TOTAL TOXIC ORGANIC CERTIFICATION REPORT

In lieu of TTO analysis, Industrial Users subject to Total Toxic Organic requirements for processes regulated under Federal and local standards may make the following certification statement, provided that a Toxic Organic Management Plan has been developed and approved by the District.

Report Due: __________________________

To: Source Control
Water Environment Services
15941 S. Agnes Ave., Building B
Oregon City, OR 97045

Facility Name: ____________________________________________
Address: _________________________________________________

Reporting Period (From) __________________________ (To) __________________________

Based on my inquiry of the person or persons directly responsible for managing compliance with the pretreatment standards for Total Toxic Organics (TTO), I certify that, to the best of my knowledge and belief, no dumping of concentrated organics into the wastewaters has occurred since the filing of the last discharge monitoring report. I further certify that this facility is implementing the solvent management plan submitted to the District on March 15, 1997.
