Members of the Board:

PRESENTATION OF NATIONAL ASSOCIATION OF COUNTIES
2012 ACHIEVEMENT AWARDS

Public and Government Affairs is pleased to present to the Board of County Commissioners several County departments honored by the National Association of Counties (NACo) with a 2012 Achievement Award. NACo awards recognize effective and innovative programs which contribute to and enhance county government in the United States.

The following awards were presented to Clackamas County:

1. GREEN Corps – Fresh Start

Program Category: Criminal Justice and Public Safety

County Department: Clackamas County Juvenile Department

Clackamas County Juvenile Department GREEN Corps *Fresh Start* is a partnership with OSU Extension that teaches youth involved in the juvenile justice system gardening, business and time management skills as well as helping them earn money they can use to pay restitution. Participants improved community access to fresh fruits and vegetables by distributing produce to participants and their families, local food banks, volunteers and other community members involved with Juvenile Department programming. Select items were also sold at the Oregon City Farmers Market GREEN Corps *Fresh Start* booth. A grant has also been awarded to the program to fund the Fresh Start Cart - a coffee and juice cart at the Farmers Market - where youth work and learn a variety of customer service skills.

2. Watershed Health Program

Program Category: Environmental Protection and Energy

County Department: Water Environment Services

The Watershed Health Program is a partnership with North Clackamas School District and others to create a student curriculum in the science classes for select NCS D high schools. Students learn about local watersheds in and out of the classroom through curriculum specifically developed for the Kellogg/Mt. Scott and Rock Creek watersheds. Through interactive outreach, students engage and inform the community on what they learn in the classroom and in the field, why it is important, and how behaviors impact watershed health.

3. Diversity Advisory Council

Program Category: Personnel Management, Employee Training and Employee Benefits
County Department: All

Clackamas County's Diversity Advisory Council was organized in 2009 and is an employee-led committee whose goals are to raise awareness and promote diversity within the workplace and in the county. The Council has sponsored lunchtime discussions and workshops, guest speakers and cultural events including the first-ever diversity and cultural fair in 2011.

4. SE 172nd Ave.-SE 190th Drive Corridor Management Plan

Program Category: Planning
County Department: Department of Transportation and Development

The SE 172nd Ave.-SE 190th Dr. Corridor Management Plan was the result of an opportunity the Department of Transportation and Development had to plan the alignment of a future major transportation corridor in a rural area projected to see urban growth in the future. The plan involved input from partners and citizens from the affected areas of the county – including business-owners, churches, city officials, realtors, school staff and others. The county utilized traditional public outreach such as mailings and meetings, as well as online videos and virtual meetings.

This project also received the **Best in Category** award for the Planning category. This is a significant honor, considering NACo bestowed only 16 Best In Category Awards to projects across the nation. This is truly national recognition that the staff and partners involved in this project have demonstrated superior vision and innovation to better serve the citizens of Clackamas County.

Clackamas County was also listed 6th in the nation (for its population size) by the Center for Digital Government in the 2012 Digital Counties Survey which recognizes leading examples of counties using information and communications technology. The Center for Digital Government and Digital Communities program, in partnership with the National Association of Counties (NACo), identify best electronic practices among counties nationwide.

These awards are highly competitive with entries from throughout the United States. Public and Government Affairs is pleased recognize these departments for their hard work. Congratulations to all the staff that made these recognitions possible.

Respectfully submitted,

Gary Schmidt
Director, Public and Government Affairs

Board of County Commissioners
Clackamas County

Members of the Board:

**THE SECOND READING OF ORDINANCE No. 07-2012 AMENDING CHAPTER 7.03 OF
THE CLACKAMAS COUNTY CODE**

On July 12, 2012 the first reading of proposed amendments to County Code Section 7.03 was heard. It was explained that the proposed amendments were to the County's Road Use Ordinance, which addresses activity and construction in the right of way. The purpose of the amendments was to delete the technical specifications originally included in the Code, and to instead place them within the County Roadway Standards. The County Roadway Standards are easier to update than the Code, which is important when changes need to be made to protect the traveling public. The County Roadway Standards are also being updated and will be approved by the Department of Transportation and Development's Director concurrently.

The Commissioners' questions, and public comment, dealt with the amendments language regarding Roadside Memorials (7.03.090.J) Portable Storage Containers (7.03.090.I). No concerns were identified during the first reading of the ordinance.

RECOMMENDATION:

Staff respectfully recommends the Board of County Commissioners read the proposed Ordinance by title only, and ordain Ordinance Number 07-2012 as set out in the attachment.

Sincerely,

Scot A. Sideras
Legal Counsel, Senior

N. Road Official’s Authority to Issue Revocable Permit – Pursuant to ORS 374.305, the Road Official is

authorized to make a case-by-case determination to allow structures, objects or other things to exist in public right-of-way, including sidewalks, so long as the things could not create a potential hazard or impediment. If the Road Official makes a determination to authorize such a thing, the Road Official may issue a revocable permit reflecting that revocable permission, and may impose any conditions s/he determines are necessary to protect the public interest.

7.03.095 Vacation Proceedings and Road Status Changes

A. Vacation Proceedings.

1. Vacation of any public property listed in ORS 368.326 shall be carried out pursuant to ORS 368.326–368.366.
2. Partial vacations of public property, with reservations of rights in the form of easements (utility, ingress/egress, etc.) shall also be carried out pursuant to ORS 368.326–368.366.
3. A vacation of public property may eliminate rights of public access, but no vacation of public property shall be allowed if the vacation would deprive an owner of access to their property without their consent.
4. In determining whether vacation of public property is in the public interest, the Board shall consider the following criteria:
 - a. Whether the vacation would inhibit or preclude access to an abutting property, and whether an access reservation would be adequate to protect that access;
 - b. Whether it is physically possible to build a road that meets contemporary standards over the existing terrain or right of way;
 - c. Whether it is economically feasible to build a road that meets contemporary standards over the existing terrain or right of way;
 - d. Whether there is another nearby road that can effectively provide the same access as the right-of-way to be vacated;
 - e. Whether the right-of-way to be vacated has present or future value in terms of development potential, use in transportation linkages, or use in road replacements;
 - f. Whether there are present and future likely benefits of the right-of-way to the traveling public;
 - g. Whether anticipated growth or changes in use of the surrounding area are likely to impact the future use of the right-of-way proposed to be vacated;
 - h. Whether the right-of-way proposed to be vacated leads to a creek, river, or other waterway that can be used for public recreation; and
 - i. Whether the right-of-way proposed to be vacated leads to federal, state or local public lands that can be used for public recreation.
5. The Order issued pursuant to ORS 368.356 at the conclusion of any vacation proceeding shall not be a land use decision, but may be appealed by Writ of Review under ORS 34.102.

B. Road Status Changes.

1. The Board has the discretion to determine that it is necessary to change the status of a County road, local access road, public road or trail.
2. In order to change the status of any such right-of-way, the Board shall designate the proposed new status as a local access road, public road, or trail, and shall use the same procedure set forth in ORS 368.026 for withdrawal of County right-of-way status.
3. In determining whether to enter an Order changing the status of a right-of-way under this subsection, the Board shall consider the following criteria:
 - a. County's cost of maintenance under existing status, given the general public benefit of such maintenance;
 - b. Existing or reasonable future use of property or bodies of water being accessed by subject

road,

- c. Impact to public facilities (e.g., public water supply) being served by subject road,
- d. Existence of a long history of inappropriate use of the right-of-way, e.g., dumping of refuse/hazardous materials onto the right of way, trespassing onto or damaging of abutting property.

4. A change of status may temporarily or permanently eliminate rights of public access, but no change of status may deprive a recorded owner of access to their property. If a public right-of-way is to be changed into a private right-of-way, the Board Order shall follow ORS 368.326-368.366 and ensure that necessary rights of access are reserved through appropriate easements.

C. Simultaneous Acceptance and Vacation of Roads.

If the circumstances of a specific road project require both vacation of an existing right-of-way and acceptance of a new right of way, the vacation and acceptance may be consolidated for hearing before the Board when consolidation is likely to maximize the efficiency of the road project.

7.03.099 Utilities' Use of County Right of Way

A. Designating Location of Utilities; Costs; Construction Approval.

The Road Official has the authority to designate the location where lines, fixtures and facilities operated by Utilities may be located upon roads under Clackamas County's jurisdiction.

1. Except as provided in this Chapter, utilities shall not begin construction of a new facility or relocate an existing facility on County roads without doing the following things first:
 - a. When the proposed work is more significant than routing service connections and ordinary maintenance, utilities must provide written notice to the Road Official, including plans and specifications of the proposed construction in the form and to the scale required by the Road Official; or
 - b. When the proposed work is routine routing of service connections and ordinary maintenance, utilities must provide telephone or other appropriate notice to the Road Official; and
 - c. No matter the scope or scale of the proposed work, utilities must first obtain the Road Official's approval of the proposed construction or relocation of an existing facility.
2. No advance approval shall be required when construction or relocation is necessitated by an emergency, but utilities shall give notice of work undertaken no later than the first workday following the emergency.
3. The Road Official shall approve utilities work proposals unless s/he finds that the proposed construction or relocation is contrary to the public interest.

B. Changing the Designated Location of Utilities; Costs; Notice/Orders.

The Road Official has the authority to order the designated location of lines, fixtures and facilities operated by utilities to be changed, either temporarily or permanently, at any time the Road Official deems it expedient. The cost of any temporary or permanent relocation of any utility required by the Road Official shall be paid by the utility.

1. The Road Official shall notify utilities in writing of proposed changes in grade, contours or alignments of County roads or of proposed vacations of roads or parts of roads that require the removal, relocation or repair of utilities' facilities.
2. Upon receiving the notice described in 7.03.099(B)(1) above, utilities shall determine the estimated requirements for accomplishing the action directed by the Road Official, and provide those requirements to the Road Official within thirty (30) days.
3. Upon receiving the estimated requirements, the Road Official may schedule a pre-construction meeting with other affected utilities and contractors.

4. The Road Official shall send a second notice to the utilities, directing them to complete the removal, relocation or repair of their facilities within a specified time frame and consistent with the coordinated plan established with other affected utilities and contractors under this Chapter. This notice shall constitute an Order from the Road Official requiring relocation of the specified utility facilities.
 5. If the Road Official determines that the work must occur on a different date from that previously discussed with a utility, then s/he shall give the utility written notice of the date change no less than thirty (30) days prior to the rescheduled date. This notice shall be sent by first class mail, postage prepaid. This notice shall be an amended Order of the Road Official requiring relocation of the specified utility facilities.
- C. **Remedy for Failure of Utilities to Remove, Relocate or Repair Facilities as Directed.**
Should a utility fail to temporarily or permanently remove, relocate or repair the lines, fixtures or facilities operated by the utility as ordered by the Road Official under this section, the lines, fixtures or facilities shall automatically become a public nuisance, which the Road Official may abate in any expedient manner. The total costs attributable to the failure of the utility to act as ordered by the Road Official, including the costs of completing the work the utility should have done under the Order, shall be itemized and an invoice shall be sent to the responsible utility. All such costs shall be promptly repaid to the County by the utility.
- D. **Prohibition of Interference with Public Travel, Maintenance and Improvement.**
Work done by utilities shall always be in accordance with state statutes, Clackamas County Roadway Standards, and with other specifications adopted by the County. Utility work shall not endanger or interfere unduly with public travel on County roads, or with the maintenance and improvement of such roads by the County. Immediately following the opening of a road, utilities shall replace and restore the surface and grade to as good and safe a condition as it was in prior to opening. Repair of defects in openings made by utilities shall be undertaken by utilities within six (6) hours from notice by the Road Official when such defects endanger the public, and within one week of notice in all other cases.
1. When trenching across more than one-travel lane of the roadway, no more than one-half (1/2) of the traveled portion is to be opened at any one time. The relevant installation shall be made, then the opened half shall be covered and secured with steel running plates or be completely back filled and compacted before opening the remaining half.
 2. No closure of intersecting streets, roadways, driveway approaches or other access points will be permitted without review and approval by the Road Official.
 3. Upon trenching, steel running plates or other satisfactory methods shall be used to maintain traffic. No more than two hundred and fifty (250) feet of longitudinal trench along the roadway shall be open at one time and no trench shall be left open overnight
- E. **Requirement for Periodic Inspections of Utility Openings.**
Utilities shall conduct periodic inspections of openings they have made during the preceding twelve months to ensure compliance with the provisions of this section. If, after the notice described in 7.03.099(D), a utility fails to replace or restore any pavement or road surface opened by it, the Road Official may, after written notice and demand, cause the work to be done at the utility's expense. Upon receiving a statement of the costs, utility shall promptly reimburse the County. If legal action is necessary to collect these amounts, then utility shall pay all legal costs and reasonable attorney fees.

7.03.110 Effective Period of Utility Placement Permits

- A. Effective unless Revoked – Permits for utility occupation and operations shall be in effect upon issuance indefinitely, or until revoked. Revocation will occur only under the following circumstances:

1. By mutual consent of the County and the applicant/owner or his successor or assign;
2. By order of the Board or the Road Official, if the applicant/owner or his successor or assign fails to abide by the terms and conditions of the permit;
3. By operation of law.

- B. Effect of Violations of Permit Terms or Conditions – Any violation of the conditions or terms of the permit by the applicant/owner shall be cause to suspend, modify, annul and forfeit any and all rights acquired by the applicant/owner under the terms stated in the permit or these provisions. The applicant/owner acquires no rights in the road right-of-way through obtaining a permit, and is presumed to have waived any claims for damages or compensation as a result of revocation of the permit as described in subsection A of this Section.

- C. Rules Regarding Commencement of Installation and Placement of Utility – If the applicant/owner fails to commence installation and placement of the utility by the starting date specified on the permit, the permit shall be deemed null and void, and all privileges there under shall be forfeited, unless a notice and acknowledgment of a different start date is confirmed with the Road Official. Change of a starting date may require a revision to the conditions of approval, which must be set out in special provisions.

- D. Commencement of Surety Repair Period – Upon initial completion of the permitted installation and restoration repairs, the applicant/owner shall notify the Road Official. A Department inspection will be performed within 30 days of notification. If necessary, a corrective work list will be generated. Following a Road Official inspection that results in a finding that the installation and the repaired right-of-way are within County standards, a three year surety repair period shall begin, as set out in Section 7.03.130 of this Chapter.

[Codified by Ord. 05-2000, 7/13/00]

7.03.120 Liability, Control and Responsibility for Utilities

- A. Necessity for Additional Permits – The applicant/owner shall be responsible for securing any other permits necessary or required from cities, counties, corporations, districts, state and federal governments or individuals.

- B. Restoration or Repair of Roadway – If it is evident to the Road Official that the physical character of the roadway has been changed, degraded or damaged by the applicant/owner, the applicant/owner shall restore or repair the damage in compliance with the Clackamas County Roadway Standards, whether that damage is discovered at the time of utility installation or at a later date. If the applicant/owner fails to satisfactorily restore or repair the roadway, the Road Official may employ enforcement provisions of this Ordinance or make the necessary restoration or repairs using contractor or County forces. The applicant/owner under the terms set out in Section 7.03.200 shall pay all costs incurred by the County under these circumstances.

- C. Responsibility for Relocating or Adjusting Pre-Existing Utilities – The applicant/owner shall be responsible for relocating or adjusting any other utilities located on County right-of-ways or other right-of-ways under the jurisdiction of the County if this is required to accommodate the utility or operation applied for. Construction of the utility or conduct of an operation by the applicant/owner, its agent or contractor, will be permitted only after the applicant/owner has furnished evidence to the Road Official that satisfactory arrangements for such relocations or adjustments have been made with the owners of the other affected utilities.
- D. Notifying Abutting Property Owners about Impact of Utility or Utility Work – Mailboxes, lawns, landscapes and rain drain connections are considered the possession of abutting property owners or lawful occupants. The applicant/owner shall be responsible for notifying the abutting property owners and restoring or replacing any materials that are disturbed or removed because of utility construction, maintenance, or operation. The applicant/owner shall accomplish restoration or replacement of materials as expediently as possible. This responsibility continues through the life of the permit. The surrounding area shall always be restored to a comparable or better condition from that which it was in prior to commencement of utility work.
- E. Liability for Injury or Damage to a Utility Covered by a Permit – The County, DTD, or employees thereof, shall not be responsible or liable for injury or damage that may occur to a utility covered by a permit, if caused by substandard installations, misallocated, non-located or non-locatable utilities, by reason of County maintenance and construction operations, or by motorist or road user operations, or County contractor or other permittee operations.
- F. County Supervision Shall Not Impact Liability of applicant/owner – Any supervision or control exercised by County personnel shall in no way relieve the applicant/owner of any duty or responsibility to the general public, nor shall such supervision or control relieve the applicant/owner from any liability for loss, damage or injury to persons or property as provided in this Section.
- G. Recorded and Unrecorded Public and Private Rights To be Honored, Regardless of Board Consent – The applicant/owner is subject to all existing public and private rights recorded and unrecorded within and appurtenant to the right-of-way of the roads. Consent of the Board for installation and operation of permitted utilities is only to the extent that the Board has legal authority to grant such consent. The expressed understanding is that the Board is granting said consent free of charge to the applicant/owner as a mere license, and the applicant/owner shall assume the entire responsibility incidental thereto.

[Codified by Ord. 05-2000, 7/13/00]

7.03.130 Required Insurance and Performance Bond for Utility Work

- A. Comprehensive General Liability Insurance Requirement – The applicant/owner or its contractor shall furnish a certificate of insurance for comprehensive general liability insurance to the Road Official, in an amount established by Clackamas County’s Risk Management Division. The insurance shall be for a combined single limit for personal injury and property damage for the protection of the County, its officers, commissioners and employees. It shall protect against liability for damages of any nature caused by the conduct or operation of the applicant/owner, its agents, subcontractors or employees, resulting in personal injury, bodily injury, death, or damage to property, including loss of use thereof, in any way related to the physical location, installation, construction, maintenance, repair, operation or use of said utility, repair, and restoration of the roadway, or in conducting any operation of this ordinance. The applicant/owner may submit evidence of insurance coverage annually in lieu of individual submissions for each permit.
- B. Acceptable Substitutions – A utility company, cooperative or municipal authority may be relieved of the obligation of submitting a certificate of insurance if it submits satisfactory evidence that it is insured, or has adequate provisions for self-insurance, in accordance with the requirements of this section.
- C. Indemnification Requirement – Both the applicant/owner and its contractor shall indemnify, save harmless and defend the County, its officers, commissioners and employees from and against all claims

and action, and all expenses incidental to the investigation and defense thereof, arising out of or based upon damage or injuries to persons or property caused by the errors, omissions, fault or negligence of the applicant/owner, any subcontractor, anyone directly or indirectly employed thereby or anyone for whose acts they may be liable, regardless of whether it is caused in part by a party indemnified hereunder.

- D. **Additional Assurances Required** – The insurance shall include the County as an additional insured and refer to and support the applicant's/owner's obligation to hold harmless the County, its officers, commissioners and employees. Such insurance shall provide thirty (30) days written notice to the County in the event of cancellation, non-renewal, or material change, and include a statement that no act on the part of the insured shall affect the coverage afforded to the County under this insurance.
- E. **Performance Bond Requirements:**
1. The applicant/owner's contractor shall furnish a performance bond and a minimum of \$1000 cash deposit for the period of time necessary to construct or install a utility or conduct an operation authorized by permit through a specified period of time determined by DTD following surface repair.
 2. The dollar amount assigned to the performance bond shall equal the amount noted in the permit special provisions, and shall be based upon the estimated cost for the trench and surface repairs.
 3. Bonds furnished must be written by a surety company duly qualified and licensed to do business in the State of Oregon, upon a form provided by DTD, certifying bond limits as set out in the permit's special provisions.
 4. No work shall be commenced under the permit until the performance bond and cash deposit has been submitted to and received by DTD.
 5. In lieu of furnishing a cash deposit and/or a performance bond, the applicant/owner, or its contractor, may file a security agreement form securing their performance through assignment of a savings account kept in a reputable savings institution, in an amount equal to the amount required in the permit's special provisions. The security agreement shall be on a form provided by DTD and shall be returned for review and acceptance.
 6. A public utility company or municipal authority may be relieved of the performance bond and cash deposit requirements.
- F. **Rules for Retaining and Releasing Bonds and Cash Deposits** – When the applicant/owner advises that all work set out in the permit has been completed and verified by DTD inspection, all bonds and cash deposits shall be held and shall remain in full force and effect for a three year surety repair period. At the end of this period, the Road Official shall cause the release and/or refund of all bonds, cash deposits, or other sureties to the provider after a DTD inspection confirms satisfactory surface restoration. If DTD incurs costs to achieve satisfactory surface restoration, those costs will be deducted from the surety bond or cash deposit prior to release or refund of the remainder.

7.03.200 Allocation of Costs Connected to Utility Placement

- A. **Costs Incurred Incident to Utility Placement or Continuing Operation** – The applicant/owner shall pay the entire cost of locating, constructing, installing, maintaining, repairing, operating, using or relocating and adjusting the utility. Any expense, whatsoever, which is incurred incident to the utilities or the operations authorized by the permit, shall also be paid by the applicant/owner.
- B. **Expense Reimbursement to County** – The applicant/owner shall, in addition to Section 7.03.200.A, reimburse the County for any reasonable and necessary expenses that the County may incur in connection with and related solely to the installation of the utility or conducting the operation authorized by permit. A detailed cost breakdown of County incurred expenses may be requested and obtained from the County, and payment shall be made within thirty (30) days after receipt of billing from the County. When the Road Official deems it necessary to obtain an advance deposit, during the permit application

and review process, the amount required shall be filed with DTD before the permit work is begun.

Location & Protection of Monuments as Responsibility of applicant/owner – It shall be the responsibility of the applicant/owner to determine the location of and to protect all survey monuments in the vicinity of a utility installation during the construction, operation and subsequent maintenance of the utility.
- B. Removal, Disturbance or Destruction of Survey Monuments – Should it become necessary to remove, disturb or destroy any survey monument(s) of record in the course of the applicant's/owner's operation, the applicant/owner shall cause a registered professional land surveyor to preserve the monument(s) and shall do so in the manner described in ORS 209.140-209.150. The costs of referencing and replacing the survey monuments shall be paid by the applicant/owner and shall be ensured by the performance bond. Failure to comply with these terms may be prosecuted as stated in ORS 209.990.

[Codified by Ord. 05-2000, 7/13/00]

7.03.220 Maintenance and Operation of Utilities

- A. Required Upkeep of Utilities Authorized by Permit – The applicant/owner shall at all times keep utilities authorized by the permit in a good state of repair to keep the roadway protected from damage and to protect the public from injury. If the County is notified of non-compliance with this provision, the County will respond by taking the corrective measures necessary to abate the hazard in accordance with ORS 368.251-368.281. The applicant/owner will be advised of the circumstances as soon as practical. The County will also respond by requiring the applicant/owner to undertake repairs or corrective action within six hours of advisement by the County when a defect endangers the public. Payment of all County costs shall be as stated in Section 7.03.200.
- B. Pre-Approval Required for Some Maintenance Work – Prior to operating or performing any maintenance work on a permitted utility which will interfere with or interrupt traffic upon or along the roadway, the applicant/owner shall obtain prior approval from the Road Official.
- C. Removal of Abandoned Utilities – All abandoned utilities belonging to the applicant/owner shall be removed from the right-of-way by the applicant/owner, unless the Road Official allows the utilities to remain by permit. No exemptions shall be made for aerial network. Should the County have to remove any such utilities, a bill will be presented to the applicant/owner. Reimbursement of all County costs shall be as stated in Section 7.03.200.

Response Time Required Upon County Notification of Need for Aid – If utilities are encountered in day-to-day County maintenance operations, the County shall notify the applicant/owner, and the applicant/owner shall respond as soon as practical, or no later than 24 hours from the time of notification, to aid in the maintenance efforts and further protect the utilities.
- B. Interest in Right-of-Way Supersedes Interest in Utility – Permits are issued by the County pursuant to state law, which authorizes the County to require the applicant/owner to remove, relocate or repair a permitted utility at the sole cost of the applicant/owner at any time subsequent to initial installation. If the Road Official determines that the presence of the utility is detrimental to the right-of-way itself, or to the proper repair, maintenance or reconstruction of the right-of-way, the Road Official may give written notice of the concern, and require the applicant/owner to remove, relocate or repair the utility.
- C. Required Accommodations for Capital Improvements – In the case of a roadway capital improvement,

2. After the applicant/owner has provided an estimated time requirement for removal, relocation or repair of the relevant utility, the Road Official may schedule a pre-construction meeting to coordinate the requested activity with the applicant/owner, County personnel, and affected contractors.
3. In a second written notice, the Road Official shall direct the applicant/owner to complete the removal, relocation or repair of the utility, within a specified time frame and consistent with a coordination plan. The time frame outlined in this notice shall take into consideration the applicant's/owner's estimated time requirements. The costs of removal, relocation, or repair shall be paid by the applicant/owner as set out in the second notice and instructions received from the Road Official.
4. Before commencing removal, relocation or repair, the applicant/owner shall furnish insurance in the manner provided for in Section 7.03.130.
5. Should the applicant/owner fail to remove, relocate or repair the utility as provided in this section, the Road Official may remove, relocate or repair it by any means, and submit a statement of total costs for this work to the applicant/owner. Upon receiving the cost statement, the applicant/owner will reimburse the County in full, either:
 - a. Immediately; or
 - b. Within a period of time agreed on by the applicant/owner and the Road Official.

7.03.240 General Requirements for Road Entry Permits

A. Road Entry Permit Required.

An entry permit is required:

1. For any new construction which requires a building permit;
2. For any new entry constructed onto a public, County or local access road;
3. For any change of occupancy (as defined under the Uniform Building Code);
4. For any driveway entry or approach road onto a public, County or local accesses road which, in the opinion of the Road Official or designee, affects traffic of any kind, including vehicular and pedestrian traffic.

B. Exceptions to the Requirement for a Road Entry Permit -- Road entry permit standards shall not apply to single family residential replacements, single family residential remodels, additions to existing single family dwellings, or construction of accessory structures to single family dwellings, unless the driveway entry must be rebuilt or relocated, or a development permit is required by the Road Official or designee per the County Roadway Standards.

That facility, thing, or appurtenance deemed in need of removal, repair, or maintenance shall be corrected to the satisfaction of the Road Official.

The applicant shall comply with the requirements of the Clackamas County Roadway Standards with regard to the permitting, design and construction of road entries.

Board of County Commissioners
Clackamas County

Second reading of an ordinance amendment Chapter 5.01,
Animal Services, of the Clackamas County Code

Members of the Board:

Clackamas County Dog Services and County Counsel recently conducted a review of Clackamas County Code, Chapter 5.01, Animal Services, and determined amendments are needed to enable the most effective and efficient use of resources. The changes suggested by staff are reflected in the proposed amendments that are attached hereto.

Proposed amendments include, in summary, the following changes and additions to the existing code:

- 1) **Add requirement that a person must be at least 18 years of age in order to purchase a dog license.**
Enforcement of the code becomes increasingly difficult when individuals under the age of 18 are involved. Therefore staff recommends only individuals above the age of majority should be allowed to license a dog so that staff can better ensure compliance with licensing renewal, minimum care standards, and nuisance situations.
- 2) **Add requirement that all dogs must be licensed by no later than six months of age or when they have their permanent canine teeth, whichever comes first.**
This addition conforms Code language to that of State Statute.
- 3) **Repeal the limitation on the number of dogs that can be owned on a particular property.**
Dog Services has found it to be more effective, a more efficient use of limited resources, and more meaningful, to focus on individuals' ability to provide for dogs in compliance with minimum care standards, rather than simply focusing on the number of dogs owned.
- 4) **Clarify that an error in transcribing information into a citation that is, in the judgment of the Hearings Office, non-prejudicial shall not be grounds for setting aside the citation.**

This amendment provides that a simple administrative error in transcribing information into a citation will not cause the citation to be dismissed or vacated.

5) Repeal language relating to penalties for continuous annoyance as the continuous annoyance section of the code was previously repealed in 2010.

Title 5 Animal Code was amended in 2010 to eliminate continuous annoyance as a violation. This action is to repeal the related penalty language that was inadvertently left in the code despite the repeal of the underlying violation.

6) Add a requirement that all veterinarians doing business in Clackamas County report to Dog Services within 30 days all rabies vaccinations administered to dogs along with information regarding purchase of a dog license.

All dogs in Oregon are required by State statute to have a current rabies vaccination administered by a licensed veterinarian. All dogs over the age of six months and/or dogs with permanent canine teeth are required to have a dog license. Requiring veterinarians to provide this information to Dog Services enables us to be more efficient and effective in the enforcement of dog licensing. This information is also valuable in emergencies and in determining the vaccination status of impounded dogs with identification.

Beginning in the 2012-13 fiscal year, the anticipated financial impacts of the proposed amendments are as follows:

- Items 1, 2, 4 and 5 indicated above are anticipated to have no financial impact;
- Item 3 is anticipated to have no financial impact, but will permit the reallocation of enforcement resources to higher priority situations;
- Item 6 is anticipated to increase licensing revenues to Dog Services by up to 50% in the first full year of implementation and approximately 10% more per year after.

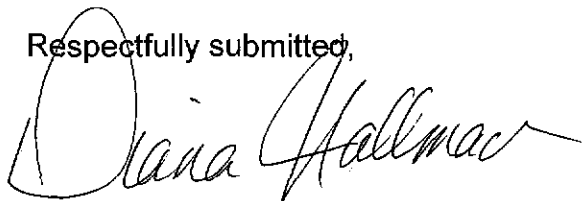

County Counsel has read and approved as to form the attached proposed amendments.

The Board of Commissioners reviewed the proposed amendments at a study session held April 24, 2012. The first reading of the proposed amendments was held on July 12, 2012.

Recommendation

Staff recommends the Board read the attached ordinance by title only and adopt the attached code amendments, with an effective date 90 days following this reading.

Respectfully submitted,

Diana Hallmark
Manager, Clackamas County Dog Services

-

enter a Final Order against the person for an amount up to the maximum fine, in addition to any applicable fees, costs or expenses, and any other imposition consistent with this chapter. A copy of the Final Order shall be sent to the person cited by regular mail.

D. Hearing Process.

1. Informal Disposition. The County and dog owner may agree to an informal and final disposition of any violation before a Hearings Officer issues a Final Order.
 2. Burden of Proof. The burden will be on the County to prove that the violation occurred by a preponderance of the evidence.
 3. Testimony of Witnesses and Parties. The Hearings Officer shall have the authority to administer oaths or affirmations and take testimony of and question witnesses and parties. Parties may offer witness testimony on their own behalf. Written testimony must be submitted by sworn affidavit and may be admitted into the record subject to exclusion by the Hearings Officer and objections by the opposing party.
 4. Cross-Examination of Witnesses. The person cited and attorneys may examine or cross-examine witnesses.
 5. Evidence. Reliable and relevant evidence shall be admitted subject to the rules of privilege recognized by law. The burden of presenting evidence to support a fact or position shall be on the offering party. The Hearings Officer shall have the discretion to exclude any material or testimony that is accumulative, repetitious, irrelevant or immaterial.
 6. Objections. Objections to admission of evidence shall be noted in the record and will be considered with respect to the weight to be given the particular evidence offered. The Hearings Officer shall have the discretion to admit or exclude any evidence presented and may reserve the ruling on the admissibility or exclusion of evidence until the time the Final Order is issued.

Witnesses appearing pursuant to subpoena, other than the parties, peace officers or employees of the County, shall be paid the same witness fees and mileage as allowed in civil cases from the party requesting the subpoena to be paid at the time the subpoena is issued. The party requesting the subpoena will be responsible for its service in accordance with the Oregon Rules of Civil Procedure.
 8. Representation. The person cited may represent him/herself or may be represented by counsel at personal expense. The County may be represented at the hearing by any employee of the County. If the employee is not an attorney, the employee shall not present legal argument, examine or cross-examine witnesses, present rebuttal evidence or give legal advice to the Hearings Officer conducting the hearing.
 9. Record. A verbatim written or mechanical record shall be made of all hearings. The record may be transcribed at the request of a party upon payment in advance of the cost of transcription.
-

10. **Final Order.** At the conclusion of the hearing the Hearings Officer shall issue a Final Order based upon reliable, relevant and substantial evidence which shall be the County's final determination. A Final Order shall be effective on the date that it is issued unless otherwise provided by the Hearings Officer. The order may be oral or written, but in all cases must be recorded in the record of the proceeding. The Hearings Officer may impose fines, fees, costs, expenses, conditions or restrictions and any other imposition authorized by this Chapter. Monetary obligations are due and payable on the effective date of the Final Order unless otherwise provided.

5.01.080 Penalties

- A. **Fines, Fees, Costs; Expenses.**
 1. Upon a finding that a dog owner has violated this chapter, a Hearings Officer may impose fines, fees, costs and expenses, which shall become a debt owing to Clackamas County and may be collected in the same manner as any other debt allowed by law. If fines, fees, costs or expenses are not paid within sixty (60) days after payment is ordered, the County may file and record the Final Order for payment in the County Clerk Lien Record as authorized by ORS 30.460.
 2. If the Hearings Officer finds that the alleged violation did not occur, the County shall reimburse the dog owner for any fines, fees, costs and expenses previously paid by the owner for the alleged violation.
 3. The Hearings Officer may order payment of the County's attorney fees and prosecution costs to include staff time for any violation of this Chapter.
- B. **Conditions and Restrictions; Restitution; Euthanasia.**

- g. Require that the owner comply with any other condition or restriction reasonably designed to abate any future violation of this chapter;
 - h. Require that the owner obtain microchip identification for the dog;
 - i. Require the owner to reduce the number of dogs on the owner's premises.
2. Any condition or restriction imposed by a Hearings Officer must be complied with immediately unless otherwise ordered. The County may request that an owner provide proof of compliance by a date certain. If proof is not provided, or proof is insufficient, then a rebuttable presumption will exist that the owner has failed to comply and the owner may be cited for the violation of Failure to Comply in accordance with this chapter.
 3. An owner shall be responsible for all costs incurred in complying with any condition or restriction imposed.
 4. Upon a finding that an owner is guilty of a violation set forth in this chapter, regarding the same dog for the third time in a twelve (12) month period, the Hearings Officer may order that the owner surrender the dog to the County, without compensation paid to the owner.

When a dog has been ordered surrendered and the County has determined that the dog qualifies for adoption, the County may give placement preference to any person who had prior contact with the dog, including but not limited to the former owner's family members or friends who reside separately from the former owner and whom the County has determined will provide adequate care and follow all conditions or restrictions imposed by the Hearings Officer in order to maintain control of the dog.

**Approval of a Medicare Mental Health/Addictions Provider Agreement with
FamilyCare, Inc. for Behavioral Health Services.**

Clackamas County Behavioral Health Division (CCBHD) of the Health, Housing and Human Services Department (H3S) requests the approval of a Medicare Mental Health/Addictions Provider Agreement with FamilyCare, Inc. for the purchase of behavioral health services from the Behavioral Health Division for Oregon Health Plan (OHP) members.

The OHP members covered by this agreement are residents of Clackamas County who have access to physical health services at county clinics and are capitated to Family Care, Inc. for provision of physical health services.

This is a revenue agreement for Behavioral Health. The total amount of the agreement is unknown, because the number of clients who will be enrolled with FamilyCare, Inc. cannot be projected with certainty. No County General funds are involved. The agreement is effective upon signature by both parties and shall continue until either or both parties terminate the agreement. County Counsel previously reviewed and approved the language on May 8, 2012. This contract is being processed retroactively due to late submission by contractor.

Recommendation

We recommend approval of this agreement and further recommend that Cindy Becker be authorized to sign on behalf of the Board of County Commissioners.

Respectfully submitted,

NOW, THEREFORE, in consideration of the promises and mutual covenants contained herein, it is agreed by and between the parties as follows:

AGREEMENT

1. Definitions. As used in this Agreement and its Attachments, each of the following terms (and the plural thereof, when appropriate) shall have the meaning set forth herein, except where the context makes it clear that such meaning is not intended:

1.1 Capitation Fee. A predetermined monthly payment to Provider or Provider Practitioners, if applicable, for Covered Services to be provided to each Member assigned to Provider or Provider Practitioners.

1.2 Care Management. A program of care coordination and case management developed to manage high cost and at-risk Members with complex medical needs.

1.3 Clean Claim. An accurate statement of services submitted to FamilyCare on a claim form acceptable to FamilyCare that has no defect, impropriety, lack of any required substantiating documentation (including the substantiating documentation needed to meet the requirements for encounter data) or particular circumstance requiring special treatment that prevents timely payment, with all CPT codes and modifiers, revenue codes, ICD-9 and DRG codes, in addition to patient identification, physician name, date of service and other insurance information such as motor vehicle, workers' compensation and third-party liability.

1.4 Coinsurance. The percentage or portion of the cost of care that a Member may be obligated to pay for a Covered Service.

An "Emergency Medical Condition" is determined based on the presenting symptoms (not the final diagnosis) as perceived by a prudent layperson and includes cases in which the absence of immediate medical attention would not in fact have had the adverse results described in the previous sentence.

1.9 Medical Director. Physicians who are designated by FamilyCare or a Plan and are responsible for quality management and utilization management review, including concurrent hospital review and, if appropriate under a Plan, making all final medical and behavioral health decisions relating to coverage or payment.

1.10 Medically Necessary or Medical Necessity. The decision as to whether a service or supply ordered by the provider was Medically Necessary, or as to whether services or supplies are required by Medical Necessity, for the purposes of qualifying for payment by FamilyCare rests with FamilyCare, subject to the procedures for reconsideration. Services and medical supplies are Medically Necessary or required by Medical Necessity if required for prevention (including preventing a relapse), diagnosis or treatment of mental disorders and are (a) consistent with the symptoms of a mental illness or treatment of a mental disorder; (b) appropriate with regard to standards of good practice and generally recognized by the relevant scientific community as effective; (c) not solely for the convenience of a Member or a provider of the service or medical supplies; and (d) the most cost effective of the alternative levels of medical services or medical supplies that can be safely provided to a Member in FamilyCare's judgment. The fact that an item or service is Medically Necessary does not by itself mean that the item or service is eligible for payment by FamilyCare; to be eligible for payment, items and services must be Covered Services under the Plan and meet all requirements for eligibility for payment in addition to being Medically Necessary.

1.11 Member. A person who is enrolled in a FamilyCare Plan and is entitled to receive Covered Services.

1.12 Participating Hospital. A hospital that is contracted to provide Covered Services to Members. Participating status shall be contingent upon FamilyCare's designation as such.

1.13 Participating Practitioner. A physician or other health care professional who is contracted directly or as a member of a Participating Practitioner Group to provide Covered Services to Members under this Agreement or otherwise. Any Participating Practitioner who serves FamilyCare Members under this Agreement will be bound by its terms. Participating status shall be contingent upon FamilyCare's designation as such.

1.14 Participating Practitioner Group. An independent practice association; corporation, limited liability company, or partnership of professional providers; or other entity that employs or contracts with providers of professional medical services and contracts with FamilyCare to provide services to Members under this Agreement. Participating status shall be contingent upon FamilyCare's designation as such.

1.15 Participating Provider. A Participating Practitioner, Participating Practitioner Group, Participating Hospital or other facility or provider of health care items or services designated as a Participating Provider by FamilyCare.

1.16 Plan. The contract or agreement with FamilyCare setting forth the Covered Services to which a Member is entitled and, if a government health benefit program, the federal and state statutes and regulations governing the program. The Plan initially covered by this Agreement is the Medicare Advantage Plan administered by the Centers for Medicare and Medicaid Services ("CMS") pursuant to the Contract between CMS and FamilyCare and applicable rules and regulations.

1.17 Policies and Procedures. The criteria and procedures pertaining to credentialing and recredentialing, participation, compensation, payment rules, processing guidelines, medical policy, utilization management, quality improvement, fraud and abuse, health benefit plan standards, and such other matters determined from time to time by FamilyCare.

1.18 Primary Care Provider. A Participating Practitioner deemed a Primary Care Provider by FamilyCare for the Plan.

1.19 Primary Care Services. Those Covered Services routinely provided by Primary Care Providers in their practice of medicine or other health care profession or as may be further defined in the Plan.

1.20 Prior Authorization or Preauthorization. Prior authorization or Preauthorization is approval given by FamilyCare in advance of a proposed hospitalization, treatment, supply purchase or other Covered Service, in accordance with FamilyCare Policies and Procedures.

1.21 Referral. The process required by this Agreement by which a provider directs a Member to seek and obtain Covered Services from a Participating Practitioner or any other provider of Covered Services.

1.22 Scope of Service. Those services set forth in the Services and Compensation Attachment to this Agreement to be performed by Provider or Provider Practitioners. If no

Scope of Service is established in the Attachments, Scope of Service shall refer to those services which Provider or Provider Practitioners are professionally qualified to render.

1.23 Services and Compensation Attachment. An Attachment to this Agreement setting forth payment and other terms applicable to a Plan in which Provider is a Participating Practitioner or Participating Practitioner Group, which Attachment is made part of this Agreement upon execution or thereafter pursuant to paragraph 7.1.

1.24 Specialty Services. Those Covered Services provided by providers professionally qualified to practice a designated specialty as determined by FamilyCare which are within the provider's recognized scope of practice.

1.25 Standards of Care and Service. Standards which have been developed by FamilyCare, incorporating concepts from CMS, from medical group practice accreditation programs, and from community standards. These standards include, but are not limited to, access, accommodations, panel size, and medical record documentation, and are contained in the Policies and Procedures.

2. Provider Services.

2.1 Provider and Provider Practitioner. If Provider is an employer of health care and/or addictions professionals, Provider shall require all of its employed and contracted mental health care professionals who provide services to Members to comply with all of the provisions of this Agreement. If Provider contracts with individual mental health and/or addictions providers who are not employed by Provider, as a medical group, independent practice association, or otherwise, Provider shall ensure that it maintains current, valid contracts with each such individual health care provider who provides services to Members. Such employed or contracted professionals are referred to herein as "Provider Practitioners." Contracts with Provider Practitioners shall (a) require Provider Practitioner to comply with all of the provisions of this Agreement, (b) be in form acceptable to FamilyCare and (c) be available for inspection on request by FamilyCare. Provider shall ensure that each Provider Practitioner is credentialed by FamilyCare prior to providing services to Members, and continues to comply with FamilyCare's credentialing and recredentialing Policies and Procedures.

2.2 Covered Services. FamilyCare retains Provider and Provider Practitioners to render Covered Services to Members within Provider Practitioner's Scope of Service. All services shall be rendered subject to the terms and conditions of this Agreement and in accordance with FamilyCare's Policies and Procedures, including referral and Preauthorization procedures.

2.3 Performance. Subject to practice protocols and utilization standards adopted by FamilyCare, Provider and Provider Practitioners will determine the method, details, and means of performing Covered Services within the Scope of Services pursuant to this Agreement. Covered Services rendered will be provided as promptly as practicable, consistent with sound medical practice and in accordance with accepted community professional standards. Provider agrees at all times to maintain a sufficient number of Provider Practitioners to guarantee prompt

and adequate access to FamilyCare Members to provide Covered Services within Provider's Scope of Service.

2.4 Personnel, Equipment and Supplies. Provider or Provider Practitioners shall, at Provider or Provider Practitioner's sole cost and expense, arrange for the provision of Covered Services within the Scope of Service. Subject to practice protocols and utilization standards adopted by FamilyCare, FamilyCare may not control, direct, or supervise Provider or Provider Practitioners in the performance of Covered Services. Provider or Provider Practitioner will supply all necessary office personnel, equipment, instruments and supplies required to perform Covered Services and which are usual and customary for a medical practice in the community. Provider or Provider Practitioner shall be solely responsible for payment of all wages, salary, compensation, payroll and withholding taxes, unemployment insurance, workers' compensation coverage and all other compensation, insurance and benefits with respect to personnel employed or contracted by Provider or Provider Practitioner, as applicable.

2.5 Hours. Provider and Provider Practitioners will arrange for the provision of Covered Services within the Scope of Service during normal office hours or as otherwise necessary to provide reasonable access to services by Members. Provider and Provider Practitioners will arrange for call coverage for Medically Necessary services on a 24-hour per day, seven day per week basis.

2.6 Referral and Preauthorization Procedure. Provider and Provider Practitioners shall comply with Referral and Preauthorization procedures adopted by FamilyCare prior to referring a Member to any individual, institutional or ancillary health care provider. Except as permitted by FamilyCare Policies and Procedures, Provider and Provider Practitioners shall refer Members only to Participating Providers designated by FamilyCare to provide the service for which the Member is referred. Except as required by applicable law, failure of Provider and Provider Practitioners to follow such procedures may result in denial of payment for unauthorized treatment. Preauthorization is not required prior to provision of Covered Services in the event of an Emergency or Emergency Medical Condition.

2.7 Hospital Admission Authorization. Provider and Provider Practitioners shall admit Members for hospital services only to a Participating Hospital unless an appropriate bed or service is unavailable. Except as provided in paragraph 2.9 or otherwise required by applicable law, Provider and Provider Practitioners may not admit a Member to a hospital on a non-Emergency basis without first receiving Prior Authorization from FamilyCare, or its designated agent, in accordance with FamilyCare's Policies and Procedures.

2.8 Compliance With FamilyCare Pharmaceutical Formularies. When, and during such period of time, FamilyCare is financially responsible for the payment of prescription medications, Provider and Provider Practitioners shall comply with pharmaceutical formularies and pharmaceutical prior authorization requirements developed or adopted by FamilyCare, unless otherwise Medically Necessary. In prescribing medications for Members, Provider Practitioners shall select the most cost-effective medication that is clinically appropriate for the Member, including, when appropriate and available, generic equivalents and therapeutic equivalents.

2.9 Provision of Non-Covered or Unauthorized Services or Referral Care. Nothing in this Agreement is intended to or shall be construed to require Provider or Provider Practitioners to deny care to a Member for non-Covered Services or deny services or referral care not otherwise authorized under applicable procedures. The fact that FamilyCare does not or may not provide payment for a service shall not relieve Provider or Provider Practitioners of the duty to exercise independent professional skill and judgment in advising and treating Members. When referring Members to non-Participating Providers, Provider and Provider Practitioners shall inform Members of their potential responsibility for payment. When recommending or offering non-Covered Services to a Member, Provider Practitioners shall comply with paragraph 5.3.4.

2.10 Nondiscrimination. Provider and Provider Practitioners agree that in accordance with the provisions of this Agreement, and within the limits of a Provider Practitioner's specialty, not to discriminate in the provision of Covered Services to Members on the basis of membership in a health benefit plan, source of payment, race, color, national origin, ethnicity, ancestry, religion, sex, marital status, sexual orientation, mental or physical disability, medical condition or history, age, or any other category deemed protected under State or Federal law; and to provide Covered Services to Members in the same manner, in accordance with the same standards, and within the same time availability as offered to other patients of Provider and Provider Practitioners.

3. Provider Obligations.

3.1 Acceptance of Members. Provider and Provider Practitioners agree to accept assignment of Members by FamilyCare, subject only to Provider Practitioner's Scope of Service. This paragraph does not prevent Provider or Provider Practitioner from limiting practice to a recognized specialty such as pediatric mental health services.

3.2 Practitioner Qualifications. Provider will require each Provider Practitioner to complete FamilyCare's credentialing process and be approved as a Participating Provider before providing services to Members. Provider warrants and represents that each Provider Practitioner is, and for the duration of this Agreement shall remain, duly licensed to practice Provider Practitioner's health care profession in all states in which Provider Practitioner provides services to Members and is, and for the duration of this Agreement shall remain, in good standing with the appropriate licensing board(s), a participating provider in Medicare, and the holder of a valid DEA Certificate (if applicable). Provider warrants that each Provider Practitioner shall maintain medical staff membership and clinical privileges appropriate to Provider Practitioner's professional practice at a Participating Hospital that is a hospital in good standing and without restriction or limitation unless such membership and privileges are not required under FamilyCare's credentialing Policies and Procedures. Provider warrants that each Provider Practitioner is currently, and for the duration of this Agreement shall remain, in compliance with FamilyCare's credentialing and recredentialing criteria. Provider and Provider Practitioner do not and will not during the term of this Agreement employ or contract with any person who is excluded from participation in Medicare or Medicaid.

3.3 Covering Provider. If Provider or a Provider Practitioner is, for any reason, from time to time unable to provide those Covered Services Provider has agreed to render under this Agreement when and as needed, Provider or Provider Practitioner may secure the services of a

qualified covering provider who shall render such Covered Services. The covering provider must be a provider approved by FamilyCare to provide the Covered Services to Members otherwise required of Provider or Provider Practitioner. Provider or Provider Practitioner shall be solely responsible for securing the services of such covering provider. Provider or Provider Practitioner shall ensure that the covering provider: (a) looks solely to Provider or Provider Practitioner, FamilyCare, or the Plan(s), as the case may be, for compensation; (b) accepts FamilyCare's credentialing and peer review procedures; (c) does not directly bill Members for Covered Services under any circumstances, unless expressly required by the Plan(s); (d) obtains authorization in accordance with FamilyCare's utilization management program prior to all elective hospitalizations; and (e) complies with the terms of this Agreement and policies, procedures, and rules adopted by FamilyCare related to performance of medical services under this Agreement.

3.4 Withdrawal from Care. Prior to withdrawing from a Member's care, Provider or Provider Practitioner shall contact FamilyCare to enlist assistance with resolution of issues giving rise to the proposed withdrawal. Provider or Provider Practitioner will cooperate with FamilyCare to attempt to resolve the issues for 30 days. In the event the issues cannot be resolved satisfactorily, Provider or Provider Practitioner shall give FamilyCare and the affected Member(s) at least 30 days' prior written notice of intent to withdraw from care of Member(s), shall cooperate fully with FamilyCare in transferring care of the Member(s) to another Participating Practitioner, and shall continue provision of care for urgent needs and prescriptions for at least 30 days from the date of notice of withdrawal. Notwithstanding the foregoing, if a Member has exhibited behavior that is verbally or physically threatening or if other unusual circumstances require prompt action for the protection of Provider, Provider Practitioners, the Member or others, Provider may withdraw from the care of a Member on such written notice to the Member and FamilyCare as is reasonable and consistent with accepted standards of professional practice considering the circumstances, and shall thereafter cooperate fully with FamilyCare in transferring care of the Member to another Participating Provider.

3.5 Compliance with Law and Ethical Standards.

3.5.1 Provider and Provider Practitioner shall at all times during the term of this Agreement comply with all applicable federal, state, and municipal laws, statutes, and ordinances, and any regulations promulgated thereunder; all applicable rules and regulations of each Provider Practitioner's licensing board(s); and the ethical standards of the applicable professional association.

3.5.2 In particular, and not to the exclusion of any other applicable law or regulation, Provider and FamilyCare acknowledge that in the course of performing under this Agreement, they may use or disclose to each other or to outside parties certain confidential health information that may be subject to protection under state and/or federal law, including the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and regulations promulgated thereunder with respect to privacy and security of health information, and agree that each will comply with all applicable state and federal privacy laws. If requested to do so by FamilyCare, Provider will execute a Business Associate Agreement in a form acceptable to FamilyCare.

3.5.3 Provider will cooperate with and participate in FamilyCare's compliance plans, including provision of information, cooperation with auditing and monitoring activities, participation in training and education, and implementation of compliance initiatives and programs as reasonably requested by FamilyCare from time to time.

3.6 Compliance With FamilyCare Policies and Procedures. Provider agrees to be bound by the Policies and Procedures of FamilyCare as they may be amended from time to time. If Provider or Provider Practitioner violates any of the provisions of such Policies and Procedures, or any of the principles of professional conduct adopted by FamilyCare, or acts contrary to or in violation of any Medicare laws or regulations, all contractual rights under this Agreement which pertain to Provider or Provider Practitioner may be terminated in accordance with the Term and Termination section of this Agreement and applicable law.

3.7 Utilization Management and Quality Assurance Programs. FamilyCare has and will maintain utilization management and quality assurance and other operational programs and policies to guide and review individual and aggregate performance of Participating Providers in the delivery of Covered Services. Review may include but not be limited to Medical Necessity and compliance with clinical protocols, referral requirements, Preauthorization standards, and the evaluation of the results of care. Provider and Provider Practitioners shall cooperate fully with FamilyCare in any inquiries FamilyCare may make with respect to such programs. Provider and Provider Practitioners agree to comply with and, subject to Participating Provider rights of appeal or reconsideration, shall be bound by such policies and programs. Provider and Provider Practitioners agree that decisions of FamilyCare's utilization management or quality assurance committees may include denial of payment for Covered Services provided to a Member when services are provided in a manner inconsistent with FamilyCare's Policies and Procedures or, in appropriate situations, termination of this Agreement as provided herein.

3.8 Fraud and Abuse Programs. Provider and Provider Practitioners agree to comply with FamilyCare's fraud and abuse program and questionable or inappropriate billing practices Policies and Procedures.

3.9 Grievance Procedures. FamilyCare will have Policies and Procedures for appealing Member disputes related to prior authorization and referral procedures. Provider and Provider Practitioners shall comply with both Member and Participating Provider grievance and appeal procedures and shall be bound by such procedures.

3.10 Patient Advocate. Provider Practitioners practicing in conformity with ORS 677.095 may act as a patient advocate regarding a decision, policy, or practice without being subject to termination or penalty for the sole reason of such advocacy. Provider Practitioners can freely communicate with patients regarding the mental health and/or addiction treatment options available to them, including medication treatment options, regardless of benefit coverage limitations. When communicating about Non-Covered Services, Provider Practitioners shall comply with paragraph 2.9 and paragraph 5.3.4 of this Agreement.

3.11 Provider Directory. Provider and Provider Practitioner agree that FamilyCare may use the name, specialty, board certification, medical school(s), addresses, phone numbers,

and type of practice of Provider and Provider Practitioners with regard to access and acceptance of new patients, in the FamilyCare directory of Participating Providers.

3.12 Patient Consents. To the extent required under state or federal law, Provider and Provider Practitioners shall obtain the consent of Members to allow Provider and Provider Practitioners to use and disclose to FamilyCare and Participating Providers the Member's Protected Health Information (as defined by HIPAA) for purposes contemplated by this Agreement.

3.13 Medical Records. Provider or Provider Practitioners shall maintain with respect to each Member receiving Covered Services hereunder a single standard medical record in such form, containing such information, and preserved for such time period(s), as are required by state and federal law, accepted standards of practice and FamilyCare Policies and Procedures. Subject to confidentiality laws, and upon receipt of three business days' prior written notice from FamilyCare, Provider and Provider Practitioners shall share such records with Participating Providers in accordance with FamilyCare's Policies and Procedures, and permit FamilyCare, and its designated representatives, to review or inspect such records in accordance with payment, utilization management, quality assurance, peer review and other Policies and Procedures of FamilyCare. Copies of such records shall be made available to FamilyCare upon request without charge.

3.14 Required Information. Provider and Provider Practitioners shall provide FamilyCare with information necessary for FamilyCare to fulfill its obligations with and to comply with state and federal law. Provider and Provider Practitioners authorize FamilyCare to release information as required by state and federal law and shall promptly procure such additional consents as may be necessary from time to time for purposes of this paragraph.

3.15 Cooperation with Plan and FamilyCare Medical Directors. Provider and Provider Practitioners acknowledge that contracting Plans will place certain obligations upon FamilyCare regarding the quality of care received by Members and that contracting Plans in certain instances will have the right to oversee and review the quality of care administered to Members. Provider and Provider Practitioners agree to cooperate with FamilyCare's Medical Directors and the medical directors of contracting Plans in their review of the quality of care administered to Members and to submit information as requested.

3.16 Notice to FamilyCare. Provider and Provider Practitioners will notify FamilyCare, in writing, within three working days, of any of the following events affecting Provider or Provider Practitioner: loss of licensure, accreditation or participating provider status in Medicare; notice of any claim, demand or complaint involving a Member; termination, suspension, restriction or non-renewal of a Provider Practitioner's clinical privileges or staff membership with any hospital, health plan or provider organization; loss of insurance coverage required by this Agreement.

4. FamilyCare Obligations.

4.1 Eligibility Determinations and Reports. FamilyCare will make eligibility information available to Provider and Provider Practitioner by telephone or by electronic means.

4.2 Authorizations. FamilyCare will provide authorization for non-Emergency Covered Services in the form of a Preauthorization and shall certify or recertify lengths of stay if required by telephone contact or other mutually agreeable form of communication between Provider or Provider Practitioner, the Member's Primary Care Provider or referral provider and/or FamilyCare personnel, according to FamilyCare's Quality Improvement and Utilization Management Policies and Procedures.

4.3 Claims Processing. FamilyCare shall be responsible for adjudicating and paying claims for Covered Services consistent with the terms of this Agreement and FamilyCare's Policies and Procedures.

4.4 Policies and Procedures. FamilyCare will make its Policies and Procedures available to Provider and Provider Practitioner in accordance with applicable laws and regulations.

4.5 Compliance with Law. FamilyCare shall at all times during the term of this Agreement comply with all applicable federal, state, and local laws, statutes and ordinances, and any regulations promulgated thereunder.

5. Services and Compensation.

5.1 Compensation. FamilyCare agrees to pay Provider or Provider Practitioner for Covered Services rendered by Provider or Provider Practitioner to Members, within Provider or Provider Practitioner's Scope of Service at the lesser of Provider or Provider Practitioner's billed charges or the rate determined in accordance with the terms of the Services and Compensation Attachment, which is attached hereto as Attachment A and as attached made a part of this Agreement. Compensation amounts, methodologies or formulas may vary for other providers.

5.2 Payment of Compensation by FamilyCare.

5.2.1 To be considered for payment, Provider or Provider Practitioner shall submit to FamilyCare a Clean Claim on a completed CMS 1500 statement, CMS 1450 or HIPAA ANSI, or successor forms, within 60 days following the provision of Covered Services, including services reimbursed under a Capitation Fee. Provider and Provider Practitioners will submit such additional encounter data as FamilyCare may request, including accurate and specific data describing the services rendered. Provider and Provider Practitioners will follow Medicare Correct Coding guidelines, or other industry standard coding guidelines approved by FamilyCare in coding services in all claims and data submitted to FamilyCare. Claims for payment must reflect Co-payments, Coinsurance and Deductibles collected or to be collected. Claims submitted for payment beyond twelve months (or any shorter period established by applicable law or regulation) from the date Covered Services were provided may be denied in FamilyCare's sole discretion. FamilyCare agrees to pay a Clean Claim within the time required by applicable state and federal law.

5.2.2 FamilyCare shall not be obligated to make payment to Provider or Provider Practitioner if Provider or Provider Practitioner fails to obtain a referral in accordance with FamilyCare Policies and Procedures, if the patient is not a Member at the time of service, if

information provided to FamilyCare is materially inaccurate, or if the delivery of service does not comply with applicable FamilyCare Policies and Procedures.

5.2.3 Nothing herein requires FamilyCare to adopt, or prevents FamilyCare from adopting, different billing and payment policies with respect to workers' compensation cases or other situations in which FamilyCare is or could be a secondary or conditional source of reimbursement for Covered Services.

5.3 Patient Billing.

5.3.1 Provider and Provider Practitioners shall look only to FamilyCare for compensation for Covered Services and shall at no time seek compensation from Members or persons acting on their behalf for Covered Services. In the event of non-payment by FamilyCare for any reason, Provider and Provider Practitioners shall not bill or otherwise attempt to collect from Members any amounts owed by FamilyCare and shall continue providing services to Members for the duration of the period for which premium payment has been made by or on behalf of the Member and until Member is discharged from the hospital (if applicable). No surcharge to any Member shall be permitted. A surcharge shall, for purposes of this Agreement, be deemed to be any additional fee not provided for in the Plan.

5.3.2 Provider and Provider Practitioners shall bill and make reasonable efforts to collect all Co-payments, Coinsurance and Deductibles from Members as specifically permitted in the Plan, if such amounts have not been paid by a primary or secondary carrier in accordance with regulatory standards for coordination of benefits.

5.3.3 Provider and Provider Practitioners shall not bill a Member for otherwise Covered Services denied as a result of utilization management, Medical Necessity determination, or audit activity.

5.3.4 Provider and Provider Practitioners shall not bill Member for any non-Covered Services unless Provider or Provider Practitioner has obtained prior written agreement from the Member and such billing is permitted under the Plan or otherwise permitted by CMS. Provider or Provider Practitioner shall not bill Member for missed appointments.

5.3.5 Provider and Provider Practitioners agree the provisions of this Section 5 shall survive termination of this Agreement regardless of the cause giving rise to termination and shall be construed to be for the benefit of Members.

5.4 Coordination of Benefits and Third Party Liability.

5.4.1 Coordination of Benefits ("COB") refers to the determination of which two or more health benefit plans will apply, either as primary or secondary coverage, for the rendition of hospital, surgical or medical services to a Member. Such coordination is intended to preclude the Member from receiving an aggregate of more than 100 percent of covered charges from all coverage. When the primary and secondary benefits are coordinated, determination of liability will be in accordance with the usual procedures employed by the Oregon Department of Consumer and Business Services and applicable state and federal regulations.

5.4.2 Provider and Provider Practitioners shall maintain records to identify any third party or payor responsible for payment for services provided to Members. Provider and Provider Practitioners shall notify FamilyCare within 30 days of any potential responsible third party and shall provide FamilyCare with all relevant identifying information concerning the Member, the claim and the third party resource available to Provider or Provider Practitioners.

5.4.3 Provider or Provider Practitioners agree to coordinate with FamilyCare for proper determination of COB and third party liability, and to bill and collect from other payors those charges for which the other payor is responsible. Provider and Provider Practitioners shall report all collections received in accordance with this paragraph to FamilyCare. FamilyCare shall not be obligated to pay Provider or Provider Practitioners any amounts which, when added to the amounts paid to Provider or Provider Practitioners in accordance with this paragraph by other payors, would exceed the reimbursement for which FamilyCare would be obligated in the absence of such payments from other payors.

5.5 Overpayments. FamilyCare will conduct retrospective reviews of claims and reimbursements to Provider or Provider Practitioners. Provider and Provider Practitioners will refund to FamilyCare all overpayment amounts paid to Provider or Provider Practitioners, whether not properly payable under paragraph 5.2, due to clerical error, failure to apply or follow applicable Policies and Procedures, third party recovery or other reason. Overpayments shall be refunded to FamilyCare within 30 days of notification to Provider or Provider Practitioners that a refund is due or within 60 days of identification of an overpayment by Provider or Provider Practitioners, whichever is earlier. If Provider or Provider Practitioner fails to refund an overpayment within 30 days after FamilyCare's notification, FamilyCare may withhold any overpayment amount from future payments for services rendered by Provider or Provider Practitioners. If a refund is not timely received, FamilyCare may initiate a collection or legal proceeding to recover overpayment amounts; in a collection or legal proceeding to recover overpayment, FamilyCare shall be entitled to recover its reasonable attorneys' fees and costs incurred in such proceeding.

5.6 Accounting and Reports.

5.6.1 To the extent that payments to Provider or Provider Practitioners for Covered Service include financial risk withholds, FamilyCare shall provide an accounting of risk withhold funds on an annual basis or as required by law. Requests for information under this paragraph concerning such accounting must be made within two years after the end of the agreement term pertaining to the requested information.

5.6.2 Upon request by Provider, FamilyCare shall provide an annual accounting accurately summarizing the financial transactions between FamilyCare and Provider and Provider Practitioners for the preceding calendar year.

6. Term and Termination.

6.1 Term of Agreement. This Agreement will become effective on the Effective Date set forth on the signature page and will continue until terminated in accordance with this Section 6.

6.2 Immediate Termination. This Agreement may be immediately terminated upon delivery of written notice to the other party, or at such later date as may be set forth in the written notice, if any of the following occurs.

6.2.1 Federal or state regulations or guidelines are modified or changed in such a way that Covered Services are no longer allowable or appropriate for purchase under this Agreement;

6.2.2 Provider or Provider Practitioner or FamilyCare is found to be in violation of any state or federal law or regulation;

6.2.3 Any license, certification, or privilege required by law or regulation to fulfill obligations under this Agreement is for any reason revoked, restricted, limited, suspended or not renewed;

6.2.4 Provider or Provider Practitioner or FamilyCare is suspended or excluded from participating in the Medicare program;

6.2.5 Provider or Provider Practitioner fails to maintain insurance required by this Agreement; or

6.2.6 Provider or Provider Practitioner is convicted of a felony; dies; retires; is adjudicated incompetent; loses his or her hospital privileges (unless such privileges are not required under FamilyCare's credentialing Policies and Procedures); or voluntarily leaves active practice in FamilyCare's service area for a period of 6 months or more.

6.3 Termination by FamilyCare. FamilyCare may terminate this Agreement immediately on written notice to Provider if FamilyCare reasonably determines that the health, safety or welfare of Members may be jeopardized by continuation of this Agreement.

6.4 Termination Without Cause. This Agreement may be terminated without cause by Provider or FamilyCare upon 90 days prior written notice. Upon such termination, the rights of Provider and Provider Practitioners shall terminate; provided, however, that such action shall not release Provider and Provider Practitioners from obligations to persons then receiving treatment. If this Agreement is terminated under this paragraph 6.4, payment for Covered Services provided prior to termination shall be made in accordance with this Agreement.

6.5 Termination for Breach. If either party commits a material breach of this Agreement, the other party may commence to terminate the Agreement by giving written notice to the party committing the breach stating its intention to terminate and starting with particularity the alleged breach. If the breach is not cured within 30 days after the notice is given, the other party may terminate this Agreement immediately upon written notice. This right of termination shall be in addition to all other rights and remedies.

6.6 Responsibility for Members at Termination. Provider or Provider Practitioners shall continue to provide Covered Services to a Member who is receiving Covered Services from Provider or Provider Practitioners on the effective termination date of this Agreement until the Covered Services being rendered to the Member by Provider or Provider Practitioners are

completed (consistent with existing medical ethical/legal requirements for providing continuity of care to a patient), unless FamilyCare makes reasonable and medically appropriate provision for the assumption of such Covered Services by another Participating Provider. Provider or Provider Practitioner shall be compensated for those Covered Services provided to a Member pursuant to this paragraph (prior to and following the effective termination date) in accordance with compensation provisions stated in the applicable Services and Compensation Attachment or by mutual agreement.

6.7 Effect of Termination. Termination of this Agreement shall have no effect upon the rights and obligations of the parties arising under this Agreement prior to the effective date of termination or upon those provisions which are specifically identified as surviving termination.

6.8 Termination With Cause of Less Than Entire Agreement. FamilyCare may, at its sole discretion, choose to terminate an individual Provider Practitioner providing Covered Services under this Agreement whose conduct would otherwise give FamilyCare cause to terminate this Agreement in its entirety, who does not meet FamilyCare's credentialing requirements, or on request of a Plan. Upon such individual termination, the Agreement shall remain in effect as to Provider and all other Provider Practitioners.

6.9 Credentialing and Hearings Process. Provider and Provider Practitioners will comply with FamilyCare's hearings process as set forth in its Policies and Procedures. FamilyCare may suspend, restrict or terminate Provider or a Provider Practitioner's privileges to see Members in accordance with its Policies and Procedures. In the event that Provider Practitioner's status is terminated in accordance with such Policies and Procedures, Provider Practitioner's participation under this Agreement shall automatically terminate. If FamilyCare proposes to terminate Provider Practitioner's participation under this Agreement, Provider Practitioner may be entitled to a review or hearing as provided by FamilyCare's Policies and Procedures.

7. Addition of Plan or Amendment of Services and Compensation Attachment.

7.1 New Plan. FamilyCare may, in its sole discretion, notify Provider from time to time of new Plans by sending Provider a Services and Compensation Attachment covering each new Plan in which FamilyCare wishes Provider and Provider Practitioners to participate as provided in paragraph 11.1. If Provider rejects the proposed Attachment within 30 days in accordance with paragraph 11.1, such Attachment shall not go into effect. If such Attachment becomes effective as provided in paragraph 11.1, Provider shall notify its Provider Practitioners about the new Plan and shall make any contract amendments required to make the terms and conditions of the new Attachment binding on its Provider and Provider Practitioners.

7.2 Amendment of Services and Compensation Attachment. FamilyCare may amend a Services and Compensation Attachment from time to time. Any such amendment shall be sent to Provider as provided in paragraph 11.1. If Provider rejects the amended Attachment within thirty (30) days in accordance with paragraph 11.1, then either party may terminate this Agreement in accordance with Section 6; until any such termination is effective, the Services and Compensation Attachment effective prior to termination shall continue in effect.

8. Relationship of the Parties. Nothing in this Agreement shall create any relationship between FamilyCare and Provider or Provider Practitioner other than that of independent entities contracting with each other solely for purposes of effectuating the provisions of this Agreement. Neither of the parties nor any of their respective employees or agents shall be deemed to be the employee or agent of the other. Except as specifically provided otherwise in this Agreement, FamilyCare shall have no authority to control or direct the time, place or manner in which Covered Services are provided by Provider or Provider Practitioner to Members.

9. Indemnification and Insurance.

9.1 Indemnification.

9.1.1 The parties mutually agree to indemnify and to hold each other (including their officers, agents and employees) harmless against any and all claims, demands, damages, liabilities and costs incurred by the other party, including reasonable attorneys' fees, arising out of or in connection with, either directly or indirectly, the breach of this Agreement by or willful misconduct of the indemnifying party or its employees or agents. The fact that a person or entity is a Participating Provider does not make such person an agent of FamilyCare. The principles of comparative fault shall govern the interpretation and enforcement of this indemnity provision.

9.1.2 FamilyCare shall not be liable to Members for any act of malpractice on the part of Provider or Provider Practitioners and Provider and Provider Practitioners shall indemnify, defend, and hold harmless FamilyCare from any such liability. The indemnity in the immediately preceding sentence shall not apply to any alleged act of independent liability on the part of FamilyCare, or any of its respective employees or agents.

9.2 Liability Insurance. Provider and Provider Practitioners agree to ensure that it and all persons and entities performing services for Provider or Provider Practitioners under this Agreement maintain such policies of general liability and professional liability insurance or such other program of liability coverage as may be customary and acceptable to FamilyCare to insure Provider and Provider Practitioners, and its and their employees and agents, against any claim or claims for damages arising by reason of personal injuries or death occasioned directly or indirectly in connection with the performance of, or failure to perform, any health care service provided under this Agreement, the use of any property and facilities provided by Provider or Provider Practitioners, and activities performed by Provider or Provider Practitioners in connection with this Agreement. The amounts and extent of such insurance coverage shall be subject to the approval of FamilyCare, which approval shall not be unreasonably withheld. Certificates of Insurance for the above insurance policies shall be provided to FamilyCare upon request and shall provide that FamilyCare be given at least 30 days' prior written notice of reduction or cancellation of such coverage. Any declaration sheets, exclusions, endorsements, or information on any incident which might reasonably result or has resulted in a lawsuit or legal action may be requested by FamilyCare as deemed necessary. FamilyCare recognizes that if Provider is a public entity its liability may be limited by applicable law.

9.3 Tail Coverage. In the event that any policy required by this Section 9 is a "claims made" policy, a "tail" policy (extended reporting endorsement) shall be obtained by the insured party upon termination of such a policy as required to continuously maintain coverage under

such policy throughout the term of this Agreement and for a period of not less than five years following the date of termination of the policy required by this paragraph. The "tail" policy shall have the same policy limits as the policy it extends.

9.4 Contracted Providers. If Provider or Provider Practitioners contract with health care professionals to provide services to Members, each contract between Provider or Provider Practitioners and such health care professionals shall require such health professionals to agree to and comply with all of the provisions of this Agreement, including this Section 9, as if such providers were a party to this Agreement. FamilyCare must authorize the use of a contractor to perform services covered under this Agreement prior to any such services being provided. FamilyCare has the sole discretion to deny authorization for contracting of health care services to be provided for Members. Provider and Provider Practitioners, and not FamilyCare, shall be responsible for any compensation or remuneration owed to such contractor.

9.5 Survival. This Section 9 shall survive termination of this Agreement.

10. Access and Maintenance of Records and Information.

10.1 Access. This Agreement and all records which are directly pertinent to this Agreement necessary to verify the nature and extent of costs of services provided by Provider or Provider Practitioners, or relating to medical services, price, performance, compliance, quality of services and timeliness of services, will be made available to FamilyCare, the State of Oregon, the U.S. Department of Health and Human Services, the Centers for Medicare and Medicaid Services, the Comptroller General of the United States, and all of their duly authorized representatives as may be necessary for compliance by FamilyCare with all applicable federal and state laws and regulations. Provider and Provider Practitioners shall, upon 30 days' notice, provide a suitable work area and copying capabilities or make such copies as requested to facilitate such a review upon reasonable written notice to Provider or Provider Practitioners. Such rights to inspect and copy records and information shall continue for 10 years following the date of termination of this Agreement or completion of any audit commenced prior to termination, whichever is later. Provider and Provider Practitioners shall include a provision requiring any contractor of Provider or Provider Practitioners providing services under this Agreement to comply with this paragraph, and shall require all organizations related to Provider and Provider Practitioners to comply with this paragraph.

10.2 Medical Records (Maintenance and Access). Medical records of Members shall be maintained and preserved by Provider and Provider Practitioners for a time period of no less than 10 years in accordance with general standards applicable to such records. Subject to confidentiality laws, and upon receipt of three business days' prior written notice from FamilyCare, Provider and Provider Practitioners shall permit FamilyCare, FamilyCare's designated representatives, or applicable state and federal regulatory agencies to inspect such records, and shall provide copies of such records to FamilyCare upon request. If an audit, litigation, or other action involving the records is started before the end of the 10-year period, the records must be retained until all issues arising out of the action are resolved or until the end of the 10-year period, whichever is later.

10.3 Financial Records (Maintenance and Access). Provider and Provider Practitioners agree to cooperate with FamilyCare so that FamilyCare may meet any state or federal access requirements imposed on FamilyCare and arising out of this Agreement. Provider and Provider Practitioners shall maintain financial records, including the amounts of any payments received from FamilyCare, Members or from others on behalf of Members, for at least ten years after final payment is made under this Agreement. If an audit, litigation, or other action involving the records is started before the end of the ten-year period, the records must be retained until all issues arising out of the action are resolved or until the end of the ten-year period, whichever is later. All such records shall be maintained pursuant to generally accepted accounting standards and in accordance with applicable state and federal law and all regulations issued pursuant thereto. Provider and Provider Practitioners shall provide access to such records to FamilyCare, FamilyCare's designated representatives, and state and federal regulatory agencies, as may be required.

10.4 Confidentiality and Proprietary Information. The parties agree to maintain the confidentiality of this Agreement and all documents, terms, and conditions relating to reimbursement rates and methods and other proprietary information of the other party. Upon request, the parties agree to return all copies of documents containing the other party's proprietary information upon termination of this Agreement and to otherwise keep such proprietary information confidential.

10.5 Review Charges. Medical or financial records requested by FamilyCare for claims payment, concurrent and/or retrospective review or for audit under the Quality Improvement and Utilization Management Programs shall be provided to FamilyCare by Provider or Provider Practitioners. Neither FamilyCare nor Member will be charged a fee for the cost associated with providing copies of such records or documents.

10.6 Access to Medical Records Upon Termination. Provider and Provider Practitioners shall provide FamilyCare and Members with reasonable access to medical records of Members maintained by Provider or Provider Practitioner for a period of ten years after the termination of this Agreement, and at any time thereafter that such access is required in connection with a Member's medical care. FamilyCare will be entitled to obtain copies of Member's medical records if it either makes arrangements to have such copies prepared on Provider or Provider Practitioner's premises (in which case, Provider or Provider Practitioner will be entitled to reimbursement for the reasonable costs incurred in collecting the records and supervising the copying process), or agrees to reimburse Provider or Provider Practitioner for the reasonable cost of preparing such copies. The provisions of this paragraph will not operate to waive or limit any restriction on release or disclosure of patient records established in any other provision of this Agreement or as otherwise required by law. The provisions of this paragraph will not operate to waive or limit any right of access to medical records that Members have under any provision of state or federal law.

10.7 Survival of Provisions. This Section 10 will survive the termination of this Agreement.

11. Miscellaneous.

11.1 Amendment. This Agreement may be amended, and an Attachment to this Agreement may be amended or added, at any time upon the written agreement of the parties. FamilyCare may amend this Agreement, or amend or add an Attachment to this Agreement, by notifying Provider in writing of the proposed amendment or addition. If no written objection to such amendment or addition is received by FamilyCare within 30 days of the date of the notice, such amendment or addition shall become effective without any further action required of FamilyCare or Provider and Provider Practitioners. If Provider or Provider Practitioner objects to such amendment or addition within the 30-day period, such amendment or addition will not go into effect. If state or federal law, government agency regulations or accrediting agency requirements change and affect any provisions of this Agreement or an Attachment to this Agreement, then this Agreement or the applicable Attachment will be amended to conform with such changes effective on notice to Provider or Provider Practitioners of the required amendments. FamilyCare will give Provider and Provider Practitioners written notice of such required changes.

11.2 Dispute Resolution and Arbitration. In the event of any dispute arising out of or relating to this Agreement, the parties shall first attempt in good faith mutually to resolve the dispute. If the parties are unable to resolve the dispute, then all matters in controversy shall be submitted to binding arbitration in accordance with the American Health Lawyers Association Alternative Dispute Resolution Service Rules of Procedure for Arbitration. The parties agree to be bound by the decision of the arbitrator, which shall be a final determination of the matter in dispute. The parties further agree to divide the cost of mediation or arbitration equally, including filing, administration, and mediator's or arbitrator's fees, but to be responsible each for its own attorneys' fees and other costs incurred. In the event suit or legal action is instituted by any party seeking interpretation of the terms hereof, seeking redress for a breach of this Agreement, or seeking to enforce or to invalidate an arbitration award, each party shall be responsible for its own attorneys' fees and costs, except as provided by paragraph 5.5.

11.3 Assignment. This Agreement shall be binding upon, and shall inure to the benefit of, the parties to it, and their respective heirs, legal representatives, successors and assigns. FamilyCare may assign this Agreement to a successor by affiliation, merger, acquisition or transfer of assets or otherwise without consent of Provider.

11.4 No Third Party Beneficiary. Except as expressly provided in paragraph 5.3 or a Services and Compensation Attachment, nothing in this Agreement, express or implied, shall be construed to confer upon any person, firm or corporation other than the parties hereto and their respective successors or assigns, any remedy or claim under or by reason of this Agreement or any term, covenant or condition hereof, as third party beneficiaries or otherwise, and all of the terms, covenants and conditions hereof shall be for the sole and exclusive benefit of the parties hereto and their successors and assigns as provided herein.

The Community Development Division of the Department of Human Services requests approval to sign a U.S. Department of Housing and Urban Development (HUD) contract for the County's Homeless Management Information System (HMIS). This new grant was secured to increase funding for our current HMIS and will be renewable every year as part of the annual Homeless Continuum of Care funding application process.

In response to a Congressional directive, HUD has required all recipients of Stewart B. McKinney Homeless Assistance Act funds to implement an HMIS electronic record-keeping system. This data collection system is designed to capture client-level information over time on the characteristics, housing and service needs of people experiencing homelessness.

This 2nd grant would fund expansion of Clackamas County's HMIS system and allow for the funding of a new HMIS administrator position. This new grant is for \$36,193.

No County General Fund dollars are involved.

Recommendation

Staff recommends approval of this HMIS grant and authority for the Department Director, Cindy Becker, to sign related contract documents on behalf of the County.

Respectfully submitted,

Cindy Becker
Director

**2011 SUPPORTIVE HOUSING PROGRAM
GRANT AGREEMENT - New**

This Grant Agreement is made by and between the United States Department of Housing and Urban Development (HUD) and Clackamas County Department of Health, Housing & Human Services (the Recipient).

The assistance which is the subject of this Grant Agreement is authorized by the McKinney-Vento Homeless Assistance Act 42 U.S.C. 11381 (hereafter "the Act"). The term "grant" or "grant funds" means the assistance provided under this Agreement. This grant agreement will be governed by the Act; the Supportive Housing rule codified at 24 CFR part 583, which is attached hereto and made a part hereof as Attachment B; the changes made by the Homeless Definition Rule that is at the end of Attachment B; and the Notice of Funding Availability (NOFA), that was published in two parts. The first part was the Policy Requirements and General Section of the NOFA, and the second part was the Continuum of Care Homeless Assistance Programs section of the NOFA, which are located at <http://archives.hud.gov/funding/2011/fundsavail.cfm>. The term "Application" means the application submissions on the basis of which HUD, including the certifications and assurances and any information or documentation required to meet any grant award conditions, on the basis of which HUD approved a grant. The Application is incorporated herein as part of this Agreement, however, in the event of a conflict between any part of the Application and any part of the Grant Agreement, the latter shall control. The Secretary agrees, subject to the terms of the Grant Agreement, to provide the grant funds in the amount specified at section 2 of Attachment A for the approved project described in the application. The Recipient agrees, subject to the terms of the Grant Agreement, to use the grant funds for eligible activities during the term specified at section 3 of Attachment A.

The Recipient must provide a 25 percent cash match for supportive services.

The Recipient agrees to comply with all requirements of this Grant Agreement and to accept responsibility for such compliance by any entities to which it makes grant funds available.

The Recipient agrees to participate in a local Homeless Management Information System (HMIS) when implemented.

If the Recipient is a State or other governmental entity required to assume environmental responsibility, it agrees that no costs to be paid or reimbursed with grant funds will be incurred before the completion of such responsibilities and HUD approval of any required Request for Release of Funds.

The Recipient and project sponsor, if any, will not knowingly allow illegal activities in any unit assisted with grant funds.

The Recipient agrees to draw grant funds at least quarterly.

If, in the application, the Recipient indicated that activities in any project will be carried out in an Empowerment Zone, an Enterprise Community, or an Enhanced Enterprise Community, as designated by HUD or the Department of Agriculture, the Recipient agrees to give priority placement in that project to eligible persons whose last known address was within the designated EZ/EC area or who are homeless persons living on the streets or in shelters within the designated areas.

HUD notifications to the Recipient shall be to the address of the Recipient as written above, unless HUD is otherwise advised in writing. Recipient notifications to HUD shall be to the HUD Field Office executing the Grant Agreement. No change may be made to the project nor any right, benefit, or advantage of the Recipient hereunder be assigned without prior written approval of HUD.

For any project funded by this grant, which is also financed through the use of the Low Income Housing Tax Credit, the following applies:

HUD recognizes that the Recipient or the project sponsor will or has financed this project through the use of the Low-Income Housing Tax Credit. The Recipient or project sponsor shall be the general partner of a limited partnership formed for that purpose. If grant funds were used for acquisition, rehabilitation or construction, then, throughout a period of twenty years from the date of initial occupancy or the initial service provision, the Recipient or project sponsor shall continue as general partner and shall ensure that the project is operated in accordance with the requirements of this Grant Agreement, the applicable regulations and statutes. Further, the said limited partnership shall own the project site throughout that twenty-year period. If grant funds were not used for acquisition, rehabilitation or new construction, then the period shall not be twenty years, but shall be for the term of the grant agreement and any renewal thereof. Failure to comply with the terms of this paragraph shall constitute a default under the Grant Agreement.

For any project receiving funds for acquisition, construction or rehabilitation, the following applies:

The Recipient is required to execute and file for record a deed restriction, covenant running with the land or similar arrangement that will assure to HUD's satisfaction, compliance with the twenty-year term of commitment and a lien against the property, in a form to be approved by HUD, to secure HUD's interest in the repayment of the grant.

If the Recipient and/or subrecipient wishes to sell or otherwise dispose of the assisted real property, they must request and receive written approval from the Department to dispose of the real property, advertise that disposition conditions apply to the assisted property, and abide by any other terms or conditions prescribed by HUD in the approval letter.

For projects involving acquisition, compliance with the recording requirement must be documented before release of any funds other than acquisition funds. For projects involving new construction or rehabilitation activities, compliance must be documented prior to the first release of federal funds. Evidence will be an original, executed document, in a form satisfactory to HUD, accompanied by a recording receipt. Upon completion of recordation, Recipient will provide HUD with an original, executed, recorded document.

A default shall consist of any use of grant funds for a purpose other than as authorized by this Grant Agreement, failure in the Recipient's duty to provide the supportive housing for the minimum term in accordance with the requirements of the Attachment A provisions, noncompliance with the Act or Attachment B provisions, any other material breach of the Grant Agreement, or misrepresentations in the application submissions which, if known by HUD, would have resulted in this grant not being provided. Upon due notice to the Recipient of the occurrence of any such default and the provision of a reasonable opportunity to respond, HUD may take one or more of the following actions:

- (a) direct the Recipient to submit progress schedules for completing approved activities; or
- (b) issue a letter of warning advising the Recipient of the default, establishing a date by which corrective actions must be completed and putting the Recipient on notice that more serious actions will be taken if the default is not corrected or is repeated; or
- (c) direct the Recipient to establish and maintain a management plan that assigns responsibilities for carrying out remedial actions; or
- (d) direct the Recipient to suspend, discontinue or not incur costs for the affected activity; or
- (e) reduce or recapture the grant; or
- (f) direct the Recipient to reimburse the program accounts for costs inappropriately charged to the program; or
- (g) continue the grant with a substitute Recipient of HUD's choosing; or
- (h) other appropriate action including, but not limited to, any remedial action legally available, such as affirmative litigation seeking declaratory judgment, specific performance, damages, temporary or permanent injunctions and any other available remedies.

No delay or omission by HUD in exercising any right or remedy available to it under this Grant Agreement shall impair any such right or remedy or constitute a waiver or acquiescence in any Recipient default.

Recipients of assistance for acquisition, rehabilitation, or new construction shall file a certification of continued use for supportive housing for each year of the 20-year period from the date of initial occupancy.

If the Recipient's application received a selection priority for projects located in 100 percent rural areas, projects must serve 100 percent rural counties, or county equivalents. HUD will not agree to amend this Grant Agreement to authorize projects outside of a qualifying 100 percent rural county, or county equivalent.

The Grantee shall comply with requirements established by the Office of Management and Budget (OMB) concerning the Dun and Bradstreet Data Universal Numbering System (DUNS), the Central Contractor Registration (CCR) database, and the Federal Funding Accountability and Transparency Act, including Appendix A to 2 CFR Part 25 (final guidance entitled *Financial Assistance Use of Universal Identifier and Central Contractor Registration*, published September 14, 2010 at 75 FR 55671) and Appendix A to 2 CFR Part 170 (interim final guidance entitled *Requirements for Federal Funding Accountability and Transparency Act Implementation*, published September 14, 2010 at 75 FR 55663).

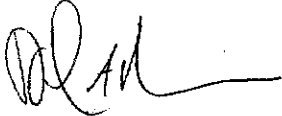

This Grant Agreement constitutes the entire agreement between the parties hereto, and may be amended only in writing executed by HUD and the Recipient. More specifically, the Recipient shall not change recipients, location, services, or population to be served nor shift more than 10 percent of funds from one approved type of eligible activity to another without the prior written approval of HUD. The effective date of this Grant Agreement shall be the date of execution by HUD, except with prior written approval by HUD.

Board of Commissioners
Clackamas County

Members of the Board:

Approval of an extension of the terms and conditions of Grant Agreement 11-001 with
Clean Energy Works Oregon, Inc.

ISSUE & BACKGROUND

The County received funds through the Energy Efficiency and Conservation Block Grant ("EECBG") established as part of the American Recovery and Reinvestment Act of 2009. A portion of these funds were granted to Clean Energy Works Oregon, Inc. (CEWO) to develop a streamlined energy efficiency remodel program. This program was developed in collaboration with Energy Trust of Oregon, utilities, financial institutions, local communities and contractors. A copy of the Grant Agreement is attached.

By supporting CEWO financially, Clackamas County is considered a "contributing partner". The initial 150 Clackamas County homes have received added incentives and additional outreach is planned in the County. The goal of the grant agreement was that a second 150 homes would receive an additional incentive beyond that offered in communities not acting as a contributing partner. The original end date of the Grant was June 30, 2012. All funds in the original grant have been expended and no additional funds will exchange hands.

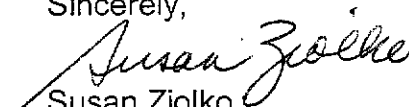

Due to the requirements of a larger federal grant received by CEWO, they are unable to sell their package of loans to finance these additional incentives until 2013. This extension to our Grant Agreement assures us that our residents will receive this additional consideration at that time.

County Counsel has reviewed and approved the extension to the Grant Agreement.

RECOMMENDATION

Staff respectfully recommends to the Board of County Commissioners approval of this extension of the terms and conditions of Grant Agreement 11-001 to further our efforts in energy efficiency.

Sincerely,

Susan Ziolk
Office of Sustainability

**EXTENSION OF THE TERMS AND CONDITIONS OF
CLACKAMAS COUNTY, OREGON GRANT AGREEMENT 11-001**

1. On June 23, 2011 Clean Energy Works Oregon, Inc., (CEWO) and Clackamas County, acting by and through its Office of Sustainability (County) entered into Grant Agreement 11-001 (Grant Agreement). The purpose of the Grant Agreement was to use American Recovery and Reinvestment Act of 2009, Pub. L. 111-5 for streamlined energy efficiency remodels in Clackamas County, with CEWO as the Sub-Recipient. A copy of the Grant Agreement is attached as Exhibit A.
2. The County and CEWO now mutually agree to extend this Grant Agreement. The terms of the Grant Agreement, set out at Section 5, permit its amendment by means of a written instrument signed by both parties.
3. This document is the Extension of the Terms and Conditions of the Grant Agreement (Extension). The Extension shall extend the life of the Grant Agreement. Prior to this Extension, the Grant Agreement expired on June 30, 2012. As a result of this Extension, the Agreement shall have a life that shall continue past June 30, 2012 until its new expiration date of June 30, 2013.
4. The parties agree that this Extension shall qualify as an amendment of the Grant Agreement, done in the manner required by the Grant Agreement at Section 5.
5. The parties further expressly agree that this Extension shall not alter, modify, increase, or otherwise change the County's funding of the Grant Agreement. The purpose of the Extension is to allow the parties to more completely effectuate the Grant Agreement's Statement of Program Objectives, set out as Exhibit A to the Grant Agreement, and in particular to reach the goal set out as follows:

"The second 150 homes participating from Clackamas County will receive an additional incentive beyond that offered in communities not acting as a contributing partner."

If any third party makes any claim or brings any action, suit or proceeding alleging a tort as now or hereafter defined in ORS 30.260 ("Third Party Claim") against a party (the "Notified Party") with respect to which the other party ("Other Party") may have liability, the Notified Party must promptly notify the Other Party in writing of the Third Party Claim and deliver to the Other Party a copy of the claim, process, and all legal pleadings with respect to the Third Party Claim. Either party is entitled to participate in the defense of a Third Party Claim, and to defend a Third Party Claim with counsel of its own choosing. Receipt by the Other Party of the notice and copies required in this paragraph and meaningful opportunity for the Other Party to participate in the investigation, defense and settlement of the Third Party Claim with counsel of its own choosing are conditions precedent to the Other Party's liability with respect to the Third Party Claim.

With respect to a Third Party Claim for which the SMB is jointly liable with the Agency (or would be if joined in the Third Party Claim), the SMB shall contribute to the amount of expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred and paid or payable by the Agency in such proportion as is appropriate to reflect the relative fault of the SMB on the one hand and of the Agency on the other hand in connection with the events which resulted in such expenses, judgments, fines or settlement amounts, as well as any other relevant equitable considerations. The relative fault of the SMB on the one hand and of the Agency on the other hand shall be determined by reference to, among other things, the parties' relative intent, knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such expenses, judgments, fines or settlement amounts. The SMB's contribution amount in any instance is capped to the same extent it would have been capped under Oregon law if the SMB had sole liability in the proceeding.

- B. Alternative Dispute Resolution. The parties should attempt in good faith to resolve any dispute arising out of this agreement. This may be done at any management level, including at a level higher than persons directly responsible for administration of the agreement. In addition, the parties may agree to utilize a jointly selected mediator or arbitrator (for non-binding arbitration) to resolve the dispute short of litigation.
- C. Indemnification by Subcontractors. The Agency shall take all reasonable steps to cause its contractor(s) that are not units of local government as defined in ORS 190.003, if any, to indemnify, defend, save and hold harmless the State of Oregon and its officers, employees and agents ("Indemnitee") from and against any and all claims, actions, liabilities, damages, losses, or expenses (including attorneys' fees) arising from a tort (as now or hereafter defined in ORS 30.260) caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of Agency's contractor or any of the officers, agents, employees or subcontractors of the contractor ("Claims"). It is the specific intention of the parties that the Indemnitee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnitee, be indemnified by the Agency's contractor from and against any and all Claims.
- D. During the term of this agreement, the Agency shall provide insurance to cover all loss, damage or injury to the equipment purchased under this agreement, in an amount no less than the purchase price thereof. Such insurance shall be provided by the Agency through an insurer duly authorized to do business in the State of Oregon but may be provided by self-insurance. Any proceeds from insurance or self-insurance shall be applied to the repair or replacement of the damaged equipment unless the Agency received prior written direction or authorization from the SMB to otherwise dispose of the proceeds.
- E. This agreement is subject to all applicable federal Assurances specified in Attachment 1 attached hereto and by this reference made a part hereof. If applicable, Agency shall provide the SMB its Annual Comprehensive Financial Report as required in the Single Audit Act of 1984, 31 U.S.C. §§7501-7507 (1994) *as amended by* Pub.L. 104-156, §§ 1-3, 110 Stat. 1397 (1996). At the end of each fiscal year during the term of this agreement, the Agency will be notified of the amount of federal pass-through dollars included in the payments made by the SMB to the Agency during that fiscal year.

8. Access to Records

Agency shall maintain all fiscal records relating to this agreement in accordance with generally accepted accounting principles. In addition, Agency shall maintain any other records pertinent to this agreement so as to document their performance. Agency acknowledges and agrees that representatives of the SMB and the Oregon Secretary of State's Office and the federal government shall have access to fiscal records and other documents of the Agency that are pertinent to this agreement to perform examinations and audits. Agency shall retain and keep

accessible all such fiscal records and documents for a minimum of seven (7) years, or such longer period as may be required by federal law, following final payment and termination of this agreement, or until the conclusion of any audit, controversy or litigation arising out of or related to this agreement, whichever date is later.

9. Security Interest

Agency, in consideration of SMB's provision of services described in section 4, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, hereby grants SMB a continuing security interest in and so pledges and assigns to SMB all of the rights of Agency and all proceeds and products in the boats and equipment purchased pursuant to SMB's authority under ORS 830.140, including, but not limited to this agreement ("Collateral"). Agency hereby irrevocably authorizes SMB at any time and from time to time to file in any filing office in any Uniform Commercial Code jurisdiction any financing statements and amendments thereto to complete the attachment, perfection and first priority of, and the ability of SMB to enforce, SMB's security interest in the Collateral, including, but not limited to, causing SMB's name to be noted as secured party on any certificate of title for a titled good. Agency will *not, or will not offer to, sell or otherwise dispose of the Collateral or any interest in the Collateral except with receipt of SMB's prior written approval.* Upon the failure by Agency to keep, observe or perform any provision of this agreement, without any other notice to or demand upon Agency, SMB shall have in any jurisdiction in which enforcement of this agreement is sought, in addition to all other rights and remedies, all rights, privileges, powers and remedies of a secured creditor provided by the Uniform Commercial Code and any additional rights and remedies which may be provided to a secured party in any jurisdiction in which the Collateral or a part thereof is located, at law, in equity, or otherwise, including, without limitation, its right to take immediate possession of the Collateral.

10. Termination

- A. This agreement may be terminated by mutual consent of both parties.
- B. SMB may terminate this agreement effective upon delivery of written notice to Agency under any of the following conditions.
 1. If SMB's funding is not continued at levels sufficient to allow for purchase of the specified services. The agreement may then be modified to accommodate a reduction in funds.
 2. If the Agency commits any material breach or default of any aspect of this agreement and such breach, default or failure is not cured within such 20-day period after delivery of the Board's notice.
- C. Agency may terminate this agreement if the SMB commits any material breach or default of any aspect of this Agreement and such breach, default or failure is not cured within such 20-day period after delivery of the Agency's notice.
- D. Either party may terminate this Agreement upon 60 days written notice to the other party.
- E. Sections 5, 7, 8 and 9, shall survive termination of the Agreement.

11. Force Majeure

If either Agency or SMB is rendered unable to perform its duties under this agreement due to acts of God, riot, war, terrorism, bioterrorism, civil unrest, flood, earthquake, power outage, or government fiat (a "Force Majeure Event"), then during the Force Majeure Event, but for no longer period, the obligations of such Party will be suspended (or reduced, as applicable) to the extent the Force Majeure Event makes performance impossible. During the occurrence of a Force Majeure Event, the Agency shall use best efforts to continue to perform its duties under this agreement to the maximum extent possible notwithstanding such occurrence. Upon the occurrence of a Force Majeure Event, SMB is obligated to pay only for those deliverables actually delivered and accepted by SMB. If the Force Majeure Event continues to prevent performance for a period of thirty (30) consecutive days, then SMB has the right to suspend its performance or terminate this agreement or both.

12. Amendments

The terms of this agreement shall not be waived, altered, or amended, in any matter whatsoever, except by written consent by both parties.

I. Project Description

This project will provide enhanced multi-unit traffic enforcement to the Clackamas County Sheriff's Office Traffic Team. The primary focus will be Speed, Distracted Driving and Suspended Driver enforcement.

II. Problem Statement

- A. Describe the problem(s) this project will try to impact:
(Describe the problem(s) you intend to impact with this grant.)

Between 2005 and 2009, there were 145 Fatal Crashes, which killed a total of 160 people on Clackamas County Roadways. Over 8,000 injury crashes occurred injuring over 12,000 people. Speed, Following too close, Right of Way, Lane Use, Improper Turns and Fail to Obey Traffic Control Device, Driver Inattention / Distraction violations are the largest contributor to these crash issues. Additionally, in Oregon there are over 500,000 vehicles registered that have at least one suspended owner. Clackamas County has a significant number of suspended drivers who continue to drive while suspended for both Criminal and Violation level reasons.

- B. Provide summary data about the problem(s):
(Give summary data regarding the problem as it exists in your jurisdiction.)

2005-2009, 160 people were killed and over 12,000 people were injured in crashes in Clackamas County.

- C. List current activities and associated agencies already involved in solving the problem(s):
(Include all related activities and agencies involved. If you have a current project, list the objectives of that project and progress in achieving them.)

The Clackamas County Sheriff's Office is dedicated to traffic safety and the traffic safety unit has been at the leading edge of technology. Through innovations, command support and out-of-the-box thinking they have come up with non-traditional ways to make a difference in some of Oregon's primary traffic safety problems.

"To reduce nighttime fatal and injury crashes occurring in (funded jurisdiction) by 20% from 60, the average for the 1998-2001 period, to 48 during the 12-month period starting October 1, 2003, and ending September 30, 2004."

"To provide intensive probation supervision to a minimum of 30 additional persons convicted of DUII in (funded jurisdiction) by making at least three face-to-face contacts with each person weekly from October 1, 2003, through September 30, 2004."

**THE INITIATION OF THE FORMATION OF A SPECIAL ROAD
DISTRICT FOR GOVERNMENT CAMP VILLAGE**

The landowners within Government Camp Village have presented a Petition in accordance with ORS 198.800 for the formation of a Special Road District for the purpose of improving roads and maintaining associated infrastructure within Government Camp Village. In lieu of proceeding according to ORS 198.765, which would place the question on the formation of the Special Road District before the electors of the Village no sooner than May 2013, the Board has the option of treating the Petition as the impetus for the initiation of the formation of the Special Road District according to ORS 198.835. If this option is selected, the question may be presented before the electors in November 2012. The ability to place the matter promptly upon the ballot is important due to the need to identify a timely and reliable source to pay for snow removal, lighting expenses, and important maintenance concerns, all of which are especially pressing given the climate of the Village.

RECOMMENDATION:

Staff respectfully recommends the Board of County Commissioners elect to treat the Petition as the impetus for initiating the formation of a Special Road District according to ORS 198.835, and order proceedings to be commenced accordingly.

Sincerely,

Scot A. Sideras
Legal Counsel, Senior

**ORS 371 – Road Districts and Road Assessment Plans
for
Government Camp Village Special Road District
Economic Feasibility Statement (ORS 198.749)**

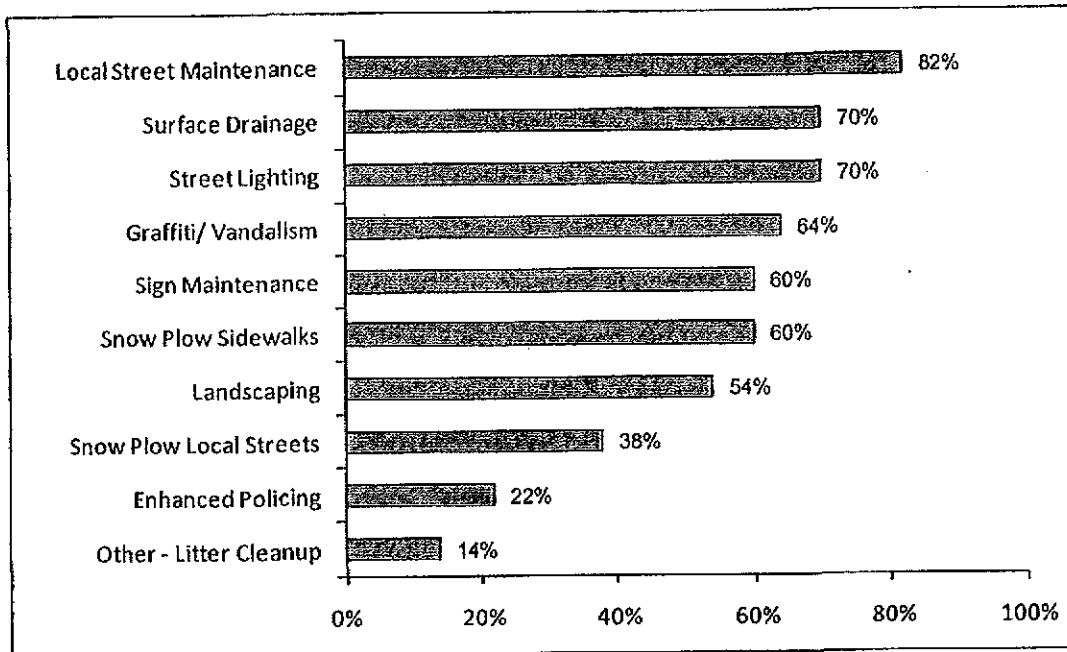

March, 2012

Government Camp Village is at an infrastructure sustainability crossroads. To date, through the proceeds of a Tax Increment Financing (TIF) District established in 1989 as well as other funding sources for infrastructure improvements, the Village has been the recipient of approximately \$13 million in new infrastructure improvements. These have included paved local streets, sidewalks, street lighting, pedestrian area improvements, a village information kiosk and related signage. Beginning in 2003, attempts have been made to establish a long-term funding mechanism to provide maintenance for these infrastructure improvements. The process has been inclusive and directed at reviewing viable funding structures with Village stakeholders in order to develop a plan of action that met the criteria of establishing a sustainable level of funding while equitably allocating maintenance costs among Village users.

To facilitate this process, The TIF Advisory Committee hosted a number of open houses for Village residents and property owners during the summer of 2003. These meetings culminated in a final community meeting that was held on September 26, 2003 for the purpose of polling the community on specific issues related to infrastructure maintenance. This meeting was well attended by 71 people and yielded insights into the concerns of the property owners and voters of Government Camp. At the close of the meeting, the TIF Committee received 50 survey responses. Of those 50, 49 were from property owners in Government Camp of which 18 were from registered voters in Government Camp.

The survey asked respondents four basic questions as follows:

1. *Maintenance Services Priorities:* The survey asked respondents to select their preferred maintenance services. No attempt was made on the survey to establish a weighting of the priorities. Respondents chose from the list of services identified by the Maintenance Subcommittee (formed by the TIF Advisory Committee). In addition, an "other" line item was included in the survey to allow respondents the opportunity to add their own services. Each maintenance service shown in the following chart was reviewed as part of the presentation.

2. **Reasonable Costs:** Respondents were asked if the costs for maintenance services were reasonable. During the September 26, 2003 community meeting, annual costs estimates for each maintenance activity were presented and discussed to give context to the question of reasonableness. The breakdown of the responses to this question was:

- a. Percent of respondents saying YES (the costs were reasonable): 66%
- b. Percent of respondents saying NO (the costs were not reasonable): 8%
- c. Percent of respondents saying they DID NOT KNOW:..... 26%

3. **Funding Source for Maintenance Services:** This section of the survey asked respondents if they would consider funding infrastructure maintenance through property tax assessments. The breakdown of the responses was:

- a. Percent of respondents saying YES (willing to fund via property tax assessments): 78%
- b. Percent of respondents saying NO (not willing to fund via property tax assessments): 10%
- c. Percent of respondents saying they DID NOT KNOW:..... 12%

4. **Governance Structure:** Respondents were asked to choose a governance structure. This was the last question on the survey and all respondents had the opportunity of seeing the pros and cons of each option as discussed during the presentation. It should be noted, the issue of governance structure was a topic of conversation at all of the Community open houses that were held by the TIF District Steering Committee during the summer of 2003. The following chart shows the responses to this question.

- "451" – County Service Facilities as defined in ORS 451; Often referred to as a County Service District.
- "450" – Sanitary Districts and Authorities; Water Authorities; special purposes specific to sewer, drainage and water.
- "Incorporation" – i.e., form the City of Government Camp
- "371" – Road District; as defined by ORS 371; special purpose specific to road maintenance and improvement.

Subsequent to the 2003 community outreach and education effort, two maintenance funding proposals have been prepared and both proposals were rejected by Village voters. The first effort to establish a permanent maintenance funding mechanism occurred in May of 2004. The proposal was to form a County Service District (ORS 451). The second effort came in November of 2010 as an incorporation referral (ballot measure 3-354). While the results have been close, the key factors tipping the negative outcome have been local control and the long-standing belief among some that Village infrastructure maintenance costs should be a countywide responsibility and not that of the Village alone. The following economic feasibility statement attempts to address both of these issues as a precursor to moving forward with a permanent maintenance funding mechanism.

Since the rejection of the incorporation referral in November, 2010, a group of Village citizens have been meeting to find an alternative mechanism that will meet the requirements of local control, affordability, and transparency. Throughout 2011 this group met and reviewed all of the alternative permanent funding mechanisms discussed above. The effort culminated in a January, 2012 "straw poll" of some 74 Village property owners. The results of that poll indicated a preference for a streamlined strategy that focused on the key maintenance activities of snow plowing, street lighting, road maintenance, and roadway drainage management. The poll also indicated the preferred governance structure for these priority maintenance activities would be the formation of a road district as defined in ORS 371. The straw poll result was 58 for and 16 against the road district formation. Under ORS 371, local control of funding is mandatory as any moneys collected within the district must be expended in the district. The statute also states that the funds collected from property taxes levied and assessed by a road district shall be expended under the supervision of the locally elected board of the road district and not the Board of Clackamas County Commissioners.

While ORS 371 for road districts provides the governance and financial structure for both construction of improvements and their on-going maintenance, this Statement is specifically limited to establishing a maintenance funding mechanism for street related improvements. Therefore this Statement refers to formation of a road district only for maintenance of existing road/street improvements under ORS 371. The maintenance priorities and costs contained in this feasibility analysis provide the boundary within which the district's board makes all decisions regarding management of its funds. Local priorities established as part of this formation process which are supported by local taxes approved by Village voters define the parameters within which the maintenance district and its board must function.

The other issue is responsibility for Village maintenance costs and whether that should be at the County or local level. Stipulations within the urban renewal plan assigned the long term maintenance of all infrastructure improvements to those within the TIF District. The TIF did not include (and under ORS 457 cannot provide) funding for these maintenance costs. Similarly, Village improvements funded from other funding sources were also specific in stating that the maintenance of these improvements would be the responsibility of the direct beneficiaries of this infrastructure. In both cases, the agreement was that the infrastructure provided under the TIF or County would become the maintenance responsibility of the Village.

Overarching all of these issues is the fact that Village infrastructure, particularly infrastructure serving a severe climate area like Government Camp, demands preventative levels of maintenance in order to function properly and maximize useful life. The last 9 years have seen maintenance service levels decline and this trend will continue because the County no longer has the financial flexibility to subsidize maintenance services intended to be a Village responsibility. Funding decisions by the County as a whole have provided the infrastructure that helps to make Government Camp a vibrant village. This Maintenance Economic Feasibility Statement (Statement) is a final attempt at establishing a governance structure and funding mechanism to maintain this critical infrastructure, essential to the Village's long term sustainability.

This Statement is prepared in compliance with ORS 198.749 which requires that Clackamas County's district formation process include development of an analysis that establishes the economic viability of the proposed ORS 371 special road district. The Statement is specifically required to address three information areas identified in the statute:

I. "Description of the services and functions to be performed or provided by the District"

The proposed Government Camp Village Special Road District (Maintenance District) is 563 acres and includes a year-around population of approximately 160 people with seasonal and weekend populations up to 750 people. As the major corridor for cross-state traffic along Highway 26 and as the hub for winter recreation on Mt Hood, infrastructure within the Government Camp area is under year-around usage pressure. Apart from the effect of 365 day a year usage, Village infrastructure must handle the stress and wear associated with, on average, 326 inches of annual snowfall. Clearly, an effective maintenance program for infrastructure is essential in order to maximize the useful life of this infrastructure and to assure operation at design capacity.

The land uses within the proposed maintenance district boundary are low density residential, mountain recreational, community commercial, public & community use and buffer areas. The proposed maintenance district boundary is identical to that of the Government Camp Rural Community, and the Government Camp Sanitary District.

The maintenance district is being formed to address the need for an on-going funding mechanism to support regular maintenance of infrastructure within the Government Camp Village area. The need is immediate and stems, in part, from the facilities constructed through funding by the TIF District established for the Government Camp area in 1989. The maintenance services being anticipated through formation of this ORS 371 District will also address infrastructure maintenance needs for facilities pre-dating TIF improvements but represent a long-standing and unfunded street related maintenance requirement in the area. Specifically, the services to be provided will include maintenance of designated streets, sidewalks, common driveway areas, street drainage and street lighting. A map of the proposed boundary for the Government Camp Village Special Road District is attached as Exhibit A.

Itemized below, are the specific maintenance services and costs proposed for the maintenance district. These maintenance functions are specifically authorized as services that may be provided through an ORS 371 special road district.

- Local Streets
- Street Lighting
- Snow Plowing – Sidewalks
- Sidewalks
- Street Drainage
- Street Signage

These services are detailed in Exhibit B and described as specific maintenance activity standards which represent the basis for the Statement's cost estimates.

All direct maintenance services identified for the Government Camp Special Road District will be contracted out for the foreseeable future. Maintenance cost estimates are based not only on industry standards for these types of field activities, but are also based on local contractor contacts and their estimates of maintenance costs in terms of labor, equipment and materials.

II. "Analysis of the relationships between these services and functions and other existing or needed government services"

The TIF District was established in 1989 under ORS 457 to address the revitalization of the Government Camp area then classified as "blighted." Since that time, funding through the TIF District has produced a significant investment in facility improvements including paved local streets, sidewalks, street lighting, pedestrian area improvements, and a Village information kiosk and related signage. However, ORS 457 does not allow for TIF funds to be used for maintenance of these improvements. Accordingly, Government Camp has been evaluating methods for establishing a revenue stream for maintenance of this TIF funded infrastructure along with other facilities. The implementation of the property tax rate proposed for the Special Road District is expected to occur from the date of election.

Among the options considered by the community was incorporation as the city of Government Camp. This option was evaluated in 1996, 2000, and again in 2010. At all of these points, the start-up costs for incorporation when compared to the very small year-around population resulted in city incorporation being a longer term consideration. However, if and when incorporation is again considered by Government Camp, dissolution of this maintenance district may also be assessed as part of the incorporation re-evaluation.

Wastewater treatment and collection services are provided to the area via the Government Camp Sewer District established under ORS 450. While the districts' boundaries would overlap to an extent, there is no conflict in purpose or funding. The ORS 371 Special Road District will neither be involved with any sanitary sewer operations nor be funded by service charges. The Special Road District will be funded through property taxes and focused solely on streets and street-related field maintenance activities in the areas specified. As an ORS 371 Special Road District, the board will be elected by voters within the district's boundary.

There is also a privately owned water company serving the area within the proposed maintenance district boundary. If and when this water infrastructure were to shift to public ownership and management, the likely institutional structure will be a water district or as an expanded authority under ORS 450 which specifically identifies water and wastewater as the primary services. The establishment of this proposed ORS 371 Special Road District would not preclude these other water service institutional options in the future.

III. "Proposed first year line item budget for the District and projected third year line item budget to demonstrate economic feasibility"

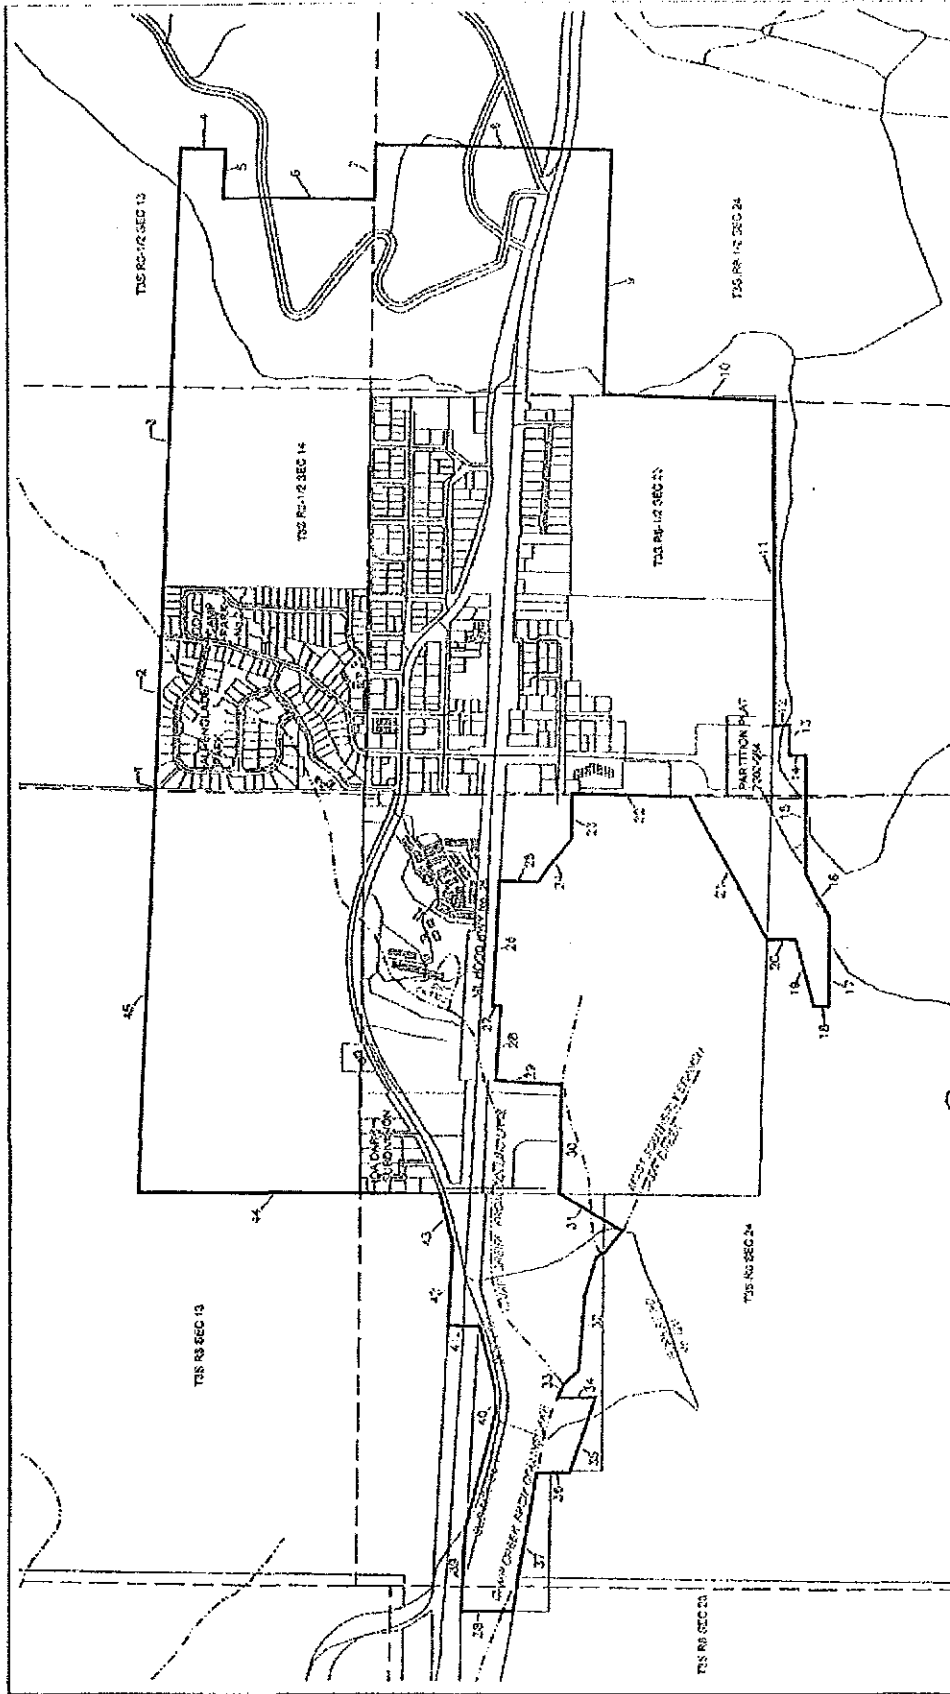

The services to be provided are itemized below in the operating budget for years 1 through 5 of the maintenance district. These maintenance costs also include adequate contingencies and factor in the costs for administrative support for the district.

The total annual budget for the district's operations in FY'14, the anticipated first year of District operation, is estimated to be \$66,452 which translates to a tax rate of \$.400371 per \$1000 of assessed valuation. Total assessed valuation within the proposed maintenance district boundary for that same year is projected to be \$165,976,277. A property with an assessed value of \$150,000 would pay approximately \$60.06 annually. A 3% cost escalation factor for maintenance services through the 5 year planning period results in an FY'18 budget of \$74,792. At the constant rate of \$.400371 per \$1000 and an estimated increased assessed valuation to \$186,807,762 the District would continue to generate adequate revenues to support maintenance services.

Members of the Board:

**APPROVAL OF GRANT AWARD FOR
SHELTER CARE BEDS**

The Juvenile Department received a \$24,370 Award Notice from Oregon Commission on Children and Families to be used for shelter care beds for Clackamas County youth. The Department proposed to contract for 187 shelter care bed days to be utilized during the 2012-2013 fiscal year. This service provides an alternative to detention for Clackamas County youth that are not able to be returned to their families and for youth that are bumped from detention due to over crowding and no viable family resource exists. Youth placed into shelter care will receive, in addition to the shelter home, case management and assessment services.

RECOMMENDATION: Staff recommends the Board of County Commissioners approve the attached Grant Award Notice.

Sincerely,

Ellen Crawford
Director

This document along with the attached terms and conditions, the grant application, and any other document referenced, constitutes an agreement between the Oregon Commission on Children and Families (OCCF) and the Grantee. No waiver, consent, modification or change of terms of this agreement shall be binding unless agreed to in writing and signed by both the Grantee and OCCF. Such waiver, consent, modification or change, if made, shall be effective only in the specific instance and for the specific purpose given. There are no understandings, agreements, or representations, oral or written, not specified herein

OMB Circular A-133. Copies of all audits must be submitted to OCCF within 30 days of completion. If Grantee expends less than \$500,000 in its fiscal year in Federal funds, Grantee is exempt from Federal audit requirements for that year. Records must be available for review or audit by appropriate officials as provided in Section I.D.1 herein.

4. Audit Costs. Audit costs for audits not required in accordance with OMB Circular A-133 are unallowable. If Grantee did not expend \$500,000 or more in Federal funds in its fiscal year, but contracted with a certified public accountant to perform an audit, costs for performance of that audit shall not be charged to the grant.

G. Funding.

1. Matching Funds. **The Grantee acknowledges by accepting grant funds that all reported program match is in the form of cash match and not in-kind or other federal funds.** The Grantee acknowledges that all rules that apply to grant funds apply to match funds. Grant and match funds must be used only for JABG grant funded programs during the grant period to support the activities as identified in the grant application. Match funds cannot be used to support activities that are not concurrently supported by JABG grant funds. The grantee certifies that match funds required to pay the non-Federal portion of the program shall be in addition to funds that would otherwise be made available to fund programs within the JABG grant guidelines.
2. Supplanting. The Grantee certifies that federal funds will not be used to supplant state or local funds, but will be used to increase the amount of funds that, in the absence of federal aid, would be made available to the Grantee to fund programs consistent with JABG grant guidelines.

H. Reports. **Failure of the Grantee to submit the required financial, program or audit reports, or to resolve financial, program, or audit issues may result in the suspension of grant payments and/or termination of the grant agreement.**

1. Progress Reports. The Grantee agrees to submit a report each quarter on its progress in meeting each of its agreed upon goals and objectives. Reports must be received **no later than 45 days following the end of each calendar quarter. Any progress report that is outstanding for more than one month past the due date may cause the suspension and/or termination of the grant.** Grantee must receive prior written approval from OCCF to extend a progress report requirement past its due date.
2. Requests for Reimbursement.
 - a. In order to receive reimbursement, the Grantee agrees to submit the original signed Request for Reimbursement (RFR) which includes **supporting documentation for all grant and match expenditures.** Supporting documentation must be kept on file at the program's office for a minimum of 3 years after the close of the grant period. RFRs must be received no later than **45 days following the end of the calendar quarter.** Reimbursements for expenses will be withheld if progress reports are not submitted by the specified dates or are incomplete. **Any RFR that is outstanding for more than one month past the due date may cause the suspension and/or termination of the grant.** Grantee must receive prior written approval from OCCF to extend an RFR requirement past its due date.
 - b. Reimbursement rates for travel expenses shall not exceed those allowed by the State of Oregon. Requests for reimbursement for travel must be supported with a detailed statement identifying the person who traveled, the purpose of the travel, the times, dates, and places of travel, and the actual expenses or authorized rates incurred.
 - c. Reimbursements will only be made for actual expenses incurred during the grant period. **The Grantee agrees that no grant funds may be used for expenses incurred before July 1, 2012 or after June 30, 2013.**
 - d. Grantee shall be accountable for and shall repay any overpayment, audit disallowances or any other breach of grant that results in a debt owed to the Federal Government. OCCF shall apply interest, penalties, and administrative costs to a delinquent debt owed by a debtor pursuant to the Federal Claims Collection Standards and OMB Circular A-129.

- N. Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of Grantor, Grantee, and their respective successors and assigns, except that Grantee may not assign or transfer its rights or obligations hereunder or any interest herein without the prior consent in writing of Grantor.
- O. Survival. All provisions of this Agreement set forth in the following sections shall survive termination of this Agreement: Section I.C (Maintenance, Retention and Access to Records; Audits); Section I.E (Reports); and Section I.F (indemnification).
- P. Severability. If any term or provision of this Agreement is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if this Agreement did not contain the particular term or provision held to be invalid.
- Q. Relationship of Parties. The parties agree and acknowledge that their relationship is that of independent contracting parties and neither party hereto shall be deemed an agent, partner, joint venturer or related entity of the other by reason of this Agreement.

II. Grantee Compliance and Certifications

- A. Debarment, Suspension, Ineligibility and Voluntary Exclusion. The Grantee certifies by accepting grant funds that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, nor voluntarily excluded from participation in this transaction by any Federal department or agency. (This certification is required by regulations published May 26, 1988, implementing Executive Order 12549, Debarment and Suspension, 28 CFR Part 69 and 28 CFR Part 67.)
- B. Standard Assurances and Certifications Regarding Lobbying. The Anti-Lobbying Act, 18 U.S.C. § 1913, was amended to expand significantly the restriction on use of appropriated funding for lobbying. This expansion also makes the anti-lobbying restrictions enforceable via large civil penalties, with civil fines between \$10,000 and \$100,000 per each individual occurrence of lobbying activity. These restrictions are in addition to the anti-lobbying and lobbying disclosure restrictions imposed by 31 U.S.C. § 1352. The Office of Management and Budget (OMB) is currently in the process of amending the OMB cost circulars and the common rule (codified at 28 C.F.R. part 69 for DOJ grantees) to reflect these modifications. However, in the interest of full disclosure, all applicants must understand that no federally-appropriated funding made available under this grant program may be used, either directly or indirectly, to support the enactment, repeal, modification or adoption of any law, regulation, or policy, at any level of government, without the express approval of the U.S. Department of Justice. Any violation of this prohibition is subject to a minimum \$10,000 fine for each occurrence. This prohibition applies to all activity, even if currently allowed within the parameters of the existing OMB circulars.
- C. Compliance with Applicable Law. The Grantee agrees to comply with all applicable laws, regulations, and guidelines of the State of Oregon, the OCCF and the Federal Government in the performance of this agreement, including but not limited to:
1. Financial and administrative requirements set forth in the current edition of the Office of Justice Programs (OJP) Financial Guide.
 2. The provisions of 28 CFR applicable to grants and cooperative agreements including Part 18, Administrative Review Procedure; Part 20, Criminal Justice Information Systems; Part 22, Confidentiality of Identifiable Research and Statistical Information; Part 23, Criminal Intelligence Operating Policies; Part 30, Intergovernmental Review of Department of Justice Programs and Activities; Part 42, Non-Discrimination/Equal Employment Opportunity Policies and Procedures; Part 61, Procedures for Implementing the National Environmental Policy Act; Part 63, Floodplain Management and Wetland Protection Procedures, and Federal laws or regulations applicable to Federal assistance programs.
 3. Uniform Relocation Assistance and Real Property Acquisitions Act of 1970 (P.L. 91-646).
 4. Section 102(a) of the Flood Disaster Protection Act of 1973, P.L. 93-234, 87 Stat.97, approved December 31, 1976.
 5. Section 106 of the National Historic Preservation Act of 1966 as amended (16 USC 470), Executive Order 11593, and the Archeological and Historical Preservation Act of 1966 (16 USC 569a-1 et seq.)
 6. National Environmental Policy Act of 1969, 42 USC 4321 et seq.

- E. Civil Rights Compliance. All recipients of federal grant funds are required, and Grantee agrees, to comply with nondiscrimination requirements of Title VI of the Civil Rights Act of 1964, as amended, 42 U.S.C. § 2000d et seq. (prohibiting discrimination in programs or activities on the basis of race, color, and national origin); Omnibus Crime Control and Safe Streets Act of 1968, as amended, 42 U.S.C. § 3789d(c)(1) (prohibiting discrimination in employment practices or in programs and activities on the basis of race, color, religion, national origin, and gender); Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. § 794 et seq. (prohibiting discrimination in employment practices or in programs and activities on the basis of disability); Title II of the Americans with Disabilities Act of 1990, 42 U.S.C. § 12131 (prohibiting discrimination in services, programs, and activities on the basis of disability); The Age Discrimination Act of 1975, 42 U.S.C. § 6101-07 (prohibiting discrimination in programs and activities on the basis of age); and Title IX of the Education Amendments of 1972, 20 U.S.C. § 1681 et seq. (prohibiting discrimination in educational programs or activities on the basis of gender).

The Grantee agrees that the person in its agency or unit of government who is responsible for reporting civil rights findings of discrimination will submit a copy of any findings made within the last three years prior to the grant award and findings made during the project period to the federal Office for Civil Rights, Office of Justice Programs, U.S. Department of Justice.

- F. Equal Employment Opportunity Program. If the Grantee, or any of its contractors or subcontractors, has 50 or more employees, is receiving more than \$25,000 pursuant to this agreement, and has a service population with a minority representation of three percent or more, the Grantee, or any of its contractors or subcontractors, agrees to formulate, implement and maintain an equal employment opportunity program relating to employment practices affecting minority persons and women. If the Grantee, or any of its contractors or subcontractors, has 50 or more employees, is receiving more than \$25,000 pursuant to this agreement, and has a service population with a minority representation of less than three percent, the Grantee or any of its contractors or subcontractors, agrees to formulate, implement and maintain an equal employment opportunity program relating to its practices affecting women. The Grantee, and any of its contractors and subcontractors, certifies that an equal employment opportunity program as required by this section will be in effect on or before the effective date of this agreement. Any Grantee, and any of its contractors or subcontractors, receiving more than \$500,000, either through this agreement or in aggregate grant funds in any fiscal year, shall in addition submit a copy of its equal employment opportunity plan at the same time as the application submission, with the understanding that the application for funds may not be awarded prior to approval of the Grantee's, or any of its contractors or subcontractors, equal employment opportunity program by the Office for Civil Rights, Office of Justice Programs, Office of Juvenile Justice and Delinquency Prevention.

If required to formulate an Equal Employment Opportunity Program (EEOP), the Grantee must maintain a current copy on file, which meets the applicable requirements.

- G. Services to Limited English Proficient (LEP) Persons. Recipients of federal financial assistance are required to take reasonable steps to provide meaningful access to their programs and activities for persons with limited English proficiency (LEP). For more information on the civil rights responsibilities that grantees have in providing language services to LEP individuals, please see the website at <http://www.lep.gov>.

- H. National Environmental Policy Act (NEPA): Special Condition for U.S. Department of Justice Grant Programs.

1. Prior to obligating grant funds, Grantee agrees to first determine if any of the following activities will be related to the use of the grant funds. Grantee understands that this special condition applies to its following new activities whether or not they are being specifically funded with these grant funds. That is, as long as the activity is being conducted by the Grantee, a contractor, subcontractor or any third party and the activity needs to be undertaken in order to use these grant funds, this special condition must first be met. The activities covered by this special condition are:
 - a. new construction;
 - b. minor renovation or remodeling of a property either (a) listed on or eligible for listing on the National Register of Historic Places or (b) located within a 100-year floodplain;
 - c. a renovation, lease, or any other proposed use of a building or facility that will either (a) result in a change in its basic prior use or (b) significantly change its size; and
 - d. implementation of a new program involving the use of chemicals other than chemicals that are (a) purchased as an incidental component of a funded activity and (b) traditionally used, for example, in office, household, recreational, or educational environments.

E. Failing to comply substantially with any other applicable federal or state statute, regulation, or guideline.

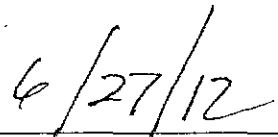

Before imposing sanctions, the Oregon Commission on Children and Families will provide reasonable notice to the Grantee of its intent to impose sanctions and will attempt to resolve the problem informally.

IV. Grantee Representations and Warranties

Grantee represents and warrants to Grantor as follows:

- A. Existence and Power. Grantee has full power and authority to transact the business in which it is engaged and full power, authority, and legal right to execute and deliver this Agreement and incur and perform its obligations hereunder.
- B. Authority, No Contravention. The making and performance by Grantee of this Agreement (a) have been duly authorized by all necessary action of Grantee, (b) do not and will not violate any provision of any applicable law, rule, or regulation or order of any court, regulatory commission, board or other administrative agency or any provision of Grantee's articles of incorporation or bylaws and (c) do not and will not result in the breach of, or constitute a default or require any consent under any other agreement or instrument to which Grantee is a party or by which Grantee or any of its properties are bound or affected.
- C. Binding Obligation. This Agreement has been duly authorized, executed and delivered on behalf of Grantee and constitutes the legal, valid, and binding obligation of Grantee, enforceable in accordance with its terms.
- D. Approvals. No authorization, consent, license, approval of, filing or registration with, or notification to, any governmental body or regulatory or supervisory authority is required for the execution, delivery or performance by Grantee of this Agreement.

FOR USE OF THE COUNTY RIGHTS-OF-WAY BY WAVEDIVISION VII, LLC**

The County has concluded negotiations with WaveDivision VII, LLC (WaveDivision) for the Canby and Molalla area with terms and conditions for use of the County's rights-of-way to provide a cable communications system to residents in unincorporated Clackamas County. Maps of the areas to be served are represented as Exhibits A in the franchise agreement. Provisions of the Franchise Agreement include broadcast of up to two (2) Public, Educational and Government (PEG) Access channels with additional channels, upon request of the Board of County Commissioners to a maximum total of six (6) Access Channels, when expansion criteria for channel capacity is met. Also included are customer service standards and interconnection requirements with all other contiguous cable systems in Clackamas County in addition to the continuation of the existing Institutional Network (I-Net) connection with Clackamas Community College. WaveDivision has further agreed to provide, without charge, one outlet of basic cable upon request to seven (7) public buildings in the service area. 1. PURPOSE AND INTENT

- 1.1 Clackamas County, Oregon (hereafter Grantor) is authorized to and by this franchise agreement does grant to WaveDivision VII, LLC (hereafter Grantee) a non-exclusive twelve (12) year franchise, ("Initial Term") revocable as provided herein, to construct, operate and maintain a cable communications system in the franchise area comprised of a portion of the area within the unincorporated territory as described in Exhibit A.
- 1.2 The purpose of this franchise agreement is to create a binding, enforceable contract between Grantor and Grantee.

2. DEFINITIONS

For the purposes of this franchise agreement and all attachments included hereto, the following words, terms, phrases, and their derivations shall have the meanings given herein. When not inconsistent with the context, words used in the present tense include the future tense, words in the plural number include the singular number, and words in the singular number include the plural number. The word "shall" is always mandatory and not merely directory. Words used in this franchise which are not defined hereunder but defined in the Cable Communications Policy Act of 1984, the Cable Communications Policy Act of 1992, and the Telecommunications Act of 1996, as may be amended from time to time, shall have the meaning specified in the Cable Act definition.

- a. "Access" or "Community Access" or "Public, Educational and Government (PEG) Access" means the availability for use by various agencies, institutions, organizations, groups and individuals in the community, including the County and its designees, of the Cable System to acquire, create, and distribute non-commercial Programming not under the Grantee's editorial control.
- b. "Access Channel" or "Public, Educational or Government Access (PEG) Channel" means any channel or portion of a channel utilized for non-commercial programming, where any member of the general public or any organization may be a programmer, without charge by the Grantee.
- i. "Educational Access Channel" means any channel or portion of a channel available for educational programming by individuals or institutions.
- ii. "Government Access Channel" means any channel or portion of a channel available for programming by government agencies.

- iii. "Public Access Channel" means any channel or portion of a channel where any member of the general public may be a programmer on a non-discriminatory basis.

Nothing in this Franchise shall prevent the Grantor or its designee from carrying out fundraising activities to supplement access capital or operating funds, and such fundraising activity shall not in itself constitute a commercial use of access channels, facilities and equipment.

- c. "Addressability" means the capability of the cable communications system to provide programming to specific subscribers on a per program, program package, and premium channel basis without the need for a major system upgrade to activate the capability. An upgrade that requires only the installation of a piece or pieces of equipment between the point at which a subscriber's drop line connects to the system and the point at which the drop connects to the subscriber's television receiver shall not be considered a major system upgrade.
- d. "Affiliate" when used in relation to any person, means another person who owns or controls, is owned or controlled by, or is under common ownership or control with, such person.
- e. "Availability of Service" means the ability of a subscriber to obtain a service within sixty (60) days by requesting the service and paying applicable installation and/or usage charges.
- f. "Basic Cable Service" means cable programming services, not included in the Local Broadcast Service, excluding digital tiers, on demand, premium or pay-per-view services.

- p. "FCC" means the Federal Communications Commission.
- q. "Franchise" or "Franchise Agreement" means the authorization granted by this document, or renewal thereof (including renewal of an authorization which has been granted subject to Section 626 of the Cable Act), issued by a franchising authority, whether such authorization is designated as a franchise, permit, license, resolution, contract, certificate, agreement, or otherwise, which authorizes the construction or operation of a cable system. - u. "Gross Revenues" means all amounts received by the Grantee, or any Affiliate in whatever form and from all sources, derived from the operation of Grantee's Cable System to provide Cable Services within the Franchise Area in accordance with Generally Accepted Accounting Principles. Gross Revenues shall include all Cable Services, premium services, receipts obtained from advertising, commissions on sales of goods or services by third parties utilizing the Cable System (e.g., home shopping networks), installations, leasing, renting or selling of system capacity, and all other revenues derived from the operation of Grantee's Cable System to provide Cable Services, regardless of whether initially recorded to another entity and however characterized.

"Gross Revenues," however, shall not be double counted. Revenues of both Grantee and an Affiliate that represent a transfer of funds between the Grantee and the Affiliate, and that would otherwise constitute

“Gross Revenues” of both the Grantee and the Affiliate, shall be counted only once for purposes of determining “Gross Revenues.”

Revenues derived from an institutional network shall not be considered "Gross Revenues" for purposes of this Franchise, but shall be the subject of future and separate negotiations in the event an institutional network is built and/or operated by Grantee, subject to state and federal law.

3. GRANT OF FRANCHISE

3.1 Grant.

Grantor hereby grants to the Grantee a non-exclusive, revocable franchise for an Initial Term of twelve (12) years from and after the effective date hereof, revocable as provided herein to construct, operate and maintain a cable system within the franchise

area. This franchise constitutes the authority, right, privilege and obligation to provide cable services over the cable system as required by the provisions of this franchise agreement and nothing herein shall be deemed to prohibit Grantee from providing other lawful services.

3.2 Extension

During the seventh year of the franchise term, Grantor may undertake a review of the Grantee's system in order to determine whether a system upgrade by year twelve (12) of the franchise term will be reflective of:

- a. The non-experimental state of the art of cable communications systems, in technical capacity and proven performance;
- b. General parity of overall cable service with the most advanced non-experimental cable service provided in the Portland metropolitan area;
- c. The economic viability of providing the upgrade; and
- d. Overall market conditions.

If after undertaking the year seven (7) review Grantor determines that an upgrade of Grantee's cable system to at least 860 Mhz meets the above-referenced upgrade criteria, then if Grantee upgrades its cable system to at least 860 MHz on or before the expiration of the Initial Term, the Initial Term of the franchise shall be extended for a period of five (5) years.

This franchise is subject to the laws of the United States and the State of Oregon, and to the general codes of the Grantor affecting matters of general County concern and not merely existing contractual rights of Grantee, whether now existing or hereafter enacted. In particular this Franchise supersedes any of Grantor's Ordinances in any matter in which the Franchise and the Ordinance are in conflict. The Grantor shall make a good faith effort to notify the Grantee of any County proceedings which would substantially affect the Grantee's operations, and shall upon request supply the Grantee with copies of any County laws or regulations affecting Grantee's operations.

Grantee promises and guarantees a condition of exercising the privileges granted by this Agreement, that any Affiliate or joint

venture or partner of the Grantee directly involved in the offering of Cable Service in the Franchise Area, or directly involved in the management or operation of the Cable System in the Franchise Area, will also comply with the terms and conditions of this Agreement.

3.3 Use of Public Streets and Ways

For the purpose of constructing, operating and maintaining a cable communications system in the franchise area, the Grantee may erect, install, audit, construct, repair, replace, reconstruct, and retain in, on, over, under, upon, across, and along the public streets and ways within the franchise area such wires, cables, conductors, ducts, conduits, vaults, manholes, amplifiers, appliances, pedestals, attachments, and other property and equipment as are necessary, convenient and appurtenant to the operation of the cable communications system. Prior to construction or alteration, however, the Grantee shall in each case file plans as required with the appropriate agencies of Grantor and in accordance with any agreements with utility providers and companies, pay applicable fees, and receive approval as necessary before proceeding. Nothing in this section shall relieve the Grantor of the obligations of Section 4.5 regarding the trimming of trees and other vegetation.

3.4 Duration and Effective Date of Franchise

Except as otherwise provided herein for revocation, or early termination in accordance with Section 11.1, the Initial Term of this franchise and all rights, privileges, obligations and restrictions pertaining thereto shall be twelve (12) years from the effective date of this agreement, at which time the franchise shall expire and be of no force and effect unless the Initial Term is extended for a period of five (5) years pursuant to Section 3.2. The effective date of the franchise shall be the date the Board Order granting the franchise takes effect, unless the Grantee fails to file the Franchise acceptance in accordance with Section 3.9 herein, in which event this Franchise shall be null and void.

During the six-month period beginning five (5) years after the effective date of this Franchise, the Grantor and Grantee may undertake a review of Grantee's system and performance to date, in order to determine whether the Franchise should continue in effect for the full twelve (12) year Initial Term or should terminate early at the end of seven (7) years.

from the effective date. The Grantor may terminate the Franchise early if the Grantee has been found to have committed a pattern of material violations of the Franchise or fails to complete, by the end of the seventh (7th) year of the Franchise, an upgrade of the system such that the system will be upgraded to at least 750 Mhz with a capacity of at least 200 activated analog and/or digital channels.

Any proposal by the Grantor to terminate the Franchise early shall be subject to the same procedural requirements as for a revocation under Section 11.1 hereof. If the Grantor does not terminate the Franchise early as provided herein, the Franchise shall continue for its full twelve (12) year term and, if later extended pursuant to Section 3.2, for an additional five (5) year term.

3.5 Franchise Area

The franchise area shall be that area designated on the attached map, Exhibit A. Except for any annexations or incorporations of the franchise area, any future modifications of the franchise area must be approved by the Board of Commissioners, as an amendment to this franchise. Any expansion area beyond that shown in Exhibit A, as granted must include terms for initiation of construction within twelve (12) months and coverage of area with complete service availability by eighteen (18) months after initial construction.

3.6 Periodic Public Review of Franchise

The County may at approximately three (3)-year intervals during the term of the Franchise, and at such other times as the County deems appropriate, conduct a public review of the Franchise. The purpose of the review shall be to ensure, with the benefit of full opportunity for public comment, that the Franchise continues to effectively serve the public in light of new developments in cable law and regulation, cable technology, cable company performance, local regulatory environment, community needs and interests, and other such factors. Both the County and Wave agree to make a full and good faith effort to participate in the review and both parties will mutually agree on the actions required to implement the findings. The County shall establish a procedure for ensuring orderly review, full discussion of any proposed policy changes between the County and Wave, and full public hearing regarding all matters discussed during the review.

Matters appropriate for discussion at the public reviews in

accordance with this Section include without limitation:

- a. Wave's overall compliance with the Franchise;
- b. Policies and practices necessary to ensure continued support for public, educational and government access at substantially the same level provided for in this Franchise;
- c. System upgrade and rebuild requirements; and
- d. The resolution of any evident patterns of customer service problems.

The periodic public reviews described in this Section may be but need not be made coincident with public reviews involved in the consideration of Wave requests for franchise renewal, franchise extension, or approval of transfer of system ownership.

3.7 Franchise Not Exclusive

The franchise granted herein is not exclusive. This franchise shall not be construed as any limitation upon the right of the Grantor, through its proper officers, to grant to other persons or corporations, rights, privileges or authority the same as, similar to or different from the rights, privileges or authority herein set forth, in the same or other streets and public ways or public places by franchise, permit or otherwise subject to the provisions of Section 13.11 herein.

3.8 Franchise Non-Transferable

Subject to Section 617 of the Cable Act (47 U.S.C Section 537) no transfer of the Franchise or change in control of Grantee shall occur without the prior written consent of Grantor, provided that such consent shall not be unreasonably withheld, delayed or conditioned.

If the Grantee wishes to transfer this franchise, the Grantee and Grantor shall proceed pursuant to Section 617 of the Cable Act and related rulemakings of the FCC. In any event, Grantee shall give Grantor written notice of the proposed transfer, and shall request consent of the transfer by the Grantor. Grantee shall furnish all information required by law and/or reasonably requested by Grantor with respect to the consideration of the franchise. For the purpose of determining whether it will consent

to such transfer, Grantor may inquire into the legal, financial and technical qualifications of the prospective transferee to perform the obligations of the Grantee under this franchise agreement. The Grantee shall assist Grantor in any such inquiry by providing all information reasonably requested in writing by the Grantor that is reasonably necessary to determine the legal, financial and technical qualifications of the proposed transferee in order to determine whether it will consent to the proposed transfer.

In cases where the Grantor finds it inappropriate to give unconditional consent to the proposed transfer, the Grantor may offer its consent upon such terms and conditions as it deems appropriate, related to the qualifications of the prospective transferee to perform the obligations of the Grantee under this franchise; provided however, any such terms and conditions so attached shall be related to the legal, financial and technical qualifications of the proposed transferee and to the resolution of outstanding and unresolved issues of Grantee's noncompliance with the terms and conditions of the Franchise. Any transfer of ownership affected without the written consent of the Grantor shall render this franchise subject to revocation. The Grantor shall have one hundred and twenty (120) days to act upon any request for approval of a transfer that contains or is accompanied by such information as is required in accordance with FCC regulations and by the Grantor. If the Grantor fails to render a final decision on the request within said one hundred and twenty (120) days, the request shall be deemed granted unless the Grantee and the Grantor agree to an extension of time.

The Grantee, upon the execution of the transfer documents, shall within thirty (30) days thereafter file with the Grantor a copy of the deed, agreement, mortgage, lease, or other written instrument evidencing such sale, lease, mortgage, assignment or transfer, certified and sworn to as correct by the Grantee.

Every such transfer as heretofore described, whether voluntary or involuntary, shall be deemed void and of no effect unless Grantee shall within thirty (30) days after the execution of the transfer documents, file such certified copy as is required.

The Grantee may, without obtaining prior consent of the Grantor, from time to time (a) assign or transfer its assets, including the Franchise to a parent or affiliate of Grantee; (b) restructure its debt or change the ownership interests among its affiliates (c) pledge or grant a security interest in its assets, including but not limited to

the Franchise, or of interests in the Grantee to any lenders(s) for purposes of securing indebtedness. However, the cable communications system franchised hereunder, including portions thereof used as collateral, shall at all times continue to be subject to the provisions of this franchise.

The requirements of this Section shall not be deemed to prohibit the sale of tangible assets of the cable system in the ordinary conduct of the Grantee's business without consent of the Grantor.

3.9 Franchise Acceptance

Within sixty (60) days after the execution of the Franchise by the Grantor, the Grantee shall file in the office of the Grantor's cable franchise manager a written acceptance executed by Grantee, in the form attached hereto as Exhibit B. In the event Grantee fails to file the acceptance as required herein, then this Franchise shall be null and void.

4. CONSTRUCTION AND SERVICE REQUIREMENTS

4.1 General

The Grantee shall maintain on its cable system a minimum practical capacity of one hundred and twenty (120) activated channels, defined under the Cable Act as those channels engineered at the headend of the cable system for the provision of services generally available to residential subscribers of the cable system, regardless of whether such services actually are provided. In all its construction and service provision activities, Grantee shall meet or exceed the construction, extension and service requirements set forth in this franchise agreement.

Prior to beginning any construction, Grantee shall provide Grantor with a construction schedule for work in the Streets. All construction shall be performed in compliance with this Agreement and all applicable Grantor Ordinances and Codes. When obtaining a permit, Grantee shall inquire in writing about other construction currently in progress, planned or proposed, in order to investigate thoroughly all opportunities for joint trenching or boring. Whenever it is possible and reasonably practicable to joint trench or share bores or cuts, Grantee shall work with other providers, grantees, permittees, and franchisees so as to reduce as far as possible the number of Street cuts.
