Pumper Truck Inspection FAQs

Where do you inspect pumper trucks?

We can only perform inspections within Clackamas County.

- *If your facility is in Clackamas County, staff will come to your site to inspect the vehicle.*
- *If your facility is outside Clackamas County, we can meet you for an inspection at Carver Park, 14888 S. Springwater Road, Oregon City -- see map on next page. (Due to construction, we can no longer inspect pumper trucks on the Clackamas County Red Soils Campus.)*

What is the fee to inspect a pumper truck?

The fee is \$231 for the first truck and \$103 for each additional truck. In addition, a travel fee of \$100/hour (with a \$100 minimum) is assessed for all inspections. The travel fee is based on the inspection location and the round-trip travel time calculated from our offices on the Red Soils Campus in Oregon City.

When can I get an inspection?

We perform inspections on Tuesdays and Wednesdays, based on staff availability.

Can I schedule an inspection for a specific time?

We can't provide a specific time, but will coordinate with you by email. We perform the inspection within the route for the day, with priority given to septic systems.

How do I schedule an inspection?

1. Submit your pumper truck inspection application using our online application system. Go to [Development Direct](#) for instructions.
2. Then, email SepticInfo@clackamas.us to schedule the inspection. Please include your inspection application number (it starts with an SP#), preferred inspection date, inspection location, number of trucks to be inspected, contact name and phone number.

What if I have additional questions?

Our customer service representatives are available at SepticInfo@clackamas.us or 503-742-4400. If you would like in-person assistance, stop by our 2nd floor counter in the Development Services Building, 150 Beaver Creek Road, Oregon City, during office hours: Monday through Thursday, 8 a.m. to 4 p.m.
