Your guide to the words or phrases used to explain your benefits

Coinsurance

The percentage of the cost that you may need to pay for a covered service.

Copay

The fixed dollar amount you pay to a health care provider for a covered service at the time care is provided.

Formulary

A formulary is a list of FDA-approved prescription drugs developed by physicians and pharmacists, designed to offer drug treatment choices for covered medical conditions. The Providence Health Plan formulary includes both brand-name and generic medications.

Non-participating provider

Any health care professional who does not participate in Providence Health Plan's network of participating physicians and providers of health care services.

Out-of-Pocket Maximum

The limit on the dollar amount you will have to spend for specified covered health services in a calendar year. Some services and expenses do not apply to the out-of-pocket maximum. See your Summary Plan Description for details.

Participating provider

A physician or provider of health care services who belongs to the Providence Health Plan participating provider network. To find a participating provider, refer to the directory available at www.ProvidenceHealthPlan.com/providerdirectory.

Self-administered chemotherapy

Oral, topical or self-injectable medications that are used to stop or slow the growth of cancerous cells.

Your Benefit Summary

Prescription Drug Plan Clackamas County POA

Important information about your plan

This summary provides only highlights of your pharmacy benefits. Certain limitations and exclusions apply. To view all your plan details, including your Member Handbook, register for [myProvidence](https://www.ProvidenceHealthPlan.com/getstarted) at www.ProvidenceHealthPlan.com/getstarted.

- To find out how a drug is covered under your plan, view the complete formulary and pharmacy information available online at www.ProvidenceHealthPlan.com or call us.
- You have broad access to our network of participating pharmacies and their services at discounted rates. Pharmacies are designated as participating retail, preferred retail, specialty or mail-order pharmacies.
- View a list of participating pharmacies, including specialty pharmacies, at www.ProvidenceHealthPlan.com/planpharmacies or call us.
- Not sure what a word or phrase means? See the back for the definitions used in this summary.
- Copays, coinsurance and any difference in costs for prescription drugs do not apply to your calendar year medical plan out-of-pocket maximums or deductibles.

Drug Coverage Category	Copay or Coinsurance		
	All Participating and Preferred Retail Pharmacies (for up to a 30-day supply)	All Mail Order and Preferred Retail Pharmacies (for up to a 90-day supply of maintenance prescriptions)	All Participating Specialty Pharmacies (for up to a 30-day supply of specialty and self-administered chemotherapy drugs)
Generic drug	\$10	\$10	\$10
Brand-name drug	\$15	\$15	\$15
Compounded drug	50%	Does not apply	Does not apply

What you need to know about drug coverage categories

- Both generic and brand-name drugs are covered subject to the terms of your plan.
- If the cost of your prescription is less than your copay, you will only be charged the cost of the prescription.
- If your brand-name benefit includes a copayment or a coinsurance and you request a brand-name drug when a generic is available, regardless of reason, you will be responsible for the cost difference between the brand-name and generic drug in addition to the brand-name drug copayment or coinsurance indicated on the benefit summary. Your total cost, however, will never exceed the actual cost of the drug.
- Compounded drugs are medications that are custom prepared by your pharmacist. These prescriptions must contain at least one Food and Drug Administration (FDA) approved drug.
- Specialty drugs are prescriptions that require special delivery, handling, administration and monitoring by your pharmacist.
- Self-administered chemotherapy drugs are covered under your pharmacy benefits or your medical benefits, whichever allows for your lowest out-of-pocket cost. Please refer to your medical Benefit Summary for more information.

Using your prescription drug benefit

- Your prescription drug benefit requires that you fill your prescriptions at a participating pharmacy.
- Be sure you present your current Providence Health Plan member identification card, along with your copay or coinsurance when you use a participating pharmacy.
- You may be assessed multiple copayments for a multi-use or unit-of-use container or package depending on the medication and the number of days supplied.
- You may purchase up to a 90-day supply of maintenance drugs using a participating mail-service or preferred retail pharmacy. Not all drugs are considered maintenance prescriptions, including compounded drugs and drugs obtained from specialty pharmacies.
- Most specialty and chemotherapy drugs are only available at our designated specialty pharmacies. For more information, visit us online at www.ProvidenceHealthPlan.com.
- Insulin cost share capped at \$75 for a 30-day supply. Deductible does not apply.
- Diabetes supplies may be obtained at your participating pharmacy, and are subject to your group's medical supplies and devices benefits, limitations, and coinsurance. See your Member Handbook for details.

Using your prescription drug formulary

- The Providence formulary is a list of FDA-approved prescription brand-name and generic drugs developed by physicians and pharmacists. It is designed to offer drug treatment choices for covered medical conditions.
- The formulary can help you and your physician choose effective medications that are less costly and minimize your out-of-pocket expense.
- Some prescription drugs require prior authorization or a formulary exception in order to be covered; these may include select formulary agents, non-formulary agents, step therapy, and/or quantity limits as listed in our Prescription Drug Formulary available on our website. If a formulary exception is approved, your generic or brand-name cost share will apply.
- Effective generic drug choices are available to treat most medical conditions. Visit www.ProvidenceHealthPlan.com for answers to frequently asked questions about both generic drugs and the formulary.

Ordering prescriptions by mail

- To order prescriptions by mail, your provider may call in the prescription or you can mail your prescription along with your member identification number to one of our participating mail-order pharmacies.
- To find participating mail-order pharmacy information visit us online at www.ProvidenceHealthPlan.com.

If you use a non-participating pharmacy

- Urgent or emergency medical situations may require that you use a non-participating pharmacy.
- If this occurs, you will need to pay full price for your prescription at the time of purchase. Reimbursement forms are available online.
- Reimbursement is subject to your plan's limitations and exclusions.

Your guide to the words or phrases used to explain your benefits

Brand-name drug

Brand name drugs are protected by U.S. patent laws and only a single manufacturer has the rights to produce and sell them. Your benefits include drugs listed on our formulary as Brand-name drugs.

Coinsurance

The percentage of the cost that you pay to a participating pharmacy, at the time of purchase, for a covered prescription drug.

Compounded drug

The combining, mixing, or altering of covered drugs or other ingredients for a customized prescription for an individual as prescribed by a licensed provider.

Copay

The fixed dollar amount you pay to a participating pharmacy, at the time of purchase, for a covered prescription drug.

Formulary

A formulary is a list of FDA-approved prescription drugs developed by physicians and pharmacists, designed to offer drug treatment choices for covered medical conditions. The Providence Health Plan formulary includes both brand-name and generic medications.

Generic drug

Generic drugs have the same active-ingredient formula as the brand-name drug. Generic drugs are usually available after the brand-name patent expires. Your benefits include drugs listed on our formulary as Generic drugs.

Maintenance drug

Medications that are typically prescribed to treat long-term or chronic conditions, such as diabetes, high blood pressure and high cholesterol. Maintenance drugs are those that you have received under our plan for at least 30 days and that you anticipate continuing to use in the future. Not all drugs are considered maintenance prescriptions, including compounded drugs and drugs obtained from specialty pharmacies.

Participating pharmacies

Pharmacies that have a signed contract with Providence Health Plan to provide medications and other services at special rates. There are four types of participating pharmacies:

- Retail: a participating pharmacy that allows up to a 30-day supply of short-term and maintenance prescriptions.
- Preferred Retail: a participating pharmacy that allows up to a 90-day supply of maintenance prescriptions and access to up to a 30-day supply of short-term prescriptions.
- Specialty: a participating pharmacy that allows up to a 30-day supply of specialty and self-administered chemotherapy prescriptions. These prescriptions require special delivery, handling, administration and monitoring by your pharmacist.
- Mail Order: a participating pharmacy that allows up to a 90-day supply of maintenance prescriptions and specializes in direct delivery to your home.

For a complete description of the types of services provided by participating pharmacies, see your Summary Plan Description.

Prior authorization

The process used to request an exception to the Providence Health Plan drug formulary. This process can be initiated by the prescriber of the medication or the member. Some drugs require prior authorization for medical necessity, place of therapy, length of therapy, step therapy or number of doses. Visit us online for additional information.

Self-administered chemotherapy

Oral, topical or self-injectable medications that are used to stop or slow the growth of cancerous cells.
