2. SCOPE

The purpose of this RFQ is to design and install equipment in a county supplied van for the use as a mobile office for Clackamas County Motor Carrier. The vehicle will be used for Department of Transportation commercial motor vehicle roadside inspections.

The Motor Carrier Safety Program is committed to enhancing the safe and efficient movement of commercial motor vehicles to support a safe travel network and a productive economy. We work to prevent fatalities and injuries related to the movement of large trucks, over 10,000 pounds by enforcing safety regulations, issuing permits to motor carriers to travel in Clackamas County and Oregon, and working with the motor carrier industry and the public to increase safety awareness.

An active commercial vehicle inspection program helps make the roads safer for the residents of Clackamas County and the motoring public. State law (ORS 810.530) authorizes weighing and inspecting commercial vehicles in excess of 10,000 pounds.

This vehicle will be used as a mobile workstation to provide Level 1 and Level 2 Inspections and needs to be able to provide all aspects of these inspections for the safety of all.
