BACKGROUND:

Clackamas County currently maintains approximately 1.5 Million square feet of leased and owned buildings. Of those owned buildings, approximately 602 Thousand square feet fall into the category to be tested for Hazardous Materials. Clackamas County's buildings are one of the largest assets that we must manage and care for and a significant number of our building were built or remodeled before the use of Asbestos and Lead was prohibited.

Clackamas County Facilities Management is responsible for the health and safety in the built environment for our staff and the public who use our buildings. This includes knowing what and where Hazardous Materials may be present. Federal OSHA 1910.1001(j)(3)(i) states that Building owners shall determine the presence, location, and quantity of Asbestos Containing Materials at the work site.

Completing these Hazardous Material surveys will bring us into compliance. While there is not an identical standard for lead within OSHA's General Industry Rules/Guidelines, lead is considered a Hazardous Material that requires precautions to be taken when encountering it in our Facilities maintenance and construction activities. Performing lead and asbestos testing concurrently will be a savings to the County, and we will have a better tool for managing the Hazards in our buildings.

The desired outcome will be the manifestation of a comprehensive database of asbestos and lead hazards present in County owned buildings including locations and type in accordance with OSHA 1910.1001.

PROCUREMENT PROCESS:

The Contract is authorized under LCRB Rule C-046-0400 through C-046-0480, Cooperative Procurements. Multnomah County issued an RFP for Hazardous Materials Testing in which PSB Engineering and Environmental Inc. was awarded the contract on December 1, 2015 and will expire on November 30, 2020.

RECOMMENDATION:

Staff respectfully recommends the Board approve the contract with PBS Engineering and Environmental, Inc. for Hazard Testing Services for 27 County Owned Buildings.

Respectfully Submitted,
