Draft Community Goals and Objectives

March 15, 2024

The following six draft goals and objectives were developed based on community and technical input. They will underpin the next steps in the planning framework.

1. Create an inclusive, safe multimodal transportation network for all that enhances travel opportunities for pedestrians, bicyclists and transit-riders
 - Create a bicycle network that is interconnected, safe for all users, and gets people where they want to go.
 - Create an interconnected pedestrian network that includes continuous sidewalks, effective ADA integration, lighting and amenities.
 - Create a connected transit system that helps people get to jobs, services, and homes, and integrates with first- and last-mile solutions.
 - Enhance regional mobility for residents, employees and businesses by minimizing traffic congestion on OR212 and other major roadways.
 - Provide local roadways that facilitate the movement of goods to support and attract local jobs and businesses.
2. Support the growth of economic development opportunities
 - Assess and monitor existing facilities and buildings to support changing business and community needs.
 - Create a financially sustainable community where public investment has direct benefits to job opportunities.
 - Support or expand workforce opportunities in industries that provide livable wages to improve self-sufficiency of individuals and families.
3. Preserve and enhance local identity, including historical and cultural assets
 - Identify how historical and cultural resources can be honored and shared to enrich the quality of life.
 - Identify and enhance environmental features that promote community identity and create positive connections.
 - Identify and develop elements such as landscaping and public art that support local identity and community development.
4. Promote complete communities to meet the basic needs of all residents in the community
 - Enable a diverse range of housing options, including those already present, to accommodate the needs of all people in the community and protect existing residents.
 - Encourage a full spectrum of employment and workforce jobs.
 - Protect and expand spaces for gathering, socializing, and sharing cultural and artistic expression.
 - Promote training and educational opportunities that allow individuals to improve their quality of life.

5. Enhance health and well-being

- Provide healthy open spaces linking natural environments for people and wildlife.
- Promote public health, safe movement, and active lifestyles through infrastructure, open space and programming.
- Reduce exposure to air, water, noise, light and other pollution, especially in and around the Clackamas River Watershed.
- Protect and enhance access to natural resources in the study area, including the Clackamas River.

6. Create lasting improvements through coordination and partnership

- Create public-private partnerships to develop and advance coordinated strategies to improve the community.
- Build individual and community capacity to work together to implement shared goals and objectives.
- Provide opportunities for every interested person to engage in the community, especially those in historically marginalized populations.
