Fee Schedule
Septic & Onsite Wastewater
Fiscal Year 2027

To offset a portion of the Oregon Department of Environmental Quality (DEQ) Onsite Wastewater (Septic) Management Program administrative and program oversight costs, DEQ and contract counties must levy a surcharge for each site evaluation, report permit, and other activity for which an application is required. This surcharge does not apply to pumper truck inspections, annual report evaluation fees, or certification of installers or maintenance providers. Each county having an agreement with DEQ under Oregon Revised Statute 454.725 must adopt a fee schedule for services rendered and permits issued. The County Fee Schedule may not include the DEQ surcharge established in Oregon Administrative Rules 340-071-0140, Table 9, unless identified as a DEQ surcharge. Proceeds from surcharges collected by DEQ and contract counties must be accounted for separately; each contract county must forward proceeds to DEQ in accordance with its agreement with DEQ.

DEQ Surcharge, Technology Fee and Pumper Truck Inspection Fees are non-refundable; reference the Clackamas County Septic Program Refund Policy Guidance.
