 weeks at Cleveland High School. His findings are being developed into a WHITE PAPER for presentation to Senator Smith.

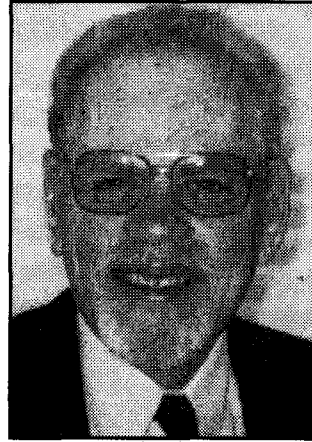

- Fully implemented, this work will significantly **lower Oregon's 40% dropout rate and raise the proportion of classroom funding.**
- Jim will use his clout on the local, state, and federal levels to get more funding for our classrooms and work hard to give your kids more educational choices.

YOUR CHOICE IS CLEAR

PRIOR GOVERNMENTAL EXPERIENCE: None.

My entire professional teaching career has been dedicated to serving the needs of students and their families in the North Clackamas School District. I am committed to the social, emotional, and academic growth of all children.

In my twenty-seven years of teaching I have understood the importance of individual student growth in all areas, including moving forward toward meeting state standards. As a member of the North Clackamas School Board, my desire would be to support teacher's ideas and efforts on how best to help students reach their full potentials.

Teachers directly impact student learning. To optimize the learning, teachers need to be heard, not only among peers, but also by the district administration and the school board. Equally important is community input. Community opinions must be included as part of the decision making process. Communication promotes unity and ultimately enhances a school district.

I pledge my support to the North Clackamas School District. Together we can give all of our children the education to which they are entitled.

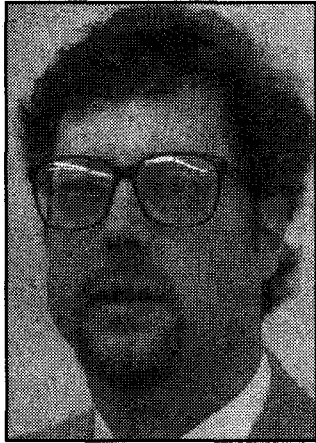

Thank you for your consideration.
Kind Regards,

Position 4

JOHN W.
HAWTHORNE

OCCUPATION: Vice President for Academic Affairs, Warner Pacific College.

OCCUPATIONAL BACKGROUND: College Administrator; Sociology Professor.

EDUCATIONAL BACKGROUND: Purdue University; BS (1978), MS (1980), PhD (1986).

PRIOR GOVERNMENTAL EXPERIENCE: None.

This is an important time for public schools. We hear debates about school funding. School reform has introduced us to CIM, state standards, and benchmarks. Population growth requires creative thinking and flexible resources. With so much change in the air, some people get discouraged.

Over the past four years, I have served on the Site Councils of McGloughlin Middle School and Clackamas High School. I served on a district wide task force on Middle School Accountability. I was part of two design teams on the new Focused Programs of Study. I have been part of a group of parents who meet periodically with Superintendent Naso to discuss the progress of the North Clackamas schools.

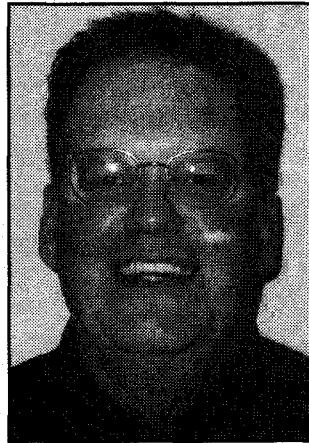

Each of these groups has given me the opportunity to work with the creative teachers, administrators, students, and parent volunteers that shape our schools. Their optimism, dedication and hard work has encouraged me to seek this position on the school board.

In the next four years, the Board of Directors will oversee the next stages of school reform. This reform must be done in such a way that increases the learning possible for all children and not just add testing. The Board will need to support a new generation of teachers eager to use new technologies and facilities. And the Board will be asked to do this with a state funding system that never provides quite enough.

As a professional educator, I have spent 20 years seeing lives changed by people who invest themselves in students. As a college administrator, I recognize that our social well being is only as good as the students learning in our elementary and secondary schools. I welcome the opportunity to serve the schools that have meant so much to my family and me.

JOE
LOOMIS

OCCUPATION: Roofing Contractor.

OCCUPATIONAL BACKGROUND: In the roofing trade for 22 years, before that various blue collar jobs.

EDUCATIONAL BACKGROUND: Graduate of Central Catholic High School.

PRIOR GOVERNMENTAL EXPERIENCE: Member of Milwaukie Parks and Recreation Board.

Dear Neighbor,

I have lived in Milwaukie over 20 years. I have one son who attended Ardenwald Elementary, graduated from Milwaukie High School, and went on to graduate from Oregon State University. My other son also attended Ardenwald Elementary and is presently a junior at Milwaukie High School. I know from the 23 years my sons have attended North Clackamas schools that the majority of children are receiving a great education. All of the teachers my sons had at Ardenwald were outstanding. They did a great job of setting the foundation for them to be successful as they progressed up the ladder to junior high, high school, and college.

I feel it is important as a school board member to:

- See that students and teachers have the tools necessary to build that foundation.
- Open lines of communication between students, parents, teachers, and administrators.
- Ensure a clean, safe learning environment.
- Televisе all board meetings on NC 12 cable channel.
- Review the new school starting times implemented this year.
- See that there are a wide range of extra curricular activities that are accessible and affordable for all students.
- See that instructors of extra curricular activities are as qualified and dedicated as our teachers are.

I don't profess to have all the answers or know all of the challenges facing our students and teachers, but I assure you that every challenge I am made aware of will be addressed and answered. I will also see that we never lose sight of the purpose of our schools – to supply all of our children with a great foundation so they can climb the ladder of success throughout their lives.

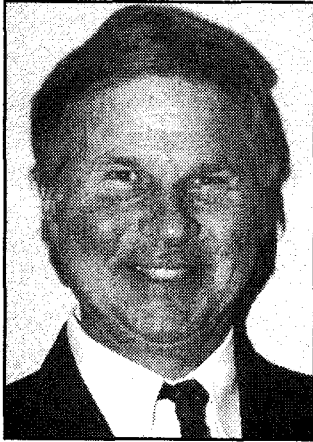

Please call me if you have any questions, 654-6650.

Sincerely,
Joe Loomis

OCCUPATION: Grievance and Arbitration Assistant to Director V.P.
OCCUPATIONAL BACKGROUND: Membership Services Representative; Pension Trustee; Health and Welfare Trustee; Business Representative; Grievance and Arbitration Representative; Vice President Food and Commercial Workers.
EDUCATIONAL BACKGROUND: David Douglas High School class 1979; University of Oregon Labor Education and Research Center; George Meany Center for Labor Studies, Silver Springs MD.
PRIOR GOVERNMENTAL EXPERIENCE: Site Council Linwood Elementary; PTA Linwood Elementary.

Thank you for taking your time participating in your School Board election. I am 39 years old and a resident of Clackamas County. I am married to Kim McDonald and we have two sons, Alex and Max. Both our children attend Linwood elementary, my wife is the Volunteer Coordinator at our sons school, we are both PTA members. I currently am a Site council member at Linwood Elementary School. Issues that greatly concern me are Classroom size, School safety and Community Involvement. If elected my top priority would be to help establish a community safety net for students who are unable to meet State Benchmarks. I feel, as a community, we all will benefit from every one of our children in our community having the opportunity to receive help, if needed. If elected I will help to establish community outreach programs in order to help students raise our Statewide Benchmark scores.

Thank you for your consideration.

**BONNIE
PETTY**

OCCUPATION: Bartender/Server.

OCCUPATIONAL BACKGROUND: None.

EDUCATIONAL BACKGROUND: GED completed; attended CCC for 1¾ years.

PRIOR GOVERNMENTAL EXPERIENCE: None.

I am the mother of 2 boys. They have both attended school in the North Clackamas District. I have lived in Milwaukie for 12 years. I have been involved in youth sports for 11 years, including baseball, basketball, soccer and football. I think that education should be a top priority in our community. I also think that sports are a big part of education. They teach children how to get along in society and work as a team.

I am the type of person who does not just sit back and watch the world go by. I like to get involved in the community and try to make things better.

I am not a politician, but feel I would be a very good voice for the community. I am what the school board needs, I am a parent in this district and would listen to what you have to say. I think that listening is a very important part of the position for which I am running.

OCCUPATION: Realtor and business owner.

OCCUPATIONAL BACKGROUND: Chief Financial Officer Tri-Lett Industries; Internal Auditor – Precision Castparts Corp.; Controller – Suntree Inc.

EDUCATIONAL BACKGROUND: MBA – University of Puget Sound; BA – Western Washington University.

PRIOR GOVERNMENTAL EXPERIENCE: 5 years School Board Member – NC #12 School District; 6 years Budget Committee – NC #12 School District.

I have served as a school district volunteer for 15 years, including six years on the Budget Committee. Over the past five years, serving as a Board Member for the North Clackamas School District, we have seen continued improvement in student achievement and the passage of a construction bond levy that has improved every school in the district.

My goals for the District and desire to serve our community are in the following areas:

- 1) continue to encourage the District to adopt programs that will improve student performance and achievement,
- 2) new technology must be introduced into our educational system. Our children can not fall behind our rapidly changing world of technological advancement,
- 3) our high school drop out rate must continue to decline and our children must continue to stay connected to schools. I will continue to support those programs that make education relevant and worthwhile to students and their parents,
- 4) I'm an ardent supporter of our Owen Sabin Skills Center that offers valuable programs for students who intend to go on to college as well as those who will begin their working careers immediately after high school,
- 5) we must make scarce resources stretch as far as possible.

**CAROL
STORMENT**

OCCUPATION: Retiree.

OCCUPATIONAL BACKGROUND: Small business co-owner; teacher.

EDUCATIONAL BACKGROUND: Oak Grove Grade School; Milwaukie High School; Marylhurst College, B.A.; Linfield College, M.Ed.

PRIOR GOVERNMENTAL EXPERIENCE: Director, North Clackamas School District #12 (twice chair); Member, Clackamas County Education Service District Budget Committee; Member, Center/Community Advisory Board, (Milwaukie Center) – North Clackamas Parks District.

Carol and her husband Elton have been active community members for many years. Their children attended local schools and graduated from Rex Putnam High School. They have grandchildren attending NC12 schools.

Enormous changes lie ahead for residents of our community:

- The impact of local funding measures will continue to require new ways of meeting community needs.
- School reform continues to place pressure and demand for change on local districts.
- Area population growth and student enrollment will continue to climb.

I have been part of a Board team working to anticipate these changes – setting solid goals and giving clear direction to meet the future head-on. Thanks to the support of our community, the bond levy was approved; we are in the midst of projects that will result in safe, functional, and cost-effective buildings; access to technology; and adequate space for students.

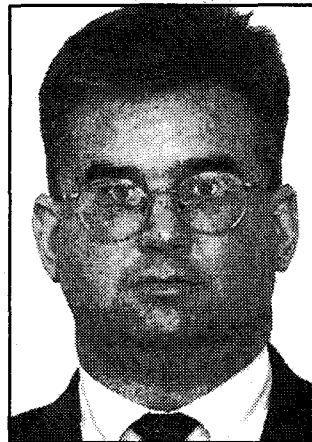

But more remains to be done. We must continue to:

- Manage within funding limits – delivering maximum value for each tax dollar, while implementing higher standards of classroom excellence.
- Strengthen professional/technical programs at Sabin (and Schellenberg Technology Center when it opens) and expand working partnerships with businesses, community organizations and other school districts.
- Encourage even greater community ownership of the investment we share in our children – among parents, patrons, businesses, seniors, churches, and service organizations alike.
- Work with lawmakers to stress the need for adequate funding to achieve higher standards and address growth needs.

I am committed to providing education that empowers our children to be responsible members of society – both today and tomorrow. I remain ready to listen and to hear what you care about. I am prepared to join in making the hard decisions that lie ahead.

OCCUPATION: Pinnacle Funding Group, Inc., President, self-employed.

OCCUPATIONAL BACKGROUND: President, Pinnacle Funding Group, Inc. 1996-Present; Registered Representative/Insurance Agent, MET LIFE 1991-1996; Manager, Fred Meyer, Inc. 1982-1991.

EDUCATIONAL BACKGROUND: Lewis and Clark College, BS Business Administration, 1983.

PRIOR GOVERNMENTAL EXPERIENCE: None.

VOLUNTEER: 1999 National PTA Convention.

We all live in an excellent school district already. I am asking for your vote for Position 6 on the North Clackamas School Board to bring in some fresh ideas and perspectives on how we can do even better.

The quality of our children's education is paramount to a successful life. I am committed to the hiring and training of the best educators available. We must strive to continue the technological upgrades in progress at all of our schools. Safety of our children at all times is critical. We can not wait for a tragedy to happen before taking action. I support a full traffic signal and crosswalk on 122nd and Summers Lane. The school lunch program needs overhauling. The quality of the food and type of menu items need to be reevaluated.

I have been a member of the Sunnyside PTA for three years and have volunteered my services at numerous school functions. I am now prepared to focus my energy to the school district. Please vote for Stewart Williams, Position 6, North Clackamas School Board.

ROGER
CONE

OCCUPATION: Associate Professor, Oregon Health Sciences University.

OCCUPATIONAL BACKGROUND: Professor, OHSU (1989-present); Cofounder Northwest NeuroLogic (biotech company, 1993-1998); Professor, Tufts Univ. (1988-1989).

EDUCATIONAL BACKGROUND: Ph.D., Massachusetts Institute of Technology; BA, Princeton University.

PRIOR GOVERNMENTAL EXPERIENCE: Oregon Child Health Research Center Advisory Board; National Institutes of Health Grants Advisory Board.

Community Service – Co-chair, Friends of Jennings Lodge/Candy Lane Schools (1999-); Coach, Oregon Trail Soccer (1994-1996, 2000); Organizing Committee, Multiple Sclerosis Bikeathon (1991-1992); volunteer instructor, 3rd and 6th grade biology (Redland Elementary).

Roger Cone – Building Stronger Schools

Our children deserve the best. We need to reduce class size to create opportunities for all students to succeed. We also need to recruit local business leaders and community resources to improve school programs. For example, students will need strong computer/technical skills to compete for jobs in the changing economy.

Roger Cone – Improving Student Performance

“I will work with parents, teachers, and administrators to raise expectations for student achievement. My priorities also include enhanced opportunities in art, music, PE, and community service for our kids. With our new High School, we can offer more services with help from private foundations and federal grants.”

Roger Cone – Respected Researcher and Leader

Roger, a professor at OHSU, has brought in over \$9 million in federal funds for biomedical research. He has served on local, national, and corporate advisory boards, and cofounded a Northwest biotech company.

Endorsed by Community Leaders and Educators

“Roger’s academic background will help set high standards for student performance”

–John Keyser

“We can count on Roger Cone to reach out for more resources and funding for our schools.”

– Alice Norris

“I know Roger will involve more parents and business owners in a partnership with our school board and administration.”

–David Hunt

DONALD G. ANDERSEN

OCCUPATION: Retired.

OCCUPATIONAL BACKGROUND: Teacher - work experience coordinator, Vocational Ed. Director.

EDUCATIONAL BACKGROUND: Oregon City High School graduate; Portland State, college graduate (social science); Graduate work, Portland State, Oregon State.

PRIOR GOVERNMENTAL EXPERIENCE: 8 years on Oregon City Commission (2 times Mayor of Oregon City); 8 1/2 years Oregon City School District; 10 years Private Industry Council of Clackamas County.

OCCUPATION: Office Specialist, City of Oregon City Parks and Recreation Department.

OCCUPATIONAL BACKGROUND: Executive Assistant, Clackamas Regional Health Systems 1996-1999; Accounting Department, Willamette Falls Hospital 1978-1996.

EDUCATIONAL BACKGROUND: 1977 Oregon City Senior High School graduate; Attended Clackamas Community College.

PRIOR GOVERNMENTAL EXPERIENCE: None.

Community Service Experience: Member, Oregon City Optimist Club; Member, Oregon City School Foundation; Committee Member, First City's Youth Task Force; Field and Scheduling Coordinator, Oregon City Youth Sports; VP Oregon City Youth Sports; Secretary/Treasurer, O.C.H.S. Pioneer baseball program; Member, Oregon City Elk Women's Auxiliary.

Mission Statement: I am a 41 year-old single mother of a 17 year-old son who is a junior at Oregon City High School. As a life-long fourth generation resident of Oregon City, I am passionate about seeing our community prosper. That prosperity depends on our youth and what they will be able to give back in the future. That is why I am committed to making the Oregon City School District the best it can be.

I believe the children come first. Every school board decisions should be made based on how it affects the education of the students. My commitment is to ensure that more money goes directly into the classrooms and not into bureaucracies. Our schools should put more emphasis on reading, writing, and mathematics so students have the advantage they need to be competitive. I am committed to quality education for all students.

As Oregon City grows, our schools face serious challenges that require thoughtful consideration, not the least of which is finding a way to cut class size so students get the attention they need. If elected, I will be a voice of reason and work for what is in the best interest all our children. I have the energy, commitment, and integrity to make a worthwhile contribution to the Oregon City School Board. With your vote, I will do my best to be an effective voice for you and your children.

MARTIN**

OCCUPATION: Parent; part owner Elk Pass Nursery; Attorney at Law.

OCCUPATIONAL BACKGROUND: Attorney.

EDUCATIONAL BACKGROUND: Dartmouth College (A.B. 1976); Boalt Hall, School of Law, University of California at Berkeley (J.D. 1979).

PRIOR GOVERNMENTAL EXPERIENCE: Cottrell Site Council; Oregon Trail School District Facilities Committee.

I'd like to introduce myself to those of you who don't know me. I have lived in what is now the Oregon Trail School District for seven years. My two children, Chloe, age 9, and Justin, age 7, are both students at Cottrell Elementary School. I filed for this position because I believe that the children and parents who love their small schools need an independent voice on the school board.

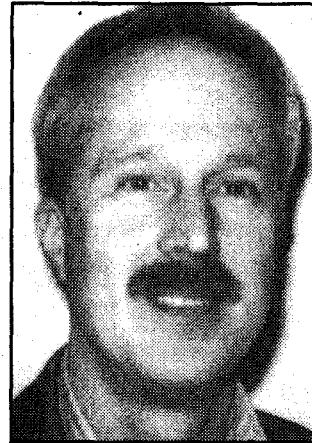

I believe in decentralization and local autonomy. A central controlling agency that hands down one-size-fits-all solutions serves nobody but itself. I believe that the best role for District level school administration is to provide resources and guidance to encourage creative and diversified approaches to each school community's individual needs. The District can and should serve as a clearing house for ideas, keeping the lines of communication open between schools so that success may be shared by all.

I believe that the school board should be responsive to parental concerns. As a parent, I am concerned that school starts too early to maximize learning in middle school and high school. I am also concerned that 6th grade is simply too young to start middle school. What are your concerns? I hope that you will bring me your concerns so that your school board can make your school district, and all the schools your children will attend in that district, truly yours.

The District is poised for real progress. While financial resources may be limited, the possibilities need not be: with a superintendent we can all get behind, an energetic new board, the volunteer support of P.A.L.S., and your participation, it can work.

KUECHLER**

OCCUPATION: Police Sergeant – Portland Police Bureau 1993-present; Police Officer – 1985-1993.

OCCUPATIONAL BACKGROUND: Teacher, Coach, Sandy High School, 1982-1984.

EDUCATIONAL BACKGROUND: B.S. – Warner Pacific College (1979); Graduate Studies – Washington State University, 1981-82, Portland State University 1983-84.

PRIOR GOVERNMENTAL EXPERIENCE: None.

Dear Voter,

A community is judged by the way that it cares for its children. How well we fulfill the responsibility to protect and prepare our youth is always a yardstick by which we are measured. The safety and vitality of our schools is a community responsibility and an area in which I have always served – and wish to continue to serve.

For many years my wife and I have stepped forward and assisted with the educational experiences of our children and yours. I now desire to extend my commitment by serving on the Oregon Trail District School Board.

As a member of the school board, three principles will be foremost in my decision making process:

- 1) A school board member has the responsibility to represent the voters of the district. Therefore, I will be accountable to those who put me in office, not the superintendent, administrators or teachers.
- 2) As a school board member, my responsibility will be to advocate for the best possible, quality educational experience for our children. Our children should receive a varied and well-developed education that will prepare them for work, college and career.
- 3) The responsibility for the quality of education lies not with a single individual or group but with the community as a whole. Education should be an open collaboration of students, parents, teachers, administrators, businesses and all community members.

I ask for your vote for the position of School Board Representative to the Oregon Trail District and I pledge to represent you and our children.

Thank you for your support.

MARK R.
CHRISTIE

OCCUPATION: Portland Freightliner, Incorporated Sales Representative 1984 to present.

OCCUPATIONAL BACKGROUND: Blaine Calhoun and Associates; Orepac Building Products, Inc.

EDUCATIONAL BACKGROUND: Churchill High / Wilson High School; Mount Hood Community College; Oregon State University: Bachelor of Science Degree Business.

PRIOR GOVERNMENTAL EXPERIENCE: 2000/Present: Board Chair Sherwood School District 88J; Board Manager Sherwood Family YMCA. 1997/Present: Director Sherwood School District 88J. 1996/1997: Sherwood School District 88J Budget Committee Member.

The students, patrons, teachers, administration and staff of the Sherwood School District are great! We, as a collective team, have accomplished much over the past 4 years.

Academics: Our students currently exceed the state average in all State Benchmark areas (3rd, 5th, 8th and 10th grade), in many cases by over 10% and in one case by 21%. All of our schools have just received a strong rating on the State report card. These are huge academic accomplishments we can all be proud of.

Hiring key personnel: Due to retirements, career opportunities and growth we have overseen the hiring of an interim superintendent, a new superintendent, an assistant superintendent, 2 elementary principals, 1 middle school vice-principal, and a new high school principal and vice-principal. All are great assets to our district.

Construction: We are overseeing our bond dollars at work in the following areas:

New construction: Middleton Elementary and our Maintenance and Transportation facility.

Phase 2 remodel: Hopkins Elementary, Sherwood Middle School and Sherwood High School.

Building bridges: Certified and Classified Staff: We have enjoyed a great relationship and support from our union representatives and membership.

City: We will continue to partner in the areas of ball field development and joint facility use to maximize our patrons tax dollars.

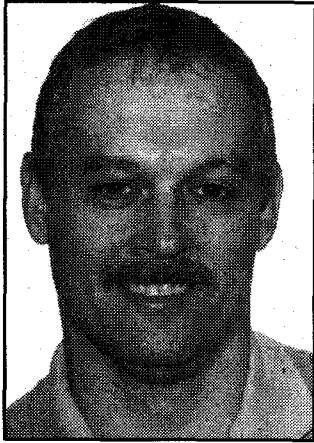

Can we get better? No question! Will we? Absolutely! I am committed to that end.

Thank you, and thanks to my great wife Pat and four children, Stephanie 17, David 15, Tyson 12 and Danielle 9 for your support.

**DAVID A.
BACKEN**

OCCUPATION: Director of Business Development, Energration LLC.
OCCUPATIONAL BACKGROUND: Nineteen years sales and marketing experience in the utility, retail and technology professions with companies that include Energration, PacifiCorp and Fred Meyer.
EDUCATIONAL BACKGROUND: B.S. in Exercise and Sports Science, Oregon State University; Masters of Education: completed one class and am finishing two others; Graduate of the Oregon School Board Association's Leadership Oregon 2000.
PRIOR GOVERNMENTAL EXPERIENCE: 1997-2001 Sherwood School District Board of Directors (1999-2000 as Chairperson); 1999-2001 Northwest Regional ESD Budget Committee; 1995-1997 Sherwood School District Budget Committee (95-96 as Chairperson).

For quite some time, Sherwood Schools have enjoyed a very good reputation. Our family moved here because of that. Their reputation continues and is growing even stronger. I am hopeful my first term experience on the school board has somehow contributed to our District's success.

The Sherwood School District has had many outstanding achievements recently. One example of this - all four schools that were rated received a **Strong** overall rating in the latest State Report Cards. Another accomplishment is that in the latest statewide assessment testing, Sherwood placed above the state average in all 18 categories. This can only be accomplished with the hard work of many, many people. I am proud to be a member of this school board and this District.

Considering these achievements, I want to ask for your support as I am again running for the school board. I have worked hard to develop a solid relationship of trust and respect with constituents, District employees and fellow board members. With these relationships already in place I can continue to contribute to our District's success.

For me, being a school board member has never been about politics. Caring about children's education and contributing to that end is why I serve. The voters put their faith in me four years ago. I have worked hard to keep that faith. With your support I will continue.

Please vote for Dave Backen.

PRIOR GOVERNMENTAL EXPERIENCE: Elected to Site Council, Tualatin Elementary School, 12/98-12/99. Elected Chair 1/99. Still serving as parent member. Service on multiple school district committees.

I am running for the Tigard Tualatin School Board because I believe there is much more to learning than can be demonstrated by a letter on a piece of paper or a standardized test score. I know there is much more to teaching than grading papers and assigning homework. I firmly believe that our schools are not just buildings, but places where people of a community come together to help children of all ages and abilities realize their full potential.

This is not to say that our district goes without needs for facilities maintenance, academic performance targets, and continuing education commitments for our educators. Dealing with limited resources is a central qualification to being a successful School Board member, and as a small business owner, I am very used to addressing such challenges. All too often we focus exclusively on resource issues. But if those alone are our goals, then we have failed. In my estimation, those goals are tools for the development of the greater sense of community we need in our schools. That sense of community is what makes a school strong, and that strength we have. I want to build on the strengths of our district and move forward, rather than dwelling on events of the past.

While serving on my Site council, I observed the potential for local people to work together and resolve local issues. I want to facilitate that interaction as much as possible among, not only people that already play a pivotal role in our district, but also those who could.

I have worked in the field of educational research and evaluation for over 20 years, and have visited numerous schools across the country as part of my job. Our family moved to West Linn because of the excellent reputation of the schools. I hope to ensure that the characteristics of high performing, high quality schools are present in every West Linn and Wilsonville school. These include a focus on the academic success of every student; high expectations for students; quality teaching; strong building leadership; opportunities for staff to learn and collaborate; clear, measurable goals; alignment of instruction to standards and assessments; parent involvement in their children's learning; and a safe school climate. I believe I can make a contribution to the school board because of my experience with educational program evaluation and knowledge of educational reform issues. Our children attend Athey Creek Middle School and West Linn High School.

**DORIS A.
WEHLER**

OCCUPATION: Co-owner, Cookies by Design.

OCCUPATIONAL BACKGROUND: Executive Vice President TeleCheck Oregon (1978-1994).

EDUCATIONAL BACKGROUND: Attended Pacific Business College, University of Portland; graduated Reynolds High School.

PRIOR GOVERNMENTAL EXPERIENCE: Forum Committee to open Wilsonville High; Boones Ferry Primary Planning Committee and Task Force; Department of Corrections Site #1 Prison Advisory Committee; City of Wilsonville Recording Secretary (1968-1972).

I'm asking for your vote for West Linn-Wilsonville School Board because I believe my experience, background and training make me the best-qualified candidate to represent all residents in both communities, including the 72 percent without children in school.

As a Wilsonville resident since 1964, mother of two West Linn High School graduates, and a school volunteer working actively with our superintendents, school boards, parents and school administrators, I've been involved at the forefront of West Linn-Wilsonville's growth and change. I believe it's essential to:

- Sustain district wide high academic standards
- Support teaching of character education
- Account to taxpayers for how their dollars are spent
- Expand Wilsonville High to reduce overcrowding
- Maintain or lower class sizes in our primary and middle schools
- Complete Boones Ferry Primary on time and on budget
- Keep kids in school, lower dropout rates

School volunteer experience includes:

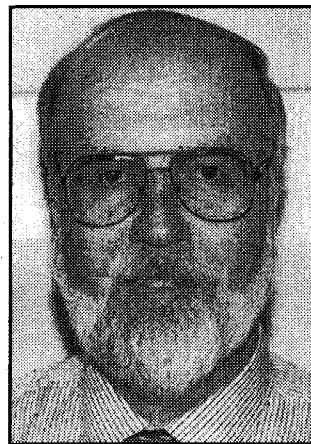

- Coalition for Excellent Schools phone bank chair for 1997 bond and 2000 local option levy
- Fundraiser for Education Foundation and Pressbox Club, which covered Wilsonville High bleachers
- S.A.F.E.T.Y. group organizer to keep a prison from being built next to our schools
- Wilsonville High School dedication co-chair
- Numerous other committee assignments over 30 years

Current community leadership includes serving on Wilsonville Chamber of Commerce, Sister City Association, and Charity Golf Foundation Boards of Directors.

A commitment to maintaining quality education and making sure tax dollars are well spent, plus experience, organization, efficiency and time to do the job are the qualities that, I trust, make **Doris Wehler** your choice for school board.

OCCUPATION: Sr. Manager, Strategic Investments, Intel Capital, Intel Corporation (paid).

OCCUPATIONAL BACKGROUND: (All Paid) Director of Corporate Marketing, Mentor Graphics Corp. Other previous companies: General Electric Corp., Honeywell Information Systems, Inc., Advanced Micro Devices Corp., Floating Point Systems Inc.

EDUCATIONAL BACKGROUND: Arizona State University, Masters in Business Administration 1974; Northwest Nazarene University, Bachelors in Engineering Physics 1968.

PRIOR GOVERNMENTAL EXPERIENCE: (All unpaid) West Linn Wilsonville School Board, Position #3 1994-present; Oregon School Board Association, Legislative Policy Committee.

I have served on our School Board because I believe educating our children with excellence is one of the most important responsibilities we have as citizens. We must:

- Continue to enable high student academic achievement,
- Provide wide curriculum choices to challenge all aspects of student development: intellectual, emotional, physical, and spiritual,
- Instill in all students our community values of honesty, integrity, responsibility and respect,
- Assess all aspects of our education system routinely for continuing improvement using expanded feedback methods such as surveys of students, parents, staff and community,
- Continue to offer leading staff professional development to retain and grow our exceptional teachers and administrators, and
- Continue to be strong advocates for our students and schools at the State level.

As an experienced School Board member and past Board Chairman, I have:

- Assisted in creating the vision for the District,
- Led in the development of our Character Education program,
- Monitored assessment methods to enhance student achievement and education effectiveness,
- Monitored District budgets for efficient and effective use of funds,
- Fostered ongoing staff professional development, and
- Contributed for years on the Oregon School Board Association Legislative Policy Committee, advocating for children in the State Legislature.

To compliment the recent good additions to our Board, we need continuing Board experience. I have consistently worked to find solutions that are best for our young people and for families. With your support I will continue to serve you and our students.

EDUCATIONAL BACKGROUND: PSU Business School Marketing and Finance; University of Wisconsin at Oshkosh Bachelor of Science Degree in Secondary Education, History/Minority Studies/Special Education.

PRIOR GOVERNMENTAL EXPERIENCE: West Linn Planning Commission 1987-1990; Troutdale Planning Commission.

As a school volunteer and a parent of a middle and high school students, I have had a front row seat in observing the West Linn/Wilsonville School district at work. We are fortunate to have many experienced and dedicated teachers and principals in our district. They are one of the keys to our quality school system. Another key is funding. The taxpayers of the West Linn/Wilsonville School District have always support our schools. The school district's taxpayers generously approved a \$52 million bond to remodel and build new schools and a local tax option to keep current programs operational. The West Linn High School was one of the projects slated to be finished with this bond. The district doesn't have enough funds to complete the high school. The local tax option was to maintain current programs. Instead, the school district has continued to cut programs at the middle and high school levels. The West Linn/Wilsonville School District needs to be accountable for the money they have spent and the promises they have made. I want to be sure that educational tax dollars are managed effectively and spent wisely.

The five member Clackamas County Fire District #1 Board of Directors serve as a citizens team of elected volunteers that establish fire district policy and oversee all fiscal appropriations. As an incumbent member of this team I am very proud of the many accomplishments that have been achieved over the past few years. Each fire district accomplishment is the result of the work of the fire fighting staff, their administrators & support staff to which the board of directors work with regularly.

With your vote of support I will dedicate my time and talent to serve as a citizen representative in responsible spending, policy setting and in all fire district board decisions that determine and direct select emergency services that protect citizens and provide citizen comfort when fire, life and health threatening emergencies occur.

Thank you for taking the time to read my statement; I would appreciate your vote for me as a director, Clackamas County Fire District #1.

PRIOR GOVERNMENTAL EXPERIENCE: Clackamas County Engineer, 16 years; Clackamas County Surveyor, 8 years; Clarkes RFPD Director, 7 years; Clarkes School Board, 8 years; Clackamas Water District, 8 years.

I would ask for your vote and like to report some of my concerns about Clarkes Fire District.

We have just completed a year of contracting with Clackamas County Fire District One for all operations.

During the past year Clackamas answered 212 calls at a cost of \$291,000.00, or a cost of \$1,372.64 per call, broken down as follows:

Fire Calls	14
Moving Vehicle Accidents	10
First Aid	53
Hazard	7
Out of District	85
Mistaken Alarm	17
Public Service	26

Clackamas has provided excellent service during its 10 hour per day operational period plus offering training to our volunteers.

We have had a reduction in the number of volunteers primarily because of increasingly rigid state training demands for the volunteers time to maintain their status.

My agenda would be to see an improvement in our ability to draft water from the 10 ponds upon which we have water rights, increase our numbers of volunteers and provide a method of payment to them based upon their length of service, reduce our contractual costs, and set aside yearly funds for the purchase of future fire equipment.

I would appreciate your vote.

OCCUPATIONAL BACKGROUND: Dentist - USPHS; Dental Lab Technician; Steel Fabrication.

EDUCATIONAL BACKGROUND: Oregon Health Sciences University - DMD; University of Oregon - B.S.; Roosevelt High School.

PRIOR GOVERNMENTAL EXPERIENCE: Estacada Planning Commission; Director Estacada Rural Fire District.

It has been my pleasure to have served on the Estacada Rural Fire District Board for the past sixteen years. It has been and will continue to be my intent to provide our community with state of the art emergency medical services, fire prevention, suppression and community education at a reasonable cost.

As a small business owner for twenty five years I understand the need for fiscal responsibility. I have helped develop reserve funds which have allowed us to save for major equipment purchases, pay cash and not ask the taxpayer for extra money outside of our budget.

Having completed a hospital residency training program I understand the emergency medical needs of our community. We do not have the luxury of a nearby hospital so we need to continue to maintain the high level of care that we have developed.

I feel that my sixteen years of service on the Estacada Rural Fire District Board will allow me to continue bringing insight in developing programs for the future, at a cost that is reasonable to the taxpayer.

OCCUPATION: Retired; Oregon Fire District Directors Ass'n; Board Member, Oregon Trail School District #46.

OCCUPATIONAL BACKGROUND: Retired from Sandy Elementary School District #46 1959-1989; U.S. Army 1957-1959, U.S. Army Reserve 1959-1994; Brookings-Harbor School District #17C 1956-1957.

EDUCATIONAL BACKGROUND: Bend High School 1952; Oregon State, College, B.S. Education 1956; Oregon State University, Master of Education 1964.

PRIOR GOVERNMENTAL EXPERIENCE: City of Sandy Planning Commission 1964-1968 and 1995-1997; City of Sandy Council 1969-1992; Sandy Rural Fire Protection District #72 1978-1999; Sandy Elementary School Board of Directors 1995-1997; Oregon Trail School District Board of Directors 1997-Present.

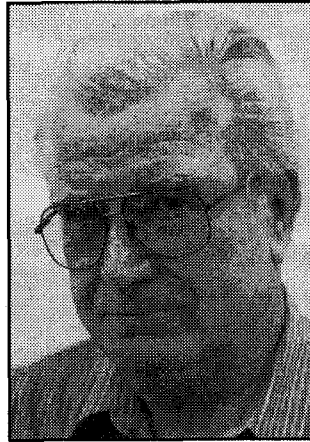

In 1989, as a Director of the Sandy RFPD#72, I became concerned with state fire issues and ran for a position on the Oregon Fire District Directors Association board. I have served as Director, 2nd Vice President, 1st Vice President and President in 1994. I served on the Executive Board of OFDDA during 1995 as Past President.

Oregon Fire District Directors Association serves the Rural Fire Protection Districts of the state in three areas: Education, Administration and Legislation. I have worked with the Joint Fire Legislation Committee, and the Special Districts Legislative Committee to shape legislation for the benefit of Fire Districts of the State of Oregon.

I am a candidate for the Sandy Rural Fire District #72 to continue to serve the district in the position of Board member and giving the district a more direct voice in state level issues.

OCCUPATION: Real Estate Broker.

OCCUPATIONAL BACKGROUND: Real Estate Broker, 30 years.

EDUCATIONAL BACKGROUND: Bull Run Grade School, 8; Sandy High School, 4; Portland State University, 1 (13).

PRIOR GOVERNMENTAL EXPERIENCE: Elected Fire Dist #72 Director.

I am a candidate for the Fire District #72 Board of Directors because I am willing and able to help the Board, the new Fire Chief, and the department meet the challenges inevitably coming in the future.

I support a strong and viable volunteer core for our Fire Department, because they provide the efficient and affordable staff that is required now and in the future, which is just part of the value volunteers offer to the community. I believe the Board of Directors must work diligently toward maintaining the paid staff and volunteers at the high level of preparedness they now enjoy. To accomplish this commitment, we must provide personnel, with first rate equipment, and the latest methods of training. We must encourage and enlist the active support of the District patrons, to join in the process, based on a master plan that they have helped to design. This is an on going process started years ago that must be continually modified and updated as conditions and requirements change with growth in the City of Sandy and the rest of the District. I believe I am in a unique position to help in working with the City of Sandy toward common goals, because of my background in working with the city over time. I believe we should not work toward consolidation with other districts, but should work in every way possible toward joint ventures beneficial to all surrounding districts. I want to volunteer my years of experience, pledge my hard work for the District, and I ask for your vote.

Do you want reasonable rates, financial accountability and ethical behavior? Then don't keep re-electing the same rubber-stamp board members-vote for financial responsibility with the slate of **Clackamas Ratepayers First!**

CRW increases its rates almost every year. That money pays for a manager who makes over \$100,000 a year, drives luxury company cars, and employs many highly paid management consultants to help him and other managers do their jobs. Your rates support a board that enjoys lavish travel, training, and entertainment benefits-calling it "district business." CRW management and board have poor relations with neighboring water districts, which causes your rates to go up because they now buy less water from CRW. Employees have become so frustrated with management that they have turned to lawsuits in search of fair treatment.

We are three candidates who want to make big changes to how CRW is managed, finally putting **Clackamas Ratepayers First!** Our focus will be great customer service and reasonable rates. We will work cooperatively with other water districts. We will pay managers reasonable salaries and expect them to do their jobs without extensive consultant assistance. Employees will be given the resources to put **Clackamas Ratepayers First!** We will hold ourselves and management accountable and stop excessive spending.

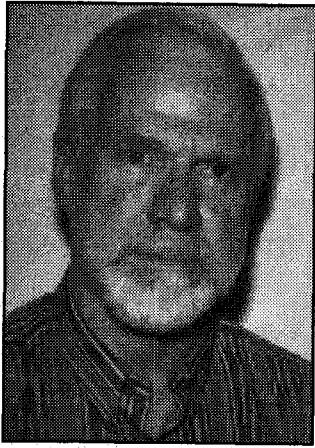

I am a native Oregonian and have lived in Clackamas County for the past 25 years. My chosen profession is in Water Quality. I believe that the #1 priority of CRW should be the rate-payer, and bringing them high quality water for the least possible cost. I believe the current commission has lost sight of this.

Send in your ballots and give **Clackamas Ratepayers First!** the chance to work for you!

CLACKAMAS RIVER WATER

Position 3

TIM
SPREADBOROUGH

OCCUPATION: Retired.

OCCUPATIONAL BACKGROUND: Mortician.

EDUCATIONAL BACKGROUND: Mount Baker High School, Graduated; San Francisco College of Mortuary Science, Graduated.

PRIOR GOVERNMENTAL EXPERIENCE: Holcomb-Outlook Water District, Elected; Clairmont Water District, Elected; Clackamas River Water District, Elected.

Four years ago I asked the residents of the Clackamas River Water District to elect me as their representative, overseeing the District's business on their behalf. At that time I was interested in the overall condition of the District's infrastructure, especially in the former Clairmont District area. During the past four years we have been able to fully assess the aging condition of the transmission and distribution structure and we have implemented capital improvements in the most needed areas. Pipe is being installed at this time, but there remains much work to be done.

A goal was to establish better communication with other Districts and Cities in our region, thus working together to plan joint capital improvements where possible. The savings to the District would be passed on to you, the owners and ratepayers. We have been successful in accomplishing this goal in a number of areas. We need to continue this positive effort.

I envisioned the connection of the Clackamas River Water Treatment Plant to the south service area of the District (former Clairmont area). This project is in the planning stage and construction will soon begin. The project is one of several, being a win/win situation for each participating agency.

There currently is a plan to bring uniform rates throughout the District, while this a long-range goal, there is a time established when this will become a reality.

I am committed to providing high quality, safe drinking water for us, the owners and customers, of Clackamas River Water.

I pledge my continued service to all of the Citizens of the Clackamas River Water District.

Thank you for your vote on Election Day.

Position 4

DAVID C.
BUNNELL

OCCUPATION: Senior Contract Officer, Oregon Health Sciences University; Commissioner, Clackamas River Water District.

OCCUPATIONAL BACKGROUND: Contracts Manager; Expeditor for Capital Construction Projects; Facilities Maintenance Management; Machinery Fabrication and Repair; Welder.

EDUCATIONAL BACKGROUND: C.F. Brewer High School, White Settlement, TX, 1965; Bachelor of Business Administration, Texas Wesleyan College, 1970; Leadership Certificate, National Association For College and University Business Officers, 1988; Public Official Leadership, University of Oregon, Pacific Program, 1999.

PRIOR GOVERNMENTAL EXPERIENCE: Commissioner, Clackamas River Water, 1989-2001; Board Member, Special Districts Association, 1999-2001; Member, Department of Administrative Services, Qualified Rehabilitation Agency Advisory Committee; Member, Oregon Project Directors Association.

Thank you for the privilege and opportunity to represent you in the past.

I would appreciate your vote and support to continue to represent you. I believe my work experience, prior service and desire to make a difference can continue to be a benefit to you the owners of the District.

The availability of a safe, high quality drinking water is a gift from above and should not be taken lightly since it is a key element in maintaining good health.

The District like the world around you must always be embracing change and growth. The availability of an ample supply of clean safe drinking water when you need it becomes more challenging as we plan for and manage for growth. Your water source, the Clackamas River, will be included in the new Endangered Species Act Regulations and the Commissioners as well as the District Staff and Employees will be challenged to find new, better and cost efficient ways to protect and enhance the environment and wildlife it supports while maintaining an adequate supply.

You have my commitment to work diligently to represent you and your interests individually and collectively with fairness and impartiality. I will be available to hear your comments and suggestions and hold high your desire for quality, service, financial responsibility and stewardship in the running of the District.

Do you want reasonable rates, financial accountability and ethical behavior? Then don't keep re-electing the same rubber-stamp board members - vote for financial responsibility with the slate of **Clackamas Ratepayers First!**

CRW increases its rates almost every year. That money pays for a manager who makes over \$100,000 a year, drives luxury company cars, and employs many highly-paid management consultants to help him and other managers do their jobs. Your rates support a board that enjoys lavish travel, training, and entertainment benefits - calling it "district business." CRW management and board have poor relations with neighboring water districts, which causes your rates to go up because they now buy less water from CRW. Employees have become so frustrated with management that they have turned to lawsuits in search of fair treatment.

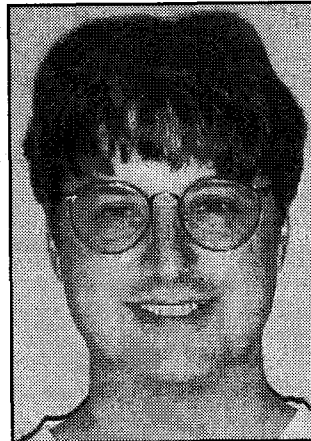

We are three candidates who want to make big changes to how CRW is managed, finally putting **Clackamas Ratepayers First!** Our focus will be great customer service and reasonable rates. We will work cooperatively with other water districts. We will pay managers reasonable salaries and expect them to do their jobs without extensive consultant assistance. Employees will be given the resources to put **Clackamas Ratepayers First!** We will hold management and ourselves accountable and stop excessive spending.

I have lived in Clackamas County most of my fifty years and love this area. Quality water is an abundant resource here and should be available at the least possible cost. I became aware of the current board's inability or unwillingness to direct management to this end, and after discovering like-minded individuals, joined **Clackamas Ratepayers First!** as a candidate for the board. I will be accountable to the ratepayers.

Send in your ballots and give **Clackamas Ratepayers First!** the chance to work for you!

I am running for the board because I am concerned about the rising cost of water and the rate differences in the district. As a ratepayer, I will work hard to advocate for the community and conduct myself with the economic prudence the current board lacks so you know the money you pay will be spent in your best interest, not mine.

LINDA M. GETTMANN

OCCUPATION: Coordinator Academic Advising, Portland Community College.

OCCUPATIONAL BACKGROUND: Admissions Coordinator, Portland Community College.

EDUCATIONAL BACKGROUND: Master of Science Degree - Marylhurst University.

PRIOR GOVERNMENTAL EXPERIENCE: Board of Commissioners, Colton Water District.

OCCUPATION: Aircraft Maintenance Supervisor (Civilian), U.S. Air Force Reserve - Paid; Aircraft Maintenance Manager (Military), U.S. Air Force - Paid; Commissioner, Clackamas River Water-Non-Lucrative.

OCCUPATIONAL BACKGROUND: Aircraft Mechanic Foreman, Aircraft Mechanic, Turbo-Prop.; Flight Engineer, Instructor and Examiner.

EDUCATIONAL BACKGROUND: Clackamas High School - 1966; Clackamas Community College, A.A. Business, 1969; Numerous Upper Division Courses in Marketing, Business Admin., Social Sciences, Transportation, Distribution and Management, PSU and OSU, 1969-1973; UofO's Pacific Program for Public Agency Leadership and Elected Officials.

PRIOR GOVERNMENTAL EXPERIENCE: Commissioner, Clackamas River Water, 1995-2001; Board Member, Regional Water Providers' Consortium.

I am asking for your vote for Commissioner, Clackamas River Water.

I have served you and the District as a commissioner since January, 1995. In that time, I have endeavored to further your interests in numerous ways. First, CRW has embarked on a course leading to greater efficiencies, service and regional cooperation for the good of all regional water providers. We are not an island and need to work with those in our community as well as those throughout the region. To that end, I have been an active participant in the Regional Water Providers' Consortium since its inception in 1996.

CRW is an evolving provider of not just water but also of more non-traditional services. We are active in conservation efforts with a new incentive program for water-saving washing machines. On behalf of the Consortium, we are looking into a water-line maintenance program for our customers. I am committed to our goal of leveling rates for our customers in both service areas.

You have my commitment that the Board, our leadership team and our employees have service as one of our core goals. As we enter the 21st century, the challenges to provide clean, safe water on a reliable, economical basis will continue to increase. At the same time, we must maintain our stewardship of the District, its source and the supporting environment. This will be a daunting task. I feel we're up to the challenge and ask for your continued support.

<p style="text-align: center;">These candidates did not purchase space for a picture and statement.</p>	<p>The Oak Lodge Water District has consistently provided high quality drinking water to its customers. Despite a water shortage in the Portland area several years ago, our area was not affected. The water treatment plant the district recently completed will continue to serve our community for years to come. With the projected regional growth the demands on the plant will increase. Oak Lodge Water District's role in the North Clackamas County Water Commission will be vital in supplying sufficient reasonably priced water to our community as well as to neighboring high-growth areas.</p> <p>The Oak Grove and Jennings Lodge area represent the largest portion of the population in unincorporated Clackamas County west of I-205. Oak Lodge is unique in the respect that we have three special districts providing critical services independent of our neighboring cities and county. I feel proud to be a part of a community with dedicated citizens seeking to protect our quality of life, which is often threatened by high density infill.</p> <p>We have a great community and I would like to participate in retaining and building the identity of "Oak Lodge". Oak Lodge is well on its way to becoming a complete community.</p> <p>I am looking forward to the challenges that lie ahead and continuing to serve the local community.</p> <p style="text-align: right;"><i>(This information furnished by Paul W.
