REQUEST FOR QUOTES #2019-03
County Park Roofing Replacement Project
RESPONSE TO CLARIFYING QUESTIONS #1
January 23, 2019

Note that these are questions submitted by interested firms to the above referenced solicitation. The below answers are for clarification purposes only and in no way alter or amend the RFP as published.

- 1. Does the county want all estimates for individual buildings or by filling out the "Clackamas Country Certifications" form will be enough as it requires the lump sum of materials, mobilization, removal/disposal, and skylights/gutters/safety anchors. All 3 buildings have a similar scope of work but they do also have a few differences.*

Answer: For clarification, the Clackamas County Certification form is not what the quote will be listed on, the Schedule of Values that was attached is what the final quote needs to be placed on. The Certification certifies that they are authorized to act on behalf of the Quoter and is not the same thing as the Schedules of Values. The department would like a lump sum for the project listed on the Schedule of Values. In addition, a quoter can attach a more detailed break out of the project if they feel necessary but the attached Schedule of Values needs to be completed and signed as well.
