Either party may, at their own expense, obtain an attorney to represent them at the hearing. If you wish to be represented by an attorney they need only notify the County and the Hearings Officer in writing of their intent to appear on your behalf. His/her function is to preside over the hearing, make a record of proceedings, consider admissible evidence, and interpret and apply the law. After the hearing is closed the Hearings Officer will enter written findings of fact, conclusions of law, and any Order deemed proper. If a violation is proven, then the Order may include civil penalties, fines, administrative fees, or may require the respondent to take certain actions, or refrain from certain actions. An Order issued by the Hearings Officer may be a Final Order or Continuing Order. The Hearings Officer's Order is the final decision of the County, and may be appealed pursuant to Oregon law. STATEMENT OF PROOF

History of Events and Exhibits:

- | | |
|--|---|
| Exhibit A | Respondents' mailing address is 42069 SE Erickson Rd., Sandy, OR 97055. The Respondents' own/reside on property addressed as 42069 SE Erickson Rd., Sandy, OR 97055, also known as T2S, R5E, Section 30 Tax Lot 00203, located within Clackamas County. Most of the parcels are zoned RRFF-5 (Rural Residential Farm Forest 5 Acre) with a very small portion zoned EFU (Exclusive Farm Use). |
| March 21, 2021 | Clackamas County received a complaint about a large dwelling area (apartment 1) above the shop/garage and a small accessory dwelling (apartment 2) on the bottom floor of the shop/garage without land use approval and without obtaining building permits and/or inspections. |
| April 1, 2021
Exhibit B | Staff reviewed the listing photos for the property and identified the large apartment still exists on site. Discussions under the previous violation (previous owner) with the owner at that time confirmed that there was a large accessory dwelling built above the garage and a second smaller accessory dwelling was built in the bottom back portion of the garage. |
| October 12, 2022
Exhibit C | Staff researched ownership and found new owners existing for this property. Staff prepared a Notice of Violation for a building code and zoning ordinance violation. The notice was mailed first class mail, and the mail was returned. |
| January 18, 2023
Through
March 14, 2023
Exhibit D | A series of emails between CES Potter and the Respondents. The emails included questions from the Respondents on what needs to be done as well as requests from CES Potter to start working with permits and planning to address these issues. |

May 24, 2023 Exhibit E	After review of the file CES Potter identified the previous Notice of Violation from October 12, 2022, it was returned. Even though there had been contact with the Respondents after the date an updated Notice of Violation was mailed first class mail with a deadline to respond of June 24, 2023. The mail was not returned.
September 12, 2023 Exhibit F	CES Potter identified that the property has a small portion of the parcel with EFU zoning. A new Notice of Violation was amended to show this updated zoning information and new date of September 27, 2023, to abate the violation. The notice was mailed first class mail, and the mail was not returned.
November 7, 2023 Exhibit G	A review of permits by CES Potter did not show any progress towards abatement. CES Potter issued Citation #2100112-1 for a priority 1 building code violation (failure to obtain permits) and a priority 2 zoning code violation (multiple dwellings). The citation was mailed first class mail, the mail was not returned, and the citation has not been paid.
November 21, 2023 Exhibit H	A series of emails between CES Potter and the Respondents requesting removal of fees and how to address this violation.
December 17, 2024 Exhibit I	CES Potter reviewed the County permitting system and found no activity has occurred with permits to abate the violation.
January 10, 2025	Clackamas County referred this file to the Code Compliance Hearing Officer.

If the Hearings Officer affirms the County's position that a violation of the Building Code and/or Zoning Ordinance exists on the subject property, the County would request a Final Order be issued requiring the Respondents:

- Payment of Citation NO. 2100112-1 for \$400.00 (the County is requesting removal of the \$500 fine for the building code).
- Payment of civil penalties of up to \$1,000.00 for a Type 1 Building Code violation and up to \$2,500.00 for a Type 2 Zoning Code violation for a total civil penalty of up to \$3,500.00.
- Imposition of administrative compliance fee to be imposed from September 2023 for a total of \$1,050.00. The County is requesting a reduction of \$600.00 due to inactivity for a total request of \$450.00.
- If the violations are not abated the County may request authorization for further enforcement action including to proceed to Circuit Court.
- The County requests the Hearing's Officer to permanently enjoin the Respondents from violating these laws in the future.
- The County would also ask that reimbursement be ordered for any expense the County incurs in collection of these monies.

Hi Celine and Nick,

I hope the following is able to help you out in better understanding the violations. There are a series of violations on the site:

1. There is a garage structure that has had two living spaces in it. There was one upstairs and one in the back on the bottom. Both are in violation. You can check with planning to see if one can stay and what the requirements are for it. You can reach planning at 503-742-4500.

2. There is also a series of permits that have not been completed (inspected). This includes with the garage, and all the work done in the accessory dwellings as described in 1 above.

I would recommend you fix the first issue and determine if the two accessory dwellings are going to remain or not by communicating with planning. After that has been resolved contact Shirley in permitting to address all the issues outlined in #2 above. Her number is 503-742-4240 just ask for Shirley. You will need to address any electrical and plumbing work done in the accessory dwellings even if you remove them.

Sincerely,

Hi Nick and Celina,

Yes I would be happy to address those for you. There are several issues. To begin with there is a garage structure that has a two living spaces in it the top level and then another apartment in the back that are both in violation. There may be some allowances for them and we can work with planning and permitting on what would be allowed. There is also a series of permits with all the work done in those apartments and the garage itself that will need to be addressed. I am happy to put together a list and get that out to you but I think it might be easier to talk with you to discuss this matter before moving on to that step so I can answer any questions you may have. Please let me know a number and time that is best for you.

Hi Nick & Celine,

I spoke to my supervisor and she wanted me to pass on that there is nothing they can discuss about fees at this point since the violation still remains. Once the violation is abated you will receive a final fees owed letter. Once you get the letter they can reach out to staff listed on the letter and ask for fees to be reduced.

Sincerely,

That is the amount of the citation. There are also administration fees that are running \$75 per month since the violation began under the new ownership. I would recommend taking care of the permits and get those addressed as the priority so you can abate the violation and fines can stop accruing.

Hi Celina and Nick,

Sorry for the delay I was out of the office most of last week and have been replying to emails and phone calls.

I have researched this file and found the following:

In late 2022 I discovered the property had been sold and on 10/16/22 a violation notice was mailed out to you.

During the months of January, February and March of 2023 there were a series of emails explaining the violations.

On May 24, 2023 another violation notice was mailed out.

On September 12, 2023 another violation notice was mailed out addressing a couple of items that were missed in the May 24, 2023 letter.

I had not heard back from anyone regarding any of those letters so I issued citations earlier this month. At this point I would recommend addressing the violation and you can always reach out to my supervisor Michelle Amend for a request to reduce fees.

Hello, Can we discuss with you a letter we received on 11/7/23.

Our contractor Nolan Wagner was at the county on Tuesday. He is planning to go back to the county next week with our previous “plans/ blueprints” from the shop.

We have 3 children & are in a very difficult situation currently & trying to figure out finances for these fees with the county.

When we bought the home there was multiple people interested in buying this property & there was multiple different offers on the table ... we had little time or knowledge about the problems with the shop. Our shop is used for storage & personal office space / play room for our kids that is the only Purpose.

We want to find out how to stop any fines & we are currently planning to go forward with opening the permits & resolving these citations as well as deal with our financing to afford to pay for this.

Please email back when you can about this concern & helping us come to a resolution.

Thank you , Celina & Nick Holland

With regards to permits I will leave that to permitting to determine what is needed for each issue. However, there are four total issues that need to be resolved.

1. Address the permits for the 2nd story closet addition. It sounds like they are submitting that per the email below.
2. Address the garage permits that remain outstanding. I show these as B0383209, E0504509 and P0178309
3. There is a living space that was created above the garage main floor this will need to obtain all the appropriate permits to allow it or if being or has been removed obtain demo, electrical and plumbing permits to ensure it has been properly removed.
4. There was a small living space on the main floor of the garage as well. This will need to be addressed just like 3 above. Any of these options will require land use review as well to ensure they comply with an accessory dwelling, if allowed, in that zone.

Sincerely,

Hi Shane,

See below to verify that Celina has provided description of work to resolve. She has submitted a plumbing and electrical permit for the upstairs area, and building permit to resolve the converted closet in main home. Are these the only violations?

Building permit for closet addition in home master bedroom, needs final inspection

Plumbing & electrical permit for garage upstairs area/ rec room . According to the county violations & per Greg. We are filling these out to set up final inspections. The work is already been done by the previous home owners years ago & we just need the permits & final inspections to close the violations.

Hi There,

It is easier to do this as projects, as to keep the needs separate and besides the closet addition is easier to resolve. We will need a Building Application completed by you the new owner, as well as the Owner statement form. (You can re-use or re-upload accordingly). B0201820 will need to be re-activated also, so I have also added the permit extension form for you.

For the electrical permit, you will need to apply for a separate one and we will charge for 1 inspection \$95.20. I have uploaded the electrical application and the owner statement for is already included. We will cross reference the 2 electrical permits that will both be final once we have everything resolved. Please complete these forms and send them back into us and we can at least get these re-activated and inspections schedule for this project.

Thanks,

We have also filled out a building application online per the website information sheet given to us today. Nick came to speak with Greg today. We would like to schedule these inspections ASAP.

We are eager to find resolution on this before the hearing on 3/11 as we would like to postpone or cancel this hearing since we are taking necessary steps to resolve this. See below PDF forms.

Hi Celina,

Do you have all the required drawings for your building permit at this time? If so, you can apply for this through development direct. We need to have the building permit in the system before your plumbing and electrical permits.

Good morning Shane, can you forward this to the judge to read? Thank you Celina holland
:

In regards to V0011221

Good Morning , from Nick & Celina Holland.

We are a family of 5, with 3 kids , ages 10 yrs 7 yrs & 3 yrs old , with middle class jobs working hard to keep our income steady to provide for our children the best we can. We are asking for more time from the court & praying for mercy before being fined additionally as we continue to work with contractors to close the existing violations from the previous homeowners. Here is an evidence list & projected plan to abate the violations.

- Chicago Title company had NO violations on file to disclose to us at time of purchase of the home.
- we have done NO additional building to this property, we purchased “as is” from the estate with “NDA/non disclosure forms” as the original home owner passed away in 2021.
- licensed contractor #203526 was working on this project, he hired an architect to re-open the building permits. After many many months , general contractor eventually discontinued all communication with us , & it took us about 4 months to get a reply back from him & get the original blueprints returned to us.
 - previous general contractor #203526 had made emails to Shane to get information how to resolve . After doing a consultation with us we began to gather information& make a plan of action. Per Shane he had multiple interactions with the contractor in the months of July- Nov 2023 . He went to the county office multiple times, we went to the county office multiple times. Contractor #203526 abandoned the job.
- A hardship we experienced & delayed our process with the county violations

is we Paid for a new Survey in 2023 for the land to be remapped due to harassment from the neighbors disputing a fence installed from (estimated)30 years ago. We discussed with lawyers & Clackamas County sheriff has been at our house to meet with us. Abigail Bowman at , Clackamas County started a dispute resolution case & a we had a “Notice of Non-Mediation “ with the neighbors & they never replied to resolve the civil dispute & come to agreements with them. This took financial compensation & time away from us working on these violations as well.

- We did not build these structures in violation but are working to close the violations & pay permitting fees. We do not have anyone living in the space it is only used for storage. The photos taken on this “packet” from the county is the realtors images from when they staged the home with an interior designer, they took professional photos, & posted the home for sale . Those photos are not a true representation of this space in violation. (See/Show current photos)
- We have a new contractor #53909 & have opened the building permits #B0263425 with Greg & Shane. We are asking & praying for more time & mercy on us as we are the new home owners here to correct the building violations on the property from the previous homeowners.
- We have many hardships since we bought our home. Winter storms causing damage to the property. Financial & health hardships. Family of 5 had Covid 3 times, flu , streph throat , Norovirus outbreak from the kids school. Family members in the hospitals, both fathers diagnosed with cancer, grandmother leg amputated, & Nicks own heart condition diagnosis to list a few. Nothing about life has been steady or easy, & adding a large project like this with life struggles has only added to the difficulty with closing the violations. Especially when we had a contractor we trusted to be working on this ,& he abandoned the job . I have several email threads with the county & getting straight forward answers that we need a general contractors help with , has been a struggle to find a quick resolution with the issues. Along with needing to familiar ourselves with the technology involved with uploading the proper documents on the county building website.
- Our new contractor #53909 is committed to resolving these violations as soon as possible , & as long as we can continue to get quick responses from the county representatives. Our final goal is to cooperate & close this case with the proper documents to meet all the county requirements.

Thank you for your time & understanding.

Nick & Celina Holland
