ReOregon is funded by a U.S. Department of Housing and Urban Development (HUD) Community Development Block Grant Disaster Recovery (CDBG-DR). The CDBG-DR program supports community development activities to help build stronger and more resilient communities. As a part of the disaster recovery process, **ReOregon** allocated PIER funding to the eight most impacted counties in Oregon to fund projects to rebuild damaged infrastructure, increase resiliency, and promote long-term

housing recovery and recovery of local businesses impacted by the 2020 wildfires and straight-line winds.

What Will be Discussed at the Meeting?

During this meeting, **Clackamas County PIER Project Selection Committee** members will accept public comments and select project proposals for OHCS to review. The Committee must submit projects to OHCS for final review and approval by June 30, 2025.
